**ELECTRICITY ACT 1996**  
**TXU ELECTRICITY LIMITED**

*Default Contract Terms and Conditions Applicable from 3 March 2003*

**PREAMBLE**

*Please note: This contract is about the sale of electricity to you as a customer at your current supply address (but only if this contract is expressed to apply to you in relation to that supply address). It does not deal with how that electricity is supplied to your supply address. You have a separate contract with your distributor dealing with the connection of your supply address to the distribution network and the supply of electricity to your supply address.*

*These standard terms and conditions are published in accordance with section 36 of the South Australian Electricity Act 1996 and will come into operation on 3 March 2003.*

*When in force these standard terms and conditions will by law be binding on us and any customer to whom they are expressed to apply without the need for us or that customer to sign a document containing these terms and conditions.*

**1. THE PARTIES**

This contract is between:

TXU Electricity Limited (ABN 91 064 651 118), Level 33, 385 Bourke Street, Melbourne, Victoria (in this *customer sale contract* referred to as “we”, “our” or “us”); and

You, the *customer* to whom this *customer sale contract* is expressed to apply (in this *customer sale contract* referred to as “you” or “your”).

**2. DEFINITIONS**

Words appearing in italic type like *this* are defined in Schedule 1 to this contract.

**3. DO THESE TERMS AND CONDITIONS APPLY TO YOU?**

**3.1** *These are our standard customer sale contract and default customer sale contract terms and conditions*

This document sets out our current *standard customer sale contract* terms and conditions for the purposes of our *standing offer* under section 36AA of the Act and our current *default customer sale contract* terms and conditions for the purposes of section 36AB of the Act.

**3.2** *Standard customer sale contracts as at 1 January 2003*

These terms and conditions will apply to you under our *standing offer* (and as a consequence you will be deemed by section 36 of the Act to have a *standard customer sale contract* with us) if you:

- (a) are a *small customer* in relation to your *supply address* as at 1 January 2003;
- (b) purchased electricity from us at that *supply address* immediately prior to 1 January 2003; and
- (c) have not entered into a *market contract* with us or another *retailer* for the purchase of electricity for that *supply address* from 1 January 2003.

**3.3** *Standard customer sale contracts after 1 January 2003*

These terms and conditions will also apply to you (and as a consequence you will be deemed by section 36 of the Act to have a *standard customer sale contract* with us) if you are a *small customer* in relation to your *supply address* and you choose after 1 January 2003 to accept our *standing offer* for the purchase of electricity at your *supply address*.

**3.4** *Default contracts*

Otherwise, these terms and conditions will only apply to you (and as a consequence you will be deemed by section 36 of the Act to have a *default customer sale contract* with us) if:

- (a) you are a *small customer* in relation to your *supply address*;
- (b) you commence to take a *supply* of electricity at that *supply address* after 1 January 2003 without first entering into a *customer sale contract* for that *supply address* with us or another *retailer*; and
- (c) we were the last retailer to have a contract with a *customer* for the sale of electricity for that *supply address*.

#### 4. WHAT IS THE TERM OF THIS CONTRACT?

##### 4.1 *When does this contract start?*

If clause 3.2 applies, your contract with us will start on 1 January 2003 and will replace and bring to an end your current *standard customer sale contract* with us for your *supply address*.

Otherwise, your contract with us for your *supply address* will start:

- (a) where clause 3.3 applies, on the later of:
  - (i) the day on which you accept our *standing offer* and satisfy any relevant pre-conditions;
  - (ii) the day on which any cooling-off period for your *customer sale contract* expires; or
  - (iii) if you are transferring to us from another *retailer*, the day on which that transfer is completed; or
- (b) where clause 3.4 applies, when you first start using electricity at that *supply address*.

##### 4.2 *When does this contract end?*

Subject to clause 4.3, your contract will end:

- (a) if you have a *standard customer sale contract* with us under our *standing offer*, three *business days* after we receive a notice from you terminating that contract;
- (b) when we enter into a different *customer sale contract* with you for the sale of electricity to you at your *supply address*; or
- (c) if you have a *default customer sale contract*, when:
  - (i) you enter into a different *customer sale contract* with us or another *retailer* for your *supply address*; or
  - (ii) another *customer* enters into a *customer sale contract* with us or another *retailer* for that *supply address*;
- (d) if you have vacated or intend to vacate your *supply address*, on the day you cease to be responsible to pay for electricity supplied to that *supply address* under clause 18; or
- (e) on the day after you cease to have the right under the *retail code* to have your *supply address* reconnected following disconnection in accordance with clause 17.

##### 4.3 *Your contract can not end until certain conditions are satisfied*

Despite clause 4.2, if you are not vacating your *supply address*, the termination of your *customer sale contract* under clause 4.2 (a) will not be effective until the later of:

- (a) the date upon which a new *customer sale contract* with us for that *supply address* commences; or
- (b) the date on which a different *retailer* becomes financially responsible to pay *NEMMCO* for electricity used at the *supply address*.

##### 4.4 *Rights on the contract ending*

The ending of this contract does not affect any rights or obligations which have accrued under this contract prior to that time.

#### 5. COOLING-OFF

- (a) You have a right to rescind this *customer sale contract* within a period of ten *business days* commencing on and including the day on which we provide you with the written disclosure statement which outlines important information about this *customer sale contract*.
- (b) This clause 5 does not apply if you entered into this *customer sale contract* with us on 1 January 2003 in accordance with clause 3.2 of this contract or if you are a *default customer*.

#### 6. SCOPE OF THIS CONTRACT

##### 6.1 *What is covered by this contract?*

This contract applies only to the sale of electricity to you at your *supply address*.

We agree to sell to you electricity supplied to your *supply address* (by your *distributor*) and perform the other obligations set out in this contract.

In return, you are required to pay the amount billed by us under clause 11 of this contract, and perform your other obligations under this contract.

6.2 *What is not covered by this contract*

We do not operate the electricity network to which your *supply address* is connected. This is the role of your *distributor*.

You have a separate *connection and supply contract* with your *distributor*.

Your *distributor* is responsible for:

- (a) the connection of your *supply address* to the electricity network;
- (b) the maintenance of that connection;
- (c) the *supply* of electricity to your *supply address*; and
- (d) the quality and other characteristics of electricity.

Unless you negotiate a different arrangement with your *distributor*, your *connection and supply contract* will automatically come into place by operation of law.

6.3 *Quality of electricity supplied to your supply address*

We cannot regulate the quality or reliability of electricity supplied to your *supply address*. You should also be aware that electricity suffers fluctuations and interruptions from time to time for a number of reasons, including:

- (a) the location of the *supply address*;
- (b) whether your *supply address* is served by underground or overhead mains;
- (c) the weather conditions;
- (d) animals, vegetation, the actions of vandals and other people;
- (e) the existence of emergency or dangerous conditions;
- (f) damage to an electricity network;
- (g) the design and technical limitations of the electricity network; and
- (h) the demand for electricity at any point in time.

You should understand that unexpected fluctuations or interruptions may cause damage to your equipment or cause it to malfunction. We recommend that you give careful consideration to taking out insurance or installing devices to protect your equipment and property when these fluctuations or interruptions do occur.

7. **YOU MUST SATISFY OUR PRE-CONDITIONS (IF ANY)**

7.1 *Application*

When you apply for an account with us for the sale of electricity at your *supply address*, we may require you to satisfy some pre-conditions, which are set out in the *Electricity Retail Code*. We will explain any pre-conditions that may apply to you when you apply for an account with us.

7.2 *Connection*

In particular, if:

- (a) your *supply address* is not already connected to an electricity network; or
- (b) your existing connection or associated equipment requires modification or upgrading,

you will need to make arrangements with your *distributor* about your connection. In some cases, we can arrange for these things on your behalf.

8. **OUR LIABILITY**

8.1 *How this clause operates with the Trade Practices Act etc.*

The Trade Practices Act 1974 (Cth) and other laws imply certain conditions, warranties and rights into contracts that cannot be excluded or limited.

Unless one of these laws requires it, we give no condition, warranty or undertaking, and we make no representation to you about the condition or suitability of electricity, its quality, fitness or safety, other than those set out in this contract.

Any liability we have to you under these laws that cannot be excluded but that can be limited is (at our option) limited to:

- (a) providing equivalent goods or services provided under this contract to your *supply address*; or
- (b) paying you the cost of replacing the goods or services provided under this contract to your *supply address*, or acquiring equivalent goods or services.

#### 8.2 *Not liable*

So far as the law allows, we are not liable for any loss or damage you suffer (whether due to negligence or otherwise), because of the electricity we sell to you under this contract.

In particular, we are not liable for any loss or damage you may suffer because:

- (a) there is a failure of electricity *supply*, or there is a defect in the electricity supplied (however caused); or
- (b) some characteristic of the electricity (for example, voltage or frequency) makes it unsuitable for some purpose.

#### 8.3 *National Electricity Law*

This clause 8 applies in addition to, and does not vary or exclude, the operation of section 78 of the National Electricity Law.

#### 8.4 *Survival of this clause*

This clause 8 survives the termination of this *customer sale contract*.

### 9. **APPOINTMENTS**

We will do our best to be on time for any appointment with you. Unless due to circumstances beyond our reasonable control, if we are more than 15 minutes late we will credit your next bill with \$20 (including GST) and phone you to apologise.

### 10. **PRICE FOR ELECTRICITY AND OTHER SERVICES**

#### 10.1 *What are our tariffs and charges?*

- (a) Our current tariffs and charges for the electricity and other services are set out in the *price list*. Some of the tariffs and charges are regulated by law.
- (b) Our tariffs or charges will be stated as a single amount, including the amounts due to your *distributor* under your *supply and connection contract* for *prescribed distribution services*. Any other amounts relating to the sale of electricity to you, including special meter readings, street lighting, account application fees and fixed charges for special purpose electricity sales will be separately itemised on your bill.
- (c) At your request, we must provide you with reasonable information setting out the components of the charges which appear on a bill.

#### 10.2 *Which tariff applies to you?*

- (a) Our *price list* explains the conditions that need to be satisfied for each tariff and charge.
- (b) In some cases, you will be able to select a tariff to apply to you. In those cases, if you do not choose a tariff, we will assign one to you.

#### 10.3 *Variations to the customer's tariffs and charges*

- (a) We may vary our tariffs and charges by giving you at least 20 *business days'* prior notice in writing.
- (b) If the conditions applying to our tariffs and charges change so that your previous tariff and charges no longer apply to you at your *supply address*, we can decide which tariffs and charges will apply.

#### 10.4 *Switching tariffs*

You must tell us if your circumstances relating to your eligibility for a tariff or charge change. If you think you satisfy all of the conditions applying to another tariff or charge, you can ask us to review your current circumstances to see whether that tariff or charge can apply to you.

#### 10.5 *Changes to the tariff rates and charges during a billing cycle*

If a tariff rate or charge applying to you changes during a *billing cycle*, your bill for that *billing cycle* will be calculated on a pro-rata basis using:

- (a) the old tariff or charge up to and including the date of change; and
- (b) the new tariff or charge from that date to the end of the *billing cycle*.

#### 10.6 *Changes to the tariff type during a billing cycle*

If the type of tariff or charge applying to you changes during a *billing cycle*, your bill for that *billing cycle* will be calculated using:

- (a) the old tariff or charge up to and including the date of change; and
- (b) the new tariff or charge from that date to the end of the *billing cycle*.

#### 10.7 *Pass through of taxes and other charges*

In some cases we can pass through to you certain taxes and other charges in accordance with *applicable regulatory instruments*. We can do this by either changing the tariffs and charges, or including the amount as a separate item in your bill.

#### 10.8 *GST*

Certain amounts in this contract are (or will be) stated to be inclusive of GST.

These are:

- (a) the amounts specified in our *price list* from time to time; and
- (b) the amount specified in clause 9.

Apart from these amounts, there may be other amounts paid by you or by us under this contract that are payments for "taxable supplies" as defined for GST purposes. To the extent permitted by law, these other payments will be increased so that the GST payable on the taxable supply is passed on to the recipient of that taxable supply.

Any adjustments for GST under this clause will be made in accordance with the requirements of the *Trade Practices Act 1974*.

### 11. **BILLING**

#### 11.1 *When bills are sent*

We will send a bill to you as soon as possible after the end of each *billing cycle*.

#### 11.2 *Payments to the distributor*

We will arrange for one bill to be sent to you for each *billing cycle* covering tariffs and charges due to us and those tariffs and charges due to your *distributor* under your *connection and supply contract*. We will arrange for payment to the *distributor*.

#### 11.3 *Calculating the bill*

We will calculate at the end of each *billing cycle*:

- (a) the bill for electricity sold during that *billing cycle* (using information obtained from reading your meter or using an approved estimating system); and
- (b) the amount for any other services supplied under this contract during the *billing cycle*.

The bill will also include amounts due to the *distributor* under your *connection and supply contract*.

#### 11.4 *Estimating the electricity usage*

- (a) If there is an approved estimating system or your meter is unable to be read for any reason (for example, if access to the meter cannot be gained, or the meter breaks down or is faulty), the amount of electricity which was purchased from us at your *supply address* may be estimated by using other information (such as your previous bills or your electricity usage history).
- (b) When your meter is subsequently read, the bill will be adjusted for the difference between the estimate and the actual amount of electricity used, based on the reading of the meter.
- (c) If the meter is unable to be read due to your actions, we can bill you the charge in the *price list* for returning to your *supply address* to read the meter.

### 11.5 *How bills are issued*

We must send a bill:

- (a) to you at the address or email address nominated by you; or
- (b) to a person authorised in writing by you to act on your behalf at the address specified by you.

### 11.6 *Contents of a bill*

The bill will be in a form and contain such information as is required by the *Electricity Retail Code*.

## 12. **PAYING YOUR BILL**

### 12.1 *What you have to pay*

You must pay to us the amount shown on each bill by the date shown on the bill as the date for payment.

### 12.2 *How the bill is paid*

You can pay the bill using any of the payment methods listed on the bill. If a payment you make is dishonoured (e.g. where a cheque or credit card payment is not honoured), and we incur a cost as a result, you must reimburse us that cost.

### 12.3 *Late payments*

- (a) If you do not pay your bill on time, we may require you to pay our reasonable costs of recovering that amount from you. If you are a *business customer*, you may also be required to pay interest on the outstanding amount as set out in the *price list*.
- (b) This clause does not affect our right to arrange for your *supply address* to be disconnected under clause 16 of this contract.

### 12.4 *Difficulties in paying*

- (a) If you have difficulties paying your bill, you should contact us as soon as possible. We will provide you with information about various payment options and, where applicable, payment assistance, in accordance with the *Electricity Retail Code*.
- (b) We are required by the *Electricity Retail Code* to identify situations where you may be experiencing difficulties in paying your bill. In such cases, we will provide you with information about various payment options and, where applicable, payment assistance, in accordance with the *Electricity Retail Code*.

## 13. **METER**

You must allow safe and convenient access to your *supply address* for the purposes of reading the meter.

## 14. **OVERCHARGING AND UNDERCHARGING**

### 14.1 *Undercharging*

- (a) We may recover from you any amount you have been undercharged.
- (b) Where you have been undercharged as a result of our error or the *distributor's* error, we can only recover the amount undercharged in the 12 months prior to your last bill. You may ask us to allow you to pay this amount in instalments over the same period of time during which you were undercharged.

### 14.2 *Overcharging*

Where you have been overcharged, we must tell you and follow the procedures set out in the *Electricity Retail Code* for repaying the money. Where the amount overcharged is \$100 or less, and you have already paid that amount, the amount will be credited to your next bill. Where the amount overcharged is more than \$100, and you have already paid that amount, we must repay the amount to you or to another person, as directed by you.

### 14.3 *Reviewing your bill*

If you disagree with the amount you have been charged, you can ask us to review your bill. The review will be undertaken in accordance with the requirements of the *Electricity Retail Code*.

If your bill is being reviewed, you are still required to pay the greater of:

- (a) the portion of the bill which you do not dispute; or
- (b) an amount equal to the average of your bills in the last 12 months.

You must also pay any future bills.

## 15. SECURITY DEPOSITS

### 15.1 *Interest on security deposits*

Where you have paid a security deposit, we must pay you interest on the deposit at a rate and on terms required by the *Electricity Retail Code*.

### 15.2 *Use of a security deposit*

We may use your *security deposit*, and any interest earned on the *security deposit*, to offset any amount you owe under this contract or under your *connection and supply contract* with your *distributor*:

- (a) if you fail to pay a bill and, as a result, we arrange for the disconnection of your *supply address*; or
- (b) in relation to a final bill (i.e. the bill we issue when you stop buying electricity from us at your *supply address*).

### 15.3 *Business customers*

If you are purchasing electricity for business use, we may request that you increase the amount of your *security deposit* in accordance with the *Electricity Retail Code*.

## 16. DISCONNECTION OF SUPPLY

### 16.1 *When can we arrange for disconnection?*

Subject to us satisfying the requirements in the *Electricity Retail Code*, we can arrange for the disconnection of your *supply address* if:

- (a) you do not pay your bill by the last day for payment and, in the case of *residential customers*, you refuse to agree to an instalment plan or payment option offered by us;
- (b) you fail to comply with the terms of an agreed instalment plan or payment option;
- (c) you use electricity illegally or breach clause 19 of this contract;
- (d) we are otherwise entitled or required to do so under the *Electricity Retail Code* or by law.

You should be aware that there are other circumstances in which your *distributor* can arrange for disconnection under your *connection and supply contract*, such as in cases of emergency or for safety reasons. These are detailed in your *connection and supply contract*.

### 16.2 *Comply with the Electricity Retail Code*

We must comply with the provisions of the *Electricity Retail Code* (such as giving you the required notices and warnings) before arranging for the disconnection of your *supply address*.

## 17. RECONNECTION AFTER DISCONNECTION

If you request us to arrange reconnection of your *supply address* and you pay to us all of our and the *distributor's* reconnection charges in advance, we will arrange for the reconnection of your *supply address*. We may refuse to arrange reconnection and terminate your *customer sale contract* if we are allowed to do so under the *Electricity Retail Code* (such as where the circumstances leading to your disconnection have not been fixed within a period of 10 *business days* after the date on which you were disconnected).

## 18. VACATING A SUPPLY ADDRESS

You must give us at least 3 *business days'* notice of your intention to vacate your *supply address*, together with a forwarding address for your final bill.

When we receive the notice, we must use our best endeavours to arrange that the meter is read on the date specified in your notice (or as soon as possible after that date if you do not provide access to your meter on that date) and send a final bill to you at the forwarding address stated in your notice. If you do not provide the required notice, or if you do not provide access to your meter, you will be responsible for all electricity purchased at the *supply address* until:

- (a) we become aware that you have vacated your *supply address* and your meter has been read;

- (b) you give us the required notice; or
- (c) someone else commences to purchase electricity from us or another *retailer* for that *supply address*.

## 19. USE OF ELECTRICITY AND ILLEGAL USE

### 19.1 *Use of electricity*

You must not:

- (a) allow electricity purchased from us to be used other than at the *supply address* and in accordance with this contract or the *Electricity Retail Code*;
- (b) use at the *supply address* electricity purchased for use at another address;
- (c) sell electricity to any other person except in accordance with a licence issued by the *Commission* or with an exemption granted under the *Act*;
- (d) tamper with, or permit tampering with, the meter or associated equipment;
- (e) allow electricity supplied to the *supply address* to bypass the meter;
- (f) give us false information about which tariffs and charges should apply to you; or
- (g) use electricity sold under a specific tariff to be used for a purpose other than as contemplated by that tariff.

### 19.2 *Illegal use*

If you have breached clause 19.1 of this contract, we may, in accordance with the *Electricity Retail Code*:

- (a) estimate the amount of the electricity so obtained and bill you for that amount;
- (b) recover that amount from you, as well as costs and interest; and
- (c) request your *distributor* to disconnect your *supply address* immediately.

## 20. INFORMATION WE NEED

You must provide us with all information we reasonably require for the purposes of this contract. All information must be correct. We have rights under the *Act* and the *Electricity Retail Code* if information you provide is incorrect. You must tell us if information you have provided to us changes (for example, if your address changes, or the purpose for which you are buying electricity changes).

## 21. WE CAN AMEND THIS CONTRACT

We can amend our contract with you at any time in accordance with the *Act*, provided the amendments satisfy the requirements of the *Electricity Retail Code*, any special conditions to this contract and our licence. Any amendment will take effect from the date referred to in the *Gazette*.

## 22. NOTICES

Unless this document or the *Electricity Retail Code* says otherwise (for example, where phone calls are allowed), all notices must be sent in writing. We can send to you notices at the address at which you buy electricity from us or the most recent address that we have for you. If a notice is sent by post, we can assume that you have received the notice on the second business day after it was sent.

## 23. PRIVACY AND CONFIDENTIALITY

### 23.1 *Privacy of information*

Subject to clause 23.2 of this contract we must keep your information about you confidential.

### 23.2 *Disclosure*

We may, however, disclose information about you:

- (a) if required by law to do so;
- (b) if we are required or permitted by our licence to do so, such as to a law enforcement agency;
- (c) where you give us written consent; or
- (d) to your *distributor* or a metering provider to the extent that information is for the purposes of arranging connection, disconnection, reconnection, testing of a meter and billing.

**24. QUERIES AND COMPLAINTS**

**25. FORCE MAJEURE**

- (a) If but for this clause 25, either party would breach this contract due to the occurrence of a *force majeure event*:
- (i) the obligations of the party under this contract, other than any obligation to pay money, are suspended to the extent to which they are affected by the *force majeure event* for so long as the *force majeure event* continues; and
  - (ii) the affected party must give the other prompt notice of that fact including full particulars of the *force majeure event*, an estimate of its likely duration, the obligations affected by it and the extent of its effects on those obligations and the steps taken to remove, overcome or minimise those effects.
- (b) For the purposes of this clause, if the effects of a *force majeure event* are widespread we will be deemed to have given you prompt notice if we make the necessary information available by way of a 24 hour telephone service within 30 minutes of being advised of the *force majeure event* or otherwise as soon as practicable.
- (c) Either party relying on this clause by claiming a *force majeure event* must use its best endeavours to remove, overcome or minimize the effects of that *force majeure event* as quickly as practicable.
