DEPARTMENT FOR MANUFACTURING, INNOVATION, TRADE, RESOURCES AND ENERGY
(ABN: 83 524 915 929)

NOTICE is hereby given that these default terms and conditions governing the sale of electricity by the DEPARTMENT FOR MANUFACTURING, INNOVATION, TRADE, RESOURCES AND ENERGY (ABN: 83 524 915 929) are published in accordance with Section 36 (2) of the *South Australian Electricity Act 1996*.

CUSTOMER CONNECTION AND SUPPLY CONTRACT

Please note: This contract relates to electricity consumers under the Remote Areas Energy Supplies (RAES) Scheme including remote Aboriginal Communities (RAES AC). This contract sets out the terms on which we connect and sell electricity to you as a customer at your current supply address in accordance with the RAES Tariff Schedule.

These standard terms and conditions are published in accordance with Section 36 of the South Australian Electricity Act 1996 (the 'Act'). These standard terms and conditions will come into force from August 2012 and, when in force, the terms will, by law, be binding on us and you. The document does not have to be signed to be binding.

You, the **Customer** as defined in the **Act** and to whom this contract applies (referred to in this contract as **you** or **your**).

8.1 *We* cannot regulate the quality or reliability of electricity supplied to *your supply address*.

8.3 *You* should understand that unexpected fluctuations or interruptions may cause damage to *your equipment* or cause it to malfunction. *We* recommend that *you* give careful consideration to taking out insurance or installing devices to protect *your equipment* and property when these fluctuations or interruptions occur.

9. OUR LIABILITY

- 9.1 The *Trade Practices Act 1974* and other laws imply certain conditions, warranties and rights into contracts that cannot be excluded or limited.
- 9.2 Unless one of these laws requires it, **we** give no condition, warranty or undertaking, and **we** make no representation to **you** about the condition or suitability of electricity, its quality, fitness or safety, other than those set out in this contract.
- 9.3 Any liability **we** have to **you** under these laws that cannot be excluded but that can be limited is (at **our** option) limited to:
- (a) providing equivalent goods or services provided under this contract to **your supply address**; and
 - (b) paying **you** the cost of replacing the goods or services provided under this contract to **your supply address**, or acquiring equivalent goods or services.
- 9.4 **We** are not otherwise liable to **you** for any loss **you** suffer as a result of:
- (a) the supply of electricity by **us**;
 - (b) any restrictions imposed upon **your** consumption of electricity;
 - (c) or the failure or the discontinuance of the supply of electricity from **our equipment** for any reason or cause whatsoever; and
 - (d) any loss or damage or injury resulting from the restoration of supply after any period of loss of supply arising from any cause;
- if **we** have not been negligent or have not acted in bad faith.
- 9.5 **You** will indemnify **us** against any claims for loss or damage made by any person arising from:
- (a) the supply of electricity by **us** to **your** premises;
 - (b) any restriction imposed upon the consumption of electricity; and
 - (c) the failure or discontinuance of the supply of electricity from **our equipment** to **your** premises.
- 9.6 **You** are responsible for safeguarding **your** equipment from loss or damage that may arise from the supply of electricity by **us**.

10. PRICE FOR SERVICES PROVIDED

- 10.1 **Our** current tariffs and charges for the **sale and supply services** and other services are set out in the **price list** published from time to time and available on the RAES website: www.sa.gov.au/energy/raes.
- 10.2 **Our price list** explains the conditions that need to be satisfied for each particular tariff.
- 10.3 If, at the time this contract is published, **we** are already selling **you** electricity at **your supply address**, the tariff and other charges currently applying to **you** for **sale and supply services** at the **supply address** will continue to apply, until **we** inform **you** in accordance with Clause 122.
- 10.4 If **we** are not already selling **you** electricity at **your supply address**, the tariff and other charges applying to **you** will be as set out in **our price list**.
- 10.5 In some cases, **you** will be able to select a tariff to apply to **you**. In those cases, if **you** do not choose a tariff, **we** will assign one to **you**.

11. FEES AND CHARGES

- 11.1 Upon request, **we** will supply a copy of the fees and charges associated with the following services. Any new fees and charges will operate from the day stated by **us**.
- 11.2 Application and connection fees may apply:
- (a) upon application by **you** for the supply of electricity, **we** may charge **you** an application fee. There may also be a fee to connect **your** premises to **our** equipment.
- 11.3 Consumption (tariff) charges may apply:
- (a) **we** will issue **you** with periodic accounts. These accounts must be paid by the due dates specified on the accounts. **You** will be liable to pay **us** an amount based on the meter reading or **our** estimate of the meter reading where access to the meter has not been obtained.
- 11.4 Supply charges may apply:
- (a) as well as charges based on consumption, **you** will be required to pay a supply charge which will be shown on the periodic account.

- 11.5 A final meter reading fee may be payable:
- (a) in order to conduct a final meter reading, **we** may need to attend **your** premises; and
 - (b) if **you** return to **your** premises after a final reading has been carried out, **we** may charge **you** a further application fee for the re-establishment of **your** account.
- 11.6 Security for payment may apply:
- (a) **we** may require **you** to provide a security deposit at the time **you** make an application for connection, or an application for re-connection after being disconnected, or before selling electricity to **you**; and
 - (b) **we** will determine the amount of the deposit in line with the **Commission's** determinations for average quarterly and monthly bills.
- 11.7 Personal call fees may apply:
- (a) if **we** visit **your** premises to collect any money owed by **you** to **us**, or to disconnect the supply of electricity, **we** may charge a call fee.
- 11.8 Special meter reading fees may apply:
- (a) special meter reading fees may be charged by **us** if **you** challenge the accuracy of **our** meter readings or if **we** are unable to read the meter as part of **our** normal routine. **We** may charge **you** a fee, if, at **your** request, **we** visit **your** premises to carry out a special reading.
- 11.9 Disconnection fees may apply:
- (a) charges will apply for the disconnection (and subsequent) re-connection of supply for any transgression of **your** responsibilities as detailed in Clause 29.
- 11.10 Meter accuracy test charges may apply:
- (a) where **you** request a check of the meter accuracy **you** must pay the reasonable charge of testing the meter in advance. If **we** determined that the meter accuracy is outside of limits of industry standards (i.e. >3% of actual usage) then **we** will render **you** an account based on **our** best estimates of the amount of electricity that **you** would have used if **your** meter had been accurate;
 - (b) any such adjustment will be limited to the three previous account periods; and
 - (c) any amount overcharged will be credited to **your** next account. If overcharging has occurred, the advanced payment for the meter check will be deducted from **your** next account.

12. VARIATIONS TO THE TARIFFS AND CHARGES

- 12.1 When **we** vary the tariffs and charges **we** will notify **you** of these changes by giving **you** at least 20 **business days** prior notice.
- 12.2 If the conditions applying to **your** tariffs and charges change so that the previous tariffs and charges no longer apply to **you**, **we** can decide which tariffs and charges will apply.

13. SWITCHING TARIFFS

- 13.1 **You** must tell **us** if **your** circumstances relating to **your** tariff or charge change. If **you** think **you** satisfy all of the conditions applying to another tariff or charge, **you** can ask **us** to review **your** current circumstances to see whether that tariff or charge can apply to **you**.

14. CHANGES TO THE TARIFF RATES AND CHARGES DURING A BILLING CYCLE

- 14.1 If a tariff or charge applying to **you** changes during a **billing cycle**, **your** bill for that **billing cycle** will be calculated on a *pro rata* basis using:
- (a) the old tariff or charge up to and including the date of change; and
 - (b) the new tariff or charge from that date to the end of the **billing cycle**.

15. CHANGES TO THE TARIFF TYPE DURING A BILLING CYCLE

- 15.1 If the type of tariff or charge applying to **you** changes during a **billing cycle**, **your** bill for that **billing cycle** will be calculated using:
- (a) the old tariff or charge up to and including the date of change; and
 - (b) the new tariff or charge from that date to the end of the **billing cycle**.

16. GOODS AND SERVICES TAX (GST)

- 16.1 The amounts specified in the *price list* from time to time are (or will be) stated to be inclusive of GST. Apart from these amounts there may be other amounts paid by *you* or by *us* under this contract that are payments for 'taxable supplies' as defined for GST purposes. To the extent permitted by law, these other payments will be increased so that the GST payable on the taxable supply is passed on to the recipient of that taxable supply.
- 16.2 Any adjustments for GST under this Clause will be made in accordance with the requirements of the *Trade Practices Act 1974*.

17. BILLING

- 17.1 *We* will send a bill to *you* as soon as possible after the end of each *billing cycle*.
- 17.2 The bill will be in a form and contain such information as is required by *our licence*.
- 17.3 *We* must send a bill:
- (a) to *you* at the address nominated by *you*; and
 - (b) to a person authorised in writing by *you* to act on *your* behalf at the address specified by *you*.
- 17.4 If *we* fail to issue a bill following the end of a *billing cycle*, *we* will offer *you* the option of paying for any electricity used during the relevant *billing cycle* under an instalment plan. The maximum period of that instalment plan will be the greater of the period during which *we* did not bill *you* or twelve months.

18. CALCULATING THE BILL

- 18.1 The amounts *you* owe under this contract at the end of each *billing cycle* will be calculated based on the application of the prices set out in *our price list* to:
- (a) information obtained from reading *your* meter or from using an approved estimating system; and
 - (b) the amount for any other services supplied under this contract during the *billing cycle*.

19. ESTIMATING THE ELECTRICITY USAGE

- 19.1 If *your* meter is unable to be read for any reason (for example, access to the meter cannot be gained, or the meter breaks down or is faulty), *we* can estimate how much electricity was supplied to *your supply address* by using other information (such as *your* previous bills or *your* electricity usage history).
- 19.2 If *your* meter is subsequently able to be read, the bill will be adjusted for the difference between *our* estimate and the actual amount of electricity used, based on the reading of the meter.
- 19.3 If *your* meter was unable to be read due to *your* actions, *we* may impose the charge in the *price list* for arranging for *your* meter to be read at a subsequent time.

20. PAYING YOUR BILL

- 20.1 The amount *you* must pay, the due date and the method of payment for the services *we* provide under this contract will be set out in the bill sent to *you*.
- 20.2 *You* can pay the bill using any of the payment methods listed on the bill. If a payment *you* make is dishonoured (e.g. where a cheque or credit card payment is not honoured), and *we* incur a fee as a result, *you* must reimburse *us* the amount of that fee.

21. LATE PAYMENTS

- 21.1 If *you* do not pay *your* account on time, *you* may be required to pay *our* reasonable costs of recovering that amount from *you*. *You* may also be required to pay interest on the outstanding amounts.

22. DIFFICULTIES IN PAYING

- 22.1 If *you* have difficulties paying *your* bill, *you* should contact *us* as soon as possible. *We* will provide *you* with information about various payment options and, where applicable, payment assistance.
- 22.2 *We* are required to identify situations where *you* may be experiencing difficulties in paying *your* bill. In such cases, *we* will offer *you* the opportunity to pay *your* bill under an instalment plan and provide *you* with information about various payment options and, where applicable, payment assistance.

23. UNDERCHARGING

- 23.1 Where *you* have been undercharged *we* will inform *you* and *we* may recover from *you* any amount *you* have been undercharged.
- 23.2 *We* must offer *you* the opportunity to pay this amount in instalments over the same period of time during which *you* were undercharged.

24. OVERCHARGING

- 24.1 Where **you** have been overcharged, **we** will inform **you** and follow the required procedures for repaying the money.
- 24.2 Where the amount overcharged is \$100 or less, and **you** have already paid that amount, the amount will be credited to **your** next bill. Where the amount overcharged is more than \$100, and **you** have already paid that amount, **we** must ask **you** whether the amount should be credited to **your** account, repaid to **you** or paid to another person, as directed by **you**.

25. REVIEWING YOUR BILL

- 25.1 If **you** disagree with the amount **you** have been charged, **you** can ask **us** to review **your** bill. The review will be undertaken in accordance with the requirements of **our licence**.
- 25.2 If **your** bill is being reviewed, **you** are still required to pay the greater of:
- (a) the portion of the bill which **you** do not dispute; and
 - (b) an amount equal to the average of **your** bills in the last 12 months.
- 25.3 **You** must also pay any future bills.

26. SECURITY DEPOSITS

- 26.1 Where **you** have paid a security deposit, **we** must pay **you** interest on the deposit at a rate and on terms required by **our licence**.
- 26.2 **We** may use **your** security deposit, and any interest earned on the security deposit, to offset any amount **you** owe under this contract:
- (a) if **you** fail to pay a bill and, as a result, **we** arrange for the disconnection of **your supply address**; and
 - (b) in relation to a final bill (i.e. the bill **we** issue when **you** stop buying electricity from **us** at **your supply address**).
- 26.3 If **you** are purchasing electricity for business use, **we** may request that **you** increase the amount of **your** security deposit in accordance with **our licence**.

27. DISCONNECTION OF SUPPLY

- 27.1 Subject to the requirements of **our licence**, **we** can arrange for the disconnection of **your supply address** if:
- (a) **you** do not pay **your** bill by the last day for payment and, in the case of residential **Customers**, **you** refuse to agree to an instalment plan or payment option offered by **us**;
 - (b) **you** fail to comply with the terms of an agreed instalment plan or payment option;
 - (c) **you** use electricity illegally or breach Clause 30;
 - (d) **you** otherwise do not comply with the Customer Sale Contract or Conditions of Supply;
 - (e) **you** prevent the exercise by **us** of **our** rights under this contract or any legislation;
 - (f) **you** make or have made any false statement to **us** in connection with the supply of electricity to **you**;
 - (g) **you** deal with the electricity supplied in such a manner that **you** interfere with the supply of electricity to others;
 - (h) in **our** opinion, **your equipment** is in a dangerous condition;
 - (i) in **our** opinion, for any reason, it is unsafe or impractical to continue supply;
 - (j) **you** fraudulently obtain a supply of electricity from **us**; and
 - (k) **we** are entitled or required to do so under the conditions of **our licence** or by law (such as in the case of an emergency or for health and safety reasons).
- 27.2 **You** may request **us** to disconnect **your supply address**, provided **you** have given **us** at least three **business days** prior notice. This request must be made in writing, in person at one of **our** offices or by telephone.
- 27.3 **We** must comply with the conditions of **our licence** (such as giving **you** the required notices and warnings) before arranging for the disconnection of **your supply address**.

28. RE-CONNECTION AFTER DISCONNECTION

- 28.1 Where **we** have disconnected **your** supply address in accordance with **our licence**, **we** must use **our** best endeavours to re-connect **you** within a time agreed with **you**, subject to (where relevant):
- (a) the reasons for disconnection being rectified; and
 - (b) **you** agreeing to pay **our** reasonable charges for re-connection.

29. WHAT YOU ARE RESPONSIBLE FOR

29.1 *You* are responsible for:

- (a) ensuring safe and convenient access for *our* electricity officers to *your supply address* for the purposes expressed in Clause 32.1, and responding promptly to any request made by *us* regarding such access;
- (b) maintaining the electrical installation at *your supply address* in a safe condition;
- (c) ensuring that any changes to the electrical installation at *your supply address* are performed by an electrician lawfully permitted to do the work and that *you* keep a Certificate of Compliance issued in respect of any of the changes;

- (h) seeking *our* approval prior to installing any additional appliances or equipment of total capacity 5kW or greater, so that *we* can assess the ability of *our* network and *your* connection to the network to meet *your* additional requirements and advise *you* of the connection conditions and if any additional work is required and the associated costs (if any);
- (i) providing sufficient information to *us*, on request, so that *we* can calculate the electricity used by any un-metered loads that *you* have; and
- (j) where information on *your* un-metered load has been provided to *us* advising *us* whenever there is a change to this un-metered load.

30. WHAT YOU MUST NOT DO

30.1 *You* must not:

- (a) allow electricity supplied by *us* to be used other than at the *supply address* and in accordance with this contract;
- (b) use at the *supply address* electricity supplied for use at another *supply address*;
- (c) sell electricity to any other person except in accordance with a licence issued by the *Commission* or with an exemption granted under the *Act*;

- (h) allow a person who is not an electrician lawfully permitted to do the work to perform any work on the electrical installation;
- (i) give *us* false information about which tariff and charges should apply to *you*;
- (j) use electricity supplied under a specific tariff for a purpose other than as contemplated by that tariff;
- (k) otherwise use electricity or tamper with *your* electrical installation in a way contemplated as improper or illegal under current legislation;
- (l) install appliances or equipment of total capacity 5kW or greater without receiving *our* approval, to allow *us* to determine if additional works are required and the associated costs (if any); and
- (m) use, or cause to be used, electricity in a manner that:
 - interferes with *our* distribution network;
 - interferes with the supply or quality of supply, to other *Customers*; and
 - causes damage or interference to any third party.

31. ILLEGAL USE

- 31.1 If **you** have breached Clause 30 of this contract, **we** may, in accordance with **our licence**:
- (a) estimate the amount of electricity so obtained and bill **you** for that amount;
 - (b) recover that amount from **you**, as well as costs and interest; and
 - (c) disconnect **your supply address** immediately.

32. ACCESS TO YOUR SUPPLY ADDRESS

- 32.1 **We** may enter and remain in **your supply address** to:

 - (b) identify himself or herself as **our** electricity officer appointed in accordance with Part 4 of the **Act**; and
 - (c) produce a proper identity card issued by **us**.
- 32.4 **We** must give **you** reasonable notice before coming onto **your supply address** unless:
- (a) it is an emergency; and

- 32.5 Where **your supply address** contains a hazard **you** must provide **our** authorised officers with safe access to **your supply address** including any necessary protective clothing.

33. VACATING A SUPPLY ADDRESS

- 33.1 **You** must give us at least three **business days** notice of **your** intention to vacate **your supply address**, together with a forwarding address for **your** final bill.
- 33.2 When **we** receive the notice, **we** must arrange for **your** meter to be read on the date specified in **your** notice (or as soon as possible after that date if **you** do not give access to **your** meter on that date) and for a final bill to be sent to **you** at the forwarding address stated in **your** notice.
- 33.3 If you do not give **us** the required notice, or if **you** do not give **us** access to **your** meter, **you** will be responsible for all electricity used at the **supply address** until **we** become aware that **you** have vacated **your supply address** and **we** arrange for **your** meter to be read.

34. INFORMATION WE NEED

- 34.1 **You** must provide **us** with all information **we** reasonably require for the purposes of this contract. All information **you** provide must be correct. **You** must tell **us** if information **you** have provided to **us** changes (for example, if **your** address changes, or the purpose for which **you** are buying electricity changes).

35. WE CAN AMEND THIS CONTRACT

- 35.1 **We** can amend **our** contract with **you** at any time in accordance with Section 36 of the **Act**, provided the amendments satisfy the requirements of **our licence**. Any amendment will take effect from the date referred to in the *Gazette*.

- 36.1 Unless this document or *our licence* says otherwise (for example, where phone calls are allowed), all notices must be sent in writing.
- 36.2 *We* can send notices to *you* at *your supply address* or the most recent address that *we* have for *you*. If a notice is sent by post, *we* can assume that *you* have received the notice on the second *business day* after it was sent.

37. PRIVACY AND CONFIDENTIALITY

- 37.1 Subject to Clause 37.2 of this contract, *we* must keep information about *you* confidential.
- 37.2 *We* may, however, disclose information about *you*:
- (a) if required or permitted by law to do so;
 - (b) if *we* are permitted by *our licence* to do so, such as to a law enforcement agency; and
 - (c) where *you* give *us* written consent.

38. FORCE MAJEURE

- 38.1 If but for this Clause, either party would breach this connection and supply contract due to the occurrence of a force majeure event:
- (a) the obligations of the party under this contract, other than an obligation to pay money, are suspended to the extent to which they are affected by the force majeure event for so long as the force majeure event continues; and
 - (b) the affected party must use its *best endeavours* to give the other prompt notice of that fact including full particulars of the force majeure event, an estimate of its likely duration, the obligations affected by it and the extent of its effects on those obligations and the steps taken to remove, overcome or minimise those effects.
- 38.2 For the purposes of this Clause, if the effects of a force majeure event are widespread we will be deemed to have given *you* prompt notice if *we* make the necessary information available by way of a 24 hour telephone service within 30 minutes of being advised of the force majeure event or otherwise as soon as practicable.
- 38.3 Either party relying on this Clause by claiming a force majeure event must use its *best endeavours* to remove, overcome or minimise the effects of that force majeure event as quickly as practicable.

39. APPLICABLE LAW

- 39.1 The laws of South Australia govern this contract.

40. OUR EQUIPMENT AND ASSOCIATED CONNECTIONS

- 40.1 To supply electricity in the most effective manner to *you* and/or to *our* other *Customers* it may be necessary for *us* to place *our equipment* on *your* premises. *We* may place the following equipment or carry out the following works on *your* premises when, in *our* opinion, electricity can most effectively be supplied by doing so:
- (a) mains leading to or from *your service point*;
 - (b) mains leading to or from any transformer or other equipment of *ours* on *your* premises;
 - (c) service lines to other *Customers* not requiring the placing of poles on *your* property;
 - (d) transformers;
 - (e) other equipment; and
 - (f) all such works incidental or ancillary to the placement of *our equipment* on *your* premises.
- 40.2 *Our equipment* may be placed above ground or underground and it may be attached to any building or structure at *your* premises. *Our equipment* and the *service point* will be placed at a location specified by *us*.
- 40.3 The installation and maintenance of infrastructure beyond the service point (excluding *our equipment*) is *your* responsibility.

- 40.4 Meters and other equipment owned by *us* will be placed in a location acceptable to *us*. *We* will need safe and un-obstructed access to *our equipment* at all times. *You* may be required to provide *us* with an easement before *our equipment* can be installed. Such easements will be provided by *you* to *us* without charge.
- 40.5 *You* must provide and maintain an approved, weatherproof and vandal resistant container or enclosure for *our* meters, fuses, circuit breakers and other equipment as specified at the time that electricity is first connected or at the time of any upgrading or alterations to the supply. If *you* want to lock the container or enclosure or any gate or door that prevents *our* access to *our equipment*, *you* must contact *us* to make arrangements that suit *us*.
- 40.6 Unless authorised, only *we* may connect *our equipment* to *your* equipment and if either *you* or anyone else makes that connection, legal proceedings and penalties are likely. If permission is granted to a person to connect *our equipment* to *yours* then that person must be an 'A' Class licensed electrician and must include reference to the meter including meter number and reading and appropriate test carried out on the Electrical Certificate of Compliance form.
- 40.7 When *your equipment* has been disconnected for an extended period of time (12 months or greater) or any alterations made during the period of disconnection, *we* will require a valid Electrical Certificate of Compliance. Notwithstanding the above, for safety reasons, *we* reserve the right to request a valid Electrical Certificate of Compliance prior to re-connection.

41. ADDITIONAL WORKS

- 41.1 When *we* connect or vary the connection to *your* premises (and maybe other premises as well as *yours*), *we* may have to do more work than would usually be required. If so, *we* will provide *you* with a quotation for the cost of that additional work and *we* reserve the right to ask *you* to contribute to the cost of that work.
- 41.2 *We* may request that payment of *your* contribution is made by the payment of a lump sum before work commences or by instalments. If it is paid by instalments, *we* may require a bank or other guarantee to support that *you* will meet all of the instalments.

42. OWNERSHIP, INTERFERENCE WITH AND REMOVAL OF OUR EQUIPMENT

- 42.1 *Our equipment* placed on *your* premises will always remain *our* property even if *you* have contributed to the cost of installation. *You* must not damage or otherwise interfere with *our equipment* and *you* must ensure that no-one else does. *We* reserve the right to modify, remove or replace *our* equipment at any time.

43. YOUR EQUIPMENT

- 43.1 Before *we* connect *your equipment* to *our* supply, *we* need to be satisfied that *your equipment* is installed in accordance with all appropriate laws, standards and the Service Rules (Part B attached).
- 43.2 To do this, *we* may need to inspect and test *your* equipment. Any tests and inspections that *we* carry out are for *our* information and are not to check the overall state of *your equipment*.
- 43.3 *We* may charge *you* a fee for carrying out such inspections and testing. *We* will not be liable to *you* or anyone else if *your equipment* fails or is defective. *We* reserve the right to refuse to allow *your equipment* to be connected to *our* equipment and *we* will not be liable for the consequences of any such refusal.

44. MAKING CHANGES TO YOUR EQUIPMENT

- 44.1 If *you* wish to change *your* supply requirements or install additional electrical appliances or equipment with a total capacity greater than 2.5 Kilowatts (kW), *you* must let *us* know before doing so.
- 44.2 Advice should be forwarded to *us* on the 'Notice of Alteration' form. Contact the *LD* for copies.
- 44.3 Our consent to any alteration or addition to *your* supply requirements must be given before the change is made because the change may result in the overloading of *our equipment*. This could cause damage to both *your equipment* and *our equipment* and may create unsafe conditions. If changes are made without *our* consent and overloading or other damage results, *you* will be responsible for the cost of repairs to *our equipment*, the equipment of any other *Customer* and *your* own equipment.

45. SERVICE RULES

- 45.1 The Service Rules provide details on the characteristics of the electricity supply *we* provide to *your* premises and the technical requirements of *your* installation.
- 45.2 *Your* installation must comply with the requirements of the Service Rules (Part B attached).

46. SUPPLY INTERRUPTIONS

- 46.1 *We* will endeavour to provide *you* with a continuous supply of electricity. However, circumstances may arise where supply may fail or *we* may be required to interrupt or ration *your* supply. Wherever possible, early notice of the interruption or restrictions will be given through the media or via *our LD*.

47. INFORMATION

- 47.1 *We* will provide any information required under current legislation, relating to the supply of electricity, providing the appropriate fees and charges are paid (if applicable).

48. QUERIES AND COMPLAINTS

- 48.1 If *you* have a query or a complaint relating to the sale of electricity by *us* to *you*, or this contract generally, *you* may contact *us* as follows (as updated and notified to *you* from time to time):

WATER INDUSTRY ACT 2012 (SECTION 35)

PRICING ORDER

For the Regulatory Period 1 July 2013-30 June 2016

PURSUANT to Section 35 (4) of the Water Industry Act 2012 (the Act), the Treasurer hereby issues the following pricing order (this Order):

1. *Interpretation*

1.1 Where a term used in this Order is defined in the Act, it has the meaning given in the Act.

1.2 In this Order, unless the contrary intention appears:

determination means a determination of the Commission under Section 35 of the Act and Part 3 of the Essential Services Commission Act 2002 (the ESC Act) made in respect of retail services;

drinking water retail service means a retail service constituted by the sale and supply of water of a quality fit for human consumption;

initial regulatory period means the three year period commencing 1 July 2013;

NWI Pricing Principles means the National Water Initiative Pricing Principles 2010 agreed by Australian governments as the basis for setting water prices/charges in their jurisdictions, as amended or replaced from time to time;

NWI Principles for Recovering the Costs of Water Planning and Management Activities means the Principles for recovering the costs of water planning and management activities which form part of the NWI Pricing Principles, as amended or replaced from time to time;

NWI Principles for the Recovery of Capital Expenditure means the Principles for the recovery of capital expenditure which form part of the NWI Pricing Principles, as amended or replaced from time to time;

NWI Principles for Urban Water Tariffs means the Principles for urban water tariffs which form part of the NWI Pricing Principles, as amended or replaced from time to time;

sewerage retail service means the sale and supply of sewerage services for the removal of sewage.

2. *Application*

2.1 This Order is to take effect from the date that it is signed.

2.2 Part 3 of this Order is to apply to any determination.

2.3 Part 4 of this Order is to apply to a determination in respect of the following retail services for the initial regulatory period:

2.1.1 drinking water retail services provided by SA Water;

2.1.2 sewerage retail services provided by SA Water, (such services referred to in Part 4 of this Order as 'a relevant service' or 'the relevant services').

3. *Adoption of NWI Pricing Principles*

3.1 The Commission must adopt or apply the NWI Pricing Principles (other than the Principles for Recovering the Costs of Water Planning and Management Activities) when making a determination, to the extent that those, or any of those, principles are relevant to the determination in question.

3.2 In the case of a determination to which Part 4 of this Order applies, Clause 3.1 applies subject to Part 4 of this Order.

4. *SA Water Drinking Water and Sewerage Retail Services*

4.1 The Commission must adopt or apply the following parameters, principles or factors when making a determination to which this Part applies:

4.1.1 The initial regulatory period must be adopted as part of the determination.

4.1.2 The determination must only determine the revenue which may be derived from the provision of such services.

4.1.3 The determination must determine separate revenue controls for drinking water retail services and sewerage retail services.

4.1.4 In respect of each relevant service, the determination may apply either a revenue cap control, an average revenue control, or a combination of both of those forms of revenue control.

4.1.5 The determination must not establish, or require the establishment of, a revenue control for a relevant service based on customer class or location.

4.1.6 The determination must include a mechanism which allows for the adjustment of the allowable revenue to be derived where the Commission determines there to be a relevant and material variation between forecast and actual rates of water consumption or sewerage connections.

4.1.7 The determination must adopt or apply the NWI Principles for the Recovery of Capital Expenditure, subject to the following:

4.1.7.1 the determination must adopt the initial regulated asset base for SA Water as at 1 July 2013 to be specified by the Treasurer in a subsequent pricing order issued under Section 35 of the Act;

4.1.7.2 the determination must allow SA Water to recover the efficient cost of assets to be acquired over the course of the initial regulatory period which are required to support activities that SA Water is required to provide in accordance with a direction under Section 6 of the Public Corporations Act 1993;

4.1.7.3 for the avoidance of doubt, the Commission must only adopt or apply Principle 6 of the NWI Principles for the Recovery of Capital Expenditure in relation to contributed assets that SA Water acquires after 1 July 2013.

4.1.8 The determination must adopt or apply Principle 1 of the NWI Principles for Urban Water Tariffs, subject to the following:

4.1.8.1 in relation to costs relating to externalities (including water planning and management), the determination must only allow SA Water to recover such costs as are attributable to and payable by SA Water in accordance with the law, including a direction under Section 6 of the Public Corporations Act 1993;

4.1.8.2 the determination must allow SA Water to recover such costs (less any relevant contributions to such costs that it receives) that are attributable to activities that SA Water is required to provide in accordance with a direction under Section 6 of the Public Corporations Act 1993, and are either:

- (i) specified in the relevant direction, or if not so specified,
- (ii) determined by the Commission to be efficient.

5. Variation

5.1 This Order may be varied by a subsequent pricing order issued under Section 35 of the Act.

Dated 24 September 2012.
