Department of the Premier and Cabinet  
Adelaide, 12 March 2009

HIS Excellency the Governor's Deputy directs it to be notified for general information that he has in the name and on behalf of Her Majesty The Queen, this day assented to the undermentioned Acts passed by the Legislative Council and House of Assembly in Parliament assembled, viz.:

No. 8 of 2009—Statutes Amendment (Transport Portfolio—Alcohol and Drugs) Act 2009. An Act to amend the Harbours and Navigation Act 1993; the Motor Vehicles Act 1959; the Rail Safety Act 2007 and the Road Traffic Act 1961.

No. 9 of 2009—Mount Gambier Hospital Hydrotherapy Pool Fund Act 2009. An Act to allow for donations for a hydrotherapy pool at Mount Gambier Hospital to be returned to donors or applied for another purpose.

By command,

MICHAEL O'BRIEN, for Premier

DPC06/0875

Department of the Premier and Cabinet  
Adelaide, 12 March 2009

HIS Excellency the Governor's Deputy in Executive Council has been pleased to appoint the undermentioned to the Electricity Supply Industry Planning Council, pursuant to the provisions of the Electricity Act 1996:

Director: (from 12 March 2009 until 11 March 2010)

John Eastham  
Lewis William Owens  
Jane Elizabeth Yuile

Chair: (from 12 March 2009 until 11 March 2010)

John Eastham

By command,

MICHAEL O'BRIEN, for Premier

MEN08/012

Department of the Premier and Cabinet  
Adelaide, 12 March 2009

HIS Excellency the Governor's Deputy in Executive Council has been pleased to appoint Paul Joseph Case to the position of Chief Executive, Olympic Dam Taskforce for a term of three years commencing on 12 March 2009 and expiring on 11 March 2012, pursuant to section 68 of the Constitution Act 1934.

By command,

MICHAEL O'BRIEN, for Premier

DPC 025/03CS

Department of the Premier and Cabinet  
Adelaide, 12 March 2009

HIS Excellency the Governor's Deputy in Executive Council has been pleased to appoint the persons listed, to the list of legally qualified medical practitioners for the purpose of constituting Medical Panels for a period of three years commencing 12 March 2009, pursuant to section 98 (2) of the Workers Rehabilitation and Compensation Act 1986:

Given Name	Middle Name	Surname	Specialty
Richard		Heah	General Practitioner
Colin	George	Mills	Occupational Physician
Ingrid		Wangel	General Practitioner
Stephanie		Partridge	General Practitioner
Andrew		Sutherland	Orthopaedic Surgeon
Arduino	Aleksander	Mangoni	General Practitioner
Geoffrey	James	Graham	Occupational Physician
John	Putnam	Bastian	Rehabilitation Physician

David	Bates	Bowman	Gastroenterologist
Graham	Russell	Norton	Neurologist
John	Christopher	Meegan	Occupational Physician
Jeganath		Krishnan	Orthopaedic Surgeon
John	Alexander	Cross	Occupational Physician
Donald		Reid	Gastroenterologist
Peter		Jezukaitis	Occupational Physician
Edward		Mah	Orthopaedic Surgeon
David		Fitzgerald	General Practitioner
Reece	Ian	Jennings	General Practitioner
Nicholas	Gerasimos	Vlachoulis	General Practitioner
David	Alan	Cherry	Pain Medicine Specialist
Jonathan		Sporne	General Practitioner
Christopher	John	Branson	Psychiatrist
Anthony	Chee Keong	Thoo	Occupational Physician
Celia	Mary	Cooper	General Medicine Specialist
Orso	Lorenzo	Osti	Orthopaedic Surgeon
Graham	Robert	Sinclair	Urologist
Andris	Peteris	Darzins	General Practitioner
Malcolm	Douglas	Smith	Rheumatologist
Penelope	Anne	Briscoe	Pain Medicine Specialist
Brian	Patrick	Brophy	Neurosurgeon
Mark		Holmes	General Medicine Specialist
Thomas	Craig	Paterson	Psychiatrist
Julian	David	Mcneil	Rheumatologist
Thomas	Alexander	Frayne	ENT Surgeon
Paul	Laszlo	Pers	General Practitioner
Kevin		Angel	Orthopaedic Surgeon
Timothy		Burrough	General Practitioner
Robin		Chase	Occupational Physician
Edward		Marzec	ENT Surgeon
Gary	Kenneth	Clothier	Rehabilitation Physician
Michael		Clarke	Psychiatrist
Antonio		Cocchiario	General Practitioner
Peter		Reilly	Neurosurgeon
Christopher	Arthur	Wagner	General Practitioner
Ivan		Simmons	Dermatologist
Thomas		Stevenson	Orthopaedic Surgeon
Ian	Winston	Hocking	Obstetrician/ Gynaecologist
John		Sangster	Cardiologist
Peter	Lazarus	Anastassiadis	Rehabilitation Physician
Oswald	Marino	Petrucchio	Obstetrician/ Gynaecologist
Erik	Theodore	Eriksen	General Surgeon
Damian	John	Newberry	General Practitioner
Ernst	Michael	Shanahan	Rheumatologist
Neisha	Kym	Wratten	Obstetrician/ Gynaecologist
Cherrie	Ann	Galletly	Psychiatrist

David	John	Ash	Psychiatrist
Anastasios	Tom	Savvoulidis	Orthopaedic Surgeon
David		Marshall	Orthopaedic Surgeon
Brian	Stuart	Mckenny	Psychiatrist
John		Tomich	ENT Surgeon
Gordon		Morrison	Orthopaedic Surgeon
Maria		Crotty	Rehabilitation Physician
John	Byrne	Murchland	Ophthalmologist
Robert	Neville	Atkinson	Orthopaedic Surgeon
Stephen		Leow	General Practitioner
Gary		Champion	Rheumatologist
Chris		Koulos	General Practitioner
Pasquale		Cocchiaro	General Practitioner
James	David	Hundertmark	Psychiatrist
Catherine	Margaret	Reid	Dermatologist
Lindon		Wing	General Medicine Specialist
John		Wilson	Occupational Physician
Christopher	Brian	Kelly	Occupational Physician
Warren		Weightman	Dermatologist
Noel		Grieve	Dermatologist
Martin	Kevin	Robinson	Neurologist
Janina		Gipslis	Psychiatrist
Alexander	Cowell	Mcfarlane	Psychiatrist
Nicholas	Lawrence	Ford	Psychiatrist
Jonathan		Cook	General Practitioner
Gustaw	Jozef	Czechowicz	General Practitioner
Paul		Reynolds	Thoracic Medicine Specialist
Richard	Bruce	Burnet	Endocrinologist
Cindy	Joyce	Molloy	Neurosurgeon
Bruce	Frederick	Rounsefell	Pain Medicine Specialist

By command,

MICHAEL O'BRIEN, for Premier

MIR05/09CS

Department of the Premier and Cabinet  
Adelaide, 12 March 2009

HIS Excellency the Governor's Deputy in Executive Council has been pleased to appoint Lynette Joy Parnell as Presiding Officer of the Promotion and Grievance Appeals Tribunal for a term commencing from 12 March 2009 and expiring on 11 March 2010, pursuant to Schedule 3 of the Public Sector Management Act 1995.

By command,

MICHAEL O'BRIEN, for Premier

DPC038/03CS

Department of the Premier and Cabinet  
Adelaide, 12 March 2009

HIS Excellency the Governor's Deputy in Executive Council has been pleased to appoint the people listed as Justices of the Peace for South Australia for a period of 10 years commencing from 12 March 2009 and expiring on 11 March 2019, pursuant to section 4 of the Justices of the Peace Act 2005:

Julie Bavington  
Christine Ann Boden  
Glenford Ronald Brewty  
Alan John Bruce  
Janice Rae Cook  
Margaret Julian Pitt Crowley  
Leanne Faye Dunchue  
Kelvin Giles Farnham  
Heather Jane Hartley  
Deborah Anne McPherson  
Anh-Tuan Ngo  
Albert Leslie Oates  
Amanda Lee Steff  
Deborah Kay Sykes  
Tracy Lee Wilson

By command,

MICHAEL O'BRIEN, for Premier

JP08/065CS

## BUILDING WORK CONTRACTORS ACT 1995

### *Exemption*

TAKE notice that, pursuant to section 45 of the Building Work Contractors Act 1995, I, Mal Hemmerling, Commissioner for Consumer Affairs, do hereby exempt the licensee named in Schedule 1 from the application of Division 3 of Part 5 of the above Act in relation to domestic building work described in Schedule 2 and subject to the conditions specified in Schedule 3.

#### SCHEDULE 1

Haralambos Amanatidis, BLD 110589.

#### SCHEDULE 2

Construction of a single-storey addition to existing dwelling including bathroom, laundry, toilet and family room on land situated at 31 George Street, Clarence Park, S.A. 5034 (certificate of title volume 5436, folio 999, allotment 1 in Deposited Plan 23633 in the area named Clarence Park, Hundred of Adelaide).

#### SCHEDULE 3

1. This exemption is limited to domestic building work personally performed by the licensee for the construction of a single-storey addition to existing dwelling including bathroom, laundry, toilet and family room on land situated at 31 George Street, Clarence Park, S.A. 5034 (certificate of title volume 5436, folio 999, allotment 1 in Deposited Plan 23633 in the area named Clarence Park, Hundred of Adelaide).

2. This exemption does not apply to any domestic building work the licensee sub-contracts to another building work contractor, for which that contractor is required by law to hold building indemnity insurance.

3. That the licensee does not transfer his interest in the land prior to five years from the date of completion of the building work the subject of this exemption, without the prior authorisation of the Commissioner for Consumer Affairs. Before giving such authorisation, the Commissioner for Consumer Affairs may require the licensee to take any reasonable steps to protect the future purchaser(s) of the property, including but not limited to:

- providing evidence that an adequate policy of building indemnity insurance is in force to cover the balance of the five-year period from the date of completion of the building work the subject of this exemption;
- providing evidence of an independent expert inspection of the building work the subject of this exemption;
- making an independent expert report available to prospective purchasers of the property; and
- giving prospective purchasers of the property notice of the absence of a policy of building indemnity insurance.

Dated 3 March 2009.

M. HEMMERLING, Commissioner for Consumer Affairs, Office of Consumer and Business Affairs, Delegate of the Minister for Consumer Affairs

Ref.: 610/09-00016

## DEVELOPMENT ACT 1993: SECTION 48

## NOTICE BY THE GOVERNOR'S DEPUTY

*Preamble*

1. I have given a development authorisation pursuant to section 48 (2) (b) (i) of the Development Act 1993 for a seawater desalination plant at Port Stanvac Lonsdale, which authorisation is published contemporaneously herewith (hereafter 'the development authorisation').

2. I wish to delegate certain of my powers under section 48 of the said Act to the Minister for Urban Development and Planning (hereinafter 'the Minister').

*Delegation*

I delegate to the Minister as follows:

- (a) my power under section 48 (7a) to vary the development authorisation on application of the person having the benefit of the development authorisation;
- (b) in relation to the development authorisation, or any variation thereof—my power to vary, revoke, or attach new, conditions under section 48 (7);
- (c) my powers under section 48 (2) (a) and (b), to grant (with or without conditions) a development authorisation or to refuse a development authorisation in respect of any amended proposal.

Given under my hand at Adelaide, 12 March 2009.

HIEU VAN LE, Governor's Deputy

## DEVELOPMENT ACT 1993: SECTION 48

## DECISION BY THE GOVERNOR'S DEPUTY

*Preamble*

1. On 26 February 2009, a provisional development authorisation was granted under section 48 (6) of the Development Act 1993, which authorisation appears at pages 714ff of the *Government Gazette* of 26 February 2009, and which deals with a certain proposed Major Development, being a proposed desalination plant at Port Stanvac, Lonsdale (the "proposed Major Development").

2. It was intended on that date to grant a final authorisation under section 48 (2) (b) (i) without any reserved matters.

3. I now issue that final authorisation under section 48 (2) (b) (i).

4. Contemporaneously with the issuing of this Notice, I intend pursuant to section 48 (8) of the Development Act to delegate to the Minister certain of my powers under section 48.

*Decision*

PURSUANT to section 48 of the Development Act 1993 and with the advice and consent of the Executive Council, and having due regard to the matters set out in section 48 (5) and all other relevant matters, I:

- (a) grant a development authorisation in relation to the proposed Major Development under section 48 (2) (b) (i) subject to the conditions set out in Part A below;
- (b) specify under section 48 (7) (b) (i) all matters relating to this development authorisation as matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached;
- (c) specify for the purposes of section 48 (11) (b) the period of two years from the date of this development authorisation as the time within which substantial work must be commenced on site, failing which I may cancel this authorisation.

## PART A: CONDITIONS OF DEVELOPMENT AUTHORISATION

*General Conditions*

1. Except where minor amendments may be required by other legislation, or by conditions imposed herein, the proposed Major Development shall be undertaken in strict accordance with the following documents:

- Development application dated 23 June 2008.
- Environmental Impact Statement (Volumes 1 and 2), Proposed Adelaide Desalination Plant EIS dated November 2008.
- The Environmental Objectives and Performance Criteria prescribed in Table 3.1 EIS or as modified in the conditions below, but in the case of conflict with a specific condition below the specific condition will apply.
- The detailed stormwater and runoff measures proposed in Tables 8.9 and 8.10 of the EIS or as modified in the conditions below but in the case of conflict with a specific condition below the specific condition will apply.
- Response to Submissions, Proposed Adelaide Desalination Plant by SA Water Corporation dated 22 January 2009, but in the case of conflict with a specific condition below the specific condition shall apply.
- Correspondence from SA Water to DPLG dated 4 February 2009, containing additional information including a Statement from the Independent Technical Review Panel and additional hydrodynamic and ecotoxicology modelling results.

2. Before any building work, the building work is to be certified by a private certifier, or by some person determined by the Minister, as complying with the provisions of the Building Rules (or the Building Rules as modified according to criteria prescribed by the Regulations).

*Construction Phase*

3. All works and site activities shall be undertaken in accordance with an approved Construction Environmental Management and Monitoring Plan prepared to the satisfaction of the EPA prior to commencement construction activities. The CEMMP must include measures that at a minimum address:

- Groundwater management and monitoring, including disposal of groundwater if dewatering is required during construction.
- Site contamination management issues, including measures for the assessment, management, remediation or removal of any contaminated material, including soil and/or groundwater.
- A Soil Erosion and Drainage Management Plan on the construction site, including:
  - minimising areas disturbed;
  - location of stockpiles to protect drainage lines;
  - installation of erosion control measures;
  - maintenance of erosion control devices and sediment control measures;
  - progressive rehabilitation and stabilisation (including revegetation) of disturbed areas;
  - minimising entry/exit points to the site;
  - stabilisation of entry/exit points and the installation of devices (truck grates) to minimise the amount of soil and sand deposited on roads.
- A Noise and Vibration Management Plan, including:
  - controlling noise at source;
  - scheduling noisy activities between 7 a.m. and 10 p.m. and in accordance with the general environmental duty as described in section 25 of the Environment Protection Act 1993;
  - equipment maintenance and use of mufflers and silencers;
  - use of noise barriers;
  - management of underwater noise to minimise adverse impact on marine fauna.

- A Construction Air Quality Management Plan, including:
  - minimising the area and extent of earthworks required and ensure disturbed areas are protected and revegetated in a timely manner;
  - specific measures to manage dust and limit emissions, including covered construction vehicles to prevent any loss of load;
  - management of any odours from any organic and other sources.
- A Waste Management and Minimisation Plan, that provides:
  - mixed construction and demolition wastes to be stored in an undercover area or within skip bins with removable lids capable of preventing the infiltration and ponding of stormwater within the waste body and removed to appropriately licensed waste depot;
  - descriptions of on-site storage waste facilities;
  - waste loading and off-loading areas;
  - routes taken by waste disposal vehicles;
  - locations for off site waste disposal;
  - steps taken to minimise waste generation and maximise reuse and recycling; and
  - waste oil is to be stored in a bunded enclosure preventing the infiltration of stormwater into that bund in accordance with EPA Guideline Bunding and Spill Management June 2007;
- identification of 'no go' zones for construction, including a 10 m buffer along the coastal cliff;
- signage should be installed at the O'Sullivan's Beach boat ramp showing the exclusion zone for the desalination plant operations;
- entry/exit points to the site should be minimised, stabilised and devices installed (i.e. truck gates) to minimise the amount of soil and sand leaving the site.

4. Access to and egress from the site (including internal movements within the site) shall be undertaken in accordance with an approved Traffic Management Plan prepared to the satisfaction of DTEI prior to commencing construction works. The Traffic Management Plan must identify:

- (a) the preferred access route;
- (b) outline measures to manage and mitigate traffic impacts to the local community and businesses during construction;
- (c) the internal access route and on-site parking arrangements for at least 550 vehicles.

5. All upgrading works required to improve transport infrastructure shall be designed and constructed to the satisfaction of DTEI and in consultation with the Onkaparinga Council (as appropriate) with all costs (including the design, construction and project management) being the responsibility of the proponent.

6. The Onkaparinga and Marion Councils shall be given seven days notice, before the commencement of works, and shall be provided with the name and contact details of a person responsible for co-ordinating site works by this approval.

#### *Operational Phase*

7. The operation of the plant shall be undertaken in accordance with an approved Operational Environmental Management and Monitoring Plan (OEMMP) prepared to the satisfaction of the EPA prior to operation of the plant commencing. The OEMMP must include measures that at a minimum address:

- Ongoing management of environmental controls to protect stormwater quality, including:
  - diversion of clean water away from potentially contaminated water;
  - excavation of sediment from detention basins as required;

- regular inspection of bunded areas to assess the integrity of bunds;
- assessment of pollutant concentrations prior to reuse or off-site discharge from detention facilities;
- regular inspection and maintenance of drainage channels.
- The reuse or recycle water including rainwater harvesting and stormwater recycling.
- The minimise and validation of underwater noise levels during the operational phase.
- The minimise of noise generation from the plant, equipment, machinery and vehicles on site.
- Commitment to solid waste management strategies, with a preference given to implementation of the waste hierarchy (in order of preference): avoid, reduce, reuse, recycle, recover, treat, dispose.
- Ongoing protection of groundwater.
- Emergency response and contingency procedures for dealing with spillages of chemicals and contaminants to the terrestrial and/or marine environment.
- Potential dust and odour generation.
- Measures that ensure marine sediments and debris that collect and accumulate along the fine screens in the pumping station should be stored in skip bins with removable lids or in an undercover area capable of preventing the infiltration and ponding of stormwater within the waste body. Marine sediments and debris should be stored for a maximum period of 72 hours prior to removal to an appropriately EPA licensed compost facility or waste depot to reduce potential impacts associated with odour generation and the attraction of vermin.

8. A report should be prepared by an experienced and suitably qualified environmental consultant for approval by the EPA, in relation to any potential site contamination, prior to the operational phase of the plant commencing.

#### *Design of Intake and Outfall Infrastructure*

##### *Intake Structure*

9. The proponent shall design, construct and operate the intake infrastructure in accordance with design parameters provided in the Environmental Objectives and Performance Criteria (or as modified by the EPA through licensing requirements) including the following parameters:

- (a) location of the intake structure must be within the mid benthic zone (envelope/zone shown on Figures 3.4 and 3.5 of the EIS);
- (b) intake structure to be located at a sufficient distance from the subtidal reef area to minimise the risk of entrainment or entrapment of reef species;
- (c) seawater intake velocity at the entry to the intake structure should not exceed 0.15 m/s under any operating condition;
- (d) seawater intake to incorporate screen/grill to restrict ingress of marine biota with a maximum clear grill spacing of 75 millimetres (as installed); and
- (e) any chlorination (or approved biocide) dosing system from the intake structure must ensure that there is no backflow of chemical dosing into the marine environment.

In addition to the above performance criteria, the proponent shall design the intake infrastructure as follows (or as modified by the EPA through licensing requirements):

- (f) installation of the full tunnel option (and not the hybrid tunnel option) for the intake and outfall infrastructure.

##### *Outfall Structure*

10. The proponent shall design, construct and operate the outfall infrastructure in accordance with design parameters provided in the Environmental Objectives and Performance Criteria (or as modified by the EPA through licensing requirements) including the following parameters:

- (a) location of the outfall structure must be positioned within the envelope zone shown on Figures 3.4 and 3.5 of the EIS and far enough from the intake to avoid any short circuiting;
  - (b) the outfall system must terminate with diffusers designed to promote rapid dispersion of the saline concentrate into the surrounding seawater;
  - (c) the outfall must achieve the required initial dilution of 50:1 at the seabed, under all current scenarios for the full range of operating conditions/flows;
  - (d) the design of the outfall system should include consideration of the use of bypass flows or other measures to ensure the achievement of the target dilution requirements, particularly under low discharge flows;
  - (e) the outfall diffuser shall be capable of:
    - being extended; and
    - being modified to reduce the number of diffuser outlets and/or to adjust dispersion rates from each diffuser outlet; and
  - (f) the saline concentrate discharge must not contain Cleaning in Place (CIP) chemicals or any other preservation chemicals, unless permitted by the EPA through licensing requirements.
- The following activities in relation to the components of the development hereby approved and/or requiring future approval will require licences under the Environment Protection Act 1993:
    - Earthworks Drainage: the conduct of earthworks operations in the course of which more than 100 kilolitres of waste water containing suspended solids in a concentration exceeding 25 milligrams per litre is discharged directly or indirectly to marine waters or inland waters.
    - Dredging: removing solid matter from the bed or any marine waters by any digging or suction apparatus, but excluding works carried out for the establishment of a visual aid to navigation and any lawful fishing or recreational activity. SA Water already holds a five year dredging licence under the Environment Protection Act 1993 initiated in 2008 as part of the pilot desalination plant. A dredging licence will be required from the EPA prior to commencing any dredging activities associated with the full scale plant. To approve such a licence the EPA will require the preparation of a Dredge Management Plan which incorporates but is not limited to:
      - sediment turbidity control including a monitoring plan and turbidity trigger that when exceeded will cease work;
      - management of spoil from dredging works, including any spoil to be disposed of in accordance with the national Ocean Disposal Guidelines for Dredged Material;
      - timing of any dredging to avoid dudge tides and recruitment periods for key reef species (July to December) where feasible;
      - address contingency, spill management and emergency responses associated with potential spillage of chemicals and contaminants to the marine environment; and
      - address solid waste management strategies.

#### *Built Form*

11. The proponent shall design, build and operate the built form structures in accordance with design parameters provided in the Environmental Objectives and Performance Criteria. In addition the proponent shall:

- (a) Prepare a detailed Landscaping Plan, using locally indigenous species for approval by the Minister, prior to operation of the plant. The landscaping plan should indicate the mature height and density of species used to screen buildings and establish vegetated buffers using locally indigenous species along the perimeters of the ADP site, including a:
  - a 200 m vegetated buffer along the northern boundary (along the City of Marion boundary) using locally indigenous species approved in the landscaping plan;
  - a 20 m vegetated buffer along the eastern boundary using locally indigenous species approved in the landscaping plan;
  - a 50 m densely vegetated buffer along the coastal cliff (western boundary) in accordance with the approved landscaping plan;
  - a development 10 m 'exclusion area' ('no go' area) along the coastal cliff.

The Landscaping Plan should be negotiated with Onkaparinga Council prior to submission to the Minister for approval:

- (b) All landscaping shall be maintained in good health and condition at all times. A plant shall be replaced if or when it dies or becomes seriously diseased within the first growing season after the plant dies or becomes seriously diseased.
- (c) All lighting required on site must use low profile lighting.

#### PART B: NOTES TO PROPONENT

##### *EPA Licensing and General Environmental Duty of Care*

- The applicant is reminded of its general environmental duty, as required by section 25 of the Environment Protection Act 1993, to take all reasonable and practical measures to ensure that the activities on the whole site, including during both construction and operation, do not pollute the environment in a way which causes or may cause environmental harm.
- Environmental authorisation in the form of a licence may be required for the construction and/or operation of this development. The applicant is advised to contact the Environment Protection Authority before acting on this approval to ascertain licensing requirements.

If the EPA's preferred option is disposal of any dredge spoil to land, the proponent must consider suitable sites.

If dredged soil is deposited to land with large volumes of waste water (especially with cutter suction method of dredging needing to be placed in settlement ponds and returned to marine waters, it is likely that a licence under the Environment Protection Act 1993 for the activity of Earthworks Drainage will be required.

All excess fill material generated during the excavation taken off site for reuse or disposal to an EPA licensed waste depot will require appropriate classification prior to removal from the site. Any reuse of material (on or off site) should include an assessment of the potential adverse impacts associated with the fill material.

Fill material that exceeds EPA waste fill classification criteria will require approval and sign off by an appropriately qualified environmental consultant indicating that the material is suitable for that purpose. Alternatively, if there is no beneficial reuse option for the fill material it will require disposal at an appropriately licensed waste depot:

- Discharge to Marine or Inland Waters when the volume of discharge exceeds 50 kilolitres per day.
- It is likely that as a condition of such licences the Environment Protection Authority will require the licensee to carry out specified environmental monitoring of water quality and to make reports of the results of such monitoring to it. For the purposes of the Discharge Licence the EPA will require, at a minimum, for the operator to monitor and report on:
  - discharge water quality, including whole effluent ecotoxicity testing;
  - diffuser performance validation;
  - process monitoring to confirm that performance is within the acceptable range as originally designed;
  - water quality and ecological impacts on the marine environment (including the use of reference sites); and

- identify management responses to exceedences of the trigger values/criteria used in association with monitoring programs.
- All works associated with the rehabilitation and remediation of the site are required by law to be undertaken in accordance with:
  - section 25 (1) of the Environment Protection Act 1993 which requires that a person must not undertake any activity, which pollutes, or may pollute without taking all reasonable and practical measures to prevent or minimise harm to the environment);
  - the Environment Protection (Water Quality) Policy 2003; and
  - other relevant Environment Protection Policies made under Part 5 of the Environment Protection Act 1993.

#### *Building Rules*

- The proponent must obtain a Building Rules assessment and certification from either the Onkaparinga Council or a private certifier (at the proponent's option) and forward to the Minister for Urban Development and Planning all relevant certification documents as outlined in Regulation 64 of the Development Regulations, 2008.
- Pursuant to Development Regulation 64, the proponent is especially advised that the Onkaparinga Council or private certifier conducting a Building Rules assessment must:
  - provide to the Minister for Urban Development and Planning a certification in the form set out in Schedule 12A of the Development Regulations 2008 in relation to the building works in question; and
  - to the extent that may be relevant and appropriate:
    - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12; and
    - (ii) assign a classification of the building under these regulations; and
    - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.
- Regulation 64 of the Development Regulations 1993 provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Urban Development and Planning. The Onkaparinga Council or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with this provisional development authorisation (including its Conditions and Notes).

#### *Construction Environmental Management and Monitoring Plan*

- Construction activities undertaken in accordance with the approved CEMMP must comply with the Environment Protection Authority's:
  - Stormwater Pollution Prevention Code of Practice for the Building and Construction Industry (1999); and
  - Environment Protection (Water Quality) Policy 2003.

#### *Operational Environmental Management and Monitoring Plan*

- It is likely that license conditions imposed by the EPA will require the proponent to appoint an independent acoustic consultant (other than the company that prepared the acoustic report) to monitor noise levels at two localities at least; at one noise sensitive receiver adjacent to the boundary of the nearest residential zone to the north of the site, and the nearest noise sensitive receiver to the west from the site. The noise monitoring should be executed in accordance with Environment Protection (Noise) Policy 2007 procedures where all of the noise sources associated with the desalination plant are in operating mode. The results of the monitoring should be submitted to the EPA no later than two months from the date of the plant commissioning.

- All marine ecological monitoring needs to be conducted as a beyond Before After Control Impact (BACI) design and the hypothesis of the monitoring needs to be explicitly detailed before the monitoring is undertaken. This monitoring needs to be undertaken using multiple control sites in order to allow for seasonal differences at Port Stanvac not being confused with impacts from the desalination plant.
- Marine construction activities must not impact upon existing shipping lanes and works will be undertaken in accordance with the Harbours and Navigation Act 1993.
- There is a need to keep large vessels clear of the area as the vessels may have a deep enough draft to hit the intake pipes at 13 m below the surface. This has already been addressed for the pilot plant by establishing an exclusion zone around the infrastructure in the water with temporary navigation markers. A new exclusion zone will need to be established for the full scale plant when the design is finalised taking into account the shipping channels and the Harbours and Navigation Act 1993. Furthermore, notices to mariners will have to be issued highlighting the new exclusion zone and statutory navigation markers will need to be installed, wherever necessary. Signage should be installed on shore (near boat ramp) showing a plan of 'exclusion zone' including plant infrastructure in the water and other important information to mariners.
- A detailed plan of infrastructure drawn to scale should be submitted to DTEI to enable the details to be inserted on navigational charts.

#### *Traffic Management Plan*

- The Traffic Management Plan shall include details for Restricted Access Vehicle (RAV) routes. Should RAV's access the site (i.e. B-doubles, over-dimensional vehicles) it will be necessary for the route to be assessed and approvals obtained from DTEI for these vehicles to utilise the surrounding road network.
- The following additional analysis shall be undertaken in consultation with DTEI prior to the completion of the Traffic Management Plan and commencement of construction:
  - Modelling of the Sheriffs/Lonsdale Road signalised intersection assuming that a link road between Sheriffs Road and Meyer Road is provided and will be utilised by construction traffic. The modelling (SIRDA analysis) is to be done utilising the most up to date SCATS report and phasing operation.
  - Modelling of the Lonsdale/Meyer Road junction as a fully signalised T junction rather than a partially signalised junction, assuming that the link road is not provided. The analysis must look at both a single (i.e. existing situation) and dual right turn lanes on the Meyer Road approach to Lonsdale Road.
  - The analysis shall include a cost comparison between upgrading the Meyer/Lonsdale Road junction to signals, or the creation of a suitable roadway to link the proposed site to Sheriff's Road. The analysis for upgrading Lonsdale/Meyer Road to signals should consider the additional accidents likely to occur as a result of the signals, operating costs and the ongoing maintenance/operational costs.

#### *Engineering construction plans for roads, drainage, footpaths and intersections*

- These plans shall be finalised in accordance with the requirements of the DTEI and the Onkaparinga Council prior to its submission to the Minister for approval.

#### *Land Management Plan*

- This plan shall be approved by the Environment Protection Authority, the Department of Water, Land and Biodiversity Conservation (including consideration by the Onkaparinga Council) prior to its submission to the Minister for approval.

*Pest and Weed Management Plan*

- This plan should address both weeds and feral animals and shall be considered by the Onkaparinga Council and approved by the Minister.

*Sustainability Management Plan*

- This plan shall be approved by the Environment Protection Authority, and the Department of Premier and Cabinet (Sustainability and Climate Change Office) prior to its submission to the Development Assessment Commission for approval.

*Cultural Heritage Management Plan*

- This plan shall be approved by the Department of Premier and Cabinet (AARD Division) prior to its submission to the Minister for approval.
- The proponent is reminded of its obligations under the Aboriginal Heritage Act 1988 whereby any 'clearance' work, which may require permission to disturb damage or destroy Aboriginal Sites, must be undertaken with the full authorisation of the Minister for Aboriginal Affairs and Reconciliation, according to section 23 of the Aboriginal Heritage Act 1988.
- The proponent, and all agents, employees and contractors, such as construction crews, should be conversant with the provisions of the Aboriginal Heritage Act 1988, particularly the requirement to immediately contact the Department of Premier and Cabinet (Aboriginal Affairs and Reconciliation) in the event that archaeological items (especially skeletal material) are uncovered during earthmoving.

*Emergency Response Management Plan*

- The proponent shall ensure satisfactory chemical spill and fire-fighting facilities and contingency plans in the form of an, determined in consultation with responsible officers within the Department for Transport, Energy and Infrastructure and the Metropolitan Fire Service (MFS) or the Country Fire Service (CFS) (as applicable), are in place prior to commencement of operation of the ADP.

*General Advice*

- Should the proponent wish to vary the Major Development or any of the components of the Major Development, an application may be submitted, provided that the development application variation remains within the ambit of the Environmental Impact Statement and Assessment Report referred to in this development authorisation. If an application for variation involves substantial changes to the proposal, it will be processed pursuant to section 47 (2) (b) of the Development Act 1993.

Given under my hand at Adelaide, 12 March 2009.

HIEU VAN LE, Governor's Deputy

## FISHERIES MANAGEMENT ACT 2007: SECTION 115

TAKE notice that pursuant to section 115 of the Fisheries Management Act 2007 ('the Act'), Derek Hamer of SARDI Aquatic Sciences (the 'exemption holder') is exempt from sections 52 and 53 of the Fisheries Management Act 2007 and Clause 18 of Schedule 6 of the Fisheries Management (General) Regulations 2007, but only insofar as the exemption holder, or a person acting as his agent, may take southern rock lobster (*Jasus edwardsii*) using rock lobster pots and using rock lobster pots that do not have escape gaps (the 'exempted activity'), subject to the conditions in Schedule 1, during the period 4 March 2009 until 31 May 2009, unless varied or revoked earlier.

## SCHEDULE 1

1. Registered masters fishing pursuant to the following Northern Zone Rock Lobster Fishery Licences may undertake the exempted activity on behalf of the exemption holder and under his direction—N011, N024, N025, N027, N031, N035, N038, N044, N056, N070, N072, N075, N091, N096 and N101.

2. An agent of the exemption holder may have a maximum one rock lobster pot in addition to the maximum number of rock lobster pots endorsed on the licence.

3. During the exempted activity, a maximum of two rock lobster pots may be used without escape gaps or have the escape gaps closed.

4. The agents must provide any information required by the exemption holder and complete the 'Sea Lion Exclusion Device (SLED/Spike) Industry Trial—Voluntary Catch Sampling Log', supplied by the exemption holder, in accordance with the directions of the South Australian Research and Development Institute—Aquatic Sciences.

5. While engaged in the exempted activity, the exemption holder must have in his possession a copy of this notice and produce a copy of this notice if requested by a PIRSA Fisheries Compliance Officer.

6. The exemption holder must not contravene or fail to comply with the Fisheries Management Act 2007, or any regulation made under that Act, except where specifically exempted by this notice.

Dated 4 March 2009.

K. CROSTHWAITE, General Manger, Fisheries Policy and Program

## FISHERIES MANAGEMENT ACT 2007: SECTION 115

*Revocation Notice*

TAKE note that the notice made under section 115 of the Fisheries Management Act 2007 and published in the *South Australian Government Gazette* on page number 508, dated 5 February 2009, being the third notice on that page, referring to Derek Hamer using rock lobster pots with escape gaps, is hereby revoked.

Dated 4 March 2009.

K. CROSTHWAITE, General Manger, Fisheries Policy and Program

## FISHERIES MANAGEMENT ACT 2007: SECTION 115

*Revocation Notice*

TAKE note that the notice made under section 115 of the Fisheries Management Act 2007 and published in the *South Australian Government Gazette* on page number 429, dated 29 January 2009, being the first notice on that page, referring to Derek Hamer using rock lobster pots with escape gaps, is hereby revoked.

Dated 4 March 2009.

K. CROSTHWAITE, General Manger, Fisheries Policy and Program

## NOTICE TO MARINERS

No. 13 OF 2009

*South Australia—Gulf St Vincent—Port Stanvac—Scientific Equipment Deployed*

SA WATER will be deploying some scientific equipment in position latitude 35°05'32.55"S, longitude 138°27'56.97"E, for a period of approximately 12 months.

The equipment is marked with a special yellow marker buoy, St Andrew's Cross topmark and a yellow light flashing every 3 seconds.

Mariners are advised to exercise caution when navigating in the area.

Charts affected: Aus 125 and 781.

Adelaide, 6 March 2009.

PATRICK CONLON, Minister for Transport

DTEI 2009/00683

## LAND ACQUISITION ACT 1969

## (SECTION 16)

*Notice of Acquisition*

THE COMMISSIONER OF HIGHWAYS (the 'Authority'), 33 Warwick Street, Walkerville, S.A. 5081, acquires the following interests in the following land:

*Definition of Land Acquired*

Comprising an unencumbered estate in fee simple in that piece of land situated at Lot 205, Sturt Highway, Shea-Oak Log, being portion of Allotment 205 in Deposited Plan 43368 comprised in certificate of title volume 5474, folio 412 and being the whole of the land numbered 545 on the approved plan numbered D76723 and that has been lodged at the Land Titles Office.

This notice is given under section 16 of the Land Acquisition Act 1969.

*Compensation*

A person who has or had an interest in the land that is divested or diminished by the acquisition or the enjoyment of which is adversely affected by the acquisition who does not receive an offer of compensation from the Authority may apply to the Authority for compensation.

*Inquiries*

Inquiries should be directed to:

Hanna Samuels,  
P.O. Box 1,  
Walkerville, S.A. 5081  
Telephone: (08) 8402 1805

Dated 10 March 2009.

The Common Seal of the Commissioner of Highways was hereto affixed by direction of the Commissioner of Highways in the presence of:

D. THOMAS, Manager, Property Planning and  
Management Services, Department for  
Transport, Energy and Infrastructure

2007/12069/01

#### NATIONAL ELECTRICITY LAW

THE Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law of the following matter.

Under section 99, the making of a draft determination on the *Contingency Administered Price Cap Following a Physical Trigger Event Rule* proposal (Project No. ERC0075). In relation to the draft determination:

- requests for a pre-determination hearing must be received by **20 March 2009**; and
- submissions must be received by **24 April 2009**.

Submissions and requests for a hearing can be forwarded to [submissions@aemc.gov.au](mailto:submissions@aemc.gov.au) and must cite the Project No. in the title.

Submissions should be submitted in accordance with the AEMC's *Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website subject to a claim of confidentiality.

Further details on the above matter are available on the AEMC's website [www.aemc.gov.au](http://www.aemc.gov.au). All documents in relation to the above matter are published on the AEMC's website and are available for inspection at the offices of the AEMC.

John Tamblyn  
 Chairman  
 Australian Energy Market Commission

 Facsimile: (02) 8296 7899

12 March 2009.

#### RAIL SAFETY ACT 2007

##### *Notice of Exemption*

TAKE notice that pursuant to section 7 of the Rail Safety Act 2007 (the Act) I, Patrick Frederick Conlon, Minister for Transport in the State of South Australia, do hereby confer an exemption on the Rail Commissioner (as appointed under section 68 of the Constitution Act 1934) from Part 4, Division 2 of the Act for the Rail Commissioner's actions as a rail transport operator to carry out or cause or permit to be carried out the:

- (a) construction of a railway, railway tracks and associated track structures; and
- (b) management, commissioning, maintenance, repair, modification, installation, operation or decommissioning of rail infrastructure.

This exemption does not apply to the operation or movement of rolling stock for any purposes, including (a) and (b) above.

This exemption is subject to the following conditions:

- (1) Notwithstanding this exemption, the provisions of section 58 of the Act, relating to safety management systems, shall apply to the Rail Commissioner as if the Rail Commissioner is required to be accredited for the railway operations described in (a) and (b) above.
- (2) Notwithstanding this exemption, the Rail Commissioner shall comply with the provisions of Regulation 9 of the Rail Safety (General) Regulations 2008, relating to the prescribed conditions of, or restrictions on, accreditation.

- (3) The Rail Commissioner shall comply with the provisions of the Act, including any provision applicable to an accredited party, other than the provisions contained in Part 4, Division 2 of the Act.
- (4) The Rail Commissioner shall provide to the Rail Safety Regulator a safety management plan, as defined in the Act, for each rail infrastructure project that is being undertaken by the Rail Commissioner at least 28 days prior to railway operations commencing for the relevant project.
- (5) The Rail Commissioner cannot transfer or assign the exemption conferred by this Notice.

Take further notice that, pursuant to section 7 of the Act, this exemption is revoked after 12 months from the date of this Notice and that I may, at anytime by further notice in the *Gazette*, vary or revoke this exemption or a condition of this exemption.

Dated 23 February 2009.

PATRICK CONLON, Minister for Transport

#### ROADS (OPENING AND CLOSING) ACT 1991: SECTION 24

##### NOTICE OF CONFIRMATION OF ROAD PROCESS ORDER

###### *Road Closure—Kulpara*

BY Road Process Order made on 11 November 2008, the District Council of Barunga West ordered that:

1. The whole of the un-named public road situate west of Yarroo Road and between sections 197, 435 and 436, Hundred of Kulpara, more particularly delineated and lettered 'A' in Preliminary Plan No. 08/0081 be closed.

2. The whole of the land subject to closure be transferred to Peter Laurence Ewen and Rita Christina Ewen in accordance with agreement for transfer dated 11 November 2008 entered into between the District Council of Barunga West and P. L. and R. C. Ewen.

On 26 February 2009 that order was confirmed by the Minister for Infrastructure conditionally upon the deposit by the Registrar-General of Deposited Plan 79867 being the authority for the new boundaries.

Pursuant to section 24 (5) of the Roads (Opening and Closing) Act 1991, NOTICE of the order referred to above and its confirmation is hereby given.

Dated 12 March 2009.

P. M. KENTISH, Surveyor-General

#### ROADS (OPENING AND CLOSING) ACT 1991: SECTION 24

##### NOTICE OF CONFIRMATION OF ROAD PROCESS ORDER

###### *Road Opening Cypress Street, Norwood*

BY Road Process Order made on 9 February 2009, The Corporation of the City of Norwood Payneham & St Peters ordered that:

Portion of closed road A in Road Plan 8376 situate at the western end of Cypress Street, more particularly delineated and numbered '1' in Preliminary Plan No. 08/0117 be opened as road.

On 3 March 2009 that order was confirmed by the Minister for Infrastructure conditionally upon the deposit by the Registrar-General of Deposited Plan 80386 being the authority for the new boundaries.

Pursuant to section 24 (5) of the Roads (Opening and Closing) Act 1991, NOTICE of the order referred to above and its confirmation is hereby given.

Dated 12 March 2009.

P. M. KENTISH, Surveyor-General

## DISTRICT COUNCIL OF THE COPPER COAST

## ROADS (OPENING AND CLOSING) ACT 1991

*Road Closing—Portions Young and Beaton Streets, Wallaroo*

NOTICE is hereby given, pursuant to section 10 of the Roads (Opening and Closing) Act 1991, that the District Council of the Copper Coast proposes to make a Road Process Order to close the whole of Young Street between Bagot and Elizabeth Streets and portion of Beaton Street between Allotment 154, Town of Wallaroo and Allotment 861 in Filed Plan 189803, shown more particularly delineated and lettered 'A', 'B' and 'C' on Preliminary Plan No. 09/0011.

Closed roads 'A' and 'B' to be transferred to The Catholic Diocese of Port Pirie Inc. and close road 'C' to be transferred to the Catholic Church Endowment Society Inc.

A copy of the plan and a statement of persons affected are available for public inspection at the offices of the District Council of the Copper Coast, 51 Taylor Street, Kadina and the Adelaide office of the Surveyor-General during normal office hours.

Any application for easement or objection must set out the full name, address and details of the submission and must be fully supported by reasons. The application for easement or objection must be made in writing to the District Council of the Copper Coast, 51 Taylor Street, Kadina, S.A. 5554 within 28 days of this notice and a copy must be forwarded to the Surveyor-General, G.P.O. Box 1354, Adelaide, S.A. 5001. Where a submission is made, the Council will give notification of a meeting at which the matter will be considered.

Dated 3 March 2009.

P. DINNING, Chief Executive Officer

IN the matter of the estates of the undermentioned deceased persons:

*Abrahamson, Kuno*, late of 88-94 Robert Street, West Croydon, of no occupation, who died on 15 December 2008.
