FISHERIES MANAGEMENT ACT 2007: SECTION 46

TAKE note that pursuant to subsection 46 (1) (b) of the Fisheries Management Act 2007, the Management Plan for the South Australian Charter Boat Fishery is amended in the following manner:

Page 41, 2nd paragraph by deleting: 'Licence holders are limited to registering the number of charter fishing boats which were being used pursuant to their business at 28 November 2003. This means that if an applicant demonstrated and provided evidence that they were operating two boats at any one time under their charter boat fishing business at 28 November 2003, they are eligible to register two charter fishing boats on their licence today. Licence holders may upgrade their fishing boat at any time, but must deregister the original boat when making application to register a new boat' and;

By replacing the deleted paragraph with 'Licence holders may register up to five boats on their licence at any one time. Licence holders must only pay boat fees for each boat that is able to be operated at any one time according to the condition on the licence. This means that if you have three boats registered on your licence, but you are only able to use two boats at a time, then you must only pay boat fees for the two greater surveyed boats'.

This amendment takes effect from date of gazettal.

Dated 1 December 2014.
