**Government
of South Australia**

**TREASURER'S
QUARTERLY STATEMENT**

for the

**THREE MONTHS and SIX MONTHS ended on
31 DECEMBER 2007 and 31 DECEMBER 2006**

*Presented by the
Honourable Kevin Foley MP
Treasurer of South Australia*

GOVERNMENT OF SOUTH AUSTRALIA**COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE QUARTERS
ENDED 31 DECEMBER 2007 AND 31 DECEMBER 2006*****Receipts****Taxation*

Payroll tax receipts for the first six months of 2007-08 and the December quarter 2007 were higher than for the same periods in 2006-07 (notwithstanding the cut in the payroll tax rate from 5.5% to 5.25% effective from 1 July 2007) reflecting buoyancy in employment and earnings in the State flowing through to taxable payrolls.

Growth in stamp duty revenue mainly reflects underlying strength in the property market impacting on conveyance duty receipts, while the higher land tax collections reflects underlying growth in land values.

Gambling tax receipts for the first six months of 2007-08 and the December quarter 2007 were also higher than for the same periods a year ago, reflecting higher expenditure on gaming machines in hotels and clubs.

Recoveries

Recoveries for the first half of 2007-08 were higher than for the same period in 2006-07 mainly due to the once-off return of \$18.8 million in surplus funds to the Consolidated Account from the Department for Environment and Heritage's Accrual Appropriation Excess Funds special deposit account.

Fees and Charges

Fees and charges were higher in the first half of 2007-08, compared with the same period in 2006-07 as a result of higher Land Services Fees and SA Police Infringement Notice Scheme receipts.

Royalties

The decrease in royalty revenue for the six months to the December quarter 2007 compared with the same period a year ago reflects lower receipts from Olympic Dam resulting from a lower volume and value of copper sales. This decline is partially offset by higher receipts for other minerals, oil and gas.

The lower royalty revenue in the December quarter 2007 compared with the December quarter 2006 is largely due to lower receipts from Olympic Dam.

Commonwealth – General Purpose Grants

Growth in general purpose grants in the first six months of 2007-08 and the same period of 2006-07 is not indicative of underlying Goods and Services Tax (GST) revenue growth. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government at the commencement of a financial year rather than in accordance with the actual pattern of monthly GST collections.

The Commonwealth in its 2007-08 Mid Year Economic and Fiscal Outlook estimates that the total GST pool will grow by around 6.8 per cent in 2007-08.

Commonwealth – Specific Purpose Grants

The lower level of Commonwealth Specific Purpose Grants in the December quarter of this year, compared with the same period last year, reflects the timing of grants from the Commonwealth in respect of Legal Aid. The December quarter 2006 figure includes two quarterly payments from the Commonwealth in relation to Legal Aid whereas the December quarter 2007 figure included only one quarterly payment.

Other Receipts

Other receipts were higher in the first half of 2007-08 compared with the same period in 2006-07 due to the timing of the South Australian Housing Trust's payment of interest and principal in respect of the various Concessional Housing Loans, paid in July 2007 instead of June 2007, and the repayment in full of the Department for Environment and Heritage's capital investment loan with the Treasurer.

Payments

Payments were made pursuant to the *Appropriation Act 2007* and also in accordance with various other Acts for which specific appropriation has been authorised.

Payments made from the Consolidated Account during the first half of 2007-08 were higher than the same period in 2006-07.

The higher level of payments was in line with the higher budgeted appropriation for 2007-08 compared with 2006-07.

Note

Considerable caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State budget, which comprises transactions on an accrual basis, the information reflected in the quarterly statements is limited to cash transactions. In addition, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts to and payments from special deposit accounts). Finally, it should be noted that the timing of receipts and payments could be volatile within a particular year. As a result, apparently significant movements between years may only be due to changes in the timing of receipts and payments, and therefore may not have implications for the underlying budget position.

- (1) This subregulation applies to a contributor who—
- (a) is employed in the Public Service; and
 - (b) is, while retaining a position in the Public Service (a *substantive position*), occupying a position with a host employer (the *alternative position*).

- (2) Despite any other regulation (and despite any provision to the contrary in the Act), the salary of a contributor to whom subregulation (1) applies will, for the purposes of determining contributions and benefits, be determined in accordance with the following:

(a) if—

- (i) the contributor has occupied the alternative position for 12 months or more; and
- (ii) the contributor's host employer has entered into an arrangement with the Board under which the employer agrees to pay to the Treasurer an amount sufficient to meet the cost of the employer financed share of benefits payable to the contributor that is attributable to the contributor's employment with the host employer,

- (iii) if the contributor's remuneration in respect of the alternative position is the same as, or less than 25% higher than, his or her remuneration in respect of a substantive position occupied by the contributor immediately before beginning to occupy the alternative position, the contributor's salary for the purpose of determining contributions and benefits will be taken to be his or her salary in respect of the alternative position;

- (3) If—
- (a) subregulation (1) ceases to apply to a contributor because he or she is no longer occupying a position with a host employer and has returned to a substantive position; and
- (b) the contributor's remuneration in respect of such a substantive position is lower than his or her remuneration in respect of the alternative position immediately before he or she ceased to occupy that position,

the contributor's salary for the purpose of determining benefits is, subject to subregulation (4), to be determined in accordance with the following formula:

- (5) For the purposes of the definition of **S₁** and **S₂** in subregulations (2)(a)(iv) and (3), if the position, or the classification level of the position, occupied by a contributor no longer exists when his or her salary is to be determined, adjustments will then be made according to changes in the Consumer Price Index from the day on which the position or classification level ceased to exist.

- (a) the contributor was employed by the entity pursuant to an arrangement under which the definition of salary in the Act was modified in its application to, or in relation to, employees to which the arrangement related; and
 - (b) a purpose of the modification was to ensure that the salary received by employees in their employment with the relevant entity was recognised for the purposes of the definition of salary only in respect of the period of the employee's service with the entity.
- (2) Despite any other regulation (and despite any provision to the contrary in the Act), if the highest level of salary received by a contributor to whom this regulation applies in his or her position with the relevant entity was higher than the salary received by the contributor in his or her employment with the Public Service, the contributor's salary will, for the purposes of determining contributions and benefits, be determined in accordance with the method for determining salary specified under the arrangement.
