#### *Student Enrolment Numbers*

Due to the transition of Year 7 to High School there will be an intake of Year 7 and Year 8 students in 2022. From 2023 onwards Year 7 will be the only intake year level.

#### **Year 7**

The student enrolment ceiling for Year 7 is limited to **375**, unless there are more applications that have met the enrolment criteria below.

#### **Year 8**

The student enrolment ceiling for Year 8 in 2022 is limited to **375**, unless there are more applications that have met the enrolment criteria below.

#### *Enrolment Criteria – By Year Level*

#### **YEAR LEVEL: 7 (and 8 in 2022)**

Applications for enrolment from parents of prospective Year 7 (and Year 8 in 2022) students require that the student must be enrolled in a government or non-government school in South Australia at the time the parents apply for enrolment through the state-wide registration of interest process (coordinated by the Department for Education).

The applicant must meet one of the following requirements to be eligible for a Year 7 (and Year 8 in 2022) allocation through the registration of interest process for the coming school year:

- the child is living in the Glenunga International High School zone
- the child has received and accepted an offer for selective entry by the school to participate in their special interest IGNITE program
- the child identifies as Aboriginal and/or Torres Strait Islander through the Enter for Success program (by the end of term 4)
- the child has been granted enrolment due to special or extenuating circumstances, including but not limited to a child in care where there is a custody or guardianship order made under the *Children and Young People (Safety) Act 2017*.

#### **Application for Year 7 (and Year 8 in 2022) from students living outside the zone with siblings currently at the school**

There is no automatic entry to the school for Year 7 (and Year 8 in 2022) students who live outside the school's zone and have older siblings who currently attend the school.

**Late applications for Year 7 (and Year 8 in 2022) from students living in the school zone**

Families who move into the school zone, or who are already living in the school zone but lodge their application for enrolment after the department's registration of interest process is completed (end of term 2), will have their applications considered if or when vacancies exist, with priority consideration afforded to those applicants already on the school's enrolment register.

In these cases, applications will be considered based on siblings at the school, the distance of the child's residence from the school and any other personal needs, such as curriculum (excluding special interest programs), transportation/location convenience, and social/family links.

The school will notify parents by the beginning of week 1, term 4 if a vacancy is available for their child to attend the following school year.

If no vacancies exist, the applicants will be placed on the enrolment register and referred for enrolment to other neighbouring schools.

**YEAR LEVEL: 8 - 12 (9 - 12 in 2022)****Application for Year 8 to 12 (9 to 12 in 2022) from students living in the school zone**

Applications for enrolment from parents of prospective students living in the school zone will be considered if or when vacancies exist, with priority consideration afforded to those applicants already on the enrolment register.

In these cases, applications will be considered based on siblings at the school, the distance of the child's residence from the school and any other personal needs, such as curriculum, transportation/location convenience, and social/family links.

The school will notify parents by the beginning of week 1, term 4 if a vacancy is available for their child to attend the following school year.

REMUNERATION TRIBUNAL

REPORT NO. 5 OF 2020

*2020 Review of Electorate Allowances for Members of the Parliament of South Australia*

**INTRODUCTION AND BACKGROUND**

1. Section 14 of the *Remuneration Act 1990* (“the Act”) provides that the Remuneration Tribunal (“the Tribunal”) has jurisdiction to determine the remuneration, or a specified part of the remuneration, payable in respect of certain offices, if such jurisdiction is conferred upon the Tribunal by any other Act or by the Governor by proclamation.
2. Section 3A(2) of the *Parliamentary Remuneration Act 1990* (“the PR Act”) confers jurisdiction on the Remuneration Tribunal to make a determination or perform any other function required by the PR Act.
3. Section 4(1)(c) of the PR Act provides that electorate allowances form part of the remuneration of members of Parliament.
4. Section 4(2)(a) of the PR Act provides that the Tribunal must, in determining electorate allowances and other remuneration for members of Parliament, have regard not only to their parliamentary duties, but also to:
  - 4.1. Their duty to be actively involved in community affairs; and
  - 4.2. Their duty to represent and assist their constituents in dealings with governmental and other public agencies and authorities.
5. In 2019, the Tribunal conducted its annual review of electorate allowances for members of Parliament, resulting in a 1.3% increase being applied to the levels of those allowances.

**PROCEDURAL HISTORY**

6. Section 10(2) of the Act requires that before the making of a Determination affecting the remuneration of a particular person, or persons of a particular class, the Tribunal must allow that person, or persons of that class, a reasonable opportunity to make submissions.
7. Section 10(4) of the Act provides that the Honourable Premier of South Australia (“the Premier”), as the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
8. The Tribunal wrote to the Premier, as the Minister responsible for the Act, and the Members of Parliament on 22 June 2020, notifying of the Tribunal’s intention to conduct its annual review of Determinations for Members of Parliament. The Tribunal invited written submissions with a closing date of 23 July 2020.
9. Additionally, on 22 June 2020, a notice of the review was placed on the Tribunal’s public website.

**SUBMISSIONS**

10. No submissions were received by the Tribunal in relation to the review to which this Report relates.

**NATURE AND PURPOSE OF ELECTORATE ALLOWANCE**

11. At the time of this review, paragraph 2 of the Tribunal's Determination<sup>1</sup> in relation to electorate allowances contains the following text in relation to the purpose of the Electorate Allowance:
- "There shall be payable to a member of Parliament, in respect of the expenses associated with discharging duties in the electoral district the member represents, an electorate allowance at the following annual rate."*
12. The Tribunal notes that the type of remuneration determined within the Tribunal's Electorate Allowance Determination is not *salary* but rather an *allowance*. The Tribunal considers that the payment of an electorate allowance is distinct from *salary* in that the allowance is provided for the purpose of meeting expenses in relation to a Member's parliamentary, electoral or community duties. The allowance is payable regardless of the actual amounts of such expenses incurred. Definitions of parliamentary, electoral or community duties have been included within the Tribunal's Determination.
13. In the course of this review, the Tribunal has considered whether party political duties are an appropriate and reasonable use of the electorate allowance payable to Members of Parliament. The Tribunal is of the view that the electorate allowance is not provided for party political purposes and that the electorate allowance should be directed at benefits in relation to a Member's electorate. The Tribunal has included provisions to that effect within its accompanying Determination.
14. The Tribunal has made the observation that Electorate Allowance forms part of a Member of Parliament's remuneration and Members in receipt of Electorate Allowance may receive a tax deduction against that allowance for permissible expenses subject to the applicable Australian Taxation Office Tax Ruling<sup>2</sup> for Members of Parliament ("the ATO ruling"). That said, however, taxation arrangements are strictly a matter between the Member and the ATO and the Tribunal has no official mandate in relation to taxation.
15. The Tribunal notes that the terms of its Determination for Electorate Allowance provide Members of Parliament with flexibility and discretion in relation to the nature and types of parliamentary, electoral or community expenses that may be met by the allowance. Allocation of such expenses against the Electorate Allowance is therefore a matter for each Member, according to the unique circumstances of their individual electorates, which differ greatly according to a varying range of factors.
16. The Tribunal is aware that, due to a range of circumstances, some Members of Parliament may in practice not expend all of the annual amount of Electorate Allowance provided in any given year, whilst such expenditure of other Members may exceed the amount of Electorate Allowance provided any given year. This is comparable with Electorate Allowance arrangements in other jurisdictions throughout Australia, which presumably contemplate the differing circumstances of each electorate, and the differing levels of parliamentary, electoral or community expenditure required from year to year depending on the needs of the electorate. Whilst the Tribunal considers this flexibility and discretion to be appropriate, Members must have due regard for the purpose of the allowance within the Tribunal's accompanying Determination.

<sup>2</sup> TR/1999/10 – Income tax and fridge benefits tax: Members of Parliament – allowances, reimbursements, donations and gifts, benefits, deductions and recoupment

**ECONOMIC DATA**

17. In considering the appropriate levels of Electorate Allowance, the Tribunal has given due regard to a range of economic data, which are set out below.

**ABS Consumer Price Index**

18. The latest Consumer Price Index ("CPI") data for the year ending June 2020 reflects -1.0% (annualised decrease) in the all groups Adelaide index.

**ABS Wage Price Index**

19. The latest Wage Price Index ("WPI") data the year ending June 2020 reflects an increase of 2.2% (annualised increase) for the Public Sector in South Australia.

**Reserve Bank of Australia - Statement on Monetary Policy – Economic Outlook – August 2020:**

20. RBA inflation forecasts for the year ending:

- December 2020: 1.25%
- June 2021: 3.0%
- December 2021: 1.0%
- June 2022: 1.25%
- December 2022: 1.5%

**Reserve Bank of Australia, Monetary Policy Decision, 4 August 2020**

21. *"The Australian economy is going through a very difficult period and is experiencing the biggest contraction since the 1930s. As difficult as this is, the downturn is not as severe as earlier expected and a recovery is now underway in most of Australia. This recovery is, however, likely to be both uneven and bumpy, with the coronavirus outbreak in Victoria having a major effect on the Victorian economy. Given the uncertainties about the overall outlook, the Board considered a range of scenarios at its meeting. In the baseline scenario, output falls by 6 per cent over 2020 and then grows by 5 per cent over the following year. In this scenario, the unemployment rate rises to around 10 per cent later in 2020 due to further job losses in Victoria and more people elsewhere in Australia looking for jobs. Over the following couple of years, the unemployment rate is expected to decline gradually to around 7 per cent."*

**CONCLUSION**

22. The Tribunal has had due regard to the necessary statutory considerations under section 4(2)(a) of the PR Act. Those considerations include the nature of parliamentary duties, the duty for Members of Parliament to be actively involved in community affairs, and the duty for Members of Parliament to represent and assist their constituents in dealings with governmental and other public agencies and authorities.
23. The Tribunal has concluded that the economic and social circumstances of the State at the time of this review are such that the Tribunal is unable to establish a sound basis for an increase to the Electorate Allowance payable to Members of Parliament.

24. Accordingly, the Tribunal has concluded that the rates of Electorate Allowances applicable will not be increased on this occasion.
25. The Tribunal will issue the accompanying Determination 5 of 2020, which provides definitions in relation the nature and purpose of the Electorate Allowance.

## REMUNERATION TRIBUNAL

## REPORT NO. 6 OF 2020

*2020 Review of Common Allowance for Members of the Parliament of South Australia***INTRODUCTION**

1. Section 14 of the *Remuneration Act 1990* (“the Act”) provides that the Remuneration Tribunal (“the Tribunal”) has jurisdiction to determine the remuneration, or a specified part of the remuneration, payable in respect of certain offices, if such jurisdiction is conferred upon the Tribunal by any other Act or by the Governor by proclamation.
2. Section 3A(2) of the *Parliamentary Remuneration Act 1990* (“the PR Act”) confers jurisdiction on the Tribunal to make a Determination or perform any other function required by the PR Act.
3. Section 4AA(3) of the PR Act, provides that the Tribunal must review the common allowance once per year, and if the Tribunal considers it appropriate to do so, the Tribunal may determine an increase to the amount of the Common Allowance.
4. Section 4AA(4) provides that the aggregated amount of the two components of remuneration that comprise the Common Allowance must not exceed \$42,000.

**BACKGROUND**

5. The Common Allowance was established by the *Parliamentary Remuneration (Determination of Remuneration) Amendment Act 2015* (“the Amending Act”) which amended the *Parliamentary Remuneration Act 1990* (“the PR Act”).
6. The Common Allowance is comprised of two monetary amounts. The first amount is provided as compensation for the loss of the annual travel allowance, metrocard special pass and subsidised or free interstate rail travel. The second amount is provided as compensation for the loss of payments for service as ordinary members of parliamentary committees.
7. The Tribunal has a statutory responsibility under the PR Act to review the amounts of the two components of Common Allowance on an annual basis.
8. The amount of the Common Allowance was last reviewed by the Tribunal in 2019. On that occasion, the Tribunal increased the amount of the Common Allowance having regard to a framework of considerations. The aggregated amount of the increase applied to the Common Allowance on that occasion was 1.74%.
9. In the course of its 2019 review, however, the Tribunal took the position that no commitment was made to automatically link the various components of the Common Allowance to any reference point.
10. The Tribunal continues to maintain its independent discretion in determining an appropriate level of Common Allowance from year to year.

**PROCEDURAL HISTORY**

11. Section 10(2) of the Act requires that before the making of a Determination affecting the remuneration of a particular person, or persons of a particular class, the Tribunal must allow that person, or persons of that class, a reasonable opportunity to make submissions.
12. Section 10(4) of the Act provides that the Honourable Premier of South Australia (“the Premier”), as the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
13. The Tribunal wrote to the Premier, as the Minister responsible for the Act, and the Members of Parliament on 22 June 2020, notifying of the Tribunal’s intention to conduct its annual review of Determinations for Members of Parliament. The Tribunal invited written submissions with a closing date of 23 July 2020.
14. Additionally, on 22 June 2020, a notice of the review was placed on the Tribunal’s public website.
15. The Tribunal convened for the purpose of hearing oral submissions in relation to this matter on 4 August 2020.

**SUBMISSIONS**

16. Written and oral submissions in relation to the Common Allowance were received from Mr Mark Parnell MLC. Those submissions are summarised as follows:
  - 16.1. Mr Parnell made a submission to the Tribunal in 2015 when the Common Allowance was introduced, however, Mr Parnell acknowledged the applicable legislation as enacted did not allow the Tribunal to deal with that submission.
  - 16.2. Whilst all Members of Parliament receive a Common Allowance of \$31,376, the degree of overcompensation is greater for Ministers as the abolished entitlements such as travel allowance and free public transport were rarely used, and, in the case of parliamentary committee payments, Ministers generally do not sit on parliamentary committees.
  - 16.3. That the Tribunal should provide advice to the Parliament in relation to the above submissions.
17. No other submissions were received by the Tribunal in relation to the review to which this Report relates.

**STATUTORY CONSIDERATIONS**

18. The Common Allowance is an allowance, established in 2015 by amending legislation<sup>1</sup>, to compensate Members of Parliament for the loss of certain specified entitlements which were abolished at that time.
19. The Tribunal, in its 2015 Report in relation to the Common Allowance<sup>2</sup>, listed the abolished entitlements, as follows:
  - 19.1. An annual travel allowance previously prescribed by Determination 1 of 2012 made by the Tribunal;
  - 19.2. A metrocard special pass for intrastate travel and a limited entitlement to be accompanied by a spouse on such travel;
  - 19.3. Free unlimited interstate rail travel and a limited entitlement to be accompanied by a spouse on such travel; and
  - 19.4. Remuneration for ordinary membership of committees of the parliament.
20. In everyday language, the abolition of specific entitlements or benefits and their replacement by monetary amounts is often referred to as “cashing out” of the entitlements.
21. Relevantly, the PR Act, as amended in 2015, provides that the Common Allowance now forms part of the basic salary of a Member of Parliament. That section is set out as follows:

**“4AB—Basic salary**

*The basic salary payable to a member of Parliament is salary at a rate equal to the rate from time to time of the Commonwealth basic salary less \$42 000 plus the common allowance for the relevant year.”*

22. The Common Allowance payable to a Member of Parliament is therefore considered to be a payment of remuneration to the Member, as compensation for the above lost entitlements that would have otherwise been provided to the Member, had it not been for the amending legislation abolishing those entitlements.
23. The Tribunal's role and function in determining the amount of the Common Allowance under the PR Act is limited and specific. The Tribunal is unable to deal with the whole or all aspects of the Common Allowance. The statutory responsibility assigned to the Tribunal is confined to the making of an independent determination of the amount of the Common Allowance, on an annual basis, up to a maximum amount of \$42,000 per annum. The PR Act does not allow the Tribunal to decrease the amount of the Common Allowance. In determining the amount of the Common Allowance, the Tribunal may inform itself in any manner that it thinks fit.
24. At the time this review, the full value of the various components that make up the Common Allowance is \$31,376 per annum, which is comprised of:
  - 24.1. \$17,728 for the amount of remuneration as reasonable compensation for the abolition of: annual travel allowance, metrocard special pass and subsidised or free interstate rail travel; and
  - 24.2. \$13,648 for the amount of remuneration payable to all Members of Parliament for service as ordinary members on parliamentary committees.

<sup>1</sup> *Parliamentary Remuneration (Determination of Remuneration) Amendment Act 2015*

<sup>2</sup> *Report in relation to Determination 7 of 2015 – Common Allowance for Members of the Parliament of South Australia*

## CONSIDERATION

25. The Tribunal has noted that the submission made by Mr Parnell advances proposals which the Tribunal lacks the jurisdiction to deal with. The legislative scheme, as presently enacted, is limited and specific in relation to the Tribunal's statutory role in setting the amount of the Common Allowance, and confines the Tribunal to conducting annual reviews in order to determine what the appropriate amount of Common Allowance ought to be.
26. In the course of its previous review, in 2019, the Tribunal had regard to movements in the costs of the abolished entitlements, which are scheduled above. The Tribunal is aware that the economic and social circumstances of the State at the time of writing are substantially more difficult than they were 12 months ago, and accordingly requires paramount consideration.
27. For the purpose of this review, the Tribunal has taken into consideration a broad range of economic data, which are outlined below.

## ECONOMIC DATA

### *ABS Consumer Price Index*

28. The latest Consumer Price Index ("CPI") data for the year ending June 2020 reflects **-1.0%** (annualised decrease) in the all groups Adelaide index.

### *ABS Wage Price Index*

29. The latest Wage Price Index ("WPI") data the year ending June 2020 reflects an increase of **2.2%** (annualised increase) for the Public Sector in South Australia.

### *Reserve Bank of Australia - Statement on Monetary Policy – Economic Outlook – August 2020:*

30. RBA inflation forecasts for the year ending:
  - December 2020: 1.25%
  - June 2021: 3.0%
  - December 2021: 1.0%
  - June 2022: 1.25%
  - December 2022: 1.5%

### *Reserve Bank of Australia, Monetary Policy Decision, 4 August 2020*

31. *"The Australian economy is going through a very difficult period and is experiencing the biggest contraction since the 1930s. As difficult as this is, the downturn is not as severe as earlier expected and a recovery is now underway in most of Australia. This recovery is, however, likely to be both uneven and bumpy, with the coronavirus outbreak in Victoria having a major effect on the Victorian economy. Given the uncertainties about the overall outlook, the Board considered a range of scenarios at its meeting. In the baseline scenario, output falls by 6 per cent over 2020 and then grows by 5 per cent over the following year. In this scenario, the unemployment rate rises to around 10 per cent later in 2020 due to further job losses in Victoria and more people elsewhere in Australia looking for jobs. Over the following couple of years, the unemployment rate is expected to decline gradually to around 7 per cent."*

## CONCLUSION

32. The Tribunal is of the view that the economic and social circumstances of the State at the present time are such that a sound basis for an increase to the Common Allowance payable to Members of Parliament is unable to be established.
33. Accordingly, the Tribunal has concluded that the amount of the Common Allowance will not be increased on this occasion.
34. The terms of Tribunal Determination 5 of 2019<sup>3</sup> shall therefore continue to apply. That Determination shall remain in force until further Determination by the Tribunal.

## REMUNERATION TRIBUNAL

## REPORT NO. 7 OF 2020

*Reimbursement of Expenses Applicable to the Electorate of Mawson—Travel to and From Kangaroo Island by Ferry and Aircraft***INTRODUCTION**

1. Section 14 of the *Remuneration Act 1990* (“the Act”) provides that the Remuneration Tribunal (“the Tribunal”) has jurisdiction to determine the remuneration, or a specified part of the remuneration, payable in respect of certain offices, if such jurisdiction is conferred upon the Tribunal by any other Act or by the Governor by proclamation.
2. Section 3A(2) of the *Parliamentary Remuneration Act 1990* (“the PR Act”) confers jurisdiction upon the Tribunal to make a Determination or perform any other function required by the PR Act.
3. Section 3A(3) of the PR Act provides that the Tribunal may make a different provision according to the member, the electorate, the House of Parliament or the circumstances to which the Determination is to apply.
4. Section 4(2)(a) of the PR Act provides that the Tribunal must, in determining electorate allowances and other remuneration for members of Parliament, have regard not only to their parliamentary duties, but also to:
  - 4.1. Their duty to be actively involved in community affairs; and
  - 4.2. Their duty to represent and assist their constituents in dealings with governmental and other public agencies and authorities.

**BACKGROUND**

5. The previous Determination in relation to the reimbursement of expenses for travel to and from Kangaroo Island is Determination 8 of 2019. That Determination applies to the specific circumstances of the electorate of Mawson, where travel by ferry or aircraft is routinely required to move around the electorate for the purposes of parliamentary business.
6. In 2019, as a result of the Tribunal’s annual review, and following submissions from the Member for Mawson, the Tribunal amended the terms of its Determination for the electorate of Mawson so that travel expenditure could be met by *ferry* or *air* travel between Kangaroo Island and the Fleurieu Peninsula, provided that no additional cost is borne by the State by doing so. Prior to this change, only ferry travel to and from the island was permissible under the relevant Determination.
7. In 2019, no increase was applied to the amount of the reimbursement entitlement provided by the Determination.

**PROCEDURAL HISTORY**

8. Section 10(2) of the Act requires that before the making of a Determination affecting the remuneration of a particular person, or persons of a particular class, the Tribunal must allow that person, or persons of that class, a reasonable opportunity to make submissions.
9. Section 10(4) of the Act provides that the Honourable Premier of South Australia (“the Premier”), as the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
10. The Tribunal wrote to the Premier, as the Minister responsible for the Act, and the Members of Parliament on 22 June 2020, notifying of the Tribunal’s intention to conduct its annual review of Determinations for Members of Parliament. The Tribunal invited written submissions with a closing date of 23 July 2020.
11. Additionally, on 22 June 2020, a notice of the review was placed on the Tribunal’s public website.
12. On 4 August 2020, the Tribunal convened for the purpose of hearing oral submissions.

**SUBMISSIONS**

13. On 23 July 2020, a written submission was received from Mr Leon Bignell, MP, which is summarised below:
  - 13.1. That the spending cap on air and ferry travel to and from Kangaroo Island be removed;
  - 13.2. For an uncapped per diem rate to be established to and from the Fleurieu Peninsula and Kangaroo Island;
  - 13.3. That the bushfires and subsequent economic collapse on Kangaroo Island be taken into account by the Tribunal.
  - 13.4. On 4 August 2020, Mr Bignell made short oral submissions in support of his written submissions.
14. No other submissions were received by the Tribunal in relation to the review to which this Report relates.

**CONSIDERATION**

15. In reviewing this entitlement, the Tribunal has had due regard to the necessary statutory considerations under section 4(2)(a) of the PR Act. Those considerations include the nature of parliamentary duties, the duty for Members of Parliament to be actively involved in community affairs, and the duty for Members of Parliament to represent and assist their constituents in dealings with governmental and other public agencies and authorities.
16. The maximum amount of ferry or air travel expense reimbursement, between Kangaroo Island and the Fleurieu Peninsula, applicable to the electorate of Mawson, as provided for by Determination 8 of 2019<sup>1</sup>, is currently \$3,380 per annum.
17. The Tribunal is conscious of the circumstances in relation to the recent bushfires on Kangaroo Island and the requirement for the Member for Mawson to attend to such issues arising within the electoral boundaries of the electorate of Mawson, and more specifically, on Kangaroo Island, since the previous review of this entitlement.
18. Whilst the Tribunal is sympathetic to the recent events occurring on Kangaroo Island, the Tribunal has also noted that expenses in relation to ferry and air travel incurred above the \$3,380 per annum maximum entitlement may be met by the Member for Mawson under the terms of various other allowances provided to the Member for Mawson, such as the Electorate Allowance, which is paid directly to the member. Further, the Member has not provided substantive evidence of travel frequency or even travel arrangements.
19. The Tribunal notes that, in 2018, the Electorate Allowance applicable to the electorate of Mawson was increased from \$16,325 to \$35,202. In the making of that Determination, the Tribunal took into account changes to the State’s electoral boundaries, including the change which caused Kangaroo Island to be located within the electorate of Mawson.
20. In considering the appropriateness of the maximum amount of this entitlement, the Tribunal has given due regard to the cost of journeys between Fleurieu Peninsula and Kangaroo Island for the relevant period.

<sup>1</sup> *Remuneration Tribunal Determination 8 of 2019 – Reimbursement of Expenses Applicable to the Electorate of Mawson – Travel to and from Kangaroo Island by Ferry and Aircraft*

**CONCLUSION**

21. The Tribunal is not persuaded that the maximum amount of expense reimbursement available under this entitlement ought to be increased on this occasion, nor is the Tribunal persuaded that per diems should be established. In the Tribunal's view, the current method of providing this entitlement to the Member continues to be appropriate.
22. Accordingly, the terms of Determination 8 of 2019<sup>2</sup> shall continue to apply. That Determination shall remain in force until further Determination by the Tribunal.

## REMUNERATION TRIBUNAL

## REPORT NO. 9 OF 2020

*Accommodation Expense Reimbursement and Allowance for Country Members of Parliament*

**INTRODUCTION AND BACKGROUND**

1. Section 14 of the *Remuneration Act 1990* (“the Act”) provides that the Remuneration Tribunal (“the Tribunal”) has jurisdiction to determine the remuneration, or a specified part of the remuneration, payable in respect of certain offices, if such jurisdiction is conferred upon the Tribunal by any other Act or by the Governor by proclamation.
2. Section 3A(2) of the *Parliamentary Remuneration Act 1990* (“the PR Act”) confers jurisdiction upon the Tribunal to make a Determination or perform any other function required by the PR Act.
3. Section 3A(3) of the PR Act provides that the Tribunal may make a different provision according to the member, the electorate, the House of Parliament or the circumstances to which the Determination is to apply.
4. Section 4(2)(a) of the PR Act provides that the Tribunal must, in determining electorate allowances and other remuneration for members of Parliament, have regard not only to their parliamentary duties, but also to:

- 4.1. Their duty to be actively involved in community affairs; and
- 4.2. Their duty to represent and assist their constituents in dealings with governmental and other public agencies and authorities.

#### PROCEDURAL HISTORY

5. Section 10(2) of the Act requires that before the making of a Determination affecting the remuneration of a particular person, or persons of a particular class, the Tribunal must allow that person, or persons of that class, a reasonable opportunity to make submissions.
6. Section 10(4) of the Act provides that the Honourable Premier of South Australia (“the Premier”), as the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
7. The Tribunal wrote to the Premier, as the Minister responsible for the Act, and the Members of Parliament on 22 June 2020, notifying of the Tribunal’s intention to conduct its annual review of Determinations for Members of Parliament. The Tribunal invited written submissions with a closing date of 23 July 2020.
8. Additionally, on 22 June 2020, a notice of the review was placed on the Tribunal’s public website.
9. On 4 August 2020, the Tribunal convened to hear oral submissions from affected persons in relation to this matter.

#### SUBMISSIONS

10. A summary of submissions in relation to this review is included below.
11. On 9 July 2020, the Tribunal received the following submission from Mr Mark Parnell, MLC:
  - 11.1. That for the purposes of the Tribunal’s Determination, the meaning of “usual place of residence” should include:
    - 11.1.1. Where a Member’s spouse, partner or dependent children usually live;
    - 11.1.2. Where a Member claims any land tax exemption in relation to their primary residence;
    - 11.1.3. Where a Member is enrolled to vote; and
    - 11.1.4. The address on her or his driver’s licence.
  - 11.2. That the distance eligibility for the Country Members Accommodation Allowance should be 100km, rather than 75kms from Adelaide;
  - 11.3. That the Part B allowance (less than 75km) should be abolished entirely; and
  - 11.4. That the Parliament should publish claim forms publicly.
12. On 22 July 2020, the Tribunal received a submission from the Treasurer, made on behalf of the Government.
  - 12.1. That the terms of the Tribunal’s Determination in relation to Country Members Accommodation Allowance are presently ambiguous;
  - 12.2. That it would be unreasonable to extend the 75km distance limit for Country Members Accommodation Allowance to 100km, as this would require Country Members to drive 100kms home each night after evening functions in Adelaide which might not conclude until 10pm or 11pm.
  - 12.3. That the term “usual place of residence” should be amended to provide that for the purpose of the clause, sufficient evidence of a Member’s usual place of residence includes the place of electoral enrolment. Under section 29 of the Electoral Act, the independent Electoral Commissioner of South Australia has to establish a person’s “entitlement to enrolment” at a place of residence and Government members submit that would assist in clarifying a Member’s entitlement to the accommodation allowance.
  - 12.4. That the words “incurs actual expenditure” should be clarified by the following words: “including those costs of owning, renting and or maintaining accommodation, for example, interest, rental, rates, maintenance, and any other actual expenditure incurred in connection with the accommodation”.
13. On 23 July 2020, the Tribunal received a submission from Mr Stephen Mulligan MP, on behalf of the Parliamentary Labor Party.
  - 13.1. The Opposition encourages the Tribunal to consider a full review of the Country Members Accommodation Allowance;
  - 13.2. That having regard to advancements in motor vehicles and upgrades to road infrastructure across South Australia, the Tribunal consider the appropriateness of the 75km threshold, which was established many years ago;
  - 13.3. That the Review considers recommending that all allowances claimed are published on the Parliament’s website monthly to ensure full transparency.
14. On 4 August 2020, the following persons made short oral submissions to the Tribunal in support of their written submissions:
  - 14.1. The Hon. Rob Lucas MLC and Mr Josh Teague MP (on behalf of Government members); and
  - 14.2. Mr Mark Parnell MLC.
15. No other submissions were received by the Tribunal in relation to the review to which this Report relates.

#### BACKGROUND OF COUNTRY MEMBERS ACCOMMODATION ALLOWANCE

16. At the time of this review, the Country Members Accommodation Allowance has been the subject of significant public and media attention. Moreover, submissions put to the Tribunal in course of this review have urged a review of the Country Members Accommodation Allowance provisions. Accordingly, a review of those provisions has been undertaken by the Tribunal.
17. The Country Members Accommodation Allowance was first determined by this Tribunal’s predecessor, the Parliamentary Salaries Tribunal, in 1966. Prior to that date, the Country Members Accommodation Allowance likely existed as an entitlement which was not established by an independent Tribunal.
18. The 1966 Determination<sup>1</sup> is set out as follows:

*“A country member (other than a Minister of the Crown) whose place of residence is not less than thirty-five miles from the General Post Office at Adelaide, who is required, in order to attend any Parliamentary sitting, to stay in Adelaide overnight other than at Parliament House, and who incurs expense in so doing, shall be paid an accommodation allowance at the rate of six dollars (\$6.00) for each such night.”*
19. Insofar as the Tribunal can discern, the 1966 Determination is the origin of the entitlement in terms of it being fixed by an independent Tribunal. Relevantly, the 1966 Determination provides that the entitlement is based upon the Member of Parliament incurring actual expenses and provides that the allowance is characterised as being for accommodation. Further, the 1966

Determination was made prior to Australia adopting the metric system, and, in the early 1970's, the entitlement was amended such that a metric measurement of 75kms was deemed suitable.

20. The Tribunal notes that, throughout the long history of the Country Members Accommodation Allowance, this is the first annual review where Members of Parliament have put the abovementioned submissions to the Tribunal, following a significant public debate about apparent anomalies.

<sup>1</sup> *Determination of the Parliamentary Salaries Tribunal, dated 23 June 1966 under the Parliamentary Salaries and Allowances Act 1965 (source: Government Gazette)*

#### **NATURE AND PURPOSE OF THE ALLOWANCE**

21. The Country Members Accommodation Allowance, as it currently operates, provides for the payment of an accommodation allowance based on certain specified eligibility criteria.
22. The entitlement is provided for the purpose of meeting expenses associated with accommodation. There is no provision made for meals, drinks, or incidental expenses in the amount of the entitlement.
23. The allowance exists to facilitate journeys of an official nature from a Country Member's usual place of residence to Adelaide. The allowance operates such that Country Members are not disadvantaged for fully and properly carrying out their official parliamentary, community or electoral duties in Adelaide.

#### **SCHEMES OPERATING IN OTHER STATES AND TERRITORIES**

24. The Tribunal has examined in detail the Country Members Accommodation Allowance arrangements operating in other States and Territories. The Tribunal has found that schemes operating in other jurisdictions have similar objectives to the arrangements in place in South Australia.

#### **NECESSITY FOR COUNTRY MEMBERS TO TRAVEL TO ADELAIDE FOR OFFICIAL PURPOSES**

25. Submissions put to the Tribunal detail the necessity for Country Members of Parliament to frequently be in Adelaide to attend not only sittings of the Parliament but also to attend various functions, community events, and to assist the broader community and their constituents with a range of issues. These tasks are performed by Members in the course of their official duties as a Member of Parliament.
26. The Tribunal has heard that the duties of a Member of Parliament are not comparable to a 9am to 5pm occupation. Members of Parliament are often required to attend community events and functions in their capacity as a Member beyond 11pm.
27. The Tribunal considers that the basis of the Country Members Accommodation Allowance is important insofar as the entitlement facilitates city access to Country Members and avoids a financial disadvantage to Country Members carrying out their official duties in Adelaide.

#### **75KM DRIVING BOUNDARY FOR PART A ELIGIBILITY**

28. The Tribunal has reviewed the appropriateness of the 75km driving boundary as one of the eligibility criteria for the payment of the country members accommodation entitlement. A map which illustrates the 75km driving boundary is included below:

##### **75km driving boundary from the Adelaide GPO**

(note: this map is a guide only and 100% accuracy is not assumed)

29. A submission was made to the Tribunal that the driving boundary for eligibility ought to be increased from 75km to 100kms. A map which illustrates that submission is included below:

**75km driving boundary with 100km driving boundary overlay, from the Adelaide GPO**

(note: this map is a guide only and 100% accuracy is not assumed)

30. The Tribunal has noted the submissions in relation to advancements in road infrastructure and motor vehicles since the 75km driving boundary was fixed by this Tribunal's predecessor in the 1970s. The Tribunal considers that this issue is finely balanced, as sources such as the Royal Automobile Association ("RAA") have reported that, despite significant developments in road infrastructure projects, Adelaide's road networks have become more congested in recent years<sup>2</sup>, leading to an increase in motor vehicle travelling time measured across typical Adelaide driving routes.
31. Further, the Tribunal does not consider extending the driving boundary beyond 75km to be appropriate at the time of this review, given the inherent Work Health and Safety risks associated with this proposal when considered against the background of a Member's duty to be involved in community affairs at any hour of the day or night.
32. The Tribunal will, however, continue to monitor developments in the State's road infrastructure throughout the course of future reviews of this entitlement.

**OUTSIDE METROPOLITAN ADELAIDE FOR PART B ELIGIBILITY**

33. The Part B entitlement for Country Members provides a lower level of allowance, for Members whose usual place of residence is less than 75km from the Adelaide GPO, but is outside of the Metropolitan Adelaide boundary (as defined by the *Development Act 1993*).
34. The Tribunal has considered the appropriateness of lower rates of allowance that are current payable under Part B, which is currently capped at \$234 per night and up to 15 nights per financial year.
35. A map which illustrates the Metropolitan Adelaide boundary is included below:

**Metropolitan Adelaide, as defined by the Development Act 1993**

(note: this map is a guide only and 100% accuracy is not assumed)

36. The Tribunal is of the view that the provision of the Part B entitlement continues to be appropriate, but only in the circumstance where the Member incurs actual expenditure staying in commercial accommodation in accordance with the terms of the accompanying Determination.

#### **INCURS/INCURRED ACTUAL EXPENDITURE FOR ELIGIBILITY**

37. The Tribunal considers it appropriate that, as part of the eligibility criteria for the country members accommodation entitlement, Members must incur actual expenditure for accommodation. Where no actual expense is incurred by the Member, the Tribunal does not consider any allowance ought to be paid.
38. The Government made submissions to the Tribunal that the term “incurs actual expenditure” be expanded upon to include the following:  
*“including those costs of owning, renting and or maintaining accommodation, for example, interest, rental, rates, maintenance, and any other actual expenditure incurred in connection with the accommodation”.*
39. The Tribunal has considered the Government’s position, but has decided to adopt a different approach, with a reimbursement model to be used for commercial accommodation expenses, and an allowance model to be used for second residence expenses.
40. The Tribunal considers it appropriate that a Country Member may elect, or has elected, to rent on an ongoing, as distinct from on an occasion by occasion basis, or own, a second residence in Adelaide for use as accommodation where it is necessary for that member to itinerantly conduct official parliamentary, community or electoral business in Adelaide. The Tribunal notes that at least some Members have found this to be a more practical form of arrangement, given the frequency of their visits to Adelaide.
41. Accordingly, the Tribunal has made separate provisions for an entitlement in relation to second residence expenses within the terms of its accompanying Determination.

#### **EVIDENCE OF USUAL PLACE OF RESIDENCE**

42. The Tribunal has heard submissions in relation to the appropriate standard of evidence in discerning a Member’s “usual place of residence”.
43. Specifically, the Government submitted that a such evidence ought to include the address where the member is registered on the electoral roll.
44. The Tribunal considers that the Member’s address on the electoral roll is an appropriate form of evidence when discerning a Member’s usual place of residence for the purposes of the accommodation allowance.
45. Accordingly, the Tribunal has made provision for such a definition within the accompanying Determination.
46. The Tribunal has recognised that a Member may change their address at any time after being elected. This may reflect the Member’s assessment of their official duties and obligations, or it may reflect family or personal circumstances. No restriction in this respect is considered appropriate by the Tribunal.

#### **OTHER ACCOMMODATION ARRANGEMENTS**

47. The Tribunal is aware that some Members may wish to utilise other accommodation arrangements when claiming an accommodation entitlement for eligible journeys to Adelaide. These include, but are not limited to, staying with a friend or family member, or other types of non-commercial accommodation. For the future, the Tribunal is not satisfied that real costs are actually incurred in those circumstances.
48. Accordingly, the accompanying Determination will only provide for commercial accommodation costs and second residence accommodation costs.

#### **OTHER BENEFITS PROVIDED TO MEMBERS OF PARLIAMENT**

49. The Tribunal has observed that, in accordance the legislative scheme governing the remuneration of Members of Parliament, various other allowances and other benefits may be provided to Members of Parliament from time to time. It is relevant to set out section 6A of the *PR Act*, as follows:  
*“6A—Ability to provide other allowances and benefits*  
*(1) This Act does not limit or affect the ability of the Parliament or the Crown to provide allowances and other benefits that are additional or supplementary to the awards of the Remuneration Tribunal under this Act.”*
50. Any such other allowances and benefits provided under section 6A of the *PR Act* do not emanate from a Determination made by this Tribunal. Without limiting these arrangements, the Tribunal has been made aware of administrative arrangements for late night taxi services after Parliamentary sittings, and access to motor vehicles under specified salary sacrifice arrangements.
51. It may be argued that some of the above benefits impact on the Country Members accommodation entitlement determined by this Tribunal. However, the Tribunal has adopted the position that, whilst the above benefits may be provided by the Parliament from time to time, these are administrative arrangements that may be subject to change without notice, and, as such, it is not currently appropriate to incorporate the consideration of these informal benefits into this review.

#### **ACCOUNTABILITY ISSUES**

52. The Tribunal considers that the objectives and principles underpinning the entitlements applicable to Country Members should be achieved through systems which are demonstrably transparent and are not administratively cumbersome. The requirement for transparency has been given particular weight.
53. Accordingly, a reimbursement based system will be adopted for commercial accommodation, whilst the allowance based system will remain for second residence expenses, with additional requirements and clarifications implemented to assist in the proper governance of this entitlement.
54. The Tribunal notes the submissions that the Country Members Accommodation Allowance claim forms should be published on the Parliament’s website. The Tribunal has observed that, at the time of this review, the Parliament has independently given an undertaking to publish the claim forms on its website. The Tribunal has not made a formal Determination in this respect.
55. The Tribunal notes that its legislative role and function in relation to Members of Parliament is to make Determinations of remuneration, and to review those Determinations on an annual basis. The Tribunal has no enforcement powers in relation to compliance issues at the workplace level.

#### **AMOUNT OF THE ENTITLEMENTS**

56. The Tribunal has reviewed the amount of the country members accommodation entitlement against current commercial accommodation costs. The Tribunal is of the view that the current nightly maximum amount of the entitlement remains appropriate for these commercial accommodation arrangements.

57. The Tribunal does not consider that commercial accommodation costs should determine the quantum of the allowance applicable to a second residence. In fixing an appropriate amount of second residence allowance, the Tribunal has had regard to the median long-term rental accommodation costs in Adelaide. The Tribunal notes that this amount is generally consistent with the cost of owning and maintaining a second residence in Adelaide. On that basis, the Tribunal has determined a second residence accommodation allowance amount of \$185 per night.
58. In relation to the Part B entitlement, the Tribunal does not consider that the journey from outside Metropolitan Adelaide is sufficient as to warrant the payment of an entitlement in relation to expenses incurred for a Member's second residence. Accordingly, the Tribunal will not prescribe an entitlement for second residence accommodation under Part B.
59. The Tribunal has reviewed the maximum number of nights for which the allowance may be claimed in a financial year. The Tribunal considers that this should be 135 nights per financial year under Part A and 15 nights per financial year under Part B.
60. In reaching the above conclusions, the Tribunal has had due regard to the economic and social circumstances of the State at the time of this Review.

#### ELIGIBILITY CRITERIA AND ENTITLEMENT

61. The Tribunal has amended the terms of its accompanying Determination to reflect the abovementioned changes to the eligibility criteria and entitlement.

#### ISSUANCE OF DETERMINATION

62. The Tribunal has issued Determination 9 of 2020, which should be read in conjunction with this Report.

3. The exemption permits the Applicant to engage in the following activities:

***Applicants for employment***

- (a) Inform applicants for employment or contract work in roles which will require access to Controlled Material and are subject to permits, licences, approvals or agreements made under US and Australian import and export control laws that they may be adversely affected by ITAR and EAR controls if they:

***Use of nationality information***

- (c) Impose a condition on any offer of employment in roles which are likely to require access to Controlled Material that an applicant for those roles must, pursuant to ITAR, be authorised to access that Controlled Material, whether pursuant to an individual approval obtained from the US Department of State or otherwise;
- (d) Take into account citizenship, previous citizenships or nationality, or substantive contacts of personnel where such contacts are affiliated with countries proscribed by section 126.1 of ITAR in determining whether those personnel may be offered a role or allocated work that involves access to Controlled Material;
- (e) Maintain records of the nationalities, citizenships and substantive contacts of personnel who have or may have access to Controlled Material;

- (f) Require personnel involved in projects which access Controlled Material to notify the Applicant of any change to their citizenship status or substantive contacts;

- (h) Record information relating to security clearances granted to personnel who are under the control and direction of the Applicant in relation to work requiring access to Controlled Material;
- (i) Impose limitations or prohibitions on access to Controlled Material on persons not authorised to access the Controlled Material;
- (j) Maintain records of the nationalities of persons who have or will have access to Controlled Material, with distribution limited to only those persons with a need to know, for the purposes of determining their ability to participate in a particular engagement;
- (k) Establish security systems and access protocols that will prevent the unauthorised export or transfer (including re-export or re-transfer) of Controlled Material;
- (l) Disclose, if and when required, citizenship, previous citizenships or nationality, or substantive contacts where such contacts are affiliated with countries proscribed by section 126.1 of ITAR, of the Applicant's personnel in South Australia to:
  - i. the US Department of State;
  - ii. the US Department of Commerce;
  - iii. the Australian Department of Defence; and
  - iv. any other person or organisation for which, or on whose behalf, or at whose request the Applicant undertakes work in respect of which the Applicant has directly or indirectly an obligation not to transfer Controlled Material to persons of certain nationalities.

4. In this exemption:

- (h) "**US**" means United States of America.

**Schedule: Conditions**

1. This exemption applies only to the Applicant's conduct where:

- (a) it is necessary to enable the Applicant to obtain and maintain US export licences and approvals or to perform contractual obligations which involve access to Controlled Material;
- (b) the Applicant has taken all steps reasonably available to avoid engaging in conduct which would otherwise be in breach of sections 52, 53, 54 and 103 of the Act, including:
  - i. reliance on ITAR exemptions, exceptions or other provisions, including section 126.18 of ITAR, where applicable;
  - ii. where personnel are nationals or dual nationals of a country not approved for access to Controlled Material, then the Applicant will either request the US Department of State, or request the relevant export license holders to request the US Department of State to amend the relevant export licences to enable those personnel to have access to Controlled Material, unless the Applicant, on reasonable grounds, determines that either:
    - A. the personnel are not the best candidate for the relevant position; or
    - B. such an application does not have significant prospects of success;
  - iii. in the event the US Department of State requires the Applicant to provide further information specific to an individual, then with the consent of that individual, the Applicant will work with the individual to supply all relevant information to the US Department of State so that an application for approval may be made in relation to that individual.

2. - (a) the position will or is likely to require access to Controlled Material and that any individual occupying the position must be able to satisfy ITAR-based requirements which may require specific authorisation for that individual to access Controlled Material; and
- (b) if a candidate for the position is concerned as to whether or not they will satisfy the requirement in (a) above, the candidate should contact a nominated member of the Applicant's personnel who is able to provide relevant information, including information about the scope of the exemption and the candidate's individual rights.

3. The Applicant must provide to the Commissioner for Equal Opportunity in South Australia a written report for every 12 month period from the date of this exemption order on its compliance with the exemption requirements, any changes in its procedures to reflect amendments to the ITAR, and as to how its employees and contractors are affected. Each report must be provided within 21 days from the end of the relevant reporting period. Each report must detail:

- (a) the training and education provided to new and existing employees on these Orders and their implementation;
- (b) the steps taken by the Applicant to implement these Orders;
- (c) how the Applicant monitors compliance with these Orders;
- (d) the number of persons affected by these Orders and the nature of those effects;
