MARINERS are advised that in response to the worsening drought conditions affecting water levels in the Murray Lakes, Alexandrina and Albert, that works are in progress to construct an earthen levee wall from the western extremity of the Poltalloch Road Causeway to a position close to the south of the Narrung Narrows Boat Ramp. A Channel blocked signal consisting of three lights vertically disposed, the upper and lower being red and the middle being green in colour, and a day shape consisting of three shapes, the upper and lower being spherical and the middle cone shape-apex upwards, will be displayed from the mid-point of the levee wall.
