PETROLEUM ACT 2000

SECTION 25 (5) (b)

Variation and Suspension of Petroleum Exploration Licences— PELs 154 and 155

NOTICE is hereby given that under the provisions of the Petroleum Act 2000, pursuant to delegated powers dated 28 March 2002, *Gazetted* 11 April 2002, page 1573, the conditions of the abovementioned Exploration Licences have been varied as follows:

Condition 1 of each licence is omitted and the following substituted:

'1. During the term of the licence, the licensee shall carry out or cause to be carried out exploratory operations on the area comprised in the licence in accordance with such work programs as are approved by the Minister from time to time. Years one to five exploratory operations are guaranteed. These exploratory operations shall include but not necessarily be limited to:

Year of Term of Licence	Minimum Work Requirements
One	Geological and geophysical studies.
Two	Geological and Geophysical studies; Soil-gas survey.
Three	Acquire a selected 100 km of existing original raw 2D seismic data; conduct WEA reprocessing and analysis of selected seismic data.
Four and Five	Acquire 35 km ² of 3D seismic data or acquire 50 line km of new 2D seismic data; One well; Review studies; Renewal studies.

Variation to each licence merges the years 4 and 5 work programmes and provides an option to acquire either 35 km² of 3D seismic data or 50 line kms of new 2D seismic data. The revised work requirements as a result of this variation would not have altered the outcome of the original competitive tender process.

2. The Exploration Licences have been suspended from and including 28 September 2007 to 27 March 2008.

The expiry date of Exploration Licences PEL 154 and PEL 155 is now determined to be 30 June 2009.

WILDERNESS PROTECTION ACT 1992

*Decision not to Proceed with the Proposal to Proclaim the
Ngarkat Wilderness Protection Area*

I, GAIL GAGO, Minister for Environment and Conservation, hereby give notice under the provisions of section 22 (6) (g) of the Wilderness Protection Act 1992, that I have decided not to proceed with the proposal to constitute the Ngarkat Wilderness Protection Area.

This decision was made following community consultation on the proposal in which concerns were raised about fire management and impacts on the apiary industry. In light of these concerns, I believe that the National Parks and Wildlife Act 1972, provides the most appropriate framework to manage Ngarkat Conservation Park.

Conservation
