AQUACULTURE (ZONES—PORT NEILL) POLICY 2008

Draft Aquaculture Policy—Call for Submissions

PURSUANT to section 12 of the Aquaculture Act 2001, notice is hereby given that the Minister for Agriculture, Food and Fisheries has released the draft Aquaculture (Zones—Port Neill) Policy 2008, for public consultation. This policy has been developed in accordance with the provisions of Part 4 of the Aquaculture Act 2001.

With the introduction of the Aquaculture Act 2001, there is an opportunity to develop planning practices that better reflect the needs of the aquaculture industry, Government and the community in South Australia.

The Aquaculture (Zones—Port Neill) Policy 2008, proposes making available a maximum 565 hectares of lease area for aquaculture in the coastal waters around Port Neill, including the farming of finfish and mollusc aquaculture, including abalone and algae farming. A small proportion of this area is set aside for research and training purposes and for the farming of tuna broodstock. The policy proposes an aquaculture exclusion zone around the Port Neill township, Cowleys Beach, Lipson Island Conservation Park and two shipwrecks in the area.

Section 29 of the Development Act 1993, enables the Minister for Urban Development and Planning to amend a development plan in accordance with an approved aquaculture policy under the Aquaculture Act 2001.

It is proposed to amend the Land Not Within A Council Area (Coastal Waters) Development Plan subject to the approval of the Aquaculture (Zones—Port Neill) Policy 2008, by establishing one new aquaculture zone with associated Objectives and Principles of Development Control.

The draft policy and policy report will be available as at Friday, 21 December 2007 from PIRSA Aquaculture, 14th Floor, 25 Grenfell Street, (G.P.O. Box 1625), Adelaide, S.A. 5001, on the internet at www.pir.sa.gov.au/aquaculture, by telephoning (08) 8226 0314 or by faxing (08) 8226 0330.

REPORT RELATING TO DETERMINATION NO. 9 OF 2007

1. *Introduction*

1.1 In accordance with the provisions of the Remuneration Act 1990, the Remuneration Tribunal by letters dated 15 October 2007, invited those members of the judiciary and statutory office holders whose offices are listed under section 13 of the Act, as well as those covered by relevant sections of the Fair Work Act 1994, to make submissions in relation to the remuneration of members of the judiciary and those office holders. The Tribunal also invited the Minister to make submissions in the public interest.

1.2 On 24 October 2007, the following notice was published in *The Advertiser* newspaper.

REMUNERATION TRIBUNAL

Review of Remuneration for Members of the Judiciary and other Statutory Officers

Section 8 (2) of the Remuneration Act 1990, requires the Tribunal to sit at least once a year to review its previous determinations. Accordingly, the Tribunal is conducting a review of the salaries payable to members of the Judiciary and other Statutory Officers.

Interested persons, organisations and associations are invited to submit in writing any views they consider should be taken into account in the above review.

The closing date is Wednesday, 7 November 2007 and submissions should be forwarded to:

The Secretary
Remuneration Tribunal
G.P.O. Box 2343
Adelaide, S.A. 5001

or alternatively submissions can be forwarded via the Tribunal's website:

2. Submissions

2.1 The Tribunal received written submissions from:

- Justice Bleby, Chair of the Judicial Remuneration Coordinating Committee (JRCC), on behalf of all the Justices and Masters of the Supreme Court, the Judges and Masters of the District Court, the Judges of the Industrial Relations Court, Stipendiary and Industrial Magistrates, the lay Deputy Presidents and Commissioners of the Industrial Relations Commission, the Commissioners of the Environment Resources and Development Court, the State Coroner and the Deputy State Coroner.
- Mr David Prendergast on behalf of the Minister in the public interest; and
- A member of the public.

2.2 The Tribunal convened a hearing on the 21 November 2007 to hear oral submissions. The following attended and made submissions as appropriate:

- Justice Bleby and Mr Mark Johns on behalf of the JRCC; and
- Mr David Prendergast and Ms Anne Colbert on behalf of the Minister, in the public interest.

2.3 In summary, the JRCC submissions discussed what it saw as the key issues supporting its claim that the salary of the Puisne Judge of the South Australian Supreme Court should exceed, or at least be equal to, those of its Federal and interstate counterparts (e.g. Federal Court Judges). These issues included:

- other jurisdictions pay loadings for Appellate responsibilities. South Australian Appeal Courts have the same, or higher, levels of responsibilities than these Appeals Courts;
- other jurisdictions are not constrained by the 85 per cent relativity with High Court Judge's remuneration;
- concerns expressed in previous years submissions regarding recruitment and retention of Judicial Officers in South Australia;
- salary related benefits are more generous in other jurisdictions and given the Government's reluctance to amend these entitlements it is the Tribunal's duty to address the perceived interstate remuneration deficiencies;
- the proposed operative date for any determined increase in salaries, which it was submitted should be 1 July of the relevant year to align South Australia with the Federal Courts and the majority of other State and Territory jurisdictions.

2.4 The JRCC also submitted that further consideration must be given to the judicial officers within the District Court, as it is the only jurisdiction that does not maintain relativity with Supreme Court Judges of 90 per cent. A later submission advised that this was incorrect as a Judge of the Victorian County Court receives 86.64 per cent of the salary of a Puisne Judge of the Victorian Supreme Court. Furthermore, it claimed that the District Court Judicial Officers had experienced increased responsibility and work levels as a result of legislation being amended to increase penalties of certain crime (e.g. Criminal trespass), which meant these crimes, had now moved from the Magistrate Court jurisdiction to that of the District Court. At the request of the Tribunal Justice Bleby provided the Tribunal with more specific material in support of this claim. The Tribunal met with the Chief Justice and the Chief Judge of the District Court who both supported the JRCC submission. In response the Minister reminded the Tribunal of its responsibilities that changes in work value needed to be significant to warrant any change in remuneration. The Tribunal has decided to defer consideration of this issue until early in 2008.

2.5 The JRCC also made submissions seeking the introduction of a communication allowance to compensate Judicial Officers for the use of mobile phones and the Internet. It was submitted that Judicial Officers require such communication tools (such as high-speed broadband) to be more efficient in their jobs. The JRCC proposed a monthly communications allowance that could be annually indexed using the Australian Bureau of Statistics telecommunications data.

2.6 Mr Prendergast presented submissions on behalf of the Minister. He discussed relevant factors that the Tribunal has previously considered when making judicial determinations, including comparison of State, Territory and Federal judicial salaries; South Australia's economic circumstances and particular note of the extent to which judicial salaries have moved significantly ahead of the average weekly earning and CPI data in South Australia. He submitted that, 'the Tribunal should continue to have regard to these factors, but with an emphasis on the economic factors and indicators applicable to South Australia'.

2.7 The submission also addressed the date of operation. The Minister submitted that there were no grounds for departing from the current practice of determining the operative date of any increase to be from 1 November 2007.

3. Comparison of Federal, State and Territory Judicial Salaries

3.1 As in previous reviews the Tribunal examined the Federal and other State and Territory judicial salaries relevant to the office of Puisne Judge.

3.2 The Tribunal is advised that the present relevant judicial salaries (for the Puisne Judges in States and Territories) are as follows:

Court/State/Territory	Salary \$	Operative Date
Queensland.....	319 900	1.7.07
Commonwealth—Federal and Family Court.....	319 900	1.7.07
Australian Capital Territory.....	319 900	1.7.07
Victoria—Supreme Court.....	319 900	1.7.07
New South Wales.....	319 880	1.10.07
Northern Territory.....	319 900	1.7.07
Western Australia.....	314 045	1.1.07
Tasmania.....	313 660	1.7.07
South Australia.....	306 070	1.11.06

3.3 The Tribunal is aware that Western Australia is currently conducting its annual review of judicial remuneration.

4. Attraction and Retention Factors

4.1 Attraction and retention factors were again highlighted by the JRCC and referral was made to its previous submissions of 2004, 2005 and 2006. The JRCC submitted a table providing the movements between the State and Federal jurisdictions since the creation of the Federal Court to demonstrate its point that movement from the South Australian judiciary to other judiciaries is much greater than any other jurisdiction in Australia.

4.2 The Minister submitted that he did not consider attraction and retention, as a relevant factor for the South Australian judiciary pointing out that the movements mentioned above, being four in total since 1976, was not a significant number.

5. South Australian Economic Circumstances

5.1 As stated earlier, the submission from the Minister stated, 'While it may be appropriate for the Tribunal to have some regard to the salary levels of Federal Judicial Officers, the Minister respectfully submits that the Tribunal should place greater emphasis on economic indicators applicable to South Australia'. In doing so the Minister provided the following statistical data:

- The Adelaide Consumer Price Index between the September quarter 2006 and the September quarter 2007 increased by 1.4 per cent;

- through the year to the September quarter 2007, wages growth as measured by growth in hourly rates of pay in South Australia was 4.8 per cent;
- since 1998 judicial salaries have risen almost twice as fast as the South Australian workforce and twice the rate of inflation;
- the past two determinations of the Tribunal have increased judicial salaries by over 8.7 per cent in line with general wages growth of 8.7 per cent but still significantly above CPI of 5.3 per cent in the past two years;
- the Australian Bureau of Statistics Survey of Average Weekly Earnings shows that on average for the year August 2007 to average weekly ordinary time earnings for full-time adult employees were 7 per cent lower in South Australia compared nationally.

6. Public Submission

- 6.1 The one public submission received by the Tribunal provided little assistance in determining appropriate remuneration for the judiciary.

7. Telephone Rental and Calls Allowance

- 7.1 The Telephone Rental and Calls Allowance for members of the Judiciary, members of the Industrial Relations Commission, the State Coroner and Commissioners of the Environment, Resources and Development Court are currently prescribed in Determination No. 3 of 2005. These allowances will remain unaffected by this Determination.

- 7.2 Given the Minister only recently became aware of the specifics of the JRCC's request for a communication allowance, the Tribunal has encouraged the parties to attempt to progress this matter through negotiation and in doing so to keep the Tribunal informed of any developments. The Tribunal has advised the parties that either party has liberty to apply to the Tribunal if an appropriate resolution cannot be reached in a timely manner.

8. Conveyance Allowance

- 8.1 Conveyance Allowances for Judges, Statutory Officers and Court Officers are currently prescribed in Determination No. 5 of 2005. These allowances were last adjusted in December 2005 and will remain unaffected by this Determination.

9. Travelling and Accommodation Allowances

- 9.1 Travelling and Accommodation Allowances for Judges, Statutory Officers and Court Officers are currently prescribed in Determination No. 1 of 2005. These allowances were adjusted in April 2005 and will remain unaffected by this Determination.

10. Operative Date

- 10.1 The JRCC submitted that the date of operation for the determination should be 1 July 2007, while the Minister submitted that against the background of the requirement for an annual review as set out in section 8(2) of the Remuneration Act 1990, it is reasonable that the 2007 Determination have an operative date of no earlier than the first pay period commencing on or after 1 November 2007.

- 10.2 In all the circumstances the Tribunal was not persuaded to change its current practice regarding operative date.

11. Determination

- 11.1 Having regard to all the submissions and material put to the Tribunal, including those concerning State and Federal comparisons, attraction and retention, economic factors and operative date, the Tribunal has determined that the salary of the Puisne Judge of the Supreme Court will be \$319 000 per annum operative from 1 November 2007. In this regard the Tribunal reiterates that its past approach of setting salaries in a 'National framework' continues to be appropriate and in the public interest.

- 11.2 The salaries of all other Judicial Officers and Statutory Office holders listed in the Determination have also been increased from the same date and to the annual amounts shown in the Determination.

Dated 17 December 2007.

THE INSTITUTE OF CHARTERED ACCOUNTANTS IN AUSTRALIA (South Australia) SCHEME

1. OCCUPATIONAL ASSOCIATION

- 1.1 The Institute Scheme ("the Scheme") is a Scheme under the Professional Standards Act 2004 (South Australia) ("the Act") of the Institute of Chartered Accountants in Australia ("the Institute"), Level 14, 37 York Street, Sydney NSW 2000.
- 1.2 Definitions of terms used in the Scheme appear in the Scheme, including in Part 4.

2. PERSONS TO WHOM THE SCHEME APPLIES

- 2.1 The Scheme applies to participating members, being those Institute members referred to in clauses 2.2 and 2.3 of the Scheme, and to all persons to whom the Scheme applied at the time of the relevant act or omission on which a cause of

action for damages for occupational liability is founded¹. Each such participating member and person is referred to in the Scheme as a "participant".

- 2.2 All members who hold a current Certificate of Public Practice issued by the Institute and affiliate members of the Institute, other than financial services licensees.
- 2.3 All practice entity members of the Institute, other than financial services licensees.
- 2.4 No person to whom the Scheme applies may choose not to be subject to the Scheme, provided that the Institute may, on application by a person, exempt the person from the Scheme if the Institute is satisfied that he or she would suffer financial hardship in obtaining professional indemnity insurance to the levels set out in clause 3.1 below.

3. LIMITATION OF LIABILITY

- 3.1 This scheme only affects the liability of a participant for damages arising from a single cause of action to the extent to which the liability results in damages exceeding:
 - (a) \$500,000 where the act or omission giving rise to the cause of action occurred on or before 30 June 2008;
 - (b) \$750,000 where the act or omission giving rise to the cause of action occurred between 1 July 2008 and 30 June 2009;
 - (c) \$1 million where the act or omission giving rise to the cause of action occurred after 1 July 2009.
- 3.2 Where a participant against whom a proceeding is brought relating to occupational liability in connection with Category 1 services is able to satisfy the court of (a), (b) or (c) below, the participant is not liable in damages in relation to that cause of action above the lesser of the Category 1 limitation amount determined under clause 3.4 and the Category 1 monetary ceiling specified in Clause 3.3:
 - a) the participant has the benefit of an insurance policy insuring the participant against that occupational liability, and the amount payable under the insurance policy in respect of the occupational liability relating to that cause of action (including any amount payable by the person by way of excess under or in relation to the policy) is not less than the amount of the Category 1 monetary ceiling or the Category 1 limitation amount;

OR

 - b) the participant has business assets the net current market value of which is not less than the amount of the Category 1 monetary ceiling or Category 1 limitation amount;

OR

¹ Sections 20 and 21 of the Act provide that if the scheme applies to a body corporate or a person, it also applies to each officer of the body corporate and to each partner and employee of the person, provided that if the officer, partner or employee is entitled to be a member of the same occupational association as the body corporate or person, but is not a member, the scheme does not apply to that officer, partner or employee. Section 22 provides that the scheme will also apply to any associated persons who are prescribed by regulations.

- c) the participant has business assets and the benefit of an insurance policy insuring the participant against that occupational liability, and the net current market value of the assets and the amount payable under the insurance policy in respect of the occupational liability relating to that cause of action (including any amount payable by the participant by way of excess under or in relation to the policy), if combined, is not less than the amount of the Category 1 monetary ceiling or Category 1 limitation amount.

3.3 The Category 1 monetary ceiling is \$75 million.

3.4 The Category 1 limitation amount is an amount equal to a reasonable charge for the Category 1 services provided by the participant or which the participant failed to provide and to which the cause of action relates, multiplied by the multiplier specified in clause 3.4.2 below.

3.4.1 In determining the amount of a reasonable charge a court is to have regard to any amount actually charged and to:

- a) the amount that would ordinarily be charged in accordance with a scale of charges prescribed or accepted by the Institute; or
- b) if there is no such scale, the amount that a competent person of the same qualifications and experience as the participant would be likely to charge in the same circumstances.

3.4.2 The multiplier is 10.

3.5 Where a participant against whom a proceeding is brought relating to occupational liability in connection with Category 2 services is able to satisfy the court of (a), (b), or (c) below, the participant is not liable in damages in relation to that cause of action above the monetary ceiling specified in clause 3.6:

- (a) the participant has the benefit of an insurance policy insuring the participant against that occupational liability, and the amount payable under the insurance policy in respect of the occupational liability relating to that cause of action (including any amount payable by the person by way of excess under or in relation to the policy) is not less than the amount of the Category 2 monetary ceiling;

OR

- b) the participant has business assets the net current market value of which is not less than the amount of the Category 2 monetary ceiling;

OR

- c) the participant has business assets and the benefit of an insurance policy insuring the participant against that occupational liability, and the net current market value of the assets and the amount payable under the insurance policy in respect of the occupational liability relating to that cause of action (including any amount payable by the participant by way of excess under or in relation to the policy), if combined, would total an amount that is not less than the amount of the Category 2 monetary ceiling.

3.6 The Category 2 monetary ceiling is the lesser of:

- (a) \$20 million; and
- (b) the highest fee (or the highest total of fees) billed by a participant (or if the participant is a member of a practice entity (whether a practice entity member of the Institute or not), by all participants who are members of or a part of the practice entity) in a single financial year for a Category 2 engagement:
 - (i) over the 3 full financial years immediately prior to the financial year in which the participant commences to provide the Category 2 services which are the subject of the proceeding against the participant, or
 - (ii) if the participant has less than three full financial years' Category 2 services fee history immediately prior to the financial year in which the participant commences to provide the Category 2 services which are the subject of the proceeding against the participant, over the two full financial years or (if the participant has less than 2 years' but one year's or more than one year's such fee history) that full financial year immediately prior to the financial year in which the participant commences to provide the Category 2 services which are the subject of the proceeding,

multiplied by 10

OR

- (c) if the participant has no, or less than one full financial year's, Category 2 services fee history immediately prior to the financial year in which the participant commences to provide the Category 2 services which are the subject of the proceeding against the participant, the applicable amount specified in clause 3.1.

3.7 Where a participant against whom a proceeding is brought relating to occupational liability in connection with Category 3 services is able to satisfy the court of (a), (b), or (c) below, the participant is not liable in damages in relation to that cause of action above the lesser of the Category 3 limitation amount determined under clause 3.9 and the amount of the Category 3 monetary ceiling specified in clause 3.8:

- (a) the participant has the benefit of an insurance policy insuring the participant against that occupational liability, and the amount payable under the insurance policy in respect of the occupational liability relating to that cause of action (including any amount payable by the person by way of excess under or in relation to the policy) is not less than the amount of the Category 3 monetary ceiling or the Category 3 limitation amount;

OR

- b) the participant has business assets the net current market value of which is not less than the amount of the Category 3 monetary ceiling or Category 3 limitation amount;

OR

- c) the participant has business assets and the benefit of an insurance policy insuring the participant against that occupational liability, and the net current market value of the assets and the amount payable under the insurance policy in respect of the occupational liability relating to that cause of action (including any

amount payable by the participant by way of excess under or in relation to the policy), if combined, would total an amount that is not less than the amount of the Category 3 monetary ceiling or Category 3 limitation amount.

- 3.8 The Category 3 monetary ceiling is \$20 million.
- 3.9 The Category 3 limitation amount is an amount equal to a reasonable charge for the Category 3 services provided by the participant or which the participant failed to provide and to which the cause of action relates, multiplied by the multiplier specified in clause 3.9.2 below.
- 3.9.1 In determining the amount of a reasonable charge a court is to have regard to any amount actually charged and to:
- (a) the amount that would ordinarily be charged in accordance with a scale of charges prescribed or accepted by the Institute; or
 - (b) if there is no such scale, the amount that a competent person of the same qualifications and experience as the participant would be likely to charge in the same circumstances.
- 3.9.2 The multiplier is 10.
- 3.10 Pursuant to s 26 of the Act, this scheme confers on the Institute a discretionary authority to specify, on application by a participant, a higher maximum amount of liability not exceeding \$75 million than would otherwise apply under the scheme in respect of any specified case or class of case of Category 2 services or Category 3 services, where the fee for the service or services is, or is reasonably expected to be, \$2 million or greater.

The higher maximum amount of liability will apply if the Institute exercises its discretion and approves the higher maximum amount of liability prior to the participant beginning to provide the relevant services.

- 3.11 In circumstances where the services provided by a participant comprise a combination of Category 1 services and any of:
- (a) Category 2 services;
 - (b) Category 3 services;
 - (c) Category 2 services and Category 3 services;

the participant's liability under this Scheme for damages in respect of a proceeding in relation to occupational liability in excess of the applicable amount specified in clause 3.1 brought against it will be the highest of:

- (a) the lesser of the Category 1 limitation amount determined under clause 3.4 and the amount of the Category 1 monetary ceiling specified in clause 3.3, in respect of the Category 1 services; and
- (b) the Category 2 monetary ceiling in respect of the Category 2 services, determined in accordance with clause 3.6; and

- (c) the lesser of the Category 3 limitation amount determined under clause 3.9 and the amount of the Category 3 monetary ceiling specified in clause 3.8, in respect of the Category 3 services.
- 3.12 In circumstances where the services provided by a participant comprise a combination of Category 2 services and Category 3 services, the participant's liability under this Scheme for damages in respect of a proceeding in relation to occupational liability in excess of the applicable amount specified in clause 3.1 brought against it will be (subject to clause 3.10) the higher of:
- (a) the Category 2 monetary ceiling in respect of the Category 2 services, determined in accordance with clause 3.6; and
- (b) the lesser of the Category 3 limitation amount determined under clause 3.9 and the amount of the Category 3 monetary ceiling specified in clause 3.8, in respect of the Category 3 services.
- 3.13 Nothing in this Scheme is intended to increase, or has the effect of increasing, a participant's liability for damages to a person beyond the amount that, other than for the existence of this Scheme, the participant would be liable in law.
- 3.14 This scheme only limits the amount of damages for which a participant is liable if and to the extent that the damages exceed the applicable amount specified in clause 3.1. Where the amount of damages in relation to a cause of action exceeds the applicable amount specified in clause 3.1 but the damages which may be awarded as determined by this scheme are equal to or less than the applicable amount specified in clause 3.1, liability for those damages will instead be limited to the applicable amount specified in clause 3.1.

7—Prescribed criteria

- (1) In the determination of applications for licences and in the making of other decisions under the Act in relation to the Boston Bay and Lincoln Offshore aquaculture zone, the following prescribed criteria must be taken into account:
 - (a) the biomass of the aquatic animals (other than prescribed wild caught tuna) being farmed in the Boston Bay, Boston Island East and Bicker Isles sectors in a manner that involves regular feeding must not exceed—
 - (i) an amount that would, in the opinion of the Minister, have an environmental impact on the zone equivalent to the environmental impact that 1 750 tonnes of finfish would have on the zone; or
 - (ii) if some other amount is specified by the Minister by notice in the Gazette, that other amount;
 - (b) the leased area in the Boston Bay and Boston Island East sectors (when combined) must not exceed 283 hectares;
 - (c) in the Boston Bay sector—
 - (i) prescribed wild caught tuna must not be farmed other than for the purposes of—
 - (A) research; or
 - (B) trade, or a business, established for educational purposes; or
 - (C) a business constituted of tourism; and

- (ii) the biomass of prescribed wild caught tuna being farmed must not exceed 38 tonnes or, if some other amount is specified by the Minister by notice in the Gazette, that other amount; and
 - (iii) the area for the farming of bivalve molluscs must not exceed 149 hectares or, if some other area is specified by the Minister by notice in the Gazette, that other area; and
 - (iv) the biomass of bivalve molluscs being farmed must not exceed 2 980 tonnes or, if some other amount is specified by the Minister by notice in the Gazette, that other amount;
- (d) in the Boston Island East sector—
- (i) the biomass of prescribed wild caught tuna being farmed must not exceed 360 tonnes or, if some other amount is specified by the Minister by notice in the Gazette, that other amount; and
 - (ii) the area for the farming of bivalve molluscs must not exceed 20 hectares or, if some other area is specified by the Minister by notice in the Gazette, that other area; and
 - (iii) the biomass of bivalve molluscs being farmed must not exceed 400 tonnes, or, if some other amount is specified by the Minister by notice in the Gazette, that other amount;
- (e) in the Bicker Isles sector—
- (i) the leased area must not exceed 60 hectares; and
 - (ii) the area for the farming of bivalve molluscs must not exceed 20 hectares or, if some other area is specified by the Minister by notice in the Gazette, that other area; and
 - (iii) the biomass of bivalve molluscs being farmed must not exceed 400 tonnes, or, if some other amount is specified by the Minister by notice in the Gazette, that other amount; and
 - (iv) prescribed wild caught tuna must not be farmed;
- (f) in the Lincoln Offshore sector—
- (i) the leased area must not exceed 1 850 hectares; and
 - (ii) there must be no aquaculture other than the farming of prescribed wild caught tuna; and
 - (iii) the biomass of prescribed wild caught tuna being farmed must not exceed 10 500 tonnes, or, if some other amount is specified by the Minister by notice in the Gazette, that other amount.
- (2) However, a notice under subclause (1) must not increase the biomass of bivalve molluscs that may be farmed in a sector unless the Minister is satisfied that the increase would not compromise the overall productivity of the bivalve mollusc industry being carried on in the sector.
