committed at an intersection, marked foot crossing or level crossing.

(2) Where a photographic detection device referred to in regulation 29(1)(a)(viii) or (ix) is used to provide evidence of relevant offences, the following provisions must be complied with:

- (a) the camera or cameras forming part of the device must be positioned and aimed so that when vehicles are proceeding into the intersection, or over the marked foot crossing or level crossing, as the case may be, a photograph or series of photographs may be taken of the vehicles from the rear, at least 1 of which will depict the traffic lights or twin red lights towards which the vehicles are facing when proceeding towards the intersection or crossing;
- (b) the radar forming part of the device must be positioned and aimed to detect—
 - (i) in the case of an intersection or marked foot crossing—vehicles on the intersection or crossing side of the stop line before which vehicles must stop if the traffic lights referred to in paragraph (a) are showing a red traffic light; or
 - (ii) in the case of a level crossing—vehicles on the crossing side of the entrance to the crossing;

- (d) if the device is used to provide evidence of red light offences, the device must be programmed and set to operate, and the traffic lights or twin red lights referred to in paragraph (a) must be linked up with the device, so that, following a programmed delay after the traffic lights commence showing a red traffic light, or the twin red lights commence operating, as the case may be, if a vehicle is detected by the radar forming part of the device while the red traffic light is showing, or the twin red lights are operating, as the case may be, at least 2 electronic records are made of that vehicle from the rear—
 - (i) the first of which is made following the detection of the vehicle by the device; and
 - (ii) at least 1 of which is made following a programmed delay after the first is made; and
 - (iii) on each of which is recorded the date, time and code for the location at which the record is made, together with the lane in which the vehicle is travelling;
- (e) if the device is used to provide evidence of red light offences and speeding or extreme speeding offences arising out of the same incidents, the device must be programmed and set to operate, and the traffic lights or twin red lights referred to in paragraph (a) must be linked up with the device, so that, following a programmed delay after the traffic lights commence showing a red traffic light, or the twin red lights commence operating, as the case may be, if a vehicle is detected by the radar forming part of the device while the red traffic light is showing, or the twin red lights are operating, as the case may be, at least 2 electronic records are made of that vehicle from the rear—
 - (i) the first of which is made following the detection of the vehicle by the device; and
 - (ii) at least 1 of which is made following a programmed delay after the first is made; and
 - (iii) on at least 1 of which is recorded the speed of the vehicle as detected by the device; and
 - (iv) on each of which is recorded the date, time and code for the location at which the record is made, together with the lane in which the vehicle is travelling;
- (f) once in every year while the device is being used to provide evidence of speeding or extreme speeding offences—

- (i) a test must be carried out (by reference to a speed not exceeding the speed limit applying to drivers driving vehicles through the intersection or crossing) to ensure that the device—
 - (A) detects a vehicle travelling through the intersection or crossing and indicates the speed of the vehicle as detected by the device; and
 - (B) correctly indicates the lane in which the vehicle is travelling; and
 - (C) makes at least the number of electronic records of the detected vehicle, from the direction and with the recorded information, referred to in paragraph (c) or (e); and
 - (ii) a check must be carried out to ensure that the device—
 - (A) indicates the correct date, time and code for the location at which electronic records are made by the device; and
 - (B) is set to make at least the number of electronic records, from the direction and with any speed set on the device or programmed delay, referred to in paragraph (c) or (e); and
 - (iii) if a fault is indicated by a test referred to in subparagraph (i), corrective action must be taken and the test must be repeated until no fault is indicated; and
 - (iv) if a fault is indicated by a check referred to in subparagraph (ii), corrective action must be taken until no fault is indicated;
- (g) once in every year while the device is being used to provide evidence of red light offences—
- (i) a test must be carried out to ensure that the device—
 - (A) detects a vehicle travelling on the part of the intersection, marked foot crossing or level crossing referred to in paragraph (b); and
 - (B) correctly indicates the lane in which the vehicle is travelling; and
 - (C) makes at least the number of electronic records of the detected vehicle, from the direction and with the recorded information, referred to in paragraph (d) or (e); and

 - (iii) if a fault is indicated by a test referred to in subparagraph (i), corrective action must be taken and the test must be repeated until no fault is indicated; and
 - (iv) if a fault is indicated by a check referred to in subparagraph (ii), corrective action must be taken until no fault is indicated;
 - (h) if the length of road in relation to which the device is intended to operate has 2 or more lanes for vehicles travelling in the same direction, a test referred to in paragraph (f)(i) or (g)(i) is required to be carried out in relation to each such lane once in every year;

5.5 The Council may, by resolution, fix, vary or revoke fees or charges for the granting of a permit to do a specified thing.

PART 3—ENFORCEMENT

6. Penalties

6.1 A person who contravenes or fails to comply with any by-law of the Council is guilty of an offence and is liable to a maximum penalty, being the maximum penalty referred to in the *Local Government Act 1999*, which may be fixed for offences against a by-law.

6.2 A person who is convicted of an offence against any by-law of the Council in respect of a continuing act or omission is liable, in addition to the penalty otherwise applicable, to a further penalty, being the maximum penalty referred to in the *Local Government Act 1999* which may be fixed for offences of a continuing nature against a by-law.

7. Liability of Vehicles Owners and Expiation of Certain Offences

7.1 Without derogating from the liability of any other person, but subject to this paragraph, if a vehicle is involved in a prescribed offence, the owner of the vehicle is guilty of an offence and liable to the same penalty as is prescribed for the principal offence and the expiation fee that is fixed for the principal offence applies in relation to an offence against this paragraph.

7.2 The owner and driver of a vehicle are not both liable through the operation of this paragraph to be convicted of an offence arising out of the same circumstances, and consequently conviction of the owner exonerates the driver and conversely conviction of the driver exonerates the owner.

7.3 An expiation notice or expiation reminder notice given under the *Expiation of Offences Act 1996* to the owner of a vehicle for an alleged prescribed offence involving the vehicle must be accompanied by a notice inviting the owner, if they were not the driver at the time of the alleged prescribed offence, to provide the Council or officer specified in the notice, within the period specified in the notice, with a statutory declaration:

7.3.1 setting out the name and address of the driver; or

7.3.2 if they had transferred ownership of the vehicle to another prior to the time of the alleged offence and has complied with the *Motor Vehicles Act 1959* in respect of the transfer—setting out details of the transfer (including the name and address of the transferee).

7.4 Before proceedings are commenced against the owner of a vehicle for an offence against this section involving the vehicle, the Informant must send the owner a notice:

7.4.1 setting out particulars of the alleged prescribed offence; and

7.4.2 inviting the owner, if he or she was not the driver at the time of the alleged prescribed offence, to provide the Informant, within 21 days of the date of the notice, with a statutory declaration setting out the matters referred to in subparagraph 7.3.

7.5 Subparagraph 7.4 does not apply to:

7.5.1 proceedings commenced where an owner has elected under the *Expiation of Offences Act 1996* to be prosecuted for the offence; or

7.5.2 proceedings commenced against an owner of a vehicle who has been named in a statutory declaration under this section as the driver of the vehicle.

7.6 Subject to subparagraph 7.7, in proceedings against the owner of a vehicle for an offence against this paragraph, it is a defence to prove:

7.6.1 that, in consequence of some unlawful act, the vehicle was not in the possession or control of the owner at the time of the alleged prescribed offence; or

7.6.2 that the owner provided the Informant with a statutory declaration in accordance with an invitation under this paragraph.

7.7 The defence in paragraph 7.6.2 does not apply if it is proved that the owner made the declaration knowing it to be false in a material particular.

7.8 If:

7.8.1 an expiation notice is given to a person named as the alleged driver in a statutory declaration under this paragraph; or

7.8.2 proceedings are commenced against a person named as the alleged driver in such a statutory declaration,

the notice or information, as the case may be, must be accompanied by a notice setting out particulars of the statutory declaration that named the person as the alleged driver.

- 7.9 The particulars of the statutory declaration provided to the person named as the alleged driver must not include the address of the person who provided the statutory declaration.

8. Evidence

In proceedings for a prescribed offence, an allegation in an information that:

- 8.1 a specified place was a road or local government land; or
- 8.2 a specified vehicle was driven, parked or left standing in a specified place; or
- 8.3 a specified vehicle was parked or left standing for the purposes of soliciting business from a person or offering or exposing goods for sale; or
- 8.4 a specified place was not formed or otherwise set aside by the Council for the purposes of the driving, parking or standing of vehicles; or
- 8.5 a specified person was an authorised person; or
- 8.6 a specified provision was a condition of a specified permit granted under paragraph 5 of this by-law; or
- 8.7 a specified person was the owner or driver of a specified vehicle; or
- 8.8 a person named in a statutory declaration under paragraph 7 of this by-law for the prescribed offence to which the declaration relates was the driver of the vehicle at the time at which the alleged offence was committed; or
- 8.9 an owner or driver of a vehicle for a prescribed offence was given notice under paragraph 7 of this by-law on a specified day, is proof of the matters so alleged in the absence of proof to the contrary.
