#### CONTROLLED SUBSTANCES ACT 1984

##### *Prohibition Order*

TAKE notice that on 22 August 2011, I, Stephen Christley, Executive Director, Public Health and Clinical Coordination, Department of Health, having formed the opinion that Dr Philip Jeffrey Clarke has administered a prescription drug in an irresponsible manner, exercised the authority delegated by the Minister for Mental Health and Substance Abuse under Section 62A of the Controlled Substances Act 1984, and made the following order under Section 57 (1) (c) of the Act:

Dr Philip Jeffrey Clarke, date of birth 10 April 1965,

is prohibited from supplying, prescribing, administering or having possession of the following substances or class of substances:

- a drug of dependence as declared by Regulation 7 of the Controlled Substances (Poisons) Regulations 2011, pursuant to Section 12 (3) of the Controlled Substances Act 1984, namely any poison listed in Schedule 8 of the Standard for the Uniform Scheduling of Medicines and Poisons as published and amended by the Secretary to the Department of Health and Ageing under the Commonwealth's Therapeutic Goods Act 1989.

This order does not apply to any of the above substances, drugs or class of drugs lawfully supplied or prescribed for the treatment of Dr Philip Jeffrey Clarke by a registered health practitioner or by a veterinary surgeon for administration to an animal in his care.

The order took effect when it was served on Dr Philip Jeffrey Clarke on 2 September 2011.

DR STEPHEN CHRISTLEY, Delegate for  
the Minister for Mental Health and  
Substance Abuse

## DEVELOPMENT ACT 1993: SECTION 48

*Decision by the Minister for Urban Development, Planning and The City of Adelaide as Delegate of the Governor**Preamble*

1. On 17 April 2008 the then Minister for Urban Development and Planning gave notice in the *Government Gazette* that he was of the opinion that it was appropriate for the proper assessment of a development of major environmental, social or economic importance that Section 46 of the Development Act 1993, applied to any development of a kind listed in Schedule 1 of that notice in the parts of the State listed in Schedule 2 of that notice related to the Port Stanvac Desalination Plant.

2. The Minister subsequently amended the declaration in the *Government Gazette* on 24 July 2008, to expand the gazetted marine boundaries to allow for greater flexibility in the design of the intake and outfall pipelines.

3. On 12 November 2008, an Environmental Impact Statement for the development was published in accordance with Section 46 of the Development Act 1993. Subsequently, the Minister prepared an Assessment Report in accordance with Sections 46 and 46B of the Development Act 1993.

4. On 26 February 2009, a provisional development authorisation was granted under Section 48 (6) of the Development Act 1993, and a final authorisation was given by *Gazette* notice of 12 March 2009, subject to conditions set out therein.

5. The final authorisation specified all matters in relation to the authorisation as matters in relation to which the conditions of the authorisation might be varied, or new conditions attached.

6. On 11 June 2009, the then Minister for Urban Development and Planning, as delegate of the Governor, gave notice in the *Government Gazette* that, under Section 48 of the Development Act 1993, a variation of the development authorisation for modifications to the landscaping plan (and to correct various typographical and other minor errors appearing in the conditions) was granted.

7. An application for variations to the landscaping plan related to modified stormwater drainage and the inclusion of fencing around the Interpretive Centre has been under consideration by the Minister for Urban Development, Planning and the City of Adelaide, as delegate of the Governor, under Division 2 of Part 4 of the Development Act 1993.

8. The proposed variations to the development are contained in the letter from SA Water to the Department of Planning and Local Government dated 11 May 2011.

9. The Minister for Urban Development, Planning and the City of Adelaide has, in considering the application, had regard to all relevant matters under Section 48 (5) of the Development Act 1993.

10. The Minister for Urban Development, Planning and the City of Adelaide is satisfied there is no requirement to prepare a further or amended Environmental Impact Statement.

11. For ease of reference, I have decided to revoke all conditions and substitute therefore the conditions contained herein.

*Decision*

PURSUANT to Section 48 (7) (b) of the Development Act 1993, as the Governor's delegate I:

- (a) Revoke all conditions and notes to the authorisation appearing in the *Gazette* of 11 June 2009,
- (b) Impose the following conditions (together with notes) in lieu thereof; and
- (c) Specify all matters herein as matters which may be varied or revoked, or in respect of which new conditions attached.

## PART A: CONDITIONS OF DEVELOPMENT AUTHORISATION

*General Conditions*

1. Except where minor amendments may be required by other legislation, or by conditions imposed herein, the proposed Major Development shall be undertaken in strict accordance with the following documents:

- Development application dated 23 June 2008.

- Environmental Impact Statement (Volumes 1 and 2), Proposed Adelaide Desalination Plant EIS dated November 2008.

- The Environmental Objectives and Performance Criteria prescribed in Table 3.1 EIS or as modified in the conditions below, but in the case of conflict with a specific condition below the specific condition will apply.

- The detailed stormwater and runoff measures proposed in Tables 8.9 and 8.10 of the EIS or as modified in the conditions below but in the case of conflict with a specific condition below the specific condition will apply.

- Response to Submissions, Proposed Adelaide Desalination Plant by SA Water Corporation dated 22 January 2009, but in the case of conflict with a specific condition below the specific condition shall apply.

- Correspondence from SA Water to DPLG dated 4 February 2009, containing additional information including a Statement from the Independent Technical Review Panel information including ecotoxicology studies and marine water quality.

- Correspondence from SA Water to DPLG dated 24 April 2009 and the attached Landscape Plan submitted with the letter, subject to variations if and to the extent necessitated by any changes in the location of structures as design of the desalination plant is refined and finalised.

- Correspondence from SA Water to DPLG dated 11 May 2011 and the attached landscaping plans submitted with the letter, subject to variations if and to the extent necessitated by any changes in the location of structures as design of the desalination plant is refined and finalised.

2. Before any building work is undertaken on the site, the building work is to be certified by a private certifier, or by some person determined by the Minister for Urban Development, Planning and the City of Adelaide, as complying with the provisions of the Building Rules (or the Building Rules as modified according to criteria prescribed by the Regulations).

*Construction Phase*

3. All works and site activities shall be undertaken in accordance with an approved Construction Environmental Management and Monitoring Plan prepared to the satisfaction of the EPA before the commencement of construction activities. The CEMMP must include measures that at a minimum address:

- Groundwater management and monitoring, including disposal of groundwater if dewatering is required during construction.

- Site contamination management issues, including measures for the assessment, management, remediation or removal of any contaminated material, including soil and/or groundwater.

- A Soil Erosion and Drainage Management Plan on the construction site, including:
  - minimising areas disturbed;
  - appropriate location of stockpiles to protect drainage lines;
  - installation of erosion control measures;
  - maintenance of erosion control devices and sediment control measures;
  - progressive rehabilitation and stabilisation (including revegetation) of disturbed areas;
  - minimising entry/exit points to the site; and
  - stabilisation of entry/exit points and the installation of devices (truck grates) to minimise the amount of soil and sand deposited on roads.

- A Noise and Vibration Management Plan, including:
  - controlling noise at source;
  - scheduling noisy activities between 7 a.m. and 10 p.m. and in accordance with the general environmental duty as described in Section 25 of the Environment Protection Act 1993;

- equipment maintenance and use of mufflers and silencers;
  - use of noise barriers; and
  - management of underwater noise to minimise adverse impact on marine fauna.
  - A Construction Air Quality Management Plan, including:
    - minimising the area and extent of earthworks required and ensure disturbed areas are protected and revegetated in a timely manner;
    - specific measures to manage dust and limit emissions, including covered construction vehicles to prevent any loss of load; and
    - management of any odours from any organic and other sources.
  - A Waste Management and Minimisation Plan, that provides:
    - mixed construction and demolition wastes to be stored in an undercover area or within skip bins with removable lids capable of preventing the infiltration and ponding of stormwater within the waste body and removed to an appropriately licensed waste depot;
    - descriptions of on-site storage waste facilities;
    - waste loading and off-loading areas;
    - routes taken by waste disposal vehicles;
    - locations for off site waste disposal;
    - steps taken to minimise waste generation and maximise reuse and recycling; and
    - waste oil is to be stored in a bunded enclosure preventing the infiltration of stormwater into that bund in accordance with EPA Guideline Bunding and Spill Management June 2007.
  - Identification of 'no go' zones for construction, including a 10 m buffer along the coastal cliff.
  - Entry/exit points to the site should be minimised, stabilised and devices installed (i.e. truck gates) to minimise the amount of soil and sand leaving the site.
4. Access to and egress from the site (including internal movements within the site) shall be undertaken in accordance with an approved Traffic Management Plan prepared to the satisfaction of DTEI and in consultation with the Onkaparinga Council (as appropriate) prior to commencing construction works. The Traffic Management Plan must identify:
- (a) the preferred access route;
  - (b) outline measures to manage and mitigate traffic impacts to the local community and businesses during construction; and
  - (c) the internal access route and on-site parking arrangements for at least 550 vehicles.
5. All upgrading works required to improve transport infrastructure shall be designed and constructed to the satisfaction of DTEI and in consultation with the Onkaparinga Council (as appropriate) with all costs (including the design, construction and project management) being the responsibility of the proponent.
6. The Onkaparinga and Marion Councils shall be given seven days notice, before the commencement of works, and shall be provided with the name and contact details of a person responsible for co-ordinating site works by this approval.
- Operational Phase*
7. The operation of the plant shall be undertaken in accordance with an approved Operational Environmental Management and Monitoring Plan (OEMMP) prepared to the satisfaction of the EPA prior to operation of the plant commencing. The OEMMP must include measures that at a minimum address:
- Ongoing management of environmental controls to protect stormwater quality, including:
    - diversion of clean water away from potentially contaminated water;
    - excavation of sediment from detention basins as required;
    - regular inspection of bunded areas to assess the integrity of bunds;
    - assessment of pollutant concentrations prior to reuse or off-site discharge from detention facilities; and
    - regular inspection and maintenance of drainage channels.
  - The reuse or recycle water including rainwater harvesting and stormwater recycling.
  - The minimisation and validation of underwater noise levels during the operational phase.
  - The minimisation of noise generation from the plant, equipment, machinery and vehicles on site.
  - Commitment to solid waste management strategies, with a preference given to implementation of the waste hierarchy (in order of preference): avoid, reduce, reuse, recycle, recover, treat, dispose.
  - Ongoing protection of groundwater.
  - Emergency response and contingency procedures for dealing with spillages of chemicals and contaminants to the terrestrial and/or marine environment.
  - Potential dust and odour generation.
  - Measures that ensure marine sediments and debris that collect and accumulate along the fine screens in the pumping station are stored in skip bins with removable lids or in an undercover area capable of preventing the infiltration and ponding of stormwater within the waste body. Marine sediments and debris should be stored for a maximum period of 72 hours prior to removal to an appropriately EPA licensed compost facility or waste depot to reduce potential impacts associated with odour generation and the attraction of vermin.
8. A report should be prepared by an experienced and suitably qualified environmental consultant for approval by the EPA, in relation to any potential site contamination, prior to the operational phase of the plant commencing.
- Design of Intake and Outfall Infrastructure*
- Intake Structure*
9. The proponent shall design, construct and operate the intake infrastructure in accordance with design parameters provided in the Environmental Objectives and Performance Criteria (or as modified by the EPA through licensing requirements) including the following parameters:
- (a) location of the intake structure must be within the mid to deep benthic zone (envelope/zone shown on Figures 3.4 and 3.5 of the EIS);
  - (b) intake structure to be located at a sufficient distance from the subtidal reef area to minimise the risk of entrainment or entrapment of reef species;
  - (c) seawater intake velocity at the entry to the intake structure should not exceed 0.15 m/s under any operating condition;
  - (d) seawater intake to incorporate screen/grill to restrict ingress of marine biota with a maximum clear grill spacing of 75 millimetres (as installed); and
  - (e) any chlorination (or approved biocide) dosing system from the intake structure must ensure that there is no backflow of chemical dosing into the marine environment.
- In addition to the above performance criteria, the proponent shall design the intake infrastructure as follows (or as modified by the EPA through licensing requirements):
- (f) installation of the full tunnel option (and not the hybrid tunnel option) for the intake and outfall infrastructure.

*Outfall Structure*

10. The proponent shall design, construct and operate the outfall infrastructure in accordance with design parameters provided in the Environmental Objectives and Performance Criteria (or as modified by the EPA through licensing requirements) including the following parameters:

- (a) location of the outfall structure must be positioned within the envelope zone shown on Figures 3.4 and 3.5 of the EIS and far enough from the intake to avoid any short circuiting;
- (b) the outfall system must terminate with diffusers designed to promote rapid dispersion of the saline concentrate into the surrounding seawater;
- (c) the outfall must achieve the required initial dilution of 50:1 (or the dilution rate identified by ecotoxicity assessments, if higher) at the seabed, under all current scenarios for the full range of operating conditions/flows and the plume height must not reach the water surface at any time;
- (d) the design of the outfall system should include consideration of the use of bypass flows or other measures to ensure the achievement of the target dilution requirements, particularly under low discharge flows;
- (e) the outfall diffuser shall be capable of:
  - being extended; and
  - being modified to reduce the number of diffuser outlets and/or to adjust dispersion rates from each diffuser outlet; and
- (f) the saline concentrate discharge must not contain Cleaning in Place (CIP) chemicals or any other preservation chemicals, unless permitted by the EPA through licensing requirements.

*Built Form*

11. The proponent shall design, build and operate the built form structures in accordance with design parameters provided in the Environmental Objectives and Performance Criteria. In addition the proponent shall:

- (a) all landscaping shall be maintained in good health and condition at all times. A plant shall be replaced if or when it dies or becomes seriously diseased within the first growing season after the plant dies or becomes seriously diseased; and
- (b) all lighting required on site must use low profile lighting.

## PART C: NOTES TO PROPONENT

*EPA Licensing and General Environmental Duty of Care*

- The applicant is reminded of its general environmental duty, as required by Section 25 of the Environment Protection Act 1993, to take all reasonable and practical measures to ensure that the activities on the whole site, including during both construction and operation, do not pollute the environment in a way which causes or may cause environmental harm.
  - Environmental authorisation in the form of a licence may be required for the construction and/or operation of this development. The applicant is advised to contact the Environment Protection Authority before acting on this approval to ascertain licensing requirements.
  - The following activities in relation to the components of the development hereby approved and/or requiring future approval will require licences under the Environment Protection Act 1993:
    - Earthworks Drainage: the conduct of earthworks operations in the course of which more than 100 kilolitres of waste water containing suspended solids in a concentration exceeding 25 milligrams per litre is discharged directly or indirectly to marine waters or inland waters.
    - Dredging: removing solid matter from the bed or any marine waters by any digging or suction apparatus, but excluding works carried out for the establishment of a visual aid to navigation and any lawful fishing or recreational activity. SA Water already holds a 5 year dredging licence under the Environment Protection Act 1993 initiated in 2008, as part of the pilot desalination plant. A dredging licence will be required from the EPA prior to commencing any dredging activities associated with the full scale plant. To approve such a licence the EPA will require the preparation of a Dredge Management Plan which incorporates but is not limited to:
      - sediment turbidity control including a monitoring plan and turbidity trigger that when exceeded will cease work;
      - management of spoil from dredging works, including any spoil to be disposed of in accordance with the National Ocean Disposal Guidelines for Dredged Material;
      - timing of any dredging to avoid dodge tides and recruitment periods for key reef species (July to December) where feasible;
      - address contingency, spill management and emergency responses associated with potential spillage of chemicals and contaminants to the marine environment; and
      - address solid waste management strategies.
- If the EPA's preferred option is disposal of any dredge spoil to land, the proponent must consider suitable sites.
- If dredged soil is deposited to land with large volumes of waste water (especially with cutter suction) method of dredging needing to be placed in settlement ponds and returned to marine waters, it is likely that a licence under the Environment Protection Act 1993, for the activity of Earthworks Drainage will be required.
- All excess fill material generated during the excavation taken off site for reuse or disposal to an EPA licensed waste depot will require appropriate classification prior to removal from the site. Any reuse of material (on or off site) should include an assessment of the potential adverse impacts associated with the fill material.
- Fill material that exceeds EPA waste fill classification criteria will require approval and sign off by an appropriately qualified environmental consultant indicating that the material is suitable for that purpose. Alternatively, if there is no beneficial reuse option for the fill material it will require disposal at an appropriately licensed waste depot:
- discharge to Marine or Inland Waters when the volume of discharge exceeds 50 kilolitres per day.
  - It is likely that as a condition of such licences the Environment Protection Authority will require the licensee to carry out specified environmental monitoring of water quality and to make reports of the results of such monitoring to it. For the purposes of the Discharge Licence the EPA will require, at a minimum, for the operator to monitor and report on:
    - discharge water quality, including whole effluent ecotoxicity testing;
    - diffuser performance validation;
    - process monitoring to confirm that performance is within the acceptable range as originally designed;
    - water quality and ecological impacts on the marine environment (including the use of reference sites); and
    - identify management responses to exceedences of the trigger values/criteria used in association with monitoring programs.
  - All works associated with the rehabilitation and remediation of the site are required by law to be undertaken in accordance with:
    - Section 25(1) of the Environment Protection Act 1993, which requires that a person must not undertake any activity, which pollutes, or may pollute without taking all reasonable and practical measures to prevent or minimise harm to the environment;

- the Environment Protection (Water Quality) Policy 2003; and
- other relevant Environment Protection Policies made under Part 5 of the Environment Protection Act 1993.

#### *Building Rules*

- The proponent must obtain a Building Rules assessment and certification referred to in Condition 2 from either the Onkaparinga Council or a private certifier (at the proponent's option) and forward to the Minister for Urban Development, Planning and the City of Adelaide all relevant certification documents as outlined in Regulation 64 of the Development Regulations 2008.
- Pursuant to Development Regulation 64, the proponent is especially advised that the Onkaparinga Council or private certifier conducting a Building Rules assessment must:
  - provide to the Minister for Urban Development, Planning and the City of Adelaide a certification in the form set out in Schedule 12A of the Development Regulations 2008, in relation to the building works in question; and
  - to the extent that may be relevant and appropriate:
    - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12;
    - (ii) assign a classification of the building under these regulations; and
    - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.
- Regulation 64 of the Development Regulations 2008, provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Urban Development, Planning and the City of Adelaide. The Onkaparinga Council or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with this provisional development authorisation (including its Conditions and Notes).

#### *Construction Environmental Management and Monitoring Plan*

- Construction activities must be undertaken in accordance with the approved CEMMP. In addition, the proponent must comply with:
  - Stormwater Pollution Prevention Code of Practice for the Building and Construction Industry (1999); and
  - Environment Protection (Water Quality) Policy 2003.

#### *In addition:*

- Marine construction activities must not impact upon existing shipping lanes and works will be undertaken in accordance with the Harbours and Navigation Act 1993.

#### *Operational Environmental Management and Monitoring Plan*

- It is likely that license conditions imposed by the EPA will require the proponent to appoint an independent acoustic consultant (other than the company that prepared the acoustic report) to monitor noise levels at two localities at least; at one noise sensitive receiver adjacent to the boundary of the nearest residential zone to the north of the site, and the nearest noise sensitive receiver to the west from the site. The noise monitoring should be executed in accordance with Environmental Protection (Noise) Policy 2007, procedures where all of the noise sources associated with the desalination plant are in operating mode. The results of the monitoring should be submitted to the EPA no later than two months from the date of the plant commissioning.
- All marine ecological monitoring needs to be conducted as a beyond Before After Control Impact (BACI) design and the hypothesis of the monitoring needs to be explicitly detailed before the monitoring is undertaken. This monitoring needs to be undertaken using multiple control sites in order to allow for seasonal differences at Port Stanvac not being confused with impacts from the desalination plant.

- There is a need to keep large vessels clear of the area as the vessels may have a deep enough draft to hit the intake pipes at 13 m below the surface. This has already been addressed for the pilot plant by establishing an exclusion zone around the infrastructure in the water with temporary navigation markers. A new exclusion zone will need to be established for the full scale plant when the design is finalised taking into account the shipping channels and the Harbours and Navigation Act 1993. Furthermore, notices to mariners will have to be issued highlighting the new exclusion zone and statutory navigation markers will need to be installed, wherever necessary. Signage should be installed on shore (near boat ramp) showing a plan of 'exclusion zone' including plant infrastructure in the water and other important information to mariners.
- A detailed plan of infrastructure drawn to scale should be submitted to DTEI to enable the details to be inserted on navigational charts.

#### *Traffic Management Plan*

- The Traffic Management Plan shall include details for Restricted Access Vehicle (RAV) routes. Should RAV's access the site (i.e. B-doubles, over-dimensional vehicles) it will be necessary for the route to be assessed and appropriate upgrades made prior to DTEI issuing approval for these vehicles to utilise the surrounding road network.
- The following additional analysis shall be undertaken in consultation with DTEI prior to the completion of the Traffic Management Plan and commencement of construction:
  - modelling of the Sheriffs/Lonsdale Road signalised intersection assuming that a link road between Sheriffs Road and Meyer Road is provided and will be utilised by construction traffic. The modelling (SIRDA analysis) is to be done utilising the most up to date SCATS report and phasing operation;
  - modelling of the Lonsdale/Meyer Road junction as a fully signalised T junction rather than a partially signalised junction, assuming that the link road is not provided. The analysis must look at both a single (i.e. existing situation) and dual right turn lanes on the Meyer Road approach to Lonsdale Road; and
  - the analysis shall include a cost comparison between upgrading the Meyer/Lonsdale Road junction to signals, or the creation of a suitable roadway to link the proposed site to Sheriffs Road. The analysis for upgrading Lonsdale/Meyer Road to signals should consider the additional accidents likely to occur as a result of the signals, operating costs and the ongoing maintenance/operational costs.

#### *Engineering Construction Plans for Roads, Drainage, Footpaths and Intersections*

- These plans shall be finalised in accordance with the requirements of the DTEI and the Onkaparinga Council prior to its submission to the Minister for approval.

#### *Land Management Plan*

- This plan shall be approved by the Environment Protection Authority, the Department of Water, Land and Biodiversity Conservation (including consideration by the Onkaparinga Council) prior to its submission to the Minister for approval.

#### *Pest and Weed Management Plan*

- This plan should address both weeds and feral animals and shall be considered by the Onkaparinga Council and approved by the Minister.

#### *Sustainability Management Plan*

- The design, construction and operational Sustainability Management Plans shall be approved by the Environment Protection Authority, and the Department of Premier and Cabinet (Sustainability and Climate Change Office) prior to its submission to the Development Assessment Commission for approval.

*Cultural Heritage Management Plan*

- This plan shall be approved by the Department of Premier and Cabinet (AARD Division) prior to its submission to the Minister for approval.
- The proponent is reminded of its obligations under the Aboriginal Heritage Act 1988, whereby any 'clearance' work, which may require permission to disturb damage or destroy Aboriginal Sites, must be undertaken with the full authorisation of the Minister for Aboriginal Affairs and Reconciliation, according to Section 23 of the Aboriginal Heritage Act 1988.
- The proponent, and all agents, employees and contractors, such as construction crews, should be conversant with the provisions of the Aboriginal Heritage Act 1988, particularly the requirement to immediately contact the Department of Premier and Cabinet (Aboriginal Affairs and Reconciliation) in the event that archaeological items (especially skeletal material) are uncovered during earthmoving.

*Emergency Response Management Plan*

- The proponent shall ensure satisfactory chemical spill and fire-fighting facilities and contingency plans in the form of an, determined in consultation with responsible officers within the Department for Transport, Energy & Infrastructure and the Metropolitan Fire Service (MFS) or the Country Fire Service (CFS) (as applicable), are in place prior to commencement of operation of the ADP.

*General Advice*

- Should the proponent wish to vary the Major Development or any of the components of the Major Development, an application may be submitted, provided that the development application variation remains within the ambit of the Environmental Impact Statement and Assessment Report referred to in this development authorisation. If an application for variation involves substantial changes to the proposal, it will be processed pursuant to Section 47 (2) (b) of the Development Act 1993.

Given under my hand at Adelaide, 26 August 2011.

JOHN RAU, Deputy Premier, Minister for  
Urban Development, Planning and the City  
of Adelaide

## DEVELOPMENT ACT 1993: SECTION 48

*Notice by the Minister for Urban Development and Planning**Preamble*

1. The Governor has given a provisional development authorisation pursuant to Section 48 of the Development Act 1993 for the Port Stanvac Adelaide Desalination Plant by SA Water, which authorisation is published in the *Gazette* of 11 June 2009.

2. The Governor delegated certain of his powers to the Minister for Urban Development and Planning.

3. It is appropriate to now further sub delegate my powers under Section 48 (9) (b) of the Development Act 1993 to the Development Assessment Commission (DAC).

*Delegation*

PURSUANT to Section 48 (9) (b) of the Development Act 1993, I delegate to:

1. The Development Assessment Commission:
  - (a) the power to grant or permit any variation associated with that development authorisation (provided that the essential nature of the development is not changed); and
  - (b) in relation to that development authorisation, or any variation—the power to vary or revoke conditions, or to attach new conditions, under Section 48 (7) of the Development Act 1993 (provided that the essential nature of the development is not changed),

for the proposed development, as amended from time to time.

Given under my hand at Adelaide, 26 August 2011.

JOHN RAU, Minister for Urban Development,  
Planning and the City of Adelaide

## ENVIRONMENT PROTECTION ACT 1993

*Revocation of Approval of Category B Containers*

I, ANDREA KAYE WOODS, Delegate of the Environment Protection Authority ('the Authority'), pursuant to Section 68 of the Environment Protection Act 1993 (SA) ('the Act') hereby revoke the approvals of the classes of Category B Containers sold in South Australia as identified by reference to the following matters, which are described in the first 4 columns of Schedule 1 of this Notice:

- (a) the product which each class of containers shall contain;
- (b) the size of the containers;
- (c) the type of containers; and
- (d) the name of the holders of these approvals.

These approvals are revoked as the Authority is satisfied that the waste management arrangement between the approval holder and the party named in Column 5 of Schedule 1 of this Notice has been cancelled.

*Variation to Existing Approval of Collection Depot*

I, ANDREA KAYE WOODS, Delegate of the Environment Protection Authority ('the Authority'), pursuant to Section 69 of the Environment Protection Act 1993 (SA) ('the Act') hereby:

*Variation to Existing Approval of Collection Depot*

Vary the approval of the collection depot listed at Schedule 1 of this notice, that was granted under the Act prior to the date of this Notice and impose the conditions of this approval to be as follows:

*Approval of Collection Depot*

The collection depot identified by reference to the following matters is approved:

- (a) the name of the collection depot described in Column 1 of Schedule 1 of this Notice;
- (b) the name of the proprietor of the depot identified in Column 3 of Schedule 1 of this Notice; and
- (c) the location of the depot described in Columns 4-6 of Schedule 1 of this Notice.

The collection depot listed at Schedule 1 of this Notice is approved in relation to all classes of containers, which were approved under the Act, at or subsequent to the date of this Notice, as Category B Containers.

*Conditions of Approval*

Impose the following conditions on the approval:

- (a) If the Approval Holder's name or postal address (or both) changes, then the Approval Holder must inform the Authority in writing, within 28 days of the change occurring.
- (b) If the collection depot is sold to another party, the Approval Holder must inform the Authority in writing, within 28 days of settlement.
- (c) The Approval Holder who wishes to cease operation of the depot shall notify the Authority in writing no less than 14 days from date of closing.
- (d) The Approval Holder, or a person acting on his or her behalf, must not pay a refund on, or seek reimbursement for, containers that the Approval Holder, or the person acting on his or her behalf, knows were not purchased in South Australia.
- (e) The Approval Holder must ensure that prominent signage is displayed, detailing the offence and the penalties under Section 69 the Act, for presenting interstate containers for refund.

#### DISTRICT COUNCIL OF MALLALA

##### BY-LAW MADE UNDER THE LOCAL GOVERNMENT ACT 1999

##### *By-law No. 1—Permits and Penalties*

TO provide for a permit system, to fix maximum and continuing penalties for breach of Council by laws, to clarify the construction of such by-laws, and to repeal Council's previous by-laws.

1. —

All by-laws previously made or adopted by the Council, prior to the date this by-law is made, are hereby repealed from the day on which this by-law comes into operation.

##### 2. *Definition*

In this by-law 'person' includes a natural person, a body corporate, an incorporated association and an unincorporated association.

##### 3. *Permits*

- 3.1 In any by-law of the Council, unless the contrary intention is clearly indicated, the word 'permission' means the permission of the Council, or such other person as the Council may by resolution authorise for that purpose, granted in writing prior to the act, event or activity to which it relates.
- 3.2 Where a by-law requires that permission be obtained, any person seeking the grant of permission must submit a written application to the Council in the form (if any) and accompanied by the fee (if any) prescribed by the Council.
- 3.3 The Council, or such other person as the Council may by resolution authorise for that purpose, may attach such conditions (including time limits, renewal and transfer requirements as it thinks fit) to a grant of permission, and may vary or revoke such conditions or impose new conditions by notice in writing to the person granted permission.
- 3.4 Any person granted permission shall comply with every such condition.
- 3.5 The Council, or such other person as the Council may by resolution authorise for that purpose, may suspend or revoke a grant of permission at any time by notice in writing to the person granted permission.

##### 4. *Offences and Penalties*

- 4.1 Any person who commits a breach of any by-law of the Council shall be guilty of an offence and shall be liable to a maximum penalty being the maximum penalty referred to in the Local Government Act 1999, that may be fixed by by-law for any breach of a by-law.
- 4.2 Any person who commits a breach of any by-law of the Council of a continuing nature shall be guilty of an offence and, in addition to any other penalty that may be imposed, shall be liable to a further penalty for every day on which the offence or breach of the by-law continues, such penalty being the maximum amount referred to in the Local Government Act 1999, that may be fixed by by-law for a breach of any by-law of a continuing nature.

##### 5. *Construction*

- 5.1 Every by-law of the Council shall be subject to any Act of Parliament and Regulations made thereunder.
- 5.2 In any by-law of the Council, 'the Council' means the District Council of Mallala.

This foregoing by-law was duly made and passed at a meeting of the District Council of Mallala held on 31 August 2011, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.

C. MANSUETO, Chief Executive Officer

#### DISTRICT COUNCIL OF MALLALA

perform the work of repairing, washing, painting, panel beating or other work of any nature on or to any vehicle, except for running repairs in the case of vehicle breakdown.

## 3. Exemptions

The restrictions in this by-law do not apply to any Police Officer, Council Officer or Council employee acting in the course and within the scope of that person's normal duties, or to a contractor while performing work for the Council and while acting under the supervision or authorisation of a Council Officer, or to the driver of an emergency vehicle when driving an emergency vehicle as defined in the Road Traffic (Road Rules—Ancillary and Miscellaneous Provisions) Regulations 1999 and the Australian Road Rules 1999.

## 4. Directions

A person must comply with any reasonable direction or request from an Authorised Person of the Council relating to:

4.1 that person's use of the Road;

4.2 that person's conduct and behaviour on the Road;

4.3 that person's safety on the Road; or

4.4 the safety and enjoyment of the Road by other persons.

## 5. Application

Paragraphs 2.3.1 and 2.3.2 of this by-law shall apply only in such portion or portions of the Council's area as the Council may by resolution direct from time to time in accordance with Section 246 (3) (e) of the Local Government Act 1999.

The foregoing by-law was duly made and passed at a meeting of the District Council of Mallala held on 31 August 2011, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.

C. MANSUETO, Chief Executive Officer

## DISTRICT COUNCIL OF MALLALA

### BY-LAW MADE UNDER THE LOCAL GOVERNMENT ACT 1999

#### By-law No. 5—Moveable Signs

TO protect visual amenity and public safety on roads by setting standards for moveable signs on roads and providing conditions for the design, construction and placement of such signs in a manner which recognises the advertising needs of businesses to maximise economic viability.

### 1. Definitions

In this by-law:

1.1 'Authorised Person' has the same meaning as in the Local Government Act 1999.

1.2 'Banner' means a strip of cloth hung up or carried on a pole, fence or other structure.

1.3 'Boundary' means that line between private property and the Road or Road Related Area.

1.4 'Business premises' means the premises from which a business, trade or calling is conducted.

1.5 'Footpath Area' means that part of the Road between the boundary of the Road and the edge of the carriageway of the Road on the same side as that boundary.

1.6 'Local Government Land' means land owned by the Council or under the Council's care, control and management.

1.7 'Moveable Sign' has the same meaning as in the Local Government Act 1999.

1.8 'Road' has the same meaning as in the Local Government Act 1999.

1.9 'Road Related Area' has the same meaning as in the Road Traffic Act 1961 and the Australian Road Rules 1999.

1.10 'Vehicle' has the same meaning as in the Road Traffic Act 1961 and the Australian Road Rules 1999.

### 2. Design and Construction

A Moveable Sign displayed on a Road must:

2.1 be of a kind known as an 'A' frame or Sandwich Board sign, an 'inverted 'T'' sign or a flat sign, or, with the permission of the Council, a sign of some other kind;

2.2 be well designed, constructed and maintained in good quality and condition so as not to present a hazard to any member of the public;

- 2.3 be of strong construction so as to be stable when in position and be able to keep its position in adverse weather conditions;
- 2.4 not contain sharp or jagged edges or corners;
- 2.5 not be unsightly or offensive in appearance or content;
- 2.6 not contain flashing parts or rotate;
- 2.7 be constructed of timber, cloth, metal, plastic or plastic coated cardboard, or a mixture of such materials;
- 2.8 not have balloons, flags, streamers or other material attached to it;
- 2.9 not exceed 900 mm in perpendicular height, or have a base with any side exceeding 600 mm in length;
- 2.10 not have a display area exceeding one square metre in total or if the sign is two-sided, one square metre on each side;
- 2.11 in the case of an 'A' Frame or Sandwich Board sign:
  - 2.11.1 be hinged or joined at the top; and
  - 2.11.2 be of such construction that its sides shall be securely fixed or locked in position when erected; and
- 2.12 in the case of an inverted 'T' sign, contain no struts or supports that run between the display area and the base of the sign.

### 3. Appearance

A Moveable Sign on a Road must, in the opinion of an Authorised Person:

- 3.1 be painted or otherwise detailed in a competent and professional manner;
- 3.2 be aesthetically appealing, legible and simply worded to convey a precise message;
- 3.3 be of such design and contain such colours as are compatible with the architectural design of the premises adjacent to the moveable sign, and which relate well to the townscape and overall amenity of the locality in which it is situated;
- 3.4 contain combinations of colour and typographical styles which blend in with and reinforce the heritage qualities of the locality and the buildings where it is situated.

### 4. Placement

A Moveable Sign must:

- 4.1 only be positioned on the Footpath Area of a Road;
- 4.2 be adjacent to the Business Premises to which it relates;
- 4.3 be placed no closer than 400 mm from the edge of the carriageway of a Road;
- 4.4 in the case of a flat sign, must be in line with and against the property boundary of the Road;
- 4.5 not be placed on a Footpath Area less than 2 m from any structure, fixed object, tree, bush or plant (including another Moveable Sign);
- 4.6 not be fixed, tied, chained to or leant against any other structure, fixed object, tree, bush or plant (including another Moveable Sign);
- 4.7 not be placed on the sealed part of any Footpath Area, unless the sealed part is wide enough to contain the sign and still leave a clear thoroughfare for pedestrians of a width of at least 1.2 m;
- 4.8 not be placed within 1m of the corner of a Road;
- 4.9 not be placed on a landscaped area;
- 4.10 be placed on a designated parking area or within 1 m of an entrance to or exit from premises;
- 4.11 not be placed within 6 m of an intersection;
- 4.12 not unreasonably restrict the use of the Footpath Area or endanger the safety of members of the public;
- 4.13 not be placed on a Footpath Area that is less than 2 m wide;
- 4.14 not be placed on a Footpath Area with a minimum height clearance, of a structure above it of less than 2 m;
- 4.15 not be placed so as to interfere with the reasonable movement of persons using the Footpath Area in the vicinity of or adjacent to where the moveable sign is positioned;
- 4.16 in the case of a flat sign, the message of which only contains newspaper headlines and the name of the newspaper, be placed resting against the premises of the business to which the moveable sign relates; and
- 4.17 not be placed so as to obstruct or impede a vehicle door when opened, provided that the vehicle is parked lawfully on the carriageway.

### 5. Restrictions

5.1 A Moveable Sign must:

- 5.1.1 only display material which advertises a business being conducted on premises which is immediately adjacent to the Moveable Sign, or the products available from that business;
- 5.1.2 be limited to one Moveable Sign per business;
- 5.1.3 only be displayed when the business to which the Moveable Sign relates is open;
- 5.1.4 be securely fixed in position such that it cannot be blown over or swept away in adverse weather conditions;
- 5.1.5 not be in such a position or in such circumstances that the safety of any person or user of the Road is at risk;
- 5.1.6 not be displayed during the hours of darkness unless it is in a clearly lit area and clearly visible;
- 5.1.7 not be displayed on a median strip, traffic island or on the carriageway of a Road; and

5.2 if in the opinion of the Council a Footpath Area or other area forming the boundary of any Road is unsafe for any Moveable Sign to be displayed or placed the Council may by resolution prohibit or restrict the display or placement of a Moveable Sign or the times at which a Moveable Sign may be displayed or placed in that area.

### 6. Banners

A banner must:

- 6.1 only be displayed on a Road, Footpath Area or Road Related Area;
- 6.2 be securely fixed to a pole, fence or other structure so that it does not hang loose or flap;
- 6.3 not, without the Council's permission, be attached to any building, structure, fence, vegetation or other item owned by the Council on a Road, or other improvement to a Road owned by the Council;
- 6.4 not be displayed more than one month before and two days after the event it advertises;
- 6.5 not be displayed for a continuous period of more than one month and two days in any twelve month period; and
- 6.6 not exceed 3 m<sup>2</sup> in size.

### 7. Signs on Local Government Land

A person must not, without the Council's permission, display or cause to be displayed a Moveable Sign on any Local Government Land or resting on or attached to a vehicle on any Local Government Land except a moveable sign:

- 7.1 attached to a licensed taxi;
- 7.2 on or attached to a vehicle belonging to any council and which has been placed on or attached to the vehicle with the consent of the council to which the vehicle belongs;
- 7.3 on or attached to a bus greater than 6 m in length;
- 7.4 on or attached to a vehicle which only has a sign or signs painted on or glued to it the main purpose of which is to identify it as belonging to a business;
- 7.5 comprising a sunscreen on a vehicle, where any message or trade name or mark on the sunscreen does not advertise a business being carried on in the vicinity of the place the vehicle is parked, or the products available from that business.

**8. Exemptions**

- 8.1 Subparagraphs 5.1 and 5.2 of this by-law do not apply to a Moveable Sign which is displayed and used:
- 8.1.1 to advertise a garage sale taking place from residential premises provided that no more than four Moveable Signs per residential premises may be displayed at any one time in relation to a garage sale taking place at that residential premises; or
  - 8.1.2 as a directional sign to a short term (less than three days) event run by a community/charitable body or an unincorporated association.
- 8.2 Subparagraphs 5.1.1, 5.1.2 and 5.1.3 of this by-law do not apply to a flat sign the message of which only contains a newspaper or magazine headlines and the name of the newspaper or magazine.
- 8.3 A requirement of this by-law will not apply where the Council has granted permission for the Moveable Sign to be displayed contrary to the requirement.
- 8.4 This by-law will not apply to a Moveable Sign which is:
- 8.4.1 placed on a Road pursuant to an authorisation under the Local Government Act 1999 or another Act;
  - 8.4.2 designed to direct people to the open inspection of any land or building that is available for purchase or lease;
  - 8.4.3 related to a State or Commonwealth election and is displayed during the period commencing on the issue of writ or writs for the election and ending at the close of polls on polling day; or
  - 8.4.4 related to an election held under the Local Government Act 1999 or the Local Government (Elections) Act 1999 and is displayed during the period commencing four weeks immediately before the date that has been set (either by or under either Act) for polling day and ending at the close of voting on polling day.

**9. Removal of Unauthorised Moveable Signs**

- 9.1 If:
- 9.1.1 the design or construction of a Moveable Sign that has been placed on a Road does not comply with a requirement of this by-law;
  - 9.1.2 the positioning of a Moveable Sign does not comply with a requirement of this by-law;
  - 9.1.3 any other relevant requirement of this by-law is not complied with; or
  - 9.1.4 the sign unreasonably:
    - 9.1.4.1 restricts the use of the Road; or
    - 9.1.4.2 endangers the safety of members of the public,
 an Authorised Person may order the owner of the sign to remove the sign from the Road.
- 9.2 A person must comply with an Order of an Authorised Person made pursuant to Paragraph 9.1 of this by-law.
- 9.3 If the Authorised Person cannot find the owner, or the owner fails to comply immediately with the order, the Authorised Person may remove the Moveable Sign.
- 9.4 If a Moveable Sign that is removed pursuant to Clause 9.3 of this by-law, is not claimed within thirty days of such removal, the Authorised Person may sell, destroy or otherwise dispose of the Moveable Sign as the Authorised Person thinks fit.
- 9.5 The owner or other person entitled to recover a Moveable Sign removed pursuant to Paragraph 9.3 of this by-law must pay to the Council any reasonable costs incurred by the Council in removing, storing and attempting to dispose of the Moveable Sign before being entitled to recover the Moveable Sign.

**10. Removal of Authorised Moveable Signs**

- 10.1 The owner of, or other person responsible for, a Moveable Sign must remove or relocate the Moveable Sign at the request of an Authorised Person if, in the reasonable opinion of that Authorised Person, and notwithstanding compliance with this by-law, there is any hazard or obstruction or there is likely to be a hazard or obstruction arising out of the location of the Moveable Sign.
- 10.2 The owner of, or other person responsible for, a Moveable Sign must remove or relocate the Moveable Sign at the request of an Authorised Person for the purpose of special events, parades, Road works or in any other circumstances which, in the reasonable opinion of the Authorised Person, requires relocation or removal of the Moveable Sign to protect public safety or to protect or enhance the amenity of a particular locality.

The foregoing by-law was duly made and passed at a meeting of the District Council of Mallala held on 31 August 2011, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.
