BUILDING WORK CONTRACTORS ACT 1995

Exemption

TAKE notice that, pursuant to Section 45 of the Building Work Contractors Act 1995, I, Dini Soulio, Commissioner for Consumer Affairs, do hereby exempt the licensee named in Schedule 1 from the application of Division 3 of Part 5 of the above Act in relation to domestic building work described in Schedule 2 and subject to the conditions specified in Schedule 3.

SCHEDULE 1

Leonard Seltsikas (BLD 202375).

SCHEDULE 2

Construction of a single storey detached dwelling on land situated at Allotment 40, Filed plan 120459 in the area named Lockleys, being the land described in Certificate of Title Volume 5807 Folio 527, more commonly known as 32 Dartmoor Avenue Lockleys.

SCHEDULE 3

1. This exemption is limited to domestic building work personally performed by the licensee in relation to the building work described in Schedule 2.

2. This exemption does not apply to any domestic building work the licensee contracts to another building work contractor, for which that contractor is required by law to hold building indemnity insurance.

3. That the licensee does not transfer his interest in the land prior to five years from the date of completion of the building work the subject of this exemption, without the prior authorisation of the Commissioner for Consumer Affairs. Before giving such authorisation, the Commissioner for Consumer Affairs may require the licensee to take any reasonable steps to protect the future purchaser(s) of the property, including but not limited to:

- Providing evidence that an adequate policy of building indemnity insurance is in force to cover the balance of the five-year period from the date of completion of the building work the subject of this exemption;
- Providing evidence of an independent expert inspection of the building work the subject of this exemption;
- Making an independent expert report available to prospective purchasers of the property;
- Giving prospective purchasers of the property notice of the absence of a policy of building indemnity insurance.

Dated 25 February 2016.

Department of Planning, Transport and Infrastructure
As Delegate for John Rau, Minister for Planning

ATTACHMENT A

HISTORIC (CONSERVATION) ZONE

The Historic (Conservation) Zone is shown on Maps Pr/3, Pr/6 and Pr/7.

OBJECTIVES

- Objective 1:** A zone ensuring the preservation of the traditional development patterns and built form.
- Objective 2:** Conservation of dwellings and other buildings, gardens, trees or structures which positively contribute to the historic character of the policy area in which they are located.
- Objective 3:** A zone primarily accommodating residential uses of land and buildings compatible with the historic character of the relevant policy area.
- Objective 4:** Development that contributes to the desired character for the relevant policy area.

PRINCIPLES OF DEVELOPMENT CONTROL**Land Use**

1. The following forms of development are envisaged in the zone:
 - domestic structures and outbuildings
 - dwelling
 - dwelling addition.
2. Development listed as non – complying is generally inappropriate.
3. The use and placement of outbuildings should be ancillary to and in association with a dwelling or dwellings.

Form and Character

4. Development should preserve and enhance streetscapes within the policy area by:
 - (a) the incorporation of fences and gates compatible with the period and style of the built form and in keeping with the height, scale and type of fences in the locality; and
 - (b) limiting the number of cross-overs.
5. Where a new dwelling is constructed alongside or within a group of older style residential buildings, the new dwelling should be of a similar height, scale and proportions and be constructed of materials that complement and reinforce the character and design elements of existing buildings.
6. Development of a Local Heritage Place or contributory item, should:
 - (a) not compromise its value to the historic significance of the area;
 - (b) retain its present integrity or restore its original design features;
 - (c) maintain or enhance the prominence of the original street façade;
 - (d) ensure additions are screened by, and/or located to the rear of the building; and
 - (e) ensure original unpainted plaster, brickwork, stonework, or other masonry is preserved, unpainted.
7. Development should not involve the demolition, removal or substantial alteration or addition to the whole, or part of a building or structure which contributes positively to the historic character of the policy area unless:
 - (a) the structural condition of that building or portion of the building, or structure, is seriously unsound and cannot be reasonably be rehabilitated, according to a certified structural engineer; and
 - (b) replacement development is of a kind that will not diminish the level of contribution to the historic character of the policy area made by the building or structure to be demolished.
8. Unless otherwise stated within the policy area, development should present a single storey built scale to the street. Any second storey building elements should be integrated sympathetically into the dwelling design and should be:
 - (a) within the roof space, where overall height, scale and form is sympathetic to existing dwellings in the locality; and
 - (b) an extension to the roof space at the rear of the dwelling so as to be inconspicuous to the streetscape and without being a bulk or mass that intrudes on neighbouring properties.

9. On sites of 2 000 square metres or more comprising supported accommodation facilities, larger scaled development and complementary small scaled non-residential activities may be appropriate, provided the development is designed to be sympathetic to the desired character of policy area.
10. Where land adjoins a corridor zone (except across arterial roads) transitional infill housing at higher densities may be appropriate provided it is designed to be sympathetic to the heritage values of the area.
11. On properties fronting multiple public roads, reduced minimum site areas may be appropriate provided the minimum street frontages are maintained.
12. The private open space provided for dwellings should:
 - (a) have a minimum dimension of 4 metres;
 - (b) have a maximum grade of 1-in-8;
 - (c) not be visible from the street;
 - (d) be directly accessible from the internal living areas of the dwelling; and
 - (e) have no greater than 20 percent of the area required covered by roofing which must be open on at least 2 sides.
13. A carport or garage should not dominate the associated dwelling or streetscape and should:
 - (a) be located behind the main dwelling façade;
 - (b) incorporate building materials that complement the associated dwelling; and
 - (c) be an articulated building element not integrated under the main roof of the dwelling nor attached to the front verandah or similar structure.

Land Division

14. The division of land should occur only where it will maintain the desired character of the policy area.

Complying Development

15. Complying developments are prescribed in Schedule 4 of the Development Regulations 2008.

Non-complying Development

16. Development (including building work, a change in the use of land, or division of an allotment) for the following is non-complying:

Public Notification

- Categories of public notification are prescribed in Schedule 9 of the Development Regulations 2008.

17. The following kinds of development are Category 1 Development and do not require public notification:

The alteration of, or addition to, a Local Heritage Place or contributory item so as to preserve the building as, or convert it to, a dwelling, or the resumption of use of such a building.

The demolition of a building or structure (other than a Local Heritage Place or State Heritage Place).

18. The following kinds of development are Category 2 Development for the purposes of public notification:

The demolition of a Local Heritage Place

Fitzroy Terrace Policy Area 1

Fitzroy Terrace Policy Area is shown on Maps Pr/11 and Pr/12.

DESIRED CHARACTER STATEMENT

This Policy Area is characterised by the consistent pattern of prestigious detached dwellings on very large, spacious allotments. The dwellings have sizeable setbacks from all boundaries and are typically set in impressive landscaped grounds with the front boundaries defined by fencing of various styles.

The spacious streetscape character of Fitzroy Terrace is created by the large allotments on which have been built a range of equally large residences from the late nineteenth and early twentieth century. The character is created by existing housing stock on sizeable allotments with wide frontages and substantial gardens. The houses are of one or two storeys, and display a range of design sources and a mix of construction materials. However, there is a homogeneity which derives from the size, scale and location of these places. Houses remain substantially intact and extensive, and have distinctive stylistic character. The existing historic fabric should be maintained and it is envisaged that any new development will be complementary to this character.

The Fitzroy Terrace Policy Area will remain the lowest density residential area in the City of Prospect. Development in this Policy Area will preserve and enhance the historic streetscape character created by the subdivision patterns and the development that has formed around them. Old and new development will be combined in a way that shows an understanding of historic design patterns, avoids poor imitation and improves the overall visual amenity of streetscapes.

The established pattern of buildings sited away from allotment boundaries makes a significant contribution to the character of the policy area. New development will maintain the regular spacing between residential buildings.

Due to the well preserved housing stock, limited opportunity exists for redevelopment in the Fitzroy Terrace Policy Area. A large portion of new development will be in the form of alterations or additions to existing dwellings. Replacement dwellings should be of a generous scale while ensuring large setbacks from all allotment boundaries.

The main focus of development, in the Policy Area, will be in the form of minor alterations or additions to existing dwellings. Additions will only occur at the rear or side (where possible) of a heritage place or contributory item. No alterations or additions will occur at the front of a heritage place or contributory item unless it is for the purposes of restoration or maintenance, such as the reinstatement of a front verandah. The original openings in external walls, particularly along the front elevations will not be altered.

Carports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Landscaping around a dwelling, particularly in the front garden, is an important element in this Policy Area as it enhances the dwelling and adds to the appearance and quality of the streetscape. Both new and existing dwellings will incorporate an appropriate garden setting of a style that complements the dwelling to which it relates and consistent in size with surrounding dwellings.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 800 square metres.
3. A dwelling should have a minimum frontage to a public road of 20 metres.
4. The private open space areas for dwellings should be a minimum of 75 square metres or 25 square metres per bedroom or room able to be used as a bedroom, whichever is the greater.
5. All buildings should be setback 8 metres or the average of neighbouring dwelling setbacks from any street or lane alignment and at least 1 metre from all other boundaries.
6. Buildings should be sited within a building envelope determined by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3.5 metres above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

Clifton Street Policy Area 2

Clifton Street Policy Area is shown on map Pr/11.

DESIRED CHARACTER

The Clifton Street Policy Area is characterised by homogenous streetscape of houses and associated buildings. Most were built in the late 1870s by James Trevail, a local builder-speculator-developer, and reflect the type of houses most middle class people aspired to in Adelaide at the time. The housing stock therefore should be preserved intact. Development potential is restricted in this area.

The Clifton Street Policy Area demonstrates a range of historical themes which illustrate the development of the City of Prospect. The residences constructed along Clifton Street reflect the stages of subdivision of this location, during the 1880s and the 1890s. They represent a collection of consistent residential designs from the late nineteenth century, a period of intense building and development in Prospect.

The closer subdivision of part of Section 373 on the south side of Clifton Street was undertaken in 1881. The first allotment of the subdivision was sold in June 1881 and most of the allotments were purchased before October 1881. In 1882 the northern side of Clifton Street was subdivided and the allotments sold between May 1882 and April 1883. The western end of Clifton Street between Braund Road and Churchill Road was not subdivided until later and was known as 'Prospect View' when the allotments were sold during 1894-95. These allotments were somewhat larger than the subdivision of the eastern end of Clifton Street. The houses were constructed in groups of similar design by speculative builders.

The housing in Clifton Street displays a consistent extensive intact collection of residences from the 1880s and early 1890s in groupings which reflect the speculative development of the area. They are essentially single storey residences which take advantage of the sloping topography to the west with one notable exception of the two storey residence at 8 Clifton Street. The set-back and pattern of coverage creates a notable streetscape with vistas and views towards the west. The built form repeats typical scale, mass and detailing of the period including verandahs, cast iron or timber trim, hipped and gabled roofs, stone walls, front landscaped gardens (some with original masonry and iron fences) and some side access for vehicles. The existing historic fabric should be maintained and any new development should be complementary to this character.

Carports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the area.
2. A dwelling should have a minimum site area of 560 square metres.
3. A dwelling should have a minimum frontage to a public road of 15 metres.
4. The private open space areas for dwellings should be a minimum of 75 square metres or 25 square metres per bedroom or room able to be used as a bedroom, whichever is the greater.
5. All buildings should be set-back 8 metres or the average of neighbouring dwelling set-backs from any street or lane alignment and at least 1 metre from all other boundaries.
6. Buildings should be sited within a building envelope determined by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3 metres within above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

Little Adelaide Policy Area 3

Little Adelaide Policy Area is shown on Map PR/12.

DESIRED CHARACTER

The Little Adelaide Policy Area is characterised by narrow blocks, single fronted cottages, attached cottages, being a residue of the Little Adelaide Village formed in late 1839. The section was bought by John Bradford as agent for the Adelaide Mechanics Land Company who sold the land to a number of others who subdivided the village. The majority of the early structures have gone with most of the housing today dating from the 1870s to 1890s. However, the village atmosphere is still evident and every effort should be made to preserve the cottages and where possible to restore them by removing add-ons over the years.

The earliest housing no longer remains and many of the houses within the village date from 1870s to 1890s. The village area also retains a church, (former) corner shops and other buildings typical of early village settlement. It is centred on the triangle created by Main North Road, Carter Street, Highbury Street and Argyle Street.

The sub division pattern and housing in Little Adelaide displays an early form of narrow allotments of varying widths and single fronted and attached cottages, many of which are intact and well maintained. The character created by closely spaced early small dwellings and narrow streets is in strong contrast to other historic areas of City of Prospect, particularly the contiguous Fitzroy Terrace policy area. The existing historic fabric and village character of Little Adelaide should be maintained and any new development should be complementary to this character.

Carports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 350 square metres.
3. The private open space areas for dwellings should be a minimum of 25 square metres per bedroom or room able to be used as a bedroom.
4. Buildings should be sited within a building envelope determined by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3 metres within above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

5. New buildings and extensions should be located to the rear of existing dwellings and should not impact on the street.
6. Original front fences should be maintained and restored.

Whinham Street Policy Area 4

Whinham Street Policy Area 4 is shown on Map Pr/11.

DESIRED CHARACTER

This policy area is characterised by a homogenous streetscape of late 19th century villas with face stone walls and gable ends, verandahs with cast iron or timber trim, steeply pitched corrugated iron roofs and elaborate rendered trim to window surrounds. Overall, the relative lack of high, solid fencing has enabled the principal elevation of the historic homes to be visible from the public realm, which contributes significantly to the streetscape quality and general amenity of the policy area. Every effort should be made to preserve the dwellings and maximise their exposure to the street. It is desirable for the current allotment sizes and resultant low density to be maintained through the prevention of subdivision.

Development in this Policy Area will conserve and enhance the historic streetscape character and will primarily be in the form of alterations or additions to existing dwellings, although the replacement of dwellings that do not contribute to the historic character of the area is desirable. New development will reflect the scale, mass, details and materials of existing villas in the street, while carefully avoiding poor imitation.

Additions will only occur at the rear or side dwellings. No alterations or additions will occur at the front of a heritage place or contributory item unless it is for the purposes of restoration or maintenance, such as the reinstatement of a front verandah. The size, location trim and materials of the original fenestrations in the external walls of dwellings, particularly along the front elevations, will not be altered.

Front boundaries will continue to be defined by fencing that is compatible with the period and style of the dwelling. Solid high front fences such as brush or masonry are generally not sympathetic to the character of the streetscape and will be avoided in favour of a lower and more open style of fencing, constructed of masonry and iron, which allows an appreciation of the detailing of the dwelling.

Carpports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 560 square metres.
3. A dwelling should have a minimum frontage of 15 metres.
4. The private open space areas for dwellings should be a minimum of 25 square metres per bedroom or room able to be used as a bedroom.
5. Buildings should be sited within a building envelope determined by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3 metres within above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.
6. Original front fences should be maintained and restored.
7. New buildings and extensions should be located to the rear of existing dwellings and should not impact on the street.

Flora Terrace Policy Area 5

Flora Terrace Policy Area is shown on Map Pr/11 and Pr/12.

DESIRED CHARACTER

The Flora Terrace Policy Area demonstrates a range of historical themes which illustrate the development of the City of Prospect. The area and its environs have played an important part in the lives of local residents as a focus of commemoration of war service, civic activities and also important sporting events. The street is a direct link and a strong visual axis between the Town Hall and the Memorial Gates to Prospect Oval. The civic and residential character of the terrace should be maintained and enhanced.

The Flora Terrace Policy Area is characterised by housing stock of the late 19th and early 20th century from three separate land divisions between 1892 and 1923 – part of the Oxford subdivision of 1892, on the south side of the Terrace; part of St John's Wood South subdivision in 1909, on the north side of the Terrace; and part of a 1923 further subdivision of the eastern end adjacent to the Memorial Gardens.

Houses display style, form and detail of the relevant periods of historic development – 1892 to the 1920s – and retain face stone and brick walls, corrugated iron or terra cotta tiled roofs and substantial front garden areas in a regular subdivision pattern. The existing historic fabric of the houses and the Memorials should be maintained and any new development should be complementary to this character.

Carpports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

Objective 2: The retention and reinforcement of the urban design potential of Flora Terrace, the Memorial Gardens Reserve at the Prospect Oval.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 560 square metres.
3. A dwelling should have a minimum frontage to a public road of 15 metres.
4. The private open space areas for dwellings should be a minimum of 25 square metres per bedroom or room able to be used as a bedroom.
5. Buildings should be sited within a building envelope by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3m above natural ground level at the sides, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have the gables extend beyond the building envelope if there is no substantial impact on the adjoining boundary.
6. Development should protect the vista to the Town Hall from intrusion by signage, light standards, trees or street furniture.

Martin Avenue Policy Area 6

Martin Avenue Policy Area is shown on Map Pr/11.

DESIRED CHARACTER

This Policy Area is characterised by large, well-designed housing comprising a mix of bungalows, tudor-style dwellings and “gentleman’s residences” from the inter-War period, situated on relatively large allotments. These substantial residences display face stone and brick walls, terracotta tiled roofs, regular broad setbacks, large front gardens and side access driveways. The existing historic fabric should be maintained and any new development should be complementary to this character. Street trees and wide grassed verges combine with the generous setbacks to contribute to the spacious appearance of the public realm.

Development in this Policy Area will preserve and enhance the streetscape character created by the regular pattern of land division and generous housing that these allotments support. Old and new development will be combined in a way that shows an understanding of historic design elements, avoids poor imitation and improves the overall visual amenity of streetscapes.

A large part of the development anticipated in the Policy Area will be in the form of alterations to existing dwellings. Additions will only occur at the rear or side of a heritage place or contributory item, where not readily visible from the street and while maintaining setbacks compatible with the predominant pattern of development. Upper storey additions may be accommodated within the existing roof space, while two storey additions of a modest footprint may be established to the rear, where they are not readily visible from the street.

Alterations to the front of a heritage place or contributory item will only occur for the purposes of restoration or maintenance. The retention of original finishes and detailing, and the use of appropriate colour schemes, are important objectives for this Policy Area. Fences should comprise a low masonry plinth with regularly spaced columns and iron above to a medium height.

Landscaping around a dwelling, particularly in the front garden, is an important design element in this Policy Area as it enhances the dwelling and adds to the appearance and quality of the streetscape. Both new and existing dwellings will incorporate an appropriate garden setting. The streets will continue to be lined with distinctive street trees where they might practically be grown.

Carports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 560 square metres.
3. A dwelling should have a minimum frontage to a public road of 15 metres.
4. The private open space areas for dwellings should be a minimum of 75 square metres or 25 square metres per bedroom or room able to be used as a bedroom, whichever is the greater.
5. All buildings should be set back 8 metres from any street or lane alignment and at least 1 metre from any other boundaries.
6. Buildings should be sited within a building envelope by the following method:
 - (a) planes are to be projected at 45 degrees from a height of three metres above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have the gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

North Ovingham Policy Area 7

North Ovingham Policy Area is shown on Map Pr/11.

DESIRED CHARACTER

It is envisaged that all development will maintain the pattern of small allotments as subdivided in 1877 – 1879. Site amalgamation or subdivision is appropriate where it will reinforce the existing allotment pattern which is a significant feature of the policy area. The only variation is for sensitive infill development on the double fronted deep allotments between Toronto Street and Cotton Street, with some dispensation provided for reduced site areas, provided minimum street frontages and streetscape qualities are maintained. Land division is not suitable where existing access is not provided or capable of being provided to houses in Toronto Street or where carports/garages can only be constructed forward of the dwelling.

A mix of housing styles remain in this policy area. A key priority for the area's character will be the maintenance of original design features where possible. Small symmetrically fronted or attached stone houses remain in Toronto Street and larger examples of similar style fronting Churchill Road. Any replacement of detached dwellings should be with the same. Maintenance of stone walls and steps facing stone and brick houses and attached cottages with verandahs, corrugated iron roofs and front gardens will be a priority.

It is envisaged that over time, dilapidated buildings will be restored and possibly altered in a sympathetic manner which does not detract from the original design of the building. Additions will be similar in scale to the original building. Additions will follow the roof form of the original dwelling and retain the scale of the original section of the building.

New additions and alterations visible from the streetscape are to be carried out in the style and period of the building. The existing historic fabric should be retained where possible. Similar scale, setbacks and roof forms should be reinforced in any new development and the intimate qualities of this small residential pocket be retained.

Carports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Fencing will complement the design of the dwelling and enable the dwelling to address the street. Preference will be given to low fencing rather than high solid masonry walls to assist in maintaining the character of mature gardens which spill onto the street, creating a pleasant green streetscape for the area.

Mature street trees contribute to the character of the policy area, particularly along Toronto Street, and new development should be designed so as to retain existing street planting.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 450 square metres.
3. A dwelling should have a minimum frontage to a public road of 12 metres.
4. The private open space areas for dwellings should be a minimum of 75 square metres or 25 square metres per bedroom or room able to be used as a bedroom, whichever is the greater.
5. Buildings should be sited within a building envelope determined by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3 metres above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

Prospect Lanes Policy Area 8

Prospect Lanes Policy Area is shown on Map Pr/11.

DESIRED CHARACTER

The Prospect Lanes Policy Area reflects the development of substantial residential areas in the City of Prospect during the 1880s with the subdivisions of 1879 and the popularity of constructing houses high on the hill above the lower ground close to Churchill Road. The consistency of the subdivision from the 1880s to the 1900s is greatest closer to Prospect Road. This policy area was developed at a low density, with detached dwellings on allotments greater than 600 square metres.

Housing in the Policy Area displays a consistency of character reflecting the styles of domestic architecture at the turn of the century. Similar scale, setbacks and roof forms should be reinforced in any new development. Houses are to incorporate concave or bull-nosed verandahs and other typical detail and generally comprise face stone front walls, with brick or rendered quoins, and window and door dressings.

The laneways which link the allotments within the Policy Area are a distinctive and should be maintained and remain accessible for car parking, pedestrian and bicycle use at the rear of allotments. Garaging for vehicles is envisaged from the rear lane and associated with privacy rear yard fencing. Carports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

This policy area will predominantly contain low density residential development, with detached dwellings on allotments that are medium in width. Opportunities for semi-detached dwellings and other housing types may be permissible, provided that they are designed and located in accordance with the desired character and policy requirements for the area.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 450 square metres.
3. A dwelling should have a minimum frontage to a public road of 12 metres.
4. The private open space areas for dwellings should be a minimum of 75 square metres or 25 square metres per bedroom or room able to be used as a bedroom, whichever is the greater.

5. Buildings should be sited within a building envelope determined by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3 metres above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

Highbury Policy Area 9

Highbury Policy Area is shown on Map Pr/8.

DESIRED CHARACTER

The Highbury Policy Area displays a consistent subdivision pattern dating from 1882. Subdivision and amalgamation of allotments is appropriate where it reinforces the existing subdivision pattern.

The Policy Area is characterised by primarily detached housing reflecting styles of domestic architecture at the turn of the century. It is envisaged that new development will remain predominantly one storey. Opportunities for semi-detached dwellings and other housing types may be permissible, provided that they are designed and located in accordance with the desired character and policy requirements for the area.

Characteristic design features such as bull-nosed verandahs, brick quoining, and stone front walls should be retained or replaced with like where necessary. New development should be consistent in size, scale and bulk with those original dwellings. Setbacks will be complementary to the boundary setbacks of older dwellings in the Policy Area, providing opportunity for landscaping.

Carpports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Front fences will be low to maintain visibility of features that contribute to the character. Street planting of White Cedars contribute to the character of the policy area and new development should be designed so as to retain existing street planting.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 450 square metres.
3. A dwelling should have a minimum frontage to a public road of 12 metres.
4. The private open space areas for dwellings should be a minimum of 75 square metres or 25 square metres per bedroom or room able to be used as a bedroom, whichever is the greater.
5. Buildings should be sited within a building envelope determined by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3 metres above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

Ballville/Gloucester Policy Area 10

Ballville/Gloucester Policy Area is shown on Map Pr/10 and Pr/12.

DESIRED CHARACTER

The Policy Area is characterised by modest allotment sizes, subdivided in 1878 by Henry Ball. Subdivision and amalgamation are appropriate where it will reinforce the existing subdivision pattern. New development will be of a scale that ensures that important buildings such as the St Cuthbert's Anglican Church and its adjacent manse will continue to feature as prominent landmarks.

The Policy Area is characterised by primarily detached housing reflecting styles of domestic architecture at the turn of the century. It is envisaged that new development will remain predominantly one storey. Setbacks will be consistent with the existing setback pattern.

Characteristic design features such as concave or bull-nosed verandahs, brick or rendered quoining, and stone front walls should be retained or replaced with like where necessary. New development should be consistent in size, scale and bulk with those original dwellings.

Carpports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Street planting of White Cedars, Golden Rain Trees and Celtis contribute to the character of the policy area and new development should be designed so as to retain existing street planting.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
2. A dwelling should have a minimum site area of 450 square metres.
3. A dwelling should have a minimum frontage to a public road of 12 metres.
4. The private open space areas for dwellings should be a minimum of 75 square metres or 25 square metres per bedroom or room able to be used as a bedroom, whichever is the greater.

5. Buildings should be sited within a building envelope determined by the following method:

 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

Medindie Gardens Policy Area 11

Medindie Gardens Policy Area is shown on Map Pr/12.

DESIRED CHARACTER

The Medindie Gardens Policy Area is characterised by the consistent pattern of prestigious single-storey detached dwellings on generous allotments fronting tree-lined streets. The Policy Area retains its original subdivision pattern, with regular sized allotments supporting residential development at a low density. Wide frontages and consistent front setbacks contribute to the spacious and open streetscapes in Charlbury and Sherbourne Streets, which distinguish the character of the area from that of nearby streets. This policy area will continue to contain very low density residential development comprising detached dwellings on wide allotments, with generous rear yards.

The majority of the original dwellings constructed prior to 1930 remain intact, with additions occurring over time either within the roof space or to the rear and side. It is expected that the established character of large detached dwellings on spacious allotments, well setback from all allotment boundaries, will be maintained in the development and siting of new detached dwellings and in association with alterations and additions to existing dwellings.

The area is predominated by bungalows to the east of Corbin Road and tudor-style houses to the west, both with characteristic roof pitches and front verandahs. These houses display a consistent use of materials including rock faced stone and masonry, face red brick, terracotta roof tiles or corrugated iron, glazed bricks for trim and other details and materials typical of the housing of the Inter-War Period. Where a new dwelling is constructed alongside or within a group of older style residential buildings, the new dwelling will be of a similar height, scale and proportions and be constructed of materials that complement and reinforce the character and design elements of existing buildings.

Additions to single storey dwellings will generally be single storey, although two storey additions may be appropriate where such elements are confined to the rear of a building or within the roof space where there is minimal visual impact on the historic streetscapes.

Carports, garages and outbuildings will be carefully designed and sited to ensure that they remain subordinate to and do not detract from the appearance of the dwelling from the primary streetscape.

Established gardens complement the substantial street plantings of White Cedars and Ash, which contribute significantly to the 'garden suburb' feel. Development should be designed to ensure the retention of large street trees.

Landscaping around a dwelling, particularly in the front garden, is an important element in this Policy Area as it enhances the dwelling and adds to the appearance and quality of the streetscape. Driveway and hard-surfaced areas be minimised to ensure ample opportunities for landscaping of the front yard.

Subdivision and amalgamation of allotments is appropriate where it reinforces the original subdivision pattern.

OBJECTIVES

Objective 1: Development that contributes to the desired character of the policy area.

PRINCIPLES OF DEVELOPMENT CONTROL

Form and Character

1. Development should not be undertaken unless it is consistent with the desired character for the policy area.
 2. A dwelling should have a minimum site area of 560 square metres.
 3. A dwelling should have a minimum frontage to a public road of 15 metres.
 4. The private open space areas for dwellings should be a minimum of 75 square metres or 25 square metres per bedroom or room able to be used as a bedroom, whichever is the greater.
 5. Dwellings should be set back a minimum of 8 metres from the primary street frontage.
 6. Buildings should be sited within a building envelope determined by the following method:
 - (a) planes are to be projected at 45 degrees from a height of 3 metres above natural ground level at the side, rear and front boundaries;
 - (b) to a maximum height of 9 metres or 2 storeys; and
 - (c) development built on the boundary may have roof gables extend beyond the building envelope if there is no substantial impact on the adjoining property.

Liquor Licensing (Dry Areas) Notice 2016

under section 131(1a) of the *Liquor Licensing Act 1997*

1—Short title

This notice may be cited as the *Liquor Licensing (Dry Areas) Notice 2016*.

2—Commencement

This notice comes into operation on 25 April 2016.

3—Interpretation

(1) In this notice—

principal notice means the *Liquor Licensing (Dry Areas) Notice 2015* published in the Gazette on 5.1.15, as in force from time to time.

(2) Clause 3 of the principal notice applies to this notice as if it were the principal notice.

4—Consumption etc of liquor prohibited in dry areas

- (1) Pursuant to section 131 of the Act, the consumption and possession of liquor in the area described in the Schedule is prohibited in accordance with the provisions of the Schedule.
- (2) The prohibition has effect during the periods specified in the Schedule.
- (3) The prohibition does not extend to private land in the area described in the Schedule.
- (4) Unless the contrary intention appears, the prohibition of the possession of liquor in the area does not extend to—
 - (a) a person who is genuinely passing through the area if—
 - (i) the liquor is in the original container in which it was purchased from licensed premises; and
 - (ii) the container has not been opened; or
 - (b) a person who has possession of the liquor in the course of carrying on a business or in the course of his or her employment by another person in the course of carrying on a business; or
 - (c) a person who is permanently or temporarily residing at premises within the area or on the boundary of the area and who enters the area solely for the purpose of passing through it to enter those premises or who enters the area from those premises for the purpose of leaving the area.

Schedule—Oakbank and Balhannah Area 1

1—Extent of prohibition

The consumption of liquor is prohibited and the possession of liquor is prohibited.

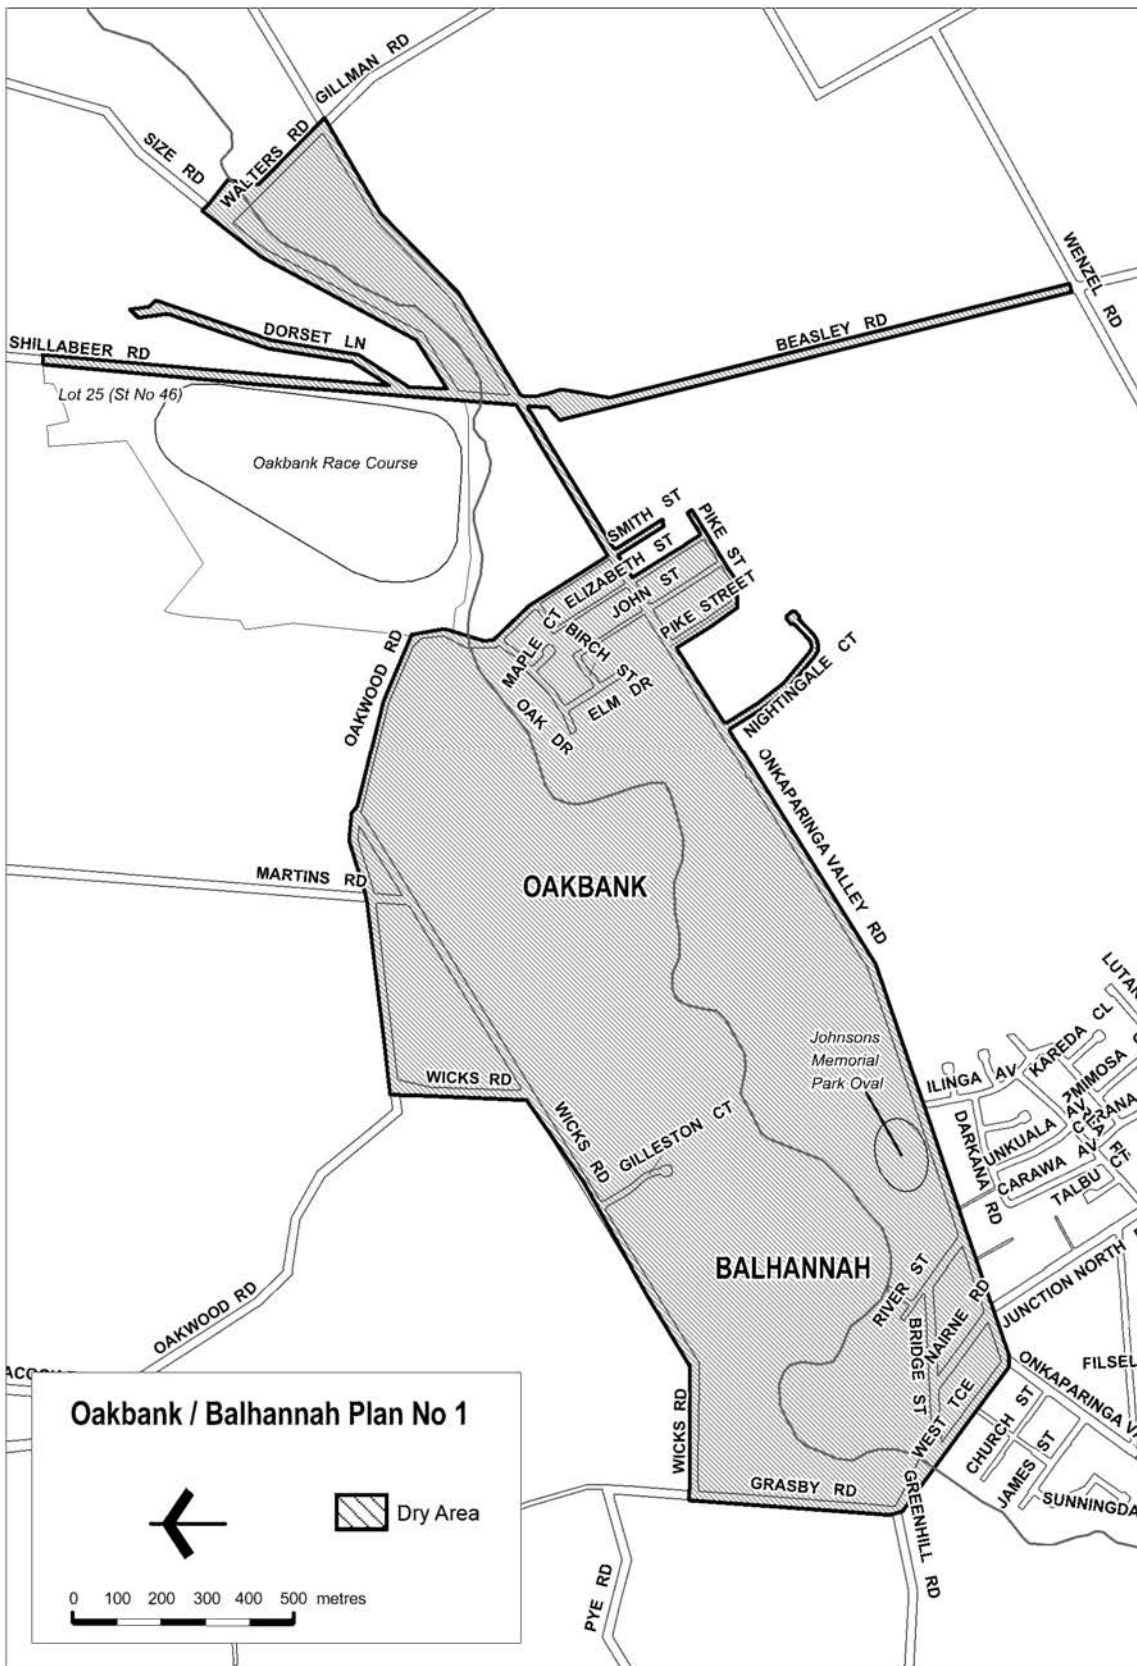

2—Period of prohibition

Schedule 10

- (2) Regulation 30(2)—delete "that Appendix" and substitute:

that Schedule

11—Variation of regulation 32—Restrictions on advertising (section 28 of Act)

- Regulation 32(1)(a)—delete "Appendix C" and substitute:

Schedule 10

12—Variation of regulation 33—How prescription to be given

- Regulation 33(6) and (7)—delete subregulations (6) and (7) and substitute:

- (6) This regulation does not apply to a prescriber who gives a prescription for a drug if—
- (a) the prescription is a medication chart prescription; and
 - (b) the provisions of the *National Health (Pharmaceutical Benefits) Regulations 1960* of the Commonwealth applying to the giving of a medication chart prescription for a pharmaceutical benefit are complied with in relation to the giving of the prescription for the drug (whether or not the drug is a pharmaceutical benefit).

13—Variation of regulation 34—Written prescriptions

- Regulation 34(4)—delete subregulation (4) and substitute:

- (4) This regulation does not apply to a person who writes a prescription for a drug if—
- (a) the prescription is a medication chart prescription; and
 - (b) the provisions of the *National Health (Pharmaceutical Benefits) Regulations 1960* of the Commonwealth applying to the giving of a medication chart prescription for a pharmaceutical benefit are complied with in relation to the giving of the prescription for the drug (whether or not the drug is a pharmaceutical benefit).

14—Variation of regulation 35—Dispensing prescriptions

- (1) Regulation 35(1)(b)(v)(A)—delete subparagraph (A) and substitute:

- (A) if the drug is dispensed for a person—

- the full name and address of the person; and
- in the case of a drug of dependence—the person's date of birth; or

- (2) Regulation 35(1)(b)—after subparagraph (ix) insert:

- (x) any instructions the prescriber has included on the prescription in relation to a specialised supply of the drug; and
- (xi) if the prescription is endorsed for dispensing at a single pharmacy—the name and address of that pharmacy; and

- (3) Regulation 35(1)(f) and (g)—delete paragraphs (f) and (g) and substitute:
- (f) in the case of prescription for a drug of dependence—
 - (i) must, each time the drug is dispensed, make a record in electronic form that complies with paragraph (b); and
 - (ii) must transmit that record electronically to the Chief Executive so that it is received no later than the 7th day of the month following the month in which the drug was dispensed or such later date as the Chief Executive may, on application by the pharmacist or medical practitioner, authorise; and
 - (g) if a drug is fully dispensed, must—
 - (i) on the day on which the prescription is fully dispensed, endorse the word "CANCELLED" on the prescription or, in the case of a prescription given by fax that is endorsed with the name and address of a single pharmacy at which the prescription may be dispensed, on the faxed copy of the prescription; and
 - (ii) retain the original or duplicate prescription or in the case of a prescription given by fax that is endorsed with the name and address of a single pharmacy at which the prescription may be dispensed, the faxed copy of the prescription for at least 2 years and have it readily available for inspection during that period; and
- (4) Regulation 35—after subregulation (1) insert:
- (1a) Subregulation (1)(f) does not apply to a medical practitioner who dispenses a drug of dependence on a prescription.
 - (1b) A pharmacist or medical practitioner who dispenses a drug of dependence on a prescription must—
 - (a) retain the original prescription or a copy of the prescription for a period of at least 2 years; and
 - (b) keep it readily available for inspection by an authorised officer; and
 - (c) on request by an authorised officer—send a copy of the prescription to the authorised officer.
- (5) Regulation 35(10)—delete subregulation (10)
- (6) Regulation 35(12)—delete subregulation (12) and substitute:
- (12) This regulation (other than subregulations (1)(b), (1b) and (7)(a) and (b)) does not apply to a pharmacist or medical practitioner who dispenses a drug on a prescription if—
 - (a) the prescription is a medication chart prescription; and
 - (b) the provisions of the *National Health (Pharmaceutical Benefits) Regulations 1960* of the Commonwealth applying to the sale or supply of a pharmaceutical benefit have been complied with in relation to the sale or supply of the drug (whether or not the drug is a pharmaceutical benefit).

15—Variation of regulation 40—Records to be kept by sellers and suppliers of drugs of dependence

(1) Regulation 40(1)—delete subregulation (1) and substitute:

- (1) A supplier who sells or supplies a drug of dependence must comply with the following provisions:
- (a) the supplier must, immediately after selling or supplying the drug—
 - (i) make a record in electronic form of—
 - (A) his or her name and business address; and
 - (B) the name and address of the person to whom the drug was sold or supplied; and
 - (C) the date on which the drug was sold or supplied; and
 - (D) the trade or approved name of the drug or, if the drug does not have either a trade or approved name, the ingredients in the drug; and
 - (E) the amount and, if applicable, the strength of the drug; and
 - (F) if the drug was sold or supplied on order—the invoice number (if any) for the sale or supply of the drug;
 - (ii) make a record of the total amount of the drug now in stock on the premises from which the drug was sold or supplied and sign the record;
 - (b) if the drug is sold or supplied in accordance with an order, the supplier must, as soon as practicable after selling or supplying the drug, cancel the order by writing "CANCELLED" on the order or, if the order was given by fax endorsed with the name and address of a single pharmacy that may sell or supply the drug, on the faxed copy of the order;
 - (c) the supplier must transmit the record referred to in paragraph (a)(i) electronically to the Chief Executive so that it is received no later than the 7th day of the month following the month in which the drug was sold or supplied or such later date as the Chief Executive may, on application by the supplier, authorise.

Maximum penalty: \$5 000.

- (1a) A supplier who sells or supplies a drug of dependence on an order must—
- (a) retain the original order or a copy of the order for a period of at least 2 years; and
 - (b) keep it readily available for inspection by an authorised officer; and
 - (c) on request by an authorised officer—send a copy of the order to the authorised officer.

- (2) Regulation 40(2)—delete "The requirement to forward an order or notice to the Chief Executive under subregulation (1)(b) does not apply to—" and substitute:

Subregulation (1)(c) does not apply to—

- (3) Regulation 40—after subregulation (5) insert:
- (6) The Minister may exempt a supplier, or a class of suppliers, from this regulation, or specified provisions of this regulation, if satisfied that the supplier, or class of suppliers, has adequate arrangements for the keeping of records.

16—Variation of regulation 41—Records to be kept by suppliers of drugs of dependence who receive such drugs

Regulation 41—after subregulation (2) insert:

- (3) The Minister may exempt a person, or class of persons, from this regulation, or specified provisions of this regulation, if satisfied that the person, or class of persons, has adequate arrangements for the keeping of records and the security of drugs of dependence.

17—Variation of regulation 42—Supply or administration of drugs of dependence by registered health practitioner

Regulation 42—after subregulation (3) insert:

- (4) The Minister may exempt a registered health practitioner, or class of registered health practitioners, from this regulation, or specified provisions of this regulation, if satisfied that the registered health practitioner, or class of registered health practitioners, has adequate arrangements for the keeping of records.

18—Variation of regulation 44—Additional requirements for administration of drugs of dependence in health service facility

Regulation 44—after subregulation (5) insert:

- (5a) The Minister may exempt a health service facility, or class of health service facilities, from this regulation, or specified provisions of this regulation, if satisfied that the health service facility, or class of health service facilities, has adequate arrangements for the administration of drugs of dependence.

19—Variation of regulation 49—Keeping of records etc

Regulation 49(3)—delete subregulation (3) and substitute:

- (3) Details that are required to be recorded under these regulations in respect of drugs of dependence must, unless otherwise specified, be recorded in a register of drugs of dependence (and any electronic register of drugs of dependence must be in a form approved by the Minister).

20—Substitution of regulation 53

Regulation 53—delete the regulation and substitute:

53—Prescribed professional associations (section 58(1a) of Act)

For the purposes of section 58(1a) of the Act, the following professional associations are prescribed:

- (a) in the case of publishing information to medical practitioners—
 - (i) the Australian Medical Association; and
 - (ii) the Royal Australian College of General Practitioners;
- (b) in the case of publishing information to pharmacists—
 - (i) the Friendly Society Medical Association; and
 - (ii) the Pharmaceutical Society of Australia; and
 - (iii) the Pharmacy Guild of Australia; and
 - (iv) the Society of Hospital Pharmacists of Australia.

21—Substitution of regulation 56

Regulation 56—delete the regulation and substitute:

56—Approvals, determinations and exemptions

- (1) The Minister may, at any time, by notice in writing—
 - (a) impose such conditions as the Minister thinks fit on an approval or exemption granted by the Minister, or on a determination made by the Minister, under these regulations; or
 - (b) vary or revoke the conditions of such an approval, determination or exemption as the Minister thinks fit; or
 - (c) revoke, as the Minister thinks fit, an approval or exemption granted by the Minister, or a determination made by the Minister, under these regulations.
- (2) A person must not contravene or fail to comply with a condition of an approval or exemption granted by the Minister, or a determination made by the Minister, under these regulations.

Maximum penalty: \$3 000.

Note—

As required by section 10AA(2) of the *Subordinate Legislation Act 1978*, the Minister has certified that, in the Minister's opinion, it is necessary or appropriate that these regulations come into operation as set out in these regulations.

Return to Work (Transitional Arrangements) (Dissolution of Workers Compensation Tribunal) Regulations 2016

under the *Return to Work Act 2014*

Contents

1	Short title
2	Commencement
3	Interpretation
4	Transitional provisions relating to dissolution of Workers Compensation Tribunal

1—Short title

These regulations may be cited as the *Return to Work (Transitional Arrangements) (Dissolution of Workers Compensation Tribunal) Regulations 2016*.

2—Commencement

These regulations will come into operation on the day on which the *Return to Work (Dissolution of Workers Compensation Tribunal) Proclamation 2016* comes into operation.

3—Interpretation

In these regulations—

Act means the *Return to Work Act 2014*;

relevant day means the day on which these regulations come into operation;

repealed Act means the *Workers Rehabilitation and Compensation Act 1986*;

SAET means the South Australian Employment Tribunal established under the *South Australian Employment Tribunal Act 2014*;

WCT means the Workers Compensation Tribunal established under the repealed Act.

4—Transitional provisions relating to dissolution of Workers Compensation Tribunal

For the purposes of Schedule 9 clause 52 of the Act, the following provisions will apply:

- (a) a decision, direction or order of WCT in force immediately before the relevant day will, on and from the relevant day, be taken to be a decision, direction or order of SAET;

- (b) a right of review of, or appeal against, a decision of WCT in existence before the relevant day (but not exercised before that day) will be exercised as follows:
- (i) a right of review against a decision of WCT constituted of a conciliation officer under section 95A(7) of the repealed Act may be treated as a right of review under Part 5 of the *South Australian Employment Tribunal Act 2014* against a decision of SAET constituted of a conciliation officer under that Act;
 - (ii) a right of appeal under section 86 of the repealed Act against a decision of WCT constituted of a single presidential member under that Act may be treated as a right of appeal under Part 5 of the *South Australian Employment Tribunal Act 2014* against a decision of SAET constituted of a Presidential member under that Act;
- (c) a right to make an application to WCT for a reference of a matter to a conciliation conference under section 42 of the repealed Act in existence before the relevant day by virtue of the operation of Schedule 9 clause 42 of the Act (but not exercised before that day) may be exercised as a right to make an application to SAET for a referral of the matter to a compulsory conciliation conference under the *South Australian Employment Tribunal Act 2014* and—
- (i) the provisions of section 42 of the repealed Act as in force immediately before 1 July 2015, will apply to, and in respect of, that conciliation conference; and
 - (ii) a reference to the Tribunal in section 42 of the repealed Act will be taken to be a reference to SAET; and
 - (iii) a reference to a conciliator in section 42 of the repealed Act will be taken to be a reference to a conciliation officer appointed under the *South Australian Employment Tribunal Act 2014*;
- (d) nothing in this regulation affects a right of appeal to the Supreme Court under section 86A of the repealed Act against a decision of WCT made before the relevant day in respect of proceedings of the Full Bench of WCT where those proceedings have been completed before the relevant day (and therefore are not proceedings that fall within the ambit of paragraph (e)(ii));
- (e) any proceedings before WCT under the repealed Act immediately before the relevant day will, subject to such directions as the President of SAET thinks fit, be transferred to SAET where—
- (i) in the case of proceedings relating to an action for the recovery of compensation under section 54 of the repealed Act as in force immediately before 1 July 2012—they may proceed before SAET (and section 54 of the repealed Act, as in force immediately before 1 July 2012, will apply to, and in respect of, those proceedings); or
 - (ii) in any other case—they may proceed as if they had been commenced before SAET;

- (f) any proceedings before WCT in relation to a reference of a matter to a conciliation conference under section 42(5) of the repealed Act immediately before the relevant day will, subject to such directions as the President of SAET thinks fit, be transferred to SAET where they may proceed before SAET as if the conference were a compulsory conciliation conference under the *South Australian Employment Tribunal Act 2014* and—
- (i) section 42 of the repealed Act as in force, immediately before 1 July 2015, will apply to, and in respect of, those proceedings; and
 - (ii) a reference to the Tribunal in section 42 of the repealed Act will be taken to be a reference to SAET; and
 - (iii) a reference to a conciliator in section 42 of the repealed Act will be taken to be a reference to a conciliation officer appointed under the *South Australian Employment Tribunal Act 2014*;
- (g) for the purposes of Schedule 9 clause 42 of the Act—
- (i) any proceedings before WCT under section 42(2)(e)(iii) of the repealed Act immediately before the relevant day will, subject to such directions as the President of SAET thinks fit, be transferred to SAET where they may proceed as if they had been commenced before SAET constituted of a Presidential member under the *South Australian Employment Tribunal Act 2014*; and
 - (ii) a right to make an application to WCT for a determination under section 42(2)(e)(iii) of the repealed Act in existence immediately before the relevant day (but not exercised before that day) may be exercised as a right to make an application to SAET constituted of a Presidential member under the *South Australian Employment Tribunal Act 2014*; and
 - (iii) section 42 of the repealed Act as in force, immediately before 1 July 2015, will apply to, and in respect of, proceedings under subparagraph (i) and an application under subparagraph (ii);
- (h) proceedings in relation to costs payable under the repealed Act in respect of proceedings before WCT completed before the relevant day may be commenced before SAET (and the provisions of Part 6A Division 7 and Part 6B of the repealed Act will apply);
- (i) SAET may—
- (i) receive in evidence any transcript of evidence in proceedings before WCT, and draw any conclusions of fact from that evidence that appear proper; and
 - (ii) adopt any findings or determinations of WCT that may be relevant to proceedings before SAET; and
 - (iii) adopt or make any decision, direction or order in relation to proceedings before WCT before the relevant day (including so as to make a decision, or a direction or order in relation to proceedings fully heard before the relevant day); and
 - (iv) take other steps to promote or ensure the smoothest possible transition from 1 jurisdiction to another in connection with the operation of this regulation (including by giving directions as to any procedural matter which will then have effect according to their terms).

Note—

As required by section 10AA(2) of the *Subordinate Legislation Act 1978*, the Minister has certified that, in the Minister's opinion, it is necessary or appropriate that these regulations come into operation as set out in these regulations.

RULES OF COURT
Magistrates Court of South Australia
Amendment No. 56
to the Magistrates Court Rules 1992

PURSUANT to Section 49 of the Magistrates Court Act 1991 and all other enabling powers, we, the undersigned, do hereby make the following amendments to the Magistrates Court Rules 1992 ('the Rules') as amended.

1. These Rules may be cited as the 'Magistrates Court Rules 1992 (Amendment 56)'.

2. The Rules as amended by the following amendments apply to and govern all actions commenced in the criminal division of the Court on and after the date on which these amendments are gazetted.

3. Rule 29B.01 is deleted and replaced with the following:

29B.01 When in the course of any criminal proceedings:

- (a)* a person charged with an offence set for trial seeks separate trials of different charges alleged against him in the same information or complaint;
 - (b)* a person charged with an offence set for trial seeks a separate trial from that of another person charged with an offence set for trial and charged in the same information or complaint;
 - (c)* a party seeks to raise any question relating to the admissibility of evidence or any other question of law affecting the conduct of the trial prior to the opening of the case for the prosecution or the calling of witnesses;
 - (d)* a party desires to make application which, if granted would have the effect of postponing or delaying a trial which has been listed for hearing;
 - (e)* a party seeks admission of evidence in the form of an audio-visual record under s 13BA of the Evidence Act 1929;
 - (f)* a party seeks an order for communication assistance for a witness under s 14A of the Evidence Act 1929;
 - (g)* a close relative of the accused seeks an exemption from giving evidence under s 21 of the Evidence Act 1929;
 - (h)* a party desires to make some other application which cannot be reasonably made without notice to the other party or parties; or
 - (i)* a Magistrate directs that a written application should be made;
- the application is to be made by issuing and serving an application using Form 23.

Rule 29B.05 is inserted as follows:

29B.05 A written application for the admission of evidence in the form of an audio-visual record under s 13BA of the Evidence Act 1929 must be supported by an affidavit.

4. Rule 29D.00 is inserted as follows:

29D.00 Pre-Trial Special Hearings

29D.01 An application for a pre-trial special hearing under s 12AB of the Evidence Act 1929 must:

- (a)* be made by filing and serving an application in Form 23;
- (b)* be filed and served at least 21 days prior to the matter being listed for trial; and
- (c)* be supported by an affidavit.

29D.02D A notice objecting to a pre-trial special hearing must be made on a Form 23A and must be filed and served within 14 days of the objecting party being served with the application for a pre-trial special hearing.

5. Rule 72.00 is inserted as follows:

72.00 Criminal Law (High Risk Offenders Act) 2015

72.01 An application for the apprehension and detention of a person pursuant to s 11(6)(b) of the Criminal Law (High Risk Offenders) Act 2015, for the purpose of bringing that person before the Parole Board where he or she fails to appear before the Parole Board in compliance with a summons, must comply with Form 126.

72.02 A warrant for the apprehension and detention of a person, issued pursuant to s 11(7) of the Criminal Law (High Risk Offenders) Act 2015, must comply with Form 127.

72.03 An application for the arrest of a person by a member of the Parole Board (other than the presiding member or deputy presiding member) or a police officer pursuant to s 15(2)(b)(ii) or s 15(3)(b) of the Criminal Law (High Risk Offenders) Act 2015 respectively, must comply with Form 128. The application must set out the member or police officer's reasonable grounds for suspecting that the person subject to a supervision order may have breached a condition of the order.

72.04 An arrest warrant issued pursuant to s 15(6) of the Criminal Law (High Risk Offenders) Act 2015 must comply with Form 129.

6. Form 23A is inserted.

7. Form 125 is deleted and replaced with Form 125.

8. Form 126 is inserted.

9. Form 127 is inserted.

10. Form 128 is inserted.

11. Form 129 is inserted.

Signed on the 22 day of February 2016.

CITY OF SALISBURY

DEVELOPMENT ACT 1993

Salisbury City Centre Development Plan Amendment—Public Consultation

NOTICE is hereby given that the City of Salisbury, pursuant to Sections 24 and 25 of the Development Act 1993, has prepared a Development Plan Amendment (DPA) to amend its Development Plan.

The Salisbury City Centre Development Plan Amendment (DPA) has been initiated to update the Development Plan policy affecting land within the Salisbury City Centre area. The DPA proposes to update the zoning and policies to ensure they reflect the vision for the City Centre as a thriving business and community precinct within northern Adelaide, and provide a supportive land use framework to facilitate a wide range of uses to support investment and stimulate regeneration and activation of the Centre.

The DPA has been prepared having had consideration to the strategies of the State Government's 30 Year Plan for Greater Adelaide and reflects the principles of Council's Salisbury City Centre Renewal Strategy and Urban Design Framework which have been prepared to guide the development of the City Centre.

The affected areas:

The DPA affects the current District Centre Zone at Salisbury, and a portion of residential zoned land to the south of Park Terrace which includes the Salisbury oval and recreation area and the Salisbury Primary School.

The Amendment proposes the following key changes to the Development Plan:

- Rezoning the affected area to Urban Core zone;
- identifying a 'Core' and 'Transition' area, with policies included to guide the desired character, range of land uses, density, building heights, built form and car parking requirements within these areas; and
- Introducing a concept plan to guide key development outcomes sought within the Salisbury City Centre.

Further details, including a map of the affected area, the DPA report and the associated appendices can be found on Council's website at www.salisbury.sa.gov.au/salisburycitycentre

Hard copies of the DPA are available for review during normal office hours at:

- City of Salisbury offices at 12 James Street, Salisbury; and
- Len Beadell Library, John Street, Salisbury.

The DPA will be on public consultation from Thursday, 3 March 2016 until Friday, 29 April 2016.

A drop-in style community information session, where Council staff will be available to discuss the DPA and Urban Design Framework, is scheduled to be held on Wednesday, 6 April from 3 p.m. until 6 p.m. in the John Harvey Gallery at the Council Office at 12 James Street, Salisbury.

Written submissions regarding the DPA should be submitted no later than 5 p.m. on Friday, 29 April 2016. All submissions should be addressed to John Harry, Chief Executive Officer, City of Salisbury, P.O. Box 8, Salisbury, S.A. 5108 and should clearly indicate whether you wish to be heard in support of your submission at the public hearing.

If you wish to lodge your submission electronically, please email it to city@salisbury.sa.gov.au

A public hearing will be held on Tuesday, 31 May 2016 at 6.30 p.m. at the City of Salisbury Council offices at 12 James Street, Salisbury at which time interested persons may be heard in relation to the DPA and submissions. The public meeting will not be held if no submissions are received or if no submissions request to be heard.

Copies of submissions will be available for inspection at the City of Salisbury Council offices at 12 James Street, Salisbury and online on the Council website from Tuesday, 3 May 2016 until the day of the public meeting on Tuesday, 31 May 2016.

If you would like further information about the DPA, please contact Amanda Berry on 8260 8163.

Dated 3 March 2016.

MID MURRAY COUNCIL

Strengthening Basin Communities River Murray Zone— Development Plan Amendment for Public Exhibition

THE Mid Murray Council has prepared the Strengthening Basin Communities River Murray Zone—Development Plan Amendment (DPA) following investigations undertaken as part of the Commonwealth funded Strengthening Basin Communities program. In summary, the key amendments are:

- new/amended principles of development control applying to dwellings/buildings and land division in the Primary Production and Recreation and Tourism policy areas;
- recreation and Tourism Policy Area: adding to the Policy Area in the vicinity of East Front Road, Younghusband (refer map MiMu/90); change residential allotments adjacent Apold Court (former Pine Village, Murbko) to River Settlement Policy Area (map MiMu/70 refers); reduce the spatial extent of the policy area by changing farming allotments above the flood plain in Hundred of Younghusband to Primary Production Policy Area (affects maps MiMu 89, 90, 91 and related enlargements);
- minor amendments to the spatial extent of the Shack Settlement Policy Area (localities of Swan Reach and Walker Flat);
- update Council wide policy under the headings Interface Between Land Uses, Rural Interface and Mining; and
- amendments to Desired Character statements, selected figures, a structure plan and policy area maps to give effect to the above changes.

The DPA report will be on public consultation from Wednesday, 2 March 2016 until Wednesday, 4 May 2016.

The draft DPA will be available for public inspection during normal office hours (9 a.m. to 5 p.m.) at each of the Council offices located at Mannum, Cambrai and Morgan.

The draft DPA is also available on the Council's website at www.mid-murray.sa.gov.au.

Written submissions regarding the draft DPA may be lodged with Council until 5pm on Wednesday, 4 May 2016. Submissions must clearly indicate whether the author wishes to speak at a public hearing. All submissions should be addressed to the Chief Executive Officer of the Mid Murray Council, P.O. Box 28, Mannum, S.A. 5238. If you wish to lodge your submission electronically, please email it to postbox@mid-murray.sa.gov.au.

Copies of all submissions received will be available for inspection by interested persons at each of the Council Offices from 9am on Thursday, 5 May 2016 until the date of the public hearing.

A public hearing will be held at 1pm on Monday, 16 May 2016 at the Council Chambers, Main Street, Cambrai at which time interested persons may be heard in relation to the DPA and the submissions. If no-one requests to be heard, no public meeting will be held.

Dated 2 March 2016.

R. PEATE, Chief Executive Officer
