A Waste Management Plan to cater for the existing marina facilities and the boating hub area that incorporates the findings of the Marine Wastes Reception Facilities Needs Analysis—Site Needs Analysis for the Marina Hindmarsh Island (2000) prepared by Sinclair Knight Merz for the Marine Group of Environment Australia (Commonwealth Government) must be prepared and submitted to Planning SA (a branch of the Department for Transport, Urban Planning and the Arts) by 30 June 2001. The waste management plan must detail the different waste streams generated, outline any opportunities for recycling, and allocate responsibilities for the collection and disposal of waste and recyclable materials. The Waste Management Plan must be prepared in consultation with the Environment Protection Agency (a branch of the Department for Environment and Heritage) and the Alexandrina Council.

- (a) the Soil Erosion and Drainage Management Plan referred to in Condition 3;
- (b) the Waste Management Plan referred to in Condition 13; and
- (c) the salinity monitoring program referred to in Condition 14.

In respect of Conditions 3 and 13, the boating hub area means the following elements of the approved development as depicted on the drawing entitled Part Site Plan, Project No. 86-1512K Sheet No. P2D dated 7 April 2003 in the letter from The Marina Hindmarsh Island to the Assessment Branch, Planning SA dated 7 April 2003:

For the purposes of section 48 (7) of the Development Act 1993, I specify water quality, stormwater management and waste management to be matters in relation to which the Governor may vary, revoke or attach new conditions.

NOTES:

1. Although the general concept of each of the following elements as amended is considered acceptable, no development approval is hereby granted for:

- the division of the land comprised in proposed allotments numbered 1272 to 1677 inclusive as depicted on the drawing entitled 'The Marina Hindmarsh Island—Stages 6 and 8 Lagoon Residential Area' in the letter from The Marina Hindmarsh Island to the Assessment Branch, Planning SA dated 8 May 2003;

These elements will require the approval of an amendment of the development hereby approved. Detailed plans and, except in relation to the land division, elevations of each of these elements will be required for assessment.

2. A common building scheme encumbrance or equivalent device for development on residential allotments with similar terms to the current Memorandum of Encumbrance between Kebaro Pty Ltd and purchasers of allotments in Stages 1 and 2 should be made with purchasers for each further Stage to ensure compliance with consistent design standards.
