NOTICE TO MARINERS

NO. 44 OF 2009

South Australia—Warning—Access past River Murray Mouth

BOAT operators are advised that restrictions on access through the Murray Mouth Dredging Exclusion Zone will be lifted during daylight hours from 8 a.m. on Saturday, 3 October 2009, until further notice. Sunrise and sunset times are advised on the website (http://www.transport.sa.gov.au/quicklinks/sunrise_sunset.asp) and in the media.

Mariners are advised to exercise extreme caution, as there are possibilities of varying water depths, strong tidal currents, waves, shifting sandbars and shallow water. Existing channels may shift or close in the course of a single day making return passage impossible. Dangerous conditions may prevail.

Dredging of the Murray Mouth area has been undertaken to protect the Coorong ecosystem and not to facilitate navigation. The dredge has been moved to one side of the dredge area for this period and must be avoided. Dredging may have caused parts of the area to have different depths and may have created steeply shelved sections.

Mariners are advised that anchoring is prohibited in the area and will be strictly enforced. Non compliance will result in a prosecution, in accordance with Harbors and Navigation Act 1993 and Regulations. A speed limit of four knots and restrictions on boating activities, apply in accordance with the Harbors Regulations 1994.

Mariners are further advised that vessels are not permitted to enter the buoyed zone and that a penalty for entering the buoyed zone will be enforced.

Navigation through the locks at Tauwichee and Goolwa is still closed until further notice due to low water levels in Lake Alexandrina.

Adelaide, 11 September 2009.

NO. 46 OF 2009

South Australia Port Broughton Channel—Replacement of Navigation Markers

MARINERS are advised that major works are scheduled to commence this week in the Port Broughton channel associated with replacement of 40 navigation markers.

The work will be carried out in four stages with no more than 10 beacons in each stage commencing from the boat ramp and moving progressively to the outer entrance beacon. Work is expected to be completed by February 2010.

The beacons removed will be temporarily replaced with red (port) and green (starboard) buoys and marked with the numbers corresponding to the beacon removed. The buoys will also be fitted with retro reflective tapes. As the entrance beacon is the only lit beacon in the channel, a yellow flashing light every three seconds will be installed temporarily on the old entrance beacon whilst the new entrance beacon is installed. This will enable mariners to navigate safely within the channel whilst works are in progress.

The proposed work plan is as follows:

Stage 1—Beacon Nos 73 to 55: Approximate dates September/October 2009.

Stage 2—Beacon Nos 53 to 37: Approximate dates October/November 2009.

Stage 3—Beacon Nos 35 to 21: Approximate dates November/December 2009.

Stage 4—Beacon Nos 21 to 1: Approximate dates December/January 2010.

The Contractors vessels will exhibit the required lights and day shapes to comply with the International Regulations for preventing collisions at sea.

Mariners are further advised to exercise extreme caution when navigating in the area.
