CROWN LANDS ACT 1929: SECTION 5

TAKE NOTICE that pursuant to the Crown Lands Act 1929, I PETER MACLAREN KENTISH, Surveyor-General and Delegate appointed by DOROTHY KOTZ, Minister for Environment and Heritage, Minister of the Crown to whom the administration of the Crown Lands Act 1929 is committed DO HEREBY:

1. Resume the Land defined in The First Schedule.
2. Dedicate the Crown Land defined in The Second Schedule as a Reserve for Unspecified Local Government and Workshop Purposes and declare that such land shall be under the care, control and management of The Coorong District Council.

The First Schedule

Depot Reserve for use by the Commissioner of Highways, section 334, Hundred of Bonney, the proclamation of which was published in the *Government Gazette* of 23 April 1959 at page 864, The Third Schedule.

The Second Schedule

Section 334, Hundred of Bonney, County of Russell, exclusive of all necessary roads, being the whole of the land comprised in Crown Record Volume 5594 Folio 374.

Dated 19 January 1999.

P. M. KENTISH, Surveyor-General

DEVELOPMENT ACT 1993: SECTION 48

*Decision By The Governor**Preamble*

1. A proposal for a new waste management facility in the form of a solid waste landfill (Northern Adelaide Waste Management Authority Balefill (Smithfield Quarry Landfill facility)) at Medlow Road, Uleybury, City of Playford has been under consideration under Division 2 of Part 4 of the Development Act 1993.

2. The development has been the subject of an environmental impact statement (being an environmental impact statement officially recognised under the Planning Act 1982) and amended under section 47 of the Development Act 1993.

3. Application has been made to the Governor under section 48 of the Development Act 1993 for the approval of the development. The application is dated 9 February 1996 (amended by application and plans dated 18 November 1998).

4. I am satisfied that an appropriate environmental impact statement, and an assessment report, that encompass the development have been prepared.

5. I have, in considering the application, had regard to all relevant matters under section 48 (5) of the Development Act 1993.

Decision

PURSUANT to section 48 of the Development Act 1993 and with the advice and consent of the Executive Council, I—

- (a) grant development approval for the development of the waste management facility in the form of a solid waste landfill (Northern Adelaide Waste Management Authority Balefill (Smithfield Quarry Landfill Facility)) at Medlow Road, Uleybury, City of Playford as described in an application dated 9 February 1996 (and amended by application and plans dated 18 November 1998) subject to the conditions attached and entitled 'Conditions (21) for Development Authorisation (Application dated 9 February 1996 and amended by application and plans dated 18 November 1998) Northern Adelaide Waste Management Authority Balefill'; and
- (b) pursuant to section 48 (7) specify the matters relating to management of groundwater as matter in relation to which the Governor may vary or revoke conditions of this authorisation or attach new conditions to it.

Given under my hand at Adelaide, 21 January 1999.

E. J. NEAL, Governor

CONDITIONS (22) FOR DEVELOPMENT AUTHORISATION (APPLICATION DATED 9 FEBRUARY 1996 AND AMENDED BY APPLICATION AND PLANS DATED 18 NOVEMBER 1998)—NORTHERN ADELAIDE WASTE MANAGEMENT AUTHORITY BALEFILL

1. The work must be carried out as shown on the plans in the application (dated 9 February 1996 and amended by the application and plans dated 18 November 1998) and supporting documentation in the Development Application, except as varied by the conditions listed below, or varied directly in consequence to any subsequent licence requirement of the Environment Protection Authority (EPA).

2. A Landfill Environmental Management Plan (LEMP) must be prepared and implemented, in accordance with the requirements of the Environment Protection Authority.

Listed Wastes

3. No Listed Waste as prescribed in Schedule 1, Part B of the Environment Protection Act 1993, or contaminated soil and material or asbestos containing material, will be permitted to be disposed of without further development authorisation.

Management Committee

4. A Management Committee to monitor the landfill site and its operations, report regularly to NAWMA and Council, and receive reports and instructions from NAWMA must be established prior to the commencement of landfill operations. The Management Committee must be maintained for the duration of the construction and operation of the facility with a review, of the need for the committee in the post closure phase.

Traffic

5. Removal and appropriate recycling/disposal of stockpiles along the edge of Adams Road formation must be carried out during upgrading works.

6. NAWMA must pay for the work of upgrading and sealing both Smith Road (making provision for waste trucks to pull off the road in the event of a funeral procession) and Adams Road prior to the receipt of waste at the balefill site.

7. The proponent must bear the cost of Transport SA providing, a 'simple left turn treatment' into Smith Road from Main North Road and modify the median nose. These works must comply with the Austroads 'Guide to Traffic Engineering—Part 5' and must be funded by the proponent. The proponent must liaise further with Transport SA on these issues.

Infrastructure

8. Any water tanks installed on the site must be screened from the surrounding area.

Groundwater

9. A detailed design of the proposed groundwater protection system (including modelling and monitoring) and the surface water management system must be prepared prior to the issuing of a licence by the Environment Protection Authority.

10. Monitoring bores must be established in a closely spaced network and at varying depths as required at each location to

provide satisfactory assurance that groundwater quality beneath adjoining properties will be protected. The location of such bores will be determined in the Landfill Environmental Management Plan and licensing process.

11. The Landfill Environmental Management Plan must provide processes for detecting, monitoring and remedying any impact of the development on groundwater, and such processes must be in place before any waste is received.

Surface Water

12. The construction of a stormwater sediment control dam proposed on the southern creek must be located 'off-stream' to minimise the potential for mixing of clean stormwater run-off with dirty run-off from the balefilling.

Groundwater Interception and Leachate Management

13. A leachate monitoring bore must be installed within each stage to assist with leachate management, particularly if leachate recirculation is incorporated into the management strategy.

14. Certification from a geotechnical consultant that the proposed side slopes of the balefill will be suitable for the installation of the side liner system from a stability aspect must be obtained prior to commencement of site preparation.

15. The quarry walls in the northern and southern portions of the quarry must be left intact due to the close proximity of the drainage lines; and reprofiling of these areas must be conducted by utilising clean fill.

16. External sources for construction materials must be identified and available at least six months in advance of need. The suitability of clay for lining and capping must be certified by a geotechnical consultant.

Odour

17. The Landfill Environmental Management Plan must provide for monitoring and reporting of landfill gas, odour and dust incursions at the site.

Operational lifespan

18. The landfill operation must cease at the expiration of 20 years from the date of this approval, or when the quarry has been filled to match the natural contours of the land, which ever first occurs (given the proximity of the site to areas identified for future residential development).

Heritage

19. The party with the benefit of this approval must ensure that operators and construction personnel are made aware of the requirements under the Aboriginal Heritage Act 1988 that any burial site skeletal material or significant artefact discovery is reported to the Division of State Aboriginal Affairs, Department of Environment, Heritage and Aboriginal Affairs.

Post Closure Aspects

20. The natural level of the original hill on the eastern face of the quarry must be used as the reference to determine the final height of the balefill and achieve the original contours.

21. The slope of the final capping layer must use design options such as centre furrowing or the formation of contour banks (designed to collect moisture for improved plant growth) to control run-off.

Building Rules

22. Work constituting building work under the Development Act 1993, must be certified by a private certifier as complying with the Building Rules, prior to any building work commencing.

NOTES

1. The Environment Protection Authority will require the proponent to prepare a Landfill Environmental Management Plan (LEMP) to satisfy the Authority's licensing requirements. Such a plan will be required to include provisions for the review, from time to time, of waste treatment and disposal methods to facilitate implementation of continuous improvement programs. The LEMP will be required to incorporate the following:

- A Vegetation Management and Revegetation Plan, prepared in consultation with the City of Playford and the local community. It is to have regard to the measures suggested in the Assessment Report for the Environmental Impact Statement (as amended) for the Northern Adelaide Waste Management Authority Balefill project (particularly in Sections 3.2 and 4.1).
 - A comprehensive Pest Plant and Animal Management Plan to be implemented prior to the landfill operations commencing, to ensure the site is free of as many pest species as possible from the beginning of operations. Adequate monitoring and follow-up control shall occur. The weed and pest control program shall be prepared in consultation with the Adelaide Plains Animal and Plant Control Board.
 - A detailed Groundwater and Leachate Management Plan prepared by the proponent, to the satisfaction of the Environment Protection Authority, prior to receipt of any waste.
 - A Soil Erosion and Drainage Management Plan (SEDMP), to minimise and control any on site soil erosion (particularly of stockpiled material) as described in the Environment Protection Agency's 'Stormwater Pollution Prevention Codes of Practice'.
 - A Surface Water Management Plan. The plan should address the collection and management of all on-site surface water, including any contaminated run-off originating from roadways, car parks and hardstands, the vehicle workshop or wheel washing facility and management of all surface water flows entering the site from land external to the site.
 - The indicative location of topsoil and cover material stockpiles, in particular the location of storage areas during stages 3 and 4 and the details of erosion measures.
 - Provisions, for a regular review of waste treatment and disposal methods to facilitate implementation of continuous improvement programs. It should also include provisions for the implementation of corrective actions in the event of any failure of the leachate and liner.
 - Additional data concerning the site geology as it becomes available, this could necessitate minor changes to landfill design or method of operation and the installation of additional groundwater monitoring bores.
 - Details of monitoring and reporting of meteorological parameters required at the site.
 - Monitoring and reporting of landfill gas, odour and dust incursions at the site.
 - Details of the gas flaring system to be designed to ensure that there is a high quality combustion (if not used for power generation) and that fire risks to surrounding properties is eliminated.
 - An upgraded landfill gas contingency plan for on-site buildings, to include provisions for evacuation and ongoing monitoring until safe concentrations are present.
 - Contain details on on-site vehicle parking and truck wheel wash.
2. Control over the types of waste to be received at the site will be exercised by the Environment Protection Authority. This will be done through conditions of environmental authorisation or requirements under a relevant Environment Protection Policy rather than through conditions of development authorisation (see condition 3).
3. Financial Assurance Strategy in accordance with the provisions of Section 51 of the Environment Protection Act 1993 will be required by the Environment Protection Authority as a condition of licence.
4. For the purposes of any licensing the Environment Protection Authority shall be provided with the details on the timing and construction aspects of the diversion of the southern creek around the quarry during stages 1 and 2 prior to granting of a licence.
5. The detailed design of the liner system and quality control provisions would need to be reviewed by the Environment Protection Authority.
6. Post closure management responsibilities should be established.

7. A more sustainable after-use for the site that would encourage the regeneration and rehabilitation of natural communities should be considered during future post closure planning.

8. The City of Playford may need to commit financial and other resources in future to alleviate noise and visual impacts from waste trucks if present and future residential areas are impacted. These costs may need to be recouped from NAWMA. While it is not possible to quantify these costs at present, provision should be made between the Council and NAWMA to ensure that appropriate revenue can be raised to address the costs.

9. Provision of an alternative water supply if groundwater users in the area find supplies affected shall be addressed as part of the contingency planning.

10. If blasting is required to remove any of the benches, explosion vibration characteristics and monitoring requirements shall be determined, prior to commencement, in consultation with the Environment Protection Authority, Primary Industries and Resources SA and the City of Playford.

11. The proponent shall undertake further consultation with the Munno Para Equestrian Association to determine their requirements for a bridle path and/or other safety measures alongside Smith and Adams Roads.

DEVELOPMENT ACT 1993: SECTION 48

Decision By The Governor

Preamble

1. A proposal for a new waste management facility in the form of a solid waste landfill (Northward Fill (Inkerman Landfill Depot)) at Inkerman in the Wakefield Regional Council has been under consideration under Division 2 of Part 4 of the Development Act 1993.

2. The development has been the subject of an environmental impact statement under section 46 of the Development Act 1993 and amended under section 47 of the Development Act 1993.

3. Application has now been made to the Governor under section 48 of the Development Act 1993 for the approval of the development. The application is dated 4 March 1997 and 'Supporting Documentation for Development Application' dated 24 November 1998.

4. I am satisfied that an appropriate environmental impact statement, and an Assessment Report, that encompass the development have been prepared.

5. I have, in considering the application, had regard to all relevant matters under section 48 (5) of the Development Act 1993.

Decision

PURSUANT to section 48 of the Development Act 1993 and with the advice and consent of the Executive Council, I grant development approval for the development of the waste management facility in the form of a solid waste landfill (Northward Fill (Inkerman Landfill Depot)) at Inkerman in the Wakefield Regional Council as described in application dated 4 March 1997 and 'Supporting Documentation for Development Application' dated 24 November 1998 subject to the conditions attached and entitled 'Conditions (16) for Development Approval (application dated 4 March 1997 and "Supporting Documentation for Development Application" dated 24 November 1998)—Northward Fill (Inkerman Landfill Depot)'.

Given under my hand at Adelaide, 21 January 1999.

E. J. NEAL, Governor

CONDITIONS (16) FOR DEVELOPMENT APPROVAL (APPLICATION DATED 4 MARCH 1997 AND 'SUPPORTING DOCUMENTATION FOR DEVELOPMENT APPLICATION' DATED 24 NOVEMBER 1998) NORTHWARD FILL (INKERMAN LANDFILL DEPOT)

1. The work must be carried out as shown on the plans in the application (dated 4 March 1997 and 'Supporting Documentation for Development Application' dated 24 November 1998) and supporting documentation in the Development Application, except as varied by the conditions listed below, or varied directly in consequence to any subsequent licence requirement of the Environment Protection Authority (EPA).

Groundwater

2. Monitoring must be undertaken over two successive winter seasons to determine the maximum seasonal watertable level for that period starting prior to the landfill operations starting.

3. An internal leachate-level monitoring bore network within each stage of the landfill must be established to allow early identification of any problem with the leachate collection system before excessive leachate heads develop.

4. Groundwater monitoring bores must be established down gradient of the leachate collection ponds to the satisfaction of the Environment Protection Authority.

Leachate Management

5. A construction report must be provided to the Environment Protection Authority by a geotechnical consultant certifying that the liner and drainage system has been constructed in accordance with the design principles together with *in-situ* testing to demonstrate that the required permeability has been achieved prior to operations commencing.

Landfill Gas

6. Landfill gas extraction wells must be installed progressively as filling of the cell proceeds, to the satisfaction of the Environment Protection Authority.

7. All fire control measures proposed at the site must be approved by the Country Fire Service prior to operations commencing.

Buffers and Landscaping

8. The maximum height of the landfill including rehabilitation must be restricted to 27 m AHD (generally 7 m above the existing natural surface) to be consistent with the existing maximum topographic levels in the region.

9. All perimeter plantings must be started as early as practicable after the date of this approval to achieve maximum amelioration of visual impacts.

10. Screening by suitable plantings where adequate natural screening is not provided, must be provided for the perimeter fence, all built structures, stockpiles and internal roads (where practicable) using suitable species in accordance with the Vegetation Management and Revegetation Plan proposed as part of the Landfill Environmental Management Plan (LEMP).

Noise and Dust

11. The proponent must comply with the provisions of the Environment Protection (Industrial Noise) Policy (1994, SA Government).

12. The maximum hours of operation must be 6 a.m. to 7.30 p.m. seven days per week and waste must only be received between 7 a.m. and 7 p.m.

Infrastructure

13. The proponent must pay all reasonable costs of the detailed design and construction of any public roadworks made necessary by this development and to the satisfaction of Transport SA.

Building Rules

14. Work constituting building work under the Development Act 1993, must be certified by a private certifier as complying with the Building Rules, prior to any building work commencing.

Heritage

15. The party with the benefit of this approval must ensure that operators and construction personnel are made aware of the requirements under the Aboriginal Heritage Act 1988 that any burial site skeletal material or significant artefact discovery is reported to the Division of State Aboriginal Affairs, Department of Environment, Heritage and Aboriginal Affairs.

Wastes

16. No Listed Waste as prescribed in Schedule 1, Part B of the Environment Protection Act 1993, or contaminated soil and material or asbestos containing material, will be permitted to be disposed of without further development authorisation.

NOTES

1. The Environment Protection Authority will require the proponent to prepare a Landfill Environmental Management Plan (LEMP) to satisfy the Authority's licensing requirements. Such a plan will be required to include provisions for the review, from time to time, of waste treatment and disposal methods to facilitate implementation of continuous improvement programs. The LEMP will be required to incorporate specific plans in relation to groundwater and leachate management, surface water management, vegetation and revegetation, soil erosion and drainage and the management of pest plants and animals as outlined in the amendment to the Assessment Report. It will also be required to include provisions for implementation of corrective actions in the event of any failure of the leachate and groundwater management systems.

2. Control over the types of waste to be received at the site will be exercised by the Environment Protection Authority. This will be done through conditions of environmental authorisation or requirements under a relevant Environment Protection Policy rather than through conditions of development authorisation (see condition 16).

3. A financial assurance in accordance with the provisions of section 51 of the Environment Protection Act 1993 will be required by the Environment Protection Authority as a condition of licence.

4. The outstanding stormwater management issues discussed in relation to Section 25 of the Environment Protection Act 1993 must be clarified as part of the LEMP if approval is given to the project.

5. A comprehensive proposed groundwater monitoring and protection system would need to be finalised in the LEMP.

6. A landfill gas monitoring program should be prepared to the satisfaction of the Environment Protection Authority and incorporated into the LEMP.

7. As part of the LEMP a contingency plan for landfill gas extraction and combustion systems would be required.

8. A low flame multi-burn flaring system to be incorporated in the landfill gas management system would be required. The flaring system should be enclosed in a cage unit to prevent debris from going through the flame.

9. The acceptance criteria and frequency of monitoring for odours needs to be specified in the development of the LEMP based on the conduct of modelling and approved management practices.

10. In order to achieve satisfactory environmental outcomes the use of a force-fed mechanical waste shredding system at the transfer station (as a means of reducing the potential for litter) is recommended. The Authority will require all waste to go through an Environment Protection Authority approved resource recovery centre which has a high percentage of re-use and resource recovery.

11. The Environment Protection Authority as part of the licence condition will state that litter will not be allowed to discharge off the proponent's property.

12. As part of the LEMP a surface water management system, which collects run-off from road surfaces, stockpile areas and other locations where saline water has been used for dust suppression, should be prepared. This water is to be directed to specific ponds for collection and disposal into the leachate collection system or alternative treatment approved by the Environment Protection Authority.

DEVELOPMENT ACT 1993

WASTE DISPOSAL (LAND-FILL) PLAN AMENDMENT REPORT
PREPARED BY THE MINISTER*Draft for Public Consultation*

NOTICE is hereby given that the Minister for Transport and Urban Planning has, pursuant to Sections 24 and 26 of the Development Act 1993, prepared a draft Plan Amendment Report to amend all Development Plans in the State.

The Plan Amendment will amend all Development Plans to varying degrees by the inclusion of objectives and principles of development control to guide the location, siting, design and management of land-fill facilities.

Copies of the draft Plan Amendment Report will be available for public inspection and purchase during normal office hours at the Department for Transport, Urban Planning and the Arts (Planning SA), Level 5, 136 North Terrace, Adelaide. The Plan Amendment Report can be also viewed on the Internet (http://www.planning.sa.gov.au/waste_strategy). Alternatively, the Plan Amendment Report can be viewed during office hours at Council offices from 22 January 1999.

Enquiries relating to the:

- Purchase of the Plan Amendment Report can be directed to Planning SA on telephone (08) 8303 0724;
- Policies proposed in the Plan Amendment Report can be directed to Malcolm Govett of Planning SA on telephone (08) 8303 0791.

The draft Plan Amendment Report will be on display from 21 January to 22 March 1999.

Written submissions regarding the draft Plan Amendment Report should be submitted no later than 5.00 p.m. on 22 March 1999. All submissions should be addressed to the Presiding Member, Development Policy Advisory Committee, G.P.O. Box 1815, Adelaide, S.A. 5001 and should clearly indicate whether you wish to be heard in support of your submission.

Copies of all submissions will be available for inspection by interested persons at the Department for Transport, Urban Planning and the Arts (Planning SA), Level 5, 136 North Terrace, Adelaide from the expiration of the display period until the conclusion of the public hearing.

A public hearing will be held on 30 March 1999 at the Grosvenor Vista Hotel, Level 1, Pioneer Room, 125 North Terrace, Adelaide at 7.30 p.m. at which time interested persons may appear to be heard in relation to the draft Plan Amendment Report and the submissions. The public hearing will not be held if no submissions are received or if no submission makes a request to be heard.

ENVIRONMENT PROTECTION AUTHORITY

Environment Authorisation under Part 6 of the Environment Protection Act 1993

Name: Amministrazione San Pellegrino Martire
 Postal Address: 36 Maud Street,
 Rostrevor, S.A. 5073

Exemption from the Application of the Environment Protection (Industrial Noise) Policy 1994

THIS exemption is to allow the holder to emit or cause to permit noise levels in excess of the maximum permitted levels in the Environment Protection (Industrial Noise) Policy 1994, with respect to a religious festival to be held at the St Ignatius Church, Queen Street, Norwood on 16 and 17 January 1999, subject to the following conditions:

1. The exemption holder shall nominate a responsible person who will be available during the event and any period prior to the event during which excessive noise could be emitted and a means of contacting that person that is acceptable to the Environment Protection Authority.
2. The exemption holder or the person nominated by the exemption holder in accordance with condition one shall obey any instruction regarding noise, from:
 - (a) an authorised officer from the Environment Protection Authority;
 - (b) an officer of the South Australia Police Force.

FISHERIES ACT 1982: SECTION 59

TAKE notice that, pursuant to section 59 of the Fisheries Act 1982, Jim Makris, 10 Fisher Place, West Lakes, S.A. 5021, or his nominated replacement approved by the Director of Fisheries (hereinafter referred to as the 'fisher') is exempt from section 41 of the Fisheries Act 1982, subject to the conditions contained in Schedule 1, in that they shall not be guilty of an offence when using a fine mesh purse seine net as described in Schedule 2 for the taking of pilchards (*Sardinops neopilchardus*) and other species within the Families Clupeidae and Engraulididae (hereinafter referred to as the 'permitted species') for the purpose of trade or business in marine waters of South Australia as described in Schedule 3 as Area A and Area B (hereinafter referred to as the 'permitted activity').

SCHEDULE 1

1. The fisher may engage in the permitted activity from the date of gazettal of this notice until 1 January 1999, or until revoked by the Director of Fisheries.
2. This exemption is valid only in respect of the fishing vessel *Falcon* (hereinafter referred to as the 'permitted boat') registered on the fisher's Marine Scalefish Fishery Licence No. M285.
3. The fisher must be on board the permitted boat at all times while the boat is being used for the purpose of engaging in the permitted activity.
4. Whilst using a nominated master to take pilchards pursuant to this notice, no other fishing activity shall be undertaken by the licence holder pursuant to Marine Scalefish Fishery Licence No. M285.
5. Whilst engaged in the permitted activity the fisher shall not use any of the devices registered on the fisher's Marine Scalefish Fishery Licence.
6. The fisher must not take or be in possession of any other species of fish, other than the permitted species, while engaging in the permitted activity.
7. Any fish, which are not permitted species, taken as by-catch by the fisher during the permitted activity must be immediately returned to the water.
8. The fisher shall not, during the period 1 January 1999 to 28 February 1999, take a quantity of permitted species which exceeds his quota of 43.45 units at 2.571 tonnes per unit (which is equal to 111.714 tonnes).

9. The fisher may with the prior approval of the Director of Fisheries transfer uncaught units of quota during the period of this notice.

10. Fish taken pursuant to this notice as the result of a transfer of quota must be taken in the area as described (and disposed of as described) in the permit conditions of the holder of the initial allocation.

11. The fisher may transfer catch taken pursuant to this notice to a carrier boat at sea subject to nominating the boats in advance.

12. The fisher may nominate no more than two carrier boats at any one time. Notification of boat name must be provided to the person or agency responsible for conducting quota monitoring operations.

13. Where the fisher transfers all or part of his catch to a carrier boat that portion of the catch must be accompanied by a South Australian Pilchard Fishery Log Book, completed as required by condition 16 of this notice.

14. The fisher must notify the person nominated for quota monitoring, by telephone, of the intended place of any unloading and the estimated weight of the catch at least one hour prior to the unloading taking place.

15. The fisher must provide the person nominated for quota monitoring with reasonable access to boats and vehicles for the purpose of enabling inspection of the catch and any record relating to the South Australian Pilchard Fishery Log Book required to be completed under this notice.

16. The fisher must complete the South Australian Pilchard Fishery Log Book as described below:

(a) Unloading to a shore based processing plant:

- (i) The fisher shall complete all columns of the South Australian Pilchard Fishery Log Book **up to but not including** the column titled **PILCHARD TONNAGE CAUGHT**.

The fish can then be dispatched to the shore based processing plant. It is the responsibility of the fisher to make certain that all fish are accurately weighed within 24 hours of the consignment to the processor:

- (ii) The fisher shall upon being notified by the processor of the total weight of fish unloaded complete the columns headed, **PILCHARD TONNAGE CAUGHT, OTHER SPECIES, TONNAGE CAUGHT (This refers to other species) and REMARKS**.

For any unloading, if fishing has taken place on more than one day then this should be noted and the verified weight split as close as possible to reflect the actual quantities taken on each day of fishing.

(b) Unloading at sea or direct to a tuna cage:

The fisher shall complete all columns of the South Australian Pilchard Fishery Log Book immediately after capture and include an **estimated** tonnage in the column marked **PILCHARD TONNAGE CAUGHT**. The estimated tonnage should be based on a recorded number of boxes of a certain capacity (weight) filled.

17. The fisher then shall either by **facsimile or in person** deliver the completed (South Australian Pilchard Fishery Log Book) form to the person nominated for quota monitoring within **48 hours** of the unloading.

18. The fisher must provide regular samples of the permitted species for research analysis and assist in any other South Australian Research and Development Institute (SARDI) sponsored pilchard fishery research program as required by the Chief Scientist, Aquatic Sciences, SARDI.

19. The fisher must complete a monthly return within 14 days of the end of the previous month and forward it to SARDI. This return must be completed regardless of whether the fisher took fish or not, i.e. nil returns are required.

20. While engaged in the permitted activity the fisher must:

- (a) have in his possession the copy of this notice with which the Director of Fisheries has supplied him; and
- (b) produce that notice to a Fisheries Officer forthwith, if and when a Fisheries Officer requests him to produce it.

21. The fisher shall not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under that Act, except where specifically exempted by this notice.

SCHEDULE 2

In waters described as **Area A**: one purse seine net having a maximum length of 600 m, a maximum depth of 100 m and a mesh size of between 16 mm and 20 mm.

In waters described as **Area B**: one purse seine net having a mesh size of between 16 mm and 20 mm.

SCHEDULE 3

For the purposes of this notice, **Area A** is defined as:

Coastal waters within 3 nautical miles of high water mark or within 3 nautical miles to seaward of the base lines and bay closure lines described in Table 1.

For the purposes of this notice, **Area B** is defined as:

Coastal waters more than 3 nautical miles to seaward of high water mark or more than 3 nautical miles to seaward of the base lines and bay closure lines described in Table 1.

Dated 13 January 1999.

LOTTERY AND GAMING ACT 1936, SECTION 57 (2):
EXEMPTION OF THE BORDERTOWN RACING CLUB

Notice by the Treasurer

PURSUANT to section 57 (2) of the Lottery and Gaming Act 1936, I exempt the Bordertown Racing Club for the 1998-99 racing season from the operation of section 57 (1) of that Act, subject to the conditions set out in the schedule attached to this notice.

Dated 13 January 1999.

ROB LUCAS, Treasurer

SCHEDULE

1. The exemption only relates to, and in relation to, a punters' club conducted on behalf of the racing club by a person appointed by the club for that purpose.

2. A punters' club can only be conducted on behalf of a racing club in a racecourse during the holding of a race meeting by that racing club.

3. The person conducting the club must not receive any valuable thing except money for investment by the club.

4. Tickets cannot be sold by a club after it has invested money on a race.

5. The following information must be displayed at the place at which the operations of the punters' club are conducted:

- (a) the opening balance of the fund to be invested by the club; and
- (b) the number of tickets issued to members of the punters' club; and
- (c) the bets and the races on which they are placed; and
- (d) the winnings and losses resulting from those bets.

6. The information:

- (a) referred to in clause 5 must be displayed in legible letters and numerals that are of sufficient size to be understood easily by members of the public;
- (b) referred to in clause 5 (c) must be displayed before the race to which it relates is run.

7. The amount to be shared between the members of the punters' club is the amount paid by members for tickets issued by the club plus the amount of any winnings less the amount invested in bets on races.

8. If at the expiration of two months after a race meeting a punters' club holds unclaimed money on behalf of a member, the club must pay the money to the Racing Industry Development Authority.

9. Within 21 days after the holding of a race meeting, a punters' club must lodge with the Racing Industry Development Authority a return in the following form completed by the punters' club:

Punters' Club—Details of Investments

Notes for Table 1a:

- 1998 tonnages, baumes and prices delivered to winery (low, high and weighted average) are those reported by wineries and published in the *SA Winegrape Utilisation and Pricing Survey*.
- Indicative prices and Baume standards are those agreed by the Indicative Price meeting for the 1999 vintage.
- Baume standards are for grapes destined for table wine production.
- Sparkling and table wines may have separate standards.

LOCAL HERITAGE—PLAN AMENDMENT REPORT

Draft for Public Consultation

NOTICE is hereby given that the City of Charles Sturt, pursuant to section 25 of the Development Act 1993, has prepared a Local Heritage Plan Amendment Report (PAR) in order to amend the Hindmarsh and Woodville (City) Development Plan and the Henley and Grange (City) Development Plan.

The Local Heritage PAR has been prepared to recognise a number of individual places which have local heritage value and to protect such places from demolition and insensitive alteration.

The Local Heritage PAR is available for inspection and purchase (\$5 per copy) during opening hours at the Council Office, 72 Woodville Road, Woodville from Thursday, 21 January 1999 to Friday, 26 March 1999. The PAR is also available for inspection at council's five libraries during opening hours during this period.

Persons interested in making submissions in relation to the Local Heritage PAR, for consideration by council, should do so by Friday, 26 March 1999. All submissions should be addressed to the Chief Executive, City of Charles Sturt, P.O. Box 1, Woodville, S.A. 5011. Submissions will be available for inspection by any interested person at the Council Office, 72 Woodville Road, Woodville until the conclusion of the public hearing.

Pursuant to Regulation 12 of the Development Regulations 1993, a public hearing will be held on Thursday, 15 April 1999, commencing at 5 p.m. The public hearing will be held at the office of the City of Charles Sturt, 72 Woodville Road, Woodville. Persons interested in being heard at the Public Hearing are requested to indicate their interest to be heard on their submission.

Interested persons may appear to be heard in relation to the Local Heritage PAR and/or the submissions.

TOWN OF WALKERVILLE

BY-LAW MADE UNDER THE LOCAL GOVERNMENT ACT 1934

By-law No. 1 ~~3~~ Permits and Penalties

TO provide for a permit system and continuing penalties in council by-laws and to clarify the construction of such by-laws, and to repeal by-laws.

A. All previous by-laws, other than By-law No. 10—Moveable Signs, made or adopted by the council, prior to the date this by-law is made, are hereby repealed.

Permits

1. (1) In any by-law of the council, unless the contrary intention is clearly indicated, the word 'permission' means the permission of the council given in writing.

(2) The council may attach such conditions to a grant of permission as it thinks fit, and may vary or revoke such conditions or impose new conditions by notice in writing to the permit holder.

(3) Any permit holder shall comply with every such condition.

(4) The council may revoke such grant of permission at any time by notice in writing to the permit holder.

Penalties

2. Any person who breaches a by-law of the council is guilty of an offence and:

- (1) is liable to a penalty not exceeding the maximum amount referred to in the Local Government Act 1934, for such an offence; and
- (2) shall be liable to a further penalty of \$50 for every day on which the offence is continued.

Construction

3. Every by-law of the council shall be subject to any Act of Parliament and Regulations made thereunder.

The foregoing by-law was duly made and passed at a meeting of the Corporation of the Town of Walkerville held on 21 December 1998, by an absolute majority of the members for the time being constituting the council, there being at least two-thirds of the members present.

BY-LAW MADE UNDER THE LOCAL GOVERNMENT ACT 1934

By-law No. 7^{3/4}Streets and Public Places

FOR the management of streets, roads and public places vested in or under the control of the council.

Activities Requiring Permission

1. No person shall without permission:

- (1) obstruct any street, road or footway by leaving, placing, lying or allowing to remain thereon or therein any packing case, basket, cask, package or any other thing; or
- (2) display on a trading table or by other means any article for sale on any footway; or
- (3) hang or suspend any article for sale over any footway; or
- (4) throw or place any glass, filth, dirt, rubbish or other matter or thing including any orange peel or banana skin in or on any street, road or footway; or
- (5) throw or discharge any handbill or other printed matter on or in any street, road or footway; or
- (6) in expectation of alms from passers by or others, sing or play upon any musical instrument in any street or road.

Dangerous Fences

2. (1) No person shall erect any fence abutting any street, road or public place which is made of barbed wire or which otherwise presents a danger to users of the street, road or public place in the opinion of an authorised officer of the council.

(2) The council may serve notice in writing on the owner or occupier of any land abutting any street, road or public place on which there exists a fence which the council considers is dangerous requiring that person to take such measures as the council thinks fit to make the fence safe.

(3) The owner or occupier on whom any notice is served under clause 2 (2) of this by-law shall comply with the notice.

Watertight Verandahs

3. (1) The owner or occupier of every building on which there is a verandah or balcony which encroaches onto or over a street or road shall keep that balcony or verandah clean, watertight and in good repair.

(2) If the council is of the opinion that any verandah or balcony is not clean, water tight and in good repair it may serve notice in writing on the owner or occupier requiring that person to take such measures as the council thinks fit to make the balcony or verandah clean and watertight.

(3) The owner or occupier on whom any notice under paragraph 3 (2) is served shall comply with the notice.

Prohibited Activities

4. No person shall sing or play upon any musical instrument in any street or road after having been requested to desist by any member of the police force or any authorised officer of the council.

Definitions

1. In this by-law:

- (1) 'Approved material' means material approved by an authorised person;
- (2) 'Poultry' includes fowls, ducks, geese and turkeys of either sex and peacocks and peahens.

No Animal or Bird to be a Nuisance

2. No person shall keep or allow to remain on any land of which he or she is the owner or occupier any animal or bird so as to be a nuisance or injurious to health by reason of:

- (1) the numbers of animals or birds;
- (2) the noise, dust or odour generated by the presence of the animal or bird;
- (3) the attraction of flies, rats, mice or other vermin;
- (4) the aggressive nature of the animal or bird;
- (5) the nature and location of housing facilities for the animal or bird;
- (6) the animal or bird not being adequately contained on the land;
- (7) the animal or bird being allowed to wander or fly from or to the land either alone or in numbers;
- (8) droppings, faeces or manure emanating from the animal or bird; or
- (9) for any other reason.

Limit on Poultry Numbers

3. A person must not keep or allow to remain on any land of which he or she is the owner or occupier more than twelve head of poultry.

Keeping of Poultry

4. No person may keep or allow to remain on land of which he or she is the owner or occupier any poultry unless:

- (1) the birds are contained within a structure which, together with its location, is approved by the council so that the keeping of poultry within it will not cause a nuisance or be injurious to health;
- (2) vermin proof receptacles are provided for storing bran, pollard, grain or other matter intended for the feeding of such poultry; and
 - (a) such receptacles are at all times kept clean, sanitary and in good order and condition; and
 - (b) such receptacles are kept securely closed unless food for poultry is being placed in or taken out of them; and
 - (c) no food or poultry is allowed to remain outside of such receptacles unless for the purposes of immediate consumption; and

- (3) that person keeps the land free of rats, mice and other vermin.

Notice to Remedy

5. (1) If the council is satisfied that any animal or bird kept or allowed to remain on land is or is likely to become a nuisance or injurious to health, or if any provision of this by-law is not being complied with, the council may by notice in writing require the owner or occupier of that land within a time stated in the notice to take such measures as the council considers necessary to prevent the animal or bird from being or continuing to be a nuisance or injurious to health or to require compliance with this by-law.

(2) The person to whom notice is given shall comply with it.

Dead Animals or Birds

6. No person shall:

- (1) neglect to bury or otherwise lawfully dispose of in a sanitary manner any dead animal or bird belonging to him or her, or in his or her charge or keeping forthwith upon the death of that animal or bird; or
- (2) allow any dead animal or bird to remain on any premises in his or her occupation unburied or not otherwise lawfully disposed of in a sanitary manner.

The foregoing by-law was duly made and passed at a meeting of the Corporation of the Town of Walkerville held on 21 December 1998, by an absolute majority of the members for the time being constituting the council, there being at least two-thirds of the members present.

THE BAROSSA COUNCIL

Disposal of Reserve

NOTICE is hereby given that pursuant to section 459a of the Local Government Act 1934, as amended, the council at its meeting held on 1 September 1998, resolved that a Water Reserve being part section 341, Hundred of Moorooroo is not required. The land is held in certificate of title register book volume 2363, folio 122.

Council proposes, with the consent of the Minister, to sell that Reserve to the adjoining land owners so as to merge it with the land owners existing holding.

Any interested person may inspect a plan of the area at Council's District Office, Washington Street, Angaston, during normal office hours.

Written representations will be received by the council until 5 p.m. 19 February 1999. They should be addressed to the Council, P.O. Box 295, Angaston, S.A. 5353.

J. JONES, Chief Executive Officer

CLARE AND GILBERT VALLEYS COUNCIL

Development Act 1993—Consolidation Plan Amendment Report Draft for Public Exhibition

NOTICE is hereby given that the Clare and Gilbert Valleys Council has prepared a draft Plan Amendment Report to amend the Development Plan as it affects the whole of the council area.

The Plan Amendment Report will amend the Development Plan by consolidating the Development Plans of the three former district councils into one document for the amalgamated council. Matters addressed include:

- a regional approach to issues;
- common zone names;
- objectives and principles of development control which are not duplicated;
- uniform format;
- incorporation of regional provisions from the Mid North section of the development plan;
- new mapping to reflect the merged council areas and zone boundaries.

The draft Plan Amendment Report and Statement of Investigations will be available for public inspection during normal office hours of the Clare and Gilbert Valleys Council from 1 February 1999 to 1 April 1999. A copy of the Plan

Amendment Report can be purchased from the council offices for \$20 each.

Written submissions regarding the draft Plan Amendment Report should be addressed to the Chief Executive Officer, attention Trevor Storey, Environment Services Manager, Clare and Gilbert Valleys Council, 4 Gleeson Street, Clare, S.A. 5453.

Copies of all submissions will be available for inspection by interested persons at the Clare and Gilbert Valleys Council Office, 4 Gleeson Street, Clare, from 2 April 1999, until the date of the public hearing.

The public hearing will commence in the Council Chambers of the Clare and Gilbert Valleys Council on 13 April 1999, at 6 p.m. at which interested persons may appear and be heard before council in relation to the Plan Amendment Report and the submissions.
