## ELECTRICITY ACT 1996

*ElectraNet SA the trading name of Bluemint Pty Ltd*  
(ACN 094 482 416)

*Terms and Conditions of Supply*

NOTICE is hereby given that these standard terms and conditions governing the supply of electricity (including the service of maintaining the connection between your premises and the transmission network) by Bluemint Pty Ltd trading as 'ElectraNet SA' are published in accordance with section 36 (2) of the South Australian Electricity Act 1996.

These standard terms and conditions will come into force on the issue to Bluemint Pty Ltd, on 31 October 2000, of a licence under the Electricity Act 1996 which authorises the operation of a transmission network. When in force, these standard terms and conditions will be contractually binding on Bluemint Pty Ltd and the class of customers to whom these terms and conditions are expressed to apply.

*ElectraNet SA, the trading name of Bluemint Pty Ltd, Standard Terms and Conditions of Supply*

## 1. Does This Document Apply To You?

## 1.1 Does this document apply to you?

This document applies to each customer who:

- (a) occupies a premises which is connected to our equipment via a connection point as at the date this contract starts; and
- (b) has not already negotiated, or does not in the future negotiate, a different agreement with us for the provision of prescribed transmission services in relation to the connection point for that premises.

## 1.2 What documents make up our contract with you?

Our contract with you is made up of these standard terms and conditions and the other documents referred to below. This contract when published will set out our entire agreement with you in relation to the provision of prescribed transmission services and override any of our previous arrangements with you.

## 1.3 What does our contract cover?

This contract sets out the terms on which we provide you with prescribed transmission services in relation to each connection point for your premises.

This contract does not deal with the sale of electricity to you at your premises. You have a separate contract with your retailer for the sale of electricity to you at your premises.

## 2. These Words and Expressions Have Special Meanings

In this document the following words and expressions have the meanings set out next to them:

Word or Expression	Meaning
Applicable laws	The NEC, the Electricity Act, the Electricity Pricing Order and any other legislation, rules, regulations, codes, electricity pricing orders or conditions which are binding on us or you (and includes in your case any obligations which would be imposed on you by the NEC if you were registered as a customer under the NEC);
Billing period	If you are a grace period customer, the period covered by your retailer's bill.  If you are not a grace period customer, the billing period as defined in the NEC;
Connection point	Each point at which your equipment is connected to our equipment;
Contract	Your contract with us for the connection of your equipment to our equipment and the provision of prescribed transmission services by us in relation to each connection point for your premises;
Customer sale contract	The contract you have with your retailer for the sale of electricity

Word or Expression	Meaning
Electricity Act	to you at your premises; The <i>Electricity Act 1996</i> and all regulations, orders and notices made under that Act;
Electricity Pricing Order	The electricity pricing order dated 11 October 1999 and published pursuant to Section 35B of the Electricity Act;
NEC	The 'National Electricity Code' as defined in the <i>National Electricity Law</i> set out in the schedule to the <i>National Electricity (South Australia) Act 1996</i> ;
Premises	A site which is supplied with electricity from a connection point;
Price list	Our list of current tariffs and charges applying to you from time to time;
Retailer	The person who sells electricity to you at your premises;

We, our or us	Bluemint Pty Ltd (ACN 094 482 416) trading as 'ElectraNet SA' and its authorised officers and contractors;
Your equipment	Any equipment at your premises (or connected to your side of a connection point) for the distribution and use of electricity which is not our equipment;
You or your	the person recorded in our records and on accounts issued by us or a retailer as the customer for a premises.

Any term used in this document which is not otherwise defined in this clause 2 will have the same meaning as is given to that term in the Electricity Pricing Order.

In this document, unless the context otherwise requires:

- (a) the singular include the plural and vice versa;
- (b) mentioning anything after include, includes or including does not limit what else might be included; and
- (c) a reference to any Act of Parliament or to any section or provision in any Act of Parliament extends to and includes any regulations, codes, orders or other instruments made under that Act and any modifications to any of the above things.

## 3. Term of This Contract

## 3.1 When does this contract start?

This contract will start on the date set out in the *Gazette* in which this document was published.

## 3.2 When does this contract end?

This contract will end in relation to a connection point for a premises on the day that you (or another person) enters into a different agreement with us for the provision of transmission services in relation to that connection point.

## 4. Our Equipment

To provide transmission services in the most effective manner to you and/or to our other customers, it may be necessary for us to place our equipment on your premises.

Our equipment may be placed above ground or underground and may be attached to any building or structure at your premises. Our equipment and the connection point will be placed at a location determined by us.

You must allow us safe and unobstructed access to our equipment at all times. You may be required to provide us with an easement before our equipment can be installed.

You must provide and maintain an approved weatherproof container for our meters, time switches and other equipment. If you want to lock the container or any gate or door that prevents access to our equipment, you will need to contact us to make appropriate arrangements.

#### 5. *Ownership, Interference With and Removal of Our Equipment*

Our equipment placed on your premises will always remain our property even if you contribute to its cost. Despite anything else in this contract, you must not damage or otherwise interfere with our equipment or any rights that we have, or any other party may have, to use or access our equipment or any place where our equipment is situated. You must also ensure that no-one else does any of these things.

We may modify, remove or replace our equipment at any time.

#### 6. *Your Equipment*

You must install, maintain and operate your equipment in accordance with the requirements of all applicable laws. To ensure that you are doing this, we may inspect and test your equipment. Any tests and inspections that we carry out are for our information only and not to check the overall state of your equipment. You must allow us access to your equipment and premises to carry out these inspections.

We may charge you a fee for carrying out such inspections and testing. We will not be liable to you or to anyone else if your equipment fails or is defective.

We have developed operating procedures in relation to the interaction between our equipment and your equipment in order to regulate switching, load shedding, monitoring, information exchange and to ensure that the requirements imposed upon both parties under the applicable laws are satisfied. Both parties must comply with these operating procedures.

#### 7. *Making Changes To Your Equipment*

If you wish to change your supply requirements, or modify or upgrade your connection point or your equipment at any time (including by varying the agreed maximum demand for your connection point), you must first apply to us for our consent. We will deal with that application in accordance with the procedures set out in Chapter 5 of the NEC.

You must not make that change, modification or upgrade until our consent has been given.

If a change, modification or upgrade is made without our consent you will be responsible to pay for any damage to our equipment and will indemnify us for any claims by any third parties.

#### 8. *Supply Specifications and Interruptions*

##### 8.1 *Specifications of electricity and services*

The specifications of the electricity we deliver and the prescribed transmission services we provide may vary from area to area and from time to time.

Accordingly we may impose conditions on your use of electrical appliances or your equipment at a premises. In particular, you must not take electricity from a connection point in excess of the agreed maximum demand notified to you by us for that connection point without our consent. We may take such steps as we consider are reasonably necessary to prevent this occurring or continuing.

You should therefore check with us to find out the specifications of the electricity we deliver and the prescribed transmission services we provide in the area in which your premises is situated.

##### 8.2 *Interruption to supply*

We will endeavour to provide you with the ability to receive a continuous supply of electricity via the provision of prescribed transmission services to each connection point. However, circumstances may arise that require us to disconnect, interrupt or ration the provision of prescribed transmission services to you at your premises (such as where we are required to do so under an

applicable law, in order to maintain our equipment or your equipment, or for any of the reasons set out in clause 13).

Wherever possible, early notice of the interruption will be given, and we will try to coordinate any interruptions with you so as to minimise any inconvenience. However, if an emergency arises we are not obliged to give any notice.

We may be obliged to place restrictions on your consumption of electricity at your premises.

We may need to enter your premises unannounced in order to interrupt or reinstate the provision of prescribed transmission services to your premises.

The supply of electricity or prescribed transmission services to your premises may also be interrupted or reduced due to circumstances beyond our control. We will endeavour to overcome these circumstances as soon as possible, but in the meantime, our obligations under this contract will be suspended to the extent to which these circumstances prevent us from complying.

#### 9. *Meter Testing*

If you believe that our meter is inaccurate, we will check its accuracy in accordance with any relevant applicable law or standard.

We may ask you to pay our fees in advance for checking the meter. However, if the meter is found not to comply with the relevant applicable laws and standards, we will arrange for that fee to be reimbursed to you.

If the meter is found to be inaccurate, the amount payable to us will be based on our best estimate of the amount of electricity that you would have used at your premises. We will arrange for any over charges you have paid to be reimbursed to you through your next account from your retailer.

#### 10. *Charges*

##### 10.1 *You must pay our tariffs and charges*

You must pay all charges for prescribed transmission services supplied by us in relation to each connection point in accordance with the terms of this contract.

##### 10.2 *Which tariff applies to you?*

The transmission tariff and other charges applying to you in relation to the provision of prescribed transmission services for each connection point immediately prior to the start of this contract will continue to apply until we inform you otherwise in accordance with clause 10.3.

##### 10.3 *Variations to your tariffs and charges*

We can vary our transmission tariffs and charges in accordance with the Electricity Pricing Order, and we will notify you of these variations. Where the Electricity Pricing Order does not apply we may vary our transmission tariffs and charges by giving you at least 30 days prior notice.

##### 10.4 *Changes to the tariff rates and charges during a billing cycle*

If a transmission tariff or charge applying to you changes during a billing cycle, your bill for that billing cycle will be calculated on a pro-rata basis using:

- (a) the old tariff or charge up to and including the date of the change; and
- (b) the new tariff or charge from that date to the end of the billing cycle.

##### 10.5 *Pass through of taxes and other charges*

We can pass through to you those taxes, charges and rebates which we are entitled or required to pass through under the Electricity Pricing Order. We can do this by either changing our transmission tariffs and charges, or including the amount as a separate item in your bill.

##### 10.6 *GST*

Our transmission tariffs and charges are inclusive of GST.

However, there may be other amounts payable by you or by us under this contract that are payments for 'taxable supplies' as defined for GST purposes. To the extent permitted by law, these other payments will be increased so that the GST payable on the taxable supply is passed on to the recipient of the taxable supply.

##### 10.7 *Security for payment*

At any time we may require you (as a condition of our agreement to supply or continue to supply you with prescribed

transmission services) to lodge a deposit with us or your retailer as security for payment of our tariffs and charges.

We will determine the amount of the deposit and may, at our discretion, apply it in satisfaction of any amount you owe us. You also agree that any deposit you paid to us or your retailer under your previous electricity sale or supply arrangement will now be held by your retailer as security for payment of any amounts you owe us and your retailer.

## 11. Billing

### 11.1 Grace Period Customer

If you are a grace period customer, the following billing procedures will apply:

- (a) we will arrange with your retailer for one bill to be sent to you, covering what you owe under this contract and under your customer sale contract with your retailer. Your customer sale contract sets out how often these accounts will be sent;
- (b) the amount you must pay, the due date and the method of payment for the prescribed transmission services we provide under this contract will be set out in the bill sent to you by your retailer;
- (c) when you have paid your retailer the amounts due under this contract, you are deemed to have discharged your obligations to us to pay that amount.

### 11.2 Non-grace period customers

If you are not, or cease to be, a grace period customer the following billing procedures will apply.

- (a) we will issue a draft bill to you for the prescribed transmission services supplied by us to you during each billing period within 5 business days of the end of that billing period;
- (b) no later than 18 business days after the end of each billing period we will issue a final bill in respect of all charges incurred by you in that billing period;
- (c) our bill may include charges in respect of one or more billing periods and be in respect of a charge that has previously been made in order to reflect revised or substituted metering data, information or other adjustments; and
- (d) you must pay our bill no later than noon on the business day being 10 business days after receipt by you of the final bill under clause 11.2 (b).

### 11.3 Late payments

If you do not pay your accounts on time, you may be required to pay our reasonable costs of recovering that amount from you. You may also be required to pay interest on the outstanding amounts at the rate specified in our price list from time to time.

### 11.4 Calculating the bill

The amounts you owe under this contract at the end of each billing period will be calculated based on information from reading your meter.

### 11.5 Estimating the electricity usage

If we or your retailer are unable to read your meter for any reason, we can estimate how much electricity was supplied to your premises by using other information (such as your previous bills or your electricity usage history).

The bill will be adjusted for the difference between our estimate and the actual amount of electricity used, based on a subsequent reading of the meter.

### 11.6 Variations to agreed maximum demand

You may request us to increase the agreed maximum demand for a connection point. If we do not need to modify or upgrade your connection point, your equipment or our equipment, we will agree to the increase. If the increase requires us to modify or upgrade your connection point or your equipment, you must apply to us under clause 7.

If you wish to reduce the agreed maximum demand for a connection point, you must make a request to us by 31 March in any year. We will agree to the reduction if the measured demand for that connection point for the 12 month period before your request has not exceeded the agreed maximum demand for that connection point, and we are satisfied that the reduction is due to a reduction in the expected load at that connection point which you could not originally have foreseen.

### 11.7 Excess demand charge

If at any time during a financial year, the actual maximum demand for a connection point exceeds the agreed maximum demand for that connection point at that time:

- (a) for the purposes of calculating the charges payable by you during that financial year, the actual maximum demand will become the agreed maximum demand;
- (b) you will be deemed to have requested an increased in agreed maximum demand under clause 11.6 and the requirements of clauses 7 and 11.6 must be satisfied before the actual maximum demand will become the agreed maximum demand for the purposes of clause 8.1; and
- (c) we may recover from you the excess demand charge referred to in our price list and the difference between the charges you would have paid to us during that financial year if your agreed maximum demand had been the actual maximum demand.

## 12. Discontinuance of supply by us

We may disconnect or interrupt the provision of prescribed transmission services to your connection point for any one or more of the following reasons:

- (a) if any of the events set out in clause 8.2 occur;
- (b) if we are requested by you or your retailer to do so;
- (c) if you fail to pay us or your retailer any amount owed to us by the due date;
- (d) if you otherwise do not comply with your obligations under this contract;
- (e) if you prevent the exercise by us of any of our rights under this contract or at law;
- (f) if you make or have made any false statement to us in relation to the supply of electricity to you;
- (g) if you deal with the electricity we supply to you in a manner that interferes with the supply of electricity to other people;
- (h) if in our opinion your equipment is in a dangerous condition;
- (i) if in our opinion it is unsafe to continue to supply you with transmission services;
- (j) if we are entitled to do so under any applicable law;
- (k) if we are directed to do so by any person, including the System Controller or NEMMCO, exercising an authority granted to it under any applicable law; or
- (l) if you fraudulently obtain or use electricity we supply to your premises.

If we disconnect a connection point for your premises for any of the above reasons, we may refuse to reconnect that connection point until the reason for the disconnection has been remedied and all of our charges have been paid.

## 13. Limitation of liability

### 13.1 Warranties

Unless required by an applicable law, we give no warranties or undertakings and make no representations to you about the condition, suitability, quality, fitness or safety of the transmission services we provide, other than those expressly set out in this contract.

Any liability we have for breach of any condition, warranty or term which is implied into this contract by the *Trade Practices Act 1974(Cth)* or any other law and cannot be excluded, is limited to the maximum extent permitted by that Act or law.

### 13.2 *Limit of our liability to you*

Subject to clause 13.1, our liability to you for any loss, damage, costs or expenses (including pure economic losses, loss of profits, business or anticipated savings, claims by third parties and any other indirect or consequential losses) suffered or incurred by you as a result of any of our acts or omissions relating to the provision of transmission services or the operation of the transmission system generally (including breach of contract, tort (including negligence) or otherwise) will not exceed \$1 000 000 for any financial year.

### 13.3 *National electricity law immunity*

This clause 13 will apply in addition to any exclusion from, or limitation on, liability that we or you may be entitled to claim the benefit of under an applicable law (including without limitation sections 77A or 78 of the National Electricity Law).

### 14. *Assignment*

We may assign any of our rights under this contract at any time. We do not require your consent to do this.

### 15. *Notices*

All notices that we give to you, or you give to us, under this contract must be sent by prepaid post or by facsimile to the most recent facsimile number provided by the recipient.

However, we may agree with you that some notices will be communicated by other means (for example telephone, email or internet).

### 16. *Information*

#### 16.1 *Provision of information*

You must provide to us on request such information concerning your equipment as is reasonably necessary to enable us to comply with our obligations under any applicable law and to operate, develop, design and plan our transmission system in accordance with the requirements of all applicable laws.

#### 16.2 *Confidentiality*

We must keep information about you confidential.

We may, however, disclose information about you:

- (a) if required or permitted by law to do so;
- (b) where you give us written consent; or
- (c) to your retailer to the extent that the information is for the purposes of arranging and coordinating disconnection, reconnection and billing.

### 17. *Compliance with applicable laws*

Both parties must comply with all applicable laws. In particular, you must comply with any obligations which would be imposed on you by the NEC if you were registered as a customer.

We will give you, and you must give us, reasonable assistance in complying with the requirement of any applicable law.

### 18. *Alterations to this contract*

We reserve the right to alter this contract from time to time. All alterations will be published in the *South Australian Government Gazette*. They will be effective from the date specified in the *Gazette* or, if there is none, from the date of publication.

Dated 31 October 2000.

## NOTICE TO MARINERS

No. 24 OF 2000

*South Australia—Spencer Gulf—Port Pirie—Dredging Operations*

MARINERS are advised that a suction cutter dredge will be conducting Dredging Operations in the Inner Harbor of Port Pirie commencing Monday, 18 September 2000 and continuing for approximately one month.

The dredging, which will take place at various berths, will alternate in response to shipping movements. The dredger will either be on the far west or far east of the channel and small vessels should pass via the displayed dredging signals.

During operations, a submerged pipeline will extend in a straight line from the berth being dredged to the eastern shore. Depths of water over the pipeline should be considered one metre shallower than expected.

Whilst in position, the dredger will exhibit the appropriate lights and shapes required by the international regulations for the prevention of collisions at sea.

Notice to traverse the river will be given by the Port Pirie pilot.

## CITY OF MOUNT GAMBIER

## DEVELOPMENT ACT 1993

*Central State Heritage Area—Draft for Public Consultation*

NOTICE is hereby given that the City of Mount Gambier has prepared a draft Plan Amendment Report to amend the development plan as it affects the areas situated in the Mount Gambier (City) Development Plan.

The Plan Amendment Report will amend the Development Plan by the creation of a new heritage policy area within the City Centre Zone to incorporate the designated Area of State Heritage. The new Central State Heritage Area Policy Area brings together planning policies in relation to the conservation of the Cave Gardens and Environs area and the significant built elements of the State Heritage Area to reinforce the strong historic character of the locality. The introduction of the Central State Heritage Area Policy Area into the Development Plan gives status to the recommendations of the City of Mount Gambier Heritage Survey (1994). The Development Plan is amended by the following policy changes:

- designation of the Central State Heritage Area Policy Area;
- establish objectives and principles of development control applicable to the Central State Heritage Area Policy Area.

The draft Plan Amendment Report and statement will be available for public inspection and purchase during normal office hours at the City of Mount Gambier Council Office, 10 Watson Terrace, Mount Gambier, S.A. 5290, from Thursday, 2 November 2000 to Thursday, 11 January 2001. A copy of the Plan Amendment Report can be purchased from the Council for \$10 each.

Written submissions regarding the draft amendment will be accepted by the City of Mount Gambier until Thursday, 11 January 2001. The written submission should also clearly indicate whether you wish to speak at the public hearing on your submission. All submissions should be addressed to the Chief Executive Officer, City of Mount Gambier, P.O. Box 56, Mount Gambier, S.A. 5290.

Copies of all submissions received will be available for inspection by interested persons at the City of Mount Gambier Council Office, 10 Watson Terrace, Mount Gambier, from Friday, 12 January 2001 until the date of the public hearing.

A public hearing will be held in the Reception Area, Civic Centre, 10 Watson Terrace, Mount Gambier on Tuesday, 23 January 2001 commencing at 7.30 p.m. The public hearing may not be held if no submission indicates an interest by its author to speak at the public hearing.

Dated 23 October 2000.

#### MID MURRAY COUNCIL

##### *Roads (Opening and Closing) Act 1991*

NOTICE is hereby given, pursuant to section 10 of the Roads (Opening and Closing) Act 1991, that the Mid Murray Council proposes to make a Road Process Order to close those portions of public road marked A and B on Preliminary Plan No. PP 32/0618. The closed road marked A is to be merged with allotment 4 in Deposited Plan 51827, Hundred of Ridley. The closed road marked B is to be merged with allotments 5 and 6 in Deposited Plan 51827, Hundred of Ridley.

The closed road is to be transferred to the Minister of Environment and Heritage and Peter Copley.

The preliminary plan and associated statements prepared pursuant to section 9 of the Roads (Opening and Closing) Act 1991 are available for examination to the public at the office of the Mid Murray Council, 49 Adelaide Road, Mannum and at the Adelaide office of the Surveyor-General, 101 Grenfell Street, Adelaide during normal office hours.

Any person who wishes to object to this proposal may lodge a written objection to the Mid Murray Council, P.O. Box 28, Mannum, S.A. 5238 and a copy forwarded to the Surveyor-General, 101 Grenfell Street, Adelaide, S.A. 5000 within 28 days of the date of this notice. Any objectors must include their full name and address, stating their reasons for objecting and stating whether or not they wish to make submissions to the Mid Murray Council at a meeting convened to consider such objections.

Any land owner adjoining or other person substantially affected by the closure may apply for an easement over all or part of the proposed road closure. Such application shall be in writing to the Mid Murray Council, P.O. Box 28, Mannum, S.A. 5238 and a copy must be forwarded to the office of the Surveyor-General, 101 Grenfell Street, Adelaide, S.A. 5000 within 28 days of the date of this notice. The applicants must include their full name and address giving particulars of the nature and location of the easement being applied for, specifying the land to which the easement is to be annexed and stating the reasons for the application for easement.

#### DISTRICT COUNCIL OF STREAKY BAY

##### *Change of Meeting Date*

NOTICE is hereby given that the ordinary council meeting for December will be held on Wednesday, 13 December 2000 in lieu of Wednesday, 20 December 2000, in the Council Chambers, 29 Alfred Terrace, Streaky Bay.

J. RUMBELOW, General Manager

#### DISTRICT COUNCIL OF STREAKY BAY

##### *Periodical Review*

NOTICE is hereby given that pursuant to the provisions of section 12 (5) of the Local Government Act 1999, the District Council of Streaky Bay is to carry out a review to determine whether a change of arrangements in respect to elector representation would result in electors being more adequately and fairly represented.

The review will include whether the composition of council should be altered (number of Councillors) and if the two ward system should remain, although boundary adjustments may be required. Consideration will also be given to increasing the number of wards or to discarding the ward system.

Information regarding this review is available from the council office during normal office hours, telephone 8626 1001.

Written submissions are invited from interested persons and should be directed to the General Manager, District Council of Streaky Bay, 29 Alfred Terrace, or P.O. Box 179, Streaky Bay, S.A. 5680, and be received by 5 p.m. on Friday, 8 December 2000.

Any person providing a written submission will be given the opportunity to address council on their submission
