LIVESTOCK ACT 1997: SECTION 37

Declaration of a Livestock Standstill in Relation to Decapod Crustaceans (Order Decapoda) and Polychaete Worms (Class Polychaeta)

Notice under the Livestock Act 1997 for the purpose of Controlling or Eradicating White Spot Disease

THIS notice revokes the notice made by the Minister for Agriculture, Food and Fisheries on 20 December 2016 and published on 22 December 2016.

Notice by the Minister for Agriculture, Food and Fisheries

BY virtue of the provisions of the Livestock Act 1997, and for the purpose of controlling or eradicating the declared exotic disease White Spot Disease within the State of South Australia, I, Leon Bignell, MP, Minister for Agriculture, Food and Fisheries do hereby:

Prohibit the entry or importation into South Australia of:

- (1) live or dead crustaceans of the Order *Decapoda*, including but not limited to prawns, shrimps, crabs and yabbies, and live or dead polychaete worms of the Class *Polychaeta*, including and not limited to bristle worms, taken from any part of the State of Queensland which is south of latitude 23°S (this includes crustaceans and polychaete worms originating from any waters south of latitude 23°S within the State of Queensland, or originating from any commercial aquaculture crustacean farm within Queensland which is south of latitude 23°S);
- (2) fittings used in connection with cultivation or commercial catch of live or dead crustaceans or polychaete worms described in subclause (1) unless such fittings have been cleaned and disinfected to remove all traces of crustacean and polychaete worm product;
- (3) live or dead crustaceans and polychaete worms that have been in contact with either of the following:
 - (a) water that has held live or dead crustaceans or polychaete worms described in subclause (1); or
 - (b) fittings that have previously been used in connection with live or dead crustaceans or polychaete worms described in subclause (1) unless such fittings have been cleaned and disinfected to remove all traces of crustaceans and polychaete worms or crustacean and polychaete worm product in accordance with a protocol approved by the Chief Inspector of Stock duly appointed under the Livestock Act 1997.

Crustaceans (including but not limited to prawns, shrimps, crabs and yabbies) taken from waters in Queensland that are south of latitude 23°S may only enter or be imported into South Australia if:

- (1) they first have been processed for human consumption as cooked product;
- (2) they are securely packaged; and
- (3) they are transported directly to a point of sale for human consumption.

Cooked product means crustaceans that have been cooked in premises approved by and under the control of the relevant state government agency that regulates food safety, to a minimum time and temperature standard where all the protein in the prawn is coagulated and no uncooked meat remains.

This Notice shall remain in force unless amended or revoked by subsequent Notice.

Dated 14 February 2017.

LEON BIGNELL, Minister for
Agriculture, Food and Fisheries

DEVELOPMENT ACT 1993: SECTION 48B

*Decision by the Governor**Preamble*

1. On 5 June 2003, a major development declaration was made for the subdivision and development of land at Buckland Park near Virginia north of Adelaide ('the declaration'). The Minister for Urban Development and Planning ('the Minister') gave notice in the *South Australian Government Gazette* that he was of the opinion that it was appropriate for the proper assessment of the development of major environmental, social or economic importance that Section 46 of the Development Act 1993 ('the Act') applied to any development of a kind listed in Schedule 1 of that notice in parts of the State listed in Schedule 2 of that notice.

2. The declaration was varied by notice in the *South Australian Government Gazette* on 4 January 2007 to, amongst other things, expand the major development declaration.

3. A proposal from Walker Corporation Pty Ltd ('the proponent') to develop a substantial staged residential and commercial development at Buckland Park was the subject of a development application lodged in May 2007 ('the major development').

4. The declaration was varied again by notice in the *South Australian Government Gazette* on 12 June 2008 to include some extra land parcels within the major development declaration.

5. The major development was the subject of an Environmental Impact Statement ('EIS'), which was completed and put on public display on 19 September 2007, and an Assessment Report was produced, and was assessed in accordance with Section 46 and Section 46B of the Act. By notice in the *South Australian Government Gazette* on 4 February 2010, the Governor:

- (a) granted provisional development authorisation subject to conditions (in Part B of the notice), with specified reserved matters (in Part A of the notice), for the following components:
 - i) land division, creating 8 superlots which include the 5 residential land division stages, employment lands, recreation/water management and transport infrastructure areas shown in plans 19000p01-r3, r5 and r6, 5 November 2009 (Fyfe Engineers Surveyors)
 - ii) Precinct 1 land division (Superlot 1 under the land division application) which comprised 614 residential allotments, a school site, display centre and shopping/community centre over 62.23 hectares
 - iii) proposed partial closure of Legoe Road under Part 7A (Section 34C (2) (a) (ii)) of the Roads (Opening and Closing) Act 1991 (to take effect on a day to be fixed by subsequent order of the Governor or Minister published in the *Gazette*)
 - iv) construction of a Neighbourhood Centre as set out in the detailed drawings, and
 - v) construction of a display village as detailed by the proponent (The display village is now to be under the authority of the council for decision making).
- (b) specified the period up until 1 February 2012 (subsequently amended) as the time within which substantial work must be commenced on site, failing which the Governor may cancel the authorisation.

Future Precincts (Beyond 1 and 2) of the major development (3-5) will be determined when detailed land division applications are lodged. The object of this decision notice is a decision on:

- i) new Superlot plan
- ii) Precinct 2 land division
- iii) Precinct 2C land division, and
- iv) road closure of part of Buckland Park Road (on 18 December 2017).

6. The proponent requested in the past (and was granted) modifications to the provisional development authorisation to allow more practicality in implementing the proposal and satisfying the reserved matters and conditions of the authorisation. In summary, the matters related to:

- (a) the requirement for a scheme description
- (b) affordable housing requirements
- (c) the requirement for a construction environment management and monitoring plan (Construction Environment Management and Monitoring Plan)
- (d) signage associated with the proposed neighbourhood centre, and
- (e) various elements of the Schedule of Commitments.

7. In response to the request, by notice in the *South Australian Government Gazette* on 21 October 2010, the Minister (under delegation) varied the provisional development authorisation by:

- (a) removing specified reserved matters entirely from the authorisation
- (b) revoking and varying specified conditions
- (c) attaching new conditions
- (d) reserving remaining specific matters for further assessment
- (e) specifying that the reserved matters must be completed by 31 October 2011 (which was achieved), and
- (f) specifying the period up until 31 October 2013 (subsequently extended) as the time within which substantial work must be commenced on site, failing which the Governor may cancel the authorisation.

8. On 23 December 2010 a Development Plan Amendment ('DPA') was authorised by the Minister which provides policy guidance for the residential, commercial and other uses of Buckland Park as expressed in the provisional development authorisation for the major development.

9. The proponent requested further modifications to satisfy the reserved matters related to employment of a Community Worker (d)(4) (letter dated 8 November 2010), provision of power through an electricity provider (d)(9) (letter dated 8 November 2010), negotiation with DECS/Virginia Primary School on the need for demountable class rooms (d)(11) (letter dated 10 November 2010) and liaison with the City of Playford in relation to provisions of library services (d)(6) (letter dated 2 December 2010). By notice in the *South Australian Government Gazette* on 10 March 2011, the Presiding Member of the Development Assessment Commission (under delegation) varied the provisional development authorisation by:

- (a) moving reserved matters (d)(4) and (d)(9) to conditions, and

- (b) removing reserved matters (d)(6) and (d)(11) entirely from the provisional development authorisation as they were assessed as having been satisfied.

10. The proponent requested further modifications on 28 February 2011 (as altered by a letter dated 11 July 2011) for an amended land division plan for Stage 1 (including a further 5 sub stages). The number of allotments was reduced from 614 to 609 (for the entire Precinct 1), with an increase in open space of 7.4 hectares. The road hierarchy and lot layout was also amended following discussions with the City of Playford and other agencies. A request to increase the number of display homes from 32 to 45 was also dated 11 March 2011 (approval for display homes was subsequently removed and is now under the authority of the council). By notice in the *South Australian Government Gazette* on 15 September 2011, the Presiding Member of the Development Assessment Commission (under delegation) varied the provisional development authorisation by:

- (a) moving the following from reserved matters to conditions:
- i) draft Residential Guidelines and Encumbrance [reserved matter (a) from Schedule 1] (letter dated 11 April 2011)
 - ii) provision of an Affordable Housing Plan, in relation to the land division for Stage 1 [reserved matter (b) from Schedule 1] (letter dated 15 April 2011)
 - iii) community bus timetabling and staffing (Playford Council) [reserved matter D3] (letter dated 1 June 2011)
 - iv) agreement for water services (SA Water) [reserved matter D6] (letter dated 8 November 2010)
 - v) agreement for gas services (APA) [reserved matter D7] (letter dated 21 June 2011)
 - vi) proponent to prepare a Recreation Facilities Strategy for Stage 1 in collaboration with the City of Playford's Buckland Park Project Control Group [reserved matter D4] (letter dated 6 July 2011), and
 - vii) final design drawings for the signalised intersection of Legoe Road with Port Wakefield Road to the satisfaction of Department for Transport, Energy and Infrastructure ('DTEI') [reserved matter D1] (letter from DTEI to proponent dated 29 June 2011).
- (b) removing the following reserved matter entirely from the provisional development authorisation as it was assessed as having been satisfied:
- i) a reconfigured land division plan to create a 40m buffer between the SA Potato grower's horticultural activity (on the southern side of Precinct 1 land division) and the outer boundary of the subdivision area [reserved matter (c)] (Amended Precinct 1 plan was submitted by proponent on 28 February 2011)
 - ii) attaching a new reserved matter requiring the proponent to prepare a concept design of the ultimate grade separated intersection with Legoe Road and Port Wakefield Road (D9), and
 - iii) granting an extension of time until 31 December 2011 (later satisfied) to satisfy the remaining reserved matters (D2, D5 and D8) (in response to a request by letter dated 5 August 2011).

11. By notice in the *South Australian Government Gazette* on 22 December 2011, the Presiding Member of the Development Assessment Commission (under delegation) varied the development authorisation (no longer a provisional development authorisation as all reserved matters were deemed to be satisfied or moved to conditions) by moving the following reserved matters to conditions:

- (a) reserved matter D(2) regarding emergency access and D(8) regarding the flood access plan for Port Wakefield Road (letter from proponent dated 15 November 2011 approved by the relevant authorities) were deemed to be satisfied and made conditions
- (b) reserved matter D(5) regarding maintenance schedules and handover and defects liability periods was deemed to be satisfied (letters received from the proponent and the City of Playford dated 16 August 2011) and made a condition (included in the landscape and engineering designs information)
- (c) reserved matter D(9) (letter from proponent dated 7 December 2011) regarding the grade separated intersection of Legoe Road and Port Wakefield Road was approved by Department for Transport, Energy and Infrastructure (minute of 8 December 2011 from Director, Road Transport Policy and Planning of Department for Transport, Energy and Infrastructure to Director, Planning and Assessment at DPLG) was deemed to be satisfied and made a condition, and
- (d) reserved matters (e), (f) and (g) regarding building rules assessment and display village design were removed as reserved matters and made conditions to provide consistency with other recent prior decisions under Section 48 of the Act.

12. In response to a request by the proponent (letters dated 15 December 2011 and 3 July 2012), by notice in the *South Australian Government Gazette* on 24 January 2013, I (under delegation) varied the development authorisation by:

- (a) removing the obligation to provide recycled water (purple pipes) to individual homes (letter dated 13 July 2012 Section 4 only, with attached letters from SA Water dated 14 May 2012 and email dated 7 November 2012 (specifying that the removal of the obligation shall be limited to individual homes only), a letter from the City of Playford dated 21 November 2012 and an email dated 26 November 2012), and
- (b) delaying the obligation to handover the substation site to ETSA Utilities (now known as SA Power Networks) from prior to electrification of Precinct 1 to December 2017 (letter dated 30 September 2015 from Walker Corporation).

13. In response to a request by the proponent, by notice in the *South Australian Government Gazette* on 23 December 2013, the Governor varied the development authorisation to:

- (a) provide a permanent pump station, temporary tanks for the storage of waste water for up to 350 allotments (in Precinct 1) and associated infrastructure to be located within the proposed 'Precinct 2C 5' of the Superlot area (letter and report dated 2 May 2013), and
- (b) provide an allotment for the proposed pump station and holding tanks within the proposed 'Precinct 2C 5' (application for land division (292/D079/12) dated 17 October 2012)—('the proposed amended major development').

14. In response to a request by the proponent by notice in the *South Australian Government Gazette* on 5 March 2015 for Precinct 1 Report dated August 2013 Revision B by Walker Corporation was varied amending:

- (a) land division and residential mix
- (b) neighbourhood centre location/design and timing (temporary to permanent)
- (c) display village location (subsequently removed from the decision notice), and
- (d) Primary School location.

15. The proponent also requested (and was granted) the removal of the need for separate (Development Assessment Commission) approval of the display village as the City of Playford has authority to make decisions on dwellings at Buckland Park and is able to make decisions about the display homes. The following would be removed from the existing decision notice:

- (a) paragraph 1(a) delete the wording ‘Display Village’
- (b) remove listed drawing titled ‘Precinct 1 Display Plan’
- (c) removal of conditions 47 and 48, and
- (d) amendment of Part B, note 1(a) to remove the reference to display village.

This was approved in the decision notice of 3 July 2014.

16. The proponent also requested (letter of 17 December 2014) further minor amendment of Precinct 1. The proposed changes were to its sequencing of stages. Some lots increased in size and some medium density lots were removed, resulting in a reduction of total lots from 556 to 525.

17. There have also been 2 minor road alignment changes.

18. Modified plans were also provided and have replaced 5 existing approved plans and were approved by the Presiding Member of the Development Assessment Commission on 5 March 2015.

19. The proponent submitted an Amendment to the Environmental Impact Statement in November 2014 with an associated report which was advertised for public comment on 11 March 2015 until 27 March 2015 for a period of three weeks. No public comments were received. The Amendment to the Environmental Impact Statement was also circulated to the City of Playford and to relevant Government agencies. An amendment to the Assessment Report has also been prepared for the Governor.

20. The Development Application and associated Land Division applications (which have been submitted via EDALA are for:

- iv) an amended Superlot Plan
- v) land division plan for Precinct 2 (including stages within it) (DA 292/D027/15)
- vi) land division for Precinct 2C (DA 292/D018/15)
- vii) notification of Road Closure for the northern (unmade) part of Buckland Road (18 December 2017), and
- viii) extension of time for ‘substantial completion’ of the intersection with Port Wakefield Road for two years from 31 October 2015 to 31 October 2017.

21. On 29 October 2015 a further one year extension of time was provided under delegation from the Presiding Member of the Development Assessment Commission for ‘substantial commencement’ of the development until 31 October 2016. This was further extended by the Minister for Planning until 31 October 2017, for ‘substantial commencement’ as previously requested by the proponent (letter 25 March 2015).

22. More than five years have elapsed since the Environmental Impact Statement was completed and put on public display. As required by Section 48 (4) of the Act, it has been reviewed to see if it should be amended under Section 47 and an amendment was found to be necessary. This amendment was put on public display for a period of three weeks in November 2014, no submissions were received. I am satisfied, for the purposes of Section 48B of the Act, that the proposed amended major development (and associated documents) is within the ambit of the Environmental Impact Statement and Assessment Report (or as amended) as originally prepared under Division 2 of Part 4 of the Act.

23. I am satisfied that an appropriate Environmental Impact Statement and Assessment Report that encompass the proposed amended major development have previously been prepared (in accordance with Section 46B, Division 2 of Part 4 of the Act) and the amended documents required under Section 47 and as required by Section 48 (3) (b) of the Act, and have had regard, when considering the proposed amended major development, to all relevant matters under Section 48 (5) of the Act.

24. I have decided to grant development authorisation to the proposed amended major development under Section 48 (7) (a) of the Act, subject to conditions as provided for in Section 48 (7) of the Act, as well as 48 (2) (b) (i).

25. For ease of reference, I have decided in this notice to number the documents incorporated in the entire major development authorisation (including Precinct 1, 2 and 2C) and have reproduced the development authorisation in its entirety herein with the conditions pertaining to this amended major development authorisation in bold and italics.

26. The new drawings are contained in the third table below.

Where Stage 1 has been referred to the amended reference Precinct 1 is also included.

New conditions or notes are attached.

‘Substantial Commencement’ must be undertaken by 31 October 2017.

Decision

PURSUANT to Section 48 of the Act, and having regard to the matters set out in Section 48 (5) and all other relevant matters, I:

- (a) grant a development authorisation to the proposed amended major development under Section 48 (7) (a) subject to the conditions set out in Part A below
- (b) specify all matters relating to this development authorisation as matters in respect of which conditions of this authorisation may be varied, revoked, or new conditions attached, and
- (c) specify for the purposes of Section 48 (11) (b) the period up until 31 October 2017 as the time within which substantial work must be commenced on site, failing which I may cancel this authorisation.

PART A: CONDITIONS OF DEVELOPMENT AUTHORISATION

1. Except where minor amendments may be required by other legislation, or conditions imposed herein, the major development shall be undertaken in strict accordance with the following documents:

- (a) Development Application from the proponent—dated May 2007 (except to the extent that it may be varied by a subsequent document in this paragraph)
- (b) Buckland Park Environmental Impact Statement and Appendices dated March 2009 the proponent (except to the extent that it may be varied by a subsequent document in this paragraph)

PRECINCT 1**NEIGHBOURHOOD CENTRE**

2. A Traffic Management Plan for the Neighbourhood Centre and Display Village shall be submitted to the City of Playford for approval prior to the issue of a Building Rules certification for its construction. The Plan should include:

- designs for vehicle circulation, manoeuvring and loading areas
- loading and unloading facilities for commercial vehicles which mitigate potential conflicts with other traffic and pedestrians, and which are located to mitigate visual impacts, and
- connections between the Neighbourhood Centres and associated facilities, considering the Playford Development Plan, the potential to share parking between various facilities, pedestrians and bike access, and availability of bus services.

3. The layout of parking areas for the Neighbourhood centre shall meet the Australian/New Zealand Standard 2890.1:2004, Parking Facilities—Off-street car parking and line markings and Australian Standard 2890.2-2002 Parking Facilities—off-street commercial vehicle facilities (including service areas).

4. Access and egress from the car parking areas of the Neighbourhood centre shall be designed in accordance with the Australian/New Zealand Standard 2890.1 2004, Parking Facilities, Part 1 off street car parking.

5. All car parking areas, driveways and vehicle manoeuvring areas for the neighbourhood centre shall be properly maintained at all times.

6. Any traffic control devices shall be designed and constructed in accordance with the main standard of the Manual of Uniform Traffic Control Devices—AS 1742.

7. Lighting shall be provided within the car parking area of the Neighbourhood Centre including the open space/park/playground and land division in accordance with: street lighting and lighting for outdoor car parks AS/NZS; lighting for roads and public spaces, in particular, lighting for outdoor car parks AS/NZS.

8. Access and egress from the car parking areas of the Neighbourhood centre shall be designed in accordance with the Australian/New Zealand Standards for Commercial vehicles 2890.2.

9. Detailed architectural and landscape plans for the Neighbourhood Centre and associated buildings shall be submitted to the City of Playford for approval prior to issue of a Building Rules certification for its construction. The plans shall include:

- an articulated and high quality architectural statement to Riverlea Boulevard
- community space
- the incorporation of building plant located on the roof into contained area that is not openly visible
- water play and playground details, and
- landscaped areas and pedestrian routes.

10. Proponent to commit to employment of a community worker after discussions with the City of Playford on the role and employment conditions of the worker.

ENGINEERING DESIGN

11. Stormwater Management Plan for stage 1(Precinct 1) be negotiated with City of Playford, the Environment Protection Authority (EPA) and the Department of Environment, Water and Natural Resources and to the satisfaction of the Development Assessment Commission (as delegate of the Minister).

12. Water-sensitive urban design measures and practices shall be adopted for the management of run-off, including stormwater capture and reuse.

13. Proponent to prepare water storage treatment and re-use system within Precinct 1 for Council approval.

14. Final detailed design of the lake shall be submitted to Council for approval.

15. A Management Agreement shall be entered into with the Council regarding the lake's construction, operation, maintenance and handover to Council. It shall include the following provisions:

- establishment of an on-going lake management working party comprising Council and proponent representatives
- dual connections to the lake to allow interaction between each water supply
- discharge of all stormwater runoff from the Neighbourhood Centre into the lake
- establishment of a water quality testing regime
- annual reporting of maintenance and management costs to the working party
- Walker will manage and maintain the lake for a period of 10 years
- at the commencement of management of Year 9, Proponent and Council will conduct a practical completion walk-over and Walker will provide Council with a dilapidation report which describes the asset wear of the lake. The parameters of the dilapidation report will be agreed by Council prior to its preparation

- at the completion of management Year 10, Walker and Council will conduct a final Completion walk over, and
 - at the time of handover to Council the lake must be supplied with water from a renewable source (WRSV or ASR system).
16. The proponent will prepare a revised landscape strategy for Precinct 1, which will:
- set desired character
 - set urban design objectives
 - set design themes and principles
 - nominate street tree themes
 - design pedestrian paths and cycle ways (including provision for bicycle parking)
 - include Management plans for landscape items, and
 - include the already agreed maintenance schedules, handover and defects liability periods provided in the Swanbury and Penglase Report of August 2011, Ref 10127, Rev E.
17. The Precinct 1 landscape strategy will be reviewed in conjunction with the City of Playford to ensure consistency with the amended Precinct 1 plans (subsequently completed).
18. A signalised intersection at the junction of Port Wakefield Road/Legoe Road must be provided by the proponent to the satisfaction of Department of Planning, Transport and Infrastructure and approved by the Development Assessment Commission on behalf of the Minister.
19. Detailed design of local roads to be constructed and commissioned in accordance with City of Playford specifications and to the City of Playford's approval.
20. Road Typologies for Precinct 1 shall be reviewed and collated within a separate road typology document for the approval of the City of Playford.
21. Any traffic control devices for residential areas shall be designed and constructed in accordance with the main standard of the Manual of Uniform Traffic Control Devices—AS 1742.
22. Engineering construction plans for roads, drainage and footpaths and intersections to the satisfaction of the City of Playford.
23. Any Traffic control devices for the commercial and industrial areas shall be designed and constructed in accordance with the main standard of the Manual of Uniform Traffic Control Devices—AS 1742.
24. Cut and fill batters required for road works shall be in accordance with the requirements of the Engineering Design Guidelines of the City of Playford.
25. Proponent to enter into an agreement with an electricity provider for the provision of required upgrades.
26. Final Design drawings for the signalised intersection of Legoe Road with Port Wakefield Road to the satisfaction of the Department of Planning, Transport and Infrastructure.
27. Proponent to enter into an agreement with a licensed water entity for all water and wastewater requirements for Stage 1 (Precinct 1) (where appropriate).
28. Detailed design of the lake feature in Precinct 1 is subject to agreement by the City of Playford.
29. The detailed design for the Neighbourhood Centre (including architectural elements, community space, open space areas, traffic movement and car parking) is subject to agreement by the City of Playford and the Development Assessment Commission.

WASTE WATER MANAGEMENT FACILITY FOR STAGE 1 (WWMF)

Noise

30. The plant building to be constructed of:
- (a) 200 mm block walls or 100 mm precast concrete walls.
 - (b) Metal deck roof (e.g. colour bond or equivalent).
31. No natural ventilation or un-attenuated louvers in the building enclosure Double Solid Core door with compression acoustic seals (a metal roller door is not recommended).
32. Ventilation system (air inlet and air outlet) with sound power level not exceeding 77dBA regarding 10-12W.
33. The generator to be located on the western side of the plant building (shielded from the eastern and south eastern residences) and housed in an acoustic attenuator so its total sound power is less than 85dBA. The location of the generator is critical and must be on the western side of the building.
34. Sewer pumps to be located within the plant building.

Road access

35. The temporary roadway is proposed to follow the Right of Way outlined in Land Division 292/D079/12 which aligns with the creation of a public road as identified within approved Stage 1 subdivision plans referenced in the this *Gazette* Notice.
36. Prior to construction, indicative design detail for the temporary roadway must be submitted to the Council for review. The design of the roadway should include:
- appropriate capture and disposal of stormwater runoff
 - appropriate signage is considered for the junction of the temporary roadway to Riverlea Boulevard
 - proposed maintenance requirements are outlined to ensure the integrity of the temporary roadway is monitored and replaced when necessary, and
 - a management plan for decommissioning the temporary roadway is prepared, so as to ensure that temporary road material is removed from site prior to construction of the final roadway.

37. Final design detail for the construction of the road way as a public road will be required to be submitted to Council prior to construction.

Management Plans

38. A Facility Management Plan must be prepared in conjunction with SA Water, the system operator and Walker Corporation prior to the Facility's commissioning.

Bunding of Storage Tanks

39. The wastewater storage tanks to be installed with a banded compound. This must be designed to meet the requirements of the Environment Protection Authority guideline Bunding and Spill Management (2007).

Odour Management

40. Prior to the operation of the WWMF, an odour monitoring plan for the operation of the pump station and storage tanks must be prepared to the reasonable satisfaction of the Environment Protection Authority and must be implemented as per the plan details.

41. Prior to the operation of the WWMF, a management plan for the operation of the bi-filtration bed fitted to the vacuum pump station must be prepared to the reasonable satisfaction of the Environment Protection Authority and must be implemented at all times during the operation of the pump station.

Future Uses

42. It is noted that the temporary storage tanks for the WWMF will be sited within a future residential area (both roadways and allotments). As such, upon decommissioning of the storage tanks a site contamination audit should be undertaken to ensure that this area is suitable for future residential development.

43. If development is delayed, adequate measures should be in place to ensure management and maintenance of the facility by the proponent.

LAND DIVISION FOR WWMF

44. While this allotment may be required to be created as part of the initial construction works for the site, if the required infrastructure is not installed, the proposed allotment should not be utilised for any future residential purposes.

45. SA Water Corporation advises that all internal piping that crosses the allotment boundaries must be severed or redirected at the developers/owners cost to ensure that the pipework relating to each allotment is contained within its boundaries.

RESIDENTIAL DEVELOPMENT

46. Residential Guidelines and an Encumbrance document incorporating all details as per the Response Document shall be provided for any Community titled and Torrens Titled allotments.

47. Proponent to review and implement the agreed (with Council) Recreation Facilities Strategy (May 2010) for Stage 1 (Precinct 1) as required.

PRIOR TO COMMENCEMENT OF CONSTRUCTION WORK

48. A Construction Environment Monitoring and Management Plan for Stage 1 is completed to the satisfaction of the Environment Protection Authority and the Development Assessment Commission on behalf of the Minister.

49. Operational Environment Monitoring and Management Plans for the Neighbourhood Centre are completed to the satisfaction of the Environment Protection Authority and the Development Assessment Commission on behalf of the Minister.

50. Compliance with the Building Rules in relation to the Neighbourhood Centre of the Major Development for Stage 1 (Precinct 1) prior to construction.

DURING CONSTRUCTION

51. Normal operating hours for construction activities and construction truck movements to and from the site shall be from 7 a.m. to 7 p.m. Monday to Saturday (inclusive).

52. Stockpiled soils shall be suitably managed to control dust emissions, erosion and weed infestation.

53. Undeveloped allotments shall be maintained in a neat and tidy condition, with soil surfaces stabilised to minimise erosion.

PRIOR TO REGISTRATION OF NEW ALLOTMENTS

54. The Proponent must:

- (a) enter into a legally binding agreement with the Minister for Housing or his delegate dedicating a portion of the total Stage 1 residential allotments to the provision of affordable housing such that 15 per cent of the total residential development will meet the 'affordable housing criteria' as determined by the Minister by notice in the *South Australian Government Gazette* on October 2009 as amended by further notice from time to time, and
- (b) provide a Plan, developed to the satisfaction of the Director, Affordable Housing and Asset Renewal SA, for Stage 1 of the development showing the proposed location of the 15 per cent of dwellings that will meet the affordable housing criteria.

55. The proponent shall provide 2 copies of certified surveyed plans for Stage 1, which satisfy compliance with Section 51 and the subsequent issue of Certificates of Title.

56. Landscaping and streetscaping of the common areas of the site shall commence prior to the issuing of the Certificates of Title for Stage 1 of the land division, and when established shall be maintained in good health and condition at all times. A plant shall be replaced if and when it dies or becomes seriously diseased. A weed control plan shall also be implemented.

57. That the acoustic barriers and fencing surrounding the open space and along any boulevards shall be treated with a suitable anti-graffiti coating to facilitate easy removal of graffiti.

58. The proponent to provide accurate projections of resident populations to allow Department of Health to plan for local and regional health services prior to the registration of the first residential allotment, and thereafter at 12 month intervals.

59. Final agreement between the City of Playford and the proponent for the provision, timetabling and staffing of the community bus to be provided by the proponent as per the Infrastructure Schedule in the supporting information provided by the proponent in November 2009 (updated in 2015).

DURING THE NEIGHBOURHOOD CENTRE'S OPERATION

60. All car parking areas, driveways and vehicle manoeuvring areas for the neighbourhood centre shall be properly maintained at all times.

61. Waste disposal vehicles and general delivery vehicles shall only service the Neighbourhood Centre development between the hours of 7 a.m. and 7 p.m. Monday to Saturday inclusive, and shall only load or unload within the confines of the subject land.

62. The waste and any general storage areas of the Neighbourhood Centre buildings and car parking areas shall be kept in a neat, tidy safe, healthy condition, contained and hidden from view at all times.

'Substantial Commencement'

Substantial Commencement will be deemed to be the completion of the road intersection works with Port Wakefield Road.

The development to which this development authorisation relates must be commenced by substantial work (the intersection with Port Wakefield Road) on the site of the development by 31 October 2017, failing which I may cancel the development authorisation.

PRECINCT 2 AND 2C

63. No allotments within Precinct 2 shall have Section 51 granted until such time as:

- (a) 50% of Precinct 1 (including Stage 2C) have been completed with Section 51 approval, and
- (b) commitments for a community space and worker, bus service and convenience shopping are fulfilled.

Engineering Design

64. A Stormwater Management Plan for Precinct 2 be negotiated with the Council, the Environment Protection Authority and Department of Environment, Water and Natural Resources, to the satisfaction of the Development Assessment Commission as delegate of the Minister prior to commencement of work on Precinct 2.

65. Water sensitive urban design measures and practices shall be adopted for the management of run-off, including stormwater capture and reuse.

66. The proponent to prepare water storage treatment and re-use system within Precinct 2 (public reserves and areas) for Council approval.

67. The Precinct 2 and 2C landscape strategy will follow the guidelines set out in the 'Riverlea Landscape Master Plan Report'. This report guides the establishment and ongoing management of the public realm landscapes and includes the following aspects:

- set desired character
- set urban design objectives
- set design themes and principles
- nominate street tree themes
- design pedestrian paths and cycle ways (including provision for bicycle parking)
- include management plans for landscape items, and
- include agreed maintenance schedules, handover and defects liability periods with the Council.

68. All public roads within the development will be local roads under the care and control of the Council.

69. Road typologies for Precinct 2 and 2C will be consolidated into the (by then) existing road typologies for Precinct 1, to the satisfaction of the Council.

70. Any traffic control devices for residential areas shall be designed and constructed in accordance with the main standard of the Manual of Uniform Traffic Control Devices—AS 1742.

71. Engineering construction plans for roads, drainage and footpaths and intersections shall be completed to the satisfaction of the Council.

72. Cut and fill batters required for road works shall be in accordance with the requirements of the Engineering and Design Guidelines for the Council.

73. Proponent to enter into an agreement with a licensed water entity for all water and wastewater requirements for Precinct 2 (Precinct 2C will initially be serviced via the approved WWMF for the first 350 allotments).

74. Detailed design for the open space areas is subject to agreement by the Council.

75. Subject to Section 34B of the Roads (Opening and Closing) Act 1991, Buckland Road between Legoe Road and the Gawler River will be closed on 19 December 2016 (as agreed with the Council) and the relevant plans will be lodged with the Surveyor General within 3 months of this closure.

Residential Development

76. Residential Guidelines and an Encumbrance document incorporating all details as per the (original) Response Document shall be provided for any Community Titled and Torrens Titled allotments.

77. Proponent to provide and implement an agreed Recreation Facilities Strategy in agreement with the Council as required.

Prior to Construction Work

78. A Construction Environment Monitoring and Management Plan for Precinct 2 and 2C must be completed to the satisfaction of the Environment Protection Authority and Development Assessment Commission on behalf of the Minister before construction commences (see notes for content of Construction Environment Management and Monitoring Plan).

79. An Operational Environment and Monitoring Management Plan including the following and considering the suggested inclusions in the 'Notes' section attached:

- a Mosquito Management Plan (in consultation with the Department of Health), and
- an approved Significant Environmental Benefit (SEB) plan are to be completed for Precincts 2 and 2C and to the satisfaction of Department of Environment, Water and Natural Resources and Development Assessment Commission.

During Construction

80. Normal operating hours for the construction activities and construction work movements to and from the site shall be from 7 a.m. to 7 p.m. Monday to Saturday inclusive.

81. Stockpiled soils shall be suitably managed to control dust emissions, erosion and weed infestation.

82. Undeveloped allotments shall be left in a neat and tidy condition, with soil surfaces stabilised to minimise erosion.

Prior to Registration of New Allotments

83. The Proponent must:

- (a) enter into a legally binding agreement with the Minister for Planning or his delegate dedicating a portion of the total Precinct 2 and 2C residential allotments to the provision of affordable housing such that 15% of the total residential development will meet the 'affordable housing criteria' as determined by the Minister by notice in the *South Australian Government Gazette* on October 2009 as amended by notice from time to time, and
- (b) provide a Plan developed to the satisfaction of the Director Affordable Housing and Asset Strategy within Renewal SA, for Precinct 2 and 2C showing the proposed location of the 15% of dwellings that will meet the affordable housing criteria.

84. The proponent must provide 2 copies of certified survey plans for Precinct 2 and 2C, which satisfy compliance with Section 51 and the subsequent issue of Certificates of Title.

85. Landscaping and streetscaping of the common areas of the site shall commence prior to issuing of the Certificates of Title for Precinct 2 and 2C and when established shall be maintained in good health and condition at all times. A plant shall be replaced if and when it dies or becomes seriously diseased. A weed control plan shall also be implemented.

86. That any fencing surrounding the open space and along any boulevards shall be treated with a suitable anti-graffiti coating to facilitate easy removal of graffiti.

87. Proponent to provide accurate projections of resident populations to the Department of Health to plan for local and regional health services at 12 month intervals.

'Substantial Commencement'

Substantial commencement will be deemed to be the completion of the road intersection works with Port Wakefield Road.

The development to which this development authorisation relates (Precinct 1 phase) must be commenced by substantial work (the intersection with Port Wakefield Road) on the site of the development by 31 October 2017, failing which the Governor may cancel the development authorisation.

PART B: NOTES TO PROPONENT

1. The following is advised to the proponent:

(a) Building Rules

The proponent must obtain a Building Rules assessment and certification from either the Council or a private certifier (at the proponent's option) and forward to the Minister all relevant certification documents as outlined in Regulation 64 of the Development Regulations 2008 in relation to the building works for the Neighbourhood Centre; and

Pursuant to Development Regulation 64, the proponent is especially advised that the Council or private certifier conducting a Building Rules assessment must:

- provide to the Minister for Planning a certification in the form set out in Schedule 12A of the Development Regulations 2008 in relation to the building works in question, and
- to the extent that may be relevant and appropriate:
 - i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12
 - ii) assign a classification of the buildings under these regulations, and
 - iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.

Regulation 64 of the Development Regulations 2008 provides further information about the type and quantity of all Building Rules certification documentation for major developments required for referral to the Minister for Planning. The City of Playford or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with the provisional development authorisation (including its Conditions and Notes).

(b) A Construction, Environmental Management and Monitoring Plan covering preconstruction and construction phases.

A Construction Environmental Management and Monitoring Plan (CEMMP) covering both pre-construction and construction phases shall be prepared in consultation with the Environment Protection Authority, before its submission to the Development Assessment Commission on behalf of the Minister. The CEMMP shall include the following:

- reference to, and methods of adherence to, all relevant Environment Protection Authority policies and codes of practice for construction sites, including the inclusion of a copy of Schedule 1 of the Environment Protection Act 1993 as an Appendix to the Construction Environmental Management and Monitoring Plan to ensure contractors are aware of Environment Protection Authority requirements
- address management issues during construction and including a site audit (or as required by Environment Protection Authority)
- timing, staging and methodology of the construction process and working hours (refer also to conditions outlining working hours)
- a risk assessment relating to the potential impacts of construction activities
- traffic management strategies during construction, including transport beyond the development site
- management of infrastructure services during construction
- control and management of construction noise, vibration, dust and mud
- stormwater and groundwater management during construction
- control and management of any floodwater risk across the site
- identification and management of contaminated soils and groundwater, should these be encountered
- site security, fencing and safety and management of impacts on local amenity for residents, traffic and pedestrians
- disposal of construction waste, any hazardous waste and refuse in an appropriate manner according to the nature of the waste
- protection and cleaning of roads and pathways as appropriate, and
- overall site cleanup.

The Construction Environmental Management and Monitoring Plan should be prepared taking into consideration, and with explicit reference to, relevant Environment Protection Authority policies and guideline documents, including the Environment Protection (Noise) Policy 2007.

(c) **Operational Environment Management Plan**

The Operational Environment Management Plan would need to be prepared the commercial components, to the reasonable satisfaction of the Environment Protection Authority, the Department of Environment, Water and Natural Resources and the Council, prior to construction commencing, for approval by the Development Assessment Commission on behalf of the Minister.

2. The proponent is advised that noise emissions from the Neighbourhood centre and residential (display village) development will be subject to the Environment Protection (Noise) Policy 2007 and the Environment Protection Act 1993.

3. If the development is not substantially commenced by 31 October 2017, the Governor may cancel this development authorisation.

4. The proponent is advised of the General Environmental Duty under Section 25 of the Environment Protection Act 1993, which provides that a person must not undertake any activity, which pollutes, or may pollute, without taking all reasonable and practical measures to prevent or minimise harm to the environment.

5. The proponent is advised of the requirement to comply with the Environment Protection Authority's 'Stormwater Pollution Prevention Code of Practice for the Building and Construction Industry' during demolition and construction of the development.

6. The proponent is advised that the Development Act 1993 outlines the roles and responsibilities of the applicant and the Council for matters relating to building works during and after construction of the neighbourhood centre and associated works.

7. Partial closure of Legoe Road under Part 7A (Section 34C (2) (a) (ii)) of the Roads (Opening and Closing) Act 1991 as described in drawing number 1900PO2—r5 Issue 5—Sheets 1-4 to take effect on a day to be fixed by subsequent order of the Governor or Minister published in the *Gazette*, once surveyed Land Division plans have been submitted and alternate physical access is provided to all affected allotments.

8. Section 51 of the Development Act 1993 will apply to the land division in that the proponent will need to satisfy the requirements of this Section in order to implement this land division, including completion of the signalised intersection at the junction of Port Wakefield Road/Legoe Road.

9. This approval does not include any approval for dwellings as it is not part of this application.

10. This approval does not include any approval for signs (as defined as 'Development' under the Development Act 1993) as it is not part of this application.

11. The provisions of the Food Act 2001, and associated food regulations apply

12. Any Sanitation units installed in the Neighbourhood Centre will be installed as per the requirements of the Public and Environmental Health Act 1987.

13. That provision shall be made for secure storage of shopping trolleys within the neighbourhood complex at night to the reasonable satisfaction of the City of Playford.

14. In addition to the Building Code of Australia, the proponent must comply with the Commonwealth Disability Discrimination Act 1992, in planning access for the disabled.

15. The main standard for traffic control devices is the Manual of Uniform Traffic Control Devices—AS 1742. There are many standards under AS 1742 covering the various traffic control devices that may need to be referred to.

16. As per Schedule 8, Item 23, Development Regulations 2008, and the Affordable Housing Act 2007 for the proposal to include 15 per cent affordable housing.

17. The proponent should note that they and their contractors must comply with the requirements of the Aboriginal Heritage Act 1988.

18. The proponent should note that they and their contractors must comply with the Adelaide Dolphin Sanctuary Act 2005 and the general duty of care under that Act.

19. Proponent to undertake vegetation surveys and to complete a Significant Environmental Benefit (SEB) with attached Vegetation Management Plans to the satisfaction of the Department of Environment, Water and Natural Resources for Stages 2-5 where native vegetation exists on the site (there is no native vegetation in Stage 1).

20. Approval for further Road closures under the Roads (Opening and Closing Act) 1991, will be required in future stages of the development and will proceed through the normal (Council) process in relation to this matter.

20A. The proponent must take all reasonable and practicable measures to prevent odour impacts at sensitive receivers (in the form of environmental nuisance) from all odour sources including the pump stations, storage tanks and the effluent transfer and transport.

20B. The management plan for the biofiltration bed associated with the WWMF should include how aspects of the biofiltration such as moisture control, microbial efficiency, condition and maintenance will be monitored and managed.

21. The Minister has a specific power to require testing, monitoring and auditing under Section 48C of the Act.

Given under my hand at Adelaide, 16 February 2017.

HIEU VAN LE, Governor

DEVELOPMENT ACT 1993: SECTION

48 *Delegation of Power by the Governor**Preamble*

1. I have granted a development authorisation pursuant to Section 48 of the Development Act 1993, for the development of Precinct 2 and 2C of the Buckland Park Residential Development (Riverlea) proposal by Walker Corporation Pty Ltd, which authorisation is published in the *South Australian Government Gazette* of 16 February 2017.

2. I wish to delegate certain powers under Section 48 to the Minister for Planning.

Delegation

PURSUANT to Section 48 (8) of the Development Act 1993 and with the advice and consent of the Executive Council, I delegate to the Minister for Planning:

- (a) my power under Section 48 (7a) to vary the development authorisation granted for Precinct 2 and 2C of the Buckland Park Residential Development (Riverlea) under Section 48
- (b) in relation to the said development authorisation, or any variation thereof, my power to vary or revoke conditions, or to attach new conditions, under Section 48 (7) (b), and
- (c) my power to cancel the development authorisation under Section 48 (11) or in accordance with the terms of any of the conditions of the authorisation providing a right to cancel the authorisation.

Given under my hand at Adelaide, 16 February 2017.

HIEU VAN LE, Governor

FISHERIES MANAGEMENT ACT 2007: SECTION 115

TAKE notice that pursuant to Section 115 of the Fisheries Management Act 2007, the holders of a Spencer Gulf Prawn Fishery licence issued pursuant to the Fisheries Management (Prawn Fisheries) Regulations 2006 listed in Schedule 1 or their registered masters (the 'exemption holder'), are exempt from notices made under Section 79 of the Fisheries Management Act 2007 prohibiting prawn fishing activities pursuant to a Spencer Gulf Prawn Fishery licence, insofar as the exemption holder shall not be guilty of an offence when using prawn trawl nets pursuant to their fishery licence for the purpose of undertaking prawn surveys (the 'exempted activity'), subject to the conditions contained in Schedule 2.

Registrar means the Registrar of Motor Vehicles;

Regulations means the Motor Vehicles Regulations 2010.

4—Recognition of motor vehicle clubs

The motor vehicle clubs specified in Schedule 1 are, subject to the conditions set out in clause 5, recognised for the purposes of regulation 16 of the Regulations.

5—Conditions of recognition

A motor vehicle club specified in Schedule 1 must comply with the following conditions:

- (a) the club must maintain a constitution approved by the Registrar;

- (b) the club must nominate and have members authorised by the Registrar (*authorised persons*) to approve motor vehicles for registration under the Scheme; to inspect members' vehicles; and to issue prescribed log books to club members for each of their vehicles to record vehicle use;
- (c) the club must obtain from each member before the end of each year a statutory declaration made by the member verifying the eligibility of their motor vehicle to be registered under section 25 of the Act for the Scheme and detailing any modifications made to the vehicle during that year;
- (d) the club's authorised persons must undertake inspections of members' motor vehicles and ensure that the vehicles are eligible, in keeping with the requirements in regulations 15 and 16 of the Regulations and the criteria set out in the Code of Practice, to be registered under section 25 of the Act—
 - (i) on entry to the Conditional Registration Scheme;
 - (ii) when requested to do so by the Registrar;
 - (iii) when members' annual statutory declarations disclose that their vehicles have been modified since the entry inspection and/or previous inspection;
 - (iv) periodically at least once every 3 years;
- (e) the club's authorised persons must validate a member's log book annually and must not do so unless a member's statutory declaration has been received for the purposes of paragraph (c) and the relevant vehicle inspection requirements of paragraph (d) have been met;
- (f) the club must cancel a member's log book when a member resigns, must record all approved variations to a vehicle's condition in a member's log book for that vehicle, must ensure that a statutory declaration is provided when a member's log book is lost or destroyed and must forward copies of log book return sheets to the Federation annually;
- (g) the club must create and maintain records detailing all its financial members, its authorised persons, all members' motor vehicles for which a MR334 form has been issued, all motor vehicle inspections undertaken for the purposes of paragraph (d), all statutory declarations received and log books issued;
- (h) the club must keep records for a period of 5 years from the date of the document and these records include all duplicate MR334 forms, all records of motor vehicle inspections undertaken in accordance with paragraph (d), all statutory declarations provided by members for the purposes of paragraphs (c) and (f), all log books issued by reference to their serial number, the member's name and the vehicle for which it was issued, all copy exemption documents issued to members for their motor vehicles in accordance with section 163AA of the *Road Traffic Act 1961* and to make all such records available for inspection or provide copies of the records at the request of the Registrar for audit purposes;
- (i) the club must ensure, as far as practicable, that all members comply with the Code of Practice and all members' motor vehicles continue to meet the eligibility requirements set out in the Regulations and Code of Practice;

- (j) the club, as far as practicable, must report to the Registrar or the Federation details of members and motor vehicles not complying with the conditions and criteria set out in the Code of Practice for the Scheme;
- (k) the club must provide to the Registrar, within 2 months after the end of the club's financial year, an annual report detailing members from that financial year with vehicles registered under the Scheme who are no longer financial members of the club;
- (l) the club must notify the Registrar within 14 days on official club letterhead of resolution to cease operation as a club and must provide the club records specified in paragraph (h) to the Registrar within 7 days of its dissolution.

Note—

Under regulation 16(3)(c) of the *Motor Vehicles Regulations 2010*, the Registrar may, by notice in the Gazette, withdraw the recognition of a motor vehicle club if satisfied that the club has contravened or failed to comply with a condition applying to its recognition by the Registrar, or if there is other good cause to withdraw the recognition.

Training Contract

This contract forms a legally binding agreement between an employer and employee for the training of Apprentices and Trainees leading to a nationally recognised qualification. In signing this contract the parties are bound by the obligations detailed below and the legislation of the State or Territory in which this training contract is to be registered.

Training Contract Declaration

We, the employer, apprentice/trainee and parent or guardian (where applicable) have read and understood the **Training Contract Obligations** outlined below.

We declare that to the best of our knowledge the details entered on this Training Contract are true and correct. We understand that the giving of false or misleading information is a serious offence.

We understand that the information provided in this Training Contract:

- is collected for the purposes of registration, preparing statistics, reporting, program administration, monitoring and evaluation, calculating incentives and allowances paid to employers and apprentices/trainees and preventing dual payments;
- may be disclosed to and used for these purposes by the Australian Government, including the Department of Education and Training and Centrelink, State/Territory government departments, authorities and agencies, employers, our Apprenticeship Network Provider, Registered Training Organisation (RTO), non-government education authorities and the contractors or agents of any of these organisations, departments, authorities and agencies;
- may also be exchanged between the Department of Education and Training and Centrelink (for Youth Allowance, Austudy and ABSTUDY administration) to provide confirmation that the apprentice/trainee who signed this declaration is an Australian Apprentice; and
- may otherwise be disclosed without consent where authorised or required by law.

We understand that the eligibility, availability, and payment of Australian Government Australian Apprenticeships Incentives may change during the period of this Training Contract.

We understand that this Apprenticeship/Traineeship Contract is legally binding in accordance with the **Training Contract Obligations** set out below and the legislation of the State or Territory in which this Training Contract is to be registered.

We understand that this Training Contract can only be terminated within the period of the probation and/or, in accordance with the requirements of the relevant State/Territory legislation, and that the probation periods are determined by the responsible State/Territory government department, authority or agency or relevant industrial award/agreement for this qualification and vocation.

We undertake to negotiate and sign a Training Plan with the chosen RTO as required by the relevant State/Territory government department, authority or agency.

Information on Australian Government Australian Apprenticeships Incentives

Australian Apprenticeships encompass all apprenticeships and traineeships. They combine time at work with training and can be full-time, part-time or school-based. Australian Apprenticeships are a stepping stone to ongoing employment or further education and training, and a great way to get a head start to a career.

The Australian Apprenticeships Incentives Programme encourages employers to offer the kinds of employment-related training opportunities that will encourage people to acquire and expand their working skills.

The criteria and funding of Australian Government Australian Apprenticeships Incentives payments may change during the term of this Training Contract in line with Government priorities. These changes will be notified by your Apprenticeship Network Provider.

For further details about the incentives listed here, including application forms and advice about whether you may be eligible, contact your Apprenticeship Network Provider.

Eligibility for Australian Government Incentives - Information for Employers

This Training Contract has been designed to assess your eligibility for Australian Government Australian Apprenticeships Incentives. These Incentives can include Commencement, Recommencement, Completion and other special incentives.

Eligibility is assessed on a number of criteria, including but not limited to:

- the date the Australian Apprentice commences or recommences with an employer;
- the employment status of the Australian Apprentice at the date the incentive falls due;
- the location of the workplace;
- the nationally recognised training program is in place;
- the type of employment relationship; and
- the formal approval by the relevant State/Territory government department, authority or agency.

If you are eligible for Australian Government Incentives, you will need to complete a separate Claim Form available from your Apprenticeship

Network Provider in order to be paid. This Claim Form should be lodged following:

- approval of the Training Contract;
- after the apprentice/trainee has commenced training according to the approved Training Plan; and
- after the Australian Government waiting period has expired, any State/Territory probation period has been completed and if the apprentice/trainee is still employed by your business.

Other Australian Government Assistance

Assistance for Apprentices/Trainees with Disability

The Australian Government may provide assistance to employers of apprentices/trainees with a disability, including Disabled Australian Apprentice Wage Support payments, Tutorial Assistance and Mentor/Interpreter Assistance. Workplace modifications may be available for disabled apprentices and trainees. If applying for assistance you will need to complete an Application Form and an Occupational Assessment Form.

Living Away From Home Allowance

Apprentices/trainees may be eligible for a Living Away from Home Allowance for the first 36 months of an Apprenticeship/Traineeship, if they had to move away from their parents'/guardians' home to commence or remain in the Apprenticeship/Traineeship, or if they are homeless.

Information You Need to Know

National Code of Good Practice for Australian Apprenticeships

This code explains the rights and responsibilities of the people who sign this contract. Free copies of the code are available from your Apprenticeship Network Provider.

Making choices

a. Choosing a Registered Training Organisation (RTO)

The employer and the apprentice/trainee must select an RTO to provide training from a list available from your Apprenticeship Network Provider or the relevant State/Territory government department, authority or agency. The apprentice/trainee must be enrolled with the selected RTO. Contact your Apprenticeship Network Provider or relevant State/Territory government department, authority or agency for the list. (See the **Contacts for Further Information and Assistance** section of this document for contacts).

The employer and apprentice/trainee have a right to:

- ask RTOs for accurate and timely information about training options they can offer you
- identify and select the training outcomes from nationally endorsed Training Packages or accredited courses that are available in your State/Territory
- negotiate a Training Plan with the RTO according to the relevant State/Territory government department, authority or agency.

b. Training Plans

A Training Plan sets out the training that an apprentice/trainee will do both on-the-job and off-the-job. It also sets out how the RTO will ensure the apprentice/trainee will receive quality training - both on-the-job and off-the-job.

It's important that the employer and the apprentice/trainee know how the Plan will work and are well-informed about it.

Training Plans reflect the choices made in relation to:

- what training is to be undertaken and who provides the training
- when, where and how training is provided
- how assessments will occur and when the apprentice/trainee is deemed competent

Qualifications and records

Once the apprentice/trainee successfully completes all assessment requirements of the Training Plan, the RTO must issue the qualification specified in the Plan. If the apprentice/trainee only completes some of the units of competency, the RTO must issue a Statement of Attainment. The RTO will keep the relevant records.

Allowances and Incentives

A range of Australian Government and State/ Territory incentives and subsidies may be available from time to time. For more information, see the Information on Australian Government Australian Apprenticeships Incentives section of this document.

State/Territory government allowances may also be available where the apprentice/trainee has to travel away from home to attend training. Check with your Apprenticeship Network Provider in your region.

Existing workers who become apprentices/trainees may not attract Australian Government or State/Territory subsidies and incentives.

Information to Help Complete the Training Contract

The following questions are optional

- Are you of Aboriginal or Torres Strait Islander origin?
- In which country were you born?
- Do you speak a language other than English at home?
- Do you consider yourself to have a disability, impairment or long term condition?
- Have you successfully completed any qualifications?

Title, Level and Code of Qualification is recorded at the following questions

- Have you successfully completed any qualifications?
- Have you previously worked as an apprentice or trainee?
- Is the apprentice/trainee currently undertaking any other study?
- Qualification of the apprenticeship/traineeship

Apprentices/trainees who successfully complete their training receive a nationally recognised qualification. Qualification titles and levels are laid out in the relevant nationally endorsed industry Training Package or accredited training course. Titles and levels are also on the Australian Qualifications Framework certificates issued by RTOs. Qualification codes are available from the National Register, training.gov.au (www.training.gov.au). Your Apprenticeship Network Provider or RTO can also provide this information.

Question - Type of Apprenticeship/Traineeship - NSW only

NSW training legislation provides for 'trainee apprenticeships'. Trainee apprentices do not undergo a probationary period and are mainly established in the building and construction industry. They may work for various employers in the same industry at different times. The employer or employee can terminate trainee apprenticeships on the period of notice specified in the relevant award. Trainee apprentices complete the same on-the-job and off-the-job training as other apprentices and, at the conclusion of the trainee apprenticeship, they receive the same qualifications and certification.

Question - Is the apprentice/trainee an existing worker?

An existing worker is defined as a person who has been employed by the applicant employer continuously for more than 3 months full-time or 12 months casual or part-time or a combination of both, immediately prior to the commencement date of the Training Contract.

State/Territory/Australian Government incentives may not apply to existing worker arrangements. You should contact your nominated Apprenticeship Network Provider for advice in relation to eligibility for any incentives.

Question - Citizenship: New Zealand Passport Holders

Australian Government incentives are only available to New Zealand passport holders if the applicant has been resident in Australia for 6 months or more. However, a Training Contract with the New Zealand passport holder could still be registered. Contact your Apprenticeship Network Provider or State/Territory government department, authority or agency for more information.

Question - Is this an approved Australian School-based Apprenticeship?

Australian Apprenticeship training undertaken by a student will be an Australian School-based Apprenticeship when all of the following apply:

- the student is enrolled in a senior secondary certificate under the relevant Education Act
- the school or education provider at which the student is enrolled acknowledges and endorses the Training Plan/Outline required by the Apprenticeship/Traineeship Training Contract
- the Australian School-based Apprenticeship is recognised on the senior secondary certificate.

(Note: The term Australian Apprenticeships relates to apprenticeships and traineeships)

Question - Are you seeking credit to reduce the term of the Training Contract?

An apprentice/trainee may gain "credit" for relevant prior learning or experience. This prior learning or experience must be formally recognised and may mean the duration of the Training Contract can be changed. Credit may also affect industrial relations arrangements and incentive payments. For more information contact your Apprenticeship Network Provider or RTO.

Your RTO should discuss the issue of credit for prior learning with you during the negotiation of the Training Plan associated with this contract of training.

Question - Legal Name of Employer

The employer must provide the name of the employer's legal entity. This will be a person's name, a company name, or the name of an incorporated association, NOT a trading name, business name, or name of a trust.

Question - Type of Employer

A group training organisation employs apprentices/trainees and places them with host employers. The host employer and the company providing the group training services must be separate legal entities.

Question - Full-time/Part-time

Apprenticeships/traineeships may be undertaken full-time or part-time. A full-time apprentice/trainee is one whose ordinary hours of employment, including the training component, are not less than the usual hours of employment for a full-time employee in that occupation. Part-time provisions vary across Australia and across occupations. Averaging of hours may be possible in some jurisdictions. Please check with your State/Territory government department, authority or agency or your Apprenticeship Network Provider. Ticking either the full-time or part-time boxes confirms the apprentice/trainee is not working under casual or sub-contracting arrangements whilst undertaking the apprenticeship/traineeship. See the **Contacts for Further Information and Assistance** section for further contact details.

Question - Is the apprentice/trainee in a business relationship with this employer?

A business relationship includes a pre-existing or current business relationship between the employer and the apprentice/trainee; for example, when the apprentice/trainee is a partner, a director of the company, a previous director or partner or involved in franchise arrangements.

CITY OF ONKAPARINGA

ROADS (OPENING AND CLOSING) ACT 1991

Road Process Order

THE City of Onkaparinga proposes to make a Road Process Order in accordance with Section 10 of the Roads (Opening and Closing) Act 1991, to open a portion of road in the Hundred of Willunga, in the area named Seaford Heights, being a portion of Piece 91 in Filed Plan 196645 situate in and adjoining the north-western portion of said Piece 91 and numbered '1' on Preliminary Plan 17/0009.

And to close the following roads: in the Hundred of Willunga, two strips of public road in the areas named Seaford Heights and McLaren Vale firstly generally situate dividing Piece 91 in Filed Plan 196645 from Piece 92 in Filed Plan 196645 and Allotment 1 in Filed Plan 5952 and secondly situate dividing Allotment 1 in Filed Plan 5952 from Allotment 34 in Filed Plan 153420 and Allotment 35 in Filed Plan 153421 and marked 'A' and 'B' on Preliminary Plan 17/0009.

It is proposed that the pieces of road to be closed marked 'A' and 'B' be exchanged for the piece numbered '1' and transferred to Southern Region Waste Resource Authority and piece 'A' merged with said Pieces 91 and 92 in Filed Plan 196645 and piece 'B' merged with said Allotment 1 in Filed Plan 5952.

A preliminary plan of the proposal and a statement are available for public inspection at the Onkaparinga Council office, Ramsay Place, Noarlunga Centre, between the hours of 9 a.m. and 5 p.m. Monday to Friday or at the Adelaide office of the Surveyor-General during normal office hours.

Any person may object to the proposal (and any adjoining landowner or other person substantially affected by the proposed road closure may apply for an easement relative to the closure). Such objection (or application for an easement) must be made in writing to the City of Onkaparinga within 28 days of the date of this notice. If a submission is made, the City of Onkaparinga is required to give notice of the time and place at which a meeting will be held to consider the matter, so that the person making the submission (or a representative) may attend to support the submission, if desired. Any submission must set out the full name and address of the person making the submission and must be fully supported by reasons (and any application for the grant of an easement must give full particulars of the nature and location of the easement and where made by a person as the owner of adjoining or nearby land, specify the land to which the easement is to be annexed). A copy of the submission must be forwarded to the Surveyor-General at Adelaide.
