DEVELOPMENT ACT 1993: SECTION 48

DECISION BY THE DEVELOPMENT ASSESSMENT COMMISSION AS DELEGATE OF THE GOVERNOR

Preamble

1. A proposal from Baillie Lodges (hereafter 'the applicant') to develop a nature based tourism resort at Hanson Bay, Kangaroo Island has been under consideration under Division 2 of Part 4 of the Development Act 1993.

2. The proposal has been the subject of a Public Environmental Report (PER) and an Assessment Report under sections 46 and 46C of the Development Act 1993, and is hereafter referred to as the 'proposed Major Development'.

3. The proposed Major Development was the subject of a development application lodged in February 2005 by the applicant. The said application has been amended and expanded upon by the applicant's Public Environmental Report, dated 24 March 2006 and the applicant's Response Document, dated 4 July 2006.

4. The Governor was satisfied that an appropriate Public Environmental Report and an Assessment Report have been prepared in relation to the proposed Major Development, in accordance with sections 46 and 46C, Division 2 of Part 4 of the Development Act 1993, and have had regard, when considering the proposed Major Development, to all relevant matters under section 48 (5) of the Development Act 1993.

5. Recent amendments that have been approved are contained in the following documents and drawings:

- An application for the Building Rules approval for the Staff Village Stage 1 construction was made on 4 December 2006.
- An application for approval for the Construction Environmental Management and Monitoring Plan (CEMMP) was made on 11 December 2006.
- An application for approval for the revised Construction Environmental Management and Monitoring Plan (CEMMP) was made on 30 January 2007.
- An application for the Building Rules approval for the spa retreat (Stage 2) and the footings of the accommodation suites (Stage 3) was made on 20 February 2007.
- An application for the building rules approval for the guest units and verandahs (Stage 4 superstructure) and for the lodge (Stage 5 substructure), retaining walls and pool was made on 25 May 2007.
- An application for the construction of a telecommunications tower on 15 May 2007.

6. Application has now been made to the Development Assessment Commission as Delegate of the Governor under section 48 of the Development Act 1993 to grant Building Rules approval for the telecommunications tower.

7. The Development Assessment Commission has in considering the application had regard to all relevant matters under section 48 (5) of the Development Act 1993.

8. The Development Assessment Commission is satisfied that the variation does not require the preparation of a further amended Public Environmental Report.

Decision

PURSUANT to section 48 of the Development Act 1993 and with the advice and consent of the Executive Council and having due regard to the matters set out in section 48 (5) and all other relevant matters, the Development Assessment Commission, as delegate of the Governor:

- (a) grant a provisional development authorisation in relation to the proposed major development, subject to the conditions and Notes to Applicant below;
- (b) specify all matters relating to this provisional development authorisation as matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached;
- (c) specify for the purposes of section 48 (11) (b) the period of two years from the date hereof as the time within which substantial work must be commenced on-site failing which the Governor may cancel this authorisation.

Pursuant to section 48 and Regulation 64 (1) of the Development Act 1993, reserve the decision on the following matter:

- (a) Compliance with the Building Rules in relation to the remaining components of Stage 4 of the proposed major development (refer to Notes to Applicant below for further information).
- (b) Compliance with the Building Rules in relation to the remaining components of Stage 5 of the proposed major development (refer to Notes to Applicant below for further information).

Conditions of Approval

1. Except where minor amendments may be required by other legislation, or by conditions imposed herein, the proposed major development shall be undertaken in strict accordance with:

- (a) the following drawings contained with the Public Environmental Report for Southern Ocean Lodge dated 24 March 2006, except to the extent that they are varied by the plans described in paragraph 1 (b):

 - Report and accompanying plans on Proposed Antenna Support Structure, 12 m triad telecommunications tower—Hanson Bay Lodge.
 - Building Rules Certification dated 27 July 2007 by Rocco Ciancio Private Certifier and Building Surveyor in regards to the telecommunications tower—Hanson Bay Lodge.
2. The applicant shall submit further information and application(s) in relation to the matters that have been reserved.
3. No building works on any part of the development may commence until a favourable decision has been notified to the applicant by the Governor or the Governor's delegate in respect of the reserved matters referred to above and until a development authorisation under section 48 (2) is granted.
4. An Operational Environmental Management and Monitoring Plan (OEMMP) for the operational phase of the development shall be prepared to the satisfaction of the Governor or her delegate, prior to commencement of operations. (Refer to Notes to Applicant below).
5. All works and site activities shall be undertaken in accordance with the approved Construction Environmental Management and Monitoring Plan.
6. Normal operating hours for construction activities and truck movements to and from the site shall be from 7 a.m. to 7 p.m., Monday to Sunday inclusive. (Refer to Notes to Applicant relating to Environment Protection Authority noise emission policies).
7. The wastewater collection and treatment system shall be designed to ensure that the obligations of the Environment Protection (Water Quality) Policy 2004 are met, and to ensure that effluent does not overflow or escape from drains, pipes, sumps, tanks, storage/treatment basins into any watercourse, or into stormwater drains which do not drain into the effluent collection, treatment and disposal system, except where the effluent complies with criteria in the above policy.
8. The level of wastewater generated and consequent irrigation rates shall be closely monitored and if greater than 8 500 L/day then irrigation area and rates modified to ensure compliance with this limit.
9. Information on all signage (directional and interpretative) including detail on size, colour and content, shall be prepared to the satisfaction of the Governor or delegate, prior to its installation.
10. Pedestrian access arrangements over Crown land and management of its impacts shall be agreed with the Department for Environment and Heritage prior to opening of the Lodge. The beach shall remain unobstructed for public access.
11. A raised timber boardwalk shall be provided along the walking trail to the east of the suites as indicated in Figure 3.1 of the Response Document. Detail on the dimensions and the precise location of the boardwalk shall be prepared to the satisfaction of the Governor or delegate prior to its installation.
12. A strategy to minimise impact on fauna from vehicle traffic using the private entrance road shall be prepared to the satisfaction of the Governor or delegate.
13. Clearing of vegetation shall not exceed that indicated in the PER. Revegetation of impacted areas shall be undertaken as soon as possible following construction.
14. Biomatting or mulching on cleared areas shall occur until such time that revegetation is established.
15. Aboveground fuel tanks shall be bunded and sealed in a manner which will provide capacity for a minimum of 30 000 litres.
16. All stormwater run-off from car parking areas, driveways and other hard surfaced areas shall be collected, contained, treated as necessary, and disposed of in a stormwater management system so that there is no contamination of water resources (surface or underground).
17. Storage of any material with the potential to degrade water quality shall be within a bunded area constructed in accordance with Australian Standard 1940.
18. The helipad shall only be used in emergencies.
19. In keeping with its commitment in the PER, the proponent and any subsequent operator shall not clear boundary vegetation, whether or not such clearance is permitted under the Native Vegetation Act 1991.

20. Revegetation of the site, with locally indigenous species, shall be undertaken if the operation fails and the site is decommissioned.

21. The restaurant shall not be open to the general public.

22. A Bushfire Management Plan, prepared in consultation with the Country Fire Service, shall be submitted for approval by the Governor or delegate.

23. Public and Environmental Health Act 1987, approval of the method of disposal of sewage and sullage from the building shall be obtained from Council prior to work being commenced. (Regulation 77).

24. For buildings within 1 km of the coastline all external metal roof cladding shall be corrosion protected and all connectors used in timber fixings shall be corrosion protected with a protective coating in accordance with the requirements of AS1214, AS1397, AS1562, AS1684, AS1720, AS/NZS2179, AS/NZS2699, AS3623, AS4100, AS/NZS4534, AS/NZS4600 and AS/NZS4791. (BCA B1.3).

25. Water storage tank calculations and details shall be submitted to the private certifier for approval prior to this work commencing. (BCA B1.3).

26. Materials and assemblies in the building shall have Fire Hazard Properties that comply with the requirements of Specification C1.10 and in accordance with the requirements of this part of the BCA. (BCA C1.10).

27. Water storage tanks overflow shall be discharged at least 5 m away from buildings and site boundaries or piped to the street waterable or site drainage easement in accordance with the requirements of AS/NZS3500.3.2 or AS/NZS3500.5. (BCA F1.1).

28. An additional washing/drying machine (total of three required) shall be installed in the laundry for the use of the residents of the Bed-sit units in accordance with the requirements of this part of the BCA. (BCA F2.1).

29. This consent does not include the cabins, service buildings, reception/restaurant and spa retreat, which shall form the basis of further staged application(s) for Building Rules assessment. Note that there are timeframes for which the proposal must be substantially completed from the dated of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage(s) prior to the expiration of the validity of the Development Approval (section 39 and Regulation 46).

30. The building works proposed shall conform to the provisional development plan consent requirements (section 93).

31. The disposal of sewage and sullage from the spa retreat shall be undertaken in accordance with the Public and Environmental Health Act approval obtained from the SA Health Commission. (Regulation 77).

32. The door to the WC must have demountable hinges and be removable from outside the WC in the event that an emergency removal of the occupant is required. (BCA F2.5).

33. The heater and flue/chimney must be constructed and installed to comply with the requirements of AS/NZS2918. (BCA G2.2 and G2.3).

34. Portable fire extinguishers and fire blankets (if applicable) must be installed in the building in accordance with the requirements of this part of the BCA. (BCA E1.6).

35. Exit lights must be installed adjacent doors D01 and D02 in the path of egress from the building in accordance with AS 2444 and in accordance with this part of the BCA. (BCA B1.3).

36. The finished paving level around the masonry wall must be set down at least 75 mm below the external wall damp proof course. (BCA B1.3).

37. The Building Rules Certification dated 20 February 2007, does not include the staff village, staff accommodation, cabin superstructure, service building and reception/restaurant, which shall form the basis of further staged application(s) for Building Rules assessment. (Note that there are timeframes for which the proposal must be substantially completed from the date of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage(s) prior to the expiration of the validity of the Development Approval section 39 and Regulation 46).

38. The timber durability and weather exposure requirements for exposed structural timbers, including supporting timber members must be in accordance with Clause 1.10 of AS 1684 National Timber Framing Code. (BCA B1.3).

39. Roof stormwater during the construction phase must be piped to water storage tanks or discharged at least 5 m away from buildings, any septic systems or site boundaries with the requirements of AS/NZS3500.3.2 or AS/NZS3500.5 and without damage to the surrounding land and flora. (BCA B1.3). Note that the permanent storm water disposal system will be assessed as part of the completion consent stage.

40. The public corridor serving the units must be divided with smoke proof doors at intervals of not more than 40 m in accordance with BCA Clause C2.14 and this part of the BCA. (BCA CP1, CP2). Note this will be reviewed as part of the completion consent stage.

41. Doors to the storerooms and equipment cupboards opening into the public corridor must be self-closing, tight fitting, solid core, not less than 35 mm thick in accordance with BCA Clause 3.11. (BCA CP1, CP2, CP8).

42. The floor above the 'sub-floor' plant room must be fire separated from the unit above with a floor having at least FRL30/30/30 or with a fire-protective covering ceiling directly below the floor structure of the units in accordance with BCA Spec. C1.1-5.1. (BCA CP1, CP6).

43. The 'sub-floor' plant room must be enclosed with walls having a fire rating of not less than FRL60/60/60 in accordance with BCA Spec. C1.1-5.1. (BCA CP1, CP6).

44. The corridor widths must be at least 1 000 mm adjacent to the storeroom door positions in accordance with this part of the BCA. (BCA DP1, DP2, D1.6).

45. The public corridor must be fitted with exits leading to the open space located such that unit entrance doors are not more than 6 m to the nearest single exit in accordance with BCA Clause D1.4 and exits shall be spaced not further than 45 m apart in accordance with BCA Clause D1.5. (BCA DP1, DP2).

46. The entrance door-sets to the units must be sound insulated to at least Rw30 in accordance with the requirements of this part of the BCA. (BCA FP5.3, F5.5).

47. The 'sub-floor' plant room must be sound insulated from the adjoining units with walls with at least Rw50 (airborne) and floors with at least Rw+Ctr50 (airborne) in accordance with BCA Clauses F5.4 and F5.5. (BCA FP5.1, FP5.2).

48. For buildings within 1 km of the coastline all external metal roof cladding must be corrosion protected, any external leaf brick lintels must be hot dip galvanised, internal and external steelwork and all connectors used in timber fixings must be corrosion protected with a protective coating in accordance with the requirements of AS1214, AS1397, AS1562, AS1684, AS1720, AS/NZS2179, AS/NZS2699, AS3623, AS4100, AS/NZS4534, AS/NZS4600 and AS/NZS4791. (BCA B1.3).

49. The building area must be treated and continuously protected and maintained against attack from termites in accordance with the requirements of AS3660.1. (BCA B1.3).

50. The finished paving level around the masonry wall must be set down at least 75 mm below the external wall damp proof course. (BCA B1.3).

51. The slab edge rebate must be constructed to have a depth of at least 20 mm and a width of at least the thickness of the masonry external leaf plus the cavity gap in accordance with the BCA. (BCA B1.3).

52. A person must not fill the swimming pool with water, unless, the pool is enclosed by a fence that complies with AS1926 and Performance Requirement P2.5.3. (Regulation 83B).

53. The building loads used in this consent stage are required to be reaffirmed by the design engineer as part of the superstructure consent stage. Alterations to the building loads in the superstructure design, including the structural adequacy of the footings and foundation forming part of this staged consent will also need to be confirmed by the design engineer during the superstructure consent stage application. (Section 39 and Regulation 46).

54. The clearance for the telecommunications tower shall be undertaken using handheld equipment to minimise the impact of machinery on native vegetation on the actual site.

55. Any necessary cables for the telecommunications tower shall be located within the existing road surface to minimise vegetation clearance.

56. For structures within 1 km of the coastline all metal must be corrosion protected with a protective coating in accordance with the requirements of this part of the Building Code of Australia (BCA). (BCA P2.1).

Notes to Applicant

1. All matters relating to this provisional development authorisation are matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached.

2. A decision on building rules will only be made after a Building Rules assessment and certification has been undertaken and issued by the Kangaroo Island Council or a private certifier, in accordance with the provisions of the Development Act 1993 and after the Minister for Urban Development and Planning receives a copy of all relevant certification documentation, as outlined in Regulation 64 of the Development Regulations 1993.

3. Pursuant to Development Regulation 64, the applicant is advised that the Kangaroo Island Council or private certifier conducting a Building Rules assessment must:

- (a) provide to the Minister a certification in the form set out in Schedule 12A of the Development Regulations 1993 in relation to the building works in question; and
- (b) to the extent that may be relevant and appropriate:
 - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12;
 - (ii) assign a classification of the building under these regulations; and
 - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.

Regulation 64 of the Development Regulations 1993 provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Urban Development and Planning.

4. The Kangaroo Island Council or private certifier undertaking the Building Rules assessment must ensure that the assessment and certification are consistent with this provisional development authorisation (including Conditions or Notes that apply in relation to this provisional development authorisation).

5. An application to vary the Major Development or any of its components may be submitted. Whether a new PER and Assessment Report need to be prepared will depend on the nature of the variation and the lapse of time since the preparation of the PER.

6. The applicant's CEMMP and OEMMP should be prepared taking into consideration, and with explicit reference to, relevant Environment Protection Authority policies and guideline documents, including but not limited to:

- the Environment Protection (Air Quality) Policy 1994;
- the Environment Protection (Water Quality) Policy 2003;
- the Occupational Health and Safety Regulations;
- EPA Guidelines on Odour Assessment, using odour source modelling 2003;
- EPA Handbook for Pollution Avoidance on Commercial and Residential Building Sites 2004;
- EPA Bunding and Spill Management Guidelines 2004; and
- EPA Stormwater Pollution Prevention Codes of Practice, in addition to other legislative requirements and Guidelines/Australian Standards requiring compliance.

The following management and monitoring plans may be incorporated into the CEMMP or OEMMP as appropriate:

- Vegetation Monitoring and Management Plan.
- Site Construction Monitoring and Management Plan.
- Stormwater Monitoring and Management Plan.

7. The proponent is advised of the General Environmental Duty under section 25 of the Environment Protection Act 1993, which requires that a person must not undertake any activity, which pollutes, or may pollute; without taking all reasonable and practical measures to prevent or minimise harm to the environment.

8. Any information sheets, guidelines documents, codes of practice, technical bulletins, etc. that are referenced in this decision notice have been provided to the planning authority or may be accessed on the following website:

<http://www.environment.sa.gov.au/epa/pub.html>.

9. The Minister has a specific power to require testing, monitoring and auditing under section 48C of the Development Act 1993.

10. For the purposes of section 48 (11) (b) the period of two years from the date hereof as the time within which substantial work must be commenced on-site failing which the Governor may cancel this authorisation.

11. The applicant is reminded of its obligations under the Aboriginal Heritage Act 1988 whereby any 'clearance' work, which may require permission to disturb damage or destroy Aboriginal Sites, must be undertaken with the full authorisation of the Minister for Aboriginal Affairs and Reconciliation, according to section 23 of the Aboriginal Heritage Act 1988. Construction staff should be trained in the recognition of potential objects or remains.

12. The Aboriginal Affairs and Reconciliation Division of the Department of the Premier and Cabinet (AARD) strongly recommends that the proponent contact representatives of the Kaurua, Ngarrindjeri and Ramindjeri peoples before the project proceeds, to ensure respect for their heritage interests and well being.

13. The applicant is required to obtain a separate approval from the Department of Health (Wastewater Management Unit) for the other elements of the on-site collection, treatment and disposal of wastewater.

14. A disposal path for the spa water shall be designed to comply with the requirements of the relevant authority under the Public and Environmental Health Act 1987.

15. All community drinking water supplies shall comply with the Food Act 2001 which requires compliance with the NH&MRC's Australian Drinking Water Guidelines (2004).

16. In relation to the operation of the spa, reference should be made to the South Australian Health Commission Code 'Standard for the operation of swimming pools and spa pools in South Australia' and 'Supplement C, Bromine disinfection of swimming pool, spa pool, hydrotherapy pool and waterslide pool'.

17. This decision does not include approval for use of bore water. A separate application to vary the Governor's approval is required in the instance that any proposal to use the bore water is put forward.

18. Should surface irrigation be desired, then the effluent must be disinfected to meet the requirements of the South Australian Reclaimed Water Guidelines (1999).

19. NH&MRC's Australian Drinking Water Guidelines (2004) may be accessed at:

http://www.nhmrc.gov.au/publications/_files/awgfull.pdf

Compliance with the Guidelines requires that a risk management plan must be developed and the implementation of such a plan will require the application of the NH&MRC's Community Water Planner, which may be accessed at:

http://www.nhmrc.gov.au/publications/_files/awg0.pdf

20. The proponent is required to develop a Phytophthora hygiene strategy, which shall include washdown procedures for heavy machinery, graders, bulldozers prior to entry to the site. A trailer-mounted Phytophthora Washdown Unit is available for hire from Kangaroo Island Council.

21. The proponent needs to consult with the NRM Board over arrangements to minimise the risk of spreading weeds during works.

22. Diesel motors shall conform to the mandatory provisions of the Environmental Protection (Air Quality) Policy 1994 (SA) for particulates and carbon monoxide in exhaust gas.

23. A separate approval is required under the Environment Protection and Biodiversity Conservation Act 1999.

24. The Building Rules certification dated 25 May 2007 does not include the building occupancy, fire services, 'smoke control' systems and permanent storm water disposal system, which shall form the basis of a future staged application for Provisional Building Rules assessment. Note that there are time frames for which the proposal must be substantially completed from the date of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage prior to the expiration of the validity of the Development Approval. (Section 39 and Regulation 46).

25. This consent does not include the lodge superstructure or building occupancy, which shall form the basis of a future staged application for Provisional Building Rules assessment. Note that there are timeframes for which the proposal must be substantially completed from the date of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage prior to the expiration of the validity of the Development Approval. (Section 39 and Regulation 46).

Notes on Building Rules Certification (Stages 1, 2, 3, 4 and 5)

26. It is advisable to contact authorities responsible for the supply of services such as water, electricity, telephone, gas, the Department of Transport, Australia Post, Environment Protection Authority (EPA) and easement owners/holders, where applicable, seeking their requirements prior to building work commencing on site.

27. All building work must be performed in accordance with the approved documents. Any variations to building design, materials or systems that affect the structural soundness or the safety of the building must be approved by the *private certifier* prior to such alteration occurring. Alternate and/or substitute building products must meet the *Deemed-To Satisfy* provisions or the *Performance Requirements* of the BCA.

28. The building contains materials that are susceptible to termite attack. The details provided indicate that physical barriers, in accordance with AS3660.1 requirements are to be used to protect the building. The building owner and the tenant are advised that an important part of the protection involves regular inspections for termite activity and appropriate action as and when required.

29. Propriety materials and products specified in the approved documents must be selected and installed in accordance with the manufacturers written recommendations, specifications and with the relevant standards.

30. For cut and fill sites, retaining walls are required to be installed on the boundary to retain any cut or fill within the property boundaries.

31. The building work proposed has been checked for compliance with the minimum allowable requirements contained within the legislation and standards. The owner, the applicant and the builder are advised to seek advice from the designers involved to determine the implications of the design criteria chosen for this project.

32. The owner, the applicant and the builder are advised to ensure that ancillary works are completed in a timely manner to ensure that the health of persons and damage to structures do not occur. This includes any air-conditioning works, paving, plumbing (both septic and water), landscaping, fences, soil retention or activity.

33. The legislation provides that defined activities are complying. It is the owner, the applicant, the builder and the tenant's responsibilities to ensure that any such activity is carried out in a manner that is not detrimental to persons or structures.

34. Where articulation of the walls of the building are required, these must be installed in accordance with the manufacturer requirements or as specified within the Engineers Footing Construction Report.

35. The installation of glazing must be in accordance with AS1288 and is to include safety glass for glazed doors, side panels, full height windows and glass located over or adjacent bath/showers.

36. The consents covering Stages 1, 2, 3, 4 and 5 do not imply compliance with the Equal Opportunity Act 1984 (State Legislation), nor with the Disability Discrimination Act 1993 (Commonwealth Legislation), including the Regulations under those legislative Acts and each as amended. It is the responsibility of the owner and the person erecting the structure/s to ensure compliance with these legislative requirements.

Additional Notes on Building Rules Certification (Stage 1)

37. Consent is for work carried out within the site boundaries and does not cover work carried out in an adjoining public space. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the stormwater discharge at the property alignment.

38. The owner's attention should be drawn to the landscaping and tree planting restrictions required by the engineer's construction report and AS2870.

39. **ESSENTIAL SAFETY PROVISIONS:** An essential safety provisions Schedule in the form set out in Form 1 of Schedule 1, which specifies the essential safety provisions set out in Minister's Specification SA 76 has been provided with this certification. The items to be inspected or tested are detailed on the attached Schedule. The building owner must record proof of maintenance of these items for future reference.

40. The building classification and approved number of occupants is as follows:

Building	Floor	Portion	Classification(s)	Approved Number of Persons
Manager's Residence	Ground	All	2	4
Duplex Units	Ground	All	2	2 per unit
Bed-sit Units	Ground	All	2	2 per unit
Staff Centre	Ground	All	10a	N/A

Notes on Building Rules Certification (Stages 2 and 3)

41. The building work proposed has been checked for compliance with the minimum allowable requirements contained within the legislation and standards. The owner/applicant/builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the design criteria chosen for this project.

42. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

Additional Notes on Building Rules Certification (Stage 2)

43. **ESSENTIAL SAFETY PROVISIONS:** An essential safety provisions schedule in the form set out in Form 1 of Schedule 1, which specifies the essential safety provisions set out in Minister's Specification SA 76 has been provided with this certification. The items to be inspected or tested are detailed on the attached schedule. The building owner must record proof of maintenance of these items for future reference.

44. The building classification and approved number of occupants is as follows:

Floor	Portion	Classification(s)	Approved Number of Persons
Ground	All	5	6

Additional Notes on Building Rules Certification (Stage 3)

45. The owner's attention should be drawn to the landscaping and tree planting restrictions required by the engineer's construction report and AS2870.

Additional Notes on Building Rules Certification (Stage 4)

46. Consent is for work carried out within site boundaries and does not cover work carried out in an adjoining public space. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the storm water discharge at the property alignment.

47. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

48. The building work proposed includes elements of design and construction that require on-going maintenance and regular inspection regimes. The owner, the applicant and the builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the maintenance/inspection required for this project.

49. The performance of the designs chosen for the proposed building work have obligations on the owner, the applicant, the builder and the tenant to ensure that the design parameters are not compromised by a lack of attention, maintenance or misuse. The owner, the applicant, the builder and the tenant of the building works are advised to refer to the designers, the manufacturers and the standards associated with this building to ensure that their obligations to ensuring the design parameters are not compromised or exceeded and that the design parameters are met.

Additional Notes on Building Rules Certification (Stage 5)

50. Consent is for work carried out within the site boundaries and does not cover work carried out in an adjoining public space. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the storm water discharge at the property alignment.

51. The building work proposed includes elements of design and construction that require on-going maintenance and regular inspection regimes. The owner, the applicant and the builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the maintenance/inspection required for this project.

52. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

53. The performance of the designs chosen for building work have obligations on the owner, the applicant, the builder and the tenant to ensure that the design parameters are not compromised by a lack of attention, maintenance or misuse. The owner, the applicant, the builder or the tenant of the building works are advised to refer to the designers, the manufacturers and the standards associated with this building to ensure that their obligations to ensuring the design parameters are not compromised or exceeded and that the design parameters are met.

Notes on Building Rules Certification (telecommunications tower)

54. This consent does not include any development plan ('planning') matters, including matters specified and required by any conditions of the provisional development plan consent authority. Their approval must be sought and obtained for such matters.

55. Consent is for work carried out within the site boundaries and does not cover work carried out in an adjoining public space.

56. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the storm water discharge at the property alignment.

57. The owner's attention should be drawn to the landscaping and tree planting restrictions required by the engineer's construction report and AS2870.

58. It is advisable to contact authorities responsible for the supply of services such as water, electricity, telephone, gas; the Department of Transport, Australia Post, Environment Protection Authority (EPA) and easement owners/holders, where applicable, seeking their requirements prior to building work commencing on site.

59. All building work must be performed in accordance with the approved documents. Any variations to building design, materials or systems that affect the structural soundness or the safety of the building must be approved by the *private certifier* prior to such alteration occurring. Alternate and/or substitute building products must meet the *Deemed- To Satisfy* provisions or the *Performance Requirements* of the BCA.

60. The building contains materials that are susceptible to termite attack. The details provided indicate that physical barriers, in accordance with AS3660.1 requirements are to be used to protect the building. 62. For cut or fill sites, retaining walls are required to be installed on the boundary to retain any cut or fill within the property boundaries.

63. The building work proposed has been checked for compliance with the minimum allowable requirements contained within the legislation and standards. The owner, the applicant and the builder are advised to seek advice from the designers involved to determine the implications of the design criteria chosen for this project.

64. The building work proposed includes elements of design and construction that require on-going maintenance and regular inspection regimes. The owner, the applicant and the builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the maintenance/inspection required for this project.

65. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

66. The performance of the designs chosen for the proposed building work have obligations on the owner, the applicant, the builder and the tenant to ensure that the design parameters are not compromised by a lack of attention, maintenance or misuse. The owner, the applicant, the builder and the tenant of the building works are advised to refer to the designers, the manufacturers and the standards associated with this building to ensure that their obligations to ensuring the design parameters are not compromised or exceeded and that the design parameters are met.

67. The owner, the applicant and the builder are advised to ensure that ancillary works are completed in a timely manner to ensure that the health of persons and damage to structures do not occur. ENVIRONMENT PROTECTION ACT 1993

Approval of Category B Containers

I, STEPHEN RICHARD SMITH, Senior Adviser, Container Deposit Legislation and Delegate of the Environment Protection Authority ('the Authority'), pursuant to section 69 of the Environment Protection Act 1993 (SA) ('the Act') hereby:

Approval of Category B Containers:

Approve as Category B Containers, subject to the conditions in subclauses (i) and (ii) below, each of the classes of containers identified by reference to the following matters described in the first 4 columns of Schedule 1 of this Notice which are sold in South Australia:

- (a) the product which each class of containers shall contain;
- (b) the size of the containers;
- (c) the type of containers;
- (d) the name of the holders of these approvals.

(i) *Subsection 69 (3) Arrangements:*

The holders of these approvals must ensure that the empty containers which belong to their respective class of containers hereby approved as Category B Containers are collected from collection depots approved under section 69 of the Act by the party named in Column 5 of Schedule 1 of this Notice; and

(ii) *Approved Refund Markings:*

- (a) The holders of these approvals must ensure that each container which belongs to their respective class of containers hereby approved as Category B Containers bears the refund marking approved by the Authority in respect of that class of containers.
- (b) The refund marking that appears on each container that belongs to the class of containers hereby approved, must be a minimum 1.5 mm for the smallest letter in the statement and a minimum 3 mm for the numeric ('5') in the statement.
- (c) The holder of these approvals must ensure that if a sticker bearing the refund marking has been approved, and is applied to the container, then the sticker must not be placed on any portion of the opening mechanism or in any other place that would require complete or partial removal of the sticker before the contents may be consumed.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Damien John Wilksch (the 'exemption holder') or a Registered Master on Licence No. R03 is exempt from Clause 22 of Schedule 1 of the Fisheries (General) Regulations 2000, but only insofar as he may use the device described in Schedule 1 to take carp, bony bream and other non-native species in the areas specified in Schedule 2 for the purpose of trade or business (the 'exempted activity'), subject to the conditions set out in Schedule 3, from 1 August 2007 until 30 June 2008, unless varied or revoked earlier.

SCHEDULE 1

'Carp net'—a gill net with a ply greater than 5, having a maximum length of 50 m and a minimum mesh size of 10 cm and a maximum mesh size not exceeding 18 cm.

SCHEDULE 2

- (1) Subject to paragraph (2), the licence holder may conduct fishing activities pursuant to this licence in all backwaters of the River Murray excluding the following areas during the corresponding period set out in the following table:

Area Excluded	Period of Closure
Lake Littra and outflow channel	Permanent—all year
Clover Lake	Permanent—all year
Coombool Swamp	Permanent—all year
Lake Limbra and outflow channel	Permanent—all year
Lake Woolpolool	Permanent—all year
Ral Ral Creek below Chaffey Pump and entrance waters to Lake Merreti	Permanent—all year
Katarapko Creek and Eckert Creek, including The Splash	Permanent—all year
Bulyong Creek	Permanent—all year
Pilby Creek	Permanent—all year
Hancock Creek	Permanent—all year
Mundic Creek	Permanent—all year
Pike Creek	Permanent—all year
Punkah Creek	Permanent—all year
Slaney Creek	Permanent—all year
Loch Luna	Permanent—all year
Cobdogla Swamp	1 August to 30 April (inclusive)
Loveday Swamp/Mussel Lagoons	1 August to 30 April (inclusive)
Lake Merreti	1 August to 31 January (inclusive)

- (2) The licence holder may conduct fishing operations within the closure areas and periods listed above if given written approval by the Director of Fisheries to undertake specified carp eradication work in a specified area for a specified period.

SCHEDULE 3

1. The exemption holder must not use more than 30 carp nets at any one time in permitted backwaters of the River Murray.

2. The exemption holder must not have more than 30 carp nets in his possession at any time when he is deploying carp nets in the backwaters of the River Fishery.

3. The exemption holder may only engage in the exempted activity when also fishing pursuant to River Fishery Licence No. R03, and may only use a boat to engage in the exempted activity if that boat is registered by endorsement on River Fishery Licence No. R03.

4. The exemption holder must not cause or permit a person to act as his agent when engaging in the exempted activity unless that person may lawfully act as an agent for the exemption holder in relation to River Fishery Licence No. R03.

5. All native fish (excluding bony bream) taken in the course of the exempted activity must be immediately returned to the water.

6. Immediately prior to commencing the exempted activity, the exemption holder must advise the PIRSA Fisheries Compliance Unit on 1800 065 522 with the following details:

- The licence number and person(s) conducting the activity.
- The exact location(s) of the fishing activities.
- The number of carp nets being used.
- Exemption No. 9902016.

7. The exemption holder must ensure that the carp nets are checked and all fish removed at least once during each 24-hour period.

8. When the exemption holder moves the carp nets more than 3 km from the reported location of the nets under Condition 6, or removes the nets from the River completely, the exemption holder must again report to the PIRSA Fisheries Compliance Unit on 1800 065 522 and provide either details, as required under Condition 6 of this exemption, or report that fishing with carp nets has ceased.

9. While engaged in the exempted activity, the exemption holders must be in possession of a copy of this notice. Such notice must be produced to a PIRSA Fisheries Compliance Officer as requested.

10. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under that Act, except where specifically exempted by this notice.

Dated 31 July 2007.

W. ZACHARIN, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, a person in the class of persons specified in Schedule 1 (the 'exemption holder') is exempt from section 34 of the Fisheries Act 1982 and Clause 37 of Schedule 1 of the Fisheries (General) Regulations 2000, but only insofar as the exemption holder may undertake the fishing activity described in Schedule 2 within coastal waters adjacent to South Australia excluding State internal waters, subject to the conditions set out in Schedule 3, from 1 July 2007 until 30 June 2008.

SCHEDULE 1

A person who is engaged in a fishing activity pursuant to a fishing concession granted under the Commonwealth Fisheries Management Act 1991, that authorises fishing in the Southern and Western Tuna and Billfish Fishery or the Southern Bluefin Tuna Fishery, including a scientific permit.

SCHEDULE 2

The taking of fish of the genera or species set out below, using a lift net or a small purse seine net, for the purposes of collecting live bait for tuna fishing:

- *Emmelichthyes*
- *Trachurus*
- *Sardinops*
- *Clupe*
- *Scomber australasicus*
- *Engraulis*

SCHEDULE 3

1. The exempted activity may only be undertaken from a boat that is nominated against the fishing concession pursuant to which the tuna fishing is to be undertaken.

2. Fish taken pursuant to this exemption may only be used as live bait or dead bait and must not be sold.

3. A maximum of three tonnes per trip of fish may be taken pursuant to this exemption for use as dead bait.

4. Fish taken pursuant to this exemption must not be transferred to another boat.

5. A purse seine net used pursuant to this exemption must not exceed 300 m.

6. Fishing activity must not be undertaken pursuant to this exemption in waters less than 10 m in depth.

7. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under the Act, except where specifically exempted by this notice.

Dated 31 July 2007.

W. ZACHARIN, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Andrew and Rodney Fox, of Dangerous Reef Pty Ltd, 73 Ninth Avenue, Joslin, S.A. 5070 (the 'exemption holder') is exempt from Regulation 24 (1) of the Fisheries (General) Regulations 2000, in that the exemption holder shall not be guilty of an offence when using blood, bone, meat offal or skin of an animal as berley to attract white sharks (*Carcharodon carcharias*) for the purpose of cage viewing in the waters described in Schedule 1 (the 'exempted activity'), subject to the conditions specified in Schedule 2, from 10 August 2007 until 31 August 2008, or until this exemption is varied or revoked.

SCHEDULE 1

The waters of the Neptune Island Conservation Park.

SCHEDULE 2

1. The exemption holder must be on board the boat from which the exempted activity is undertaken.

2. All passengers must be provided with a 'Notice to Passengers' letter (as provided by PIRSA and DEH) and Instructions at initial briefings.

3. All berley used while conducting the exempted activity must consist of fish based products only. All berley (other than fish oil) must be stored below a maximum temperature of 4°C.

4. The exemption holder must take all measures to avoid any berley or fish oil from being dispersed near or over the submerged viewing cages while divers are in the cage.

5. The exemption holder must not deliberately goad, provoke or encourage a white shark in an attempt to change its normal behaviour by undertaking the exempted activity (including deliberately attempting to have the white shark jump out of the water), and must not permit any person to touch a white shark, unless this activity is required for research purposes.

6. When using bait as an attractant for the shark, the bait must be attached to a length of rope by natural fibre twine of no less than 30 cm in length.

7. The exemption holder must not intentionally feed sharks or reward sharks with food.

8. The exemption holder must notify PIRSA Fishwatch on 1800 065 522 at least two hours prior to conducting the exempted activity and answer a series of questions about the exempted activity. The exemption holder will need to have a copy of the exemption at the time of making the call, and be able to provide information about the area and time of the exempted activity, the vehicles and boats involved, the number of agents undertaking the exempted activity and other related questions. Exemption No. 9902021.

9. The exemption holder must allow an officer of the Department for Environment and Heritage (DEH), a Fisheries Officer or another nominated person to be present on board the boat during the exempted activity if requested by the Director of Fisheries, subject to the availability of space.

10. The exemption holder must comply with all instructions (including ceasing to berley if so instructed) given by an officer from DEH or a Fisheries Officer.

11. While engaged in the exempted activity, a pennant (approved by DEH) must be flown from the boat so as to be clearly visible.

12. The exemption holder must maintain a log for the period that this exemption notice is valid which includes the following information in relation to each trip on which the exempted activity is undertaken:

- date and location;
- number of passengers;
- number of hours berleying;
- number of sharks observed; and
- any other relevant observations or comments.

A copy of the log must be provided to the Port Lincoln office of DEH within 14 days of the end of each calendar month.

13. While engaged in the exempted activity the exemption holder must have in his possession a copy of this notice and produce a copy of the notice if required by a Fisheries Officer.

14. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under the Act, except where specifically exempted by this notice.

Dated 7 August 2007.

42A—Requirement for windscreen to be fitted

A motor vehicle (but not including a motor bike, a motor trike or a moped) must be fitted with a windscreen if it is manufactured or designed to have a windscreen.

8—Variation of rule 69—Length of combinations

Rule 69—after subrule (3) insert:

- (4) However, a B-double may be up to 26 metres long if:
- (a) the distance between the point of articulation at the front of the leading semi-trailer and the rear of the combination does not exceed 20.6 metres; and
- (b) the prime mover of the combination is fitted with a front underrun protective device that complies with regulation 93 made under the UN ECE Agreement; and

- (c) if the prime mover has a date of manufacture after 31 December 2005—it is fitted with a cab that complies with regulation 29 made under that Agreement; and
 - (d) the prime mover does not have a load-carrying area.
- (5) In subrule (4):

UN ECE Agreement means the *Agreement concerning the Adoption of Uniform Technical Prescriptions for Wheeled Vehicles, Equipment and Parts which can be fitted and/or be used on Wheeled Vehicles and the Conditions for Reciprocal Recognition of Approvals Granted on the Basis of these Prescriptions* done at Geneva on 20 March 1958, as amended and in effect on 13 July 1999.

9—Variation of rule 118—Other lights and reflectors

- (1) Rule 118(2)—delete subrule (2) and substitute:
- (2) A vehicle may be fitted with a light or reflector not mentioned in the Vehicle Standards only if another law of this jurisdiction allows that light or reflector to be fitted.
- (2) Rule 118(3)—delete "display" and substitute:
be fitted with

10—Variation of rule 119—Rear marking plates

- (1) Rule 119(1)—delete subrule (1) and substitute:

-

Part 1—Preliminary

1—Short title

These regulations may be cited as the *Road Traffic (Oversize or Overmass Vehicle Exemptions) Variation Regulations 2007*.

2—Commencement

These regulations come into operation on the day on which they are made.

3—Variation provisions

In these regulations, a provision under a heading referring to the variation of specified regulations varies the regulations so specified.

Part 2—Variation of *Road Traffic (Oversize or Overmass Vehicle Exemptions) Regulations 1999*

4—Variation of regulation 5—Application of various standard form conditions

Regulation 5—after subregulation (5) insert:

- (5a) The standard form conditions contained in Part 5A of the Schedule apply to a special purpose vehicle travelling under a permit.

5—Variation of Schedule—Standard form conditions

- (1) Schedule, clause 25—delete the clause and substitute:

25—Prohibition on towing other vehicles

A special purpose vehicle must not tow a vehicle unless another law of this jurisdiction allows it to do so.

Note—

A crane travelling under a permit may tow a trailer under certain conditions. See Part 5A.

- (2) Schedule—after clause 41 insert:

Part 5A—Special purpose vehicles travelling under permits

41A—Application of Part

Under regulation 5(5a), this Part applies to a special purpose vehicle travelling under a permit.

41B—Restriction on towing other vehicles

- (1) A special purpose vehicle must not tow a vehicle.
- (2) However, a crane may tow a trailer if the following conditions are complied with:
 - (a) the conditions specified in clause 41C;
 - (b) any other conditions under which the exemption is given.

41C—Conditions under which a crane may tow a trailer

- (1) Unless another law of this jurisdiction allows it:
 - (a) a crane towing a trailer must have no more than 5 axles; and
 - (b) when the crane and trailer are coupled, the length of the combination must not be greater than 19m.
- (2) The manufacturer's limit for any component of the crane, including the tow coupling, must not be exceeded.
- (3) The load on the trailer must include only items that are associated with the operation of the crane.

Note—

Items associated with the operation of a crane include crane counterweights, chains, pulley blocks and anchors.

- (4) The mass of the trailer must not exceed the limits stated in clauses 1, 2 and 3 of Schedule 1 Part 1 of the *Road Traffic (Mass and Loading Requirements) Regulations 1999*.
- (5) The swept path of the combination when turning a corner must not be greater than the swept path of the crane if the crane were turning the corner without towing the trailer.

- (3) Schedule, clause 55(4)—delete subclause (4) and substitute:
- (4) The warning sign must display, in block letters not over 10mm high:
 - (a) the sign manufacturer's name or logo; and
 - (b) the brand and class of retro-reflective material used.
- (4) Schedule, clause 56(2) and (3)—delete subclauses (2) and (3) and substitute:
- (2) However, a warning sign may be made of flexible material if the sign:
 - (a) is fitted so that it is taut and can be easily read by other road users; and
 - (b) complies with all other specifications in this Part.
 - (3) A flexible warning sign that furls, becomes displaced or otherwise becomes difficult for other road users to read, does not comply with this Part.
- (5) Schedule, clause 57—delete the clause and substitute:

57—Keeping signs clean and readable—oversize and pilot vehicles

- (1) A warning sign on a vehicle must be kept clean enough so that it can be easily read by other road users.
 - (2) A flexible warning sign on a vehicle must be kept taut and in place so that it can be easily read by other road users.
- (6) Schedule, clause 69—after the definition of *fifth wheel coupling* insert:

flexible warning sign means a warning sign made of flexible material;

Note—

As required by section 10AA(2) of the *Subordinate Legislation Act 1978*, the Minister has certified that, in the Minister's opinion, it is necessary or appropriate that these regulations come into operation as set out in these regulations.

NOTICE is hereby given pursuant to section 198 of the Local Government Act 1999, that at its meeting held on 23 July 2007, the Council of the City of Salisbury, having complied with its public consultation policy, adopted amendments to its Community Land Management Plans relating to community land held in its ownership and under its care, control and management.

S. HAINS, City Manager

DISTRICT COUNCIL OF CEDUNA

Amendment of Separate Rates and Service Charge Declaration

NOTICE is hereby provided that Council has revoked previous motions regarding declaration of Ceduna/Koonibba Water Scheme charges and Waste Management charges that were published in *Government Gazette* of 5 July 2007, with the following declarations now passed:

Ceduna/Koonibba Water Scheme

That Council:

1. Adopts the Estimates of Expenditure totalling \$261 837 (excluding depreciation), relating to the operation and maintenance, to the Ceduna/Koonibba Water Scheme for the financial year 2007-2008.

2. Pursuant to section 154 of the Local Government Act 1999, adopts the method of a differential separate rate for land within the designated area as delineated in the Ceduna/Koonibba Water Scheme rating area policy.

3. Declares a differential separate rate for that part of its designated area delineated and described in the Ceduna/Koonibba Water Scheme rating area policy, using the differentiating factors of residential, primary production and vacant land as defined in the Local Government (General) Regulations 1999 and further the declared rate of cents in the dollar for the site valuation of the said land as determined by the Valuer-General be:

- Residential Land—0.576 cents.
- Primary Production Land—0.2676 cents.
- Vacant Land—0.576 cents.

4. Pursuant to section 155 of the Local Government Act 1999, hereby imposes an annual service charge on rateable and non-rateable land within the district to which the following service is provided, which annual service charges shall be in the amount specified:

- Payment of costs associated with constructing the infrastructure to provide a reticulated water supply to the township of Denial Bay:
 - (a) In respect of each allotment in the township of Denial Bay a charge of \$167.25 per annum per allotment.
- Payment of costs associated with the operation and maintenance to the Ceduna/Koonibba Water Scheme in the community of Koonibba Aboriginal Community including meter installation, reading of private meters and provision of water use information:
 - (a) In respect of each assessment in the Koonibba Aboriginal Community a charge of \$8 000 per annum per assessment.

Waste Management

That Council:

1. Adopts the Estimates of Expenditure totalling \$233 910 (excluding depreciation), relating to the operation, maintenance, replacement and improvements to the Ceduna Refuse Site, including the collection, treatment or disposal (including by recycling) of waste for the financial year 2007-2008.

2. Pursuant to section 155 of the Local Government Act 1999, imposes annual service charges on rateable and non-rateable land within the District to which the following service is provided as specified:

- the collection, treatment or disposal (including by recycling) of waste:
 - (a) In respect of each occupied allotment within the township areas of Ceduna, Thevenard, Smoky Bay and Denial Bay, a charge of \$133 per annum.
- the treatment or disposal (including by re-cycling) of waste:
 - (a) In respect of each vacant allotment within the township areas of Ceduna, Thevenard, Smoky Bay and Denial Bay, a charge of \$101 per annum.
 - (b) In respect of each assessment in the remainder of the Council area, a charge of \$101 per annum. Where an assessment or assessments are subject to the provisions of contiguous land or single farm enterprise then one charge per annum will apply to those assessment collectively (as already identified through application of the fixed charge component of Council's General Rates).

T. IRVINE, Chief Executive Officer

CLARE & GILBERT VALLEYS COUNCIL

Adoption of Valuation and Declaration of Rates

NOTICE is hereby given that the Clare & Gilbert Valleys Council at its special meeting held on 30 July 2007, resolved that for the financial year ending 30 June 2008, and in exercise of the powers contained in Chapter 10 of the Local Government Act 1999, as follows:

Adoption of Valuations

1. Pursuant to section 167 of the Local Government Act 1999, Council adopted the most recent capital valuation of the Valuer-General in relation to the whole of the area of the Council and specified that the total of the values that are to apply within the area is \$1 831 935 800.

Declaration of Differential General Rates

2. Pursuant to sections 153 (1) (b) and 156 (1) (a) of the Local Government Act 1999, Council declared differential general rates for the financial year ending 30 June 2008, based on the capital value of the rateable land in the Council's area and varying according to land use Category as follows:

- (a) in respect of rateable land attributable land use Category 1 (Residential), Category 8 (Vacant Land) and Category 9 (Other) a rate of 0.3707 cents in the dollar;
- (b) in respect of rateable land attributable land use Category 2 (Commercial—Shop), Category 3 (Commercial—Office) and Category 4 (Commercial—Other) a rate of 0.5004 cents in the dollar;
- (c) in respect of rateable land attributable land use Category 5 (Industrial—Light) and Category 6 (Industrial—Other) a rate of 0.5004 cents in the dollar;
- (d) in respect of rateable land attributable land use Category 7 (Primary Production) a rate of 0.3151 cents in the dollar.

Declaration of Minimum Rate

3. Pursuant to section 158 (1) (a) of the Local Government Act 1999, the Council fixed a minimum amount of \$500 that shall be payable by way of rates in respect of all rateable land for the financial year ending 30 June 2008.

Annual Service Charge—Community Wastewater Management System

4. Pursuant to section 155 of the Local Government Act 1999 and Regulation 9A (3) (b) of the Local Government (General) Regulations 1999 and in accordance with the CWMS Property Units Code, the Council declared the following annual service charges for the financial year ending 30 June 2008, based on the

level of usage of the service in respect of land to which it provides or makes available the Community Wastewater Management System services:

- within the township of Clare an annual service charge of \$241 per unit in respect of all land serviced by the Clare Scheme;
- within the township of Riverton an annual service charge of \$241 per unit in respect of all land serviced by the Riverton Scheme; and
- within the Township of Saddleworth an annual service charge of \$241 per unit in respect of all land serviced by the Saddleworth Scheme.

Annual Service Charge—Waste Collection

5. Pursuant to section 155 of the Local Government Act 1999, the Council declares the following annual service charges for the year ending 30 June 2008, based on the nature of the service in respect of all land to which it provides or makes available the waste collection service:

- (a) within the following towns of Clare, Riverton, Saddleworth, Mintaro, Sevenhill, Auburn, Watervale, Manoora, Rhynie, Marrabel, Stockport, Tarlee and Waterloo an annual service charge of \$151.50; and
- (b) for all properties outside of the above townships that have made applications and have access along the route to the waste collection service (exclusive of recyclable collection), an annual service charge of \$151.50.

Waste Management Charge Rebate

6. Pursuant to section 166 (1) (l) (i) of the Local Government Act 1999, to provide relief against what would otherwise amount to a substantial change in rates payable by a ratepayer due to a redistribution of the rates burden within the community arising from a change to the basis or structure of the Council rates, Council grants a discretionary rebate of the full amount of the Waste Management Charge imposed for the financial year ending 30 June 2008, where the following criteria are met:

- (a) the property is not used for residential, commercial or industrial purposes;
- (b) the property is contiguous to another piece of land that is either owned or occupied by the same person; and
- (c) the property is not receiving the waste collection service.

That pursuant to section 44 of the Local Government Act 1999, the Chief Executive Officer be delegated authority to approve the grant of rebates in accordance with the powers contained in section 166 (1) (l) (i) either on his own initiative where the Chief Executive Officer is in possession of sufficient information to determine the entitlement of the rebate or otherwise upon application.

Natural Resources Management Levy

7. That pursuant to section 95 of the Natural Resources Management Act 2004 and section 154 of the Local Government Act 1999 and in order to reimburse the Council the amount contributed to the Northern and Yorke Natural Resources Management Board for the financial year ending 30 June 2008, being \$298 836, a separate rate of 0.0168 cents in the dollar based on the capital value of the rateable land be declared in respect of all rateable land in the Council area and in the area of the Northern and Yorke Natural Resources Board.

Payment of Rates and Charges

8. Pursuant to section 181 (1) of the Local Government Act 1999, rates and charges declared for the financial year ending 30 June 2008, will be payable in four equal or approximately equal instalments falling due on 14 September 2007, 7 December 2007, 7 March 2008 and 6 June 2008.

Discount on Rates

9. Pursuant to section 181 (11) (a) of the Local Government Act 1999, Council grants a discount of 2.25% for the full payment of rates and charges in one single instalment on or before 14 September 2007.
