SPECIAL CONDITIONS

Licence Term

The PELs will be offered for a five-year term with a right of renewal for two further five-year terms at the end of the initial term, with compulsory relinquishment of 33⅓% of the original area at each renewal, subject to prevailing Petroleum and Geothermal Energy Act 2000 provisions.

Security

A minimum \$50 000 security (amount subject to review) will be required to be lodged by the licensee prior to entering a year of the licence term in which seismic or well activities are planned, or prior to undertaking earlier seismic or well activities.

APPLICATIONS

Applications lodged under Section 65 (1) of the Petroleum and Geothermal Energy Act 2000 are required to be made in the approved form as identified on the DVD 'Cooper Basin CO2013 Acreage Release' (can be ordered from:

<http://www.petroleum.dmitre.sa.gov.au>

or the Executive Director, Energy Resources Division at the address below).

Applications:

- must satisfy the requirements of Regulations 4 and 6 of the Regulations under the Petroleum and Geothermal Energy Act 2000;
- must be accompanied by a proposed work program for the first five year term of the licence;
- must be accompanied by a statement of the financial and technical resources available to the applicant; and
- must be accompanied by the scheduled application fee.

Applications close at 4 p.m. on Thursday, 29 May 2014 (Australian Central Time).

The following special instructions for lodgement of applications should be observed:

- the application and supporting data, together with the scheduled application fee (currently \$3 978 per PEL application), payable to the Department for Manufacturing, Innovation, Trade, Resources and Energy, should be sealed in a plain envelope or package and clearly marked as 'Application for Area CO2013-A—Commercial-in-Confidence' or 'Application for Area CO2013-B—Commercial-in-Confidence' or 'Application for Area CO2013-C—Commercial-in Confidence' (if applicable); and
- the envelope or package should then be enclosed in another envelope and posted, or delivered by hand to:

Executive Director
Energy Resources Division
Department for Manufacturing, Innovation, Trade,
Resources and Energy,
Level 7, 101 Grenfell Street,
Adelaide, S.A. 5000

Copies of the basic exploration data pertaining to the area comprising this notice are available from the Energy Resources Division of the Department for Manufacturing, Innovation, Trade, Resources and Energy. Enquiries may be directed to Barry Goldstein, Executive Director, Energy Resources Division (Telephone (08) 8463 3204; email: barry.goldstein@sa.gov.au).

Criteria for Assessment of Applications

The winning bidder will be selected on the basis of the five year work program bid. The work program must include a statement of

exploratory operations the applicant proposes to carry out in each year of the first five-year licence term. The aim of the work program is to evaluate the prospectivity of the licence area and discover regulated resources. It is expected that at least one petroleum exploration well would be included in the five-year work program.

Bids will be assessed taking account of the criteria listed below. It is important to note that the timing of well drilling and seismic acquisition will be taken into account. The most important criteria for assessment of CO2013 work programs are:

- the number of exploration wells to be drilled in the licence area (development wells are not considered);
- the number of years the applicant is prepared to guarantee the program;
- the extent to which proposed wells are supported by seismic data;
- the amount and nature of seismic surveying to be carried out and its timing;
- other data acquisition (e.g. gravity, aeromagnetic or geochemical surveys);
- seismic reprocessing to be carried out;
- adequacy of financial resources and technical expertise available to the applicant; and
- the applicant's past performance in fulfilling work program commitments elsewhere in Australia.

The Minister is expected to announce the winning bidder, together with details of the work program in June 2014.

Dated 3 October 2013.

LIGHT REGIONAL COUNCIL

DEVELOPMENT ACT 1993

*Gawler Rivers Flood Prone Area Development Plan
Amendment—Draft for Public Consultation*

NOTICE is hereby given that the Light Regional Council has prepared a draft Gawler Rivers Flood Prone Area Development Plan Amendment (DPA).

The DPA proposes to amend the Light Regional Council Development Plan by updating 1 in 100 year flood plain identification mapping applicable to the Gawler Rivers (Gawler River, North Para River and South Para River).

The areas identified as flood affected by the DPA are very similar to the current Gawler Rivers floodplain shown in the Council's Development Plan. However, minor amendments have been made where updated mapping identifies flooding risk in areas which have not previously been recognised. The mapping also updates current flood hazard categories to better represent the potential flood risks and impacts.

The DPA includes appropriate planning policies and mapping to achieve the following:

- Re-structuring the Development Plan to reference policies applying to the areas of the Gawler Rivers floodplain within the Council Wide Section, and adapting current policy across the floodplain in its entirety;
- The insertion of updated, and in some cases new, floodplain mapping within the Development Plan which has been prepared based upon the best flooding data currently available;
- Updating the three flood 'hazard categories' and associated policies to provide guidance as to the level of risk in each category, and to guide what forms of development can take place and where.

From 10 October 2013 to 6 December 2013 the draft will be available for public inspection during office hours (9 a.m. to 5 p.m.) at Council's Offices, 93 Main Street, Kapunda, or 12 Hanson Street, Freeling. The draft Development Plan Amendment is also available for review at Council libraries, the Hewett Community Centre and Council's website at www.light.sa.gov.au. A printed copy of the DPA can also be purchased from the Council Offices.

Members of the community are invited to a public information session to be held at the Hewett Community Centre (Kingfisher Drive, Hewett) on Wednesday, 27 November 2013 commencing at 7 p.m.

Written submissions regarding the draft amendment will be accepted by Council until 5 p.m. on Friday, 6 December 2013. Written submissions should also clearly indicate whether you wish to speak at the public hearing on your submission. All submissions should be addressed to the Chief Executive Officer of Light Regional Council (and marked to the attention of Andrew Chown, Principal Project Planner) and either mailed to P.O. Box 72, Kapunda, S.A. 5373 or sent electronically to light@light.sa.gov.au.

Copies of all submissions received will be available for inspection by interested persons at the Light Regional Council offices until the date of the public hearing.

A public hearing will be held at 7.30 p.m. at the Hewett Community Centre, Kingfisher Drive, Hewett on Thursday, 12 December 2013. A public hearing will not be held if submissions indicate no interest in speaking at the public hearing.

Dated 8 October 2013.
