- (5) If a person is appointed as a member of the committee on the nomination of a body, a person appointed as his or her deputy must also be appointed on the nomination of that body.
- (6) If a body fails to nominate a person within 6 weeks of a written request to do so from the Minister, the Minister may appoint such person as the Minister thinks fit and that person will be taken to have been duly appointed as a member or deputy member (as the case may require) of the committee.

5—Variation of Schedule 14—Fees and levies

- (1) Schedule 14, clause 1(a)—after "fee" insert:
or levy

- (2) Schedule 14—after clause 2 insert:

2A—Calculation of facilities levy

- (1) The amount of a facilities levy set out in clause 3 is the amount payable if registration, inspection or survey of the vessel is for a 12 month period.
- (2) If a vessel is registered, inspected or surveyed for a period other than 12 months, a pro rata adjustment is to be made to the amount of the facilities levy set out in clause 3 by applying the proportion that the number of months in the period of registration, inspection or survey bears to 12 months.
- (3) If—
 - (a) a facilities levy for a vessel has been paid in respect of a period (the *initial period*); and
 - (b) a further facilities levy becomes payable for the vessel because a certificate of registration, inspection or survey is proposed to be issued for a period (the *subsequent period*) that commences before the expiry of the initial period,

the amount of the facilities levy payable on the registration, inspection or survey of the vessel for the subsequent period is to be reduced by the amount of the facilities levy already paid in respect of the whole months for which the initial period and subsequent period overlap.

- (4) If the amount of the facilities levy already paid in respect of the whole months for which the initial period and subsequent period overlap is greater than the amount payable for the subsequent period, no facilities levy is payable.

Example—

A vessel is registered as a fishing vessel on 1 January 2010 for a period of 2 years and a facilities levy of \$100 is paid. A decision is made to use the vessel as a trading vessel and so it is surveyed for a period of 1 year commencing on 1 July 2010. No facilities levy is payable on survey if the amount that would be payable apart from this subregulation is less than \$50 (being the amount of the facilities levy already paid in respect of the period 1 July 2010 to 30 June 2011). If the vessel is further surveyed for a period of 1 year commencing on 1 July 2011, the levy then payable will be that payable for the year less \$25 (being the amount of the facilities levy already paid in respect of the period 1 July 2011 to 31 December 2011).

- (3) Schedule 14, clause 3, item 43 and heading before item 43—delete the item and heading and substitute:
