FISHERIES ACT 1982

Approval for Offshore Mineral Exploration Drilling Proposal by BHP Minerals

I AM satisfied that the mining operations associated with the BHP offshore mineral exploration drilling proposal in Spencer Gulf, mineral exploration licence application, ELA 25/00 will not contravene the Fisheries Act 1982, as required under section 6 (5) of the Regulations under the Mining Act 1971.

Dated 25 November 2000.

ROB KERIN, Minister for Primary Industries and Resources.

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Rolf Czabayski, 5 Willowbridge Grove, Burnside, S.A. 5066 (hereinafter referred to as the 'permit holder') is exempt from Regulation 35C of the Fisheries (General) Regulations 1984, in that the permit holder shall not be guilty of an offence when using berley within the waters specified in Schedule 1 to attract white sharks (*Carcharodon carcharias*) for the purpose of cage viewing only (hereinafter referred to as the 'permitted activity'), subject to the conditions specified in Schedule 2, for the dates specified in Schedule 3.

SCHEDULE 1

Coastal waters contained within the Neptune Islands Conservation Park, and the following portions of the Sir Joseph Banks Islands Conservation Park, English and Sibsey Islands.

NOTE: During Australian Sea lion breeding periods, permits will not be provided for eight months. This period will begin eight weeks after the appearance of the first pups. Pupping commenced at Dangerous Reef in September 2000 and permits will not be issued for the above period at this location.

SCHEDULE 2

1. The permit holder must be on board the boat when conducting the permitted activity.

2. All berley used while conducting the permitted activity must consist of fish based products only. All berley (other than fish oil) must be stored below a maximum temperature of 4 °C.

3. The permit holder must notify the public by a Notice to Mariners through the Australian Maritime Safety Authority, by public notice in the Adelaide *Advertiser* at least 24 hours in advance of berleying operations, advising the local coastguard and the Fisheries Compliance Unit on 1800 065 522 at least two hours prior to conducting the permitted activities.

4. The permit holder shall allow an officer of the DEH or nominee to be present on board the boat during the permitted activities if requested and subject to negotiation and availability of space.

5. The permit holder must comply with all instructions (including ceasing to berley if so instructed) given by an officer from DEH.

6. Whilst engaged in the permitted activity, a pennant (approved by DEH) must be flown from the boat so as to be clearly visible.

7. Whilst engaged in the permitted activity the permit holder must have in his/her possession a copy of this notice and produce a copy of the notice if required by a Fisheries Compliance Officer.

8. The permit holder shall not contravene or fail to comply with the Fisheries Act 1982, or any regulations made under the Act, except where specifically exempted by this notice.

9. The permit holder must maintain a log whilst engaged in the permitted activity which includes the date and location, number of passengers, number of hours berleying, number of sharks observed and any other relevant observations or comments. Records must be kept in a form determined by the operators association in conjunction with CSIRO Marine Research Unit and endorsed by the Minister for Environment and Heritage. A copy of the log must be provided to the relevant DEH office within 14 days of each calendar month.
