DEVELOPMENT ACT 1993, SECTION 48: DECISION BY THE DEVELOPMENT ASSESSMENT COMMISSION AS DELEGATE OF THE GOVERNOR

Preamble

1. The decision of the Governor under section 48 of the Development Act 1993, to approve the development of the Mildara Blass Winery located on the Sturt Highway, 2 km north-east of Nuriootpa in 10 stages published in the *Gazette* on 7 October 1999.

2. An amended proposal to the development of the Mildara Blass Winery was approved by the Development Assessment Commission and the decision was published in the *Gazette* on 8 June 2000.

3. A further amendment was approved by the Development Assessment Commission and the decision was published in the *Gazette* on 31 August 2000.

4. Application has now been made to the Development Assessment Commission as delegate of the Governor under section 48 of the Development Act 1993, for the approval of an advertising sign.

5. The application is for the erection of a sign constructed of steel frame and clad in powder coated dark grey galvanised steel. The dimensions of the sign are 6 500 mm long and 2 500 mm wide at one end and 2 000 mm wide at the opposite end. The sign will contain the Wolf Blass logo cut out of the stainless steel.

The sign is to be located approximately 1 m behind an existing stone wall and is within the area and ancillary to the development within the ambit of the relevant Ministerial declaration published in the *Gazette* on 26 November 1998 (see *Gazette* 28 November 1998 pp 1605-1607).

6. The Development Assessment Commission has, in considering the application, had regard to all relevant matters under section 48(5) of the Development Act 1993.

7. The Development Assessment Commission is satisfied that the proposal does not require the preparation of a further or amended Development Report.

Decision

PURSUANT to section 48 of the Development Act 1993, the Development Assessment Commission, as delegate of the Governor, grants development approval of the erection of advertising signage for the Mildara Blass Winery located on the Sturt Highway, 2 km north-east of Nuriootpa, as described in application dated 15 February 2001, subject to the following condition:

CONDITION OF APPROVAL

The development must be carried out in accordance with plans and drawings submitted as part of the application (titled Mildara Blass Main Site Signage and Drawing numbered 00.112.03/01), subject to the qualification that the planting of any eucalypts along the road reserve, as contemplated by those plans and drawings, must not restrict sight distances of vehicles entering Sturt Highway from Pipe Line Road.

Assessment Commission.

WATER RESOURCES ACT 1997

Notice of Restriction of Water Use in the Marne Catchment Area

PURSUANT to section 16 (1) of the Water Resources Act 1997, I, Mark Brindal, Minister for Water Resources, being of the opinion that the rate at which water is being taken from surface water, watercourses and from wells accessing the upper unconfined aquifer in the Murray Group Formation and the lower confined aquifer in the Renmark Beds in the area described in Schedule 1, is likely to affect the quality of water in the surface water, watercourses and those underground aquifers, and is such that there is a risk that the available water will not be sufficient to meet future demand, hereby prohibit the taking of water from surface water, watercourses and wells, subject to the exceptions specified in Schedule 2.

SCHEDULE 1

The Marne River catchment as indicated in the GRO Plan No. 172/99.

SCHEDULE 2

1. Subject to clause 2 below, a person authorised in writing by the Minister for Water Resources (the 'Minister') or delegate pursuant to the notice published in the *Government Gazette* on Thursday, 29 April 1999, page 2380 (the '1999 Notice') may take water at the same rate or volume, for the same purpose and subject to the same conditions as are endorsed on that authorisation.

2. The maximum volume of water that may be taken pursuant to clause 1 above is the volume of water that can be properly used by such extent that has been implemented or constructed as at twenty four (24) months from the date of an authorisation under the 1999 Notice of any proposal or plan of works or water use program that was tendered to the Minister or delegate and formed the basis of that authorisation.

3. Any authorisation to take water from the wells may be varied by further written authorisation issued by the Minister or delegate in accordance with the policy criteria signed by the Minister and dated 16 June 1999 and 23 September 1999, respectively (the 'Guidelines').

4. All water use involving works, structures or machinery forming part of any proposal or plan of works or water use program that was tendered to the Minister or delegate and formed the basis of an authorisation under the 1999 Notice will be metered.

5. A person who purchased land from a person authorised under the 1999 Notice or this notice may take water for use on that land at the same rate or volume, for the same purpose and subject to the same conditions as are endorsed on that authorisation unless otherwise varied by further written authorisation issued by the Minister or delegate in accordance with the Guidelines.

6. All water taken and used from surface water, watercourses and wells forming part of any proposal or plan of works or water use program that was tendered to the Minister or delegate and formed the basis of an authorisation under the 1999 Notice, shall be taken and used in a manner that does not detrimentally effect any occupier of adjoining land to take and use water for stock and domestic purposes from surface water, watercourses and wells.

7. This prohibition does not apply to the taking of water pursuant to section 7(5) of the Act for domestic purposes or watering stock (other than stock subject to intensive farming) or to taking of water for firefighting or reticulating supplies of potable water for townships in the area.
