Upper Trim Point is the upper trim point specified in the fifth column of Table 3 in this Schedule for the AR-DRG applicable to the patient.

5—Fee for rehabilitation or maintenance care

Despite clauses 3 and 4, the fee to be charged by a recognised hospital for a period of treatment, care and accommodation of an admitted patient where the treatment and care consists of rehabilitation or maintenance care must be calculated as follows:

$$\text{Fee} = \text{Price} \times \text{LOS}$$

where—

- (a) the **Price** is the fee specified in the fourth column of Table 2 in this Schedule for the patient classification (public or private), type of treatment or care and (where applicable) the basis on which it is provided specified in the first, second and third columns of the Table; and

- (b) the **LOS** (length of stay) means the number of hours (rounded to the nearest hour) between—
- (i) the admission of the patient to the hospital or, where the patient receives maintenance care, the commencement of maintenance care, whichever is the later; and
 - (ii) the discharge of the patient from the hospital,
- excluding any leave hours (rounded to the nearest hour) for the patient during that period, expressed as a figure in days (including parts of days) and rounded up to the nearest whole day.

6—Medical or diagnostic services not included in fees for private patients

In the case of a private patient, a fee determined in accordance with this Schedule does not include a fee for the cost of medical or diagnostic services provided by a medical practitioner selected by the patient.

7—Retrieval fee (admitted patients)

Where a retrieval team provided by a recognised hospital monitors and treats a seriously ill or seriously injured admitted patient of that or any other recognised hospital during the transportation of the patient to the hospital or to another facility of the hospital, the fee to be charged by the recognised hospital providing the retrieval team is as follows:

Provision of retrieval team

\$1 475

8—Transportation fee

- (1) Where, in addition to providing a service referred to in this Schedule, a recognised hospital transports, or arranges for the transportation of, a patient to or from (or between different facilities of) the hospital, the hospital may charge an additional fee equal to the cost to the hospital of providing, or arranging for the provision of, that transportation.
- (2) Subclause (1) does not apply to the transportation of a patient with a retrieval team provided by the hospital.
