FORESTRY ACT 1950 SECTION 3 (3): DECLARATION OF LAND TO BE FOREST RESERVE, SOUTHERN HILLS FOREST DISTRICT

Proclamation By The Governor

(L.S.) MARJORIE JACKSON-NELSON

Preamble

The following Crown land is required as forest reserve and is intended to form part of the Southern Hills Forest District:

Piece 1 of Plan No. DP 49618, Hundred of Kuitpo, County of Adelaide, accepted for deposit in the Lands Titles Registration Office at Adelaide;

Lot 1 Deposited Plan No. 49551, Hundred of Kuitpo, County of Adelaide.

Proclamation

PURSUANT to section 3 (3) of the *Forestry Act 1950* and with the advice and consent of the Executive Council, I vary the proclamation declaring a forest reserve made under the Act on 19 March 1992 (see *Gazette* 19 March 1992 p. 877), as varied, by striking out from paragraph (d) of clause 1 of the Schedule of that proclamation "Piece 2 and Lots 3, 4 and 5 of Plan No. DP 49618 accepted for deposit in the Department for Administrative and Information Services at Adelaide" and substituting "Pieces 1 and 2 and Lots 3, 4 and 5 of Plan No. DP 49618 accepted for deposit in the Lands Titles Registration Office at Adelaide, Lot 1 Deposited Plan 49551".

Given under my hand and the Public Seal of South Australia, at Adelaide, 17 October 2002.

NATIONAL PARKS AND WILDLIFE ACT 1972 SECTION 43: CONTINUATION AND ACQUISITION OF RIGHTS OF PROSPECTING AND MINING IN LAKE FROME CONSERVATION PARK

Proclamation By The Governor

(L.S.) MARJORIE JACKSON-NELSON

Preamble

The Crown land described in the schedule is, by another proclamation made on this day, constituted as a conservation park under section 30 (1) of the *National Parks and Wildlife Act 1972* and assigned the name *Lake Frome Conservation Park*.

It is intended that, by this proclamation, certain existing and future rights of entry, prospecting, exploration or mining be preserved in relation to the land constituting the conservation park.

Proclamation

PURSUANT to section 43 of the *National Parks and Wildlife Act 1972* and with the advice and consent of the Executive Council, I declare, in relation to the land in the schedule constituting the Lake Frome Conservation Park, as follows:

1. Subject to clause 3, existing rights of entry, prospecting, exploration or mining under the *Petroleum Act 2000* may continue to be exercised in respect of the land constituting the conservation park.

2. Subject to clause 3, rights of entry, prospecting, exploration or mining may, with the approval of the Minister for Mineral Resources Development and the Minister for Environment and Conservation, be acquired pursuant to the *Petroleum Act 2000* in respect of the land constituting the conservation park.

3. A person in whom rights of entry, prospecting, exploration or mining are vested pursuant to the *Petroleum Act 2000* (whether those rights were acquired before or after the making of this proclamation) must not exercise those rights in respect of the land constituting the conservation park unless the person complies with the following conditions:

- (a) no work, other than geophysical activities conducted without the use of vehicles, may be carried out on the surface of the land of the park in the exercise of those rights;
- (b) geophysical activities may only be carried out on the surface of the land of the park in the exercise of those rights with the prior written approval of the Minister for Mineral Resources Development and the Minister for Environment and Conservation and in accordance with any directions given under paragraph (e);
- (c) if work to be carried out in relation to the land of the park in the exercise of those rights is a regulated activity within the meaning of the *Petroleum Act 2000*, the person must ensure that—
 - (i) the work is not carried out until a statement of environmental objectives in relation to the activity that has been approved under that Act has also been approved by the Minister for Environment and Conservation; and
 - (ii) the work is carried out in accordance with the statement as so approved;
- (d) if any work to be carried out in relation to the land of the park in the exercise of those rights has not previously been authorised (whether under paragraph (b) or by inclusion in an approved statement of environmental objectives referred to in paragraph (c) or otherwise), the person must give at least 3 months notice of that proposed work to the Minister for Mineral Resources Development and the Minister for Environment and Conservation and supply each Minister with such information in relation to the proposed work as the Minister may require;
- (e) if directions are agreed upon by the Minister for Mineral Resources Development and the Minister for Environment and Conservation and given to the person in writing in relation to—
 - (i) carrying out work in relation to the land of the park in a manner that minimises damage to the land (including vegetation or wildlife on the land) and the environment generally; or
 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
 - (iii) rehabilitating the land (including vegetation or wildlife on the land) on completion of the work; or
 - (iv) (where the work is being carried out in exercise of rights acquired after the making of this proclamation) prohibiting or restricting access to any specified part of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,

(being directions that do not reduce or otherwise detract from any requirement in respect of any of those matters contained in an approved statement of environmental objectives referred to in paragraph (c)), the person must comply with those directions in carrying out the work;

- (f) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (g) in addition to complying with the other requirements of this proclamation, the person—
- (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and any vegetation or wildlife on the land are not unduly affected by any work; and
 - (ii) must ensure that no vehicles are used on the surface of the land and that any movement over the surface is undertaken on foot in a manner that minimises damage to the land (including vegetation or wildlife on the land); and
 - (iii) must maintain all work areas in a clean and tidy condition; and
 - (iv) must, upon the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Minister for Mineral Resources Development and the Minister for Environment and Conservation as suitable for retention) used exclusively for the purposes of that work;
- (h) if no direction has been given by the Minister for Mineral Resources Development and the Minister for Environment and Conservation under paragraph (e) (iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (c)) rehabilitate the land (including vegetation or wildlife on the land) on completion of the work to the satisfaction of the Minister for Environment and Conservation.

4. If—

- (a) the Minister for Mineral Resources Development and the Minister for Environment and Conservation cannot agree as to whether—
- (i) approval should be granted or refused under clause 2 or 3 (b); or
 - (ii) a direction should be given under clause 3 (e); or
- (b) the Minister for Environment and Conservation does not approve a statement of environmental objectives referred to in clause 3 (c),

the Governor may, with the advice and consent of the Executive Council—

- (c) grant or refuse the necessary approval under clause 2 or 3 (b); or
- (d) give a direction in writing under clause 3 (e); or
- (e) grant or refuse the necessary approval under clause 3 (c).

5. In this proclamation—

“geophysical activities”, in relation to land, means any investigation of the land by seismic, geochemical, geometric, ground magnetic, electrical, gravitational or soil sampling means (or by such other means as may be approved by the Minister for Environment and Conservation), but does not include—

- (a) exploratory drilling; or
- (b) mining; or
- (c) the construction of camps or structures; or
- (d) the laying of pipes.

DEH 09/1922

DEVELOPMENT ACT 1993, SECTION 48: DECISION BY THE DEVELOPMENT ASSESSMENT COMMISSION AS DELEGATE OF THE GOVERNOR

Varied Conditions of Development Authorisation

Preamble

1. The Governor, by a decision made on 29 January 1998 and published in the *Gazette* of that date at pages 320-321 granted development authorisation under section 48 of the Development Act 1993, for the development of a waste management facility in the form of a solid waste landfill in the area of the District Council of Mallala. That development authorisation was subject to the 9 conditions attached to the authorisation.

2. By a notice published in the *Gazette* of the same date at page 321 the Governor acting under section 48 (8) of the Development Act 1998, delegated the power under section 48 (7) of that Act to revoke or vary the conditions of that development authorisation to the Development Assessment Commission.

3. Integrated Waste Services Pty Ltd, the person having the benefit of the development authorisation has applied for the variation of the conditions of that development authorisation.

Varied Conditions

The Development Assessment Commission, pursuant to section 48 (7) of the Development Act 1993, varies the conditions of the development authorisation described in paragraph 1 of the Schedule by substituting the following conditions for the conditions attached to that authorisation:

1. The work must be carried out as shown on the plans in the application (Figures 3.1 to 3.9) and supporting documentation in the Development Application, except as varied by these conditions.

2. Subject to conditions 3, 4 and 5, all waste received for disposal at the facility must be shredded and baled.

3. Unbaled green waste or unbaled construction or demolition waste of appropriate particle sizes may be placed and compacted in any voids unavoidably occurring between bales and the inclined surface of the cells in which those bales are placed to the reasonable satisfaction of the Environment Protection Authority ('the EPA') and in accordance with any applicable requirements of a relevant environmental authorisation.

4. Waste materials received for disposal at the facility need not be shredded before baling where shredding of those materials is not required for the purpose of producing bales of a density and structural integrity that satisfy the applicable requirements of any relevant environmental authorisation.

5. Non-friable asbestos waste must not be shredded or baled but must be disposed of in accordance with the applicable requirements of any relevant environmental authorisation.

6. All perimeter plantings must be started as early as practicable after the date of this authorisation to achieve maximum amelioration of visual impacts.

7. Screening by suitable plantings where adequate natural screening is not provided, must be provided for the perimeter fence, all built structures, stockpiles and internal roads (where practicable) using suitable species in accordance with the Vegetation Management and Revegetation Plan proposed as part of the Landfill Environmental Management Plan (LEMP).

8. All firebreaks and external drainage channels must be located on the inner edge of the vegetation screen and existing stands of native vegetation. In the event that drainage channels are required to be located close to the site boundary, their redesign to form low-lying wetland/saltmarsh communities as part of the vegetation screen must be undertaken and implemented to the satisfaction of the EPA.

9. A leachate monitoring bore must be installed within each cell to assist with leachate management, particularly if leachate circulation is incorporated in the Landfill Environmental Management Plan (LEMP).

10. No Listed Waste as prescribed in Schedule 1, Part B of the Environment Protection Act 1993, other than asbestos bound in a cement matrix or otherwise treated to the requirements of the EPA, may be disposed of.

11. The proponent must pay all reasonable costs of the detailed design and construction of any public roadworks made necessary by this development. Such works may include the opening and associated left turn deceleration lane from Port Wakefield Road, and the upgrading of the entrance to balefill junction to the satisfaction of the Commissioner of Highways.

12. The proponent must seal (two coat spray seal) the internal site access road for a minimum of 520 m from the nearest residence.

13. The applicant must prepare a Vegetation Management and Revegetation Plan (which may be included in the LEMP) to the reasonable satisfaction of the Development Assessment Commission and must implement that Plan once it has been approved by the Development Assessment Commission.

NOTES TO THE APPLICANT:

1. To provide additional screening and wildlife habitat the following options could be investigated by the proponent, council, community and local landowners:

- revegetation of the road reserve along Prime Beach Road, in conjunction with the District Council of Mallala and the community;
- revegetation of the road reserve along Port Wakefield Road, in conjunction with the Department of Transport and Urban Planning (Transport SA) to further reduce views from the eastern direction;
- plantings on private property along fence lines adjoining the site, in conjunction with landowners and the community.

2. All sedimentation basins, evaporation ponds, and surface water drainage channels should be suitably located, designed and managed to ensure native vegetation (especially low-lying salt-marsh communities) is not adversely affected by construction activities or groundwater mounding and, if possible, the ecological value enhanced.

3. A comprehensive Pest Plant and Animal Management Plan must be implemented prior to landfill operations commencing, to ensure the site is free of as many pest species as possible from the onset and adequate monitoring and follow-up control should occur, as discussed in the Assessment Report.

4. Whilst not totally within the control of the proponent, monitoring and control programs to reduce the risk of disease transmission between activities in the area may ideally be prepared by adopting a district approach, in co-ordination with the Adelaide Plains Animal and Plant Control Board, Department of Primary Industries and Resources and landowners.

5. To minimise and control any onsite soil erosion (particularly of stockpiled material), a Soil Erosion and Drainage Management Plan (SEDMP) as described in the Environment Protection Agency's 'Stormwater Pollution Prevention Codes of Practice', must be prepared and approved as part of the LEMP, before the site becomes operational.

6. As part of the LEMP, a Surface Water Management Plan must be prepared by the proponent to the satisfaction of the EPA prior to receipt of any waste. The plan should address the collection and management of all on-site surface water (including any contaminated runoff originating from roadways, carparks and hardstands, the vehicle workshop or wheel washing facility) and management of all surface water flows entering the site from land external to the site, in particular to ensure their final discharge does not impact adversely on any downstream wetlands.

7. A monitoring program must be established to record levels of coastal flooding in the western section of the site and, if results indicate a significant risk, a review process be undertaken (ideally through any relevant local community consultative committee) to determine whether to proceed with Stage 9.

8. If blasting is required to remove any of the Ripon Calcrete, explosion vibration characteristics and monitoring requirements must be determined in consultation with the Environment Protection Authority and District Council of Mallala, prior to commencement.

9. The Environment Protection Agency must be provided with all additional data concerning the site geology as it becomes available, as this could necessitate minor changes to landfill design or method of operation and the installation of additional groundwater monitoring bores.

10. To enable detailed design of the proposed groundwater protection system, to determine the minimum depth at which the landfill cells should be based and to enable detailed design of the surface water management system; further investigation of groundwater levels and behaviour on the site must be undertaken prior to finalisation of the detailed design of the landfill and preparation of management plans.

11. As part of the LEMP, a detailed Groundwater and Leachate Management Plan must be prepared by the proponent to the satisfaction of the Environment Protection Authority, prior to receipt of any waste. The Plan must demonstrate how the method of hydraulic containment proposed can be practically achieved. Further hydrogeological investigations must be carried out prior to the commencement of any landfill construction in order to fully define the dewatering and groundwater disposal requirements and to provide details of how the cells can be dewatered and constructed for full hydraulic containment of leachate. In particular, monitoring of watertable levels must commence immediately after the granting of the development authorisation in order that the magnitude of seasonal fluctuations can be fully established prior to construction of the landfill. The Plan may provide for staging of leachate and groundwater management works which may be required as a result of the staging of waste disposal activities upon the site, and should include contingency measures to be implemented in the event of any failure of the leachate management system.

12. A more sustainable after-use for the site that will encourage the regeneration and rehabilitation of natural communities must be considered during future post closure planning.

13. If appropriate with the desired end use to be determined in more detail at a later stage, the entire landform may be planted with appropriate types of native vegetation cover.

14. Determination of interim and post closure land uses of the site, proposed to be undertaken in association with any relevant local community consultative committee, must be undertaken as required by the Environment Protection Authority as part of the LEMP.

ROADS (OPENING AND CLOSING) ACT 1991: SECTION 24

NOTICE OF CONFIRMATION OF ROAD PROCESS ORDER

*Reids Road, Dernancourt
 Deposited Plan 60083*

BY Road Process Order made on 8 July 2002, the City of Tea Tree Gully ordered that:

1. The whole of the public road (Reids Road) between Mahogany Avenue and the River Torrens adjoining piece 11 (reserve) in Filed Plan 40167, more particularly delineated and lettered 'A' in Preliminary Plan No. 02/0028 be closed.

2. Issue a Certificate of Title to the CITY OF TEA TREE GULLY for the whole of the land subject to closure which land is being retained by Council to merge with adjoining Council land for public purposes.

3. The following easements are granted over the road closed by this Order:

Grant to the Distribution Lessor Corporation an easement for overhead electricity supply purposes over portion of the land.

Grant to Envestra (SA) Limited an easement for gas supply purposes over portion of the land.

On 16 August 2002 that order was confirmed by the Minister for Administrative Services, conditionally on approval and deposit of the survey plan by the Registrar-General. The condition has now been fulfilled.

Pursuant to section 24(5) of the Roads (Opening and Closing) Act 1991, NOTICE of the order referred to above and its confirmation is hereby given.

Dated 17 October 2002.

P. M. KENTISH, Surveyor-General

ROADS (OPENING AND CLOSING) ACT 1991

Issue of Certificate of Title

NOTICE is hereby given pursuant to section 37 (1) of the Roads (Opening and Closing) Act 1991 that:

WHEREAS it is considered that GEORGE WARREN was entitled to a Certificate of Title over the closed road numbered '1' in Road Plan 2045B and the closed road lettered 'B' in Road Plan 2715 in exchange for portion of section 975, Hundred of Barossa, opened as road in Road Plan No. 2045A, deposited in the Office of the Surveyor-General at Adelaide *vide* notices of confirmation of road orders published in the *Government Gazette* of 6 November 1856 at page 992, 8 June 1871 at pages 860 and 861 and 4 October 1855 at page 748 (respectively):

AND whereas no Certificate of Title was issued in respect of the said closed road and the said GEORGE WARREN is believed to be dead or unknown:

AND whereas application is made by NEVILLE CHARLES EICHLER and PATRICIA EICHLER, P.O. Box 205, Lyn-doch, S.A. 5351 for the issue of a Certificate of Title over the said closed road by virtue of possession:

AND whereas I am satisfied that the applicants are in possession of the said closed road and that there is apparently no other known person entitled to possession thereof.

TAKE NOTICE that unless objection by any person claiming any interest in the said land is made in writing to me within one month from the date of this notice, I propose to issue a Certificate of Title for the said land to the said applicants.

Objections should be addressed to the Surveyor-General, Department for Administrative and Information Services, G.P.O. Box 1354, Adelaide, S.A. 5001.

Dated 17 October 2002.

Construction

2. A moveable sign displayed on a public street or road shall:

- (1) be of a kind known as an 'A' Frame or Sandwich Board sign, an 'inverted "T"' sign, or a flat sign;
- (2) be well constructed and maintained in good condition so as not to present a hazard to any member of the public;
- (3) be of strong construction so as to be stable when in position and to be able to keep its position in adverse weather conditions with no sharp or jagged edges or corners;
- (4) not be unsightly or offensive in appearance or content;
- (5) not contain flashing parts;
- (6) be constructed of timber, metal, plastic or plastic coated cardboard, or a mixture of such materials;
- (7) not be more than 1 200 mm high, 800 mm wide and 800 mm deep;
- (8) not have a display area exceeding 1 m² in total or, if the sign is two-sided, 1 m² on each side;
- (9) be stable when in position;
- (10) in the case of an 'A' Frame or Sandwich Board sign:
 - (a) be hinged or joined at the top;
 - (b) be of such construction that sides shall be securely fixed or locked in position when erected.
- (11) in the case of an 'inverted "T"' sign, contain no struts or supports that run between the display area and the base of the sign.

Position

3. A moveable sign shall only be positioned on a public street or road on the footpath area at least 500 mm from the kerb subject to the following conditions:

- (1) where there is no kerb to define the footpath, a setback of 500 mm from the edge of the carriageway is required;
- (2) in the case of a flat sign, the message of which only contains newspaper headlines and the name of a newspaper, the sign must be resting against the business to which it relates;
- (3) there must be no less than 1 200 mm distance between the sign and any structure, fixed object, tree, bush or plant (including another moveable sign);
- (4) the sign must not be placed on a sealed part of any footpath area, unless the sealed part is wide enough to contain the sign and still leave a clear thoroughfare at least 1 200 mm wide;
- (5) the sign must not be within 10 000 mm of the corner of a street or road;
- (6) the sign must be adjacent to the premises of the business to which it relates.

Restrictions

4. A moveable sign shall:

- (1) display material which advertises a business being conducted on commercial premises adjacent to the sign, or the products available from that business;
- (2) be limited to one per business;
- (3) only be displayed when the business is open;
- (4) be securely fixed in position such that it cannot be blown over or swept away;
- (5) not be in such a position or in such circumstances that the safety of any user of the street or road is at risk;
- (6) not be displayed during the hours of darkness unless it is clearly visible;
- (7) not to be displayed on a median strip, traffic island or on a carriageway of a street or road.

Exceptions

5. (1) Paragraph 3 (6) and paragraph 4 (1) do not apply to a moveable sign which is used:

- (a) to advertise a garage sale taking place from residential premises;
- (b) as a directional sign to an event run by an incorporated association or a charitable body.

(2) Paragraphs 4 (1), (2) and (3) do not apply to a flat sign, the message of which only contains newspaper headlines and the name of a newspaper.

Application

6. This by-law does not apply if:

- (1) the moveable sign is placed pursuant to an authorisation under another Act; or
- (2) the moveable sign is designed to direct people to the open inspection of any land or building that is available for purchase or lease; or
- (3) the moveable sign is related to a Local Government, State or Commonwealth election and is displayed during the period commencing on the issue of the writ or writs for the election and ending at the close of polls on polling days.

Construction

7. This by-law is subject to any Act of Parliament and regulations made thereunder.

The foregoing by-law was duly made and passed at a meeting of the Corporation of the City of Campbelltown held on 8 October 2002, by an absolute majority of the Members for the time being constituting the council, there being at least two-thirds of the members present.

CITY OF PORT AUGUSTA

Periodical Review of Elector Representation

NOTICE is hereby given that pursuant to the provisions of section 12 (9) of the Local Government Act 1999, the City of Port Augusta is to carry out a review to determine whether a change of arrangements in respect to elector representation, including ward boundaries and the composition of council, will result in the electors of the area being more adequately and fairly represented.

A report (REPA3367) entitled Elector Representation Review (2nd Stage), stated that the council's initial position was that the composition of the council should be the Mayor plus 7 members in a no ward structure. After considering public submissions on this report, the council decided at its meeting held on 9 September 2002 that the composition shall be the Mayor plus 9 members in a no ward structure.

Unfortunately, the advertisement inviting public submissions did not appear in *The Advertiser*, therefore the initial process has been deemed to have failed, and public submissions are being called for again.

The initial report (REPA3367) is again available from council's display board (adjacent to cashier's box) in the Civic Centre, the Public Library or on the council's web-site (www.portaugusta.sa.gov.au) under the button 'The Council', and sub-heading 'Council Documents'.

Interested persons are invited to make written submissions in relation to the report (REPA3367) to the Chief Executive Officer, Attention—Geoff Botten, P.O. Box 1704, Port Augusta, S.A. 5700 or by email to (jroberts@portaugusta.sa.gov.au) by the close

of business on Friday, 15 November 2002. Information regarding the nature of the periodical review can be obtained from Geoff Botten on 8641 9100 during office hours (9 a.m.-5 p.m.).

Any person who makes a written submission will be afforded an opportunity to appear before council, or a committee thereof, to be heard in respect to their submission, if so requested in their submission.

DISTRICT COUNCIL OF FRANKLIN HARBOUR

DEVELOPMENT ACT 1993

General Plan Amendment Report Prepared by the Council— Draft for Public Consultation

NOTICE is hereby given that the District Council of Franklin Harbour has, pursuant to section 24 of the Development Act 1993, prepared a draft Plan Amendment Report to amend the DC Franklin Harbour Development Plan.

The Plan Amendment Report will amend the District Council of Franklin Harbour Development Plan by:

- Inclusion of a general objective in the plan which recognises the importance of aquaculture to the district.
- Modification to the Coastal Zone policies relating to Oyster Cultivation to ensure the long-term sustainable operation of the industry and to ensure that the Development Plan is consistent with the Aquaculture Management Plan.

- The addition of policy to prevent the establishment of culture of other filter feeders including mussels in the harbour, concurrently with oyster cultivation.
- The designation of two areas as zones for the accommodation of land-based aquaculture facilities.
- The inclusion of proposals and policy in the plan for the creation of a boating channel and mooring basin to aid the operation of oyster growers.
- Extending the boundaries of the Commercial Zone and Industrial Zone to enable the expansion of the jade processing industry and other potential industries.
- Creating a zone to enable the establishment of a fish processing activity.
- Modifying the provisions of the Residential Zone and the Rural Living Zone to enable a broader range of activities to aid enterprise creation in the town.
- Making changes to the Residential Zone provisions where they relate to the effluent treatment lagoon and relocation of a fuel depot, as these statements are now not necessary.
- Including provisions in the Residential Zone concerning the ongoing viable operation of commercial bulk handling operations.
- Amalgamating the Rural and Urban Coastal Zone.
- Modifying the boundaries of the Coastal Zone to exclude the Cowell Jade motel.
- Creating a Special Use Zone to accommodate the cemetery and the landfill facility.
- Modifying the Rural Zone policies in relation to land division and establishment of housing and also to recognise the commercial bulk handling operations in the zone.
- Establishing a Commercial (Bulk Handling) Zone to define land currently occupied by AusBulk and inclusion of Bulk Handling operations as a Category 2 development. (Notification to adjacent owners only with no appeal rights).
- Adding provisions to the Coastal Zone to accommodate the possible development of the Cowell to Wallaroo ferry service enabling the creation of tourist accommodation, depot and service functions.
- Incorporating region-wide policies within the body of the Franklin Harbour Development Plan to avoid duplication of provisions.
- Adding complying types of uses in zones where those uses are envisaged as appropriate in a zone.
- Assigning public notification categories for most zones.

Copies of the draft Plan Amendment Report will be available for public inspection and purchase during normal office hours at the Council Office, Main Street, Cowell.

The draft Plan Amendment Report will be on display from Monday, 21 October 2002 until Monday, 23 December 2002.

Written submissions regarding the draft Plan Amendment Report should be submitted no later than 5 p.m. on Monday, 23 December 2002. All submissions should be addressed to Bruce Francis, District Clerk, District Council of Franklin Harbour, P.O. Box 71, Cowell, S.A. 5602 and should clearly indicate whether you wish to be heard in support of your submission.

Copies of all submissions will be available for inspection by interested persons at the District Council of Franklin Harbour offices, Main Street, Cowell from 2 January 2003.

A public hearing will be held on Wednesday, 15 January 2003 at the Council Offices, Main Street, Cowell at which time interested persons may appear to be heard in relation to the draft Plan Amendment Report and the submissions. The public hearing will not be held if no submissions are received or if no submission makes a request to be heard.

Dated 17 October 2002.
