#### AFFORDABLE HOUSING STIMULUS PACKAGE

THE Affordable Housing Stimulus Package includes the following projects and programs, to which the provisions relating to approval by the State Coordinator General will apply under the Development Regulations 2008:

##### *Community Housing Capital Grant Program (Debt Forgiveness)*

\$20 million for a capital grant program for not-for-profit housing providers, to deliver approximately 75 social housing properties, supported by not-for-profits contribution of debt and land as leverage.

##### *Category 1 Social Housing Construction (Debt Forgiveness)*

\$30 million of funds secured through Commonwealth debt forgiveness will be committed to construct around 100 new units of social housing on existing serviced land allotments. \$10M of this funding will be committed to construction of social housing in regional South Australia. The properties will be targeted to Category 1 Disability SA waiting list applicants and Housing SA and community housing applicants who are either homeless or at risk of homelessness.

##### *Community Housing Program*

Through this \$5 million annual program Community Housing Organisations work with Housing SA to replace obsolete or poorly performing community housing dwellings.

##### *National Partnership Agreement on Remote Indigenous Housing (NPARIH)*

The NPARIH program delivers new social housing outcomes to address overcrowding, homelessness, poor housing conditions and severe housing shortages in remote Aboriginal communities. Over two years it is anticipated that funding of \$40.9 million will be available for new construction.

##### *Aboriginal Housing Capital Program*

This annual \$3.2 million program delivers new housing for Aboriginal clients in metropolitan and regional areas across South Australia.

##### *Nation Building—Economic Stimulus Plan Disability Construction Program*

\$27 million will be available to Housing SA to construct social housing dwellings suitable for clients with disabilities across metropolitan and regional South Australia.

##### *Melrose Park Redevelopment*

Under the State Government's capital works 'bring-forward' program, Housing SA will deliver a mixed use project for a range of clients at Melrose Park with a total budget allocation of \$9.6 million. Stage 1 of the project will deliver 8 new affordable dwellings.

##### *Port Lincoln Redevelopment (Eltham Street)*

The \$1.8 million Port Lincoln Project will deliver a cluster of dwellings suitable for tenants as they age in place.

##### *New Build*

The New Build Program, valued at \$6 million annually, provides replacement properties for Housing SA in and around urban renewal and other redevelopment projects, to enable tenant relocations.

##### *Better Neighbourhoods Program*

The Better Neighbourhood Program replaces small clusters of ageing South Australian Housing Trust dwellings in areas of high demand, which are close to transport and other services and provides tenant relocation opportunities for future

development areas. The budget expenditure through to December 2014 is estimated to be \$28.6 million. This project is being delivered by Renewal SA on behalf of Housing SA.

##### *Playford Alive:*

The Playford Alive Urban Renewal Project is a major urban regeneration and community renewal initiative delivered in partnership between the South Australian Government, the City of Playford and the local community.

##### *Northway:*

The Northway urban renewal project is a five year urban regeneration project, focusing on the regeneration of an area where there is a high concentration of social housing, to provide a mix of affordable rental and home ownership opportunities.

##### *The Square (Woodville West):*

The Woodville West project involves the redevelopment of 13 hectares near West Lakes Boulevard that had a high concentration of aged South Australian Housing Trust owned dwellings. Redevelopment of the site includes construction of 428 new dwellings, the reconfiguration of roads and the creation of new public spaces.

##### *Christies Beach:*

In 2011 the Minister for Housing approved development of a medium to high density site of approximately 80 dwellings on a 2.12 hectare vacant site owned by Housing SA and adjacent the Horizon Apartments development on the corner of Beach and McKinna Roads. As part of this development the construction of five social housing dwellings will commence by December 2014.

The insurer (the Motor Accident Commission) insures the owner of the motor vehicle and any other person who at any time drives or is a passenger in or on the vehicle, whether with or without the consent of the owner, in respect of all liability that may be incurred by the owner or other person in respect of the death of, or bodily injury to, any person caused by or arising out of the use of the vehicle in any part of the Commonwealth.
2. A person so insured warrants that he or she will not-
  - (a) drive the vehicle, or do or omit to do anything in relation to the vehicle, with the intention of causing the death of, or bodily injury to, a person or damage to another's property or with reckless indifference as to whether such death, bodily injury or damage results; or
  - (b) drive the vehicle while so much under the influence of intoxicating liquor or a drug as to be incapable of exercising effective control of the vehicle; or
  - (c) drive the vehicle while there is present in his or her blood a concentration of .1 grams or more of alcohol in 100 millilitres of blood; or

3. The owner of the vehicle warrants that no person will, with his or her knowledge or consent (which will be presumed in any proceedings in the absence of proof to the contrary), drive or use the vehicle, or do or omit to do anything in relation to the vehicle, contrary to any paragraphs of clause 2.
4. This policy of insurance does not extend to liability arising from death of, or bodily injury to, a participant in a road race caused by the act or omission of another participant in the road race.

### RECOVERY OF EXCESS AND OTHER CLAIMS COSTS

An excess applies from an insured person who has incurred a liability under the policy and who is more than 25% at fault. The excess is a prescribed amount and is indexed every year on 1 January. The amount of the excess will depend on the year in which the accident occurred. For the relevant excess, please refer to [www.mac.sa.gov.au/excess](http://www.mac.sa.gov.au/excess).

If an insured person has breached the Policy of Insurance (see above) the insurer may exercise its rights of recovery against that person. The insurer's right to recover an excess or claims costs against an insured person is in addition to any other penalties which may apply for driving offences or any liability that person may incur for damage to property.

It is an offence to drive an **uninsured** vehicle on a road. If you are driving an uninsured motor vehicle and you cause someone else injury, you may be liable to repay all compensation paid.

### ASSISTANCE IN DETERMINING THE APPROPRIATE PREMIUM CLASS

The premium class has been determined based on information previously supplied. It is advisable to check the insurance class and insurance premium payable shown on the registration renewal notice against the CTP Insurance Schedule shown overleaf. In reviewing the premium class, attention should be given to:

- Type of vehicle
- The input tax credit (ITC) entitlement of the registered owner (see below)
- The postcode area in which it is usually garaged (see below)

If the information shown is incorrect, a Service SA customer service centre should be notified immediately. An *'Application to Change the Insurance Premium Class on a Registration'* may be required due to:

- A change of residential and/or garaging address
- A change in the use of the vehicle
- A change in concession status
- An alteration to the vehicle
- A change in the input tax credit (ITC) entitlement of the registered owner

### GST

The premiums shown overleaf include stamp duty payable by the insurer. In accordance with GST laws, no GST is charged on the **stamp duty** component of the premium.

### THE INPUT TAX CREDIT (ITC) ENTITLEMENT OF THE REGISTERED OWNER

You must select an 'ITC' Entitled premium class if the vehicle is used for any purpose that entitles you to claim back any part of the GST component of the CTP premium. Under the Commonwealth GST Law\*, this is known as 'Input Tax Credit' (ITC).

\*GST Law means the *Commonwealth legislation: A New Tax System (Goods and Services Tax) Act 1999*.

A tax invoice will be provided with your registration certificate, detailing the amount of GST you can claim. If you are unsure whether you can claim the GST paid, then you should consult your accountant, financial advisor or the Australian Taxation Office.

**Incorrect ITC classification:** If the ITC classification details are incorrect, you will need to apply to change these details by completing the *Application to Change the Insurance Premium Class on Registration Form (MR82)* at your local Service SA customer service centre.

**Failure to notify the insurer of the correct premium may incur a penalty up to \$5,000. This penalty is in addition to any premium differential payable. It is an offence to provide false information or withhold any information which may be necessary to determine the appropriate insurance premium.**

### THE POSTCODE AREA IN WHICH THE VEHICLE IS GARAGED

**"Insurance Rating District 1"** - "District 1" consists of the following postcodes:

## Schedule 1— Incorporated hospitals and public hospital sites: fees for admitted patients who are compensable patients

### 1—Interpretation

- (1) In this Schedule, unless the contrary intention appears—

**AR-DRG** means Australian Refined Diagnosis Related Group;

**leave hour** means an hour for which an admitted patient of a public hospital site is on leave from the public hospital site without being discharged from the public hospital site;

**maintenance care** (formerly Nursing Home Type care) means treatment and care of an admitted patient in which the treatment goal is to prevent deterioration in the patient's health or ability to function and where care over an indefinite period, but not further complex assessment or stabilisation, is required;

**Manual** means the *Australian Refined Diagnosis Related Groups, Version 6.0, Definitions Manual*, released in November 2008 by the Commonwealth Department of Health and Ageing;

**rehabilitation**, or **rehabilitation care**, means the treatment and care of a patient with an impairment, disability or handicap in which the treatment goal is to improve the ability of the patient to function;

**rounded to the nearest hour**, in relation to the determination of a number of hours, means that where a number of hours includes a fraction of an hour, the number is to be rounded up to the nearest whole hour if the fraction consists of 30 minutes or more and rounded down to the nearest whole hour (or, where necessary, to zero) if the fraction consists of less than 30 minutes;

- (2) For the purposes of this Schedule—
- (a) AR-DRG reference numbers or descriptions are as set out in the Manual; and
  - (b) terms and abbreviations used in AR-DRG descriptions have the meanings given by the Manual.
- (3) A reference in this Schedule to a Table of a specified number in this Schedule is a reference to the Table of that number in clause 9.

### 2—Determination of applicable AR-DRG

For the purposes of this Schedule, the AR-DRG applicable to a patient must be determined in accordance with the guidelines contained in *South Australian Morbidity Coding Standards and Guidelines (Inpatients)*, effective 1 July 2006, published by the Department of Health.

### 3—Standard fee for admitted patients

Subject to this Schedule, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient to whom an AR-DRG specified in the first and second columns of Table 3 in this Schedule is applicable must be calculated as follows:

$$\text{Fee} = \text{Price} \times \text{Cost Weight}$$

where—

- (a) the **Price** is the price specified in the second column of Table 1 in this Schedule; and
- (b) the **Cost Weight** is the cost weight specified in the third or fourth column of Table 3 in this Schedule according to the patient classification (public or private) specified in those columns for the AR-DRG applicable to the patient.

### 4—Fee for rehabilitation or maintenance care

Despite clause 3, the fee to be charged by a public hospital site for a period of treatment, care and accommodation of an admitted patient where the treatment and care consists of rehabilitation or maintenance care must be calculated as follows:

$$\text{Fee} = \text{Price} \times \text{LOS}$$

where—

- (a) the **Price** is the price specified in the third column of Table 2 in this Schedule according to the patient classification (public or private) specified in the first column and the type of treatment or care specified in the second column of the Table; and
- (b) the **LOS** (length of stay) means the number of hours (rounded to the nearest hour) between—
  - (i) the admission of the patient to the public hospital site or, where the patient receives maintenance care, the commencement of maintenance care, whichever is the later; and
  - (ii) the discharge of the patient from the public hospital site, excluding any leave hours (rounded to the nearest hour) for the patient during that period, expressed as a figure in days (including parts of days) and rounded up to the nearest whole day.

### 5—Medical or diagnostic services not included in fees for private patients

In the case of a private patient, a fee determined in accordance with this Schedule does not include a fee for the cost of medical or diagnostic services provided by a medical practitioner selected by the patient.

## **6—Retrieval fee (admitted patients)**

Where a retrieval team provided by a public hospital site or SA Ambulance Service monitors and treats a seriously ill or seriously injured admitted patient of that or any other public hospital site during the transportation of the patient to a the public hospital site or to another facility of the public hospital site, the fee to be charged by the public hospital site or SA Ambulance Service providing the retrieval team is as follows:

Provision of retrieval team—\$2 437.80

## **7—Transportation fee**

- (1) Where, in addition to providing a service referred to in this Schedule, a public hospital site transports, or arranges for the transportation of, a patient to or from (or between different facilities of) the public hospital site, the public hospital site may charge an additional fee equal to the cost to the public hospital site of providing, or arranging for the provision of, that transportation.
- (2) Subclause (1) does not apply to the transportation of a patient with a retrieval team provided by the public hospital site.

## **8—Other fees**

- (1) Pharmaceutical Reform arrangements

For public hospital sites participating in the pharmaceutical reform arrangements under the agreement between the South Australian and the Australian Government the following fees apply for pharmaceuticals provided to admitted patients on discharge:

- (i) For compensable patients:
  - (a) For the supply of Pharmaceutical Benefit Scheme items (per item) the community co-payment rate for pharmaceuticals as set under the Commonwealth *National Health Act 1953* each year on 1 January.
  - (b) For the supply of non-Pharmaceutical Benefit Scheme items (per item) an amount that is the cost to the public hospital (using a full cost recovery principle) for supply of that item.

#### **2 Commencement**

This code of practice will come into operation on 1 October 2013.

#### **3 Purpose of the code**

The purpose of this code of practice is to promote the objects of the *Liquor Licensing Act 1997* and, in particular:

## 4 Interpretation

- (1) Expressions defined in the *Liquor Licensing Act 1997* have the same meanings in this code of practice.

- (2) Under section 11A of the *Liquor Licensing Act 1997*, a code of practice may be of general or limited application and may vary in operation according to the factors stated in the code.
- (3) This code of practice is in addition to, and does not derogate from, licence conditions imposed by the Liquor and Gambling Commissioner.
- (4) If this code of practice is inconsistent with a licence condition imposed by the Liquor and Gambling Commissioner, the licence condition so imposed will prevail to the extent of the inconsistency. Further, this code of practice is cumulative upon all other obligations imposed by law, including those imposed by or under the *Liquor Licensing Act 1997*.

**Note -**

Under section 45 of the *Liquor Licensing Act 1997*, non-compliance will constitute an offence by the licensee and, if it involves conduct of another person that the other person knows might render the licensee liable to a penalty, by that other person. Disciplinary action may also be taken under Part 8 of the *Liquor Licensing Act 1997* in respect of the non-compliance.

## 6 Application of this code of practice under 11A(3) of the *Liquor Licensing Act 1997*

NORTHERN AREAS COUNCIL

DEVELOPMENT ACT 1993

*Northern Areas Council Development Plan Township Growth Development Plan Amendment—Draft for Public Consultation*

THE Northern Areas Council Township Growth Development Plan Amendment (DPA) has been prepared by Council under the provisions of the Development Act 1993 and is now available for comment.

In 2009, Council commissioned a review of development within the townships of the Council area with the intent of identifying development constraints and opportunities and which resulted in a Township Development Review 2010-2026, Spatial Outcomes Report.

Following consideration of this report, Council resolved to amend its Development Plan in broad alignment with the report's findings. Accordingly, this DPA will address the limitations identified by ensuring that the towns within the Council area are able to sustainably accommodate the foreseeable demand for residential, rural living, town centre and industrial development over the next 15 year planning period. It sets out a series of rezonings in and around the towns affected in the form of either modest changes between several current zone boundaries or the introduction of new zoning for various areas on the fringes of the towns.

The draft Development Plan Amendment and Investigations will be available for public inspection from Thursday, 6 June 2013 until Friday, 9 August 2013 during normal office hours at the Northern Areas Council offices located at Jamestown, (94 Ayr Street), Gladstone, (14 Fifth Street) and at Spalding (11 Main Street), as well as being accessible on Council's website at [www.nacouncil.sa.gov.au](http://www.nacouncil.sa.gov.au). A copy of the Development Plan Amendment can be downloaded free of cost from Council's website or a hard copy purchased from the Council office at Jamestown only for \$15 or a CD-ROM copy purchased for \$5.

Written submissions regarding the draft amendment will be accepted by the Northern Areas Council until 5 p.m. on Friday, 9 August 2013. All submissions should be addressed to Council's Chief Executive Officer, Northern Areas Council, P.O. Box 120, Jamestown, S.A. 5491.
