Note—

Unless the contrary intention appears, terms used in this policy that are defined in the Act have the respective meanings assigned to those terms by the Act.

5—Installation of solid fuel heaters

- (1) A person must not install a solid fuel heater unless—
- (a) the heater is marked in accordance with an approved solid fuel heater standard; and
 - (b) to the extent that the relevant standard contemplates requirements that are expressed as mandatory in relation to the installation of solid fuel heaters—the installation is carried out in accordance with those requirements.

Mandatory provision: Category B offence.

- (2) Subclause (1) only applies in relation to a solid fuel heater to the extent that the relevant approved solid fuel heater standard applies to solid fuel heaters of that model.
- (3) AS/NZS 2918:2001 *Domestic solid fuel burning appliances - Installation* published jointly by Standards Australia and Standards New Zealand, as in force at the commencement of this policy applies in relation to the installation of a solid fuel heater to the extent that the standard contemplates requirements that are expressed as recommendations in relation to the installation of solid fuel heaters of that model.

6—Interference with solid fuel heaters
