- 3.2. The Lottery Rules will be available for perusal upon request at all selling points and may be made public by any other means as directed by SA Lotteries.
- 3.3. By submitting a request for an entry (whether written, verbal or electronic), a player will be deemed to agree to be bound by the Lottery Rules. If SA Lotteries issues a ticket, it will be on the basis that the player is so bound.
- 3.4. Where applicable, the Lottery Rules are to be read in conjunction with and as part of any Bloc Agreement entered into by SA Lotteries for the conduct of any Bloc lottery. If there is any inconsistency between a Bloc Agreement and the Lottery Rules, the provisions of the Lottery Rules will prevail.

### 4. *Agents*

- 4.1. SA Lotteries:
  - 4.1.1. may receive an application in such form as it determines from a party interested in being appointed an Agent for the purpose of selling entries in lotteries conducted by SA Lotteries.

  - 4.4.4. If SA Lotteries sells an entry or issues a ticket to a player it will be deemed to be acting as an Agent for the purpose of these Rules in determining its relationship to the player.

## 5. *Liability*

- 5.2. Receipt of a ticket (whether issued as a result of a written, verbal or electronic request) by a player constitutes an acknowledgment that the symbols and other details it contains are the player's selections. A player who does not immediately notify the selling point terminal operator of any error will be deemed to have accepted that the symbols and other details are their selections. No coupon or other evidence will thereafter be valid for the purposes of providing an entry in a draw.
- 5.3. If details on a ticket in a lottery differ from the central computer record of that entry, the central computer record will be the sole determinant in identifying what prize (if any) is payable in respect of the entry.
- 5.4. SA Lotteries will not be liable where an Agent has altered a coupon in any way without the player's authority.
- 5.5. Neither SA Lotteries nor an Agent, nor an employee or agent of either, will be liable:

- 5.5.1. if a selling point terminal fails to read a coupon and operator intervention is required to correctly process the coupon or if an operator incorrectly keys into the selling point terminal from the player's verbal or written selections any number(s) not selected by the player; or
- 5.5.2. for any loss, damage, injury or expense sustained by a player by reason of any act, neglect, omission, delay or failure:

  - 5.5.2.2. to properly validate, process or enter a request for entry in any particular draw;
  - 5.5.2.3. for any assistance given in completing an application form, coupon or other form; or
  - 5.5.2.4. to properly or accurately process any request by a player to participate in any lottery conducted by SA Lotteries,

and this Rule may be pleaded as a bar to any legal proceedings brought by any player alleging breach, default or non-performance of any contract or duty by SA Lotteries or such Agent, or an employee or agent of either.

- 5.6. In respect of:
  - 5.6.1. any representation made by an employee or any other person on SA Lotteries' behalf;
  - 5.6.2. loss or damage arising from an unlawful act by an employee or agent of SA Lotteries or a third party;

  - 5.6.4. any failure of or malfunction in any selling point terminal or central computer system operated by SA Lotteries, an Agent or any person on either's behalf, in respect of which a claim is made; or
  - 5.6.5. (subject to Rule 6) a cancelled entry,

SA Lotteries' liability (if any) and at SA Lotteries' discretion will be limited to the refund of the price of the ticket or entry, on which the player is claiming a prize, in full and final settlement of any claim.

- 5.7. SA Lotteries will use its best endeavours to respect any request by a prize winning player for Not For Publication (NFP) status and will not reveal any details of the prize that will identify the player without their consent. If SA Lotteries releases a prize winning player's name and address contrary to their instructions it will not be liable for any inconvenience, loss, damage or injury thereby suffered by any person unless otherwise required by law.
- 5.8. Any decision made by SA Lotteries concerning any lottery conducted by it (including but without limiting the generality thereof eligibility of entries, determination of prize winners, the amount and distribution of prize money and the meaning and effect of these Rules) will be final and binding on all players participating in that lottery and on every person making a claim in respect of that lottery.

6. *Entry and Tickets*

- 6.1. A coupon or verbal or electronic request for an entry may be delivered or forwarded to SA Lotteries by a player or an Agent.
- 6.2. The price of an entry may be paid in either money of legal tender, by bank cheque, by funds transfer from a player's account or by redemption of a SA Lotteries gift voucher or such other means as SA Lotteries determines. Payment must accompany or be made with transmission of a coupon or other request for entry. In the case of payment by bank cheque, SA Lotteries may decline to issue an entry until the cheque has been cleared by the bank on which it is drawn.
- 6.3. SA Lotteries or Agent will refuse to accept, or reject after acceptance, any coupon or other request for entry that has not been duly completed or is not accompanied by full payment of the price for the number of games to be played.
- 6.4. Subject to Rule 5.3 the printing and issue of a ticket by a selling point terminal will constitute acknowledgment by SA Lotteries of acceptance of the request for entry in the online lottery referred to on the ticket.
- 6.5. Subject to Rule 5.3 the scanning of an Instant Scratchies ticket by the selling point terminal at the time of sale will constitute acknowledgement by SA Lotteries of acceptance of the request for entry into the series referred to on the Instant Scratchies ticket.
- 6.6. If SA Lotteries or an Agent decides that an issued online lottery ticket is defective and the prize winners in the draw to which it relates have not been determined, SA Lotteries or Agent may cancel the ticket and at its discretion either:
  - 6.6.1. replace the ticket with another ticket, in which event the player will be taken to have authorised an employee of SA Lotteries or Agent to determine their selections and, if necessary, to complete a request for entry on their behalf that will then be accepted for participation in the appropriate lottery for the appropriate draw; or
  - 6.6.2. refund the price of the ticket to its bearer or the player.
- 6.7. If a player considers that an issued ticket is illegible or defective in any way, the ticket may be cancelled. No duplicate ticket will be provided.
- 6.8. A player who requests to return a ticket in an online lottery for any other reason may apply to SA Lotteries or an Agent within the selling period for the draw(s) to which the ticket relates. SA Lotteries or Agent may at its absolute discretion accept or reject the return of the ticket. On return of a ticket, a player will be entitled at their option to:
  - 6.8.1. a full refund of the price of the ticket or, in the case of a multi-week entry, the price of the undrawn portion of the ticket; or
  - 6.8.2. a further ticket in exchange for the returned ticket.
- 6.9. A player who requests to return an Instant Scratchies ticket must apply to the selling Agent at the time of purchase. The selling Agent may at its absolute discretion accept or reject the return of the ticket. On return of a ticket, a player will be entitled at their option to:
  - 6.9.1. a full refund of the price of the ticket; or
  - 6.9.2. a further ticket in exchange for the returned ticket.

- 6.10. A ticket must not be altered. Any alteration will have no validity for any purpose.
- 6.11. No cash refund will be made except as provided under these Rules.
- 6.12. A ticket in an online lottery used in a previous draw(s) may be replicated for entry in the next occurring draw(s) by presenting the ticket to an Agent and allowing the selling point terminal to read the 'play it again' barcode, thereby generating a ticket with the same number selection and games for the next occurring draw(s).
- 6.13. A player shall be entitled to purchase a 'best pick' entry whereby the selling point terminal will select and optimise the mix of standard entries based on the amount and games specified by the player across the lotteries conducted by SA Lotteries to, or as close as possible, the nominated dollar amount. SA Lotteries will determine the minimum dollar value required for the game options selected.

7. *Postal or Electronic Request for Entry*

- 7.1. A player who sends a request for entry to SA Lotteries or an Agent by post or electronic means must:
  - 7.1.1. do so in time for it to be processed for participation in the draw of the lottery to which it relates;
  - 7.1.2. comply with all laws of any applicable jurisdiction regulating lotteries of the type in which the player seeks to participate;
  - 7.1.3. in the case of a coupon sent by post, ensure that it is not bent, creased or marked so that the selling point terminal is unable to determine the player's selections; and
  - 7.1.4. in the case of a request for entry submitted by electronic means:
    - 7.1.4.1. first establish an account for use in connection with the player's participation in the lottery; and
    - 7.1.4.2. have sufficient funds held in credit in the account to pay the price of any entry requested.
- 7.2. SA Lotteries or an Agent may refuse to accept a request for entry received by post or electronic means that:
  - 7.2.1. does not comply with the Lottery Rules; or
  - 7.2.2. is not accompanied by full payment of the price.
- 7.3. A request for entry received by post or electronic means may, at the absolute discretion of SA Lotteries or Agent;
  - 7.3.1. be entered in the draw(s) nominated by the player;
  - 7.3.2. if not received in time for it to be processed for participation in a particular draw(s), be entered in the next draw(s) of the same type;
  - 7.3.3. if accompanied by payment other than in cash or equivalent, be entered in the next available draw(s) of the lottery for which it is intended after full payment is credited to the account of SA Lotteries or Agent, as the case may be; or

- 7.3.4. in any other case, be entered in the draw(s) current at the date on which SA Lotteries or Agent processes the entry.
- 7.4. If:
- 7.4.1. a coupon received by post is bent, creased or marked so that the selling point terminal is unable to determine the player's selections;
- 7.4.2. a posted request for entry is not accompanied by a coupon; or
- 7.4.3. a request for entry received by post or electronic means is incomplete or indecipherable,
- the player will be taken to have authorised an employee of SA Lotteries or Agent to determine their selections and, if necessary, to complete a request for entry on their behalf that will then be accepted for participation in the appropriate lottery.
- 7.5. If a request for entry received by post or electronic means is accompanied by less than the full payment of the price, entries equivalent only to the amount paid will be issued, provided that at least the relevant minimum sum is paid. Any balance will be refunded to the player.

8. *Easisplay Club*

- 8.1. To become an Easisplay Club member, an applicant must complete a current application form and forward it to SA Lotteries either directly or through any selling point.
- 8.2. An applicant who completes an application form must specify whether the membership applied for is to be:
- 8.2.1. Personal—to the applicant; or
- 8.2.2. Consumer Syndicate—whereby up to two members are nominated on behalf of the full syndicate membership.
- 8.3. SA Lotteries may impose membership charges as it determines at any time. Prior to the imposition or change to any such charge, SA Lotteries will provide notification to players.
- 8.4. In the case of a Consumer Syndicate membership, the person's details that appear as Member 1 on the application form will be deemed to be the syndicate manager.
- 8.5. Every Easisplay Club membership in existence at the commencement date of these Rules, with the exception of personal memberships and subject to SA Lotteries' discretion, will be deemed to be a Consumer Syndicate.
- 8.6. SA Lotteries will be entitled to assume that any Easisplay Club member or any applicant for Easisplay Club membership is not a minor. An Easisplay Club member or an applicant for Easisplay Club membership must provide such evidence of their age as SA Lotteries requires. If SA Lotteries subsequently ascertains that Easisplay Club membership has been issued to a minor, SA Lotteries will cancel such membership and, in accordance with these Rules, decline to pay any prize that would otherwise have been payable.

- 8.7. An Agent to whom a duly completed application form is submitted, together with such evidence of the applicant's age as the Agent may require, will forthwith issue an Easiplay Club temporary membership slip that the applicant will be able to use immediately. The applicant will be able to claim a prize in person but the autopay facility will not be available to the holder of an Easiplay Club temporary membership voucher until such time as the application form is processed and accepted.
- 8.8. Once a duly completed application form has been processed and accepted by SA Lotteries, the member's personal details will be included in the Easiplay Club file and an Easiplay Club card will be issued and forwarded to the member. Subject to the conditions printed on it the card will be evidence of membership.
- 8.9. An Easiplay Club member must ensure that SA Lotteries is advised of any changes to information held in the Easiplay Club membership file. Where requested by SA Lotteries, an Easiplay Club member must sign and send a change of details form through any selling point or directly to Head Office. Neither SA Lotteries nor any agent will be liable to make good any loss incurred in respect of any prize forwarded to any address shown in the Easiplay Club membership file at the time of expiration of the relevant claim period.
- 8.10. SA Lotteries will maintain a record of the information provided by each Easiplay Club member and will be permitted to use that information for the purpose of distributing advertising material and the like, but will value protection of the member's privacy and treat the information with the utmost confidentiality. An Easiplay Club member who does not want to receive such material must so advise SA Lotteries.
- 8.11. SA Lotteries shall be entitled to refuse a new membership or cancel an existing membership, for whatever reason and without the requirement to outline the reasons for such refusal or cancellation.
- 8.12. Once SA Lotteries has paid a prize won on a ticket purchased on presentation of an Easiplay Club card, there will be no further claim to that prize.
- 8.13. If a player who complies with the requirements of these Rules reports that a winning ticket is lost, SA Lotteries may decline to pay the prize to the ticket's bearer.
- 8.14. If:
- 8.14.1. a person ("the bearer") lodges with SA Lotteries, for payment of a prize, a ticket that bears the name of an Easiplay Club member ("the member"), but the bearer fails to produce a matching Easiplay Club membership card; and
- 8.14.2. SA Lotteries has not received a report under Rule 8.13 that the ticket is lost,
- then:
- 8.14.3. SA Lotteries will not pay the prize to the bearer until satisfied they are the ticket's rightful owner in accordance with Rules 8.14.4 and 8.14.5.
- 8.14.4. If, within 7 days of the ticket's lodgement, SA Lotteries does not receive a report under Rule 8.13 that the ticket is lost, it will invite the bearer to provide a statutory declaration within 28 days of the draw to which it relates declaring the bearer to be the ticket's owner. If the bearer provides that declaration SA Lotteries will pay the prize to the bearer and neither the member nor any other person will have any claim in respect of the ticket.

- 8.14.5. If, within 7 days of the ticket's lodgement, SA Lotteries receives a report under Rule 8.13 to the effect that the member has lost possession of a ticket purchased on the relevant date, SA Lotteries will invite the bearer and the member to provide within 28 days of the draw to which it relates such evidence and submissions in relation to the ticket's ownership as SA Lotteries requires. SA Lotteries will determine on the basis of the evidence and submissions (if any) so provided, which of the bearer or the member is the ticket's owner, and pay the prize to that person. Thereafter, all claims in respect of the ticket by any person whatsoever will be extinguished.
- 8.14.6. A decision by SA Lotteries under this Rule is final and without appeal. SA Lotteries has no obligation beyond the strict requirements of this Rule to provide a right to be heard in relation to its decision.
- 8.15. The procedure under Rule 8.14 is not available to a ticket's bearer after expiration of the minimum Autopay period as determined by SA Lotteries. After expiration of that period any prize payable in respect of the ticket will only be paid to the member whose name appears on the application form.
- 8.16. If:
- 8.16.1. a prize is won on a ticket purchased on presentation of an Easiplay Club card in respect of which an Autopay period has been nominated; and
- 8.16.2. the ticket's bearer has not claimed the prize at the expiry of the Autopay period,

SA Lotteries will pay the prize by cheque posted to the address or into the bank account nominated by the member. Thereafter the ticket's bearer will have no claim to the prize.

- 11.17. Where a prize winning ticket processed in accordance with these Rules is acknowledged by the central computer system to contain an entry in any online lottery that has not yet been drawn or conducted, the selling point operator will issue an exchange ticket to the bearer. The exchange ticket will contain the same selections and specify the remaining draw numbers in which it will be entered.
- 11.18. *Schedule*

Date of commencement

1. *Preliminary*

- 1.1. These Rules may be cited as the Lotteries (Saturday X Lotto) Rules.
- 1.2. These Rules will come into operation on the date specified in the Schedule to these Rules.
- 1.3. These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
- 1.4. These Rules apply only to the lottery known as "X Lotto" as played on a Saturday or such other day as determined by the Bloc members.

2. *Interpretation*

- 2.1. In these Rules and in each part of these Rules unless the contrary intention appears:

"Bloc members" means the parties from time to time to the Bloc Agreement entered into by SA Lotteries with other lottery operators for the promotion, conduct and sale of tickets in *inter alia* the game drawn generally each Saturday night on a joint basis with a common winning number determination and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

"claim period" means the period commencing at midnight on the day of determination of the draw results ("relevant day") and ending at the close of business on the 14<sup>th</sup> day thereafter. If the 14<sup>th</sup> day is a Saturday, Sunday or public holiday the claim period will end at SA Lotteries' close of business on the immediately succeeding business day;

"drawing equipment" means equipment operated by the Bloc members for ascertaining the winning numbers;

"X Lotto" means a lottery drawn on a Saturday or such other day or days as the Bloc members determine in which a player is required to forecast 6 numbers to be drawn from the range of numbers 1 to 45 inclusive.

3. *Ordinary Entry*

- 3.1. To create an ordinary entry, a player must forecast or cause to be forecast 6 numbers.
- 3.2. An ordinary entry will provide participation for the number of games selected and paid for in one (1) draw only.
- 3.3. The minimum number of games that must be completed will be four (4) or such number as otherwise determined by SA Lotteries.
- 3.4. There will be no limit to the maximum number of games that can be played, save that in any one draw:
  - 3.4.1. SA Lotteries may decline to issue more than 1,000 entries to a player; and
  - 3.4.2. a player can be issued with entries costing no more than \$99,999.00.
- 3.5. A player may request that an entry be issued in a draw to be conducted within 52 weeks or such lesser period as determined by SA Lotteries.

- 3.6. Subject to Rule 6, a player may enter a draw by:
    - 3.6.1. submitting the coupon provided for that purpose from time to time by SA Lotteries together with an Easiplay Club card if applicable;
    - 3.6.2. making a verbal request of the selling point terminal operator together with providing an Easiplay Club card if applicable; or
    - 3.6.3. an electronic request for entry in such format as SA Lotteries determines.
  - 3.7. In the case of a coupon, a player's forecast must be marked by hand with a cross mark in the centre of the square, a vertical mark in the centre of the square or such other mark as SA Lotteries determines. All marks on a coupon must be legible and made by pencil or dark blue pen. No other mark will be accepted. A coupon must not be marked in red or black.
  - 3.8. The "system" box must be left blank.
  - 3.9. A player who marks a "top up games" box will be taken to have authorised the selling point terminal operator to generate a random forecast of a sufficient quantity of numbers to complete the game, the coupon or the nominated number of games, as the case may be.
  - 3.10. If a player marks more than the specified number of squares in any game, a ticket will not issue until the player has either nominated the number(s) to be deleted or nominated a system entry. The player may be required to complete another coupon.
  - 3.11. If a player marks fewer than the specified number of squares in any game and does not mark the relevant "top up games" box, a ticket will not issue until the player has either nominated the number(s) to be added or nominated a top up games entry or a system entry.
4. *Multi-Week Entry*
- 4.1. A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the "weeks" box or by verbally requesting such an entry. The number of consecutive draws that may be entered in this way is up to 52 weeks or such lesser period as determined by SA Lotteries.
  - 4.2. The Rules governing ordinary entries will apply to every multi-week entry.
5. *System Entry*
- 5.1. A player may create a system entry by forecasting or causing to be forecast 4, 5 or from 7 to 20 numbers, rather than the 6 to be forecast in the case of an ordinary entry.
  - 5.2. In the case of a coupon, a system entry must be completed by marking the "system" box and forecasting or causing to be forecast the quantity of numbers corresponding to the system to be entered by the player. (Thus, to play system 7, 7 numbers are forecast; to play system 8, 8 numbers are forecast and so on to a maximum of 20 numbers forecast to play a system 20 entry.) In the case of a verbal entry, a system entry is created by requesting the selling point terminal operator to complete such an entry. Ordinary and system entry participation will not be accepted if completed on the same coupon and only one system entry type can be played on the one coupon.

- 5.3. If more numbers are marked in any game than the requested system requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in any game than the requested system requires and the relevant "top up games" box is not marked, a ticket will not issue until the player has either nominated the number(s) to be added or selected a top up games entry.
- 5.4. Systems 4 and 5 are system entries in which the quantity of numbers forecast is less than 6 numbers.
- 5.5. A system 4 or 5 entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:

$$\frac{(45 - S)!}{39! \times (6-S)!} \quad (\text{where } S = \text{system number})$$

- 5.6. A player who seeks to participate in a system 4 entry must forecast or cause to be forecast any 4 numbers. These 4 numbers will be combined with all combinations of 2 numbers from the remaining unforecast numbers. This system entry will be equivalent to playing 820 games of 6 numbers.
- 5.7. A player who seeks to participate in a system 5 entry must forecast or cause to be forecast any 5 numbers. These 5 numbers will be combined with each of the remaining unforecast numbers in turn. This system entry will be equivalent to playing 40 games of 6 numbers.
- 5.8. A player who seeks to participate in a system 7 to 20 entry inclusive must forecast or cause to be forecast the quantity of numbers according to the system number to be played. These numbers will be combined with one another in all possible combinations of 6 numbers. This system entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:
- $$\frac{S!}{6! \times (S-6)!} \quad (\text{where } S = \text{system number})$$
- 5.9. Subject to Rule 3.4., a player may enter up to 18 games of the same type of system entry on the one coupon or such other number as SA Lotteries determines.
- 5.10. A system entry may be entered for multi-week participation, in which case the Rules relating to multi-week and Easi-Pick entries will also apply.

*Schedule*

Date of commencement

1. *Preliminary*
  - 1.1. These Rules may be cited as the Lotteries (Monday and Wednesday X Lotto) Rules.
  - 1.2. These Rules will come into operation on the date specified in the Schedule to these Rules.
  - 1.3. These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
  - 1.4. These Rules apply only to the lottery known as "X Lotto" as played on a Monday and Wednesday or such other day or days as determined by the Bloc members.
  
2. *Interpretation*
  - 2.1. In these Rules and in each part of these Rules unless the contrary intention appears:

"Bloc members" means the parties from time to time to the Bloc Agreement entered into by SA Lotteries with other lottery operators for the promotion, conduct and sale of tickets in the game of X Lotto drawn generally on each Monday and Wednesday night on a joint basis with a common winning number determination and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

"claim period" means the period commencing at midnight on the day of determination of the draw results ("relevant day") and ending at the close of business on the 14<sup>th</sup> day thereafter. If the 14<sup>th</sup> day is a Saturday, Sunday or public holiday the claim period will end at SA Lotteries' close of business on the immediately succeeding business day;

"drawing equipment" means equipment operated by the Bloc members for ascertaining the winning numbers;

"X Lotto" means a lottery drawn on a Monday and Wednesday or such other day or days as the Bloc members determine in which a player is required to forecast 6 numbers to be drawn from the range of numbers 1 to 45 inclusive.
  
3. *Ordinary Entry*
  - 3.1. To create an ordinary entry, a player must forecast or cause to be forecast 6 numbers.
  - 3.2. An ordinary entry will provide participation for the number of games selected and paid for in one (1) draw only.
  - 3.3. The minimum number of games that must be completed will be four (4) or such number as otherwise determined by SA Lotteries.
  - 3.4. There will be no limit to the maximum number of games that can be played, save that in any one draw:
    - 3.4.1. SA Lotteries may decline to issue more than 1,000 entries to a player; and
    - 3.4.2. a player can be issued with entries costing no more than \$99,999.00.

- 3.5. A player may request that an entry be issued in a draw to be conducted within 52 weeks or such lesser period as determined by SA Lotteries.
  - 3.6. Subject to Rule 6, a player may enter a draw by:
    - 3.6.1. submitting the coupon provided for that purpose from time to time by SA Lotteries together with an Easiplay Club card if applicable;
    - 3.6.2. making a verbal request of the selling point terminal operator together with providing an Easiplay Club card if applicable; or
    - 3.6.3. an electronic request for entry in such format as SA Lotteries determines.
  - 3.7. In the case of a coupon, a player's forecast must be marked by hand with a cross mark in the centre of the square, a vertical mark in the centre of the square or by such other mark as SA Lotteries determines. All marks on a coupon must be legible and made by pencil or dark blue pen. No other mark will be accepted. A coupon must not be marked in red or black.
  - 3.8. The "system" box must be left blank.
  - 3.9. A player who marks a "top up games" box will be taken to have authorised the selling point terminal operator to generate a random forecast of a sufficient quantity of numbers to complete the game, the coupon or the nominated number of games, as the case may be.
  - 3.10. If a player marks more than the specified number of squares in any game, a ticket will not issue until the player has either nominated the number(s) to be deleted or nominated a system entry. The player may be required to complete another coupon.
  - 3.11. If a player marks fewer than the specified number of squares in any game and does not mark the relevant "top up games" box, a ticket will not issue until the player has either nominated the number(s) to be added or nominated a top up games entry or a system entry.
4. *Multi-Week Entry*
- 4.1. A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the "weeks" box or by verbally requesting such an entry. The number of consecutive draws that may be entered in this way is up to 52 weeks or such lesser period as determined by SA Lotteries.
  - 4.2. The Rules governing ordinary entries will apply to every multi-week entry.
5. *System Entry*
- 5.1. A player may create a system entry by forecasting or causing to be forecast 4, 5 or from 7 to 20 numbers, rather than the 6 to be forecast in the case of an ordinary entry.

- 5.2. In the case of a coupon, a system entry must be completed by marking the “system” box and forecasting or causing to be forecast the quantity of numbers corresponding to the system to be entered by the player. (Thus, to play system 7, 7 numbers are forecast; to play system 8, 8 numbers are forecast and so on to a maximum of 20 numbers forecast to play a system 20 entry.) In the case of a verbal entry, a system entry is created by requesting the selling point terminal operator to complete such an entry. Ordinary and system entry participation will not be accepted if completed on the same coupon and only one system entry type can be played on the one coupon.
- 5.3. If more numbers are marked in any game than the requested system requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in any game than the requested system requires and the relevant “top up games” box is not marked, a ticket will not issue until the player has either nominated the number(s) to be added or selected a top up games entry.
- 5.4. Systems 4 and 5 are system entries in which the quantity of numbers forecast is less than 6 numbers.
- 5.5. A system 4 or 5 entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:
- $$\frac{(45 - S)!}{39! \times (6-S)!} \quad (\text{where } S = \text{system number})$$
- 5.6. A player who seeks to participate in a system 4 entry must forecast or cause to be forecast any 4 numbers. These 4 numbers will be combined with all combinations of 2 numbers from the remaining unforecast numbers. This system entry will be equivalent to playing 820 games of 6 numbers.
- 5.7. A player who seeks to participate in a system 5 entry must forecast or cause to be forecast any 5 numbers. These 5 numbers will be combined with each of the remaining unforecast numbers in turn. This system entry will be equivalent to playing 40 games of 6 numbers.
- 5.8. A player who seeks to participate in a system 7 to 20 entry inclusive must forecast or cause to be forecast the quantity of numbers according to the system number to be played. These numbers will be combined with one another in all possible combinations of 6 numbers. This system entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:
- $$\frac{S!}{6! \times (S-6)!} \quad (\text{where } S = \text{system number})$$
- 5.9. Subject to Rule 3.4. a player may enter up to 18 games of the same type of system entry on the one coupon or such other number as SA Lotteries determines.
- 5.10. A system entry may be entered for multi-week participation, in which case the Rules relating to multi-week and Easi-Pick entries will also apply, as appropriate.
- 5.11. The price of a system entry will be as published by SA Lotteries from time to time.

6. *Easi-Pick Entry*

- 6.1. A player can play by means of an Easi-Pick nomination at the selling point. SA Lotteries' Head Office or an Agent must enter the information nominated by the player into the selling point terminal and cause it to generate a forecast of the type nominated by the player. Such entries will be limited to 4 to 25 or 36 games for an ordinary entry and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.
- 6.2. When using a coupon, Easi-Pick entries can be played by marking the appropriate 'top up games' box or the 'top up selection' box and will be limited to 4 to 18, 25 or 36 games (of 6 numbers) for an ordinary entry, and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.
- 6.3. The Easi-Pick forecast will be printed on a ticket generated by the selling point terminal, and the printed selections will be deemed to be those selections nominated to SA Lotteries or an Agent as if they were marked on a coupon by the player in accordance with these Rules.

7. *Determination of Winning Numbers*

- 7.1. Each draw will be identified by a number.
- 7.2. Each draw will be conducted using drawing equipment determined by the Bloc members.

- 7.4. The first 6 balls drawn will be the winning numbers and the final 2 balls will be the supplementary numbers.
- 7.5. There will be 5 prize winning divisions in each draw as follows:

*Schedule*

Date of commencement

1. *Preliminary*
  - 1.1. These Rules may be cited as the Lotteries (Oz Lotto) Rules.
  - 1.2. These Rules will come into operation on the date specified in the Schedule to these Rules.
  - 1.3. These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
  - 1.4. These Rules apply to the lottery known as “Oz Lotto”.
  
2. *Interpretation*
  - 2.1. In these Rules and in each part of these Rules unless the contrary intention appears:

“Bloc members” means the parties from time to time to the Bloc Agreement entered into by SA Lotteries with other lottery operators for the promotion, conduct and sale of tickets in the game of Oz Lotto on a joint basis with a common winning number determination and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

“claim period” means the period commencing at midnight on the day of determination of the draw results (“relevant day”) and ending at the close of business on the 14<sup>th</sup> day thereafter. If the 14<sup>th</sup> day is a Saturday, Sunday or public holiday the claim period will end at SA Lotteries’ close of business on the immediately succeeding business day;

“drawing equipment” means equipment operated by the Bloc members for ascertaining the winning numbers;

“Oz Lotto” means a lottery drawn at such intervals as the Bloc members determine in which a player is required to forecast 7 numbers to be drawn from the range of numbers 1 to 45 inclusive.
  
3. *Ordinary Entry*
  - 3.1. To create an ordinary entry a player must forecast or cause to be forecast 7 numbers.
  - 3.2. An ordinary entry will provide participation for the number of games selected and paid for in one (1) draw only.
  - 3.3. The minimum number of games that must be completed will be one (1) or such number as otherwise determined by SA Lotteries.
  - 3.4. There will be no limit to the maximum number of games that can be played, save that in any one draw:
    - 3.4.1. SA Lotteries may decline to issue more than 1,000 entries to a player; and
    - 3.4.2. a player can be issued with entries costing no more than \$99,999.00.
  - 3.5. A player may request that an entry be issued in a draw to be conducted within 52 weeks or such lesser period as determined by SA Lotteries.

- 3.6. Subject to Rule 6, a player may enter a draw by:
    - 3.6.1. submitting the coupon provided for that purpose from time to time by SA Lotteries together with an Easiplay Club card if applicable;
    - 3.6.2. making a verbal request of the selling point terminal operator together with providing an Easiplay Club card if applicable; or
    - 3.6.3. an electronic request for entry in such format as SA Lotteries determines.
  - 3.7. In the case of a coupon, a player's forecast must be marked by hand with a cross mark in the centre of the square, a vertical mark in the centre of the square or such other mark as SA Lotteries determines. All marks on a coupon must be legible and made by pencil or dark blue pen. No other mark will be accepted. A coupon must not be marked in red or black.
  - 3.8. The "system" box must be left blank.
  - 3.9. A player who marks a "top up games" box will be taken to have authorised the selling point terminal operator to generate a random forecast of a sufficient quantity of numbers to complete the game, the coupon or the nominated number of games, as the case may be.
  - 3.10. If a player marks more than the specified number of squares in any game, a ticket will not issue until the player has either nominated the number(s) to be deleted or nominated a system entry. The player may be required to complete another coupon.
  - 3.11. If a player marks fewer than the specified number of squares in any game and does not mark the relevant "top up games" box, a ticket will not issue until the player has either nominated the number(s) to be added or nominated a top up games entry or a system entry.
4. *Multi-Week Entry*
- 4.1. A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the "weeks" box or by verbally requesting such an entry. The number of consecutive draws that may be entered in this way is up to 52 weeks or such lesser period as determined by SA Lotteries.
  - 4.2. The Rules governing ordinary entries will apply to every multi-week entry.
5. *System Entry*
- 5.1. A player may create a system entry by forecasting or causing to be forecast 5, 6 or from 8 to 20 numbers, rather than the 7 to be forecast in the case of an ordinary entry.
  - 5.2. In the case of a coupon, a system entry must be created by marking the "system" box and forecasting or causing to be forecast the quantity of numbers corresponding to the system to be entered by the player. (Thus, to play system 8, 8 numbers are forecast; to play system 9, 9 numbers are forecast and so on to a maximum of 20 numbers forecast to play a system 20 entry.) In the case of a verbal entry, a system entry is created by requesting the selling point terminal operator to complete such an entry. Ordinary and system entry participation will not be accepted if completed on the same coupon and only one system entry type can be played on the one coupon.

- 5.3. If more numbers are marked in any game than the requested system requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in any game than the requested system requires and the relevant "top up games" box is not marked, a ticket will not issue until the player has either nominated the number(s) to be added or selected a top up games entry.
- 5.4. Systems 5 and 6 are system entries in which the quantity of numbers forecast is less than 7 numbers.
- 5.5. A system 5 or 6 entry will be equivalent to playing a certain number of separate games of 7 numbers as determined by the following formula:

$$\frac{(45 - S)!}{38! \times (7 - S)!} \quad (\text{where } S = \text{system number})$$

- 5.6. A player who seeks to participate in a system 5 entry must forecast or cause to be forecast any 5 numbers. These 5 numbers will be combined with all combinations of two numbers from the remaining unforecast numbers. This system entry will be equivalent to playing 780 games of 7 numbers.
- 5.7. A player who seeks to participate in a system 6 entry must forecast or cause to be forecast any 6 numbers. These 6 numbers will be combined with each of the remaining unforecast numbers in turn. This system entry will be equivalent to playing 39 games of 7 numbers.
- 5.8. A player who seeks to participate in a system 8 to 20 entry inclusive must forecast or cause to be forecast the quantity of numbers according to the system number to be played. These numbers will be combined with one another in all possible combinations of 7 numbers. This system entry will be equivalent to playing a certain number of separate games of 7 numbers as determined by the following formula:
- $$\frac{S!}{7! \times (S - 7)!} \quad (\text{where } S = \text{system number}).$$
- 5.9. Subject to Rule 3.4, a player may enter up to 18 games of the same type of system entry on the one coupon or such other number as SA Lotteries determines.
- 5.10. A system entry may be entered for multi-week participation, in which case the Rules relating to multi-week and Easi-Pick entries will also apply as appropriate.
- 5.11. The price of a system entry will be as published by SA Lotteries from time to time.

6. *Easi-Pick Entry*

- 6.1. A player can play by means of an Easi-Pick nomination at the selling point. SA Lotteries' Head Office or an Agent must enter the information nominated by the player into the selling point terminal and cause it to generate a forecast of the type nominated by the player. Such entries will be limited to 1 to 25 or 36 games for an ordinary entry and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.
- 6.2. When using a coupon, Easi-Pick entries can be played by marking the appropriate 'top up games' box or the 'top up selection' box and will be limited to 1 to 18, 25 or 36 games (of 7 numbers) for an ordinary entry, and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.

- 6.3. The Easi-Pick forecast will be printed on a ticket generated by the selling point terminal, and the printed selections will be deemed to be those selections nominated to SA Lotteries or an Agent as if they were marked on a coupon by the player in accordance with these Rules.

7. *Determination of Winning Numbers*

- 7.1. Each draw will be identified by a number.
- 7.2. Each draw will be conducted using drawing equipment determined by the Bloc members.
- 7.3. For each draw, the Bloc members will cause 9 numbered balls to be drawn from the drawing equipment.
- 7.4. The first 7 balls drawn will be the winning numbers and the final 2 balls will be the supplementary numbers.
- 7.5. There will be 7 prize winning divisions in each draw:
- Division 1— player(s) who correctly forecast the 7 winning numbers in any one game.
- Division 2— player(s) who correctly forecast any 6 of the 7 winning numbers and either one of the supplementary numbers in any one game.
- Division 3— player(s) who correctly forecast any 6 of the 7 winning numbers in any one game.
- Division 4— player(s) who correctly forecast any 5 of the 7 winning numbers and either one of the supplementary numbers in any one game.
- Division 5— player(s) who correctly forecast any 5 of the 7 winning numbers in any one game.
- Division 6— player(s) who correctly forecast any 4 of the 7 winning numbers in any one game.
- Division 7— player(s) who correctly forecast any 3 of the 7 winning numbers and either one of the supplementary numbers in any one game.

8. *Supervision of Draw*

- 8.1. The selection of winning numbers and supplementary numbers will be conducted in such a manner as agreed by the Bloc members; and
- 8.1.1. will be supervised by the appropriate representatives for the State in which the draw is conducted; and
- 8.1.2. will be final for the purpose of determining the prize winners in that draw.

9. *Prize Pool Allocation*

- 9.1. Only one prize can be won by any one entry in a game.

- 9.2. 60% of the total entry fees received for each draw (or such greater amount as SA Lotteries determines) will be allocated as the prize pool.
  - 9.3. SA Lotteries will pay the percentage referred to in Rule 9.2 into an aggregate prize pool to which each of the Bloc members must contribute the same percentage of the total entry fees received by them.
  - 9.4. The total amount of the prize pool will be announced at each draw.
  - 9.5. The prize money allocated to each division will be apportioned in equal shares between the winners in that division.
  - 9.6. If there is no winner in any of Divisions 2, 3, 4, 5 or 6 of any draw, the prize money allocated to that division will be added to the prize money allocated to the next lower division in which there is a winner.
10. *Prize Structure*
- 10.1. The total prize pool will be distributed between the prize divisions in accordance with the determination of SA Lotteries, after consultation with the Bloc members.
  - 10.2. Any variation to the prize divisions or the prize pool distributions between the prize divisions, as determined by SA Lotteries, will be advised to players by way of SA Lotteries' website and at all selling points, at least fourteen (14) days prior to their operational date.
  - 10.3. Notwithstanding any other Rule, SA Lotteries may, at its discretion round out the amount of any prize other than a Division 1 prize to the nearest five cents above or below the actual prize otherwise payable. The resulting surplus or deficit will be added to or deducted from the Prize Reserve Fund.
11. *Prize Reserve Fund*
- 11.1. From time to time, SA Lotteries may set aside a proportion of the total amount received from entry fees to any draw and, in respect of that draw, the distribution of prizes will be reduced *pro rata* in all prize winning divisions. The amount set aside will be accumulated by SA Lotteries to constitute a pool called the Prize Reserve Fund.
  - 11.2. The Prize Reserve Fund will be applied from time to time for or towards the payment of any of the following:
    - 11.2.1. prizes in respect of missed prize entries for lotteries conducted by SA Lotteries;
    - 11.2.2. additional or increased prizes in subsequent lotteries conducted by SA Lotteries;in such amount(s) and to such player(s) as SA Lotteries in its absolute discretion determines.
  - 11.3. The amounts to be set aside and the amounts to be distributed must be agreed with the Bloc members.
  - 11.4. In the event that the game of Oz Lotto is replaced, enhanced, renamed or otherwise varied, the Prize Reserve Fund as constituted by this Rule 11 shall be assigned to the game replacing, enhancing, renaming or otherwise varying the game of Oz Lotto.

12. *Jackpots*

- 12.1. If there is no Division 1 prize winner, that portion of the prize pool that would have been payable to a single Division 1 winner in that draw will be added to or jackpotted with the Division 1 prize money in the next draw. This jackpotting will continue for no more than 25 consecutive draws. If there is no Division 1 prize winner in the next (or 26th) consecutive draw, the total amount of the jackpot and the Division 1 prize that would have been payable to a single winner in that 26th draw, will be added to the prize money allocated to the next lower division in which there is a winner.
- 12.2. If SA Lotteries guarantees a minimum prize payout in Division 1 of any draw, the amount by which SA Lotteries has augmented the portion of the prize pool allocated to Division 1 in that draw will not be taken into account in determining the amount of any jackpot subsequently paid in respect of that division.

13. *Publication of Results*

- 13.1. SA Lotteries will publish the results of each draw as soon as practicable after each draw.
- 13.2. The information published may include:

- 14.3. All prize winning tickets must be identified by the central computer system via the selling point terminal as a prize winning ticket before payment of the prize is made.

- 15.1. In the case of Division 1 and 2 prizes:
- 15.1.1. prize money will be distributed after the claim period has elapsed;

*Schedule*

Date of commencement

1. *Preliminary*

- 1.1. These Rules may be cited as the Lotteries (Powerball) Rules.
- 1.2. These Rules will come into operation on the date specified in the Schedule to these Rules.
- 1.3. These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
- 1.4. These Rules apply to the lottery known as "Powerball".

2. *Interpretation*

- 2.1. In these Rules and in each part of these Rules unless the contrary intention appears:

"Bloc members" means the parties from time to time to the Bloc agreement entered into by SA Lotteries with other lottery operators for the promotion, conduct and sale of tickets in the game of Powerball on a joint basis with a common winning number determination and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

"claim period" means the period commencing at midnight on the day of determination of the draw results ("relevant day") and ending at the close of business on the 14<sup>th</sup> day thereafter. If the 14<sup>th</sup> day is a Saturday, Sunday or public holiday the claim period will end at SA Lotteries' close of business on the immediately succeeding business day;

"drawing equipment" means equipment operated by the Bloc members for ascertaining the winning numbers;

"Powerball" means a lottery drawn at such intervals as the Bloc members determine in which a player is required to forecast 5 numbers to be drawn from the range of numbers 1 to 45 inclusive in the 5 Ball Barrel and 1 number to be drawn from a second range of numbers 1 to 45 inclusive in the Powerball Barrel;

"Powerball Barrel" means the drawing barrel from which the Powerball is drawn;

"Power45" means a method of entry where all 45 Powerball numbers are deemed to have been selected for each game played.

"Powerball number" means the single ball drawn from balls numbered 1 to 45 inclusive from the Powerball Barrel;

"5 Ball Barrel" means the drawing barrel from which 5 balls are drawn.

3. *Ordinary Entry*

- 3.1. To create an ordinary entry, a player must forecast or cause to be forecast 5 numbers and the Powerball number.
- 3.2. An ordinary entry will provide participation for the number of games selected and paid for in one (1) draw only.
- 3.3. The minimum number of games that must be completed will be two (2) or such number as otherwise determined by SA Lotteries.

- 3.4. There will be no limit to the maximum number of games that can be played, save that in any one draw:
    - 3.4.1. SA Lotteries may decline to issue more than 1,000 entries to a player; and
    - 3.4.2. a player can be issued with entries costing no more than \$99,999.00.
  - 3.5. A player may request that an entry be issued in a draw to be conducted within 52 weeks or such lesser period as determined by SA Lotteries.
  - 3.6. Subject to Rule 6, a player may enter a draw by:
    - 3.6.1. submitting the coupon provided for that purpose from time to time by SA Lotteries together with an Easisplay Club card if applicable;
    - 3.6.2. making a verbal request of the selling point terminal operator together with providing an Easisplay Club card if applicable; or
    - 3.6.3. an electronic request for entry in such format as SA Lotteries determines.
  - 3.7. In the case of a coupon, a player's forecast must be marked by hand with a cross mark in the centre of the square, a vertical mark in the centre of the square or such other mark as SA Lotteries determines. All marks on a coupon must be legible and made by pencil or dark blue pen. No other mark will be accepted. A coupon must not be marked in red or black.
  - 3.8. The "system" box must be left blank.
  - 3.9. A player who marks a "top up games" box will be taken to have authorised the selling point terminal operator to generate a random forecast of a sufficient quantity of numbers to complete the game, the coupon or the nominated number of games, as the case may be.
  - 3.10. If a player marks more than the specified number of squares in either panel in any one game, a ticket will not issue until the player has either nominated the number(s) to be deleted or nominated a system entry. The player may be required to complete another coupon.
  - 3.11. If a player marks fewer than the specified number of squares in either panel in any one game and does not mark the relevant "top up games" box, a ticket will not issue until the player has either nominated the number(s) to be added or nominated a top up games entry or a system entry.
4. *Multi-Week Entry*
- 4.1. A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the "weeks" box or by verbally requesting such an entry. The number of consecutive draws that may be entered in this way is up to 52 weeks or such lesser period as determined by SA Lotteries.
  - 4.2. The Rules governing ordinary entries will apply to every multi-week entry.
5. *System Entry*
- 5.1. Subject to Rule 7.3, a player may create a system entry in the top panel by forecasting or causing to be forecast in that panel 3, 4 or from 6 to 20 numbers, rather than the 5 to be forecast in the case of an ordinary entry.

- 5.2. In the case of a coupon, a system entry must be completed by marking the “system” box and forecasting or causing to be forecast in the top panel the quantity of numbers corresponding to the system to be entered by the player. (Thus, to play system 7, 7 numbers are forecast; to play system 8, 8 numbers are forecast and so on to a maximum of 20 numbers forecast to play a system 20 entry.) In the case of a verbal entry, a system entry is created by requesting the selling point terminal operator to complete such an entry. Ordinary and system entry participation will not be accepted if completed on the same coupon and only one system entry type can be played on the one coupon.
- 5.3. If more numbers are marked in any panel than the requested system requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in any panel than the requested system requires and the “top up games” box is not marked, a ticket will not issue until the player has either nominated the number(s) to be added or selected a top up games entry.
- 5.4. Systems 3 and 4 are system entries in which the quantity of numbers forecast in the top panel is less than 5 numbers and the Powerball number.
- 5.5. A system 3 or 4 entry will be equivalent to playing a certain number of separate games of 5 numbers in the top panel in conjunction with the Powerball number forecast by the player as determined by the following formula:
- $$\frac{(45 - S)!}{40! \times (5 - S)!} \quad (\text{where } S = \text{system number})$$
- 5.6. A player who seeks to participate in a system 3 entry must forecast or cause to be forecast any 3 numbers from the top panel. These 3 numbers will be combined with all combinations of 2 numbers from the remaining unforecast numbers. This system entry will be equivalent to playing 861 games of 5 numbers.
- 5.7. A player who seeks to participate in a system 4 entry must forecast or cause to be forecast any 4 numbers from the top panel. These 4 numbers will be combined with each of the remaining unforecast numbers in turn. This system entry will be equivalent to playing 41 games of 5 numbers.
- 5.8. A player who seeks to participate in a system 6 to 20 entry inclusive must forecast or cause to be forecast the quantity of numbers according to the system number to be played. The forecast numbers in the top panel will be combined with one another in all possible combinations of 5 numbers in conjunction with the Powerball number forecast by the player. This system entry will be equivalent to playing a certain number of separate games of 5 numbers in conjunction with the Powerball number selected by the player as determined by the following formula:
- $$\frac{S!}{5! \times (S - 5)!} \quad (\text{where } S = \text{system number})$$
- 5.9. Subject to Rule 3.4., a player may enter up to 9 games of the same type of system entry on the one coupon or such other number as SA Lotteries determines.
- 5.10. A system entry may be entered for multi-week participation, in which case the Rules relating to multi-week and Easi-Pick entries will also apply, as appropriate.
- 5.11. The price of a system entry will be as published by SA Lotteries from time to time.

6. *Easi-Pick Entry*
  - 6.1. A player can play by means of an Easi-Pick nomination at the selling point. SA Lotteries' Head Office or an Agent must enter the information nominated by the player into the selling point terminal and cause it to generate a forecast of the type nominated by the player. Such entries will be limited to 2 to 25 or 36 games (of 5 numbers and a Powerball number) for an ordinary entry, and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.
  - 6.2. When using a coupon, Easi-Pick entries can be played by marking the appropriate 'top up games' box or the 'top up selection' box and will be limited to 2 to 9, 12, 25 or 36 games (of 5 numbers and a Powerball number) for an ordinary entry, and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.
  - 6.3. The Easi-Pick forecast will be printed on a ticket generated by the selling point terminal, and the printed selections will be deemed to be those selections nominated to SA Lotteries or an Agent as if they were marked on a coupon by the player in accordance with these Rules.
  
7. *Power45 Entry*
  - 7.1. Power45 can be played using either a coupon provided for that purpose or an Easi-Pick entry method. In the case of a coupon entry, a player must complete either an ordinary entry or a system entry in the top row of panels and mark the "P45" box for the Powerball number. In the case of an Easi-Pick entry, a player must nominate the number of Power45 entries to SA Lotteries or the Agent.
  - 7.2. Ordinary Power45 entry
    - 7.2.1. For an ordinary Power45 entry, a player is to make a forecast of 5 numbers for each of the chosen number of panels in the top row of the coupon.
    - 7.2.2. The selling point terminal will combine the number selections in Rule 7.2.1 with each and every Powerball number.
  - 7.3. System Power45 entry
    - 7.3.1. For a system Power45 entry, a player is to mark the "P45" box for the Powerball number and make a System forecast in accordance with Rule 5.
    - 7.3.2. The selling point terminal will determine all possible combinations of 5 numbers from the number forecast in Rule 7.3.1 and combine each combination with each and every Powerball number.
  - 7.4. Easi-Pick Power45 entry
    - 7.4.1. When using a coupon, Easi-Pick Power45 entries will be limited to 1 to 9, 12 or 25 games for an ordinary Power45 entry and such number of the same type of system entry as SA Lotteries determines.
    - 7.4.2. An Easi-Pick entry can be nominated using the selling point terminal. Such entries will be limited to 1 to 25 games for an ordinary entry, and subject to Rule 3.4, such number of the same type of ordinary or system entry as SA Lotteries determines.

8. *Determination of Winning Numbers*
  - 8.1. Each draw will be identified by a number.
  - 8.2. Each draw will be conducted using drawing equipment determined by the Bloc members.
  - 8.3. For each draw the Bloc members will cause 5 numbered balls to be drawn from the 5 Ball Barrel and 1 numbered ball to be drawn from the Powerball Barrel.
  - 8.4. There will be 7 prize winning divisions in each draw as follows:
    - Division 1— player(s) who correctly forecast the 5 balls drawn from the 5 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.
    - Division 2— player(s) who correctly forecast the 5 balls drawn from the 5 Ball Barrel in any one game.
    - Division 3— player(s) who correctly forecast 4 of the 5 balls drawn from the 5 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.
    - Division 4— player(s) who correctly forecast 3 of the 5 balls drawn from the 5 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.
    - Division 5— player(s) who correctly forecast 4 of the 5 balls drawn from the 5 Ball Barrel in any one game.
    - Division 6— player(s) who correctly forecast 2 of the 5 balls drawn from the 5 Ball Barrel and the Powerball number from the Powerball Barrel in any one game.
    - Division 7— player(s) who correctly forecast 3 of the 5 balls drawn from the 5 Ball Barrel in any one game.
9. *Supervision of Draw*
  - 9.1. The selection of winning numbers will be conducted in such manner as agreed by the Bloc members and
    - 9.1.1. will be supervised by the appropriate representatives for the State in which the draw is conducted; and
    - 9.1.2. will be final for the purpose of determining the prize winners for that draw.
10. *Prize Pool Allocation*
  - 10.1. Only one prize can be won by any one entry in a game.
  - 10.2. 60% of the total entry fees received for each draw (or such greater amount as SA Lotteries determines) will be allocated as the prize pool.
  - 10.3. SA Lotteries will pay the percentage referred to in Rule 10.2 into an aggregate prize pool to which each of the Bloc members will contribute the same percentage of the entry fees received by them.

- 10.4. The total amount of the prize pool will be announced at each draw.
- 10.5. The prize money allocated to each division will be apportioned in equal shares between the winners in that division.
- 10.6. If there is no winner in any of Divisions 2, 3, 4, 5 or 6 of any draw, the prize money allocated to that division will be added to the prize money allocated to the next lower division in which there is a winner.

11. *Prize Structure*

- 11.1. The total prize pool will be distributed between the prize divisions in accordance with the determination of SA Lotteries, after consultation with the Bloc members.
- 11.2. Any variation to the prize divisions or the prize pool distributions between the prize divisions, as determined by SA Lotteries, will be advised to players by way of SA Lotteries' website and at all selling points, at least fourteen (14) days prior to their operational date.
- 11.3. Notwithstanding any other Rule, SA Lotteries may, at its discretion round out the amount of any prize other than a Division 1 prize to the nearest five cents above or below the actual prize otherwise payable. The resulting surplus or deficit will be added to or deducted from the Prize Reserve Fund.

12. *Prize Reserve Fund*

- 12.1. From time to time, SA Lotteries may set aside a proportion of the total amount received from entry fees to any draw and, in respect of that draw, the distribution of prizes will be reduced *pro rata* in all prize winning divisions. The amount set aside will be accumulated by SA Lotteries to constitute a pool called the Prize Reserve Fund.
- 12.2. The Prize Reserve Fund will be applied from time to time for or towards the payment of any of the following:
  - 12.2.1. prizes in respect of missed prize entries for lotteries conducted by SA Lotteries;
  - 12.2.2. additional or increased prizes in subsequent lotteries conducted by SA Lotteries;in such amount(s) and to such player(s) as SA Lotteries in its absolute discretion determines.
- 12.3. The amounts to be set aside and the amounts to be distributed must be agreed with the Bloc members.
- 12.4. In the event that the game of Powerball is replaced, enhanced, renamed or otherwise varied, the Prize Reserve Fund as constituted by this Rule 12 shall be assigned to the game replacing, enhancing, renaming or otherwise varying the game of Powerball.

13. *Jackpots*
  - 13.1. If there is no Division 1 prize winner, that portion of the prize pool that would have been payable to a single Division 1 winner in that draw will be added to or jackpotted with the Division 1 prize money in the next draw. This jackpotting will continue for no more than 25 consecutive draws. If there is no Division 1 prize winner in the next (or 26th) consecutive draw, the total amount of the jackpot and the Division 1 prize that would have been payable to a single winner in that 26th draw will be added to the prize money allocated to the next lower Division in which there is a winner.
  - 13.2. If SA Lotteries guarantees a minimum prize payout in Division 1 of any draw, the amount by which SA Lotteries has augmented the portion of the prize pool allocated to Division 1 in that draw will not be taken into account in determining the amount of any jackpot subsequently paid in respect of that division.
  
14. *Publication of Results*
  - 14.1. SA Lotteries will publish the results of each draw as soon as practicable after each draw.
  - 14.2. The information published may include:

All marks on a coupon must be legible and made by pencil or dark blue pen. No other mark will be accepted. A coupon must not be marked in red or black.
  - 3.8. The "system" box must be left blank.
  - 3.9. A player who marks a "top up games" box will be taken to have authorised the selling point terminal operator to generate a random forecast of a sufficient quantity of numbers to complete the game, the coupon or the nominated number of games, as the case may be.
  - 3.10. If a player marks more than the specified number of squares in any game, a ticket will not issue until the player has either nominated the number(s) to be deleted or nominated a system entry. The player may be required to complete another coupon.
  - 3.11. If a player marks fewer than the specified number of squares in any game and does not mark the relevant "top up games" box, a ticket will not issue until the player has either nominated the number(s) to be added or nominated a top up games entry or a system entry.

4. *Multi-Week Entry*

- 4.1. A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the "weeks" box or by verbally requesting such an entry. The number of consecutive draws that may be entered in this way is up to 52 weeks or such lesser period as determined by SA Lotteries.
- 4.2. The Rules governing ordinary entries will apply to every multi-week entry.

5. *System Entry*

- 5.1. A player may create a system entry by forecasting or causing to be forecast 4, 5 or from 7 to 20 numbers, rather than the 6 to be forecast in the case of an ordinary entry.
- 5.2. In the case of a coupon, a system entry must be completed by marking the "system" box and forecasting or causing to be forecast the quantity of numbers corresponding to the system to be entered by the player. (Thus, to play system 7, 7 numbers are forecast; to play system 8, 8 numbers are forecast and so on to a maximum of 20 numbers forecast to play a system 20 entry.) In the case of a verbal entry, a system entry is created by requesting the selling point terminal operator to complete such an entry. Ordinary and system entry participation will not be accepted if completed on the same coupon and only one system entry type can be played on the one coupon.
- 5.3. If more numbers are marked in a game than the requested system requires, a ticket will not issue until the player has nominated the number(s) to be deleted. If fewer numbers are marked in a game than the requested system requires and the relevant "top up games" box is not marked a ticket will not issue until the player has either nominated the number(s) to be added or selected a top up entry.
- 5.4. Systems 4 and 5 are system entries in which the quantity of numbers forecast is less than 6 numbers.
- 5.5. A system 4 or 5 entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:

$$\frac{(38 - S)!}{32! \times (6 - S)!} \quad (\text{where } S = \text{system number}).$$

- 5.6. A player who seeks to participate in a system 4 entry must forecast or cause to be forecast any 4 numbers. These 4 numbers will be combined with all combinations of 2 numbers from the remaining unselected numbers. This system entry will be equivalent to playing 561 games of 6 numbers.
- 5.7. A player who seeks to participate in a system 5 entry must forecast or cause to be forecast any 5 numbers. These 5 numbers will be combined with each of the remaining unforecast numbers in turn. This system entry will be equivalent to playing 33 games of 6 numbers.
- 5.8. A player who seeks to participate in a system 7 to 20 entry inclusive must forecast or cause to be forecast the quantity of numbers according to the system number to be played. These numbers will be combined with one another in all possible combinations of 6 numbers. This system entry will be equivalent to playing a certain number of separate games of 6 numbers as determined by the following formula:

$$\frac{S!}{6! \times (S - 6)!} \quad (\text{where } S = \text{system number})$$

- 5.9. Subject to Rule 3.4., a player may enter up to 18 games of the same type of system entry on the one coupon or such other number as SA Lotteries determines.
- 5.10. A system entry may be entered for multi-week participation, in which case the Rules relating to multi-week and Easi-Pick entries will also apply, as appropriate.
- 5.11. The price of a system entry will be as published by SA Lotteries from time to time.

6. *Easi-Pick Entry*

- 6.1. A player can play by means of an Easi-Pick nomination at the selling point. SA Lotteries' Head Office or an Agent must enter the information nominated by the player. Such entries will be limited to 2 to 25 or 36 games for an ordinary entry and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.
- 6.2. When using a coupon, Easi-Pick entries can be played by marking the appropriate 'top up games' box or the 'top up selection' box and will be limited to 2 to 18, 25 or 36 games (of 6 numbers) for an ordinary entry and subject to Rule 3.4, such number of the same type of system entry as SA Lotteries determines.
- 6.3. The Easi-Pick forecast will be printed on a ticket generated by the selling point terminal, and the printed selections will be deemed to be those selections nominated to SA Lotteries or an Agent as if they were marked on a coupon by the player in accordance with these Rules.

7. *Determination of Winning Numbers*

- 7.1. Each draw will be identified by a number.
- 7.2. Subject to Rule 7.5, each numbered square in a game will represent the match printed opposite the same number on the match list, notwithstanding that there are fewer numbered squares in a game than appear on the match list.
- 7.3. The match list will be published by SA Lotteries and will be available to players on SA Lotteries' website and at selling points.
- 7.4. To determine the 6 winning match numbers and the supplementary match number the result of matches represented by the numbers in a game will be deemed to have an order of rank depending on the results of those matches in accordance with Rules 7.4.1. to 7.4.5. (but having regard to Rules 7.4.6 and 7.4.7.). For the purposes of Rule 7.9 the 6 highest ranked numbered matches will be the 6 winning match numbers and the 7th highest ranked numbered match will be the supplementary match number.
  - 7.4.1. score draw - This is a match in which both teams score an equal number of goals. Score draws will be ranked higher than any other result. Score draws are ranked from highest to lowest based on the total number of goals scored.

- 7.4.3. win for away team – This is a match in which the away team scores more goals than the home team. All wins for away teams will be ranked higher than wins for home teams. Away team wins with a smaller goal difference will be ranked higher than away team wins with greater goal differences. If 2 or more away team wins have the same goal difference, away team wins where more goals are scored will be ranked higher than away team wins where fewer goals are scored.
- 7.4.4. win for home team – This is a match in which the home team scores more goals than the away team. Home team wins with a smaller goal difference will be ranked higher than home team wins with a greater goal difference. If 2 or more home team wins have the same goal difference home team wins where more goals are scored will be ranked higher than home team wins where fewer goals are scored.
- 7.4.5. If two or more numbered matches in a game are or are deemed to be of equal rank in accordance with Rules 7.4.1., 7.4.2., 7.4.3. and 7.4.4. any such match printed with a higher match number on the match list will be ranked higher than any such match printed with a lower number on the match list (subject to Rules 7.5. and 7.6.).
- 7.4.6. A reference in Rules 7.4.3. and 7.4.4. to “more goals” or “fewer goals” refers to the total number of goals scored by both teams in a match result.
- 7.4.7. If there are insufficient results in accordance with Rule 7.4.1. to determine the 6 winning match numbers and the supplementary match number, the results in accordance with Rule 7.4.2. will be taken into account. If there are still insufficient results, the results in accordance with Rule 7.4.3 will be taken into account. If there are still insufficient results, the results in accordance with Rule 7.4.4 will be taken into account. If there are still insufficient results then a barrel draw shall be conducted in accordance with Rule 7.7.
- 7.5. - 7.6. Notwithstanding that one or more of the matches as published on the match list is not played, the results of matches so printed on the match list will, subject to Rule 7.5., be the results adopted.
- 7.7. In the event that there are insufficient matches played to determine the 6 winning match numbers and the supplementary match number or the use of some matches in determining the 6 winning match numbers and the supplementary match number is precluded for any other reason then;
- 7.7.1. a barrel draw shall be conducted at the earliest opportunity;
- 7.7.2. the barrel draw will be supervised by the appropriate representatives for the State in which the draw is conducted;
- 7.7.3. the balls to be used shall be numbered from 1 to 38;

  - 1.2. These Rules will come into operation on the date specified in the Schedule to these Rules.
  - 1.3. These Rules are to be read in conjunction with and are subject to the Lotteries (General) Rules.
  - 1.4. These Rules apply to the lottery known as “Super 66”.
  
2. *Interpretation*
  - 2.1. In these Rules and in each part of these Rules unless the contrary intention appears:

“Bloc members” means the parties from time to time to the Bloc Agreement entered into by SA Lotteries with other lottery operators for the promotion, conduct and sale of tickets in the game of Super 66 on a joint basis with a common winning number determination and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;

“claim period” means the period commencing at midnight on the day of determination of the draw results (“relevant day”) and ending at the close of business on the 14<sup>th</sup> day thereafter. If the 14<sup>th</sup> day is a Saturday, Sunday or public holiday the claim period will end at SA Lotteries’ close of business on the immediately succeeding business day;

“drawing equipment” means equipment operated by the Bloc members for ascertaining the winning numbers;

“Super 66” means a lottery drawn at such intervals as the Bloc members determine in which a player is required to forecast a 6 digit number and the result is determined by the degree of concurrence of that number with a 6 digit number in the range 000000 to 999999 inclusive.
  
3. *Ordinary Entry*
  - 3.1. To create an ordinary entry, a player must forecast or cause to be forecast a 6 digit number.
  - 3.2. An ordinary entry will provide participation for the number of games selected and paid for in one (1) draw only.
  - 3.3. The minimum number of games that must be completed will be one (1) or such number as otherwise determined by SA Lotteries.
  - 3.4. There will be no limit to the maximum number of games that can be played, save that in any one draw:
    - 3.4.1. SA Lotteries may decline to issue more than 1,000 entries to a player; and
    - 3.4.2. a player can be issued with entries costing no more than \$99,999.00.
  - 3.5. Subject to Rule 3.6, a player may request that an entry be issued in a draw to be conducted within 52 weeks or such lesser period as determined by SA Lotteries.

- 3.6. When played in conjunction with Saturday X Lotto, Monday and Wednesday X Lotto, Powerball, Oz Lotto and The Pools, a player may request an entry by:
    - 3.6.1. marking the "Super 66" box on a coupon or other request for entry in another lottery; or
    - 3.6.2. verbally requesting the required number of games when making a request for entry in another lottery.
  - 3.7. When not played in conjunction with another lottery, a 6 digit number may be selected by either the player or the selling point terminal.
  - 3.8. Subject to Rules 3.6 and 5, a player may enter a draw by:
    - 3.8.1. submitting the coupon provided for that purpose from time to time by SA Lotteries together with an Easiplay Club card if applicable;
    - 3.8.2. making a verbal request of the selling point terminal operator together with providing an Easiplay Club card if applicable; or
    - 3.8.3. an electronic request for entry in such format as SA Lotteries determines.
  - 3.9. In the case of a coupon, a player's forecast must be marked by hand with a cross mark in the centre of the square, a vertical mark in the centre of the square or by such other mark as SA Lotteries determines. All marks on a coupon must be legible and made by pencil or dark blue pen. No other mark will be accepted. A coupon must not be marked in red or black.
  - 3.10. A player who marks a "top up games" box will be taken to have authorised the selling point terminal operator to generate a random forecast of a sufficient quantity of numbers to complete the game, the coupon or the nominated number of games, as the case may be.
  - 3.11. If a player marks more than the specified number of squares in any game, a ticket will not issue until the player has nominated the number(s) to be deleted. The player may be required to complete another coupon.
  - 3.12. If a player marks fewer than the specified number of squares in any game and does not mark the relevant "top up games" box, a ticket will not issue until the player has either nominated the number(s) to be added or nominated a top up games entry.
4. *Multi-Week Entry*
- 4.1. A player may enter their number forecasts for a series of consecutive draws by marking the appropriate square in the "weeks" box or by verbally requesting such an entry. The number of consecutive draws that may be entered in this way is up to 52 weeks or such lesser period as determined by SA Lotteries.
  - 4.2. When played in conjunction with a multi week entry in another lottery, a Super 66 entry will be placed in the corresponding weekly draw for which the other lottery has been entered.
  - 4.3. The Rules governing ordinary entries will apply to every multi-week entry.

5. *Easi-Pick Entry*

- 5.1. A player can play by means of an Easi-Pick nomination at the selling point. SA Lotteries' Head Office or an Agent must enter the information nominated by the player into the selling point terminal and cause it to generate a forecast of the type nominated by the player. Such entries will be limited to 1 to 25 or 36 games for an ordinary entry, and subject to Rule 3.4, such number of the same type of ordinary entry as SA Lotteries determines.
- 5.2. When using a coupon, Easi-Pick entries can be played by marking the appropriate 'top up games' box or the 'top up selection' box and will be limited to 1 to 9, 14, 25 or 36 games (of 6 digits) for an ordinary entry, or such other number as SA Lotteries determines.
- 5.3. The Easi-Pick forecast will be printed on a ticket generated by the selling point terminal, and the printed selections will be deemed to be those selections nominated to SA Lotteries or an Agent as if they were marked on a coupon by the player in accordance with these Rules.

6. *Determination of Winning Number*

- 6.1. Each draw will be identified by a number.
- 6.2. Each draw will be conducted using drawing equipment determined by the Bloc members.
- 6.3. For each draw, the Bloc members will cause a series of 6 numbered balls to be drawn from the drawing equipment. The winning number so determined will be in the range from 000000 to 999999 inclusive.
- 6.4. There will be 5 winning divisions in each draw as follows:
- Division 1— player(s) holding a ticket on which the 6 digit number is identical with and in the same sequence as the 6 digit number drawn for that draw.
- Division 2— player(s) holding a ticket on which:
- 6.4.1. the first 5 digits of the number are identical with and in the same sequence as the first 5 digits of the 6 digit number drawn for that draw;  
or
- 6.4.2. the last 5 digits of the number are identical with and in the same sequence as the last 5 digits of the 6 digit number drawn for that draw.
- Division 3— player(s) holding a ticket on which:
- 6.4.3. the first 4 digits of the number are identical with and in the same sequence as the first 4 digits of the 6 digit number drawn for that draw;

Division 5— player(s) holding a ticket on which:

- 6.4.7. the first 2 digits of the number are identical with and in the same sequence as the first 2 digits of the 6 digit number drawn for that draw; or
- 6.4.8. the last 2 digits of the number are identical with and in the same sequence as the last 2 digits of the 6 digit number drawn for that draw.

7. *Supervision of Draw*

- 7.1. The selection of winning numbers will be conducted in such manner as agreed by the Bloc members and
- 7.1.1. will be supervised by the appropriate representatives for the State in which the draw is conducted; and
- 7.1.2. will be final for the purpose of determining the prize winners in that draw.

8. *Prize Pool Allocation*

- 8.1. Only one prize can be won by any one 6 digit number selection. If a 6 digit number selection satisfies the criteria for a prize in more than one division, only the prize in the highest of those divisions will be payable.
- 8.2. 60% of the total entry fees received for each draw (or such greater amount as SA Lotteries determines) will be allocated as the prize pool.
- 8.3. SA Lotteries will pay the percentage referred to in Rule 8.2 into an aggregate prize pool to which each of the Bloc members must contribute the same percentage of the total entry fees received by them.
- 8.4. The total amount of the prize pool will be declared prior to each draw.

9. *Prize Structure*

- 9.1. Subject to Rules 9.2 and 11.2, the following prizes will be payable:
- Division 1—\$16,666 per prize, subject to Rule 11.  
Division 2—\$6,666 per prize.  
Division 3—\$666 per prize.  
Division 4—\$66 per prize.  
Division 5—\$6.60 per prize.
- 9.2. After the prize pool has been allocated amongst the winners in all divisions:
- 9.2.1. if there is any amount remaining, that amount will be apportioned equally between the winner(s) in Division 1;
- 9.2.2. if the prize pool is insufficient to pay each winner in each division the prize specified in Rule 9.1, the prize pool will be augmented from the Prize Reserve Fund by the amount of the deficiency.

10. *Prize Reserve Fund*

- 10.1. From time to time, SA Lotteries may set aside a proportion of the total amount received from entry fees to any draw and, in respect of that draw, the distribution of prizes will be reduced *pro rata* in all prize winning divisions. The amount set aside will be accumulated by SA Lotteries to constitute a pool called the Prize Reserve Fund.
- 10.2. The Prize Reserve Fund will be applied from time to time for or towards the payment of any of the following:
  - 10.2.1. prizes in respect of missed prize entries for lotteries conducted by SA Lotteries;
  - 10.2.2. additional or increased prizes in subsequent lotteries conducted by SA Lotteries;in such amount(s) and to such player(s) as SA Lotteries in its absolute discretion determines.
- 10.3. The amounts to be set aside and the amounts to be distributed must be agreed with the Bloc members.
- 10.4. In the event that the game of Super 66 is replaced, enhanced, renamed or otherwise varied, the Prize Reserve Fund as constituted by this Rule 10 shall be assigned to the game replacing, enhancing, renaming or otherwise varying the game of Super 66.

11. *Jackpots*

- 11.1. If there is no Division 1 prize winner, that portion of the prize pool that would have been payable to a single Division 1 winner in that draw will be added to or jackpotted with the Division 1 prize money in the next draw. This jackpotting will continue for no more than 25 consecutive draws. If there is no Division 1 prize winner in the next (or 26th) consecutive draw, the total amount of the jackpot and the Division 1 prize that would have been payable to a single winner in that 26th draw will be added to the prize money allocated to the next lower division in which there is a winner.
- 11.2.
  - (a) If SA Lotteries guarantees a minimum prize payout in Division 1 of a super draw and the prize is not won, the amount by which SA Lotteries has augmented the prize pool allocated to Division 1 in that super draw will not be taken into account in determining the amount of any subsequent jackpot paid in respect of a Division 1 prize.
  - (b) For the purpose of this Rule, SA Lotteries may from time to time declare a draw to be a super draw and fix a minimum guaranteed Division 1 prize pool for that draw.
  - (c) If the prize pool is insufficient to pay the jackpot under this Rule, the amount of the deficit will be paid from the Prize Reserve Fund.

12. *Publication of Results*
  - 12.1. SA Lotteries will publish the results of each draw as soon as practicable after each draw.
  - 12.2. The information published may include:
    - 12.2.1. the winning numbers;

    - 14.1.1. prize money will be distributed after the claim period has elapsed;
