Interpretation

| <ul style="list-style-type: none"> — whole milk, namely milk containing not less than 3.2 per cent of milk fat, 8.5 per cent of milk solids non-fat and 3.1 per cent of milk protein — ultra filtered milk, namely milk any portion of which, has been concentrated by ultra filtration | | |

'UHT white milk' means milk that has been heated and packaged in accordance with the Food Code;

'UHT flavoured milk' means UHT white milk containing flavours and additives permitted by the Food Code.

Farm gate prices for milk produced in South Australia

2. Where a person purchases milk produced in South Australia, for sale in Australia, he or she must pay the dairy farmer who produced the milk the following farm gate prices:

- (a) for milk that is to be sold as market milk—51.74 cents per litre;
