MECS07/010CS

Department of the Premier and Cabinet  
Adelaide, 10 May 2007

HER Excellency the Governor in Executive Council has been pleased to issue directions to the State Emergency Relief Fund Committee to administer the fund, pursuant to section 37 (4) of the Emergency Management Act 2004.

#### GOVERNOR'S DIRECTIONS

##### TO THE MEMBERS OF THE COMMITTEE APPOINTED TO ADMINISTER THE STATE EMERGENCY RELIEF FUND

###### *Directions in Relation to The Emergency Arising from The Renmark Storm*

THE State Emergency Relief Fund ('the fund') provides a publicly accountable mechanism for the disbursement of donated funds following an emergency. The fund is an administered item under the Department for Families and Communities. The Department for Families and Communities provides administrative and policy support to the fund.

The committee to administer the State Emergency Relief Fund is appointed by the Minister under section 37 (3) of the Emergency Management Act 2004 ('the Act') and is subject to broad directions by the Governor. The term 'emergency' in these directions has the meaning given to it under the Act.

Certain members are appointed for a term of three years ('ongoing members'). Other members are appointed for a period of six months from the date of gazettal to provide knowledge and judgment in relation to administration of the fund in response to a particular emergency ('particular members').

One of the ongoing members of the committee is also appointed as Funds Administrator (the 'administrator') and will chair meetings of the committee unless a direction given in relation to a particular emergency otherwise provides.

A quorum of the committee will constitute the chairperson and four of the members of the committee appointed.

Where possible the committee should reach decisions by consensus. However if a vote is required, and the results are tied, the Chairperson will have a deliberative and casting vote. Ongoing members, and those particular members appointed in relation to the storm, may vote in connection with matters relating to the administration and distribution of the fund in response to that emergency.

Members of the committee are obliged to maintain confidentiality in relation to the deliberations of the committee and in relation to personal information that may be made available to the committee by or about potential recipients of monies from the fund.

Pursuant to the Act and these directions, the committee is responsible for the appropriate disbursement of the monies in the fund for the relief of persons who suffered injury, loss or damage as result of the storm.

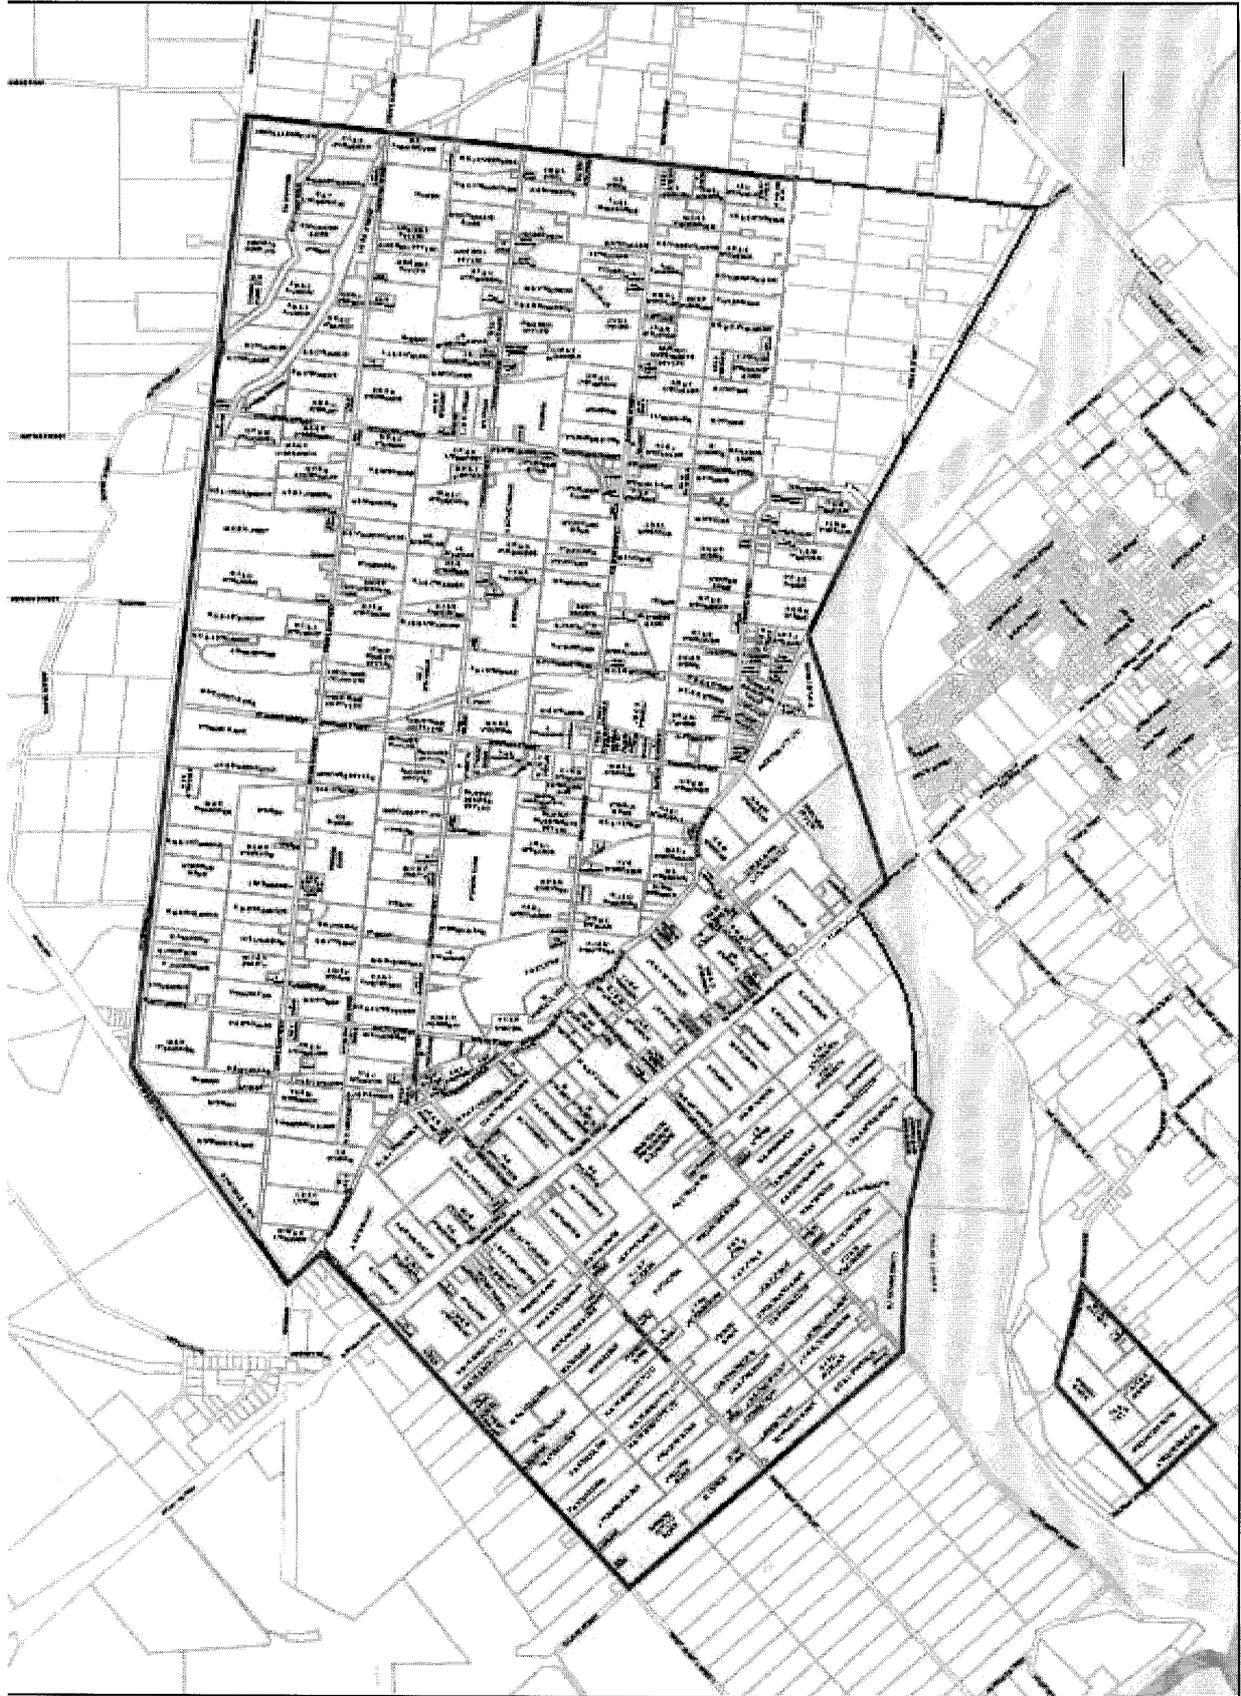

The committee may adopt any fair and reasonable assessment scheme for disbursement of monies, whether of its own design or that which has been developed wholly or in part by any government or non-government agency.

The committee may consult with individuals, organisations or groups (including local councils), as appropriate, on the impacts of the storm and the resulting needs of individuals, families and households.

The committee will be responsible for ensuring:

- Monies received by the fund are disbursed equitably for the relief of persons who suffered injury, loss or damage as result of the storm. Monies are to be paid directly to such persons.
- Administrative processes for the management and disbursement of the monies are developed which are transparent and meet all appropriate legal, probity and procedural requirements.
- Appropriate information is provided to affected parties and to the community on the availability of relief, on eligibility and disbursement and on any other matters which the committee determines should be communicated in order to assist the proper administration of the fund.
- A written report is provided to the Minister when the committee is satisfied that it has appropriately disbursed the available monies. The written report should include an audit of all monies disbursed, an evaluation of the effectiveness of the fund in meeting identified need and recommendations on any issues, which should be addressed in a future use of the fund following an emergency.
- That monies are allocated in an equitable, fair and culturally appropriate manner, may take into account the following principles:
  - priority is given to those in most financial need;
  - available monies can be used to provide relief as determined by the committee over the short-term or long-term for individuals, families and households;
  - monies provided to persons are gifts from the community in recognition of personal injury, loss or damage arising from the storm and not a form of compensation;

- monies provided may complement and recognise other forms of assistance received by those affected by the storm including any insurance payments, government grants, other gifts from public donations or other sources of known tangible support;
  - where the committee is of the opinion that a person who suffered injury, loss or damage as a result of the storm has been overcompensated for that injury, loss or damage by reason of being paid money from the fund and damages for compensation from another source the committee may, by notice in writing given personally or by post to the person, require the person to pay the fund the amount of the overcompensation as determined by the committee and specified in the notice;
  - priority is given in the allocation of monies to persons who experienced direct injury, loss or damage from the storm and whose primary place of residence at the time of the storm was within the area of the Renmark Paringa Council indicated on the maps attached;
  - monies may be provided irrespective of the insurance status of the recipient;
- and,
- there will be a maximum and minimum amount that any recipient can receive from the fund, which will be determined by the committee.
