DEHAA 09/2002

DEVELOPMENT ACT 1993, SECTION 48: DECISION BY
THE DEVELOPMENT ASSESSMENT COMMISSION AS
DELEGATE OF THE GOVERNOR

Preamble

1. The decision of the Governor under section 48 of the Development Act 1993, to approve the development of Holdfast Shores Stage 2B development located adjacent to Colley Terrace, Glenelg was published in the *Gazette* on 19 February 2004.

2. On 8 June 2000 and pursuant to section 48 of the Development Act 1993, the Governor granted a development approval for the Holdfast Shores 2A development, comprising a hotel, car parking, landscaping and associated works, adjacent to Chappell Drive, Glenelg. The development was subject to a Development Report and an Assessment Report, pursuant to section 46 of the Development Act 1993. Amendments to the Holdfast Shores Stage 2A proposal relating primarily to design, car parking, land division, signage issues and Building Rules, were subsequently granted approval by the Development Assessment Commission (as the Governor's delegate) on 7 December 2000; 1 March 2001; 17 May 2001; 28 February 2002; 3 October 2002; 20 March 2003, and Stage 2B amendments dated 4 March 2004, 15 July 2004 and 26 August 2004.

3. A proposal for the development of the Holdfast Shores 2B proposal at Glenelg, comprising the construction of the Glenelg Surf Life Saving Club, demolition of the existing GSLSC building; the Magic Mountain building and the construction of a rock seawall, an apartment building, and an entertainment and retail precinct, has been considered under Division 2, Part 4 of the Development Act 1993.

4. The Governor was satisfied that an appropriate Amended Development Report and an Amended Assessment Report have been prepared in relation to the development, in accordance with the requirements of Division 2 of Part 4 of the Development Act 1993 and the proposed development was approved on 19 February 2004.

5. The Governor had, in considering the application, regard to all relevant matters under section 48 (5) of the Development Act 1993.

6. A number of amendments have been approved since the original decision date of 19 February 2004. The most recent amendments are contained in the following documents and drawings:

- Correspondence from Tania Lee dated 1 November 2006.
- Retail Building Elevations for the Holdfast Shores Stage 2B Entertainment Precinct (Drawing No. 02 0473 01 AR W388 Rev G) indicating location of signage.
- Various drawings and documents outlining the details of the proposed signage by 'interior architecture' dated 10 October 2006.
- Colour images of signage included in correspondence dated 26 October 2006.

7. Application has now been made to the Development Assessment Commission as delegate of the Governor under section 48 of the Development Act 1993, to grant an approval for signage for Tenancies T02/T16, adjacent to Moseley Square and Holdfast Walk.

8. The amendments to the development are contained in the correspondence by Tania Lee dated 1 November and 26 October 2006 and accompanying plans and images.

9. The Development Assessment Commission has in considering the application had regard to all relevant matters under section 48 (5) of the Development Act 1993.

10. The Development Assessment Commission is satisfied that the variation does not require the preparation of a further amended Development Report.

Decision

PURSUANT to section 48 of the Development Act 1993, the Development Assessment Commission as delegate of the Governor, in relation to a proposal submitted by Holdfast Shores Consortium to develop the Holdfast Shores Stage 2B at Glenelg:

2. A Construction Environmental Management Plan (CEMP) shall be prepared, in consultation with the Environment Protection Authority, Coast Protection Board and the City of Holdfast Bay, to address the management issues during construction. Matters to be addressed in the CEMP must include:

- traffic management during construction, including transport beyond the site;
- control and management of construction noise;
- dust and mud control;
- working hours;
- stormwater and groundwater management during construction;
- site security and fencing;
- disposal of building waste and refuse;
- protection and cleaning of roads and pathways;
- site clean-up;
- adherence to all relevant Environment Protection Authority policies and codes of practice for construction sites;
- identification and management of potential and actual acid sulphate soils (should these be encountered); and
- identification and management of contaminated soils and groundwater (should these be encountered).

3. The applicant shall submit further information and application(s) in relation to the matters that have been reserved for further decision-making by the Governor (or her delegate).

4. No building works shall commence on subsequent stages of the development until a decision has been made by the Governor (or her delegate), involving matters relating to the Building Rules assessment and certification requirements and any other reserved matters that are subject to further development application.

5. No works shall commence unless, and until, legal rights to develop the Magic Mountain site have been secured.

6. The car parking areas shall be designed in accordance with Australian Standards 2890 1-1993 and line markings shall be maintained in good and substantial condition at all times.

7. Access for service deliveries and waste disposal vehicles at the Holdfast Promenade shall only be allowed between 7 a.m. and 10 a.m. daily.

8. Stormwater from the Holdfast Shores Stage 2B site shall not be disposed of by way of a pipe or similar structure that conveys the stormwater to the beach.

9. Site works, construction work and truck movements to and from the site shall only be carried out between 7 a.m. and 6 p.m., Monday to Saturday, inclusive.

10. Pedestrian access ways, from Moseley Square to the Entertainment Plaza and from Hope Street through the 'air lock', shall remain open to the public at all times.

11. Landscaping shall be provided in accordance with the authorised plans and shall be maintained and nurtured, with any diseased or dying plants being replaced.

SCHEDULE OF ESSENTIAL SAFETY PROVISIONS: Regulation 76 requires that the relevant authority on granting provisional building rules consent, issue a schedule that specifies the essential safety provisions for the building and the standards or requirements for the maintenance and testing in respect of each of those essential safety provisions set out in Minister's Specification SA 76. The items to be inspected or tested will be detailed on a Schedule attached to the Building Rules Consent for the superstructures.

For building work prescribed in Regulation 75, the building owner must, at least 28 days before the building work is commenced cause to be served on the owner of the affected land or premises a notice of intention to perform the building work and the nature of that work as required by section 60.

Pursuant to section 53A of the Development Act 1993, the relevant authority must form an opinion as to whether the existing building is unsafe or structurally unsound. It is considered that although there are/may be items or matters that are not in strict conformity with the Building Rules, or other matters of non-compliance that cannot be identified from the information supplied by the applicant, that the proposed upgrading measures will render the building safe.

Wet areas details including floor grades, set-downs and impervious surfaces shall comply with Minister's Specification SA F1.7 including provision of drainage flanges.

Existing glass in doors, side panels and other human impact areas shall be assessed by the glazier for compliance with section 5 of AS 1288-1994 Glass in Buildings. The applicant is advised that to comply with the Occupational Health, Safety and Welfare Act 1986, any glass that does not meet current requirements should be replaced.

IMPORTANT: The Building Rules Certification does not imply compliance with the Electricity Act 1996, (building within prescribed distances of adjacent power lines) or Occupational Health, Safety and Welfare Act 1986, the (State) Equal Opportunity Act 1984, or with the Commonwealth Disability Discrimination Act as amended or any of the regulations under those Acts. It is the responsibility of the owner and the person erecting the building to ensure compliance with same.

Proof of maintenance must be provided to Council each calendar year by the building owner.

CERTIFICATE OF OCCUPANCY: A new Certificate of Occupancy is required to be issued in relation to the proposed development. Katnich Dodd, will before granting a certificate of occupancy, require:

1. A *Statement of Compliance* from the licensed building work contractor who carried out the relevant work or who was in charge of carrying out the relevant work or if there is no such licensed building work contractor—from a registered building work supervisor or private certifier all in accordance with the *pro forma* attached to the building rules consent for Packages 5 and 6 which must also be signed by the owner of the relevant land, or by someone acting on his or her behalf.

2. A certificate of compliance for each essential provision, in the appropriate form under Schedule 16, signed by the installer of the safety provision, or where the installer is a company, signed by the manager responsible for the installation work.

3. Where a building is required by the Building Rules to be equipped with a booster assembly for use by fire-fighters or to have installed a fire alarm that transmits a signal to a fire station and facilities for fire detection, fire-fighting or the control of smoke must be installed in the building pursuant to an approval under the Act, the 'wet' and/or 'dry' report(s) from the fire authority as to whether those facilities have been installed and operate satisfactorily.

Level 05 (Fourth)	Waterslide Deck	9b	175	175 persons

For building work prescribed in Regulation 75, the building owner, must, at least 28 days before the building work is commenced cause to be served on the owner of the affected land or premises a notice of intention to perform the building work and the nature of that work, as required by section 60.

Pursuant to the Local Government Act 1999, the builder may be required to erect and maintain hoardings and platforms for the protection of the public on adjoining streets and footpaths as directed by the City of Holdfast Bay.

Wet area details including floor grades, set downs, and water resistant surfaces shall comply with Minister's Specification SA F1.7-2004 and AS3740 Waterproofing of wet areas within residential buildings including provision of drainage flanges.

A person must not fill the pool with water unless the pool is enclosed by a fence that complies with Part 3.9.3 of the BCA.

IMPORTANT: The Building Rules Certification for Packages 5, 6 and 7 is for compliance with the Development Act 1993 and does not imply compliance with the Swimming Pools (Safety) Act 1972, as amended, or any of the regulations under this Act. It is the responsibility of the owner and the person erecting the building/structure to ensure compliance with same.

NOTES TO APPLICANT:

- A decision on the reserved matters relating to Building Rules assessment and certification requirements for further stages will only be made by the Governor (or her delegate) after a Building Rules assessment and certification has been undertaken and issued by the City of Holdfast Bay, or a private certifier, as required by the Development Act 1993 and after the Minister for Urban Development and Planning receives a copy of all relevant certification documentation, as outlined in Regulation 64 of the Development Regulations 1993.
- If the Building Rules assessment process demonstrates that the Holdfast Shores Stage 2B development complies with the Building Rules pursuant to the Development Act 1993 and Development Regulations 1993, the City of Holdfast Bay, or a private certifier conducting the Building Rules assessment, must:
 - (a) provide to the Minister the certification in the form set out in Schedule 12A of the Development Regulations 1993; and
 - (b) to the extent that may be relevant and appropriate:
 - (i) issue a schedule of essential safety provisions under Division 4 of Part 12;
 - (ii) assign a classification of the building under these regulations; and
 - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.

Regulation 64 of the Development Regulations 1993, provides further information about the type and quantity of all building certification documentation required for referral to the Minister:

- The City of Holdfast Bay, or a private certifier undertaking the Building Rules assessment and certification for the Holdfast Shores Stage 2B development, must ensure that any assessment and certification is consistent with this provisional development authorisation (including any conditions or notes that apply in relation to this provisional development authorisation).
- Should the applicant wish to vary the application or the staging of any reserved matters, as outlined in this provisional development authorisation, a variation to the application may be submitted, pursuant to section 48B of the Development Act 1993, provided that the development application variation remains within the ambit of the Amended Development Report and Amendment Assessment Report referred to in this provisional development authorisation.
- The applicant is advised of the requirement to comply with the Environment Protection Authority's (EPA) 'Stormwater Pollution Prevention Code of Practice for the Building and Construction Industry' during demolition and construction of the development.
- Noise emissions from the Holdfast Shores Stage 2B development will be subject to the Environment Protection (Industrial Noise) Policy 1994 and the Environment Protection Authority (EPA) Guidelines and the Environment Protection Act 1993.
- Prior to any construction, the applicant should consult with Adelaide Airport Ltd, about crane operations.
- The Heritage Branch of the Department for Environment and Heritage, should be consulted if there is to be any physical intervention to the structures on the adjacent State Heritage place (Glenelg Town Hall). Any such work must be executed in accordance with advice arising from such consultation.
- The proponent is reminded of the General Environmental Duty under section 25 of the Environment Protection Act 1993, which requires that a person must not undertake any activity, which pollutes, or may pollute, without taking all reasonable and practical measures to prevent or minimise harm to the environment.
- If the Holdfast Shores 2B development is not substantially commenced within two years of the date of any reserved matter decisions, the Governor may cancel this provisional development authorisation and any subsequent decisions on reserved matters (where relevant).
- The Minister has a specific power to require testing, monitoring and auditing under section 48C of the Development Act 1993.
- Final details on the size and construction of the beach tower and confirmation that ownership and maintenance is to be by the Surf Life Saving Club to be provided to the satisfaction of the City of Holdfast Bay.
- The precise location of the beach tower needs to allow for future volleyball courts and be to the satisfaction of Council's Holdfast Shores Stage 2B Project Board Steering Committee.
- Visually attractive options, such as the incorporation of public art, should be considered for the screening of the proposed transformer located on the southern elevation of the Entertainment Building.
- Further details shall be provided to the City of Holdfast Bay regarding the waterslides and their support structures to ensure that:
 - (a) the proposed support structures do not dominate the built form and western and south-western face of the Entertainment Building; and
 - (b) adequate visual permeability is retained between the waterslide tubes.
- All land division documentation, including easement plans should be forwarded to Council for execution under the Real Property Act 1886.
- Variation No. 5 to the Retail Tenancy will be subject to meeting the requirements of the Building Code of Australia, particularly in terms of fire safety.
- External advertising and proposed colour schemes of the buildings adjacent to the former Town Hall shall be the subject of a separate approval.
- Applicants for Retail Tenancies which sell food and beverages (including the applicants for Retail Tenancies T05, T01, T02/T16, T03 and T04) are required to lodge a formal application for the internal fitout with Council's Environmental Health Unit for assessment against the Food Act 2001 and Environmental Health Act 1987.
- Applicants for Retail Tenancies which incorporate outdoor dining areas (including the applicants for Retail Tenancies T05, T01, T02/T16, T03 and T04) are required to lodge a separate application for an Outdoor Dining Permit with Council for any proposed Outdoor Dining areas. (NB: this will be assessed in accordance with Council's adopted Moseley Square Outdoor Dining Guidelines).
- Following completion of the retail buildings and associated balconies that encroach over Moseley Square, an Encroachment Permit and invoice for the annual encroachment fee will be forwarded to the building owner/s by Council. (NB: the annual fee is based on a valuation of the size of the encroachment and its use).
- The applicants for Retail Tenancy T01 and Tenancies T02 and T16 are required to lodge a separate Development Application for any external signage proposed on the buildings.
- The applicants for Retail Tenancies T02/T16 and T03 are advised that the proposed location of their service counters, directly adjacent to Moseley Square, may impact on the extent of outdoor dining that may be approved by Council in this location for these tenancies, due to a need to widen the pedestrian clearway to accommodate any queuing/gathering of patrons at this service counter.

Notes that specifically apply to the applicant for Tenancies T02 and T16

That consideration is given to implementation of the following advice for the outdoor dining area in Holdfast Walk as recommended by the City of Holdfast Bay:

NATURAL RESOURCES MANAGEMENT ACT 2004

Revocation of Notice of Prohibition

PURSUANT to section 132 (9) of the Natural Resources Management Act 2004 (the Act), I, Gail Gago, Minister for Environment and Conservation in the State of South Australia and Minister to whom the administration of the Act is committed, revoke the notice of prohibition on taking of water from wells in the Hundred of Peake dated 3 February 2005 and published in the *Government Gazette* (pages 364-365) of 3 February 2005.

Dated 21 November 2006.

GAIL GAGO, Minister for Environment and Conservation

NATURAL RESOURCES MANAGEMENT ACT 2004

Notice of Prohibition on Taking Water From Wells in the Hundred of Peake

PURSUANT to section 132 (1) of the Natural Resources Management Act 2004 (the Act), I, Gail Gago, Minister for Environment and Conservation in the State of South Australia and the Minister to whom the administration of the Act is committed, I, am of the opinion that:

- (a) the rate at which water is taken from wells in the Hundred of Peake is such that there is a risk that the available water will not be sufficient to meet future demand, and that
- (b) the rate at which water is taken from wells in the Hundred of Peake is likely to affect the quality of the water in the relevant aquifer, and that
- (c) the rate at which water is taken from wells in the Hundred of Peake is such that the underground aquifer is likely to suffer damage.

For each of these reasons, independently of one another, I have decided to prohibit and hereby do prohibit the taking of water from all wells (whether prescribed or not) in the Hundred of Peake, otherwise than in the circumstances specified in Schedule 1 below.

SCHEDULE 1

1. A person may take water from a well in the Hundred of Peake in accordance with the terms of a written authorisation granted under this Notice by me or my agent or delegate.

2. An authorisation under this Notice shall be granted to:

- (a) A person (a Current User), who has been taking water from a well in the Hundred of Peake during the period 1 July 2001 to 3 February 2005 inclusive (the Relevant Period), entitling that person to take, from the source specified in the authorisation:
 - where the water taken during the Relevant Period was to water a crop or crops, the amount of water reasonably necessary, in my opinion, to water that crop or those crops, the amount being determined taking into account the maximum area of each crop or crops irrigated, the water requirements of the respective crop or crops and the irrigation capacity of the irrigation equipment used to water the crop or crops; or
 - where the water was taken during the Relevant Period for any other purpose, the amount of water which, in my opinion, is reasonably necessary to continue that purpose in the manner in which it had been undertaken during the Relevant Period.

The source specified will be the resource or resources from where water was taken during the Relevant Period.

- (b) The transferee under a contract for the sale or other transfer of land where the transferor of the land is the holder of an authorisation under this notice, entitling that person to take the same amount of water from the same source as the transferor was authorised to take.

3. Subject to Clause 4, below, an authorisation under this Notice may, in my discretion or that of my agent or delegate, be granted on application to a person ('a Prospective User') who did not take any water from a well in the Hundred of Peake, but who needs water for a development, project or undertaking:

- to which that person was legally committed during the Relevant Period; or
- in respect of which that person had, in my opinion, committed significant financial or other resources during the Relevant Period;

which authorisation will, if granted, entitle that person to take an amount of water from a well or wells in the Hundred of Peake as endorsed on the licence, which amount shall be the amount that in my opinion, is reasonably necessary to undertake the development, project or undertaking to which that person was committed.

4. Without limiting the discretion to refuse an authorisation under Clause 3, a Prospective User must not be granted an authorisation (or must only be granted a restricted authorisation subject to conditions relating to the manner of taking water) where, in my opinion or that of my agent or delegate:

- (a) the taking of water from wells will detrimentally affect the ability of other persons to take water from any well for domestic purposes or for watering of stock (other than stock being intensively farmed); or
- (b) the taking of water from wells will detrimentally affect the capacity of any well to meet the current or future demand, including the demands of ecosystems dependent on that water resource.

5. Until authorised under this Notice, a Current User may continue to take an amount of water equivalent to the maximum amount taken in any one financial year during the Relevant Period, from the same sources and for the same purpose or purposes as that person took during the Relevant Period without a written authorisation.

6. This Notice does not apply:

- (a) to the taking of water directly from a well pursuant to section 7 (5) of the Act for domestic purposes or for watering of stock (other than stock being intensively farmed); or
- (b) to the taking of water for fire-fighting purposes or public road making purposes; or
- (c) to the taking of water for the purpose of the application of chemicals to non-irrigated crops or non-irrigated pasture; or
- (d) to the taking of water for the purpose of the application of chemicals to control a plant or animal belonging to a class of plants or animals to which a declaration by the Minister under Chapter 8, Part 1 of the Act applies.

In this Notice:

'Maximum area' for a particular crop means the maximum areas of land planted to a particular crop in any one financial year during the relevant period.

'Water requirement' of a crop means the reasonable rate of irrigation (expressed as a volume of water per hectare) to properly produce that crop.

'Irrigation capacity' of irrigation equipment means the amount of water that can be applied by the usual operation of that equipment in its condition at 3 February 2005 under usual pumping rates, hours of operation and seasonal fluctuations.

This Notice will remain in effect for two years unless earlier varied or revoked.

Dated 21 November 2006.

RULES OF COURT

Amending the Supreme Court Criminal Rules 1992 Amendment No. 19 to the Supreme Court Criminal Rules

BY virtue and in pursuance of section 72 of the Supreme Court Act 1935, and all other enabling powers, We, Judges of the Supreme Court of South Australia, make the following Rules to take effect as amendments to the Supreme Court Criminal Rules 1992, as amended:

1. These Rules may be cited as the 'Supreme Court Criminal Rules 1992, Amendment No. 19'.

2. The Supreme Court Criminal Rules 1992, as amended by these Rules may be cited as the 'Supreme Court Criminal Rules 1992'.

3. This Amendment No. 19 is to take effect on and from 1 January 2007.

4. Rule 6.07 (1) (e) is amended by adding after Rule 6.07 (1) (e) (iii) the following:

(iiiA) abridgment or extension of the time for service of a subpoena.

5. Rule 11 of the Supreme Court Criminal Rules 1992, is deleted and in its place the following Rule is inserted:

11.01 (1) In this Rule, unless the contrary intention appears:

addressee means a person who is the subject of the order expressed in a subpoena;

business day means a day on which the Registry is ordinarily open for business;

conduct money means a sum of money or its equivalent, such as pre-paid travel, sufficient to meet the reasonable expenses of the addressee of attending Court as required by the subpoena and returning after so attending;

issuing party means the party at whose request a subpoena is issued;

subpoena means an order in writing requiring a person (an *addressee*):

(a) to attend to give evidence; or

(b) to produce the subpoena or a copy of it and a document or thing; or

(c) to do both those things.

(2) To the extent that a subpoena requires an addressee to attend to give evidence, it is called a *subpoena to attend to give evidence*.

(3) To the extent that a subpoena requires an addressee to produce the subpoena or a copy of it and a document or thing, it is called a *subpoena to produce*.

11.02 (1) The Court may, in any proceeding, by subpoena order an addressee:

(a) to attend to give evidence as directed by the subpoena; or

(b) to produce the subpoena or a copy of it and any document or thing as directed by the subpoena; or

(c) to do both those things.

(2) The Registrar is empowered to issue subpoenas on the Court's behalf.

- (3) The Registrar:
 - (a) may issue a subpoena if requested by a party to a proceeding to do so;
 - (b) may refuse to issue a subpoena which is vexatious, oppressive or an abuse of the process of the Court;
 - (c) may refer to a Judge for consideration any subpoena which the Registrar considers may be vexatious, oppressive or an abuse of the process of the Court;
 - (d) must issue a subpoena if directed by the Court to do so.
 - (4) A subpoena which is vexatious, oppressive or an abuse of the process of the Court may be set aside by a Judge.
 - (5) A subpoena is not to issue:
 - (a) if the Court has made an order, or there is a Rule of the Court, having the effect of requiring that the proposed subpoena:
 - (i) not be issued; or
 - (ii) not be issued without permission of the Court and that permission has not been given; or
 - (b) requiring the production of a document or thing in the custody of the Court or another Court.
 - (6) A subpoena is not to issue to compel the production of a public document, unless a Judge authorises the issue of the subpoena.
 - (7) On issuing a subpoena, the Court will authenticate it by affixing its seal or in some other appropriate manner.
- 11.03
- (1) A subpoena must be in Form 8.
 - (2) A subpoena:
 - (a) may be addressed to one or more persons; and
 - (b) must, unless the Court otherwise orders, identify the addressee or addressees by name, or by description of office or position.
 - (3) A subpoena to produce must:
 - (a) identify the document or thing to be produced; and
 - (b) specify the date, time and place for production.
 - (4) A subpoena to attend to give evidence must specify, for each addressee who is required to attend, the date, time and place for attendance.
 - (5) If a subpoena requires an addressee's personal attendance at a particular date, time and place to produce a document or thing, or to give evidence (or both):
 - (a) the date, time and place for attendance must be the date, time and place at which the trial is scheduled to commence or some other date, time and place permitted by the Court; but
 - (b) if the course of the Court's business makes it necessary or expedient to change the date, time or place for attendance:
 - (i) the issuing party may amend the date, time or place by serving notice of the amendment in an approved form on the addressee personally and tendering any additional conduct money that may be reasonable in the light of the amendment; and
 - (ii) the subpoena then operates in its amended form.
 - (6) The last date for service of a subpoena:
 - (a) is the date falling 14 days before the earliest date on which an addressee is required to comply with the subpoena or an earlier or later date fixed by a Judge; and
 - (b) must be specified in the subpoena.

- (7) If an addressee is a company, the company must comply with the subpoena by its appropriate or proper officer.
 - (8) If there is a mistake in the terms in which a subpoena is issued, and the mistake is discovered before the subpoena is served, the issuing party may correct the mistake and, after filing a corrected copy of the subpoena in the Court, proceed with service of the subpoena in its corrected form.
- 11.04
- (1) The Court may on the application of a party or any person having a sufficient interest, set aside a subpoena in whole or in part, or grant other relief in respect of it.
 - (2) Any application under Rule 11.04 (1) must be made on notice to the issuing party.
 - (3) The Court may order that the applicant give notice of the application to any other party or to any other person having a sufficient interest.
- 11.05
- (1) A subpoena must be served personally on the addressee on or before the last day for service specified in the subpoena.
 - (2) The issuing party must serve a copy of a subpoena to produce on each other party as soon as practicable after the subpoena has been served on the addressee or addressees.
- 11.06
- (1) An addressee need not comply with the requirement of a subpoena to attend to give evidence unless conduct money has been handed or tendered to the addressee a reasonable time before the date on which attendance is required.
 - (2) An addressee need not comply with the requirements of a subpoena unless it is served on or before the date specified in the subpoena as the last date for service of the subpoena.
 - (3) Despite Rule 11.05 (1), an addressee must comply with the requirements of a subpoena even if it has not been served personally on that addressee if the addressee has, by the last date for service of the subpoena, actual knowledge of the subpoena and of its requirements.
 - (4) An addressee who is required to comply with a subpoena to produce must comply with the subpoena:
 - (a) by attending at the date, time and place specified for production and producing the subpoena or a copy of it and the document or thing to the Court; or
 - (b) by delivering or sending the subpoena or a copy of it and the document or thing to the Registrar at the address specified for the purpose in the subpoena, so that they are received not less than two business days before the date specified in the subpoena for attendance and production.
 - (5) In the case of a subpoena that is both a subpoena to attend to give evidence and a subpoena to produce, production of the subpoena or a copy of it and of the document or thing in any of the ways permitted by Rule 11.06 (4) does not discharge an addressee who is required to give evidence from the obligation to attend to give evidence.
 - (6) The Registrar must take custody of documents and things produced to the Court in response to a subpoena, and of all exhibits tendered in proceedings before the Court, and deal with them:
 - (i) if they have not become, and it is apparent that they will not become, exhibits in proceedings—as authorised by these Rules; or
 - (ii) if they have become exhibits in proceedings—as required by Rule 15.
- 11.07
- (1) This Rule applies if an addressee produces a document or thing in accordance with Rule 11.06 (4) (b).
 - (2) The Registrar must, if requested by the addressee, give a receipt for the document or thing to the addressee.

- (3) If the addressee produces more than one document or thing, the addressee must, if requested by the Registrar, provide a list of the documents or things produced.
- (4) The addressee may, with the consent of the issuing party, produce a copy, instead of the original, of any document required to be produced.
- (5) The addressee may at the time of production inform the Registrar in writing that any document or copy of a document produced need not be returned and may be destroyed.

11.08 The Court may give directions in relation to the removal from and return to the Court, and the inspection, copying and disposal, of any document or thing that has been produced to the Court in response to a subpoena.

- 11.09
- (1) On request in writing of a party, the Registrar must inform the party whether production in response to a subpoena has occurred in accordance with Rule 11.06 (4) (b) and, if so, include a description, in general terms, of the documents and things produced.
 - (2) The following provisions of this Rule apply if an addressee produces a document or thing in accordance with Rule 11.06 (4) (b).
 - (3) Subject to this Rule, no person may inspect a document or thing produced unless the Court has granted permission and the inspection is in accordance with that permission.
 - (4) Unless the Court otherwise orders, the Registrar may permit the parties to inspect at the Registry any document or thing produced unless the addressee, a party or any person having a sufficient interest objects to the inspection under this Rule.
 - (5) If the addressee objects to a document or thing being inspected by any party to the proceeding, the addressee must, at the time of production, notify the Registrar in writing of the objection and of the grounds of the objection.
 - (6) If a party or person having a sufficient interest objects to a document or thing being inspected by a party to the proceeding, the objector may notify the Registrar in writing of the objection and of the grounds of the objection.
 - (7) On receiving notice of an objection under this Rule, the Registrar:
 - (a) must not permit any, or any further, inspection of the document or thing the subject of the objection; and
 - (b) must refer the objection to the Court for hearing and determination.
 - (8) The Registrar must notify the issuing party of the objection and of the date, time and place at which the objection will be heard, and the issuing party must notify the addressee, the objector and each other party accordingly.
 - (9) The Registrar must not permit any document or thing produced to be removed from the Registry except on application in writing signed by the solicitor for a party.
 - (10) A solicitor who signs an application under Rule 11.09 (9) and removes a document or thing from the Registry undertakes to the Court by force of this Rule that:
 - (a) the document or thing will be kept in the personal custody of the solicitor or a barrister briefed by the solicitor in the proceeding; and
 - (b) the document or thing will be returned to the Registry in the same condition, order and packaging in which it was removed, as and when directed by the Registrar.
 - (11) The Registrar may, in the Registrar's discretion, grant an application under Rule 11.09 (9) subject to conditions or refuse to grant the application.

- 11.10 (1) Unless the Court otherwise orders, the Registrar may, in the Registrar's discretion, return to an addressee any document or thing produced in response to the subpoena.

Note—

It should be noted however that if the document or thing has been tendered as an exhibit, the Registrar is to deal with the exhibit as required by Rule 15.

- (2) Unless the Court otherwise orders, the Registrar must not return any document or thing under Rule 11.10 (1) unless the Registrar has given to the issuing party at least 14 days' notice of the intention to do so and that period has expired.
- (3) If the addressee has informed the Court that a document or a copy of a document need not be returned and may be destroyed, the Registrar may, unless the Court otherwise orders, destroy the document or copy instead of returning it.
- (4) The Registrar must not destroy a document or a copy of a document unless the Registrar has first given to the issuing party and to the addressee at least 14 days' notice of the intention to destroy the document or copy.
- 11.11 (1) The Court may order the issuing party to pay the amount of any reasonable loss or expense incurred in complying with the subpoena.
- (2) If an order is made under Rule 11.11 (1), the Court must fix the amount or direct that it be fixed in accordance with the Court's usual procedure in relation to costs.
- (3) An amount referred to in this Rule is separate from and in addition to:
- (a) any conduct money paid to the addressee; or
- (b) any witness expenses payable to the addressee.
- 11.12 (1) An addressee who fails to comply with a subpoena without lawful excuse is in contempt of Court and may be dealt with accordingly.
- (2) Despite Rule 11.05 (1), if a subpoena has not been served personally on an addressee, the addressee may be dealt with for contempt of Court as if the addressee had been so served if it is proved that the addressee had, by the last date for service of the subpoena, actual knowledge of the subpoena and its requirements.
- (3) Rules 11.12 (1) and (2) are without prejudice to any power of the Court under any Rules of the Court (including any Rules of the Court providing for the arrest of an addressee who defaults in attendance in accordance with a subpoena) or otherwise, to enforce compliance with a subpoena.
- 11.13 (1) A party who seeks production of a document or thing in the custody of the Court or of another Court may inform the Registrar in writing accordingly, identifying the document or thing.
- (2) If the document or thing is in the custody of the Court, the Registrar must produce the document or thing:
- (a) in Court; or
- (b) as the Court directs.
- (3) If the document or thing is in the custody of another Court, the Registrar must, unless the Court has otherwise ordered:
- (a) request the other Court to send the document or thing to the Registrar; and
- (b) after receiving it, produce the document or thing:
- (i) in Court; or
- (ii) as the Court directs.

NOTES

Last day for service

1. You need not comply with the subpoena unless it is served on you on or before the date specified in the subpoena as the last date for service of the subpoena.

Informal service

2. Even if this subpoena has not been served personally on you, you must, nevertheless, comply with its requirements, if you have, by the last date for service of the subpoena, actual knowledge of the subpoena and of its requirements.

Addressee a corporation

3. If the subpoena is addressed to a corporation, the corporation must comply with the subpoena by its appropriate or proper officer.

Conduct money

4. You need not comply with the subpoena insofar as it requires you to attend to give evidence unless conduct money sufficient to meet your reasonable expenses of attending as required by the subpoena is handed or tendered to you a reasonable time before the date on which your attendance is required.

Production of subpoena or copy of it and documents or things by delivery or post

5. Insofar as this subpoena requires production of the subpoena or a copy of it and a document or thing, instead of attending to produce the subpoena or a copy of it and the document or thing, you may comply with the subpoena by delivering or sending the subpoena or a copy of it and the document or thing to the Registrar at the address specified in the subpoena for the purpose so that they are received not less than two business days before the date specified in the subpoena for attendance and production.
6. If you object to a document or thing produced in response to this subpoena being inspected by a party to the proceeding or any other person, you must, at the time of production, notify the Registrar in writing of your objection and of the grounds of your objection.
7. Unless the Court otherwise orders, if you do not object to a document or thing produced by you in response to the subpoena being inspected by any party to the proceeding, the Registrar may permit the parties to the proceeding to inspect the document or thing.

Production of a number of documents or things

8. If you produce more than one document or thing, you must, if requested by the Registrar, produce a list of the documents or things produced.

Production of copy instead of original

9. You may, with the consent of the issuing party, produce a copy, instead of the original, of any document that the subpoena requires you to produce.

Return or destruction of documents or copies

10. You may, at the time of production, inform the Court that any document or copy of a document produced need not be returned and may be destroyed.
11. If you have so informed the Court, the Registrar may destroy the document or copy instead of returning it to you.

Applications in relation to subpoena

12. You have the right to apply to the Court:
- 12.1 for an order setting aside the subpoena (or a part of it) or for relief in respect of the subpoena; and
 - 12.2 for an order with respect to your claim for privilege, public interest immunity or confidentiality in relation to any document or thing the subject of the subpoena.

Loss or expense of compliance

13. If you are not a party to the proceeding, you may apply to the Court for an order that the issuing party pay an amount (in addition to conduct money and any witness' expenses) in respect of the loss or expense, including legal costs, reasonably incurred in complying with the subpoena.

Contempt of court—arrest

14. Failure to comply with the subpoena without lawful excuse is a contempt of Court and may be dealt with accordingly.
15. Note 14 is without prejudice to any power of the Court under any Rules of the Court (including any Rules of the Court providing for the arrest of an addressee who defaults in attendance in accordance with a subpoena) or otherwise, to enforce compliance with a subpoena.

GIVEN under our hands and the Seal of the Supreme Court of South Australia this 20th day of November 2006.

GENETICALLY MODIFIED CROPS MANAGEMENT ACT 2004

Exemption Notice

PURSUANT to the Genetically Modified Crops Management Act 2004, I, Rory John McEwen, Minister for Agriculture, Food and Fisheries, issue the following Exemption Notice to Nugrain Pty Ltd under section 6 (2) (a) (ii) for the purposes of breeding and seed multiplication of genetically modified oilseed *Brassica* cultivars associated with the production of Roundup Ready Canola (hereafter the GMO) in areas of the State designated as areas where cultivation of GM food crops is not permitted.

This Exemption remains in force until varied or revoked.

Nugrain Pty Ltd (hereafter the Company) is required to observe the following conditions in relation to any cultivation of GM crops undertaken in South Australia by its employees or their agents, or any person engaged to undertake any activity in relation to the GMO at a Location.

For the purpose of this Notice, I nominate the following person as the Nominated Officer within PIRSA to whom communication should be directed:

Manager, Compliance & Surveillance
Plant Health Operations
Primary Industries & Resources SA
46 Prospect Road
Prospect, S.A. 5082
Phone (08) 8168 5203
Fax (08) 8344 6033

For Definitions of Terms see Section 3.

SECTION 1: GENERAL CONDITIONS

The Company and persons covered by these conditions must comply with these conditions.

1. Notification of Project Supervisor

- 1.1 The Company must inform the Nominated Officer in writing of the contact details of the Project Supervisor before any further cultivation of the GMO occurs.
- 1.2 The Company must immediately notify the Nominated Officer in writing if any of the contact details of the Project Supervisor change.

2. Informing people of their obligations

- 2.1 The Company must inform each person covered by these conditions of the obligations imposed on them by these conditions.
- 2.2 The Company must provide the Nominated Officer, on the Nominated Officer's written request, a signed statement from each person covered by these conditions that the Company has informed the person of the conditions of these conditions that apply to that person.

3. Material Changes in circumstances

- 3.1 The Company must immediately, by notice in writing, inform the Nominated Officer of:
 - (a) any relevant conviction of the Company occurring after the commencement of these conditions;
 - (b) any event or circumstances occurring after the commencement of these conditions that would affect the capacity of the holder of his agreement to meet the conditions in it.

SECTION 2: SPECIFIC CONDITIONS

1. Locations and size of release

- 1.1 The exemption granted does not permit the cultivation of any GMO in the Areas of:
 - (a) ***Eyre Peninsula*** as comprised of the areas of The District Council of Lower Eyre Peninsula, The District Council of Tumby Bay, The District Council of Elliston, The District Council of Cleve, The District Council of Franklin Harbour, The Corporation of the City of Whyalla, The Corporation of the City of Port Augusta, The City of Port Lincoln, The District Council of Kimba, The District Council of Le Hunte, The District Council of Streaky Bay and The District Council of Ceduna.
 - (b) ***Kangaroo Island*** as comprised of the area of The Kangaroo Island Council.
- 1.2 The maximum area of any single site must not exceed 2ha.

2. Control of Locations and other areas used in connection with these conditions

- 2.1 The Company must be able to access and control a Location or other area used in connection with these conditions to the extent necessary to comply with these conditions.
- 2.2 Conditions of access negotiated by the Company must include:
 - (a) The landowner's agreement that the Company will provide contact details to the Nominated Officer.
 - (b) The landowner's agreement that potential purchasers will be notified of any current sites or past sites that are not signed off.

3. Notification of Plantings

- 3.1 That before the commencement of the winter seeding program and the summer seeding program, an overview of each season's planting schedule be provided to the Nominated Officer in writing.
- 3.2 Before planting the following information for each site should be provided to the Nominated Officer.
 - (a) The GPS co-ordinates to identify the perimeter of every area, using the GDA 94 datum (or nominated equivalent that allows conversion to this datum).
 - (b) The contact details of the landowner or his representative to enable authorised officers to seek consent to entry.
 - (c) Identification of the GMO type proposed to be grown at the area, and the area of each that is to be sown.
 - (d) Estimated date of planting, flowering and harvest of the site.

4. Measures to manage gene flow

- 4.1 For each Location, one of the following methods for managing gene flow must be adopted:
 - (a) The GMO at the Location must be male sterile types only. It must be surrounded by an Isolation Zone extending outwards by 400 m in all directions from the outer edge of the Location.
 - (b) All flowering heads of the GMO at the Location must be covered by selfing bags at least 7 days prior to flowering. The bags must remain on the GMO for the duration of the flowering of the GMO. The Location must be surrounded by an Isolation Zone extending outwards by 400 m in all directions from the outer edge of the Location.
 - (c) The GMO at the Location must be housed in an insect-proof tent. The tent must be erected at least 7 days prior to flowering of the GMO and remain in place for the duration of flowering of the GMO. The Location must be surrounded by an Isolation Zone extending outwards by 400 m in all directions from the outer edge of the Location.
 - (d) The Location must be surrounded by an Isolation zone extending outwards by 1 km in all directions from the outer edge of the Location.
 - (e) The Location must be surrounded by a Pollen Trap. The Pollen Trap must be surrounded by an Isolation Zone extending outwards by 400 m in all directions from the outer edge of the Pollen Trap.

5. Conditions relating to Isolation Zones

- 5.1 No *Brassica* crop may be grown in an Isolation Zone while the GMO is being grown at the Location, if there is a risk of outcrossing from the GMO to the crop through pollination synchronicity.
- 5.2 Where a risk exists, either the *Brassica* crop or the GMO in the Location (and its Pollen Trap, if any) must be destroyed prior to flowering.
- 5.3 If the GMO at the Location (and Pollen Trap, if any) is destroyed pursuant to this condition, the destruction of the GMO (and Pollen Trap, if any) is taken to be a harvest for the purposes of this condition.

Note: If a Location (and Pollen Trap, if any) has to be destroyed because a Brassica Crop is planted in the Isolation Zone, the Location is taken to have been harvested. Cleaning of the Location and Pollen Trap must occur soon afterwards (see the conditions below about cleaning Locations post harvest) and post harvest monitoring of the Location and Pollen Trap must be commenced.

6. Conditions relating to Pollen Traps

- 6.1 Once planted, Pollen Trap plants must be handled and controlled as if they are GMO, and Material from Pollen Trap plants must be handled and controlled as if it is Material from the GMO.
- 6.2 A Pollen Trap must be able to be accessed and controlled by the Company to an extent that is commensurate with the Company's rights to access and control the Location within it.

Note: Conditions about Cleaning Pollen Traps occur elsewhere in these conditions.

7. Monitoring during growing the GMO

- 7.1 Each Monitoring Zone must be monitored for the presence of Canola at least once every 35 days from the planting of the GMO until either harvest of the GMO or the Location is Cleaned. Any Canola detected during monitoring must be destroyed before seed maturity.
- 7.2 Each Isolation Zone must be monitored to satisfy Conditions 5.1 and 5.2, at least once every 35 days commencing 14 days prior to flowering of the GMO and concluding when the GMO has completed flowering.
- 7.3 The results of monitoring activities must be reported to the Nominated Officer in writing. Results must be reported to the Nominated Officer within 35 days of any day on which monitoring occurs. Results of reporting must include:
- (a) identification details of the areas monitored;
 - (b) details of the date of monitoring;
 - (c) the names of the person or persons who undertook the monitoring and details of the experience, training or qualification that enabled them to recognise Volunteer plants and *Brassica* plants;
 - (d) the number of Volunteer plants and *Brassica* plants if any;
 - (e) details of whether the Volunteer plants and *Brassica* plants observed, if any, occurred in the Location, the Pollen Trap or the Monitoring Zone;
 - (f) details of the development stages reached by the Volunteer plants and *Brassica* plants, if any;
 - (g) details of methods used to destroy Volunteer plants and *Brassica* plants identified if any; and
 - (h) details of the date on which Volunteer plants and *Brassica* plants were cleaned.

8. Harvest of GMO

- 8.1 Subject to Condition 8.4 below, the GMO at a Location and Pollen Trap plants may be harvested for seed only.
- 8.2 Subject to Condition 8.4 below, following harvest of the GMO and Pollen Trap plants (if any):
- (a) Any harvested seed must be immediately, or as soon as is reasonably practicable:
 - (i) stored in a sealed container that is signed so as to indicate that it contains GM Canola seed, within a locked facility that is signed so as to indicate that genetically modified Canola seed is stored within the facility; or
 - (ii) exported; or
 - (iii) rendered unviable by autoclaving; or
 - (iv) destroyed by burning; or
 - (v) destroyed by burial under 1 m of soil.
- 8.3 Subject to Condition 8.4 below, any Canola seed obtained from harvest may only be transported to the extent necessary for seed cleaning or treating, to store it, export it or destroy it.
- 8.4 An amount of harvested Canola seed and/or Material from the GMO, obtained from harvest, may be saved and transported to the Seed Services Centre and SARDI Field Crops Pathology Unit, Primary Industries and Resources South Australia at Urrbrae, South Australia, where:
- 8.4.1 testing may be done, including:
- (a) germination analyses may be conducted on the harvested Canola seed;

- (b) purity analysis may be conducted on the harvested Canola seed;
 - (c) analysis of the presence of weed seed may be conducted on the harvested Canola seed;
 - (d) compositional analyses may be conducted on Material from the GMO; and
 - (e) pathogen analyses may be conducted on the harvested Canola seed.
- 8.4.2 Canola plants that develop in the course of the germination analyses must be destroyed prior to flowering.
- 8.4.3 The amount of harvested Canola seed and/or Material from the GMO that may be saved and transported is the amount necessary to perform the analyses.
- 8.4.4 Harvested Canola seed and/or Material from the GMO may be stored during the course of performing the analyses. Where harvested Canola seed and/or Material from the GMO is stored for the purpose of analysis, it must be stored in a locked room. Within the room, the stored material must be stored in a sealed container that is signed so as to indicate that it contains GM Canola seed and/or Material from the GMO.
- 8.4.5 Once the analyses authorised by these agreement conditions have been completed and any other analyses have been completed, all GM Canola seed, Material from the GMO used in the analyses must be destroyed by either autoclaving, incineration, or autoclaving followed by incineration. Canola plants that are grown in the course of the germination analyses must be destroyed prior to flowering. All GM Canola seed not used in the analyses must be returned to the Company or destroyed as above.

9. Conditions relating to destruction by burial

- 9.1 Subject to Condition 9.2 below, if the GMO, Pollen Trap plants, Material from the GMO or Material from Pollen Trap plants are destroyed by burial, the Company must:
- (a) within 30 days of burial, provide the Nominated Officer by notice in writing of the precise location of the Burial site (GPS co-ordinates and either a street address or other directions to the Location) and the date on which it was buried. The notice must identify the GMO or Pollen Trap plant, buried at the Burial site;
 - (b) any emergence of Volunteer plants. If Volunteer plants are identified, the Burial site must be cleaned.
- 9.2 Monitoring of the Burial site is not required if burial takes place at a Municipal or commercial land fill and the Nominated Officer is provided with a written notice from the manager of the land fill undertaking:
- (a) not to disturb the Burial site for a period of at least 3 years from the date of burial; and
 - (b) to notify both the Company and the Nominated Officer in writing of any significant disturbance of the Burial site that may affect the emergence of Volunteer plants.

10. Cleaning—Post harvest and generally

- 10.1 Where Equipment, a Location or other area is used pursuant to these conditions in respect of GMOs, Material from GMOs, Pollen Trap plants or Material from Pollen Trap plants, it must be Cleaned.
- 10.2 Subject to Condition 10.5, for each Location, either within 14 days of harvest of the GMO or 9 months after planting, the Location must be Cleaned.
- 10.3 Within 14 days of either harvest or Cleaning of the GMO at a Location, the Pollen Trap in respect of that Location, if any, must be Cleaned.
- 10.4 When Equipment is Cleaned, the area in which the Equipment is Cleaned must also be Cleaned.
- Note: For the sake of clarity, it is not necessary for Equipment to be Cleaned only at a Location.*
- 10.5 Cleaning must occur immediately or as soon as practicable after the use and before it is used for any other purpose.
- 10.6 *Note: For example, if seed is harvested with a mechanical harvester, the harvester must be Cleaned immediately following its use and before any other Canola is harvested.*

- 10.7 On the request of the Nominated Officer, the Nominated Officer must be provided with written documentation of the procedures in place to ensure continuing compliance with the Cleaning conditions in these conditions.

Note: Burning and light tillage are strongly favoured as methods to Clean Locations and Pollen Traps post-harvest.

11. Conditions relating to Grazing

- 11.1 The company must inform the owner of the land on which the location is situated of the marketing implications of any grazing of GM canola before commencement of the trial.
- 11.2 Evidence that the owner has been adequately informed must be presented to the nominated officer on request.
- 11.3 All perimeter fencing at sites where GM plants are grown must be fully stock proof and no GM crop or pollen trap crop plants shall be allowed to grow within 3 metres of those fences.

12. Reduction of the seed bank and secondary dormancy

- 12.1 Following Cleaning of any Location or Pollen Trap, light tillage must be carried out on each Location and Pollen Trap.
- 12.2 Subject to Condition 12.4, light tillage must occur on at least two separate occasions in such a way as to promote the growth of any remaining Canola and to reduce onset of secondary dormancy of Canola seed.
- 12.3 The two occasions must be carried out at least two weeks apart.
- 12.4 If light tillage is used to Clean a Location or Pollen Trap, then only one subsequent occasion of light tilling must be performed.
- 12.5 All light tillage obligations must be performed within 12 months of harvest of the GMO or Pollen Trap.
- 12.6 The soil at the Location (and Pollen Trap, if any) must not be disturbed in a way that would bury plant material in that area to a depth of more than 50 mm, until at least 14 days after all light tillage obligations have been performed.
- Note: This condition prohibits 'deep tillage' (i.e., deep soil disturbance that would bury the GMO to a depth of more than 50 mm) to occur at the location or pollen trap until after light tillage obligations have been performed.*
- 12.7 A report on light tilling activities undertaken must be reported to the Nominated Officer in writing. Results must be reported to the Nominated Officer within 35 days of any day on which light tilling occurs. Results of reporting must include:
- (a) details of the Location (and Pollen Trap, if any) tilled; and
 - (b) details of the tillage methods used.

13. Conditions relating to light tillage

- 13.1 Light tillage may only be adopted as a method for destruction in conditions where germination of the GMO is reasonably likely to ensue (for example, immediately after rain or irrigation).
- Note: The incorporation of light tillage methods at times when germination of the GMO is not likely to ensue as a result (e.g., during a drought) will not be considered sufficient to satisfy light tillage conditions.*

14. Monitoring—Post harvest and generally

- 14.1 Following Cleaning of each Location, the following places must be monitored for the existence of Volunteer plants:
- (a) the Location;
 - (b) the Pollen Trap in respect of the Location, if any; and
 - (c) any areas used to Clean Equipment used in connection with the GMO or to destroy the GMO, Material from the GMO, Pollen Trap plants or Material from Pollen Trap plants.
- 14.2 Following Cleaning of each Location, the Monitoring Zone in respect of the Location must be monitored for the existence of Volunteer plants of the GMO.

- 14.3 Monitoring must be performed by a person who is able to recognise Volunteer plants and *Brassica* plants.
 - 14.4 Any Volunteer plants detected during monitoring must be Cleaned before seed maturity.
 - 14.5 All the places required to be monitored must be monitored, with at least three site inspections to be undertaken during the April to November period. Additional monitoring may be required if conditions are conducive to growth outside traditional **Canola** growing periods.
 - 14.6 The monitoring shall continue from the last day of Cleaning of the Location, and thereafter, until such time as the place to be monitored can meet site sign-off criteria, subject to Condition 14.7. The site sign-off criteria is met when the aggregate GM Canola volunteers present in the previous 12 months are less than 50 per ha (equivalent to 1 per 200 m²) or if the site is less than 1 ha in size, a maximum number of 20 volunteers per site. Monitoring may cease when the Nominated Officer has provided a site sign-off notice in writing to the Company that further monitoring of the specified site is no longer required.
 - 14.7 Where post-harvest site is planted to long-term pasture in the first year post-harvest, and continues as a regenerating pasture in the second, third and subsequent years post-harvest, the monitoring shall continue from the last day of Cleaning of the Location, and thereafter, until such time as the place to be monitored can meet site sign-off criteria. Active monitoring on these sites must resume when the site is next cultivated and the monitoring shall continue until such time as the place to be monitored can meet site sign-off criteria.
 - 14.8 The results of monitoring activities must be reported to the Nominated Officer in writing. Results must be reported to the Nominated Officer within 35 days of any day on which monitoring occurs. Results of reporting must include:
 - (a) details of the areas monitored;
 - (b) details of the date of monitoring;
 - (c) the names of the person or persons who undertook the monitoring and details of the experience, training or qualification that enabled them to recognise Volunteer plants and *Brassica* plants;
 - (d) the number of Volunteer plants observed, if any;
 - (e) details of whether the Volunteer plants observed, if any, occurred in the Location, the Pollen Trap or the Monitoring Zone;
 - (f) details of the development stages reached by the Volunteer plants, if any;
 - (g) details of methods used to destroy Volunteer plants identified, if any; and
 - (h) details of the date on which Volunteer plants were Cleaned.
- 15. Use of Locations post-harvest**
- 15.1 If the GMO is grown at a Location, no other Canola or *Brassica* plant of any kind may be planted at the location, or Pollen Trap in respect of the Location, if any, after harvest of the GMO, until monitoring obligations are satisfied, unless the brassica crop is for research trial purposes (e.g., to assess canola blackleg resistance).
 - 15.2 If the GMO is grown at a Location, no other Canola may be grown at the Monitoring Zone in respect of the Location until monitoring obligations are satisfied, unless the brassica crop is for research trial purposes (e.g., to assess canola blackleg resistance).
 - 15.3 Other crops may be grown at the site following harvest provided the company controls post harvest volunteers to the extent required under this order.
- 16. Transportation of the GMO, Material from GMO, Pollen Trap plants and Material from Pollen Trap plants**
- 16.1 The GMO, Material from the GMO, Pollen Trap plants and Material from Pollen Trap plants must not be transported unless it is contained within a sealed durable container.
 - 16.2 Every container used to transport the GMO, Material from the GMO, Pollen Trap plants or Material from Pollen Trap plants must be labelled:
 - (a) to indicate that it contains genetically modified plant material; and
 - (b) with telephone contact numbers for the Company and instructions to contact the Company in the event that the container is broken or misdirected.

- 16.3 The Company must have in place accounting procedures to verify whether the same quantity of GMO, Material from the GMO, Pollen Trap Plant or Material from Pollen Trap plants sent is delivered and must document methods and procedures used for transportation of GMOs, Material from GMOs, Pollen Trap plants and Material from Pollen Trap plants.

17. Contingency Plans

- 17.1 Within 30 days of the date of the commencement of these conditions, a written Contingency Plan must be submitted to the Nominated Officer detailing measures to be taken in the event of the unintended presence of the GMO, Material from the GMO, Pollen Trap plants and Material from Pollen Trap plants, outside a Location, or Pollen Trap in respect of a Location, that must be monitored.
- 17.2 The Contingency Plan must include details of procedures to:
- (a) ensure the Nominated Officer is notified immediately if the Company becomes aware of the event;
 - (b) to destroy any of the GMOs, Material from the GMOs, Pollen Trap plants or Material from Pollen Trap plants; and
- 17.3 Monitor and destroy any Volunteer plants that may exist as a result of the event.
- 17.4 The Contingency Plan must be implemented in the event that the unintended presence of the GMO, Material from the GMO, Pollen Trap plants or Material from Pollen Trap plants is discovered outside an area that must be monitored.

18. Compliance Management Plan

- 18.1 Prior to growing the GMO, a written Compliance Management Plan must be provided to the Nominated Officer on request. The Compliance Management Plan must describe in detail how the Company intends to ensure compliance with these conditions and document that compliance.

SECTION 3: INTERPRETATION AND DEFINITIONS

Words and phrases used in these conditions have the same meanings as they do in the Gene Technology Act 2000 (Commonwealth) and the Gene Technology Regulations 2001.

Words importing a gender include any other gender.

Words in the singular include the plural and words in the plural include the singular.

Words importing persons include a partnership and a body whether corporate or otherwise.

References to any statute or other legislation (whether primary or subordinate) is to a statute or other legislation of the Commonwealth of Australia as amended or replaced from time to time unless the contrary intention appears.

Where any word or phrase is given a defined meaning, any other part of speech or other grammatical form in respect of that word or phrase has a corresponding meaning.

In this agreement:

‘**Brassica crops**’ means any crop of *Brassica* plants or Canola (and includes commercial *Brassica* crops).

‘**Brassica plants**’ means the species listed in the table at Table 1.

‘**Burial site**’ means a site at which the GMO or GM material from the GMO is destroyed by burial under at least 1 m of soil.

‘**Canola**’ means plants of the species *Brassica napus*.

‘**Clean**’ (or ‘**Cleaned**’), as the case requires, means:

- (a) in relation to a Location or other area (including a Pollen Trap, Monitoring Zone or Isolation Zone), the destruction of the GMO, Material from the GMO, Pollen Trap plants or Material from Pollen Trap plants in that Location or area, to the reasonable satisfaction of the Minister; or
- (b) in relation to Equipment, the removal and destruction of the GMO and Material from the GMO, Pollen Trap plants or Material from Pollen Trap plants from the Equipment, to the reasonable satisfaction of the Minister.

‘**Department**’ means the Department of Primary Industries and Resources in South Australia.

‘**Destroy**’, (or ‘**Destroyed**’ or ‘**Destruction**’), as the case requires, means killed by one or more of the following methods:

- (a) stalk pulling; or
- (b) light tillage; or
- (c) burning; or
- (d) treatment with herbicide; or
- (e) slashing; or
- (f) mowing; or
- (g) hand weeding; or
- (h) burial under 1 m of soil; or
- (i) grazing; or
- (j) a combination of the above.

Note (1): 'As the case requires' has the effect that, depending on the circumstances, one or more of these techniques may not be appropriate. For example, in the case of killing the remains of harvest of the GMO, treatment of post harvest remains by herbicide would not be a sufficient mechanism.

Note (2): Where method (b) is adopted, this agreement contains additional conditions relating to light tillage as a method for destruction.

Note (3): Where method (h) is adopted, this agreement contains additional conditions relating to burial as a method for destruction.

Note (4): Where method (i) is adopted, this agreement contains additional conditions relating to grazing as a method for destruction.

'Equipment' includes harvesters, seeders, storage equipment, transport equipment (e.g., bags, containers, trucks), clothing and tools.

'GM' means genetically modified.

'Isolation Zone', means, in respect of a Location, an area of land surrounding either the Location, or the Location's Pollen Trap (if the Location is surrounded by a Pollen Trap) that is known not to contain any Brassica crops when the GMO is planted at the Location.

'Light tillage' or **'lightly tilled'** means the use of a technique to disturb the soil in an area so as not to bury plant material in the area to a depth of more than 50 mm and can include harrowing or mulching down to the soil surface.

'Location' means an area of land where the GMO is planted and grown.

Note: Generally, before the GMO is planted and grown in a field, this agreement refers to the field as an area or place. After the GMO is planted in a field and while it is being grown, this agreement refers to the field as a 'Location'.

'Material from Pollen Trap plants' means seed, stubble, pollen or any other GM material (including parts of a plant) that is derived from or produced by Canola from a Pollen Trap.

'Material from the GMO' means GM seed, stubble, pollen or any other GM material (including part of a GMO) that is derived from or produced by the GMO.

'Minister' means the Minister of Agriculture, Food and Fisheries in South Australia.

'Monitoring Zone' means an area extending outwards by 50 m in all directions from the outer edge of a Location, or the Location's Pollen Trap (if the Location is surrounded by a Pollen Trap).

'OGTR' means the Office of the Gene Technology Regulator.

'Pollen Trap' means an area of land, extending at least 15 m in all directions from the outside edge of a Location, containing non-genetically modified Canola or genetically modified male sterile Canola that is grown in such a way as to reasonably promote a dense and vigorous growth and flowering of the non-genetically modified Canola at the same time as the GMO.

'Pollen Trap plant' means Canola from a Pollen Trap.

'Post-harvest Monitoring Period' means the period that any Location, Pollen Trap in respect of a Location, and Monitoring Zone in respect of a Location must be monitored after harvest or after destruction of the GMO, either prior to seed set or at maturity.

'Volunteer plants' means progeny of the GMO or a Pollen Trap plant growing in the Location, its Pollen Trap, if any, or the Monitoring Zone for the Location, during the Post-Harvest Monitoring Period.

Schedule 1—Map

Part 1—Preliminary

1—Short title

This policy may be cited as the *Aquaculture (Zones—Cape D'Estrees) Policy 2006*.

2—Interpretation

In this policy—

Act means the *Aquaculture Act 2001*;

filter-feeding molluscs includes cockles, mussels, oysters and scallops;

leased area means an area subject to an aquaculture lease;

licence means an aquaculture licence.

Note—

Unless the contrary intention appears, terms used in this policy that are defined in the Act have the respective meanings assigned to those terms by the Act.

3—Zones

- (1) Pursuant to section 11 of the Act, this policy—
 - (a) identifies aquaculture zones and an aquaculture exclusion zone; and
 - (b) specifies for an aquaculture zone—
 - (i) the classes of aquaculture permitted in the zone; and
 - (ii) prescribed criteria to be taken into account in the determination of applications for licences or in the making of other decisions under the Act in relation to the zone.
- (2) This policy does not limit the matters that may be taken into account in the determination of applications for licences or in the making of other decisions under the Act.

4—Prescribed criteria for all aquaculture zones

In the determination of applications for licences and in the making of other decisions under the Act in relation to the aquaculture zones in this policy, it must be taken into account that, of the aggregated area leased or available for lease in those zones, 5 hectares must be reserved for the farming of aquatic organisms for the purposes of research.

Part 2—Cape D'Estrees aquaculture zones

Division 1—Cape D'Estrees (inner) subtidal aquaculture zone

5—Identification of aquaculture zone

The Cape D'Estrees (inner) subtidal aquaculture zone is comprised of the waters delineated in the map in Schedule 1 as the Cape D'Estrees (inner) subtidal aquaculture zone.

6—Class of permitted aquaculture

The classes of aquaculture permitted in the Cape D'Estrees (inner) subtidal aquaculture zone are—

- (a) the farming of molluscs other than filter-feeding molluscs; and
- (b) the farming of algae.

7—Prescribed criteria

In the determination of applications for licences and in the making of other decisions under the Act in relation to the Cape D'Estrees (inner) subtidal aquaculture zone, it must be taken into account that the zone must not contain more than 60 hectares of leased area.

Division 2—Cape D'Estrees (middle) subtidal aquaculture zone

8—Identification of aquaculture zone

The Cape D'Estrees (middle) subtidal aquaculture zone is comprised of the waters delineated in the map in Schedule 1 as the Cape D'Estrees (middle) subtidal aquaculture zone.

9—Class of permitted aquaculture

The classes of aquaculture permitted in the Cape D'Estrees (middle) subtidal aquaculture zone are—

- (a) the farming of molluscs other than filter-feeding molluscs; and
- (b) the farming of algae.

10—Prescribed criteria

In the determination of applications for licences and in the making of other decisions under the Act in relation to the Cape D'Estrees (middle) subtidal aquaculture zone, it must be taken into account that the zone must not contain more than 60 hectares of leased area.

Division 3—Cape D'Estrees (outer) subtidal aquaculture zone

11—Identification of aquaculture zone

The Cape D'Estrees (outer) subtidal aquaculture zone is comprised of the waters delineated in the map in Schedule 1 as the Cape D'Estrees (outer) subtidal aquaculture zone.

12—Class of permitted aquaculture

The classes of aquaculture permitted in the Cape D'Estrees (outer) subtidal aquaculture zone are—

- (a) the farming of molluscs other than filter-feeding molluscs; and
- (b) the farming of algae.

13—Prescribed criteria

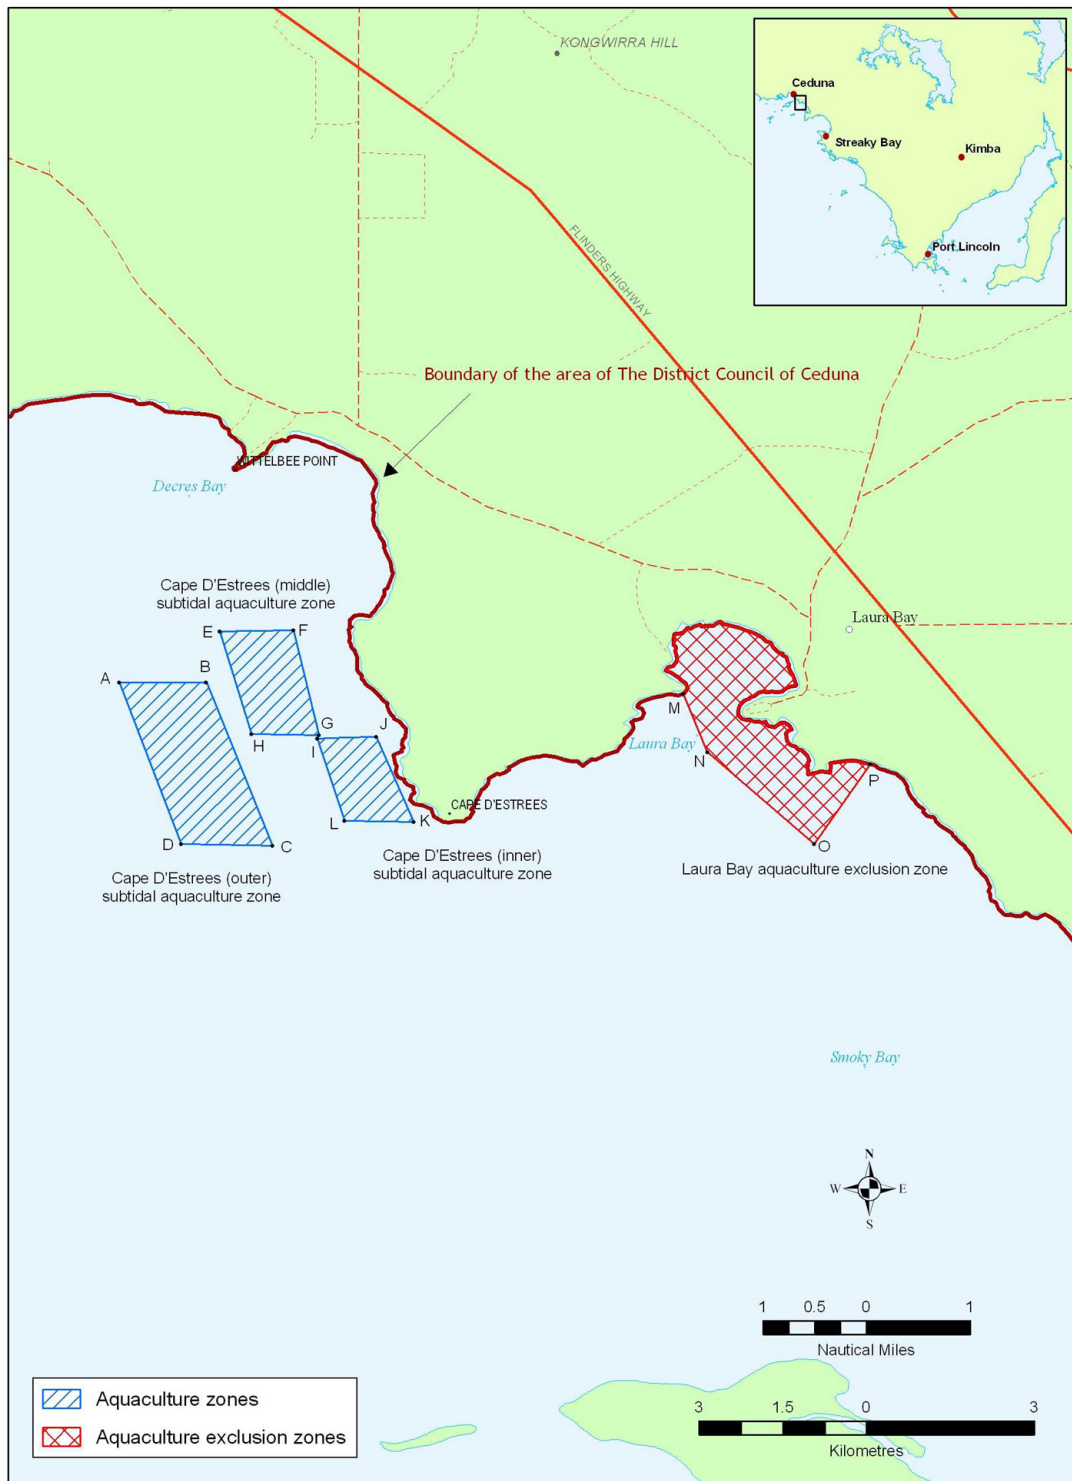

In the determination of applications for licences and in the making of other decisions under the Act in relation to the Cape D'Estrees (outer) subtidal aquaculture zone, it must be taken into account that the zone must not contain more than 60 hectares of leased area.

Part 3—Laura Bay aquaculture exclusion zone

14—Identification of aquaculture exclusion zone

The Laura Bay aquaculture exclusion zone is comprised of the waters delineated in the map in Schedule 1 as the Laura Bay aquaculture exclusion zone.

National Parks and Wildlife (Fowlers Bay Conservation Park—Mining Rights) Proclamation 2006

under section 43 of the *National Parks and Wildlife Act 1972*

Preamble

- 1 The Crown land described in Schedule 1, together with other land, is, by another proclamation made on this day, constituted as a conservation park under section 30(1) of the *National Parks and Wildlife Act 1972* and assigned the name *Fowlers Bay Conservation Park*.
- 2 It is intended that, by this proclamation, certain existing and future rights of entry, prospecting, exploration or mining be preserved in relation to the portion of the land constituting the conservation park that is described in Schedule 1.

1—Short title

This proclamation may be cited as the *National Parks and Wildlife (Fowlers Bay Conservation Park—Mining Rights) Proclamation 2006*.

2—Commencement

This proclamation comes into operation on the day on which it is made.

3—Interpretation

In this proclamation—

Environment Minister means the Minister for the time being administering the *National Parks and Wildlife Act 1972*;

Mining Minister means the Minister for the time being administering the *Mining Act 1971*.

4—Existing rights to continue

Subject to clause 6, existing rights of entry, prospecting, exploration or mining under the *Mining Act 1971* may continue to be exercised in respect of the land described in Schedule 1.

5—New rights may be acquired

Rights of entry, prospecting, exploration or mining may, with the approval of the Mining Minister and the Environment Minister, be acquired pursuant to the *Mining Act 1971* in respect of the land described in Schedule 1 and may, subject to clause 6, be exercised in respect of that land.

6—Conditions for exercise of rights

A person in whom rights of entry, prospecting, exploration or mining are vested pursuant to the *Mining Act 1971* (whether those rights were acquired before or after the making of this proclamation) must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) if work to be carried out in relation to the land in the exercise of those rights has not previously been authorised, the person must give at least 3 months notice of the proposed work to the Mining Minister and the Environment Minister and must supply each Minister with such information relating to the proposed work as the Minister may require;
- (b) if directions are agreed between the Mining Minister and the Environment Minister and given to the person in writing in relation to—
 - (i) carrying out work in relation to the land in a manner that minimises damage to the land (including the land's vegetation and wildlife) and the environment generally; or
 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
 - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or
 - (iv) (where the work is being carried out in the exercise of rights acquired after the making of this proclamation) prohibiting or restricting access to any specified area of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,the person must comply with those directions in carrying out the work;
- (c) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (d) in addition to complying with the other requirements of this proclamation, the person—
 - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
 - (ii) must maintain all work areas in a clean and tidy condition; and
 - (iii) must, on the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;
- (e) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (b)(iii), the person must rehabilitate the land (including its vegetation and wildlife) on completion of any work to the satisfaction of the Environment Minister.

7—Governor may give approvals, directions

If the Mining Minister and the Environment Minister cannot agree as to whether—

- (a) approval should be granted or refused under clause 5; or
- (b) a direction should be given under clause 6(b),

the Governor may, with the advice and consent of the Executive Council—

- (c) grant or refuse the necessary approval under clause 5; or
- (d) give a direction in writing under clause 6(b).

2—Commencement

This proclamation comes into operation on the day on which it is made.

3—Constitution of Fowlers Bay Conservation Park

The following Crown land is constituted as a conservation park and assigned the name *Fowlers Bay Conservation Park*:

Allotments 62 and 64 of Deposited Plan 35363, Hundred of Caldwell;

Allotment 100 of Deposited Plan 35535, Hundred of Caldwell;

Allotment 101 of Deposited Plan 35535, Hundreds of Caldwell and Sturdee.

Made by the Governor

being of the opinion that the Crown land described in clause 3 should be protected and preserved for the purpose of conserving any wildlife and the natural and historic features of the land and with the advice and consent of the Executive Council

Schedule 1—Revocation of *State Theatre Company of South Australia Regulations 1994*

1—Short title

These regulations may be cited as the *State Theatre Company of South Australia Regulations 2006*.

2—Commencement

These regulations will come into operation 4 months after the day on which they are made (see *Subordinate Legislation Act 1978* section 10AA).

3—Interpretation

In these regulations, unless the contrary intention appears—

Act means the *State Theatre Company of South Australia Act 1972*;

election includes a by-election;

employee governor means the governor referred to in section 6(2)(c) of the Act;

official mark means a mark approved by the secretary for the purpose of authenticating ballot papers;

secretary means the secretary to the Board appointed under section 22 of the Act;

subscriber governor means a governor referred to in section 6(2)(b) of the Act.

4—Rolls of subscribers and employees

- (1) The secretary must maintain—
 - (a) the roll of subscribers to the Company; and
 - (b) the roll of employees of the Company.
- (2) The secretary must enter on the roll of subscribers the name and address of a person—
 - (a) who applies in writing to the secretary to be enrolled as a subscriber and pays the annual subscription fee fixed by the Board; or
 - (b) who, in the opinion of the Board, has given distinguished and outstanding service to the Company and is nominated by the Board as an honorary subscriber.
- (3) A person may not be enrolled on the roll of subscribers unless he or she is of or above the age of 18 years.
- (4) The secretary must enter on the roll of employees the names and addresses of all employees of the Company.
- (5) The secretary must remove from the roll of subscribers the name and address of a person (not being an honorary subscriber) who refuses or fails to pay the annual subscription fee.
- (6) If a subscriber notifies the secretary in writing that the subscriber—
 - (a) has changed his or her name or address; or
 - (b) wishes to cancel his or her subscription,the secretary must vary the roll of subscribers accordingly.
- (7) The secretary must remove from the roll of employees the name and address of a person who ceases to be an employee of the Company.
- (8) The roll of subscribers must be made available at the Board's offices for inspection by subscribers during ordinary office hours.
- (9) The roll of employees must be made available at the Board's offices for inspection by employees during ordinary office hours.

5—Requirement for holding election

An election must be conducted by the secretary whenever required under section 6 of the Act.

6—Nominations

- (1) If it is necessary to hold an election for subscriber governors, the secretary must, by notice published in a daily newspaper circulating throughout the State, call for the nomination of candidates for the election.
- (2) If it is necessary to hold an election for an employee governor, the secretary must, by notice affixed in a prominent place in a part of the Company's premises to which all employees of the Company have access, call for the nomination of candidates for the election.

- (3) A notice under subregulation (1) or (2) must specify—
 - (a) the number of candidates required to be elected; and
 - (b) the date and hour by which nominations must be received by the secretary.
- (4) The date for the close of nominations must be—
 - (a) in the case of an election of subscriber governors—at least 14 days after the date of publication of the notice under subregulation (1); or
 - (b) in the case of an election of an employee governor—at least 14 days after the date of the posting of the notice under subregulation (2).
- (5) A nomination of a candidate for election must—
 - (a) be in writing; and
 - (b) contain a statement, signed by the candidate, to the effect that he or she consents to stand as a candidate in the election; and
 - (c) be signed by—
 - (i) in the case of a nomination for election as a subscriber governor—at least 3 subscribers other than the candidate; or
 - (ii) in the case of a nomination for election as an employee governor—at least 2 employees other than the candidate; and
 - (d) be delivered to the secretary not later than the date and hour specified in the notice for the close of nominations.
- (6) A nomination is invalid if it is not made in accordance with this regulation.

7—Method of election of candidates

- (1) If the number of candidates nominated is not greater than the number of subscribers or employees required to be elected, the secretary must declare the candidate or candidates duly elected.
- (2) A declaration under subregulation (1) must be made immediately after the close of nominations.
- (3) The secretary must, as soon as practicable after the making of a declaration under this regulation, notify in writing each successful candidate of his or her election.
- (4) If the number of candidates nominated is greater than the number of subscribers or employees required to be elected, the secretary must cause ballot papers to be prepared for an election.

8—Close of rolls

- (1) If an election is to be held, the secretary must—
 - (a) in the case of an election of subscriber governors—close the roll of subscribers 7 days after the day on which a notice under regulation 6(1) is published; or
 - (b) in the case of an election of an employee governor—close the roll of employees 7 days after the day on which a notice under regulation 6(2) is posted,until the completion of the election.
- (2) The secretary must ensure that the roll of subscribers or employees, as the case may require, has been made up in accordance with regulation 4 at the date of the close of the roll.

9—Ballot papers

Ballot papers must be in a form determined by the secretary.

10—Provision of ballot papers

- (1) If an election of subscriber governors is to be held, the secretary must provide each subscriber recorded on the roll of subscribers at the close of the roll with a ballot paper and envelopes by posting them to the subscriber at his or her address last recorded in the roll.
- (2) If an election of an employee governor is to be held, the secretary must provide each employee recorded on the roll of employees at the close of the roll with a ballot paper and envelopes by posting them to the employee at his or her address last recorded in the roll.
- (3) If a ballot paper is provided to a subscriber or employee, that person must also be provided with—
 - (a) an unmarked envelope suitable for holding the ballot paper; and
 - (b) a second envelope suitable for holding the first envelope, addressed to the secretary and bearing on the side on which the address is written the words "ballot paper" and a place for the signature of the subscriber or employee.
- (4) Every ballot paper must be authenticated by the official mark.

11—Voting

- (1) A person who wishes to vote at an election must—
 - (a) indicate—
 - (i) his or her first preference for a candidate by placing the number 1 in the square opposite the name of the candidate on the ballot paper; and
 - (ii) his or her preference for the other candidates by placing consecutive numbers (commencing with the number 2) in the squares opposite the names of the candidates on the ballot paper; and
 - (b) place the ballot paper in the unmarked envelope provided, place the envelope inside the second envelope addressed to the secretary, seal the second envelope and sign it; and
 - (c) return the envelope to the secretary not later than the date and hour fixed by the secretary and specified on the ballot paper.
- (2) A ballot paper is invalid if it is received by the secretary after the date and hour specified for its return.

12—Informal ballot papers

A ballot paper is informal if—

- (a) it is not authenticated by the official mark; or
- (b) it has not been completed in accordance with regulation 11; or
- (c) it has on it any mark or writing by which the voter can be identified.

13—Scrutineers

- (1) Each candidate for election may, by instrument in writing, appoint 1 scrutineer to be present when the votes at an election are counted.

- (2) A candidate for election is not eligible to be appointed as a scrutineer for the purposes of that election.
- (3) The secretary must notify a scrutineer appointed under subregulation (1) of the time and place at which the votes are to be counted.

14—Counting of votes

- (1) Votes must be counted by the secretary in the presence of any scrutineers appointed under regulation 13 who seek to be present.
- (2) The following provisions apply to the counting of votes at an election:
 - (a) the secretary must open all the unmarked envelopes, extract the ballot papers, reject all ballot papers that are informal and count the number of ballot papers remaining;
 - (b) the secretary must conduct the count for an election in which only 1 vacancy is to be filled, or for the filling of the first vacancy in an election, as follows:
 - (i) the secretary must count to each candidate the ballot papers indicating a first preference vote for that candidate and, if the candidate with the largest number of ballot papers counted to him or her has an absolute majority, declare that candidate to be elected;
 - (ii) if no candidate has an absolute majority on the first count, the secretary must exclude the candidate with the fewest ballot papers counted to him or her from the count and count each of the excluded candidate's ballot papers to a continuing candidate according to the next preference indicated on the ballot paper;
 - (iii) if a candidate then has an absolute majority, the secretary must declare that candidate to be elected, but, if not, the secretary must repeat the process of excluding the candidate with the fewest ballot papers from the count and counting each of the excluded candidate's ballot papers to a continuing candidate according to the next preference indicated on the ballot paper until a candidate has an absolute majority;
 - (iv) the secretary must, when an absolute majority of the ballot papers is counted to a candidate, declare that candidate to be elected;
 - (c) the secretary must conduct the count for the filling of the second vacancy in an election as follows:
 - (i) the secretary must count to each candidate (other than the elected candidate) each ballot paper indicating a first preference vote for that candidate and count each ballot paper indicating a first preference vote for the elected candidate to another candidate according to the next preference indicated on the ballot paper;
 - (ii) if the candidate with the largest number of ballot papers counted to him or her has an absolute majority, the secretary must declare that candidate to be elected, but, if not, the secretary must proceed with the count as provided by paragraph (b)(ii) and (iii) and, when an absolute majority of the ballot papers is counted to a candidate, declare that candidate to be elected.

- (3) For the purposes of subregulation (2)—
- (a) a reference to an absolute majority is a reference to more than one-half of the ballot papers other than those that have been rejected as informal; and
 - (b) a reference to a continuing candidate is a reference to a candidate—
 - (i) who has not been excluded from the count; and
 - (ii) in relation to a count for the filling of a second vacancy, who has not been declared to be elected on the count for the filling of the first vacancy; and
 - (c) if at any stage of the count 2 or more candidates have an equal number of ballot papers counted to them and 1 is required to be excluded from the count, the secretary must decide, by lot, which of them is to be excluded; and
 - (d) if 2 candidates remain in the count but have an equal number of ballot papers counted to them, the secretary must decide, by lot, which of them is to be elected.
- (4) The secretary may not vote in an election.

15—Notice of election results

The secretary must, as soon as practicable after the counting of votes is completed—

- (a) notify the Board; and
- (b) cause a notice setting out the results of the election—
 - (i) in the case of an election of subscriber governors—to be published in a daily newspaper circulating throughout the State; or
 - (ii) in the case of an election of an employee governor—to be affixed in a prominent place in a part of the Company's premises to which all employees of the Company have access.

16—Validity of elections

An election is not invalid by reason only of minor non-compliance with, or a minor breach of, these regulations unless the result of the election was affected by the non-compliance or breach.

17—Subscription fees

- (1) The Board may fix—
- (a) annual subscription fees to be paid by subscribers, including different fees for different classes of subscriptions; and
 - (b) the mode and time of payment of those fees.
- (2) A fee, or the mode or time of payment of a fee, fixed under subregulation (1) may be varied but the Board cannot alter the amount of a subscription fee, or the mode or time for its payment, after the commencement of the period of 12 months to which the fee relates.
