REMUNERATION TRIBUNAL

REPORT RELATING TO DETERMINATION NO. 9 OF 1999

1. **INTRODUCTION**

- 1.1 In accordance with the provisions of the Remuneration Act 1990, the Remuneration Tribunal by letters dated 20 August, 1999 invited those members of the judiciary and statutory office holders whose offices are listed under Section 13 of the Act, as well as those covered by relevant sections of the Industrial and Employee Relations Act 1994 to make submissions in relation to the remuneration of members of the judiciary and those office holders.
- 1.2 On 13 September, 1999 the following notice was published in *The Advertiser* newspaper.

**REMUNERATION TRIBUNAL
REVIEW OF REMUNERATION FOR MEMBERS OF THE JUDICIARY AND
OTHER STATUTORY OFFICERS**

Pursuant to Section 8(2) of the *Remuneration Act, 1990* the Tribunal intends reviewing its previous Determination No. 5 of 1998 regarding the remuneration for members of the Judiciary and other Statutory Officers.

Interested persons, organisations and associations are invited to submit **in writing** any views they consider should be taken into account in the above review.

The closing date is **1 October 1999** and submissions should be forwarded to:

**The Secretary
Remuneration Tribunal
GPO Box 2343
ADELAIDE SA 5001**

**Telephone (08) 8226 4045
Facsimile (08) 8226 4174**

Eight written submissions were received from the public in response to this notice.

- 1.3 The Tribunal received written submissions from the Judicial Remuneration Co-ordinating Committee (JRCC) on behalf of the Justices and Masters of the Supreme Court (other than Millhouse J.) the Judges of the District Court, Magistrates, the Judges of the Industrial Relations Court, Industrial Magistrates, the lay Deputy Presidents and Commissioners of the Industrial Relations Commission, the Commissioners of the Environment Resources and Development Court and the State Coroner and the Masters of the District Court.

- 1.4 Written submissions were also received from the Minister in relation to judicial salaries, Mr. Greg Stevens, Deputy President for and on behalf of the lay members of the Industrial Relations Commission of SA, Mr. Wayne Chivell, State Coroner, Mr. Paul Case, Executive Director, Human Resource Management Division on behalf of the Minister for Government Enterprises, and Mr. Moss, Chief Magistrate who advised that he considered the relativity between the Chief Magistrate's remuneration and the Stipendiary Magistrates' should remain.
- 1.5 On 3 November, 1999 the Tribunal heard oral submissions from Mr. A. Short on behalf of the JRCC and Mr. Clayton QC on behalf of the Minister.
- 1.6 The written and oral submissions from the JRCC and the Minister were directed principally at the salary level of Puisne Judges of the Supreme Court which is consistent with previous enquiries conducted by the Tribunal in relation to judicial remuneration.

2. **TRIBUNAL PROCEDURES**

- 2.1 In the Tribunal's Report relating to Determination No. 5 of 1998 the Tribunal stated at paragraph 2.7 that it was "concerned that the current procedures relating to meeting its obligations under Section 10(2) of the Remuneration Act, 1990, and the Minister's rights to intervention have yet again been the subject of discussion before the Tribunal. The Tribunal confirms that it will take these views into consideration in determining the procedures to be adopted in future reviews as required by Section 8(2) of the Remuneration Act, 1990."
- 2.2 The matter of procedures was again the subject of further discussion before the Tribunal. Having considered the matters raised by the JRCC and the Minister, the Tribunal reaffirms its oral determination of 3 November, 1999 and in particular that it is up to each party to place its views before the Tribunal and to exchange its submissions should it wish to do so. There will be no right of response. Where the Tribunal deems it necessary it will seek information and clarification from the JRCC or the Minister's representative as appropriate. This applies to the written submissions, oral submissions and evidence.

3. **COMPARISON OF FEDERAL AND STATE JUDICIAL SALARIES**

- 3.1 As in previous reviews the Tribunal examined the Federal and State judicial salaries. The Tribunal stated in its Report Relating to Determination No. 5 of 1998 at para 3.3 that the Tribunal believed it was "not appropriate to speculate on any likely outcomes from impending reviews. For the purposes of this review the Tribunal, at the time it makes its determination, can only be concerned with what the current salary levels are in other jurisdictions."
- 3.2 The JRCC submitted that this approach created a determination which "is out of date and inequitable even at the time it is made. This has, consistently, been the situation in South Australia in recent years." Further the JRCC suggested that "the consistent pattern has been that increases have been directed to the bottom of the then existing range, but only after a substantial lag from the effect of other key movements, with little or no compensation by way of any retrospectivity. The disadvantage has therefore been substantial and persistent." The Minister's view was that the Tribunal should base its conclusion on the salaries which are being paid at the time of making

its determination and it should not speculate as to future variations which may be made in other jurisdictions.

- 3.3 Whilst the Tribunal recognises that other jurisdictions, such as Queensland, Victoria and Western Australia finalise their reviews with differing operative dates it does not consider it appropriate to review the “band” or “framework” at a greater frequency than it currently does. The Tribunal also reiterates its view expressed in Report Relating to Determination No. 5 of 1998 “the Tribunal, at the time it makes its determination, can only be concerned with what the current (my emphasis) salary levels are in other jurisdictions”.
- 3.4 The Tribunal is advised that the present relevant judicial salaries (for the Puisne Judges in States and Territories) are as follows:

COURT/STATE	SALARY	OPERATIVE DATE
New South Wales	\$200,543	1.10.1999
Northern Territory	\$195,753	19.8.1998
Australian Capital Territory	\$195,753	19.8.1998
Western Australia	\$200,369	1.12.1998
Tasmania	\$196,837	1.7.1999
Queensland	\$196,250	1.7.1998
Victoria	\$191,209	1.1.1999
South Australia	\$188,750	1.11.1998
Federal Court	\$203,500	1.10.1999
Family Court	\$203,500	1.10.1999

4. SOUTH AUSTRALIAN ECONOMIC CIRCUMSTANCES

- 4.1 The Minister’s submission included economic data on the Consumer Price Index, the South Australian Average Weekly Ordinary Time Earnings of Full Time Adults and a signed statement from Ms. Hart the Director, Economics in the South Australian Department of Treasury and Finance regarding the South Australian economy.
- 4.2 The Tribunal was advised that the CPI between the September quarter 1998 and the September quarter 1999 for Australia as a whole rose by 1.7% and for Adelaide by 1.7%.
- 4.3 In respect to wage movements the Tribunal was informed that “a recently established wage cost index (produced by the Australian Bureau of Statistics) shows annual wages growth in South Australia was 2.7% from the previous financial year whilst the annual wages growth nationally was 3.2%.

5 OTHER ISSUES BEFORE THE TRIBUNAL

5.1 Leave and Pension Entitlements

- 5.1.1 The Tribunal was presented by the JRCC with a report entitled “Total Remuneration Costs” prepared by Ms. Moran an actuary. This report quantified the comparative value of such components as annual leave, long leave, sabbatical leave and pensions, and compared the South Australian provisions to other jurisdictions, both State and Federal.

- 5.1.2 The JRCC submitted that there should be a direct monetary component to compensate South Australian judicial officers for the differences in leave and pension entitlement packages between SA and other jurisdictions. It was submitted that these differences are further exacerbated by the difference between judges who were in office as of 7 December 1997 and who are exempt from the superannuation surcharge.
- 5.1.3 The Tribunal has considered these matters in its reviews of judicial salaries in 1997 and 1998 and reiterates that it is not prepared to set an allowance or provide for any other remuneration for such differences in entitlements over which it has no control. Furthermore, the matter of a superannuation surcharge is a general taxation measure.

5.2 **Productivity**

- 5.2.1 Notwithstanding the JRCC's submission "that productivity considerations are not relevant to fixation of judicial salaries" as "a judges primary function is to listen, to consider, to reflect, to decide and usually to provide reasons", the Tribunal considers that it is important that it continues to be informed of these issues.
- 5.2.2 The Tribunal was advised of the following indirect and direct involvement of the judiciary, in the following:
- "the 3 year forward information technology plan has been fully developed and is being implemented, as budget allocations permit;
 - participation in a national exercise designed to harmonise Court rules and procedures across Australia related to litigation in the Corporations Law jurisdiction and thus simplify litigation in that area and render it less expensive;
 - the continued development of simplified and less expensive civil procedure processes within the State, including actually embarking upon a complete revision and rewriting of the rules of Court in plain English;
 - the development and implementation of a new system for managing the now numerous long and complex civil trials in a manner which ensures earlier identification of the real issues between the parties and the bringing of the matter to trial at the earliest possible time and with the least expense; and
 - the development of regular arrangements for professional further education and training, on a basis involving an integrated approach in which all levels of the judiciary are participants."

5.3 **Salary Packaging**

The Tribunal was invited by the JRCC to consider salary packaging which the Tribunal was informed was "widespread in both public and private sectors."

The Tribunal understands that detailed submissions will be made in the future in respect to this matter for it to consider.

5.4 **Masters of the District Court**

- 5.4.1 The Tribunal was advised that Section 13 (3) of the District Court Act 1991 which provided "A master is entitled to the same remuneration as a Magistrate in Charge." was repealed on 3rd October, 1999.

Section 13 of this Act now reads:

“(1) The judicial officers are entitled to the remuneration determined by the Remuneration Tribunal in relation to the respective offices.”

5.4.2 Masters of the District Court by virtue of the District Court Act also hold the appointment of a Magistrate.

5.4.3 The jurisdiction of the Masters covers the following:

- civil division (excluding contempt powers). This involves case flow management, interlocutory applications, summary judgements and costs;
- criminal injuries division which includes interlocutory orders, case flow management;
- administrative and disciplinary division.

5.4.4 In respect to an appropriate salary for the Masters, the JRCC provided a detailed comparison of duties with the following:

- Magistrates in Charge;
- Master of the County Court of Victoria; and the
- Family Court Judicial Registrar.

5.4.5 The JRCC concluded that “the Tribunal should fix their salary by use of a comparison with the Victorian County Court Master’s salary position, particularly having regard to the superior superannuation benefits which accrue to the holder of that office when compared with the Office of Master in the District Court of South Australia.”

5.4.6 The Minister submitted that the nexus which existed as at 2 October, 1999 should be maintained and if there was to be any salary adjustment resulting from work value changes then further evidence needed to be placed before the Tribunal.

5.4.7 In light of the Minister’s submission and the need to be further informed, the Tribunal met with the Chief Judge of the District Court, Mr. Worthington to ascertain details of the role and responsibilities of the Masters. The Chief Judge indicated that there is in fact no relationship of the Master of the District Court to the Magistracy – this is an historical anomaly. In practice the incumbents have had considerably more than the five years experience required by the Act and in his view, the relationship of the Master of the District Court to a District Court Judge is very similar to that of the Master of the Supreme Court to a Puisne Judge.

5.4.8 The Tribunal has determined that the salary of the Masters of the District Court will be \$147,200 effective from 3rd October, 1999, being the date that this office came within the jurisdiction of the Tribunal.

6 DETERMINATION AND OPERATIVE DATE

6.1 The JRCC submitted that the Tribunal should consider a two staged increase which would ensure that judicial salaries in South Australia would remain relevant. On this occasion the Tribunal is not prepared to determine a two staged increase and reiterates that it is inappropriate to anticipate the outcome of other jurisdiction deliberations. Accordingly it does not propose in these circumstances to make a determination as sought.

- 6.2 Having regard to the submissions made to the Tribunal and Section 15 of the Remuneration Act which requires the Tribunal when determining remuneration under this Act to have regard to the constitutional principle of judicial independence, salary levels in other jurisdictions and submissions made in the public interest, the Tribunal has determined that the salary of the Puisne Judge of the Supreme Court will be \$198,800 per annum from 1 November 1999.
- 6.3 The salaries of all other judicial officers listed in the Determination including the office of the Master of the District Court, have been increased from the same date to the annual amounts shown in the Determination being pro-rata increases.
- 6.4 The salaries of Mr. W. Chivell, State Coroner (for as long as he continues to perform this function which his current conditions of employment), lay Deputy Presidents and Commissioners of the Industrial Relations Commission and Commissioners of the Environment, Resources and Development Court will be increased from the same respective date to the annual amounts shown in the Determination being pro-rata increases.

At the Executive Council Office at Adelaide 16 December 1999

PURSUANT to the *Liquor Licensing Act 1997* and with the advice and consent of the Executive Council, I make the following regulations.

E. J. NEAL Governor

DEVELOPMENT ACT 1993: SECTION 48

NOTICE BY THE GOVERNOR

Preamble

1. I have given a development authorisation, pursuant to section 48 of the Development Act 1993, for two reserved matters that are part of the recent provisionally approved development of a marina facility, together with associated residential housing, a future commercial development site and a public boat ramp facility, immediately north of the township of Port Vincent, subject to conditions.

2. It is appropriate to delegate certain powers to the Development Assessment Commission in relation to this matter.

Delegation

PURSUANT to section 48 (8) of the Development Act 1993 and with the advice and consent of the Executive Council, I delegate to the Development Assessment Commission, the power to approve amendments to the development referred to in paragraph 1 of this notice, provided that any such amendment does not require the preparation of a further or amended Environment Impact Statement.

Given under my hand at Adelaide, 16 December 1999.

E. J. NEAL, Governor

DEVELOPMENT ACT 1993: SECTION 48

Decision By The Governor

Preamble

1. A proposal for the development of a marina facility immediately north of the township of Port Vincent on the Yorke Peninsula, has been the subject of an environmental impact statement under Division 2 of Part 4 of the *Development Act 1993*.

2. On 15 July 1999 I granted provisional development authorisation for the establishment of the marina facility, together with associated residential housing, a future commercial development site and a public boat ramp facility, immediately north of the township of Port Vincent, subject to conditions, and reserved a decision on specified matters until further assessment.

3. The reserved matters of the abovementioned provisional approval comprise:

- (a) The disbursement and disposal of stormwater.
- (b) The fill for the public beach.

4. Application has now been made to the Governor under section 48 of the *Development Act 1993* for approval of the reserved matters. The application comprises a Report on Stormwater Quality Management (dated 1 November 1999), a Construction Management Plan (dated 3 December 1999), a Report on the Proposed Swimming Beach (dated 23 September 1999) and supporting letter (dated 5 November 1999) and the following plans:

- (a) Drawing Number 9004-080 A Sheet C28 (22 November 1999)—'PORT VINCENT MARINA—SOIL EROSION AND DRAINAGE MANAGEMENT PLAN'

- (b) Drawing Number 9004-080 SMP2 (23 September 1999)—'PORT VINCENT MARINA—SOIL EROSION AND DRAINAGE MANAGEMENT PLAN'

- (c) Drawing Number 9004-080 TAT1 (5 October 1999)—'PORT VINCENT MARINA—PRELIMINARY TEMPORARY ACCESS TRACK PLAN'

- (d) I am satisfied that an appropriate Environmental Impact Statement and an Assessment Report that encompass the development have previously been prepared.

- (e) I have, in considering the application, had regard to all relevant matters under section 48(5) of the Development Act 1993.

- (f) It has been decided to grant development approval for the reserved matters.

Decision

Pursuant to Section 48 of the *Development Act 1993* and with the advice and consent of the Executive Council, in relation to the reserved matters associated with the provisionally approved Port Vincent Marina immediately north of the township of Port Vincent on the Yorke Peninsula, as described in the reports dated 1 November 1999, 3 December 1999 and 23 September 1999 submitted on behalf of Paradise Development Pty Ltd, I grant the following development authorisation subject to conditions:

Development approval for the disbursement and disposal of stormwater in accordance with the Construction Management Plan and Soil Erosion and Drainage Management Plan that form part of the application, subject to the following conditions:

CONDITIONS OF APPROVAL

1. The development hereby approved must be undertaken in accordance with the plans comprising the application (Drawing Number 9004-080 A Sheet C28 dated 22 November 1999, Number 9004-080 SMP2 dated 23 September 1999 and Drawing Number 9004-080 TAT1 dated 5 October 1999).

2. All works must be undertaken in accordance with the Construction Management Plan and the Report on Stormwater Quality Management that form part of the application.

3. A building certifier or the District Council of Yorke Peninsula must certify to the Development Assessment Commission that any work that constitutes building work under the Development Act 1993 complies with the Building Rules.

4. No works may be commenced on site unless and until all future act requirements of the *Native Title Act 1993 (Cth)* have been complied with.

NOTES TO THE APPLICANT:

1. The District Council of Yorke Peninsula should provide safe alternative access arrangements to public walking trails during the construction stage.

Development approval for the fill for the public beach, subject to the following conditions:

CONDITIONS OF APPROVAL

1. No works may be commenced on the site unless and until a Construction Management Plan (for the purpose of minimising marine turbidity during construction) has been approved by the Development Assessment Commission.

2. All works must be undertaken in accordance with the Construction Management Plan referred to in Condition 1, and the Report on the Proposed Swimming Beach that forms part of the application.

3. Materials such as rock and clay or sand mixed with rock and clay, should not be placed on the beach.

4. Large grain sized sand must be used as far as possible as a sand source, in order to minimise the need to excavate the swimming hollow that forms part of the artificial beach as a future maintenance requirement.

5. No works may be commenced on the site unless and until tenure arrangements, including native title, are finalised.

NOTES TO THE APPLICANT:

1. An Environment Protection Authority licence would be required for dredging activities. It is likely that as a condition of such a licence the Environment Protection Authority would require a monitoring program for marine turbidity.

2. The following matters must be approved by the Coast Protection Board:

- Any additional sources of sand to that available from the development site for the construction of the artificial beach.
- Additional sources of sand for the maintenance of the artificial beach.
- Additional sources of sand for the maintenance of the existing beach profile to the south of the groyne.
- Management of accumulated seaweed.

3. A long-term strategy for beach replenishment, including the location of sand sources, sand characteristics and the method of replenishment, should be prepared to satisfy Condition 1.

4. The District Council of Yorke Peninsula would be responsible for ensuring that public safety aspects associated with the artificial beach are addressed as part of its management responsibilities for public facilities.

PURSUANT to section 48(7) of the *Development Act 1993* I specify water quality and stormwater management and disposal to be matters in relation to which the Governor may vary, revoke or attach new conditions.

Given under my hand at Adelaide, 16 December 1999.

E. J. NEAL, Governor
