SOUTH AUSTRALIAN ELECTORAL DISTRICTS
BOUNDARIES COMMISSION*Notice Issued Pursuant to Section 85(1) of the
Constitution Act 1934*

PURSUANT to Section 82 (1) of the Constitution Act 1934 ('the Constitution') the South Australian Electoral Districts Boundaries Commission is about to commence proceedings for the purpose of an electoral redistribution of South Australia into House of Assembly (State) electoral districts.

A redistribution of the Federal electoral boundaries is also taking place this year. The Federal redistribution is a separate exercise from the State redistribution, governed by different legislation and timeframes, and they are not related.

What is the basis of the redistribution?

Whenever an electoral redistribution is made, the number of electors in each electoral district must not vary from the electoral quota by more than 10 per cent. The electoral quota is obtained by dividing the total number of electors for the House of Assembly as at a specified date, being a date not earlier than six months before the date of the Commission's order, by the number of electoral districts.

What is the task of the Commission?

In making an electoral redistribution, the Commission is required to:

- ensure, as far as practicable, that the electoral redistribution is fair to prospective candidates and groups of candidates so that, if candidates of a particular group attract more than 50 per cent of the popular vote (determined by aggregating votes cast throughout the State and allocating preferences to the necessary extent), they will be elected in sufficient numbers to enable a government to be formed;
- have regard, as far as practicable, to:
 - (a) the desirability of making the electoral redistribution so as to reflect communities of interest of an economic, social, regional or other kind;
 - (b) the population of each proposed electoral district;

- (c) the topography of areas within which new electoral boundaries will be drawn;
- (d) the feasibility of communication between electors affected by the redistribution and their parliamentary representative in the House of Assembly; and
- (e) the nature of substantial demographic changes that the Commission considers likely to take place in proposed electoral districts between the conclusion of its present proceedings and the date of expiry of the present term of the House of Assembly.

The Commission is also authorised to have regard to any other matter it thinks relevant.

Can you make a submission?

The Commission invites representations from any person in relation to the proposed electoral redistribution.

Any persons wanting to make representations to the Commission regarding the proposed electoral redistribution may do so in writing, either personally or by post to the Secretary of the Commission, by 5 p.m. on Tuesday, 31 January 2012.

When and where will the hearings take place?

The Commission will conduct a preliminary hearing as to demographic data which will commence at 10 a.m. on Monday, 14 November 2011 in the Commonwealth Law Courts Building, 3 Angas Street, Adelaide.

Please refer to our website ecsa.sa.gov.au for more information on the demographic data and details of the Commission.
