Schedule 3— Incorporated hospitals and public hospital sites: fees for non-admitted patients who are compensable patients or are not Medicare patients

1— Interpretation

(1) In this Schedule, unless the contrary intention appears—

disposition category in relation to a non-admitted patient of a public hospital site, means the disposition category of the patient following an occasion of service provided by an emergency department of the public hospital site, being one of the following:

- (a) *admitted*—where the patient is admitted to the public hospital site, transferred to another public hospital site or provided with outreach services.
- (b) *died*—where the patient dies in the emergency department after treatment or care has commenced (this excludes patients who are dead on arrival at the public hospital site).

- (c) *home*—where the patient (not being a patient referred to in paragraph [a] or [b]) leaves the emergency department after treatment or care has commenced (whether or not treatment or care has been completed).

emergency department (ED) in relation to a public hospital site, means a designated accident and emergency department of the public hospital site that provides emergency treatment and care to non-admitted patients.

emergency department service means treatment or care provided by an emergency department of a public hospital site.

emergency occasion of service means an occasion of service in which emergency treatment or care is provided by a public hospital site.

group occasion of service in relation to outpatient services provided by a public hospital site to a non-admitted patient, means each occasion on which—

- (a) the same treatment or care is provided by the outpatient clinic to two or more patients, or
- (b) treatment or care by more than one medical practitioner or other health professional is provided by the clinic to the same patient.

occasion of service in relation to services provided by a public hospital site, means each occasion on which treatment or care is provided by the public hospital site to a non-admitted patient and includes any diagnostic or imaging services (other than Magnetic Resonance Imaging) performed as part of that treatment or care.

outpatient clinic in relation to a public hospital site, means a designated outpatient clinic of the public hospital site that provides non-emergency treatment and care (usually by appointment) to non-admitted patients.

outpatient service means treatment or care provided by the outpatient clinic of a public hospital site.

outreach occasion of service means an occasion of service in which outreach services are provided by a public hospital site.

prescription item means—

- (a) a pharmaceutical or other item supplied on the prescription of a medical practitioner, dentist or other person authorised to prescribe the item, or
- (b) an ancillary item required for the administration of such pharmaceutical or other item.

Private and public non-admitted compensable and non-Medicare patients - patients will be seen as a public or private non-admitted compensable patient or a non-Medicare patient in accordance with hospital practices in a similar way as applied to Medicare eligible patients.

SMO means salaried medical officer.

specialist, teaching, other metropolitan, country Accident and Emergency SMO, large country and **other country** in relation to the emergency department or outpatient classification of a public hospital site, means a public hospital site referred to in the first column of the Table in Schedule 4 whose emergency department or outpatient classification is identified in the second or third columns of that Table as specialist, teaching, other metropolitan, country Accident and Emergency SMO, large country or other country, as the case may be;

triage in relation to a non-admitted patient of a public hospital site, means an assignment by the public hospital site to the patient of a classification of the level of urgency of the treatment required by the patient on an occasion of service in an emergency department of the public hospital site, determined in accordance with the following scale:

- (a) *triage 1*—Resuscitation, where the patient requires treatment within seconds.
- (b) *triage 2*—Emergency, where the patient requires treatment within 10 minutes.
- (c) *triage 3*—Urgent, where the patient requires treatment within 30 minutes.
- (d) *triage 4*—Semi-urgent, where the patient requires treatment within 60 minutes.
- (e) *triage 5*—Non-urgent, where the patient requires treatment within 120 minutes.

- (2) A reference in this Schedule to a Table of a specified number in this Schedule is a reference to the Table of that number in clause 9.

2— Fee for emergency department or emergency occasion of service – compensable patients

- (1) The fee to be charged by a public hospital site for an occasion of service provided by an emergency department of the public hospital site to a non-admitted compensable patient must be calculated as follows:

Fee = ED Price x ED Cost Weight

where—

- (a) the ED Price is the price specified in the second or third column of Table 1 in this Schedule (according to the classification of the patient as public or private) for an emergency department service, and
- (b) the ED Cost Weight is the cost weight specified in the third, fourth, fifth, sixth or seventh column (according to the emergency department classification of the public hospital site providing the service) of Table 2 in this Schedule for the disposition category and triage of the patient specified in the first and second columns of the Table.

- (2) Where the emergency department classification of a public hospital site is **other country**, the fee to be charged by the public hospital site for an emergency occasion of service provided by the public hospital site to a non-admitted compensable patient must be calculated as follows:

Fee = ED Price x Emergency Service Cost Weight

where—

- (a) the ED Price is the price specified in the second or third column of Table 1 in this Schedule (according to the classification of the patient as public or private) for an emergency department service; and
- (b) the Emergency Service Cost Weight is 0.406.

3— Fee for emergency department or emergency occasion of service – non-Medicare patients

- (1) The fee to be charged by a public hospital site for an occasion of service provided to a non-admitted non-Medicare patient by an emergency department of the public hospital site that has an emergency department classification that is **not other country** is specified in Table 3.
- (2) Where the emergency department classification of a public hospital site is **other country**, the fee to be charged by the public hospital site for an emergency occasion of service provided by the public hospital site to a non-admitted non-Medicare patient must be calculated as follows:
$$\text{Fee} = \text{ED Price} \times \text{Emergency Service Cost Weight}$$
where—
 - (a) the ED Price is the price specified in the second or third column of Table 1 in this Schedule (according to the classification of the patient as public or private) for an emergency department service, and
 - (b) the Emergency Service Cost Weight is 0.406.
- (3) No emergency department fee applies if the non-Medicare patient is subsequently admitted into the public hospital immediately following the emergency department occasion of service at the same hospital.

4— Fee for outpatient occasion of service

The fee to be charged by a public hospital site for an occasion of service provided by an outpatient clinic of the public hospital site to a non-admitted patient must be calculated as follows:

$$\text{Fee} = \text{OP Price} \times \text{OP Cost Weight}$$

where—

- (a) the OP Price is the price specified in the second or third column of Table 1 in this Schedule (according to the classification of the patient as public or private) for an outpatient service, and
- (b) the OP Cost Weight is the cost weight specified in the second, third, fourth, fifth or sixth column (according to the outpatient classification of the public hospital site providing the service) of Table 4 in this Schedule for the category of the treatment or care provided that is specified in the first column of the Table.

A fee determined in accordance with this Schedule does not include a fee for the cost of medical or diagnostic services provided by a medical practitioner.
