PASSENGER TRANSPORT ACT 1994 AND  
PASSENGER TRANSPORT REGULATIONS 2009

PURSUANT to Section 45 (5) of the Passenger Transport Act 1994, I, Patrick Conlon, Acting Minister for Transport Services, hereby impose the following additional conditions upon a taxi licence if the taxi-cab (taxi) has a terminal for electronic payment of fares and any other authorised charges, including payments by credit and debit card and Electronic Funds Transfer at Point of Sale (EFTPOS):

- (1) The terminal must be linked by a cable connection or encrypted wireless communication to the taxi and be programmed with the taxi licence number in which it is fitted and used; and
- (2) The taxi is not permitted to ply for hire unless:
  - (a) The service provider for the EFTPOS, electronic financial transaction for the electronic payment of fares and other authorised charges has been approved by the Accreditation and Licensing Centre, Department of Planning, Transport and Infrastructure; and
  - (b) The EFTPOS terminal is fully operational and accurate, except where there is a temporary failure or malfunction on the part of the service provider for the electronic financial transaction or its network, and such failure or malfunction is not attributable to the driver's actions, fault with the operation of the taxi or with equipment (including electronic payment facilities) fitted to the taxi-cab.

Pursuant to Section 31 (1) (b) of the Passenger Transport Act 1994, I, Patrick Conlon, Acting Minister for Transport Services, hereby impose the following additional conditions where the accredited person ('driver') is driving a vehicle for a taxi service:

- (1) The driver must only use a terminal for electronic payment of fares and any other authorised charges, including payments by credit and debit card and EFTPOS, if that terminal is linked by a cable connection wire or encrypted wireless communication to the taxi, and it is programmed with the taxi licence number in which it is fitted and which has been approved by the DPTI, upon application from the licence holder (vehicle owner) of the taxi and has been advised to the Centralised Booking Service to which that taxi belongs.
- (2) If there is a failure or malfunction of the terminal, the driver must inform the person who hires a taxi of that failure or malfunction at the start of the journey if the driver has prior knowledge of the failure or malfunction and, if otherwise, as soon as practicable after that failure or malfunction is known to the driver.
- (3) When a fare for a hiring of a taxi is paid by a credit or debit card, the driver must produce a printed receipt and provide this receipt to the person who hires the taxi, or the person making payment for the fare (if that person is not the person who hired the taxi), or at any other time upon request. The printed receipt must include the following:
- the driver's signature, unless the receipt has been produced using electronic facilities;
  - the licence number of the taxi;
  - the driver's accreditation number at the time of the transaction;
  - the driver's Australian Business Number (ABN);
  - the Centralised Booking Service to which the taxi is affiliated;
  - the actual location at which the fare was picked up and dropped off (e.g. landmark name, such as Adelaide Airport, the street address or, at the least, the name of the suburb);
  - the service provider for the electronic financial transaction;
  - the details of the credit or debit card used;
  - all the items which make up the fare or other charges, including separately identified metered fare, GST amounts, and any additional rates and charges (including service fees for the electronic financial transaction);
  - the total amount paid; and
  - the time and date of the payment.
- (4) Any additional rates and charges (including service fees for the electronic financial transaction) for the service provider(s) for the electronic financial transactions for the electronic payment of fares and other authorised charges are clearly displayed in the taxi.

Pursuant to Regulation 64 (4) (c) of the Passenger Transport Regulations 2009, I, Patrick Conlon, Acting Minister for Transport Services, have determined that the driver of a taxi must accept, in satisfaction of the fare for the hiring of the taxi, payment of the amount of the fare by electronic payment facilities to process a payment, if those facilities are installed in the taxi and if the credit or debit card tendered by the person who has hired the taxi is suitable for that use and accepted by the service provider for the electronic financial transaction, unless there is a failure or malfunction of the terminal, in which circumstances the driver must accept a manual payment alternative using credit or debit facilities.

Pursuant to Regulation 65 (5) (c) of the Passenger Transport Regulations 2009, I, Patrick Conlon, Acting Minister for Transport Services, have determined that a person who hires a taxi must, unless otherwise agreed, pay the legal fare to the driver, and if the person has requested a payment of a fare by an electronic payment facility, tender a credit or debit card suitable for that use.

The conditions imposed by me under Section 45 (5) and 31 (1) (b) of the Passenger Transport Act 1994, and the determinations made by me under Regulation 64 (4) (c) and 64 (5) (c) of the Passenger Transport Regulations 2009, will be effective as of 12.01 a.m. on 1 November 2012.

Taxi licence holders (vehicle owners) must register the compliant EFTPOS facility/facilities to be used with each taxi, with the Accreditation and Licensing Centre, DPTI for approval and advise the relevant Centralised Booking Service(s) by 5 p.m. on 30 November 2012.

Dated 8 October 2012.

PATRICK CONLON, Acting Minister for Transport Services
