## DEVELOPMENT ACT 1993: SECTION 48

## DECISION BY THE DEVELOPMENT ASSESSMENT COMMISSION AS DELEGATE OF THE GOVERNOR

*Preamble*

1. A proposal from Baillie Lodges (hereafter 'the applicant') to develop a nature based tourism resort at Hanson Bay, Kangaroo Island has been under consideration under Division 2 of Part 4 of the Development Act 1993.

2. The proposal has been the subject of a Public Environmental Report (PER) and an Assessment Report under sections 46 and 46C of the Development Act 1993, and is hereafter referred to as the 'proposed Major Development'.

3. The proposed Major Development was the subject of a development application lodged in February 2005 by the applicant. The said application has been amended and expanded upon by the applicant's Public Environmental Report, dated 24 March 2006 and the applicant's Response Document, dated 4 July 2006.

4. The Governor was satisfied that an appropriate Public Environmental Report and an Assessment Report have been prepared in relation to the proposed Major Development, in accordance with sections 46 and 46C, Division 2 of Part 4 of the Development Act 1993, and have had regard, when considering the proposed Major Development, to all relevant matters under section 48 (5) of the Development Act 1993.

5. Recent amendments that have been approved are contained in the following documents and drawings:

- An application for the Building Rules approval for the Staff Village Stage 1 construction was made on 4 December 2006.
- An application for approval for the Construction Environmental Management and Monitoring Plan (CEMMP) was made on 11 December 2006.
- An application for approval for the revised Construction Environmental Management and Monitoring Plan (CEMMP) was made on 30 January 2007.
- An application for the Building Rules approval for the spa retreat (Stage 2) and the footings of the accommodation suites (Stage 3) was made on 20 February 2007.
- An application for the building rules approval for the guest units and verandahs (Stage 4 superstructure) and for the lodge (Stage 5 substructure), retaining walls and pool was made on 25 May 2007.
- An application for the construction of a telecommunications tower (Stage 6) on 15 May 2007.

6. Application has now been made to the Development Assessment Commission as Delegate of the Governor under section 48 of the Development Act 1993, to grant Building Rules approval for the superstructure framework (Stage 7).

7. The Development Assessment Commission has in considering the application had regard to all relevant matters under section 48 (5) of the Development Act 1993.

8. The Development Assessment Commission is satisfied that the variation does not require the preparation of a further amended Public Environmental Report.

*Decision*

PURSUANT to section 48 of the Development Act 1993 and with the advice and consent of the Executive Council and having due regard to the matters set out in section 48 (5) and all other relevant matters, the Development Assessment Commission, as delegate of the Governor:

- (a) grant a provisional development authorisation in relation to the proposed major development, subject to the conditions and Notes to Applicant below;
- (b) specify all matters relating to this provisional development authorisation as matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached;
- (c) specify for the purposes of section 48 (11) (b) the period of two years from the date hereof as the time within which substantial work must be commenced on-site failing which the Governor may cancel this authorisation.

Pursuant to section 48 and Regulation 64 (1) of the Development Act 1993, reserve the decision on the following matter:

- (a) compliance with the Building Rules in relation to the remaining components of Stage 8 of the proposed major development (refer to Notes to the applicant below for further information);
- (b) further assessment and certification in respect of the Building Rules for components of the proposed development.

*Conditions of Approval*

1. Except where minor amendments may be required by other legislation, or by conditions imposed herein, the proposed major development shall be undertaken in strict accordance with:

- (a) the following drawings contained with the Public Environmental Report for Southern Ocean Lodge dated 24 March 2006, except to the extent that they are varied by the plans described in paragraph 1 (b):

  - Building Rules Certification dated 20 August 2007 by Rocco Ciancio Private Certifier and Building Surveyor in regards to the superstructure framework—Hanson Bay Lodge.
2. The applicant shall submit further information and application(s) in relation to the matters that have been reserved.
3. No building works on any part of the development may commence until a favourable decision has been notified to the applicant by the Governor or the Governor's delegate in respect of the reserved matters referred to above and until a development authorisation under section 48 (2) is granted.
4. An Operational Environmental Management and Monitoring Plan (OEMMP) for the operational phase of the development shall be prepared to the satisfaction of the Governor or her delegate, prior to commencement of operations. (Refer to Notes to Applicant below).
5. All works and site activities shall be undertaken in accordance with the approved Construction Environmental Management and Monitoring Plan.
6. Normal operating hours for construction activities and truck movements to and from the site shall be from 7 a.m. to 7 p.m., Monday to Sunday inclusive. (Refer to Notes to Applicant relating to Environment Protection Authority noise emission policies).
7. The wastewater collection and treatment system shall be designed to ensure that the obligations of the Environment Protection (Water Quality) Policy 2004 are met, and to ensure that effluent does not overflow or escape from drains, pipes, sumps, tanks, storage/treatment basins into any watercourse, or into stormwater drains which do not drain into the effluent collection, treatment and disposal system, except where the effluent complies with criteria in the above policy.
8. The level of wastewater generated and consequent irrigation rates shall be closely monitored and if greater than 8 500 L/day then irrigation area and rates modified to ensure compliance with this limit.
9. Information on all signage (directional and interpretative) including detail on size, colour and content, shall be prepared to the satisfaction of the Governor or delegate, prior to its installation.
10. Pedestrian access arrangements over Crown land and management of its impacts shall be agreed with the Department for Environment and Heritage prior to opening of the Lodge. The beach shall remain unobstructed for public access.
11. A raised timber boardwalk shall be provided along the walking trail to the east of the suites as indicated in Figure 3.1 of the Response Document. Detail on the dimensions and the precise location of the boardwalk shall be prepared to the satisfaction of the Governor or delegate prior to its installation.
12. A strategy to minimise impact on fauna from vehicle traffic using the private entrance road shall be prepared to the satisfaction of the Governor or delegate.
13. Clearing of vegetation shall not exceed that indicated in the PER. Revegetation of impacted areas shall be undertaken as soon as possible following construction.
14. Biomatting or mulching on cleared areas shall occur until such time that revegetation is established.
15. Aboveground fuel tanks shall be bunded and sealed in a manner which will provide capacity for a minimum of 30 000 litres.
16. All stormwater run-off from car parking areas, driveways and other hard surfaced areas shall be collected, contained, treated as necessary, and disposed of in a stormwater management system so that there is no contamination of water resources (surface or underground).
17. Storage of any material with the potential to degrade water quality shall be within a bunded area constructed in accordance with Australian Standard 1940.
18. The helipad shall only be used in emergencies.

19. In keeping with its commitment in the PER, the proponent and any subsequent operator shall not clear boundary vegetation, whether or not such clearance is permitted under the Native Vegetation Act 1991.

20. Revegetation of the site, with locally indigenous species, shall be undertaken if the operation fails and the site is decommissioned.

21. The restaurant shall not be open to the general public.

22. A Bushfire Management Plan, prepared in consultation with the Country Fire Service, shall be submitted for approval by the Governor or delegate.

23. Public and Environmental Health Act 1987, approval of the method of disposal of sewage and sullage from the building shall be obtained from Council prior to work being commenced. (Regulation 77).

24. For buildings within 1 km of the coastline all external metal roof cladding shall be corrosion protected and all connectors used in timber fixings shall be corrosion protected with a protective coating in accordance with the requirements of AS1214, AS1397, AS1562, AS1684, AS1720, AS/NZS2179, AS/NZS2699, AS3623, AS4100, AS/NZS4534, AS/NZS4600 and AS/NZS4791. (BCA B1.3).

25. Water storage tank calculations and details shall be submitted to the private certifier for approval prior to this work commencing. (BCA B1.3).

26. Materials and assemblies in the building shall have Fire Hazard Properties that comply with the requirements of Specification C1.10 and in accordance with the requirements of this part of the BCA. (BCA C1.10).

27. Water storage tanks overflow shall be discharged at least 5 m away from buildings and site boundaries or piped to the street waterable or site drainage easement in accordance with the requirements of AS/NZS3500.3.2 or AS/NZS3500.5. (BCA F1.1).

28. An additional washing/drying machine (total of three required) shall be installed in the laundry for the use of the residents of the Bed-sit units in accordance with the requirements of this part of the BCA. (BCA F2.1).

29. The Building Rules Certification dated 14 December 2006, does not include the cabins, service buildings, reception/restaurant and spa retreat, which shall form the basis of further staged application(s) for Building Rules assessment. Note that there are timeframes for which the proposal must be substantially completed from the dated of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage(s) prior to the expiration of the validity of the Development Approval (section 39 and Regulation 46).

30. The building works proposed shall conform to the provisional development plan consent requirements (section 93).

31. The disposal of sewage and sullage from the spa retreat shall be undertaken in accordance with the Public and Environmental Health Act approval obtained from the SA Health Commission. (Regulation 77).

32. The door to the WC must have demountable hinges and be removable from outside the WC in the event that an emergency removal of the occupant is required. (BCA F2.5).

33. The heater and flue/chimney must be constructed and installed to comply with the requirements of AS/NZS2918. (BCA G2.2 and G2.3).

34. Portable fire extinguishers and fire blankets (if applicable) must be installed in the building in accordance with the requirements of this part of the BCA. (BCA E1.6).

35. Exit lights must be installed adjacent doors D01 and D02 in the path of egress from the building in accordance with AS 2444 and in accordance with this part of the BCA. (BCA B1.3).

36. The finished paving level around the masonry wall must be set down at least 75 mm below the external wall damp proof course. (BCA B1.3).

37. The Building Rules Certification dated 20 February 2007, does not include the staff village, staff accommodation, cabin superstructure, service building and reception/restaurant, which shall form the basis of further staged application(s) for Building Rules assessment. (Note that there are timeframes for which the proposal must be substantially completed from the date of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage(s) prior to the expiration of the validity of the Development Approval section 39 and Regulation 46).

38. The timber durability and weather exposure requirements for exposed structural timbers, including supporting timber members must be in accordance with Clause 1.10 of AS 1684 National Timber Framing Code. (BCA B1.3).

39. Roof stormwater during the construction phase must be piped to water storage tanks or discharged at least 5 m away from buildings, any septic systems or site boundaries with the requirements of AS/NZS3500.3.2 or AS/NZS3500.5 and without damage to the surrounding land and flora. (BCA B1.3). Note that the permanent storm water disposal system will be assessed as part of the completion consent stage.

40. The public corridor serving the units must be divided with smoke proof doors at intervals of not more than 40 m in accordance with BCA Clause C2.14 and this part of the BCA. (BCA CP1, CP2). Note this will be reviewed as part of the completion consent stage.

41. Doors to the storerooms and equipment cupboards opening into the public corridor must be self-closing, tight fitting, solid core, not less than 35 mm thick in accordance with BCA Clause 3.11. (BCA CP1, CP2, CP8).

42. The floor above the 'sub-floor' plant room must be fire separated from the unit above with a floor having at least FRL30/30/30 or with a fire-protective covering ceiling directly below the floor structure of the units in accordance with BCA Spec. C1.1-5.1. (BCA CP1, CP6).

43. The 'sub-floor' plant room must be enclosed with walls having a fire rating of not less than FRL60/60/60 in accordance with BCA Spec. C1.1-5.1. (BCA CP1, CP6).

44. The corridor widths must be at least 1 000 mm adjacent to the storeroom door positions in accordance with this part of the BCA. (BCA DP1, DP2, D1.6).

45. The public corridor must be fitted with exits leading to the open space located such that unit entrance doors are not more than 6 m to the nearest single exit in accordance with BCA Clause D1.4 and exits shall be spaced not further than 45 m apart in accordance with BCA Clause D1.5. (BCA DP1, DP2).

46. The entrance door-sets to the units must be sound insulated to at least Rw30 in accordance with the requirements of this part of the BCA. (BCA FP5.3, F5.5).

47. The 'sub-floor' plant room must be sound insulated from the adjoining units with walls with at least Rw50 (airborne) and floors with at least Rw+Ctr50 (airborne) in accordance with BCA Clauses F5.4 and F5.5. (BCA FP5.1, FP5.2).

48. For buildings within 1 km of the coastline all external metal roof cladding must be corrosion protected, any external leaf brick lintels must be hot dip galvanised, internal and external steelwork and all connectors used in timber fixings must be corrosion protected with a protective coating in accordance with the requirements of AS1214, AS1397, AS1562, AS1684, AS1720, AS/NZS2179, AS/NZS2699, AS3623, AS4100, AS/NZS4534, AS/NZS4600 and AS/NZS4791. (BCA B1.3).

49. The building area must be treated and continuously protected and maintained against attack from termites in accordance with the requirements of AS3660.1. (BCA B1.3).

50. The finished paving level around the masonry wall must be set down at least 75 mm below the external wall damp proof course. (BCA B1.3).

51. The slab edge rebate must be constructed to have a depth of at least 20 mm and a width of at least the thickness of the masonry external leaf plus the cavity gap in accordance with the BCA. (BCA B1.3).

52. A person must not fill the swimming pool with water, unless, the pool is enclosed by a fence that complies with AS1926 and Performance Requirement P2.5.3. (Regulation 83B).

53. The building loads used in this consent stage are required to be reaffirmed by the design engineer as part of the superstructure consent stage. Alterations to the building loads in the superstructure design, including the structural adequacy of the footings and foundation forming part of this staged consent will also need to be confirmed by the design engineer during the superstructure consent stage application. (Section 39 and Regulation 46).

54. The clearance for the telecommunications tower shall be undertaken using handheld equipment to minimise the impact of machinery on native vegetation on the actual site.

55. Any necessary cables for the telecommunications tower shall be located within the existing road surface to minimise vegetation clearance.

56. For structures within 1 km of the coastline all metal must be corrosion protected with a protective coating in accordance with the requirements of this part of the Building Code of Australia (BCA). (BCA P2.1).

57. This consent does not include the lodge superstructure cladding/walling enclosure, building fit-out, building services or building occupancy, which shall form the basis of a future staged application for Provisional Building Rules assessment. (Note that there are timeframes for which the proposal must be substantially completed from the date of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage prior to the expiration of the validity of the Development Approval. (Section 39 and Regulation 46)).

#### *Notes to Applicant*

1. All matters relating to this provisional development authorisation are matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached.

2. A decision on building rules will only be made after a Building Rules assessment and certification has been undertaken and issued by the Kangaroo Island Council or a private certifier, in accordance with the provisions of the Development Act 1993 and after the Minister for Urban Development and Planning receives a copy of all relevant certification documentation, as outlined in Regulation 64 of the Development Regulations 1993.

3. Pursuant to Development Regulation 64, the applicant is advised that the Kangaroo Island Council or private certifier conducting a Building Rules assessment must:

- (a) provide to the Minister a certification in the form set out in Schedule 12A of the Development Regulations 1993 in relation to the building works in question; and
- (b) to the extent that may be relevant and appropriate:
  - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12;
  - (ii) assign a classification of the building under these regulations; and
  - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.

Regulation 64 of the Development Regulations 1993 provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Urban Development and Planning.

4. The Kangaroo Island Council or private certifier undertaking the Building Rules assessment must ensure that the assessment and certification are consistent with this provisional development authorisation (including Conditions or Notes that apply in relation to this provisional development authorisation).

5. An application to vary the Major Development or any of its components may be submitted. Whether a new PER and Assessment Report need to be prepared will depend on the nature of the variation and the lapse of time since the preparation of the PER.

6. The applicant's CEMMP and OEMMP should be prepared taking into consideration, and with explicit reference to, relevant Environment Protection Authority policies and guideline documents, including but not limited to:

- the Environment Protection (Air Quality) Policy 1994;
- the Environment Protection (Water Quality) Policy 2003;
- the Occupational Health and Safety Regulations;
- EPA Guidelines on Odour Assessment, using odour source modelling 2003;
- EPA Handbook for Pollution Avoidance on Commercial and Residential Building Sites 2004;
- EPA Bunding and Spill Management Guidelines 2004; and
- EPA Stormwater Pollution Prevention Codes of Practice, in addition to other legislative requirements and Guidelines/Australian Standards requiring compliance.

The following management and monitoring plans may be incorporated into the CEMMP or OEMMP as appropriate:

- Vegetation Monitoring and Management Plan.
- Site Construction Monitoring and Management Plan.
- Stormwater Monitoring and Management Plan.

7. The proponent is advised of the General Environmental Duty under section 25 of the Environment Protection Act 1993, which requires that a person must not undertake any activity, which pollutes, or may pollute; without taking all reasonable and practical measures to prevent or minimise harm to the environment.

8. Any information sheets, guidelines documents, codes of practice, technical bulletins, etc. that are referenced in this decision notice have been provided to the planning authority or may be accessed on the following website:

<http://www.environment.sa.gov.au/epa/pub.html>.

9. The Minister has a specific power to require testing, monitoring and auditing under section 48C of the Development Act 1993.

10. For the purposes of section 48 (11) (b) the period of two years from the dated hereof as the time within which substantial work must be commenced on-site failing which the Governor may cancel this authorisation.

11. The applicant is reminded of its obligations under the Aboriginal Heritage Act 1988 whereby any 'clearance' work, which may require permission to disturb damage or destroy Aboriginal Sites, must be undertaken with the full authorisation of the Minister for Aboriginal Affairs and Reconciliation, according to section 23 of the Aboriginal Heritage Act 1988. Construction staff should be trained in the recognition of potential objects or remains.

12. The Aboriginal Affairs and Reconciliation Division of the Department of the Premier and Cabinet (AARD) strongly recommends that the proponent contact representatives of the Kaurna, Ngarrindjeri and Ramindjeri peoples before the project proceeds, to ensure respect for their heritage interests and well being.

13. The applicant is required to obtain a separate approval from the Department of Health (Wastewater Management Unit) for the other elements of the on-site collection, treatment and disposal of wastewater.

14. A disposal path for the spa water shall be designed to comply with the requirements of the relevant authority under the Public and Environmental Health Act 1987.

15. All community drinking water supplies shall comply with the Food Act 2001 which requires compliance with the NH&MRC's Australian Drinking Water Guidelines (2004).

16. In relation to the operation of the spa, reference should be made to the South Australian Health Commission Code 'Standard for the operation of swimming pools and spa pools in South Australia' and 'Supplement C, Bromine disinfection of swimming pool, spa pool, hydrotherapy pool and waterslide pool'.

17. This decision does not include approval for use of bore water. A separate application to vary the Governor's approval is required in the instance that any proposal to use the bore water is put forward.

18. Should surface irrigation be desired, then the effluent must be disinfected to meet the requirements of the South Australian Reclaimed Water Guidelines (1999).

19. NH&MRC's Australian Drinking Water Guidelines (2004) may be accessed at:

[http://www.nhmrc.gov.au/publications/\\_files/awgfull.pdf](http://www.nhmrc.gov.au/publications/_files/awgfull.pdf).

Compliance with the Guidelines requires that a risk management plan must be developed and the implementation of such a plan will require the application of the NH&MRC's Community Water Planner, which may be accessed at:

[http://www.nhmrc.gov.au/publications/\\_files/awg0.pdf](http://www.nhmrc.gov.au/publications/_files/awg0.pdf).

20. The proponent is required to develop a Phytophthora hygiene strategy, which shall include washdown procedures for heavy machinery, graders, bulldozers prior to entry to the site. A trailer-mounted Phytophthora Washdown Unit is available for hire from Kangaroo Island Council.

21. The proponent needs to consult with the NRM Board over arrangements to minimise the risk of spreading weeds during works.

22. Diesel motors shall conform to the mandatory provisions of the Environmental Protection (Air Quality) Policy 1994 (SA) for particulates and carbon monoxide in exhaust gas.

23. A separate approval is required under the Environment Protection and Biodiversity Conservation Act 1999.

24. The Building Rules certification dated 25 May 2007, does not include the building occupancy, fire services, 'smoke control' systems and permanent storm water disposal system, which shall form the basis of a future staged application for Provisional Building Rules assessment. Note that there are time frames for which the proposal must be substantially completed from the date of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage prior to the expiration of the validity of the Development Approval. (Section 39 and Regulation 46).

25. This consent does not include the lodge superstructure or building occupancy, which shall form the basis of a future staged application for Provisional Building Rules assessment. Note that there are timeframes for which the proposal must be substantially completed from the date of issue of the staged Development Approval. Sufficient time must be allowed for the lodging, processing, issue of future staged consents and Development Approvals, including the construction of future stage prior to the expiration of the validity of the Development Approval. (Section 39 and Regulation 46).

*Notes on Building Rules Certification (Stages 1, 2, 3, 4, 5, 6 and 7)*

26. It is advisable to contact authorities responsible for the supply of services such as water, electricity, telephone, gas, the Department of Transport, Australia Post, Environment Protection Authority (EPA) and easement owners/holders, where applicable, seeking their requirements prior to building work commencing on site.

27. All building work must be performed in accordance with the approved documents. Any variations to building design, materials or systems that affect the structural soundness or the safety of the building must be approved by the *private certifier* prior to such alteration occurring. Alternate and/or substitute building products must meet the *Deemed- To Satisfy* provisions or the *Performance Requirements* of the BCA.

28. The building contains materials that are susceptible to termite attack. The details provided indicate that physical barriers, in accordance with AS3660.1 requirements are to be used to protect the building. The building owner and the tenant are advised that an important part of the protection involves regular inspections for termite activity and appropriate action as and when required.

29. Propriety materials and products specified in the approved documents must be selected and installed in accordance with the manufacturers written recommendations, specifications and with the relevant standards.

30. For cut and fill sites, retaining walls are required to be installed on the boundary to retain any cut or fill within the property boundaries.

31. The building work proposed has been checked for compliance with the minimum allowable requirements contained within the legislation and standards. The owner, the applicant and the builder are advised to seek advice from the designers involved to determine the implications of the design criteria chosen for this project.

32. The owner, the applicant and the builder are advised to ensure that ancillary works are completed in a timely manner to ensure that the health of persons and damage to structures do not occur. This includes any air-conditioning works, paving, plumbing (both septic and water), landscaping, fences, soil retention or activity.

33. The legislation provides that defined activities are complying. It is the owner, the applicant, the builder and the tenant's responsibilities to ensure that any such activity is carried out in a manner that is not detrimental to persons or structures.

34. Where articulation of the walls of the building are required, these must be installed in accordance with the manufacturer requirements or as specified within the Engineers Footing Construction Report.

35. The installation of glazing must be in accordance with AS1288 and is to include safety glass for glazed doors, side panels, full height windows and glass located over or adjacent bath/showers.

36. The consents covering Stages 1, 2, 3, 4, 5, 6 and 7 do not imply compliance with the Equal Opportunity Act 1984 (State Legislation), nor with the Disability Discrimination Act 1993 (Commonwealth Legislation), including the Regulations under those legislative Acts and each as amended. It is the responsibility of the owner and the person erecting the structure/s to ensure compliance with these legislative requirements.

*Additional Notes on Building Rules Certification (Stage 1)*

37. Consent is for work carried out within the site boundaries and does not cover work carried out in an adjoining public space. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the stormwater discharge at the property alignment.

38. The owner's attention should be drawn to the landscaping and tree planting restrictions required by the engineer's construction report and AS2870.

39. **ESSENTIAL SAFETY PROVISIONS:** An essential safety provisions Schedule in the form set out in Form 1 of Schedule 1, which specifies the essential safety provisions set out in Minister's Specification SA 76 has been provided with this certification. The items to be inspected or tested are detailed on the attached Schedule. The building owner must record proof of maintenance of these items for future reference.

40. The building classification and approved number of occupants is as follows:

Building	Floor	Portion	Classification(s)	Approved Number of Persons
Manager's Residence	Ground	All	2	4
Duplex Units	Ground	All	2	2 per unit
Bed-sit Units	Ground	All	2	2 per unit
Staff Centre	Ground	All	10a	N/A

*Notes on Building Rules Certification (Stages 2 and 3)*

41. The building work proposed has been checked for compliance with the minimum allowable requirements contained within the legislation and standards. The owner/applicant/builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the design criteria chosen for this project.

42. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

*Additional Notes on Building Rules Certification (Stage 2)*

43. **ESSENTIAL SAFETY PROVISIONS:** An essential safety provisions schedule in the form set out in Form 1 of Schedule 1, which specifies the essential safety provisions set out in Minister's Specification SA 76 has been provided with this certification. The items to be inspected or tested are detailed on the attached schedule. The building owner must record proof of maintenance of these items for future reference.

44. The building classification and approved number of occupants is as follows:

Floor	Portion	Classification(s)	Approved Number of Persons
Ground	All	5	6

*Additional Notes on Building Rules Certification (Stage 3)*

45. The owner's attention should be drawn to the landscaping and tree planting restrictions required by the engineer's construction report and AS2870.

*Additional Notes on Building Rules Certification (Stage 4)*

46. Consent is for work carried out within site boundaries and does not cover work carried out in an adjoining public space. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the storm water discharge at the property alignment.

47. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

48. The building work proposed includes elements of design and construction that require on-going maintenance and regular inspection regimes. The owner, the applicant and the builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the maintenance/inspection required for this project.

49. The performance of the designs chosen for the proposed building work have obligations on the owner, the applicant, the builder and the tenant to ensure that the design parameters are not compromised by a lack of attention, maintenance or misuse. The owner, the applicant, the builder and the tenant of the building works are advised to refer to the designers, the manufacturers and the standards associated with this building to ensure that their obligations to ensuring the design parameters are not compromised or exceeded and that the design parameters are met.

*Additional Notes on Building Rules Certification (Stage 5)*

50. Consent is for work carried out within the site boundaries and does not cover work carried out in an adjoining public space. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the storm water discharge at the property alignment.

51. The building work proposed includes elements of design and construction that require on-going maintenance and regular inspection regimes. The owner, the applicant and the builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the maintenance/inspection required for this project.

52. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

53. The performance of the designs chosen for building work have obligations on the owner, the applicant, the builder and the tenant to ensure that the design parameters are not compromised by a lack of attention, maintenance or misuse. The owner, the applicant, the builder or the tenant of the building works are advised to refer to the designers, the manufacturers and the standards associated with this building to ensure that their obligations to ensuring the design parameters are not compromised or exceeded and that the design parameters are met.

*Additional Notes on Building Rules Certification—telecommunications tower (Stage 6)*

54. This consent does not include any development plan ('planning') matters, including matters specified and required by any conditions of the provisional development plan consent authority. Their approval must be sought and obtained for such matters.

55. Consent is for work carried out within the site boundaries and does not cover work carried out in an adjoining public space.

56. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the storm water discharge at the property alignment.

57. The owner's attention should be drawn to the landscaping and tree planting restrictions required by the engineer's construction report and AS2870.

58. It is advisable to contact authorities responsible for the supply of services such as water, electricity, telephone, gas; the Department of Transport, Australia Post, Environment Protection Authority (EPA) and easement owners/holders, where applicable, seeking their requirements prior to building work commencing on site.

59. The building work proposed includes elements of design and construction that require on-going maintenance and regular inspection regimes. The owner, the applicant and the builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the maintenance/inspection required for this project.

60. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

61. The performance of the designs chosen for the proposed building work have obligations on the owner, the applicant, the builder and the tenant to ensure that the design parameters are not compromised by a lack of attention, maintenance or misuse. The owner, the applicant, the builder and the tenant of the building works are advised to refer to the designers, the manufacturers and the standards associated with this building to ensure that their obligations to ensuring the design parameters are not compromised or exceeded and that the design parameters are met.

*Additional Notes on Building Rules Certification (Stage 7)*

62. This consent does not include any development plan ('planning') matters specified within and as required by any conditions of the Provisional Development Plan Consent authority, for which their approval must be sought and obtained.

63. Consent is for work carried out within the site boundaries and does not cover work carried out in an adjoining public space. Approval for any work within the road reserve needs to be obtained from Council, including landscaping, paving, crossovers, the location, design and capacity of the storm water discharge at the property alignment. The owner's attention should be drawn to the landscaping and tree planting restrictions required by the engineer's construction report and AS2870.

64. It is advisable to contact authorities responsible for the supply of services such as water, electricity, telephone, gas; the Department of Transport, Australia Post, Environment Protection Authority (EPA) and easement owners/holders, where applicable, seeking their requirements prior to building work commencing on site.

65. The building work proposed has been checked for compliance with the minimum allowable requirements contained within the legislation and standards. The owner, the applicant and the builder are advised to seek advice from the designers involved to determine the implications of the design criteria chosen for this project.

66. The building work proposed includes elements of design and construction that require on-going maintenance and regular inspection regimes. The owner, the applicant and the builder are advised to seek advice from the designers, suppliers and manufacturers involved to determine the implications of the maintenance/inspection required for this project.

67. This consent does not include any existing structures. Separate professional advice may be required to ensure that the existing structures are safe and structurally adequate.

68. ## FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Anne Tapley, Lot 21, Pine Freezer Road, Port Lincoln, S.A. 5606, holder of M273, or a registered master endorsed on that licence, (the 'exemption holder'), is exempt from Clause 30 of Schedule 1 of the Fisheries (General) Regulations 2000, but only insofar as the exemption holder may use a registered pilchard net for the purposes of trade or business in the waters described in Schedule 1 (the 'exempted activity'), subject to the conditions set out in Schedule 2, from 24 August 2007 until 31 August 2008, unless varied or revoked earlier.

## SCHEDULE 1

- Waters of Coffin Bay northerly of the geodesic 34°31' (Point Longnose).
- Waters adjacent to Port Lincoln contained within the geodesic from Point Bolingbroke (latitude 34°32.51'S and longitude 136°05.33'E), to Cape Donington (latitude 34°43.73'S and longitude 135°59.63'E), excluding those waters adjacent to Port Lincoln bounded as follows:

Commencing at a point at the high water mark at the shore end of the North Shields jetty, thence in a generally east-south-east direction to Maria Point on Boston Island, thence following the high water mark in a southerly direction to the light at Point Fanny, thence in a direction of 249°t to the most northerly part of Billy Lights Point, thence along the high water mark to the point of commencement.

## SCHEDULE 2

1. The exemption holder may only undertake fishing activity pursuant to this exemption when fishing from a registered boat that is endorsed on Licence No. M273.

2. The exempted activity may only be undertaken using a pilchard net with a maximum depth of 80 m.

3. The exemption holder must comply with all conditions of Licence No. M273 while engaging in the exempted activity.

4. While engaged in the exempted activity the exemption holder must be in possession of a copy of this notice. Such notice must be produced to a PIRSA Fisheries Compliance Officer if requested.

5. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under that Act, except where specifically permitted by this notice.

Dated 27 August 2007.

W. ZACHARIN, Director of Fisheries

## FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Mark Short of Port Vincent Primary School and Aquatic Centre (the 'exemption holder'), or a person acting as his agent, P.O. Box 1165, Port Vincent, S.A. 5581, is exempt from the Fisheries (General) Regulations 2000, in that the exemption holder shall not be guilty of an offence when engaging in the activity specified in Schedule 1, in the waters specified in Schedule 2, subject to the conditions specified in Schedule 3, from 1 January 2008 until 31 December 2008.

## SCHEDULE 1

Activities involving the taking, possessing and subsequent release of aquatic organisms (not including species protected pursuant to section 42 of the Fisheries Act 1982) from the waters specified in Schedule 2 for education purposes at the Port Vincent Primary School and Aquatic Centre (the 'exempted activity').

## SCHEDULE 2

South Australian marine coastal waters of Gulf St Vincent, including intertidal 'rocky' reef areas but excluding aquatic reserves.

## SCHEDULE 3

1. All organisms taken by the exemption holder are for display purposes only and must not be sold.

2. An employee of the Port Vincent Primary School and Aquatic Centre must be present at all times while conducting the exempted activity.

3. No more than five of any species may be taken or possessed at any one time.

4. The exemption holder must ensure that organisms taken pursuant to this notice are kept only with specimens taken from the same location.

5. All organisms taken pursuant to this notice must be released as near as practicable to the point of capture.

6. Within 14 days of the collection of organisms pursuant to this notice, the exemption holder must provide a report in writing to the Director of Fisheries (Attention: Alex Chalupa, G.P.O. Box 1625, Adelaide, S.A. 5001), giving the following details:

- the date and time of collection;
- the name and number of each species taken, including any mortalities resulting from collecting; and
- details of any organisms released.

7. The exemption holder must notify PIRSA Fishwatch on 1800 065 522 at least two hours prior to conducting the exempted activity and answer a series of questions about the exempted activity. The exemption holder will need to have a copy of the exemption at the time of making the call and be able to provide information about the area and time of the exempted activity, the vehicles and boats involved, the number of agents undertaking the exempted activity and other related questions. Exemption No. 9902029.

8. The exempted activity must be undertaken in a manner that ensures minimal disturbance of the reef.

9. While engaged in the exempted activity, the exemption holder must have in their possession of a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

10. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under that Act, except where specifically exempted by the notice.

Dated 27 August 2007.

W. ZACHARIN, Director of Fisheries

#### FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Terry Scott, P.O. Box 251, Coffin Bay, S.A. 5607 (the 'exemption holder') or a person acting as his agent is exempt from sections 34 and 41 of the Fisheries Act 1982, but only insofar as the exemption holder may take turbo (*Turbo undulatis*) from South Australian coastal waters for the purpose of trade or business (the 'exempted activity') subject to the conditions in Schedule 1, from 30 August 2007 until 31 August 2008, unless this notice is revoked or varied earlier.

#### SCHEDULE 1

1. The exemption holder may only take turbo (*Turbo undulatis*) by diving and collection by hand.

2. The exemption holder may take no more than 200 kilograms of Turbo (*Turbo undulatis*) in any one calendar week.

3. The exempted activity may only be conducted by David Corston and/or the permitted agent of the exemption holder, Rockne Little, 2-39 Marino Avenue, Port Lincoln, S.A. 5606. Only one person may conduct the exempted activity at any time.

4. The exemption holder must provide the Director of Fisheries separate statistical catch and effort information, in the form of a log sheet as provided by the Director. The exemption holder must complete the log sheet every day and submit a completed monthly log to the Director no later than the fifteenth day of the month following the month to which the log sheet relates (G.P.O. Box 1625, Adelaide, S.A. 5001). The log sheet must be submitted to the Director at the address specified on the approved log sheet. If no fishing activity was undertaken or no fish were taken on a day or during a month, a nil return must still be completed and submitted to the Director.

5. The exemption holder or a person acting as his agent must notify the PIRSA Fisheries Compliance Unit on 1800 065 522 prior to conducting the exempted activity with the following information:

- Details of the boat that will be used to engage in the exempted activity.
- The intended area of conducting the exempted activity.
- The intended place and time of launching and retrieval of the nominated boat for that day.
- Please quote your Exemption Number which is 9902023.

6. A PIRSA Fisheries Departmental Officer may accompany the exemption holder at any time during fishing operations.

7. While engaged in the exempted activity the exemption holder or a person acting as his agent must carry or have in their possession a copy of this notice. If undertaking fishing activities from a boat, a copy of this notice must be on the boat. If undertaking fishing activities from shore, a copy of this notice must be in the vehicle used in conjunction with the fishing activity.

8. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under that Act, except where specifically exempted by this notice.

Dated 29 August 2007.

## NATIONAL ELECTRICITY LAW

THE Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law (NEL) of the following matters.

Under section 107, the period of time for the preparation of the draft determination for the Ministerial Council on Energy's proposed National Electricity Amendment (Process for Region Change) Rule 2007 has been extended to 20 September 2007.

Under sections 102 and 103, the making of the National Electricity Amendment (Abolition of Snowy Region) Rule 2007 No. 7 and corresponding final determination. All provisions commence on **30 August 2007**.

Under sections 93 and 99, the making of the draft determinations for the 'Split Snowy Region' and 'Congestion Pricing and Negative Residue Management Arrangements for the Snowy Region' Rule change proposals. In relation to the draft determinations:

- written requests for a pre-determination hearing must be received by **6 September 2007**; and
- submissions must be received by **16 October 2007**.

Under sections 91 (2), 95 and 96, the AEMC has initiated the making of the proposed National Electricity Amendment (Minor Changes) Rule 2007. The proposed Rule seeks to make various minor corrections to the National Electricity Rules. The AEMC intends to expedite the making of the Rule subject to written objections. In relation to this proposal:

- written objections must be received by **13 September 2007**; and
- submissions must be received by **2 October 2007**.

Submissions, written objections and requests for a pre-determination hearing should be forwarded to:

[submissions@aemc.gov.au](mailto:submissions@aemc.gov.au)

All submissions will be published on the AEMC's website subject to a claim of confidentiality.

Further details on the above matters are available on the AEMC's website [www.aemc.gov.au](http://www.aemc.gov.au). All documents in relation to the above matters are published on the AEMC's website and are available for inspection at the offices of the AEMC.

#### 1—Short title

These regulations may be cited as the *Workers Rehabilitation and Compensation (Territorial Application of Act) Regulations 2007*.

#### 2—Commencement

These regulations will come into operation on 13 September 2007.

#### 3—Interpretation

In these regulations—

**CPI** means the Consumer Price Index within the meaning of the principal Act;

**principal Act** means the *Workers Rehabilitation and Compensation Act 1986*;

**Schedule 1** means Schedule 1 of the *Workers Rehabilitation and Compensation (Territorial Application of Act) Amendment Act 2006*.

#### 4—Transitional arrangements

- (1) For the purposes of clause 4(2)(a)(i)(B) of Schedule 1, an adjustment must be made to the worker's notional weekly earnings at the time of the incapacity based on—
  - (a) changes in the rates of remuneration payable to workers generally or to workers engaged in the kind of employment from which the worker's disability arose; or
  - (b) if the worker applies, in a form approved by the Corporation, for the adjustment to be made on the basis of changes in rates of remuneration prescribed by an award or enterprise agreement payable to a group of workers of which the worker was a member at the time of the occurrence of the disability—changes in those rates of remuneration,  
  
between the time of the incapacity and the commencement of that clause.
- (2) For the purposes of subparagraph (i)(C) of clause 4(2)(a) of Schedule 1, any factor that applies to the calculation of weekly payments under section 35 of the principal Act applies to weekly payments payable under that subparagraph.

- (3) For the purposes of clause 4(2)(a)(ii)(B) of Schedule 1, an adjustment is to be made to the worker's notional weekly earnings at the time of death based on—
- (a) changes in the rates of remuneration payable to workers generally or to workers engaged in the kind of employment from which the worker's disability arose; or
  - (b) if the claimant applies, in a form approved by the Corporation, for the adjustment to be made on the basis of changes in rates of remuneration prescribed by an award or enterprise agreement payable to a group of workers of which the worker was a member at the time of the occurrence of the disability—changes in those rates of remuneration,
- between the time of death and the commencement of that clause.
- (4) For the purposes of subparagraph (ii)(C) of clause 4(2)(a) of Schedule 1, any factor that applies to the calculation of weekly payments under section 44 of the principal Act applies to weekly payments payable under that subparagraph.
- (5) For the purposes of clause 4(2)(c) and (d) of Schedule 1—
- (a) compensation in the form of a funeral benefit under section 44(1)(a) of the principal Act; and
  - (b) compensation in the form of a lump sum under section 44(1)(b)(i) of the principal Act,

must be adjusted by the percentage variation (to 2 decimal points) between the CPI for the quarter immediately preceding the death of the worker and the CPI for the quarter immediately preceding the commencement of that clause and rounded to the nearest dollar.

### **5—Ex gratia payments—prescribed period**

For the purposes of clause 5(2) of Schedule 1, a person seeking an *ex gratia* payment under clause 5 of Schedule 1 must make an application within 6 months after the commencement of that clause.

#### **Note—**

As required by section 10AA(2) of the *Subordinate Legislation Act 1978*, the Minister has certified that, in the Minister's opinion, it is necessary or appropriate that these regulations come into operation as set out in these regulations.

### **Part 1—Preliminary**

#### **1—Short title**

These regulations may be cited as the *Survey Regulations 2007*.

## 2—Commencement

These regulations will come into operation on 1 September 2007.

## 3—Interpretation

In these regulations—

*Act* means the *Survey Act 1992*.

**Note**—

For definition of divisional penalties (and divisional expiation fees) see Appendix.

## Part 2—Licences and registrations

### 4—Purpose of Part

This Part is made for the purposes of section 22 of the Act.

### 5—Qualifications

An applicant for a licence or registration as a surveyor must have either of the following qualifications:

- (a) a Bachelor of Geoinformatics and Surveying from the University of South Australia; or
- (b) qualifications, or qualifications and experience, accredited as being equivalent to the qualifications referred to in paragraph (a) by the Institution of Surveyors.

### 6—Practical experience

- (1) Subject to this regulation—
  - (a) an applicant for a licence as a surveyor who has not previously been a licensed surveyor must have a total of at least 2 years of practical experience in surveying including at least 12 months practical experience in cadastral surveying; and
  - (b) an applicant for registration as a surveyor who has not previously been a registered surveyor must have a total of at least 2 years of practical experience in surveying.
- (2) The practical experience may comprise discrete periods each of which must be at least 4 weeks in duration unless the Institution is satisfied that a shorter period is justified in the particular circumstances of a case.
- (3) Each period of practical experience must be approved by the Institution of Surveyors.
- (4) The Institution of Surveyors—
  - (a) must approve a period of practical experience for an applicant whose proposal of intention to obtain practical experience has been agreed to by the Institution under subregulation (6) if—
    - (i) the Institution is satisfied, after taking into account progress reports provided to the Institution in relation to the applicant under subregulation (7), that the practical experience was undertaken in accordance with that proposal; and
    - (ii) the prescribed supervisor has certified (in a form approved by the Institution) that the applicant has satisfactorily completed the period of practical experience; and

- (b) may, in any other case, approve a period of practical experience if—
  - (i) the Institution is satisfied that—
    - (A) the practical experience was supervised by a prescribed supervisor; and
    - (B) the prescribed supervisor did not, at any time during the period of supervision, supervise the practical experience of any other person for the purposes of this Part (or, if he or she did, the supervision was of 1 other person only and that other person had already completed at least 1 year of supervised practical experience); and
    - (C) the practical experience was not so specialised or elementary as to restrict the development of the competence of the applicant; and
  - (ii) the prescribed supervisor has certified (in a form approved by the Institution) that the applicant has satisfactorily completed the period of practical experience.
- (5) An applicant under this regulation may, before undertaking a period of practical experience, submit to the Institution of Surveyors for its agreement, a written proposal (in a form approved by the Institution) of the applicant's intention to obtain such practical experience, signed by the applicant and the proposed prescribed supervisor and containing the following information:
  - (a) the expected nature and duration of the practical experience;
  - (b) the qualifications held by the supervisor during the 2 years immediately before the proposed commencement of the practical experience;
  - (c) a statement to the effect that the supervisor agrees—
    - (i) to supervise the applicant for the duration of the proposed period of practical experience; and
    - (ii) not to supervise the practical experience of any other person for the purposes of this Part during that period (unless it is supervision of 1 other person only and that other person will, at the proposed commencement of the period, have already completed at least 1 year of supervised practical experience).
- (6) On receipt of a proposal under subregulation (5), the Institution of Surveyors must decide whether or not it agrees to the proposal and give notice of that decision to the applicant as soon as reasonably practicable.
- (7) A person who supervises an applicant's practical experience in accordance with a proposal under subregulation (5) must report to the Institution of Surveyors (in a manner approved by the Institution) on the progress of the applicant—
  - (a) if the period of practical experience exceeds 6 months—within 28 days after the completion of each 6 month period; and
  - (b) in any case—within 28 days after the completion of the period of practical experience.

Penalty: Division 10 fine.

(8) In this regulation—

*prescribed supervisor*, in relation to the supervision of a period of practical experience undertaken by an applicant under this regulation means—

- (a) a licensed surveyor who has been licensed for at least 2 years immediately before the commencement of that period; or
- (b) a person holding qualifications approved by the Institution of Surveyors as relevant to the practical experience who has held those qualifications for at least 2 years immediately before the commencement of that period.

### **7—Other requirements—standards of competence**

(1) An applicant for a licence as a surveyor who has not previously been a licensed surveyor must—

- (a) complete a project, or series of projects, in cadastral surveying in accordance with these regulations; and
- (b) demonstrate a satisfactory level of competence in the completion of each project.

(2) An applicant for registration as a surveyor who has not previously been a registered surveyor must—

- (a) complete a project, or series of projects, in a category of surveying in which he or she has gained practical experience in accordance with these regulations; and
- (b) demonstrate a satisfactory level of competence in the completion of each project.

(3) Each project must be—

- (a) set by a person appointed, with the approval of the Minister, by the Institution of Surveyors; and
- (b) of moderate complexity and sufficiently broad to enable the applicant to demonstrate an application of his or her knowledge and skills in the relevant category of surveying.

(4) The applicant's level of competence in relation to a project must be assessed by a person appointed, with the approval of the Minister, by the Institution of Surveyors.

(5) The assessment of an applicant's level of competence in the completion of a project in a particular category of surveying must be based on the following considerations:

- (a) whether the applicant's level of competence equates to the standards of competence expected in such a category of surveying in the workplace;
- (b) any relevant guidelines published by the Institution of Surveyors and in force from time to time.

### **8—Other requirements—refresher courses for former licensed or registered surveyors**

(1) A former licensed surveyor who applies for a licence as a surveyor must—

- (a) undertake a refresher course in cadastral surveying in accordance with this regulation; and
- (b) demonstrate a satisfactory level of competence in the completion of the course.

- (2) A former registered surveyor who applies for registration as a surveyor must—
  - (a) undertake a refresher course in surveying other than cadastral surveying in accordance with this regulation; and
  - (b) demonstrate a satisfactory level of competence in the completion of the course.
- (3) Each refresher course must be—
  - (a) set by a person appointed, with the approval of the Minister, by the Institution of Surveyors; and
  - (b) sufficient to enable the applicant to update his or her knowledge and skills in the relevant category of surveying after taking into account—
    - (i) the applicant's qualifications and experience in that category of surveying; and
    - (ii) the length of time that the applicant has not practised in that category of surveying.
- (4) The applicant's level of competence in relation to a course must be assessed by a person appointed, with the approval of the Minister, by the Institution of Surveyors.
- (5) The assessment of an applicant's level of competence in the completion of a course in a particular category of surveying must be based on the following considerations:
  - (a) whether the applicant's level of competence equates to the standards of competence expected in such a category of surveying in the workplace;
  - (b) any relevant guidelines published by the Institution of Surveyors and in force from time to time.
- (6) In this regulation—

*former licensed surveyor* means a former licensed surveyor in respect of whom a period of 5 or more years has elapsed since he or she was last licensed;

*former registered surveyor* means a former registered surveyor in respect of whom a period of 5 or more years has elapsed since he or she was last registered.

## Part 3—Survey instructions

### 9—Purpose of Part

This Part is made for the purposes of section 43 of the Act.

### 10—Interpretation

In this Part—

*allotment* has the same meaning as in Part 19AB of the *Real Property Act 1886*;

*coordinated cadastre*—see Part 5 Division 1 of the Act;

*division* of land has the same meaning as in Part 19AB of the *Real Property Act 1886*;

*improvement* means a permanent improvement (including a building, fence or wall) situated on or near the boundary of land;

*reference mark* means—

- (a) a metal pin, being a length of metal pipe or rod of at least 10 millimetres in diameter and 300 millimetres in length driven at or below ground level; or

- (b) a steel dropper of at least 300 millimetres in length driven at or below ground level; or
- (c) a masonry nail or screw firmly secured to a concrete footpath or kerb or a building or other immovable object; or
- (d) a drill hole and wings in concrete; or
- (e) a lead core or plastic plug set into concrete; or
- (f) the corner of a building or other immovable object that may be re-established without ambiguity; or
- (g) a durable mark on a building or other immovable object; or
- (h) any other mark approved as a reference mark by the Surveyor-General;

**State survey mark** means—

- (a) a brass plaque inscribed *survey mark* set in a concrete block measuring at least 150 millimetres square on the top, 250 millimetres square at the base and 300 millimetres in depth; or
- (b) a beacon being a wooden or metal tripod or quadripod fixed to the ground, or a stone cairn supporting a wooden, metal or plastic vane or cap, constructed for survey observations; or
- (c) any other mark approved by the Surveyor-General as a State survey mark,

permanently placed on land for use in surveying;

**survey mark**—see regulation 12;

**survey peg** means—

- (a) a peg of a durable nature, composed of wood, metal, plastic or other material approved for the purpose by the Surveyor-General, measuring at least 300 millimetres in length and 50 millimetres square at the top and coloured white; or
- (b) a metal spike of a least 300 millimetres in length to which is mounted a metal or plastic top of durable material, at least 50 millimetres square and coloured white; or
- (c) a star dropper of at least 300 millimetres in length and coloured white.

## 11—Survey evidence

- (1) A surveyor must, before carrying out a cadastral survey, obtain all information—
  - (a) that is likely to provide evidence of the boundaries of the land to be surveyed; and
  - (b) that is reasonably accessible.
- (2) A surveyor must, in carrying out a cadastral survey—
  - (a) locate all existing survey marks, reference marks, improvements and natural features likely to provide evidence of the boundaries of the land; and
  - (b) connect the survey to all existing surveys of land in the vicinity likely to provide evidence of the boundaries of the land by—
    - (i) connecting to at least 2 apparently sound survey marks or reference marks placed or accepted in the existing survey; or

- (ii) if there are not 2 apparently sound survey marks or reference marks to which the survey may be connected—by connecting to such apparently sound survey marks as are available and to improvements in a manner that enables the existing survey to be re-established; and
- (c) if significant differences in the data from an existing survey are revealed—carry out such further work as may be necessary to establish whether or not the difference results from an error in measurement in the existing survey, the placement or acceptance of the survey mark in the existing survey or the siting of the improvement.

## 12—Survey marks

For the purposes of the Act and these regulations, State survey marks and survey pegs are specified as survey marks.<sup>1</sup>

### Note—

- 1 Permanent survey marks are included within the definition of *survey mark* in section 4 of the Act.

## 13—Placing or accepting survey marks

- (1) A surveyor must, in carrying out a cadastral survey—
  - (a) ensure that each new boundary of the land is marked with survey pegs or, if that is not practicable, reference marks so that the boundary is readily and unambiguously discernible on the ground after completion of the survey; and
  - (b) mark each boundary of the land in accordance with any applicable directions issued by the Surveyor-General; and
  - (c) if a reference mark is placed or accepted in the survey—note on the plan of survey the type of mark used.
- (2) A surveyor must ensure that each survey mark placed or accepted in a cadastral survey is secure and reasonably protected from accidental disturbance.

## 14—Permanent survey marks

A surveyor must, in carrying out a cadastral survey of land within a designated survey area or the coordinated cadastre, comply with any directions of the Surveyor-General as to the placing of permanent survey marks and the provision to the Surveyor-General of information relating to the marks once placed.

## 15—State survey marks

A surveyor must, in carrying out a cadastral survey of land that is not within the coordinated cadastre or a designated survey area, comply with any directions of the Surveyor-General as to the placing of State survey marks and the provision to the Surveyor-General of information relating to the marks once placed.

## 16—Accuracy

- (1) A surveyor must, in carrying out a cadastral survey—
  - (a) ensure that the survey meets the following standards of accuracy:
    - (i) the perimeter misclosure of the survey must not exceed the tolerances fixed by directions issued by the Surveyor-General;

- (ii) if the survey is connected to permanent or State survey marks (and linear misclosure and displacement may be tested)—the linear misclosure of the survey and the linear displacement (caused by angular misclosure) between the survey and the relevant Map Grid of Australia coordinates must not exceed the tolerances fixed by directions issued by the Surveyor-General;
  - (iii) if the survey is carried out using coordinate based techniques or verified radiations (where linear misclosure and displacement cannot be tested) and the survey is connected to permanent or State survey marks the Map Grid of Australia coordinates of which are known—the difference in the position of survey marks as placed or accepted in the survey and the position of those marks as determined from their Map Grid of Australia coordinates must not exceed the tolerances fixed by directions issued by the Surveyor-General;
  - (iv) if the survey is carried out using coordinate based techniques or verified radiations (where linear misclosure and displacement cannot be tested) and the survey is connected to State survey marks the Map Grid of Australia coordinates of which are not known—the difference in the position of survey marks as placed or accepted in the survey and the position of those marks as determined from measurements shown on the plan (including measurements relating to the State survey marks) must not exceed the tolerances fixed by directions issued by the Surveyor-General; and
- (b) use equipment and techniques that will enable the required standard of accuracy to be met; and
  - (c) carry out adequate checks of the survey to ensure that the required standard of accuracy is met.
- (2) A surveyor must provide the Surveyor-General with satisfactory evidence of compliance with subregulation (1) in relation to a specified cadastral survey within 14 days of receiving a written request from the Surveyor-General for such evidence (or such longer period as is allowed by the Surveyor-General).

### **17—Field notes**

- (1) A surveyor must ensure that records or notes of survey are made in the course of a cadastral survey carried out or supervised by the surveyor and must retain those records or notes for a period of at least 10 years after completion of the survey.
- (2) A surveyor must provide the Surveyor-General with a copy of the records or notes made in relation to a specified cadastral survey within 14 days of receiving a written request from the Surveyor-General for such copy (or such longer period as is allowed by the Surveyor-General).

### **18—Survey reports**

- (1) A surveyor must provide the Surveyor-General with a report under this regulation in relation to a cadastral survey in respect of which the surveyor has certified a plan—
  - (a) in the case of a written request made by the Surveyor-General to the surveyor to provide such a report—within 14 days of receiving the request; or
  - (b) in the case of a prescribed cadastral survey—immediately after certifying the plan (or such longer period as is allowed by the Surveyor-General).

(2) A report under this regulation must include the information required, and be in a form approved, by the Surveyor-General.

(3) In this regulation—

*prescribed cadastral survey* means a cadastral survey of a class specified in a direction issued by the Surveyor-General.

## **19—Plans**

A plan of a cadastral survey lodged in the Lands Titles Registration Office must comply with the plan presentation guidelines published by the Surveyor-General and the Registrar and in force from time to time.

## **20—Certification of plans**

(1) A surveyor must not certify a plan of a cadastral survey unless satisfied that—

- (a) the survey has been carried out in accordance with this Part; and
- (b) the plan complies with the requirements of this Part.

(2) A surveyor must certify a plan of a cadastral survey by completing and signing a certificate, in a form approved by the Surveyor-General.

## **21—Boundaries of land within coordinated cadastre**

In carrying out a cadastral survey of land within the coordinated cadastre, a surveyor must accept the Map Grid of Australia coordinates describing the boundaries of the land, as recorded in the plan of the area filed in the Lands Titles Registration Office pursuant to Part 5 Division 1 of the Act.

## **22—Survey of land within designated survey area**

In carrying out a cadastral survey of land within a designated survey area, a surveyor must comply with the following additional requirements:

- (a) the survey must connect to at least 3 permanent survey marks or 2 permanent survey marks and 1 State survey mark for which the Map Grid of Australia coordinates are known;
- (b) the survey must be adjusted to the scale and orientation dictated by the coordinates of the permanent and State survey marks to which the survey is connected;
- (c) if the survey does not agree with the coordinates of the permanent or State survey marks to which the survey is connected within the standards of accuracy required by the Surveyor-General under this Part, the matter must be reported to the Surveyor-General and any directions of the Surveyor-General in relation to the matter followed.

## **23—Reinstatement of marks after land division complete**

(1) A surveyor who has carried out a cadastral survey for a division of land into more than 5 allotments must, not later than 90 days after completion of works for the provision of roads, drains or other services in association with the division of land, place in position all survey pegs, reference marks and State survey marks required in relation to the survey by the Surveyor-General.

- (2) If a surveyor fails to comply with subregulation (1), the Surveyor-General—
- (a) may, after giving the surveyor not less than 14 days notice in writing—
    - (i) undertake any additional survey work that may be required; and
    - (ii) place any survey pegs, reference marks and State survey marks required in relation to the survey; and
  - (b) may, after taking any action under paragraph (a)—
    - (i) amend a survey plan; and
    - (ii) recover as a debt from the surveyor the costs of undertaking the additional survey work, placing the required survey pegs, reference marks and State survey marks and amending a survey plan.

#### **24—Removal of marks**

If the Surveyor-General is satisfied that a survey mark or reference mark has been incorrectly or unlawfully placed by a person, the Surveyor-General may—

- (a) remove the mark; and
- (b) if the Surveyor-General considers it appropriate—reinstate the mark in the correct position; and
- (c) recover the costs of so removing the mark, or removing and reinstating the mark, from the person.

#### **25—Exemptions by Surveyor-General**

- (1) The Surveyor-General may, on application by a surveyor, exempt the surveyor from any specified requirement of this Part in relation to a specified cadastral survey if compliance is not practicable or the surveyor wishes to use an alternative method of survey and the Surveyor-General is satisfied that the accuracy of the survey will not be jeopardised.
- (2) The Surveyor-General may issue directions exempting a class of surveys from any specified requirement of this Part.
- (3) An exemption under this regulation may be subject to conditions and may be subsequently varied or revoked.

#### **26—Additional work required by Surveyor-General**

- (1) If the Surveyor-General believes on reasonable grounds that the definition of boundaries as shown on a survey plan may not be accurate by reason of the survey not being carried out in accordance with these regulations or directions in force under these regulations, the Surveyor-General may require the surveyor by whom or under whose supervision the survey was carried out to undertake additional work, or to provide additional information, in relation to the survey in order to enable the Surveyor-General to verify the definition of boundaries.
- (2) The surveyor must comply with any such requirement within 14 days or such longer period as is allowed by the Surveyor-General.

## 27—Directions of Surveyor-General

- (1) The Surveyor-General may issue written directions in relation to cadastral surveys and records of cadastral surveys for the purposes of this Part.
- (2) The directions may, for example—
  - (a) approve a class of marks as reference marks or State survey marks;
  - (b) approve a class of materials as materials of which survey pegs may be composed;
  - (c) regulate the marking of boundaries of land in cadastral surveys, including the placement or acceptance of survey marks or reference marks in cadastral surveys;
  - (d) regulate the placement of permanent survey marks or State survey marks in the course of cadastral surveys (including the number and position of the marks and the standard of accuracy that must be achieved in placing the marks) and regulate the provision to the Surveyor-General of information relating to the marks once placed (including the location of the marks and, in the case of permanent survey marks, sufficient measurements to allow the Map Grid of Australia coordinates of the marks to be determined);
  - (e) fix tolerances in relation to the standard of accuracy of cadastral surveys required to be met for the purposes of these regulations;
  - (f) require and regulate the provision to the Surveyor-General or any other specified authority of information relating to mathematical checking of cadastral surveys prior to lodging a survey plan;
  - (g) require reports to be provided in relation to specified classes of survey;
  - (h) approve forms for the purposes of this Part;
  - (i) grant exemptions (which may be absolute or conditional) from compliance with the directions or any specified provision of the directions;
  - (j) otherwise regulate the performance of cadastral surveys.
- (3) A direction under these regulations may be of general or limited application according to the class of surveys to which it applies, the circumstances of the application or any other specified factor.
- (4) The Survey Advisory Committee must be consulted before directions are promulgated under this Part.
- (5) Directions under these regulations must be promulgated in a manner approved by the Minister.
- (6) A surveyor must comply with directions of the Surveyor-General promulgated under this Part.

## Schedule 1—Revocation of *Survey Regulations 1992*

The *Survey Regulations 1992* are revoked.

### Note—

As required by section 10AA(2) of the *Subordinate Legislation Act 1978*, the Minister has certified that, in the Minister's opinion, it is necessary or appropriate that these regulations come into operation as set out in these regulations.

## BY-LAW MADE UNDER THE LOCAL GOVERNMENT ACT 1999

*By-law No. 1—Permits and Penalties*

TO provide for a permit system and penalties in Council by-laws, to clarify the construction of such by-laws, and to repeal by-laws.

A. All previous by-laws made or adopted by the Council, prior to the date this by-law is made, are hereby repealed.

*Permits*

1. (1) In any by-law of the Council unless the contrary intention is clearly indicated the word 'permission' means the permission of the Council given in a permit. The form of such a permit will be determined by the Council.

(2) The Council may attach such conditions to a grant of permission as it thinks fit, and may vary or revoke such conditions or impose new conditions by notice in writing to the permit holder.

(3) A permit holder will comply with every such condition. Failure to do so constitutes a breach of this by-law.

(4) The Council may revoke such grant of permission at any time by notice in writing to the permit holder.

*Penalties*

2. Any person who commits a breach of any by-law of the Council, including of a continuing nature, will be guilty of an offence and, in addition to any other penalty that may be imposed, will be liable to a further penalty for every day on which the offence is continued. Penalties for any breach of a by-law are set at the maximum amount that can be prescribed by by-law.

*Construction*

3. Every by-law of the Council shall be subject to any Act of Parliament and Regulations made thereunder.

The foregoing by-law was duly made and passed at a meeting of the Council of the City of Charles Sturt held on 27 August 2007, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.

M. WITHERS, Chief Executive

## BY-LAW MADE UNDER THE LOCAL GOVERNMENT ACT 1999

*By-law No. 2—Moveable Signs*

TO set standards for moveable signs on streets and roads and to provide conditions for and the placement of such signs.

*Definitions*

1. In this by-law:

- (1) 'approved construction' means a moveable sign which:
  - (a) is not more than 1 m high, 600 mm in length and 600 mm in width;
  - (b) when placed on a footpath in a display position is not more than 600 mm in length;
  - (c) is constructed so as not to be (or be likely to be) a hazard to a member of the public using the footpath upon which the moveable sign has been placed;
  - (d) is constructed so as to be (and to be likely to be) stable when displayed upon a footpath including being stable during adverse weather conditions;
  - (e) does not rotate, contain flashing lights or is illuminated internally or externally; and
  - (f) does not have balloons, flags, streamers or other things attached to it;
- (2) 'authorised person' means a person appointed an authorised person pursuant to section 260 of the Local Government Act 1999;
- (3) 'business premises' means the premises from which a business, trade or calling is conducted;

(4) 'footpath' means:

- (a) a footway, lane or other place made or constructed for the use of pedestrians and not for the use of vehicles;
- (b) that part of a street or road between the edge of the carriageway and the boundary between the street or road and the adjoining land on the same side of the carriageway as that edge;

(5) 'moveable sign' has the same meaning as in the Local Government Act 1999;

(6) 'the Council' means the City of Charles Sturt.

*Placement*

2. A moveable sign displayed on a public street or road:

- (1) must not be placed anywhere except on the footpath;
- (2) must not be placed on a footpath that is less than 2.5 m wide;
- (3) must not be placed on the sealed part of a footpath unless the sealed part is wide enough to contain the moveable sign and still leave a clear thoroughfare of at least 1.2 m wide;
- (4) must not be placed on a landscaped area (other than when landscaping comprises only lawn);
- (5) must not be placed on a designated parking area or within 1 m of an entrance to or exit from premises;
- (6) must not, without the Council's permission, be fixed to, or leaned against any bus shelter;
- (7) must not be placed within 10 m of the far curb of an intersection;
- (8) must not, without the Council's permission, be fixed, leaned against or placed closer than 2 m to any other structure, object or plant (including another moveable sign) or tree;
- (9) must not be displayed to advertise a business while the business is providing outdoor dining facilities on a public street or road; and
- (10) must not unreasonably restrict the use of the footpath or road or endanger the safety of members of the public.

*Restrictions*

3. A moveable sign displayed on a public street or road is subject to the following restrictions:

- (1) the moveable sign must only contain material which advertises a business being conducted on premises adjacent to the sign;
- (2) only one moveable sign is to be displayed in relation to a business premises;
- (3) the moveable sign must not be displayed unless the business to which it relates is open to the public;
- (4) the moveable sign must be clearly visible during the hours of darkness; and
- (5) the moveable sign must be of an approved construction.

*Exemptions*

4. This by-law does not apply to a moveable sign which:

- (1) directs people to premises that are open for inspection, for sale or lease;
- (2) directs people to a charitable function;
- (3) on the day of a garage sale, advertises a garage sale taking place from residential premises provided the sign does not restrict the use of the road or endanger the safety of members of the public;
- (4) is a flat sign containing only the banner or headlines of a newspaper or magazine provided:
  - (a) the sign does not restrict the use of the road or endanger members of the public; and
  - (b) only three such signs are displayed in relation to a business premises;

- (5) is a movable sign in a location for which the permission of the Council has first been obtained;
- (6) is related to a State or Commonwealth election and is displayed during the period commencing on the issue of the writ or writs for the election and ending at the close of polls on polling day;
- (7) is related to an election held under the Local Government Act 1999 or the Local Government (Elections) Act 1999 and is displayed during the period commencing four weeks immediately before the date that has been set (either by or under either Act) for polling day.

#### *Removal of Unauthorised Moveable Signs*

5. (1) If a moveable sign has been placed on any public street, road or footpath in contravention of this by-law or of section 226 of the Local Government Act 1999, an authorised person may order the owner of the sign to remove the moveable sign from the street, road or footpath.

(2) If the authorised person cannot find the owner, or the owner fails to comply immediately with the order, the authorised person may remove the sign.

(3) If a moveable sign is removed under subparagraph (2) of this by-law and is not claimed within 30 days of such removal the authorised person may sell, destroy or otherwise dispose of the moveable sign as the authorised person thinks fit.

(4) Any person who displays an unauthorised moveable sign or who is the owner of an unauthorised moveable sign which has been removed under subparagraph (2) of this by-law must pay the Council any reasonable costs incurred in removing, storing or attempting to dispose of the moveable sign before being entitled to recover the moveable sign.

#### *Removal of Authorised Moveable Signs*

6. (1) A moveable sign must be removed or relocated by the person who placed the moveable sign on a street, road or footpath or the owner of the moveable sign, at the request of an authorised officer if, in the opinion of the authorised person, and notwithstanding compliance with this by-law, there is any hazard or obstruction or there is likely to be a hazard or obstruction arising out of the location of the moveable sign.

(2) A moveable sign must be removed or relocated by the person who placed the movable sign on a street, road or public place or the owner of the sign, at the request of an authorised person if so required by the authorised person for the purpose of special events, parades, road or footpath works or any other circumstances which, in the opinion of the authorised person, requires relocation or removal of the moveable sign.

The foregoing by-law was duly made and passed at a meeting of the Council of the City of Charles Sturt held on 27 August 2007, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.

M. WITHERS, Chief Executive

- (e) planting a tree or other vegetation on the land, interfering with the vegetation on the land or removing vegetation from the land; or
- (f) otherwise use the land in a manner contrary to the purpose for which the land was designed to be used.

*Removal of Encroachment or Interference*

5. Any person who encroaches onto, interferes with, or alters local government land contrary to this by-law must at the request in writing of an authorised person, cease the encroachment or interference and remove the source of the encroachment or interference and reinstate the land to the same standard as the state of the land prior to the encroachment, interference or alteration.

*Council may do work*

6. If a person fails to remove an encroachment or interference on local government land in accordance with a request of an authorised officer pursuant to paragraph 5 of this by-law, then the Council may:

- (1) undertake the work itself; and
- (2) recover the cost of doing so from that person.

*Directions*

7. Any person on local government land must comply with any reasonable direction or request from an authorised person relating to:

- (1) that person's use of the land;
- (2) that person's conduct and behaviour on the land;
- (3) that person's safety on the land;
- (4) the safety and enjoyment of the land by other persons.

*Removal of Animals and Persons*

8. If any animal is found on local government land in breach of a by-law:

- (1) any person in charge of the animal will remove it on the request of an authorised person; and
- (2) an authorised person may remove the animal if a person fails to comply with the request, or if no person is in charge of the animal.

*Exemptions*

9. The restrictions in this by-law do not apply to any Police Officer, Emergency Services Officer, Council Officer or employee acting in the course and within the scope of that person's normal duties, or to a contractor while performing work for the Council and while acting under the supervision of a Council Officer.

*Application of Paragraphs*

10. (1) Any of paragraphs 2 (11), 2 (17), 2 (19) (b), 2 (20), 2 (22), 2 (23), 2 (26), 2 (27) (a), 2 (28) and 4 (1) of this by-law will apply only in such portion or portions of the area as the Council may by resolution direct (in accordance with section 246 (3) (e) of the Local Government Act 1999).

(2) Any of paragraphs 2 (13) (a) and 2 (34) of this by-law will apply except in such portion or portions of the area as the Council may by resolution direct (in accordance with section 246 (3) (e) of the Local Government Act 1999).

The foregoing by-law was duly made and passed at a meeting of the Council of the City of Charles Sturt held on 27 August 2007, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.

## BY-LAW MADE UNDER THE DOG AND CAT MANAGEMENT ACT 1995 AND THE LOCAL GOVERNMENT ACT 1999

*By-law No. 6—Dogs and Cats*

FOR the control of dogs within the area, to limit the number of dogs and cats kept in premises and to require dogs to be effectively secured.

*Definitions*

1. In this by-law:

- (1) 'approved kennel establishment' means a building, structure or area approved by the relevant authority, pursuant to the Development Act 1993, for the keeping of dogs or cats on a temporary or permanent basis;
- (2) 'cat' has the same meaning as in the Dog and Cat Management Act 1995. However, this by-law will only apply to a cat of the age of three months or older;
- (3) 'dog' has the same meaning as in the Dog and Cat Management Act 1995. However, this by-law will only apply to a dog of the age of three months or older;
- (4) 'keep' includes the provision of food or shelter;
- (5) 'public place' means a place to which the public has access (whether an admission fee is charged or not);
- (6) 'sufficient open space area' means 20 square metres of private, fenced land that is accessible to a dog from the premises and suitable for the purpose of exercise;
- (7) 'the Council' means the City of Charles Sturt.

*Limit on Dog Numbers*

2. (1) The limit on the number of dogs kept will be:

- (a) one dog per premises; or
- (b) in premises with sufficient open space area, two dogs.

(2) No person will, without obtaining the permission of the Council, keep any dog on any premises where the number of dogs on those premises exceeds the limit unless the premises are an approved kennel establishment.

*Limit on Cat Numbers*

3. (1) The limit on the number of cats kept will be two cats per premises.

(2) No person will, without obtaining the permission of the Council, keep any cat on any premises where the number of cats on those premises exceeds the limit unless the premises are an approved kennel establishment.

(3) Paragraph 3 (1) does not apply if the person has obtained the permission of the Council. Such permission may be given if the Council is satisfied that:

- (a) no insanitary condition exists on the premises as a result of keeping the cats;
- (b) a nuisance is not caused to any neighbour as a result of keeping the cats on the premises;
- (c) the keeping of the cats is not contrary to the general interests of the neighbouring community;
- (d) the keeping of the cats does not breach any provisions of section 258 of the Local Government Act 1999, or any other legislation relating to the keeping of animals.

*Dog Free Areas*

4. No person will in a public place to which this paragraph applies cause, suffer or permit any dog under that person's control, charge or authority to be in, or remain in that place.

*Dogs on Leash Areas*

5. No person will in a public place to which this paragraph applies, cause, suffer or permit any dog under that person's control, charge or authority to be or remain in that public place unless such dog is secured by a strong leash not exceeding 2 m in length and either tethered securely to a fixed object or held by a person capable of controlling the dog and preventing it from being a nuisance or a danger to other persons.

*Dog Exercise Areas*

6. (1) Any person may enter upon any public place to which this paragraph applies for the purpose of exercising a dog under his or her control.

(2) Where a person enters upon such public place for that purpose, he or she will ensure that the dog or dogs under his or her control remain under effective control (within the meaning of the Dog and Cat Management Act 1995) while on the land.

(3) Signs will be erected to denote the public places to which this paragraph applies and information will be provided in a manner determined by the Chief Executive Officer of the Council to inform the public about such public places.

*Dog Faeces*

7. No person will cause, suffer or permit a dog under that person's control, charge or authority to be on or to remain in a public place unless that person has in their possession a bag or other suitable container on their person for the collection of any faeces from that dog for the purpose of complying with their obligation under section 45A (6) of the Dog and Cat Management Act 1995.

*Application of Paragraphs*

8. Any of paragraphs 4, 5 and 6 (1) of this by-law will apply only in such portion or portions of a public place as the Council may by resolution direct (in accordance with section 246 (3) (e) of the Local Government Act 1999).

The foregoing by-law was duly made and passed at a meeting of the Council of the City of Charles Sturt held on 27 August 2007, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.
