 - "Bloc members" means the parties from time to time to the Set for Life Bloc Agreement entered into by SALC with other lottery operators for the promotion, conduct and sale of tickets in the game of Set for Life on a joint basis with a common winning number determination and a declaration of common dividends based on the equal participation of all players in the aggregated prize pool;
 - "claim period" means the period commencing at midnight on the day of determination of the draw results ("relevant day") and ending on the 14th calendar day thereafter;
 - "Division 1 and Division 2 Prize Reserve" means the reserve created by Rule 10 from which Division 1 and Division 2 prizes are paid;
 - "drawing equipment" means the random number generator or other approved drawing device operated by Golden Casket Lottery Corporation Limited on behalf of the Bloc members for ascertaining the winning numbers;
 - "Master Agent" means Tatts Lotteries SA Pty Ltd;
 - "prize pool" means the pool created by Rule 9 from which all prizes are paid;
 - "QuickPick entry" means a nomination made by a player indicating that the player wishes to make a QuickPick selection in accordance with Rule 5 of these Rules;
 - "SALC" means the Lotteries Commission of South Australia;
 - "Set for Life" means a lottery in which a player is required to forecast seven numbers to be drawn from the range of numbers 1 to 44 inclusive for seven consecutive draws.
- 3 *Ordinary Entry*
 - 3.1 To create an ordinary entry, a player must forecast or cause to be forecast seven numbers per game for seven consecutive draws.
 - 3.2 An ordinary entry will provide participation for the number of games selected and paid for in seven consecutive draws.
 - 3.3 The minimum number of games that must be completed in respect of each draw will be two or such number as otherwise determined by the Master Agent.
 - 3.4 There will be a limit to the maximum number of games that can be played, including that in any one draw, the Master Agent may decline to issue more than 1,000 entries to a player.
 - 3.5 A player may request that an entry be issued in advance of a current draw. The maximum number of advance draws in which an entry can be issued will be notified to players by the Master Agent following determination by SALC.
 - 3.6 Subject to Rule 5, a player may enter a draw by:
 - 3.6.1 submitting a coupon provided for that purpose from time to time by the Master Agent, together with an Easiplay Club membership card if applicable; or
 - 3.6.2 making a verbal or electronic request at the selling point, together with providing an Easiplay Club membership card if applicable.

- 3.7 In the case of a coupon:
- 3.7.1 a player's forecast must be marked with a cross mark in the centre of the circle, by filling the selected circle or by such other mark as the Master Agent determines. No other mark will be accepted. All marks on a coupon must be legible and if a coupon cannot be read by a selling point terminal, it will be rejected. A coupon must not be marked in red.
- 3.7.2 a player who marks a "top up" circle will be taken to have authorised the selling point operator to generate a random forecast of a sufficient quantity of numbers to complete the games, the coupon or the nominated number of games, as the case may be.
- 3.7.3 if a player marks more than the specified number of circles in any game panel, a ticket will not issue until the player has nominated the number(s) to be deleted. The player may be required to complete another coupon.
- 3.7.4 if a player marks fewer than the specified number of circles in any game panel and does not mark the relevant "top up" circle, a ticket will not issue until the player has marked the relevant "top up" circle or has nominated the number(s) to be added.
- 3.7.5 a player can nominate to commence their entry by marking their preference in the "choose when you play" section of the coupon for either:
- 3.7.5.1 the current draw day or a specific draw day within the following six day period; or
- 3.7.5.2 a start later draw day beyond that period in which case a verbal request for the commencement date must also be made at the selling point.
- If no circle is marked the entry will default to commence from the current draw day and will be played for seven consecutive draws.
- 4 *Multi-Week Entry*
- 4.1 A player may enter their number forecasts for a series of consecutive draws by marking the appropriate circle in the "Play Multi-Weeks" section on a coupon or by verbally or electronically requesting such an entry at the selling point. The maximum number of consecutive draws that may be entered in this way will be notified to players by the Master Agent following determination by SALC.
- 4.2 The Rules governing ordinary entries will apply to every multi-week entry.
- 5 *QuickPick Entry*
- 5.1 A player can play by means of a QuickPick nomination at the selling point whereby the selling point terminal will process the information nominated by the player to generate a forecast of the type nominated by the player. Such entries will be limited to such number of games for an ordinary entry as the Master Agent determines.
- 5.2 When using a coupon, a player can "top up" to any of the QuickPick entry levels, namely 2, 3, 4, 5, 10, 15, 25 or 50 games (of 7 numbers), by marking the appropriate "top up" circle for an ordinary entry for each draw.
- 5.3 The QuickPick forecast will be generated by the selling point terminal, and the generated selections will be deemed to be those selections nominated by the player as if they were marked on a coupon by the player in accordance with these Rules.
- 6 *Supervision of Draw*
- 6.1 The selection of winning numbers and supplementary numbers will be conducted in such manner as agreed by the Bloc members and:
- 6.1.1 should be conducted and supervised in accordance with the requirements of the relevant regulatory body for the State in which the draw is conducted; and
