The register will be made available on request to the Chief Veterinary Officer, South Australia.
- The property of origin is not, an Infected Premise (IP) Dangerous Contact Premise (DCP) or Suspect Property (SP) in regard to Equine Influenza (EI).
- No horse on the property of origin including the donor horse has had clinical evidence of EI (including a temperature of 38.5° Celsius or higher and evidence of respiratory problems such as coughing or nasal discharge) at the time of sample collection or within the preceding 21 days.
- The donor horse has not had contact with equipment (including tack, semen collection and storage equipment) or persons (including farm workers, veterinarians and visitors to the property) that have been on a known IP, DCP or SP within the preceding 14 days.

THE PERSON NAMED IN THE ATTACHED DECLARATION IS REQUIRED TO ENSURE  
THAT THESE CONDITIONS ARE MET

PENALTIES APPLY for NON COMPLIANCE

The following procedures MUST be followed for collection, storage and transportation of equine reproductive material:

- a. All equipment used for collection of the sample must be thoroughly cleaned and disinfected prior to use and between each animal. Teaser mares must be thoroughly washed with soap.
- b. The semen should be collected in a "closed system" to minimise the risk of airborne contamination of the collection material. For example, the orifice of the artificial vagina should be shielded until immediately before use.
- c. After collection of the sample, it must be handed to a person who has had no direct contact with the donor or collection personnel..
- d. Within the laboratory, the sample must be transferred to a suitable transport container that has been thoroughly cleaned and disinfected. The transfer technique must ensure no contact with the external surfaces of the collection container. Once sealed, the external surfaces of the container must again be disinfected. The transport container must have no contact with the horse or collection personnel.
- e. The transport container must then be placed in a suitable transportation box that has been thoroughly disinfected inside and outside.
- f. If the material is examined in a laboratory (e.g. sperm counts, dilutions etc.) all equipment that comes into contact with the sample should be discarded or thoroughly cleaned and disinfected. Bench tops must be disinfected between sample processing of individual animals. Sample from only one animal is allowed in the laboratory at any one time (apart from those samples already processed and placed into boxes ready for shipment).
- g. The recipient must be advised that on receipt of the package, they must immediately disinfect the outside of package before opening the package.
- h. The recipient must be advised to immediately contact the Chief Veterinary Officer in their jurisdiction if the recipient horse displays any clinical evidence of Equine Influenza (including a temperature of 38.5° Celsius or higher and evidence of respiratory problems such as coughing or nasal discharge)

## FOREWORD

It is intended that these Guidelines will assist applicants with the formalities of obtaining and continuing registration. It is also intended to explain briefly the role and functions of the Board.

The Chiropody Board of South Australia was established by the Chiropodists Act 1950, which was proclaimed on 2 July 1951.

On 31 August 2006 the Podiatry Practice Act 2005 ("the Act") was proclaimed and the new Podiatry Board of South Australia was established. Under this Act the Board is now responsible for registering podiatrists and podiatry students. The Board must also keep a list of podiatric service providers.

The Board is the Statutory Authority in this State responsible for the administration of the Act which protects the health and safety of the public by providing for registration of practitioners and students, the regulation of the provision of podiatric treatment for the purpose of maintaining high standards of competence and conduct by those who provide it, and for other purposes.

In accordance with Section 6 of the Act the Board consists of nine members appointed by the Governor, and of these:

- four must be registered podiatrists chosen at an election;
- one must be a registered podiatrist who gives instruction in podiatry at a university in South Australia selected from a panel of three persons nominated by the Council of the University of South Australia;
- one must be a legal practitioner nominated by the Minister;
- one must be a registered member of a health profession other than that of podiatry nominated by the Minister; and
- two must be persons nominated by the Minister who are not eligible for appointment under any of the preceding provisions (laypersons).

Members of the Board are appointed for a term of office not exceeding three years but are eligible for reappointment upon the expiration of their term of office. However a member may not hold office for consecutive terms that exceed 9 years in total.

The Board meets regularly on the third Thursday of each month except in January. The agenda closes one week prior to the date set for such meetings.

Pursuant to Section 14 of the Act the functions of the Board are as follows:

- " (1) *The functions of the Board are as follows:*
- (a) *to oversee the practice of podiatry in the public interest;*
  - (b) *to approve, after consultation with authorities considered appropriate by the Board, courses of education or training that provide qualifications for registration under this Act;*
  - (c) *to determine, after consultation with authorities considered appropriate by the Board, the requirements necessary for registration under this Act;*
  - (d) *to establish and maintain the registers contemplated by this Act;*
  - (e) *to prepare or endorse, subject to the approval of the Minister, codes of conduct or professional standards for registered persons or codes of conduct for podiatric services providers;*
  - (f) *to prepare or endorse guidelines on continuing podiatric education for podiatrists;*

- (g) *to establish administrative processes for handling complaints received against registered persons, podiatric services providers or persons who occupy positions of authority in corporate or trustee podiatric services providers (which may include processes under which the registered person, provider or person who occupies the position voluntarily enters into an undertaking);*
  - (h) *to provide advice to the Minister as the Board considers appropriate;*
  - (i) *to carry out other functions assigned to the Board by or under this Act or by the Minister.*
- (2) *The Board must perform its functions under this Act with the object of protecting the health and safety of the public by achieving and maintaining high professional standards both of competence and conduct in the provision of podiatric treatment in this State. "*

Registered practitioners are urged to fully acquaint themselves with the Act and Regulations, the Code of Professional Conduct & Practice, and the Board's various guidelines and policies.

Clarification or information relating to any matter may be sought from the office of the Board or by visiting the Board's website [www.pbsa.sboards.com.au](http://www.pbsa.sboards.com.au).

## 1. REGISTRATION

### (a) Natural Persons – General or Specialist Register

The prerequisites for registration of natural persons are defined in Section 27 (1) of the Act:

*"Subject to this Act a natural person is eligible for registration on the general register, and a person registered on that register is eligible for registration on the specialist register in a particular specialty, if the person, on application to the Board, satisfies the Board that he or she -*

- (a) has qualifications approved or recognised by the Board for the purposes of registration on the register or in the specialty to which the application relates; and*
- (b) has met the requirements determined by the Board to be necessary for the purposes of registration on that register or in that specialty; and*
- (c) is medically fit to provide podiatric treatment of the kind authorised by registration on that register; and*
- (d) is, unless exempted by the Board, insured or indemnified in a manner and to an extent approved by the Board against civil liabilities that might be incurred by the person in connection with the provision of podiatric treatment as a podiatrist; and*
- (e) is a fit and proper person to be registered on that register or in that specialty."*

An application for registration must be made in the approved form and must be accompanied by the application fee and annual practice fee (refer Schedule of Fees – enclosed) and all requested supporting documentation.

A person cannot be registered on the specialist register unless the person is also registered on the general register.

All applicants will be required to undergo a criminal history check (refer Item 4 of these Guidelines) and a 100 point identity check.

For information on the cover necessary for professional indemnity insurance refer to Item 2 of these Guidelines.

Recent graduates who have not been confirmed their degree/diploma must provide a letter from the Head of School or Registrar of the awarding institution certifying that they have successfully completed all requirements for the award of the degree/diploma and are eligible to graduate. A certified copy of the degree parchment certificate OR academic transcript should be provided to the Board as soon as available.

All new registrants, including students, are issued with a Certificate of Registration, Annual Practising Certificate, a copy of the Act & Regulations, and other Board publications. All publications are also available to download and print from the Board's website.

**(b) Students**

Section 28 of the Act states that:

*“(1) A person is not entitled to—*

- (a) undertake a course of study that provides qualifications for registration on the general register; or*
- (b) provide podiatric treatment as part of a course of study related to podiatry being undertaken by the person in a place outside the State,*

*unless the person is registered under this section as a podiatry student.*

*(2) A person is eligible for registration as a podiatry student on the podiatry student register, if the person, on application to the Board, satisfies the Board that he or she—*

- (a) genuinely requires registration on that register—*
  - (i) to enable the person to undertake a course of study that provides qualifications for registration on the general register; or*
  - (ii) to enable the person to provide podiatric treatment as part of a course of study related to podiatry, as the case may be, being undertaken by the person in a place outside the State; and*

*(b) is medically fit to provide podiatric treatment of the kind authorised by registration on the podiatry student register; and*

*(c) is a fit and proper person to be registered on the podiatry student register.*

*(4) If a person who applies for registration, or reinstatement of registration, on the podiatry student register is not, in the opinion of the Board, medically fit to provide podiatric treatment of the kind authorised by registration on that register, the Board may register the person on that register in pursuance of this subsection (limited student registration) and impose 1 or more of the following conditions on the registration:*

- (a) a condition limiting the kind of podiatric treatment that the person may provide;*
- (b) a condition limiting the period during which the registration will have effect;*
- (c) a condition requiring that the person be supervised in the provision of podiatric treatment by a particular person or by a person of a particular class;*
- (d) such other conditions as the Board thinks fit.”*

An application for registration must be made in the approved form and must be accompanied by all requested supporting documentation. Applicants for student registration must provide evidence of offer of enrolment in their course of study.

There is no registration fee payable.

All applicants will be required to undergo a criminal history check (refer Item 4 of these Guidelines) and a 100 point identity check.

Students who fail to register or remain registered will have their enrolment cancelled by the University (if the University is located in South Australia). Students will be subject to the Board's Code of Professional Conduct & Practice and disciplinary powers.

**(c) Mutual Recognition/Trans Tasman Mutual Recognition**

The Mutual Recognition (SA) Act 1993, adopts the Mutual Recognition Act 1992, of the Commonwealth and the Trans Tasman Mutual Recognition (SA) Act 1999 adopts the Trans Tasman Mutual Recognition Act 1997, of the Commonwealth, as a law of the State and provides that a person who is registered in one State/Territory or New Zealand for an occupation is, by virtue of the Commonwealth Act entitled after notifying the local registration authority of another State/Territory or New Zealand for the equivalent occupation -

- to be registered in that other State/Territory or New Zealand for the equivalent occupation; and
- pending such registration, to carry on the equivalent occupation in that other State/Territory or New Zealand.

The manner of carrying on an occupation and the continuance of registration is subject to the laws of the other State/Territory or New Zealand.

A person who lodges a duly completed notice/application under Mutual Recognition or Trans Tasman Mutual Recognition with a local registration authority of a State/Territory or New Zealand is, pending the grant or refusal of registration, taken to be registered. Such registration is called "deemed registration" and the Board is required to determine the application within one month from the "lodgement date". Deemed registration in one State/Territory or New Zealand does not itself provide a basis for registration in another jurisdiction.

Once considered, the Board may grant what is called "substantive registration" which is registration under the law of the relevant State/Territory or New Zealand. Conditions may be applied to a person's registration.

Should a person's registration in any State/Territory or New Zealand -

- (a) be cancelled or suspended; or
- (b) be subject to a condition

on disciplinary grounds, or as a result of, or in anticipation of, criminal, civil or disciplinary procedures, then the person's registration in the other jurisdiction(s) is affected in the same way. The Board however, does have discretion given the circumstances of the matter.

An application for registration under Mutual Recognition or Trans Tasman Mutual Recognition must be made on the relevant form for this purpose.

The application form can be obtained from the Board's website or by contacting the office of the Board, in which case it will be forwarded without delay together with the Board's Guidelines on Registration and Code of Professional Conduct & Practice.

The application fees are the same as for natural persons (refer Schedule of Fees – enclosed). Payment of both the application fee and annual practice fee is a condition of registration and non-payment will result in refusal to grant registration or deemed registration.

The Board must give the person who lodges an application for registration, a notice in writing of its decision to grant registration, or to postpone or refuse the grant of registration, or to impose conditions on registration. Applicants must give consent to the making of inquiries or, and the exchange of information with, the authorities of any State/Territory or New Zealand regarding his or her activities in the practice of the profession or matters relevant to the notice. Deemed registration or substantive registration may be refused if any of the information supplied on the application form or accompanying documents is materially false or misleading.

Applicants must provide with their application, an original or certified copy of a document evidencing current registration in another State/Territory or New Zealand and proof of identity. From the moment a person is deemed registered that person will be subject to all the requirements of the Podiatry Practice Act 2005, and Regulations, and the Board's Code of Professional Conduct & Practice, with respect to the practice of podiatry in this State. Persons are therefore urged to fully acquaint themselves with these documents.

A certificate of full registration together with other Board publications will be forwarded to the registrant upon the grant of substantive registration.

**(d) Recognised Qualifications**

Pursuant to Section 27 (1) (a) of the Act the Board has prepared a list of entry level and specialist qualifications which are recognised for the purposes of registration, and this list is enclosed.

**(e) Provisional Registration**

Section 29 of the Act states:

- " (4) If it appears likely to the Registrar that the Board will grant an application for registration, the Registrar may provisionally register the applicant (provisional registration).*
- (5) Provisional registration remains in force until the Board determines the application.*
- (6) The registration by the Board under this Act of a person who was provisionally registered has effect from the commencement of the provisional registration. "*

Provisional registration enables a practitioner to commence practise prior to full registration being granted and carries with it all rights and privileges of full registration.

**(f) Limited Registration**

Section 27 of the Act states:

- " (2) If a person who applies for registration, or reinstatement of registration, on the general register or on the specialist register or in a particular specialty—*
- (a) does not, in the opinion of the Board, have the necessary qualifications or experience required for registration on that register or in that specialty; or*
- (b) is not, in the opinion of the Board, medically fit to provide podiatric treatment of the kind authorised by registration on that register; or*
- (c) is not, in the opinion of the Board, a fit and proper person to be registered on that register or in that specialty,*
- the Board may register the person on the register or in that specialty in pursuance of this subsection (limited registration)—*
- (d) in order to enable the person—*
- (i) to do whatever is necessary to become eligible for full registration under this Act; or*
- (ii) to teach or to undertake research or study in this State; or*

**(i) Certification of Documents**

All required documents must be either originals or certified copies. Each document submitted for certification must be in the form of a photocopy with the original document available for sighting.

A certified copy means that copies of your original documents must be certified as a true and accurate record of the original by either a Justice of the Peace, Notary Public, Commissioner for Taking Affidavits (Solicitor, Barrister), Proclaimed Police Officer, or Proclaimed Manager of ADI (Authorised Depositing Institution, eg. Credit Union, Post Office, Bank).

Each page of each document must be marked as follows:

*"I have sighted the original document and certify this to be a true copy of the original",*

followed by the title, name, address, licence number and signature of the certifier, and the date of certification.

If all documents have not been correctly certified your application cannot be processed and it will be returned to you.

Please note that Justices of the Peace are available at the offices of the Board.

**(j) Medical Examination or Report**

Section 71 of the Act states:

*" (1) The Board may, for any purpose associated with the administration or operation of this Act require a registered person or a person who is applying for registration or reinstatement of registration to—*

*(a) submit to an examination by a health professional, or by a health professional of a class, specified by the Board; or*

*(b) provide a medical report from a health professional, or from a health professional of a class, specified by the Board,*

*(including an examination or report that will require the person to undergo some form of medically invasive procedure).*

*(2) If a person fails to comply with a requirement made under subsection (1), the Board may suspend the person's registration until further order of the Board.*

*(3) In this section—*

**health professional** means—

*(a) a medical practitioner; or*

*(b) a psychologist; or*

*(c) any other person who belongs to a profession, or who has an occupation, declared by the Board, by notice in the Gazette, to be a profession or occupation within the ambit of this definition. "*

## 2. PROFESSIONAL INDEMNITY INSURANCE

Section 64 of the Act states that:

- " (1) *A registered person or podiatric services provider must not, unless exempted by the Board, provide podiatric treatment unless insured or indemnified in a manner and to an extent approved by the Board against civil liabilities that might be incurred by the registered person or podiatric services provider, as the case may be, in connection with the provision of podiatric treatment.*
- (2) *The Board may, subject to such conditions as it thinks fit, exempt a person, or a class of persons, from the requirements of this section and may, whenever it thinks fit, revoke an exemption or revoke or vary the conditions under which an exemption operates."*

The Board has determined that registered podiatrists and podiatric service providers must possess a minimum level of \$5 000 000 professional indemnity insurance cover for any one claim.

Breaches of this section may incur a maximum \$10 000 fine.

In considering which person or class of persons the Board may exempt under clause 64 (2) of the Act the Board has ruled that a podiatrist who conducts a practice and attends members of the public (including partners and family members) shall not be eligible for exemption.

Non-practising podiatrists will however be exempt from the requirements of this section (refer Item 6 of these Guidelines).

In addition, it is a requirement under Section 27 (1) (d) of the Act that applicants for registration must provide evidence of insurance cover prior to registration being granted (either certificate of currency/compliance from the insurer/broker or letter from employer confirming employment and insurance cover).

If an applicant is unable to provide evidence of insurance cover when applying for registration, the Board may grant "Limited" registration, in order for the applicant to gain employment, on the condition that the applicant does not engage in the practice of podiatry until the Board is provided with evidence of appropriate insurance. Upon receipt of this evidence the Board will remove this condition on registration.

**Note:** Pursuant to Section 55 of the Act:  
*"A person who contravenes, or fails to comply with, a condition imposed under this Act on the person's registration is guilty of an offence.  
Maximum penalty: \$75 000 or imprisonment for 6 months"*

The Board may also institute disciplinary proceedings for unprofessional conduct for failure to comply with a provision of the Act.

The requirement to provide evidence of current professional indemnity insurance cover will also apply to applicants for renewal of registration.

### 3. ENGLISH LANGUAGE PROFICIENCY

A high level of English language proficiency is essential to enable podiatrists to communicate with patients, other podiatrists and other professionals, to write reports that often deal with complex matters and to maintain professional standards.

Applicants for registration (under the Podiatry Practice Act 2005) as a podiatrist or podiatry student in South Australia, for whom English is not the first or native language, need to submit evidence to the Board of competency in both oral and written communication in English, as demonstrated by the following:

- Achieved a minimum score of 7 in each of the four components (Listening, Reading, Writing and Speaking) in the International English Language Testing System (IELTS) examination (Academic Module).
- Obtained an overall pass in the Occupational English Test (OET) administered by the Centre for Adult Education with grades A or B only in each of the four components.

Results of these tests must have been obtained within 2 years prior to applying for registration.

An IELTS or OET Report more than two years old will be accepted as evidence of present level of ability if accompanied by proof that an applicant has actively maintained employment as a podiatrist in a country where English is the native or first language.

An exemption may apply when the applicant can provide evidence of:

- (a) completion of all components of their qualification for registration at a tertiary institution where programs and assessments are conducted in English; and/or
- (b) at least three years practice of the profession as a registered podiatrist (or its equivalent in the country of practice) using English as the primary means of communication; and/or
- (c) successful completion of the overseas qualifications assessment process carried out by the Australasian Podiatry Council (APodC).

#### NOTE:

1. The applicant is responsible for the cost of the English tests.
2. Pass results in each component of either the IELTS or OET must be obtained at the one sitting, ie. pass results in a module from a previous attempt at either examination cannot be carried forward to a subsequent sitting which, when combined, would give an overall pass in the examination.
3. Specific details regarding the English language testing systems are available at:  
IELTS - [www.ielts.org](http://www.ielts.org)  
OET - [www.oet.com.au](http://www.oet.com.au)
4. The Board will accept the entry level English language requirements of the education provider (University) for overseas persons applying for student registration.

#### 4. CRIMINAL HISTORY RECORD CHECK

All applicants for registration with the Podiatry Board of South Australia must either provide the Board with consent to undertake a criminal history record check (utilising the Commonwealth agency, CrimTrac) or provide the Board with a National Police Certificate.

The Board's costs in obtaining the criminal history check for persons applying for registration as a podiatrist are subsidised by the Board.

There is no legal requirement for an applicant to give their consent for the Board to conduct a criminal history record check. However if the applicant does not provide consent for the Board to undertake a criminal history check then a National Police Certificate must be enclosed with the application for registration. The applicant's costs in obtaining this National Police Certificate will be their own responsibility. Applications are available at local Police Stations.

Full details regarding the criminal history record check are set out in Appendix B of the relevant application form.

Offences will be assessed using the following general guidelines:

- Child protection implications, age and vulnerability
- Relevance in a practice environment
- The gravity and nature of convictions
- Circumstances surrounding the offence(s), whether alcohol, drugs or a weapon was involved

## 5. RENEWAL OF REGISTRATION

Section 32 of the Act provides for an application for renewal of registration to be made to the Board by registered podiatrists and podiatry students by 31 May each year (dated fixed by Board).

Notices of renewal are forwarded to the postal address of all registrants in April every year. Reminder notices are sent to those applicants who do not pay on time.

Upon receipt of a duly completed application form, requested supporting documentation and annual practice fee (refer Schedule of Fees – enclosed) the Board will renew a registrant's registration for a period of twelve months expiring on the last day of June in the following year. A receipt and an annual practising certificate are issued. Students are not required to pay the annual practice fee.

If renewal of registration is not effected by the 31 May (date fixed by Board) in the given year, the registrant's name may be removed from the appropriate Register pursuant to Section 32 (3) of the Act and the person concerned would no longer be entitled to practise as or hold out as a podiatrist (refer Item 12 "Offences and Definitions" of these Guidelines). Renewal of registration is not possible once registration has lapsed and the name removed from the Register. Once registration has lapsed it is necessary for persons to apply for reinstatement of registration (refer Item 8 of these Guidelines).

Should either the renewal form, supporting documents or annual practice fee not be received by the due date, the application for renewal will not be processed and the person will be removed from the Register.

## 6. NON-PRACTISING PODIATRISTS

At the time of annual renewal, podiatrists will have the option to renew as "non-practising". It should be noted that it is not possible for a registrant to change their status to "non-practising" during the year, this option is only available at renewal time.

Podiatrists who wish to remain on the register but who are non-practising within the State of South Australia will be exempt from the requirement to provide evidence of professional indemnity insurance and the requirement to engage in continuing education (ongoing competency).

The Board has determined that the definition of a non-practising podiatrist is as follows:

*"Podiatrists who are not engaging in any form of podiatric practice including but not limited to remunerated or unremunerated consultations or procedures, writing referrals and signing documents requiring the exercise of knowledge and skills of a podiatrist, within the State of South Australia."*

Therefore any practitioners involved in the practice of podiatry for any purpose (including for partners and family members) must be registered and suitably insured. Practitioners who are not practising within the State of South Australia may remain on the register once paying the appropriate fee but will be exempt from providing evidence of insurance and continuing professional development. Such practitioners may include:

- Those currently interstate or overseas who are not practising within South Australia;
- Retirees who are not engaging in any of the above podiatric practices.

Non-practising podiatrists must sign a declaration which is available from the Board's website under "Registration".

Practitioners who wish to return to practice within a period of 5 years must apply to the Board to change their registration status and provide evidence of their appropriate insurance cover. These practitioners must also pay the balance between the non-practising fee that has already been paid, and the appropriate annual practice fee applicable at that time of year.

Practitioners who have not practised for a period of 5 years or more must apply to the Board as above (including payment of the appropriate fee) and must also comply with Section 38 of the Act which states:

- “ (1) A registered person who has not provided podiatric treatment of a kind authorised by his or her registration for a period of 5 years or more must not provide any such treatment for fee or reward without first obtaining the approval of the Board.  
Maximum penalty: \$20 000*
- (2) The Board –*
- (a) may, before granting its approval under subsection (1), require the applicant to obtain qualifications or experience specified by the Board and for that purpose may require the applicant to undertake a specified course of instruction or training in podiatry; and*
  - (b) may impose 1 or more of the following conditions on the applicant’s registration:*
    - (i) a condition restricting the places and times at which the applicant may provide podiatric treatment;*
    - (ii) a condition limiting the kind of podiatric treatment that the applicant may provide;*
    - (iii) a condition requiring that the applicant be supervised in the provision of podiatric treatment by a particular person or by a person of a particular class;*
    - (iv) such other conditions as the Board thinks fit. ”*

Also refer to Item 12 “Offences and Definitions” of these Guidelines in relation to restrictions on the provision of podiatric treatment.

## **7. REMOVAL FROM THE REGISTER**

Section 30 of the Act states:

- “ (1) The Registrar must, on application by a registered person, remove the person from the register or specialty to which the application relates.*
- (2) The Registrar must remove from the appropriate register or specialty a person—*
- (a) who dies; or*
  - (b) who ceases to hold a qualification required for registration on that register or in that specialty; or*
  - (c) who ceases for any other reason to be entitled to be registered on that register or in that specialty; or*
  - (d) who completes, or ceases to be enrolled in, the course of study that formed the basis for the person’s registration on the podiatry student register; or*
  - (e) whose registration on that register or in that specialty has been suspended or cancelled under this Act.*
- (3) If a person who is on the specialist register is removed from the general register, the person must also be removed from the specialist register.*
- (4) The Registrar may act under subsection (2) or (3) without giving prior notice to the relevant person. ”*

## 8. REINSTATEMENT TO THE REGISTER/RE-REGISTRATION

If registration is allowed to lapse for any reason persons must re-apply for registration using the same forms, fees and procedure as for initial registration.

It is not necessary to resubmit evidence of qualifications which is already held on file. Current copies of all other information/documents requested on the application form must be provided.

Section 31 of the Act states:

- “(1) A person who has been removed from a register or specialty under this Act—*
- (a) on his or her application; or*
  - (b) on account of failure to pay the annual practice fee or to furnish the return required under section 32; or*
  - (c) on account of failure to pay a fine imposed on the person by the Board under this Act; or*
  - (d) on account of the person—*
    - (i) ceasing to hold a qualification required for registration on that register or in that specialty or otherwise ceasing to be entitled to be registered on that register or in that specialty; or*
    - (ii) ceasing to be enrolled in the course of study that formed the basis for the person's registration on the podiatry student register,*
- may apply to the Board at any time for reinstatement on that register or in that specialty.*
- (2) A person whose registration on a register or in a specialty has been suspended may apply to the Board for reinstatement on that register or in that specialty (but not, in the case of an order for suspension for a specified period, until after the expiry of that period).*
  - (3) A person who has been disqualified from being registered on a register or in a specialty under this Act may, subject to the terms of the order for disqualification, apply to the Board for reinstatement on that register or in that specialty.*
  - (4) An application for reinstatement must—*
    - (a) be made to the Board in the manner and form approved by the Board; and*
    - (b) be accompanied by the reinstatement fee fixed under this Act.*
  - (5) An applicant for reinstatement must, if the Board so requires provide the Board with specified information to enable the Board to determine the application.*
  - (6) The Board may require an applicant for reinstatement of registration—*
    - (a) to submit a medical report or other evidence acceptable to the Board as to the applicant's medical fitness to provide podiatric treatment of the kind authorised by registration on the register to which the application relates; or*
    - (b) to obtain additional qualifications or experience specified by the Board before the Board determines the application.*
  - (7) Subject to this section, the Board must reinstate on the appropriate register or in a specialty an applicant under this section if satisfied that the applicant is eligible for registration on that register or in that specialty.*
  - (8) The Board may refuse to reinstate the applicant on the appropriate register or in a specialty until all complaints (if any) laid against the applicant under this Act have been finally disposed of.”*

## 9. CHANGE OF NAME AND ADDRESS

In accordance with Section 25 (4) of the Act a registered person must, within 1 month after changing his or her name or nominated contact address, inform the Registrar in writing of the change. The corresponding penalty for breaches of this Section is a maximum penalty of \$250.

Registered persons are also asked to ensure that the Board is always advised of any change of postal, employment or residential addresses, email and phone numbers. This may be done by telephone provided proof of identity can be established.

## 10. ADDITIONAL QUALIFICATIONS

At any time a registered podiatrist may apply to have additional qualifications entered on the Register.

These qualifications will be assessed by the Board on an individual basis against the following policy/criteria adopted by the Board in November 2006:

### 1. Australian Qualifications

The Board will recognise for entry on the Register qualifications from institutions listed and accredited by the Australian Qualifications Framework under "Universities and Other Self-Accrediting Higher Education Institutions" and "Non Self-Accrediting Higher Education Institutions".

### 2. Overseas Qualifications

The Board will recognise for entry on the Register qualifications from institutions listed and recognised by Australian Education International, National Office of Overseas Skills Recognition (AEI-NOOSR) under "Higher Education" in their Country Education Profiles at the level of Bachelor Degree or above.

A new certificate of registration may be requested.

The fees for such applications and duplicate certificates appear in the enclosed Schedule of Fees.

## 11. PODIATRIC SERVICE PROVIDERS

Section 33 of the Act states:

- " (1) *A podiatric services provider must—*
- (a) *in the case of a person who was a podiatric services provider immediately before the commencement of this section—within 60 days of that commencement; and*
  - (b) *in any other case—within 60 days of becoming such a provider, give written notice to the Board of—*

Under the Act an exempt provider means:

- “ (a) *a recognised hospital, incorporated health centre or private hospital within the meaning of the South Australian Health Commission Act 1976; or*

- (8) *For the purposes of this Act a person who holds more than 10 per cent of the issued share capital of a public company will be regarded as a person occupying a position of authority in that company.* ”

A service provider must possess a minimum level of \$5 million professional indemnity insurance cover for any one claim (refer Item 2 of these Guidelines).

Service providers will be subject to the Board's Code of Professional Conduct & Practice and disciplinary powers.

## PODIATRY BOARD OF SOUTH AUSTRALIA

### Investigation Process – Unprofessional Conduct/Fitness to Practice

#### 1. INTRODUCTION

The Podiatry Board of South Australia (“the Board”) is a statutory authority created by the **Podiatry Practice Act 2005** (“the Act”).

The Board’s role is to protect the health and safety of the public and ensure the provision of the best possible podiatry care for the community. The Board has authority to investigate the **professional conduct and fitness to practise** of registered practitioners, and service providers and to impose sanctions where necessary.

Registered practitioner includes podiatrists and podiatry students.

A service provider is a person (not being a podiatrist) who provides podiatry through the instrumentality of a podiatrist or podiatry student, but does not include an exempt provider.

Exempt provider means:

- a recognised hospital, incorporated health centre or private hospital within the meaning of the SA Health Commission Act 1976; or
- any other person declared by the Regulations to be an exempt provider.

#### 2. ADMINISTRATIVE PROCESSES

In accordance with Section 14 of the Act:

“(1) *The functions of the Board are as follows ...*

- (g) *to establish administrative processes for handling complaints received against registered persons, podiatric services providers or persons who occupy positions of authority in corporate or trustee podiatric services providers (which may include processes under which the registered person, provider or person who occupies the position voluntarily enters into an undertaking);”*

and

“(4) *The administrative processes established by the Board for handling complaints received against registered persons, podiatric services providers or persons who occupy positions of authority in corporate or trustee podiatric services providers must be designed –*

- (a) *to be fair to both the aggrieved person and the respondent; and*
- (b) *to keep both the aggrieved person and the respondent properly informed about the steps taken by the Board in response to the complaint; and*
- (c) *to provide, where appropriate, opportunities for the clarification of any misapprehension or misunderstanding between the aggrieved person and the respondent; and*
- (d) *to keep both the aggrieved person and the respondent properly informed about the outcome of the processes; and*
- (e) *to take into account the needs of particular classes of persons who may otherwise suffer disadvantage in the conduct of those processes.”*

### 3. **UNPROFESSIONAL CONDUCT**

There is proper cause for disciplinary action against a registered practitioner if the person is guilty of unprofessional conduct, or against a service provider if the provider has engaged in conduct that would, if the person were a registered person, constitute unprofessional conduct.

Unprofessional conduct is defined in the Act as including:

- “ (a) *improper or unethical conduct in relation to professional practice; and*
- (b) *incompetence or negligence in relation to the provision of podiatric treatment; and*
- (c) *a contravention of or failure to comply with –*
- (i) *a provision of this Act; or*
- (ii) *a code of conduct or professional standard prepared or endorsed by the Board under this Act; and*
- (d) *conduct that constitutes an offence punishable by imprisonment for 1 year or more under some other Act or law. ”*

A reference in the Act to unprofessional conduct extends to:

- (a) unprofessional conduct committed before the commencement of the Act; and
- (b) unprofessional conduct committed within or outside South Australia or the Commonwealth.

A reference in the Act to “*engaging in conduct*” includes a reference to failing or refusing to engage in conduct.

In case law, unprofessional conduct includes conduct which may reasonably be held to violate, or to fall short of, to a substantial degree, the standard of professional conduct observed and approved by members of the profession of good repute and competency.

The Board has published a “Code of Professional Conduct & Practice” which practitioners and service providers are expected to comply with. A breach of the Code may lead to a complaint of unprofessional conduct being laid under the provisions of the Act. The Code may be downloaded from the Board’s website [www.pbsa.saboard.com.au](http://www.pbsa.saboard.com.au) under “Publications”.

### 4. **FITNESS TO PRACTICE (Fit and Proper)**

There is proper cause for disciplinary action against a registered practitioner if the person is, for any reason, no longer a fit and proper person to be registered on the appropriate Register, and against a service provider if the provider is, for any reason, not a fit and proper person to be a provider.

Fitness and propriety of a person relates to knowledge, competency, honesty, moral integrity, ability and character.

The Board uses the following case law as a guide to the meaning of the term “fit and proper”:

Sobey v Commercial and Private Agents Board (1979)  
22 SASR 70, at page 76 per Walters J:

*“The issue whether an appellant has shown himself to be a fit and proper person within the meaning of section 16 (1) of the Act is not capable of being stated with any degree of precision. But for the purposes of the case under appeal, I think all that I need to say is that, in my opinion, what is meant by that expression is that an applicant must show not only that he is possessed of a requisite knowledge of the duties and responsibilities devolving upon him as the holder of a particular licence under the Act, but also that he is possessed of sufficient moral integrity and rectitude of character as to permit him to be safely accredited to the public, without further inquiry, as a person to be entrusted with the sort of work to which the licence entails. The burden clearly lay upon the appellant to satisfy the board of his fitness and propriety to hold the licences for which he applied.”*

Medical fitness of a practitioner is treated separately under the Act and an application to the Board to inquire into the matter can only be made by the Registrar, Minister or a representative body.

The Board must have regard to the question of whether the practitioner is able to provide podiatry personally to a client without endangering the client’s health or safety.

## **5. NOTIFICATION OF A COMPLAINT/PRELIMINARY CONSIDERATION**

Upon receipt of a Notification of Complaint it will be considered by the Board at its next scheduled meeting. The Board will normally refer the matter to the Registrar for preliminary consideration by the Complaints Committee.

The Complaints Committee comprises the Registrar and one or more Board members, or members of the profession appointed by the Board.

In the majority of cases the notification and attachments will be forwarded by registered mail to the practitioner or service provider seeking a response to the allegations. This response may then be forwarded to the notifier for a right of reply, and once received the matter will again be considered by the Complaints Committee. This process may take 1-3 months.

**Note:** Complaints made to the Board in good faith are covered by qualified privilege (which provides defence against proceedings for defamation) but complaints made maliciously and without regard to the truth are not.

## **6. INVESTIGATIONS**

In accordance with Section 41 of the Act:

- “ (1) *If there are reasonable grounds for suspecting –*
- (a) that there is proper cause for disciplinary action against a person; or*
  - (b) that a podiatrist or podiatry student is medically unfit to provide podiatric treatment, as the case may be; or*
  - (c) that a person is guilty of an offence against this Act,*
- an inspector may investigate the matter.*

- (2) *For the purposes of an investigation, an inspector may –*
- (a) *at any reasonable time, enter and inspect premises of a registered person or premises on which the inspector reasonably suspects an offence against this Act has been or is being committed; or*
  - (b) *with the authority of a warrant issued by a magistrate or in circumstances in which the inspector reasonably believes that immediate action is required, use reasonable force to break into or open any part of, or anything in or on any premises referred to in paragraph (a); or*
  - (c) *while on premises entered under paragraph (a) or (b), seize and retain anything found on the premises that the inspector reasonably believes may afford evidence relevant to the matters under investigation; or*
  - (d) *require any person who has possession of documents or records relevant to the matters under investigation to produce those documents or records for inspection, including written records that reproduce in a readily understandable form information kept by computer, microfilm or other process; or*
  - (e) *inspect any documents or records produced to the inspector and retain them for such reasonable period as the inspector thinks fit, and make copies of the records or documents; or*
  - (f) *require any person who is in a position to provide information relevant to the matters under investigation to answer any question put by the inspector in relation to those matters; or*
  - (g) *take photographs, film or video or audio recordings; or*
  - (h) *if the inspector reasonably suspects that an offence against this Act has been or is being committed, require the suspected offender to state his or her full name and address. ”*

The Registrar is an authorised Inspector. In addition, other appropriate persons may be authorised as Inspectors to investigate the complaint and the Board may utilise the Government Investigations Unit of the Attorney-General's Department, or private investigators.

The Complaints Committee will consider the inspector's report and if necessary obtain legal advice from the Crown Solicitor and advice from expert witnesses. If this is warranted the process may take 3-6 months.

The Registrar may, on the advice of the Complaints Committee or in his absolute discretion, at any stage during, or after, the investigation determine that:

- (a) No further action be taken on the grounds that:
  - the notification of complaint is frivolous\*, vexatious\* or has no merit;
  - there is insufficient evidence to substantiate laying a formal complaint of unprofessional conduct before the Board.

(\*Frivolous means "of little or no weight" or "lack of seriousness". \*Vexatious means "causing annoyance" or "instituted without sufficient grounds".)

- (b) Whether or not the notification of complaint constitute grounds for the taking of disciplinary action, the:
- notifier be invited to participate in an interview by the Complaints Committee to explain any misunderstandings that may have occurred;
  - practitioner or service provider be invited to participate in an interview by the Complaints Committee to discuss aspects of his/her professional practice that may be improved. These sessions are voluntary and designed to be educational in order to avoid further complaints being made;
  - The subject matter of the complaint may be determined as suitable for mediation and an independent mediator may be appointed;
  - practitioner or service provider voluntarily enter into an undertaking with the Board.
- (c) The practitioner be invited to undergo an examination by a specified health professional.
- (d) The practitioner be invited to participate in an assessment of their competency by a podiatrist, or competency review panel.
- (e) An inquiry be held into the conduct of the practitioner or service provider as detailed in a formal complaint to the Board lodged by the Registrar (or in some cases the Minister or a representative body declared by the Regulations).

- Note:**
- (i) All information given by the notifier, practitioner or service provider during the investigation or in any interview, mediation, health examination or competency assessment may be used as evidence in subsequent disciplinary proceedings.
  - (ii) A practitioner's conduct during an investigation and level of assistance with the Board's complaint handling processes may be taken into account by the Registrar when determining whether grounds exist for disciplinary action.
  - (iii) Given that the role of the notifier is that of "informant" rather than "prosecutor" the notifier is not entitled to have access to the investigation documentation or minutes of the Board.
  - (iv) Complaints outside the jurisdiction of the Act, or complaints involving summary offences against the Act, are referred to the relevant authorities or to the Crown Solicitor's Office for investigation/prosecution.
  - (v) The Complaints Committee has the discretion to go in any direction in the investigative process as it deems appropriate given the circumstances of individual matters.
  - (vi) Also refer to Part 4, Division 2 "Investigations" of the Act.

A flowchart of the investigation process is attached as Appendix I.

Details of categories of complaint used by the Board appears as Appendix II.

## 7. PROCEEDINGS BEFORE THE BOARD

Pursuant to Section 20 of the Act:

- “ (1) *In proceedings before the Board under this Act, the Board –*

  - (b) *must act according to equity, good conscience and the substantial merits of the case without regard to technicalities and legal forms.*
- (2) *In proceedings before the Board under this Act, the Board must keep the parties to the proceedings properly informed as to the progress and outcome of the proceedings. ”*

With respect to inquiries by the Board as to matters constituting grounds for disciplinary action, Section 45 of the Act states:

- “ (1) *A complaint setting out matters that are alleged to constitute grounds for disciplinary action against a person may be laid before the Board (in a manner and form approved by the Board) by—*
- (a) *the Registrar; or*
  - (b) *the Minister; or*

- (2) *If a complaint is laid under this section, the Board must inquire into the subject matter of the complaint unless the Board considers that the complaint is frivolous or vexatious.*
- (3) *If a complaint has been laid under this section by or on behalf of an aggrieved person and the Board is satisfied that the complaint arose from a misapprehension on the part of the complainant or from a misunderstanding between the parties, it may, before proceeding further with the hearing of the complaint, require the parties to attend before the Registrar in order to clarify the misapprehension or misunderstanding.*
- (4) *If, after conducting an inquiry under this section, the Board is satisfied on the balance of probabilities that there is proper cause for disciplinary action against the respondent, the Board may, by order, do 1 or more of the following:*
- (a) *censure the respondent;*
  - (b) *require the respondent to pay to the Board a fine not exceeding \$10 000;*
  - (c) *if the respondent is a registered person—*
    - (i) *impose conditions on the respondent's registration restricting the respondent's right to provide podiatric treatment;*

- (d) *prohibit the respondent from carrying on business as a podiatric services provider;*
  - (e) *prohibit the respondent from occupying a position of authority in a corporate or trustee podiatric services provider.*
- (5) *The Board may—*
- (a) *stipulate that a disqualification or prohibition under subsection (4) is to apply—*
    - (i) *permanently; or*
    - (ii) *for a specified period; or*
    - (iii) *until the fulfilment of specified conditions; or*
    - (iv) *until further order;*
  - (b) *stipulate that an order relating to a person is to have effect at a specified future time and impose conditions as to the conduct of the person or the person's business until that time.*
- (6) *If—*
- (a) *a person has been found guilty of an offence; and*
  - (b) *the circumstances of the offence form, in whole or in part, the subject matter of the complaint,*
- the person is not liable to a fine under this section in respect of conduct giving rise to the offence.*
- (7) *The Board may—*
- (a) *fix a period within which a fine imposed under this section must be paid;*
  - (b) *on application by a person liable to pay a fine imposed under this section, extend the period within which the fine must be paid.*
- (8) *A fine imposed under this section is recoverable by the Board as a debt.*
- (9) *The Board may, without further notice, remove from the appropriate register a person who fails to pay a fine imposed under this section. ”*

Usually counsel from the Crown Solicitor's Office will be appointed to represent the Registrar at the inquiry and the notifier's role will be that of witness. The registered practitioner or service provider the subject of the inquiry has the right to appear and be represented at the inquiry.

Section 19 of the Act relates to the powers of the Board in relation to witnesses.

Inquiries are held in private and the names of the notifier and witnesses are suppressed in any order or finding which is released by the Board. Depending on the complexity of the inquiry, a further 6-12 months may elapse.

**Note:** Also refer to Part 4, Division 3 "Proceedings before the Board" of the Act.

## **8. COMPLAINT DIRECTLY TO BOARD**

It is open for a person who is aggrieved by the conduct of the practitioner or service provider (or if a child or a person suffering from mental or physical incapacity, by a person acting on his or her behalf) to lay a complaint directly to the Board, and the Board must inquire into the subject matter of the complaint unless the Board considers that the complaint is frivolous or vexatious.

Such an inquiry, if held, will be conducted by the aggrieved person or the person's representative (solicitor) at his/her own expense.

If the person does not prove the allegations of unprofessional conduct, the Board has the power to award costs against the person.

For these reasons, aggrieved persons are strongly urged to refrain from laying a formal complaint until the investigation process by the Board is completed and the Registrar has determined whether or not to lay a formal complaint before the Board.

## 9. COSTS

The Board as a regulatory and judicial body can recover its costs of investigation and proceedings before the Board, which can be quite substantial.

In accordance with Section 22 of the Act:

- “ (1) *The Board may award such costs against a party to proceedings before it as the Board considers just and reasonable.*
- (2) *A party who is dissatisfied with the amount of the costs awarded by the Board may request a Master of the District Court to tax the costs and, after taxing the costs, the Master may confirm or vary the amount of the costs awarded by the Board.*
- (3) *Costs awarded by the Board under this section may be recovered as a debt. ”*

It should be noted that the practitioner/service provider and the Registrar are parties to proceedings.

## 10. APPEALS

In accordance with Section 51 of the Act:

- “ (1) *An appeal lies to the District Court against –*
- (a) *a refusal by the Board to register, or reinstate the registration of, a person under this Act; or*
- (b) *the imposition by the Board of conditions on a person's registration under this Act; or*
- (c) *a decision made by the Board in proceedings under Part 4.*
- (2) *An appeal under subsection (1) (c) against a decision may be instituted by the complainant or the respondent in the proceedings in which the decision was made.*
- (3) *An appeal must be instituted within 1 month of the date of the decision appealed against. ”*

**Note:** Also refer to Part 5 “Appeals” of the Act.

## 11. PUBLICATION

## 1. Introduction

This document is the policy of the Podiatry Board of South Australia on the employment and use of assistants (or support staff) by registered podiatrists.

This policy should be read in conjunction with the Board's Code of Professional Conduct & Practice.

This policy is the standard against which a registered podiatrist will be evaluated in relation to the use of assistants in their practice.

For the purpose of this document, the term "assistant" will be used and "registered/ supervising/ treating practitioner" will mean a "podiatrist" registered under the Act.

## 2. Definition

An assistant is a member of staff employed within a facility or private practice who assists the registered practitioner in the efficient delivery of their services to their patients.

The extent to which the assistant can be involved in treatment is defined in this document.

The supervising practitioner is required to comply with the requirements of the Board's Code of Professional Conduct & Practice.

***The registered practitioner is always directly accountable for the scope of practice of the assistant and the care the patient receives and is vicariously liable for the conduct of the assistant.***

## 3. Role responsibilities

### 3.1 Role responsibilities of employer

The employer has an obligation to provide an environment to ensure the following role responsibilities can be fulfilled.

### 3.2 Role responsibilities of the registered practitioner

The registered practitioner has the responsibility to ensure that:

- The assistant is clearly and correctly identified as an assistant.
- The assistant understands the scope and limits of their responsibilities.
- The assistant is trained to the appropriate level of competence for the tasks required in that facility.
- The assistant is provided with clear direction of the work to be undertaken.
- There are clearly defined lines of communication and delegation.
- The quality of the work of the assistant is regularly evaluated to ensure they are safe, effective, efficient and competent.
- At no time is an assistant to be requested or required to undertake a task which is outside their competence and cannot be delegated as defined in this policy.

### **3.3 Role responsibilities of the assistant**

The assistant must:

- Respect the rights and dignity of all individuals and be sensitive to their needs.
- Maintain confidentiality of patient information.
- Recognise the extent and limitations of their role responsibilities and only undertake activities that they are competent and delegated to perform.
- Maintain high standards of personal behaviour and conduct.
- Display professionalism toward other health providers.

## **4. Employment of podiatry students as assistants**

Podiatry students should not undertake employment where their developing knowledge as a student is being used to fulfil tasks that would normally be undertaken only by a registered practitioner.

Registered practitioners who employ podiatry students as assistants must adhere to this Policy of the Board.

## **5. Training of assistants**

Formal training for assistants should be encouraged to ensure an appropriate knowledge base and minimum standards of practice. Assistants should complete the A Pod A [SA] Assistants Course or equivalent study as determined by the registered practitioner/board.

Additional competence based training is required to meet the specific requirements of the particular workplace. A training log and written procedures should be made available to the assistant where applicable.

A review of performance should be conducted annually.

## **6. Supervision of assistants**

The assistant is professionally responsible to and must work under the direction and supervision of a designated registered practitioner.

Supervision may be direct or indirect as identified by the registered practitioner and may depend on:

- Practice setting and type of service
- The nature of the task
- The acuity and/or stability of the patient's condition
- The complexity of the patient's needs
- The level of competence of the assistant

The lines of responsibility must be clearly defined both in terms of employment, in relation to the supervising practitioner and in keeping with roles as defined in the policy. An assistant must have:

- a specifically designated podiatrist supervisor
- documented instructions from the supervising practitioner which are regularly reviewed

## 7. Reporting Processes

Where the assistant may be undertaking administrative activities away from the direct supervision of the registered practitioner the job description should specify:

- the required methods, content and frequency of reporting
- the process for reporting emergency situations to the appropriate health care professional

## 8. Roles of assistants

- The assistant must be trained in the correct and safe treatment protocol.
- The treatment must be clearly delineated by the treating practitioner.
- Undertake all warning and safety procedures; instruct the patient in the contraindications and the expected reactions of the technique to be applied.
- Reassess the patient at least annually for the condition being treated.

The registered practitioner bears full responsibility for the use and application of any treatment.

The following activities must not be delegated to an assistant or any other person who is not a registered practitioner or a student on supervised clinical practice, under any circumstances. Thus, an assistant must not apply:

Date of Commencement

1. *Preliminary*

- 1.1. These Rules may be cited as the Lotteries (Keno) Rules.
- 1.2. These Rules will come into operation on the date specified in Schedule 2.
- 1.3. These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
- 1.4. These Rules apply to the lottery known as “Keno”.

2. *Interpretation*

- 2.1. In these Rules and in each part of these Rules unless the contrary intention appears:

“claim period” means the period commencing immediately after the draw (“relevant day”) and ending at the close of business on the 14th day thereafter. If the 14th day is a Saturday, Sunday or public holiday the claim period will end at the Commission’s close of business on the immediately preceding working day;

“combination entry” means in the case of an SA Lotteries combination coupon an entry whereby the numbers selected in each of between 1 and 4 panels may be played either individually (as singles) or in combination with such other numbers in other panels; and in the case of an SA TAB issued coupon an entry whereby the numbers selected will be played in every possible combination equivalent to 15 games;

“Keno” means a lottery drawn at such intervals as the Commission determines during such hours of such days as the Commission determines, in which the player is required to forecast between 1 and 10 numbers out of 20 numbers drawn from the range of numbers 1 to 80 inclusive;

“permitted multiple” means such number as the Commission determines;

“SA Lotteries combination coupon” means a coupon or electronic request for entry consisting of 4 panels;

“SA TAB and its sub-agencies” means SA TAB Pty Ltd ACN 097 719 107 and such of its agencies as are authorised to sell entries in Keno;

“SA TAB issued coupon” means a coupon or electronic request for entry consisting of 1 panel allowing for single entries or combination entries equivalent to 15 games;

“spot number” means the quantity of numbers to be selected and played;

“spot numbers area” means the designated area on a coupon or electronic request for entry wherein the spot number is required to be marked to correspond with the numbers to be played.

3. *Entry*

- 3.1. To create an entry a player must select or cause to be selected between 1 and 10 numbers. The numbers selected should not be duplicated.
- 3.2. The quantity of numbers selected by the player under Rule 3.1 is the spot number and the player must mark the spot number area or cause it to be marked accordingly, i.e. by inserting a number equal to the quantity of numbers selected.

- 3.3. An entry will participate in 1 draw only for the number of games paid for and selected.
- 3.4. The minimum number of games to be completed will be 1.
- 3.5. There will be no limit to the maximum number of games that can be played, save that in any one draw:
  - 3.5.1. the Commission may decline to issue more than 1 000 entries to a player; and
  - 3.5.2. a player can be issued with entries costing no more than \$99 999.
- 3.6. The Commission may determine that it will decline to accept any specified entry or class of entry. Such determination may be expressed to operate either generally or in circumstances specified in the determination.
- 3.7. A player may nominate the amount played on their number selection in a draw or series of draws by marking the appropriate amount in the "\$ value per game" area. The amount so nominated will be payable in respect of each game nominated (and in the case of a combination entry, in respect of every possible combination that results in a selection of numbers) and must be a permitted multiple.
- 3.8. To create a combination entry on an SA Lotteries combination coupon, a player must identify the type(s) of combination entries required by marking the appropriate mark(s) in the "combination" area or request the terminal to generate a combination entry as nominated.
  - 3.8.1. If "singles" is marked, each panel marked will be considered an individual entry.
  - 3.8.2. If "doubles" is marked, each combination of 2 panels marked will be considered an individual selection.
  - 3.8.3. If "triples" is marked, each combination of 3 panels marked will be considered an individual selection.
  - 3.8.4. If "quads" is marked, each of the 4 panels marked will be considered an individual selection.
  - 3.8.5. Marking "all" will have the same effect as marking all of the other combination options and will cause all possible combinations of the marked panels to be played.
  - 3.8.6. A coupon must not be marked with any type(s) of combination entry that would result in a combination of panels having more than 10 different selected numbers.
- 3.9. To create a combination entry on an SA TAB issued coupon, a player must:
  - 3.9.1. select between 4 and 10 numbers to play the equivalent of 15 games using different combinations of the selected numbers in a single draw;
  - 3.9.2. mark "Combo"; and
  - 3.9.3. mark the spot number in the spot numbers area equal to the quantity of numbers selected.

- 3.10. Subject to Rule 5, a player must submit only:
    - 3.10.1. the coupon provided for that purpose from time to time by the Commission or as otherwise approved by the Commission;
    - 3.10.2. an Easiplay Club card in respect of which regular wagers have been nominated (except as SA TAB and its sub-agencies); or
    - 3.10.3. an electronic request for entry in such format as the Commission determines.
  - 3.11. If a player marks more or fewer than the specified number of selections in a panel, a ticket will not issue. The player may be required to complete another coupon.
  - 3.12. A player will not be able to register any Keno game purchases made at SA TAB and its sub-agencies on his/her Easiplay Club membership card.
4. *Consecutive Draws*
- 4.1. A player may enter their number selections for a series of consecutive draws by marking the appropriate selection(s) in the “consecutive draws” area or by verbally requesting such an entry. The number of consecutive draws that may be entered in this way is up to 500 draws or such other number as the Commission determines.
  - 4.2. The rules governing entries will apply to every consecutive draw entry.
5. *Easi-Pick Entry*
- 5.1. A player may play by means of an Easi-Pick nomination at the selling point. The Commission or Agent must enter the information nominated by the player into the terminal and cause it to generate an entry of the type nominated by the player (except at SA TAB and its sub-agencies).
  - 5.2. The player may obtain an Easi-Pick entry by marking the “Easi-Pick” area and, in respect of each panel required to be played, the quantity of numbers to be selected by marking the corresponding square in the “spot numbers” area.
  - 5.3. An Easi-Pick entry can be nominated using the terminal keyboard and the entry will be printed on a ticket generated by the terminal, and the printed selections will be deemed to be those selections nominated to the Commission or Agent as if they were marked on a coupon by the player in accordance with these Rules (except at SA TAB and its sub-agencies).
6. *Determination of Winning Numbers*
- 6.1. Each draw will be identified by a date and a number.
  - 6.2. For each draw, the computer system operated by the Commission will cause 20 winning numbers to be selected from the numbers 1 to 80.
7. *Prize Pool Allocation*
- 7.1. Only one prize can be won in any one game.

7.2. The prizes payable will be as designated in Schedule 1, subject to Rules 7.3, 7.4 and 7.5.

7.3. The prize for 10 hits in a spot 10 entry:

7.3.1. if there is 1 winner, will be the amount designated in Schedule 1.

7.3.2. if there is more than 1 winner, will be apportioned between such winners in accordance with the following formula:

$$W = \frac{E_w}{E_t} \times (G_a + J)$$

(where W is the amount payable to a particular winner;  
 E<sub>w</sub> is the entry fee paid by the particular winner for the winning selection of numbers;  
 E<sub>t</sub> is the total of all entry fees paid by all winners in respect of winning selections of numbers;  
 G<sub>a</sub> is the guaranteed amount—see Rule 7.4;  
 J is the jackpot—see Rule 7.4).

7.4. From time to time, the Commission may set aside a proportion of the total amount received from Spot 10 entry fees to any draw or series of draws. The amounts set aside will be accumulated by the Commission to constitute the guaranteed amount and the jackpot and be applied as follows:

7.4.1. The jackpot will be distributed from time to time as additional or increased prize money to Spot 10 winners together with the guaranteed amount in such draws and in such amounts as the Commission determines.

7.4.2. If there is no Spot 10 winner in any draw in which the jackpot is offered, the jackpot will be added to the jackpot in the next draw in which the jackpot is offered and this jackpotting will continue until there is a Spot 10 winner.

7.5. Other than prizes for 10 hits in a Spot 10 entry, if:

7.5.1. the total amount of the prizes in any draw exceeds \$500 000; and

7.5.2. a prize is equal to or greater than \$1 001 other than by reason of the fact that the permitted multiple of the entry was greater than 1,

that prize will be reduced (scaled) to an amount calculated in accordance with the following formula:

$$P = \frac{W \times \$500\,000}{W_t}$$

(where P is the scaled prize;  
 W is the amount payable to a particular winner under Schedule 1; and  
 W<sub>t</sub> is the total of all prizes payable to all winners under Schedule 1).

## 8. *Prize Structure*

8.1. The prize structure in a draw will be in accordance with Schedule 1 and Rule 7.

9. *Prize Claims*

- 9.1. In the case of Spots 8, 9 and 10 prizes:
  - 9.1.1. prize money will be distributed after the claim period has elapsed;
  - 9.1.2. claims lodged within the claim period and determined by the central computer to be prize winning entries and any entries subsequently identified within the claim period as prize winning entries will share equally in the prize pool available to winners in the respective Spot; and
  - 9.1.3. any player who claims to be entitled to a prize must lodge a claim with the Commission.
- 9.2. In the case of prizes other than Spots 8, 9 and 10 prizes:
  - 9.2.1. prize money will be paid as soon as practicable after the draw either at the Commission or through any SA Lotteries selling point terminal for entries purchased from SA Lotteries, or at SA TAB or through any of its sub-agencies selling Keno tickets, for entries purchased from SA TAB, on presentation of the ticket or record of electronic entry and evaluation by a terminal subject to these Rules.
  - 9.2.2. Any player who claims to be entitled to a prize but:
    - 9.2.2.1. whose entry has not been identified by the central computer system as a prize winning entry;
    - 9.2.2.2. claims that their entry has been incorrectly evaluated by the Commission; or
    - 9.2.2.3. has not on application to a selling point terminal obtained confirmation that their entry has won the prize,must lodge a claim with the Commission.
- 9.3. A claim under Rule 9.1.3 or 9.2.2:
  - 9.3.1. may be lodged with the Commission either personally or by registered mail;
  - 9.3.2. must reach the Commission within the claim period;
  - 9.3.3. must be accompanied by the ticket or record of electronic entry in respect of which the claim is made, clearly endorsed with the claimant's full name and address; and
  - 9.3.4. if posted, must be accompanied by a self-addressed envelope bearing the correct postage.
- 9.4. The Commission:
  - 9.4.1. will not be obliged to recognise any claim not identified as a prize winning entry by the central computer within 12 months of the relevant day; and
  - 9.4.2. may in its absolute discretion accept or refuse to accept a claim in whole or in part.
- 9.5. The Commission will keep the results of each draw for a period of 12 months from the relevant day and make the results available for perusal at any time during that period.
