Prior to the Commencement of Construction Works

The following information shall be submitted for further assessment and approval by the Minister for Planning, prior to the commencement of construction works at each individual stage:

1. Building Rules compliance, following assessment and certification by a private certifier, the Kangaroo Island Council or by a person determined by the Minister for Planning, as complying with the provisions of the Building Rules (or the Building Rules as modified according to criteria prescribed by the Development Regulations 2008). For the purposes of this condition 'building work' does not include plant and equipment or temporary buildings that are not permanently attached to the land (refer to relevant Advisory Notes below).
2. Final detailed plans for all structures on site and of each component of the development (including site plans, floor plans, elevations, cross-sections, rendered perspectives and other relevant specifications) and car parking configuration.
