PAUL HOLLOWAY, Minister for Urban Development and Planning

DEVELOPMENT ACT 1993, SECTION 48: DECISION BY THE DEVELOPMENT ASSESSMENT COMMISSION AS DELEGATE OF THE GOVERNOR

Preamble

1. A proposal from the Cape Jaffa Development Company (hereafter 'the applicant') to develop a multi-component residential marina at Cape Jaffa, on the Limestone Coast has been under consideration under Division 2 of Part 4 of the Development Act 1993.

2. The proposal has been the subject of an Environmental Impact Statement and an Assessment Report under sections 46 and 46B of the Development Act 1993 and is hereafter referred to as the 'proposed Major Development'.

3. The proposed Major Development was the subject of a development application lodged on 20 February 2003, by the applicant. The said application has been amended and expanded upon by the applicant's Environmental Impact Statement, dated April 2005, the applicant's Response to Submissions, dated September 2005 and additional correspondence dated 4 November 2005, 10 November 2005 and 18 April 2006.

4. Reserved matters of (a) the proposed use of the future development site on Figure 3.6 in the EIS and (b) proposed use and extent of the wetland vegetation on the eastern side of the development was granted approval by the Development Assessment Commission as delegate of the Governor on 11 May 2006.

5. Application was made to the Development Assessment Commission as delegate of the Governor, for a decision regarding the division of land for the proposed development. Approval was granted on 17 August 2006.

6. An application for approval for the Building Rules approval for Stage 1 Breakwaters and Waterway Edge construction was made on 14 August 2006. Approval was granted on 7 September 2007.

7. An application for approval for an Industrial Shed was made by the Kingston Council on 26 September 2007. Approval was granted on 18 October 2007.

8. An application for approval for Building Rules Certification for an Industrial Building was made on 12 October 2007.

9. The Development Assessment Commission has, in considering the application, had regard to all relevant matters under section 48 (5) of the Development Act 1993.

10. The Development Assessment Commission is satisfied that there is no requirement to prepare a further or amended Environmental Impact Statement.

Decision

PURSUANT to section 48 of the Development Act 1993, the Development Assessment Commission as delegate of the Governor:

- (a) grant a provisional development authorisation in relation to the proposed major development, subject to the Conditions and Notes to the Applicant below;
- (b) pursuant to section 48 (6) and Regulation 64 (1) reserve a decision on the following matters:
 - (i) compliance with the Building Rules in relation to all aspects of the proposed major development (refer to Conditions and Notes to the Applicant below);
 - (ii) specify all matters relating to the provisional development authorisation as matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached;
 - (iii) specify for the purposes of section 48 (11) (b) the period of two years from the date hereof as the time within which substantial work must be commenced on site, failing which I may cancel this authorisation.

Conditions of Approval

1. Except where minor amendments may be required by other legislation, or by conditions imposed herein, the proposed major development shall be undertaken in strict accordance with:

- (a) the following drawings contained in the letter from Simon Tonkin on behalf of the Cape Jaffa Development Company to Planning SA dated 11 November 2005, outlining the final amended application:

- Drawing Titled: 'Figure 5.59—Cape Jaffa Proposed Zones'; February 2005,

or as amended by the following drawings from the Response Document:

- Drawing Titled: 'Figure R1—Concept Plan'; August 2004, 9399-01-b;
- Drawing Titled: 'Figure R2—Infrastructure Area Concept'; July 2005, 9399; and
- Drawing Titled: 'Figure R3—Site Camp Concept'; August 2005, 9399.

In addition, the following drawings in the additional information letter from Masterplan (Simon Tonkin) on 4 November 2005 and appended to the Assessment Report:

- Drawing Titled: 'Figure 1—Water Supply'; October 2005;
- Drawing Titled: 'Figure 2—Vegetation Area B, Buffer; and
- Fencing Plan'; October 2005.

Also

- Drawing Titled: 'Proposed Industrial' Templeton Constructions B07 101 01 Revision A—August 2007; and
- Drawing Titled 'Proposed Industrial' Templeton Constructions B07 101 01 Revision A—October 2007 stamped by Professional Building Services, South Plympton, S.A. 5038;

and

(b) the following documents:

- Development application, 'Cape Jaffa Anchorage Marina Development' prepared by Simon Tonkin (Masterplan) on behalf of the Cape Jaffa Development Company dated 20 February 2003, (except to the extent that it may be varied by a subsequent document in this paragraph).

- Environmental Impact Statement, Cape Jaffa Anchorage Marina prepared by the Cape Jaffa Development Company dated February 2005 (except to the extent that it may be varied by a subsequent document in this paragraph).
- Response to Submissions document, Cape Jaffa Anchorage Marina Development prepared by the Cape Jaffa Development Company dated 19 September 2005 (except to the extent that it may be varied by a subsequent document in this paragraph).
- Assessment Report prepared by the Minister for Urban Development and Planning dated December 2005 including an appended report from Simon Tonkin of Masterplan dated 4 November 2005 (except to the extent that it may be varied by a subsequent document in this paragraph).
- Letter from Simon Tonkin of Masterplan dated 11 November 2005, outlining the final amended application and listing appropriate plans.
- Letter from Simon Tonkin of Masterplan dated 18 April 2006, concerning reserved matters (b) (ii) and (b) (iii) from Governor's decision on 12 January 2006.
- Final Land division application 640/D004/06 lodged electronically on EDALA with the Development Assessment Commission on 1 August 2006.
- Building Rules Certification package for Stage 1 Breakwater and Waterway edge construction dated 14 August 2006 by Tecon Australia Pty Ltd.
- Letter from Kingston District Council on 28 September 2007 for an Industrial Building to be constructed by Templeton Constructions.
- An email from Templeton Constructions (Graham Dowie) on 10 October 2007 outlining proposed colour scheme for shed (Colorbond Shale Grey).
- Letter from Kingston District Council on 12 October 2007 for Building Rules Certification for an Industrial Building to be constructed by Templeton Constructions.

2. The applicant shall submit further information and application(s) in relation to the matter that has been reserved.

3. Subject to Condition 4, no building works on any part of the development may commence until a favourable decision has been notified to the applicant by the Governor or the Governor's delegate in respect of the reserved matter referred to in subparagraph (i), in paragraph (b) of the Decision section above.

4. The applicant may commence a stage of building works before receiving the Governor's decision concerning building rules compliance for other stages (refer matter (i) in paragraph (b) of the Decision section above). No building works shall commence on a stage of the development until a favourable decision in relation to building rules compliance in respect of that stage has been notified in writing to the applicant by the Governor or the Governor's delegate.

5. A decision on building rules compliance (refer reserved matter (i) in paragraph (b) of the Decision section above) will only be made after a Building Rules assessment and certification has been undertaken and issued by the Kingston District Council or a private certifier, in accordance with the provisions of the Development Act 1993 and after the Minister for Urban Development and Planning receives a copy of all relevant certification documentation, as outlined in Regulation 64 of the Development Regulations 1993 (refer to 'Notes to the Applicant' below for further information).

6. A Management, Maintenance and Monitoring (MMM) Agreement between the Kingston District Council and the Cape Jaffa Anchorage Marina Development Company shall be drafted and finalised, prior to being submitted to the Governor or her delegate (refer to Conditions and Notes below).

7. Before any works commence, a Construction Environmental Management and Monitoring Plan (CEMP) to cover the pre-construction and construction phases shall be prepared in consultation with and approved by the Environment Protection Authority and Planning SA, to address management issues during construction.

8. An Operational Environmental Management and Monitoring Plan (OEMMP) for the operational phase of the development shall be prepared to the reasonable satisfaction of the Environment Protection Authority, other government agencies and the Kingston District Council, prior to it being submitted to the Governor or her delegate (refer to Conditions and Notes to the Applicant below).

9. All works and site activities shall be undertaken in accordance with the approved Construction Environmental Management and Monitoring Plan.

10. Stockpiled soils shall be suitably managed to control dust emissions, erosion and weed infestation.

11. Armour rock used for breakwaters and revetments shall not be contaminated by fine sediment.

12. The wastewater collection and treatment system shall be designed to ensure that the general obligations of the Environment Protection (Water Quality) Policy 2003 are met, and to ensure that effluent does not overflow or escape from drains, pipes, sumps, tanks, storage/treatment basins into any watercourse, or into stormwater drains which do not drain into the effluent collection, treatment and disposal system, except where the effluent complies with criteria in the above policy, or escapes to or is infiltrated from saline groundwater.

13. The proponent shall provide underground power supply, public lighting, a sustainable water supply and telephone supply to each allotment in accordance with and to engineering design standard plans approved by the electricity, mains water and telephone public utility authorities.

14. The applicant shall ensure that there is no discharge of stormwater into the marina basins, waterways or marine environment for rainfall less than and including, 1:20 year ARI events.

15. The land to be used for land-based allotments shall be formed to prevent stormwater flows entering into the waterways.

16. Water-sensitive urban design measures and practices shall be adopted for the management of run-off, including stormwater capture and re-use.

17. Undeveloped allotments shall be left in a neat and tidy condition, with soil surfaces stabilised to minimise erosion.

18. Roads, drainage, footpath and intersection designs (i.e. engineering construction plans) shall be finalised in accordance with the requirements of the Department for Transport, Energy and Infrastructure and the Kingston District Council, prior to construction commencing. Road and drainage designs shall include water table levels, drainage inverts and pavement details. The roads and drainage works shall be built according to these designs.

19. Road designs shall not affect existing natural drainage lines in such a way as to cause flooding.

20. The applicant shall bear all costs with providing a Type BAR Treatment (sealed shoulder widening to provide a right turn treatment on the Southern Ports Highway) at the intersection of the Southern Ports Highway/Cape Jaffa Road as shown in the Austroads 'Guide to Traffic Engineering Practice, Part 5—Intersections at Grade' to a standard suitable to the Department of Transport, Energy and Infrastructure before the issue of title occurs for Allotment No. 170 on the attached plan of division.

21. Appropriate navigational aids shall be erected in prominent locations, in consultation with the Department for Transport, Energy and Infrastructure, prior to use of the facility for boating purposes.

22. Access systems for all floating boat moorings shall be capable of adjustment or be readily adaptable to projected long-term sea level rise and all marina mooring structures shall be designed in accordance with the Australian Standard AS 3962-2001 Guidelines for Design of Marinas.

23. The public boat ramp facility shall be designed in accordance with the South Australian Boating Advisory Committee's Guidelines for Planning, Design and Construction of Boat Launching Facilities.

24. Vehicular access to the beach shall not be provided, apart from Emergency vehicles, once the boat ramp is constructed and operational in the marina (as this relates to the Major Developments declared area).

25. The boat refuelling area and marine toilet pump-out facility shall be designed to meet the requirements of the Environment Protection Authority, the Department for Transport, Energy and Infrastructure and the Country Fire Service (CFS) respectively and shall be in place prior to commencement of operation of the marina.

26. The water contained in the marina basin shall be kept to a quality appropriate for secondary contact recreation, public amenity and the maintenance of marine aquatic ecosystems, as stipulated from time to time by the ANZECC Australian Water Quality Guidelines for Fresh and Marine Waters.

27. Normal operating hours for construction activities and truck movements to and from the site shall be from 7 a.m. to 7 p.m., Monday to Saturday inclusive. If it is considered necessary for construction to be undertaken on Sundays, construction hours shall be from 9 a.m. to 6 p.m. on Sundays (refer to Notes to the Applicant relating to Environment Protection Authority noise emission policies).

28. Landscaping and streetscaping of the site with locally endemic plant species shall commence prior to the issuing of Certificates of Title for each stage of the land division and when established must be maintained in good health and condition at all times. A plant must be replaced if or when it dies or becomes seriously diseased within the first growing season after the plant dies or becomes seriously diseased. A weed control program shall also be implemented.

29. The Kingston District Council shall be given seven days notice, prior to the commencement of works, and be provided with the name and contact facilities for the person responsible for coordinating site works by this approval.

30. Road Construction/Design:

(a) Seal

Streets shall be surfaced with a two coat bitumen seal of 14 mm seal overlay with a 7 mm seal, with a total seal width in accordance with Clause (e) below.

(b) Pavement Construction—Base

The following minimum standards shall apply:

- To comply with standard APRG 21 for residential areas.
- Commercial roads will be developed and designed to the reasonable satisfaction of the Kingston District Council.
- To be compacted to 98% dry density ratio (AS1289.5.2.1).
- Minimum soak CBR at above compaction to be 80.
- Minimum thickness of 200 mm.
- Level tolerance on completed course -10 mm, +10 mm.

(c) Seal for Intersections

At the discretion of Council all intersections associated with the development including the circular end of *cul-de-sacs* in residential areas shall be sealed with 25 mm thickness asphaltic concrete (hotmix) laid in compliance with Department for Transport, Energy and Infrastructure standard specifications, and with maximum aggregate size of 10 mm for a distance of 10 m from the intersection or at the entrance to the *cul-de-sac*.

At the discretion of Council, all intersections associated with the development including the circular end of *cul-de-sacs* in commercial areas shall be sealed with 40 mm thickness asphaltic concrete (hotmix) laid in compliance with Department for Transport, Energy and Infrastructure standard specifications and with maximum aggregate size of 10 mm for a distance of 10 m from the intersection or at the entrance to the *cul-de-sac*.

In the case of 'T' intersections or cross road intersections within a development, the specified seal shall be provided at the intersection and for a distance of 10 m from the intersection in each direction on each road.

(d) *Cul-de-sac Ends*

Cul-de-sac ends shall have a seal of 9 m radius to accommodate the operation of refuse collection vehicles and other larger vehicles.

(e) *Road Reserve and Road Width*

Council requirements for road reserves shall be as follows:

Road Reserves (Entrance to *cul-de-sacs*) 12.5 m.

Road Reserves (Other) 15 m.

Cul-de-sac Ends Road Reserves (circular) 25 m.

Cul-de-sac Ends Road Reserves (other) to be agreed with Kingston District Council.

All Other Streets (e.g. commercial) to be to the reasonable satisfaction of the Kingston District Council.

The following minimum road seal widths shall apply:

All Residential Streets 7 m.

Cul-de-sac (entrance) 6 m.

Cul-de-sac Ends (circular) 9 m radius.

Cul-de-sac Ends (other) to the reasonable satisfaction of the Kingston District Council.

All Other Streets (e.g. commercial) to be agreed with the Kingston District Council.

(f) *Footpaths*

- Provide interlinking footpaths, walkways and/or bicycle tracks within the development area that shall allow safe passage of pedestrian or bicycle traffic to the reasonable satisfaction of the Kingston District Council.

- Footpaths, walkways and/or bicycle tracks shall have a minimum 3 m width where the track will be used as a dual bicycle and walking thoroughfare and be designed and constructed with appropriate materials to the reasonable satisfaction and approval of the Kingston District Council.

(g) *Water Tables and Kerbing*

- Both edges of all streets shall be protected by the provision of an extruded kerb and gutter or concrete edge beam of a cross section approved by the Kingston District Council.

- The concrete edge beam shall have top surface set flush with the finished bitumen surface as approved by the Kingston District Council.

- Generally, if raised kerbing is installed, the kerb and gutter shall have a mountable type profile approved by the Kingston District Council.

- Pram ramps complying with the requirements of AS1428-1993, Clause 5.8 shall be constructed wherever a footpath intersects a kerb line and at an opposite street corners.

- Pram ramps shall be of reinforced concrete construction at least 100 mm thick.

- Spoon drains shall be constructed with top profile approved by the Kingston District Council. Spoon drains shall have a minimum thickness at 200 mm and shall be reinforced with F82 mesh centrally placed.

- All concrete used for pram ramps, vehicle access, crossing and spoon drains will be grade 25 mpa/20 mm. Concrete in extruded kerb and gutter and medium kerbing shall have a minimum 28 day strength of 20 mpa.

(h) *Drainage*

- A detailed drainage design shall be provided for all of the proposed development, and if necessary, due to existing land form, include areas outside the proposed development but within the drainage catchment affecting the development.

- Design shall be in accordance with procedures in the current edition of 'Australian Rainfall and Run-off (IEA)' or to the reasonable satisfaction of the Kingston District Council.

- As a general rule return period is to be five years, but engineering discretion should be used in areas where storm damage may be more significant (i.e. shopping areas, end of *cul-de-sacs*, etc.).

- Drainage computations are required to be prepared by a qualified and experienced Engineer and submitted with the detailed engineering drawings for the proposal.

- All stormwater run-off attributable to the proposal shall be adequately disposed of within the development area in accordance with the development authorisation or variations thereof.

- As a general rule, side entry pits shall be spaced at no greater than 100 m and at closer spacing if required, depending on conditions and detailed design.

- Drainage bores and associated settlement tanks shall be constructed to meet the requirements of Council and the Department of Primary Industries and Resources. Drainage capacity of any bore shall exceed the calculated drainage discharge for the designated stormwater system and the bore is to be proved to the reasonable satisfaction of the Kingston District Council.

- Storage basins capable of holding the run-off of the designated rainfall storm shall be provided at suitable locations if drainage bores prove to be unacceptable.

- Spoon drains, when required at junctions, shall be constructed to maintain the pavement width of the through street and to ensure continuity of flow of all stormwater. A spoon drain shall not be constructed across a through street.

- All stormwater storage basins shall be provided with appropriate warning signs to the reasonable satisfaction of the Kingston District Council.

- Council requires a separate drainage reserve in land divisions of adequate area to provide stormwater treatment and retention for a one in five year storm event in residential areas and a one in 10 year storm event in other zones. Any requirements above these limits may be incorporated into the public open space calculation.

- Swale drains shall be constructed with side slopes of three horizontal: one vertical to facilitate maintenance slashing. The longer general gradients shall be no steeper than that consistent with avoidance of scouring, have regard to soil type, vegetation cover and the design flow average velocity. Where site conditions are not consistent with this requirement, the drain shall be rock lined, or shall incorporate steps or drop structures, with appropriate protection against local scouring. Details of these provisions shall be subject to the specific approval of the Kingston District Council.

(i) *Street Lighting*

- Street lighting shall be provided throughout the subdivision. The following minimum categories (AS 1158.0-1997) will apply.

- Roads B2.

- The street lights and poles shall be of a type approved by the Kingston District Council.

(j) *Street Names, Numbers and Signage*

- All naming of roads shall be in accordance with section 219 of the Local Government Act 1999.

- All numbers assigned to allotments shall be in accordance with section 220 of the Local Government Act 1999.

- Kingston District Council reserves the right to name all roads.

- Street signs shall be supplied (from an approved supplier) and erected so as to indicate the appropriate streets to the reasonable satisfaction of the Kingston District Council.

(k) Landscaping and Tree Planting

All proposed landscaping and tree planting proposed as part of the development shall be provided to the reasonable satisfaction of the Kingston District Council.

(l) Electricity Supply

Electricity supply shall be under-grounded throughout the subdivision. The proponent shall make arrangements with ETSA for the provision of an adequate electricity supply to each allotment.

(m) Water Supply

Water supply services shall be installed in accordance with Australian Standard AS/NZS 3500.1.2 and any other relevant approvals and standards for the installation of a full reticulated water system, for the provision of an adequate water supply to each created allotment and in accordance with the development authorisation granted by the Governor.

(n) Sewer and Waste Water Disposal

- The proponent shall be responsible for the design and construction of a suitable sewer and waste water system to service the allotments within the subdivision and in accordance with the development authorisation granted by the Governor.
- The proponent shall provide Council with a full design and specifications for the sewer and waste water disposal system. All design specifications to meet the requirements of the Kingston District Council.

(o) Reserves and Easement for Stormwater Drainage and Electricity Supply

- The requirements of the Electricity's Trust of South Australia with respect to the provision of easements shall be met.
- Drainage reserves under the control of the Kingston District Council shall be provided over any stormwater retention basin, settling pond, gross pollution trap or like structure, not located on a road reserve.

(p) Open Space

- The proponent, at the discretion of Council, may be required to provide open space associated with the development to satisfy the requirements of the Development Act provisions.
- The proponent shall provide all open space reserves as shown in the approved layout plan.
- In the event that the requirements as to the provision of open space are not satisfied, the proponent shall forward the appropriate monetary contribution for the open space requirement to Council as applicable under the Development Act or the State Government Planning and Development Fund. (All contributions received by Council will be appropriated to an open space development reserve fund).

NOTE:

- The Council, when dealing with land division applications, seeks where appropriate to have open space reserve contributions in parcels of at least 2 000 m². Such areas should link with other reserves where possible and practicable.
- Open space reserves in the land division area shall be developed in conjunction with and to the reasonable satisfaction of the Kingston District Council.
- In instances where screening reserves are required, the development approval and/or land management agreement, shall include a requirement for the proponent to fence the screening reserve and develop the reserve in accordance with a plan approved by Council.

(q) Construction Record

The proponent shall supply the Kingston District Council with complete records including:

- Compaction test reports for all bulk earthworks, service trench backfilling and base.
- Material quality test reports (base and backfill).
- As constructed design and levels for stormwater drains, base, top of kerb, etc.

(r) Defects Liability Period

- The proponent shall lodge with Council (unless Council is the construction contractor) a standard agreement to indemnify Council against any defects that occur in the engineering works within 12 months of the date of practical completion. The date of practical completion will be the date that Council accepts the engineering works.
- The agreement shall provide for the faults to be rectified by the applicant or to reimburse Council the full costs of all necessary works.
- Council will notify the proponent in writing of practical completion.
- The proponent is required to notify Council when the following stages of the engineering works have been achieved and will not proceed until such works have been inspected and approved (including appropriate testing if required) by Council.
 - o Base preparation prior to placement of pavement in all roads and footpaths.
 - o Kerb preparation alignment including base compaction and alignment.
 - o Prior to backfilling trenches for underground stormwater and effluent drainage.
 - o Prior to placing seal coat.

and

(s) Nuisance

The proponent shall control dust and noise nuisance as the project proceeds. In the most adverse climatic conditions, operations shall be suspended if necessary to reduce nuisance and to avoid undesirable environmental impacts. All operations shall be conducted in the most efficient and reasonable manner. The Environment Protection Authority requirements shall be observed.

31. Adequate provision shall be made to minimise the effects of extreme storm events on the structural stability of the retaining wall to be located along the frontage of all water front allotments.

32. The proponent shall install the grassed swales and retention basins as outlined in the 'Cape Jaffa Anchorage Environmental Impact Statement, February 2005'.

33. The proponent shall develop and implement a maintenance schedule to ensure that the stormwater treatment device is maintained in a fully operational manner.

34. Stormwater from the site shall be managed to ensure that it does not pollute the underground aquifer.

35. The proponent shall implement the Soil Erosion and Drainage Management Plan prior to the commencement of construction of the site in accordance with the principles outlined in the Stormwater Pollution Prevention Code of Practice for Local, State and Federal Governments. The plan shall be submitted to the planning authority prior to construction commencing.

36. All building allotments shall be capable of connection to sewer.

NOTES TO THE APPLICANT

1. Tenure arrangements for the private moorings should be negotiated with the Department for Transport, Energy and Infrastructure.

2. All construction works shall be undertaken in accordance with the approved Construction Management Plan and Soil Erosion and Drainage Management that form part of the Governor's development authorisation dated 12 January 2006.

3. Binding arrangements (to the reasonable satisfaction of the Development Assessment Commission) need to be made for the permanent management and maintenance of the approved marina proposal as part of the Governor's development authorisation dated 12 January 2006.

4. Two copies of certified survey plans, as required under the Real Property Act 1886, should be lodged with the Development Commission for the issue of Certificate of Title, prior to titles for allotments being granted. The plans should show all easements and reserves.

5. The applicant is reminded that the new sewerage system has not been assessed as part of this development application and will require a separate development application to be submitted to the DAC as the Governor's delegate in accordance with Schedule 22, Part A, Item 3 (2) (b) of the Development Act 1993. Sewage Treatment Works or STEDS in a Water Protection Area with a peak loading capacity designed for more than 100 persons per day. The applicant is reminded that the sewage treatment facility and any subsequent irrigation will require an environmental authorisation under the Environment Protection Act 1993.

6. The applicant is reminded of its general environmental duty, as required by section 25 of the Environment Protection Act 1993, to take all reasonable and practical measures to ensure that the activities on the whole of the site, including construction, do not pollute the environment in a way which causes or may cause environmental harm.

In terms of demonstrating the duty, preparation of the following is considered appropriate for construction work on this site:

A Soil Erosion and Drainage Management Plan to address control of run-off of stormwater during earthworks and construction work (to ensure water quality is not detrimentally affected) being prepared by the proponent and being independently certified as meeting the requirements of:

- (a) the general environmental duty as defined in Part 4, section 25 (1) of the Environment Protection Act 1993;
- (b) any relevant Environment Protection Policies made under Part 5 of the Environment Protection Act 1993;
- (c) any relevant Australian Standards or environmental Codes of Practice (such as the Stormwater Pollution Prevention Codes of Practice for the Building and Construction Industry).

Prior to earthworks and construction work commencing, and the works being undertaken in accordance with that plan.

7. The proponent's attention is drawn to the EPA Information Sheet No. 7 'Construction Noise' that provides guidance on minimising the potential for off-site impacts from noise associated with construction and building activities:

http://www.epa.sa.gov.au/pdfs/info_construction.pdf.

8. Control measures such as water sprinkling, minimising soil disturbance and discontinuing work during high winds should adequately address potential for dust problems from the construction of the land division.

9. Any information sheets, guideline documents, codes of practice, technical bulletins can be accessed on the following web-site:

<http://www.epa.sa.gov.au/pub.html>.

10. Approvals will be required for all components of the development not hereby approved, including:

- The land division.
- The marina moorings and other marina facilities.
- The public boat ramp, hard stand, boat maintenance facilities and car park areas.
- The boat refuelling and boat effluent disposal facility.
- Installation of navigational aids.
- All residential, commercial, retail, tourist related and other buildings.

11. Pursuant to Development Regulation 64, the applicant is advised that the Kingston District Council or private certifier conducting a Building Rules assessment must:

- (a) provide the Minister a certification in the form set out in Schedule 12A of the Development Regulations 1993, in relation to the building works in question; and
- (b) to the extent that may be relevant and appropriate:
 - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12;
 - (ii) assign a classification of the building under these regulations; and
 - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.

Regulation 64 of the Development Regulations 1993, provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Urban Development and Planning.

12. The Kingston District Council or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with this provisional development authorisation (including Conditions or Notes that apply in relation to this provisional development authorisation).

13. Should the applicant wish to vary the Major Development or any of the components of the Major Development, an application may be submitted, provided that the development application variation remains within the ambit of the Environmental Impact Statement and Assessment Report referred to in this provisional development authorisation. If an application for variation involves substantial changes to the proposal, it will be processed pursuant to section 47 of the Development Act 1993.

14. The applicant should liaise with the Department of Water, Land and Biodiversity Conservation in relation to any further testing of the proposed water supply and negotiate with DWLBC for provision of the already agreed water supply.

15. Pursuant to the Harbors and Navigation Act 1993, the Council will be required to negotiate tenure arrangements with the Minister for Transport over the seabed on terms acceptable to the Minister prior to the commencement of construction.

16. The applicant's CEMMP and OEMMP should be prepared taking into consideration, and with explicit reference to, relevant Environment Protection Authority policies and guideline documents, including but not limited to the Environment Protection (Air Quality) Policy 1994, the Environment Protection (Water Quality) Policy 2003, the Occupational Health and Safety Regulations, EPA Guidelines on Odour Assessment, using odour source modelling 2003, EPA Handbook for Pollution Avoidance on Commercial and Residential Building Sites 2004, EPA Bunding and Spill Management Guidelines 2004 and the EPA Stormwater Pollution Prevention Codes of Practice, in addition to other legislative requirements and Guidelines/Australian Standards requiring compliance.

17. The following management and monitoring plans may be incorporated into the CEMMP or OEMMP as appropriate:

- Groundwater Management and Monitoring Plan.
- Irrigation (Reclaimed Water) Monitoring and Management Plan.
- Dredging Monitoring and Management Plan.
- Marine Construction Monitoring and Management Plan.
- Vegetation Monitoring and Management Plan.
- Site Construction Monitoring and Management Plan.
- Acid Sulphate Soils Monitoring and Management Plan.
- Stormwater Monitoring and Management Plan.

The following activities in relation to the components of the development hereby approved and/or requiring future approval will require licences under the Environment Protection Act 1993:

- Earthworks Drainage: the conduct of earthworks operations in the course of which more than 100 kilolitres of waste water containing suspended solids in a concentration exceeding 25 milligrams per litre is discharged directly or indirectly to marine waters or inland waters.
- Marinas and Boating Facilities: the conduct of:
 - (1) facilities comprising pontoons, jetties, piers or other structures (whether on water or land) designed or used to provide moorings or dry storage for 50 or more powered vessels at any one time; or
 - (2) works for the repair or maintenance of vessels with the capacity to handle five or more vessels at any one time or vessels 12 m or more in length.
- Dredging: removing solid matter from the bed or any marine waters by any digging or suction apparatus, but excluding works carried out for the establishment of a visual aid to navigation and any lawful fishing or recreational activity.

18. It is likely that as a condition of such licences the Environment Protection Authority will require the licensee to carry out specified environmental monitoring of water quality and to make reports of the results of such monitoring to it.

19. It is also likely that the Environment Protection Authority will require the identification to it of any vessels that visit the marina from international ports or from ports beyond Adelaide and the surrounding area, together with details of the routes travelled by such vessels (for the purpose of identifying the potential introduction of harmful marine species).

20. All works associated with the rehabilitation and remediation of the site must be undertaken in accordance with the General Environmental Duty as defined in Part 4, section 25 (1) of the Environment Protection Act 1993, the Environment Protection (Water Quality) Policy 2003 and other relevant Environment Protection Policies made under Part 5 of the Environment Protection Act 1993, the ANZECC Best Practice Guidelines for Waste Reception Facilities at Ports, Marinas and Boat Harbours in Australia and New Zealand, draft guideline Environmental Management of On-Site Remediation and other relevant Environment Protection and Authorisation publications and guidelines.

21. The proponent is advised of the General Environmental Duty under section 25 of the Environment Protection Act 1993, which requires that a person must not undertake any activity, which pollutes, or may pollute without taking all reasonable and practical measures to prevent or minimise harm to the environment.

22. The Management Plan for Acid Sulphate Soils should comply with Guidelines issued by the Coast Protection Board.

23. (a) The applicant is reminded of its obligations under the Aboriginal Heritage Act 1988, whereby during any works conducted, if an Aboriginal site, object or remains are found, authorisation from the Minister for Aboriginal Affairs and Reconciliation, is required to damage, disturb, interfere or remove the object, site or remains (pursuant to section 23 of the Aboriginal Heritage Act 1988).
- (b) The applicant should also have regard for the section 23 authorisation (December 2004) and attendant conditions signed by the Minister for Aboriginal Affairs and Reconciliation in relation to the Cape Jaffa Anchorage proposal.

24. The applicant and all agents, employees and contractors, such as construction crews, must be conversant with the provisions of the Aboriginal Heritage Act 1988, particularly the requirement to immediately contact the Department of Aboriginal Affairs and Reconciliation in the event that archaeological items (especially skeletal material) are uncovered during earthmoving.

25. The applicant and the Council after hand-over, must comply with the Public and Environmental Health Act 1987, in regard to the maintenance of suitable water quality within the marina basin (and any stormwater holding ponds) to protect public health and amenity.

26. The expression 'secondary contact recreation' includes activities such as wading, boating and fishing in which some human contact with the water may occur, but in which the probability of bodily immersion or the intake of significant amounts of water is minimal.

27. If foreign vessels are allowed to berth in the marina the proponent would need to consult with the Department for Transport, Energy and Infrastructure (Marine Safety section) to address any requirements of the Australian Quarantine Service (AQIS) and the Australian Customs Service.

28. It is recommended that the applicant approach the Kingston District Council with a view to the Council enacting of by-laws to manage activities associated with:

- The entrance channel and waterways to ensure safe navigation and to protect water quality.
- The boat ramp, washdown, slipways and hardstand.
- Refuelling facility and marine toilet pump-out facility.
- The residential development and reserves (including storm-water management devices).

29. The Kingston District Council will need to review and amend the zoning policies in the relevant Development Plan to reflect any development approved by the Governor and for future assessment and decision-making for buildings and structures not part of this provisional development authorisation.

30. Noise generated from the non-residential components of the development should not exceed:

- (1) 52dB(A) between the hours of 7 a.m. and 10 p.m. measured and adjusted at the nearest existing residential property in accordance with the Environment Protection (Industrial Noise) Policy 1994.
- (2) 45dB(A) between the hours of 10 p.m. and 7 a.m. measured and adjusted at the nearest residential property in accordance with the Environment Protection (Industrial Noise) Policy 1994.
- (3) A short term typical maximum noise level of 60dB(A) when measured at the nearest existing residential property.

31. In a land division, provision shall be made for a set back distance of 2 m from the top of the edge treatments (for the construction of coastal protection works if required in the future).

32. A common building scheme encumbrance or equivalent device for the purpose of ensuring compliance with design standards for residential and other buildings will be required prior to the lodgement of development applications.

33. Binding legal arrangements (e.g. easements, encumbrances, charge-back arrangements, etc., as appropriate) between the proponent and allotment owners must be put in place, prior to application to the Registrar-General for the issue of new Certificates of Title, to ensure financial and management responsibilities related to the maintenance of edge treatments, the design and appearance of structures and the installation of future coast protection works are clearly allocated. These arrangements should be to the reasonable satisfaction of the Development Assessment Commission.

34. Any further upgrading of the intersection of the Southern Ports Highway/Cape Jaffa Road shall be borne by the Department of Transport, Energy and Infrastructure and/or Council. The applicant will not be required to contribute to any further upgrading as this relates to the currently approved development.

35. The Minister has a specific power to require testing, monitoring and auditing under section 48C of the Development Act 1993.

Given under my hand at Adelaide, 8 November 2007.

R. BARUA, Secretary, Development
Assessment Commission

ENVIRONMENT PROTECTION ACT 1993

Approval of Category B Containers

I, STEPHEN RICHARD SMITH, Senior Adviser, Container Deposit Legislation and Delegate of the Environment Protection Authority ('the Authority'), pursuant to section 69 of the Environment Protection Act 1993 (SA) ('the Act') hereby:

Approval of Category B Containers:

Approve as Category B Containers, subject to the conditions in subclauses (i) and (ii) below, each of the classes of containers identified by reference to the following matters described in the first 4 columns of Schedule 1 of this Notice which are sold in South Australia:

- (a) the product which each class of containers shall contain;
- (b) the size of the containers;
- (c) the type of containers;
- (d) the name of the holders of these approvals.

(i) *Subsection 69 (3) Arrangements:*

The holders of these approvals must ensure that the empty containers which belong to their respective class of containers hereby approved as Category B Containers are collected from collection depots approved under section 69 of the Act by the party named in Column 5 of Schedule 1 of this Notice; and

(ii) *Approved Refund Markings:*

- (a) The holders of these approvals must ensure that each container which belongs to their respective class of containers hereby approved as Category B Containers bears the refund marking approved by the Authority in respect of that class of containers.
- (b) The refund marking that appears on each container that belongs to the class of containers hereby approved, must be a minimum 1.5 mm for the smallest letter in the statement and a minimum 3 mm for the numeric ('5') in the statement.
- (c) The holder of these approvals must ensure that if a sticker bearing the refund marking has been approved, and is applied to the container, then the sticker must not be placed on any portion of the opening mechanism or in any other place that would require complete or partial removal of the sticker before the contents may be consumed.

FISHERIES ACT 1982: SECTION 59

TAKE note that the notice made under section 59 of the Fisheries Act 1982, and published in the *South Australian Government Gazette* on page 3630, dated 6 September 2007, being the second notice on that page, referring to Exemption No. 9902031, is hereby revoked.

Dated 2 November 2007.

M. SMALLRIDGE, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Thierry Laperousaz from the Division of Natural Science, South Australian Museum, North Terrace, Adelaide, S.A. 5000 (the 'exemption holder') or a person acting as his agent, are exempt from the provisions of the Fisheries (Aquatic Reserves) Regulations 1989 and Clauses 1, 48 and 65 of Schedule 1 of the Fisheries (General) Regulations 2000, but only insofar as the exemption holders may collect aquatic organisms from South Australia coastal waters including intertidal 'rocky' reefs using the gear specified in Schedule 1 or by using chemical anaesthetics (the 'exempted activity'), subject to the conditions set out in Schedule 2, from 5 November 2007 until 1 November 2008, unless varied or revoked earlier.

SCHEDULE 1

- 3 hoop nets
- 3 octopus pots
- 1 mussel dredge
- 1 hand spear per person
- 5 shrimp traps
- 2 dab nets
- 2 plankton nets
- 1 spear gun per person

SCHEDULE 2

1. The specimens collected by the exemption holders are to be used for scientific purposes only and must not be sold.

2. Before conducting the exempted activity, the exemption holder must contact the PIRSA Fisheries Compliance Unit on 1800 065 522 and answer a series of questions about the exempted activity. You will need to have a copy of your exemption with you at the time of making the call, and be able to provide information about the area and time of the exempted activity, the vehicles and/or boats involved, the number of agents undertaking the exempted activity and other related issues. Exemption No. 9902056.

3. While engaged in the exempted activity, the exemption holders and their agents must be in possession of a copy of this notice. Such notice must be produced to a PIRSA Fisheries Officer if requested.

4. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982 or any regulations made under that Act, except where specifically exempted by this notice.

Dated 2 November 2007.

M. SMALLRIDGE, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Tim Hoile of Marine Discovery Centre (the 'exemption holder'), or a person acting as his agent, P.O. Box 45, Henley Beach, S.A. 5022 is exempt from the Fisheries (General) Regulations 2000, in that the exemption holder shall not be guilty of an offence when engaging in the activity specified in Schedule 1, in the waters specified in Schedule 2, subject to the conditions specified in Schedule 3, from 5 November 2007 until 1 November 2008.

SCHEDULE 1

Activities involving the taking, possessing and subsequent release of aquatic organisms (not including species protected pursuant to section 42 of the Fisheries Act 1982) from the waters specified in Schedule 2 for education purposes at the Marine Discovery Centre (the 'exempted activity').

SCHEDULE 2

South Australian marine coastal waters, including intertidal 'rocky' reef areas but excluding aquatic reserves.

SCHEDULE 3

1. All organisms taken by the exemption holder are for display purposes only and must not be sold.

2. An employee of the Marine Discovery Centre must be present at all times whilst conducting the exempted activity.

3. No more than five of any species may be taken or possessed at any one time.

4. The exemption holder must ensure that organisms taken pursuant to this notice are kept only with specimens taken from the same location.

5. All organisms taken pursuant to this notice must be released as near as practicable to the point of capture.

6. Within 14 days of the collection of organisms pursuant to this notice, the exemption holder must provide a report in writing to the Director of Fisheries, (Attention: Alex Chalupa, G.P.O. Box 1625, Adelaide, S.A. 5001), giving the following details:

- the date and time of collection;
- the name and number of each species taken, including any mortalities resulting from collecting; and
- details of any organisms released.

7. The exemption holder must notify PIRSA Fishwatch on 1800 065 522 at least two hours prior to conducting the exempted activity and answer a series of questions about the exempted activity. The exemption holder will need to have a copy of the exemption at the time of making the call, and be able to provide information about the area and time of the exempted activity, the vehicles and boats involved, the number of agents undertaking the exempted activity and other related questions. Exemption No. 9902062.

8. The exempted activity must be undertaken in a manner that ensures minimal disturbance of the reef.

9. While engaged in the exempted activity, the exemption holder must have in their possession of a copy of this notice and produce a copy of the notice if required by a PIRSA Fisheries Compliance Officer.

10. The exemption holder shall not contravene or fail to comply with the Fisheries Act 1982 or any regulations made under that Act, except where specifically exempted by the notice.

Dated 2 November 2007.

M. SMALLRIDGE, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Daniel Brock, of the Kangaroo Island Natural Resources Management Board, 35 Dauncey Street, Kingscote, S.A. 5223 (the 'exemption holder'), or a person acting as his agent, is exempt from the provisions of Clause 65 of Schedule 1 of the Fisheries (General) Regulations 2000, insofar as he may engage in the activities specified in Schedule 1 (the 'exempted activity'), subject to the conditions set out in Schedule 2, from 6 November 2007 until 1 November 2008, unless this notice is varied or revoked earlier.

SCHEDULE 1

The collection of the following marine organisms from South Australian coastal waters (including intertidal rocky reefs) but excluding aquatic reserves from the waters surrounding Kangaroo Island:

- Seagrass and Algal species—maximum 50 individual specimens.
- Marine Invertebrate species (Macro)—Maximum 50 individual specimens (excluding cowrie shells).
- Micro Invertebrates.

SCHEDULE 2

1. Specimens collected by the exemption holder pursuant to this notice must not be sold.

2. The exemption holder must not collect any protected species pursuant to this exemption.

3. Specimens collected pursuant to this exemption may be collected by hand or when collecting seagrass species by Beam trawl sampling only.

4. Any species collected that are not returned to the water may be kept by the Kangaroo Island Natural Resources Management Board as voucher specimens.

5. The exemption holder must notify PIRSA Fishwatch on 1800 065 522 at least two hours prior to conducting the exempted activity and answer a series of questions about the exempted activity. The exemption holder will need to have a copy of the exemption at the time of making the call, and be able to provide information about the area and time of the exempted activity, the vehicles and boats involved, the number of agents undertaking the exempted activity and other related questions. Exemption No. 9902053.

6. While engaged in the exempted activity, the exemption holder must carry identification proving membership of the Kangaroo Island Natural Resources Management Board.

7. The exempted activity may also be conducted on the exemption holder's behalf by Martine Kinloch, Ben Florence and Tony Geyer.

8. Within 14 days of the expiration of this exemption the exemption holder must provide a report in writing to the Director of Fisheries, (P.O. Box 1625, Adelaide, S.A. 5001), giving the following details:

- the date and time of collection;
- the description of all species collected; and
- the number of each species collected.

9. While engaged in the exempted activity, the exemption holder or an agent of the exemption holder listed in Condition 6 must be in possession of a copy of this notice. Such notice must be produced to a PIRSA Fisheries Officer upon request.

10. A person undertaking the exempted activity must not contravene or fail to comply with the Fisheries Act 1982 or any regulations made under that Act, except where specifically exempted by this notice.

Dated 5 November 2007.

W. ZACHARIN, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Mel Tucker of Murray-Darling Freshwater Research Centre, P.O. Box 3428, Mildura, Vic. 3500, (the 'exemption holder') or a person acting as her agent(s), is exempt from the provision of section 41 of the Fisheries Act 1982 and the Fisheries (General) Regulations 2000, insofar as she may engage in the collection of fish (the 'exempted activity') from South Australian inland waters, using the gear specified in Schedule 1, subject to the conditions set out in Schedule 2 from 3 November 2007 until 1 November 2008, unless varied or revoked earlier.

SCHEDULE 1

- Gill nets of sizes 38, 76 and 100 mm only (not to be used in main river channel);
- Push net attached to front of boat; and
- Benzocaine solution.

SCHEDULE 2

1. All specimens collected pursuant to this exemption notice are for scientific and research purposes only and must not be sold.

2. All native fish taken pursuant to the exempted activity must be immediately returned to the water as soon as information is collected unless kept for tissue sampling. All non-native fish must be destroyed and disposed off appropriately.

3. The exempted activity may only be conducted on the exemption holder's behalf by the following person(s), Peter Fraser, Iain Ellis, Rohan Rehwinkel, Daryl Nielsen and Adam Richardson.

4. Before conducting the exempted activity, the exemption holder must contact the PIRSA Fisheries Compliance Unit on 1800 065 522 and answer a series of questions about the exempted activity. You will need to have a copy of your exemption with you

at the time of making the call, and be able to provide information about the area and time of the exempted activity, the vehicles and/or boats involved, the number of agents undertaking the exempted activity and other related issues. Exemption No. 9902061.

5. While engaged in the exempted activity, the exemption holder or a person acting as an agent must be in possession of a copy of this notice. Such notice must be produced to a PIRSA Fisheries Compliance Officer if requested.

6. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982 or any regulations made under that Act, except where specifically exempted by this notice.

Dated 3 November 2007.

M. SMALLRIDGE, Director of Fisheries

FISHERIES ACT 1982: SECTION 59

TAKE notice that pursuant to section 59 of the Fisheries Act 1982, Michael Harper, of the Department of Environment and Heritage, 28 Vaughan Terrace, Berri, S.A. 5343 (the 'exemption holder'), or persons acting as his agent, are exempt from section 41 of the Fisheries Act 1982, but only insofar as they may engage in the collection of fish from the waters described in Schedule 1, using the gear specified in Schedule 2 (the 'exempted activity'), subject to the conditions set out in Schedule 3 from 6 November 2007 until 1 November 2008, unless varied or revoked earlier.

SCHEDULE 1

South Australian Murray River wetlands and tributaries.

SCHEDULE 2

- 12 fyke nets (minimum mesh of 5 mm, maximum leader of 5 m and maximum opening of 60 cm);
- 1 seine net (minimum mesh of 5 mm and maximum length of 12 m);
- 12 shrimp traps; and
- 1 dip net per person.

SCHEDULE 3

1. The specimens collected by the exemption holders are for scientific and research purposes only and must not be sold.

2. All native fish taken pursuant to the exempted activity must be immediately returned to the water unless retained for the purpose of species identification.

3. All non-native species of fish must not be returned alive to the water and must be disposed of appropriately.

4. Before conducting the exempted activity, the exemption holder must contact the PIRSA Fisheries Compliance Unit on 1800 065 522 and answer a series of questions about the exempted activity. You will need to have a copy of your exemption with you at the time of making the call, and be able to provide information about the area and time of the exempted activity, the vehicles and/or boats involved, the number of agents undertaking the exempted activity and other related issues. Exemption No. 9902058.

5. The exemption holder must provide a written report detailing the outcomes of the collection of organisms pursuant to this notice to the Director of Fisheries, (G.P.O. Box 1625, Adelaide, S.A. 5001) upon completion, giving the following details:

- the date and time of collection;
- the description of all species collected; and
- the number of each species collected.

6. While engaged in the exempted activity, the exemption holder must be in possession of a copy of this notice. Such notice must be produced to a PIRSA Fisheries Compliance Officer if requested.

7. The exemption holder must not contravene or fail to comply with the Fisheries Act 1982 or any regulations made under that Act, except where specifically exempted by this notice.

Dated 5 November 2007.

Note—

Unless the contrary intention appears, terms used in this policy that are defined in the Act have the respective meanings assigned to those terms by the Act.

3—Object of policy

Pursuant to section 11 of the Act, this policy—

- (a) identifies an aquaculture zone and an aquaculture exclusion zone; and
- (b) specifies, for the aquaculture zone—
 - (i) the classes of aquaculture permitted in the zone; and
 - (ii) prescribed criteria to be taken into account in the determination of applications for licences or in the making of other decisions under the Act in relation to the zone.

4—Prescription of criteria does not limit matters that may be taken into account

This policy does not limit the matters that may be taken into account in the determination of applications for licences or in the making of other decisions under the Act.

Part 2—Anxious Bay aquaculture zone

5—Identification of aquaculture zone

The Anxious Bay aquaculture zone comprises the state waters described in Schedule 1 Part 1.

6—Class of permitted aquaculture

The classes of aquaculture permitted in the Anxious Bay aquaculture zone are—

- (a) the farming of molluscs other than mussels or oysters; and
- (b) the farming of algae.

7—Prescribed criteria

- (1) In the determination of applications for licences and in the making of other decisions under the Act in relation to the Anxious Bay aquaculture zone, it must be taken into account that—
 - (a) the zone must not contain more than 120 hectares of leased area for the farming of molluscs other than mussels or oysters; and
 - (b) the aggregate biomass of molluscs other than mussels or oysters being farmed in the waters in the zone at any 1 time must not exceed 1 200 tonnes or, if some other amount is specified by the Minister by notice in the Gazette, that other amount.
- (2) This clause does not limit the matters that may be taken into account in the determination of applications for licences or in the making of other decisions under the Act.
- (3) The Minister may vary or revoke a notice in the Gazette made under subclause (1)(b) by subsequent notice in the Gazette.

Part 3—Anxious Bay aquaculture exclusion zone

8—Identification of aquaculture exclusion zone

The Anxious Bay aquaculture exclusion zone comprises the state waters described in Schedule 1 Part 2.

 - (d) the nature of the interest and of any benefit derived from the interest; and
 - (e) if the interest consists of a shareholding in a prescribed business—the number, nominal value and class of shares held and particulars of any voting rights exercisable by the holder at a meeting of shareholders.

- (2) For the purposes of section 63(2) of the Act, details of the change in the information referred to in subregulation (1) must be given to the Board by the person.
- (3) For the purposes of the definition of *health service* in section 63(7) of the Act, naturopathy services are declared to be a health service.

13—Information relating to claim against registered person to be provided

- (1) For the purposes of section 71(1)(a) and (2)(a) of the Act, the information relating to a claim referred to in that section to be provided to the Board within 30 days after the claim is made is—
 - (a) the nature of the pharmacy service that is alleged to have been carried out negligently; and
 - (b) full details of the alleged negligence; and
 - (c) the address of the premises at which the negligence is alleged to have occurred; and
 - (d) the time at which and the date on which the negligence is alleged to have occurred; and
 - (e) full details of the injury suffered or allegedly suffered by the claimant as a result of the alleged negligence; and
 - (f) the date of the claim.
- (2) For the purposes of section 71(1)(b) and (2)(b) of the Act, the information relating to the claim referred to in that section to be provided to the Board within 30 days after any order is made by a court to pay damages or other compensation in respect of that claim or any agreement has been entered into for payment of a sum of money in settlement of that claim (whether with or without a denial of liability) is—
 - (a) information adequate to identify the claim; and
 - (b) details of any change in information previously provided to the Board relating to the claim; and
 - (c) details of the order or agreement (including the amount ordered or agreed to be paid).

14—Fees

- (1) The Board may fix—
 - (a) fees or charges for the purposes of the Act;
 - (b) fees or charges for services provided by the Board in the exercise of its functions under the Act.
- (2) However, no fee may be charged for registration on the pharmacy student register.
- (3) The Board may recover a fee or charge fixed under this regulation by action in a court of competent jurisdiction as a debt due to the Board from the person liable for payment of the fee or charge.

Schedule 1—Revocation and transitional provision

Part 1—Revocation of *Pharmacists Regulations 2006*

1—Revocation of regulations

The *Pharmacists Regulations 2006* are revoked.

Part 2—Transitional provision

2—Transitional matter

A person who was a member of the Board immediately before the commencement of Schedule 1 clause 5(2) of the Act may continue to act as a member of the Board for the purpose of continuing and completing proceedings under the repealed Act.

Note—

As required by section 10AA(2) of the *Subordinate Legislation Act 1978*, the Minister has certified that, in the Minister's opinion, it is necessary or appropriate that these regulations come into operation as set out in these regulations.
