NATIONAL ELECTRICITY LAW

THE Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law (NEL) of the following matters.

In relation to the "Alternative Snowy Region Boundary" Rule change proposal submitted by Macquarie Generation on 6 February 2006, the AEMC has determined to discontinue the Rule making procedure, and therefore under clauses 19 and 20 of Schedule 2 to the NEL, has re-exercised the power under section 94 and determined not to take further action.

Under section 95, the "Southern Generators" have requested the making of the proposed National Electricity Amendment (Congestion Pricing and Negative Residue Management Arrangements for the Snowy Region) Rule 2007. The proposal seeks to make the current derogation relating to congestion pricing and negative residue management for the Snowy Region into a permanent arrangement. Submissions must be received by 30 April 2007 and forwarded to submissions@aemc.gov.au.

The AEMC publishes all submissions on its website subject to a claim of confidentiality. Further details on the above matters are available on the AEMC's website www.aemc.gov.au. All documents in relation to the above matters are published on the AEMC's website and are available for inspection at the offices of the AEMC.
