Families who move into the school zone, or who are already living in the school zone but lodge their application for enrolment after the department's registration of interest process is completed (end of term 2), will have their applications considered if or when vacancies exist, with priority consideration afforded to those applicants already on the school's enrolment register.

In these cases, applications will be considered based on siblings at the school, the distance of the child's residence from the school and any other personal needs, such as curriculum (excluding special interest programs), transportation/location convenience, and social/family links.

The school will notify parents by the beginning of week 1, term 4 if a vacancy is available for their child to attend the following school year.

EDUCATION AND CHILDREN'S SERVICES REGULATIONS 2020*Notice of Policy by the Minister for Education*

PURSUANT to Regulation 12(1) of the *Education and Children's Services Regulations 2020*, I, the Minister for Education publish the following Capacity Management Plan for the purposes of the enrolment of a child at the Norwood Morialta High School:

CAPACITY MANAGEMENT PLAN*Norwood Morialta High School*

This Capacity Management Plan sets out the conditions for enrolment at Norwood Morialta High School ("the school").

Norwood Morialta High School zone

A school zone is a defined area from which the school accepts its core intake of students. Norwood Morialta High School operates a school zone within the area bounded by:

Arcoona Avenue, Moores Road, Marble Hill Road, Green Valley Road, Valley View Crescent, Nicholls Road, Colonial Drive, Lobethal Road, Stony Rise Road, Woods Hill Road, Greenhill Road, Tusmore Avenue, Kensington Road, High Street, Phillips Street, William Street, Fullarton Road, Dequetteville Terrace, North Terrace, Magill Road, Portrush Road, Janet Street, Frederick Street, Olive Road, Wheaton Road, Payneham Road, Winchester Street, River Torrens, Lansdowne Terrace, North East Road, Ascot Avenue, Lower Portrush Road, Henry Street, Barnes Road, Provident Avenue, Glynburn Road, Hectorville Road, South Street, East Street, Ross Road, St Bernards Road, Reynell Road, Forest Avenue, Fourth Creek, Stradbroke Road and Baroota Road.

An online map and a search tool to indicate if an applicant's home address is within the school zone is available at: <https://www.education.sa.gov.au/findaschool>.

Student Enrolment Numbers

Due to the transition of Year 7 to High School there will be an intake of Year 7 and Year 8 students in 2022. From 2023 onwards Year 7 will be the only intake year level.

Year 7

The student enrolment ceiling for Year 7 is limited to **302**, unless there are more applications that have met the enrolment criteria below.

Year 8

The student enrolment ceiling for Year 8 in 2022 is limited to **302**, unless there are more applications that have met the enrolment criteria below.

Selective Entry Special Interest Programs

The school's special interest programs (Italian Immersion, Accelerated STEM, Rowing) are limited to a maximum of **30** out of zone enrolments at year 7 (and year 8 in 2022), depending on in-zone enrolment demand.

Selective entry numbers are included in the 302 year 7 enrolment ceiling (and 302 Year 8 enrolment ceiling in 2022). Students must be assessed by the school as meeting the specific eligibility requirements for each program. Entry details are available from: <https://www.nmhs.sa.edu.au/middle-campus/special-interest-opportunities/>.

International Education Program

If the number of enrolments is under the school's student enrolment ceiling for 2022, consideration can be given to offering international students enrolment at the school in the International Education Program. The maximum number of students who can be offered enrolment at the school in the International Education Program in those circumstances is limited to **40** students across all year levels.

*Enrolment Criteria—By Year Level***YEAR LEVEL: 7 (and 8 in 2022)**

Applications for enrolment from parents of prospective Year 7 (and Year 8 in 2022) students require that the student must be enrolled in a government or non-government school in South Australia at the time the parents apply for enrolment through the statewide registration of interest process (coordinated by the Department for Education).

The applicant must meet one of the following requirements to be eligible for a Year 7 (and Year 8 in 2022) allocation through the statewide registration of interest process for the coming school year:

- the child is living in the Norwood Morialta High School zone
- the child identifies as Aboriginal and/or Torres Strait Islander through the Enter for Success program (by the end of term 4, the previous year)
- the child has received and accepted an offer for enrolment by the school to participate in one of the selective entry special interest programs (Italian Immersion, Accelerated STEM, Rowing)
- the child has a sibling currently attending the school
- the child has been granted enrolment due to special or extenuating circumstances, including but not limited to a child in care where there is a custody or guardianship order made under the *Children and Young People (Safety) Act 2017*.

Application for Year 7 (and Year 8 in 2022) from students living outside the zone with siblings currently at the school

Application for Year 7 (and Year 8 in 2022) from students who have siblings at the school and live outside the school zone, will be considered for enrolment if:

- the child has applied through the department's statewide registration of interest process
- the sibling currently enrolled at the school did not enter the school through the school's special interest programs from 2020
- the sibling is currently enrolled and will be attending the school in the same calendar year.

Late applications for Year 7 (and Year 8 in 2022) from students living in the school zone

Families who move into the school zone, or who are already living in the school zone but lodge their application for enrolment after the department's registration of interest process is completed (end of term 2), will have their applications considered if or when vacancies exist, with priority consideration afforded to those applicants already on the school's enrolment register.

In these cases, applications will be considered based on the distance of the child's residence from the school and any other personal needs, such as curriculum (excluding special interest programs), transportation/location convenience, and social/family links.

The school will notify parents by the beginning of week 1, term 4 if a vacancy is available for their child to attend the following school year.

If no vacancies exist, the applicant will be placed on the enrolment register and referred for enrolment to other neighbouring schools.

YEAR LEVEL: 8 to 12 (9 to 12 in 2022)**Application for Year 8 to 12 (9 to 12 in 2022) from students living in the school zone**

Applications for enrolment from parents of prospective students living in the school zone will be considered if or when vacancies exist, with priority consideration afforded to those applicants already on the enrolment register.

In these cases, applications will be considered based on siblings at the school, the distance of the child's residence from the school and any other personal needs, such as curriculum, transportation/location convenience, and social/family links.

The school will notify parents by the beginning of week 1, term 4 if a vacancy is available for their child to attend the following school year.

If no vacancies exist the applicant will be encouraged to remain at their current high school, or referred for enrolment to other neighbouring schools, and upon an applicant's request will be placed on the school's enrolment register.

Out of zone applications with siblings currently at the school

There is no automatic entry to the school for Year 8 to 12 students (9 to 12 in 2022) who live outside the school's zone and have siblings who currently attend the school.

*Enrolment Criteria—General***Special Circumstances**

Enrolment applications for special consideration based on compelling or unusual reasons, including but not limited to a child in care where there is custody or guardianship orders made under the *Children and Young People (Safety) Act 2017*, may be granted by the Principal in consultation with the Education Director. These applications will be assessed on a case by case basis.

*Enrolment Process***Enrolment Register**

Parents whose child's name has been placed on the enrolment register will be contacted by the beginning of week 1, term 4 if a vacancy is available for their child to attend the following school year.

The enrolment register will be reviewed and updated annually by the school.

The position that a child's name appears on the register is confidential and will only be disclosed as required by law.

Monitoring and enforcement

It is the responsibility of the parents applying for enrolment to be able to verify to the satisfaction of the school that the information provided is true and factual.

If a child was enrolled at the school on the basis of false or misleading information (including residential address) the Chief Executive may direct that the child be instead enrolled at another Government school pursuant to Section 63(1) of the *Education and Children's Services Act 2019*.

The Principal is responsible for the implementation of this Capacity Management Plan and all decisions on enrolments.

This Capacity Management Plan will be reviewed as required.

PLANNING, DEVELOPMENT AND INFRASTRUCTURE ACT 2016

SECTION 76

*Amendment to the Planning and Design Code**Preamble*

It is necessary to amend the Planning and Design Code (the Code) in operation at 8 April 2021 (Version 2021.4) in order to make changes of form, address inconsistency and correct errors that relate to:

- Remove references to ‘Significant Tree Overlay’ from the Code wherever it appears (e.g. Classification Tables), being an Overlay that does not exist in the Code
- Correct references to bushfire overlays used in zone Tables 1 and 2 to be consistent with naming conventions adopted for these hazard overlays used in the Code
- Delete stormwater quality DTS/DPF criteria in the Design General Development Policies to reflect the Commission’s Engagement Report
- Adjust criteria in the City Living Zone to reflect the Commission’s Engagement Report to accommodate longer boundary wall lengths in designated subzones
- Amend the Hills Neighbourhood Zone to increase the boundary wall height criteria used to trigger notification to be consistent with zone policy
- Amend Conservation Zone linkages so that Visitor Experience Subzone policy is only returned via the online Code’s query functions where the Subzone spatially applies
- Adjust the Code’s spatial layers to maintain the correct relationship between parcels and Code spatial layers.

PURSUANT to Section 76(1)(a) and (b) of the *Planning, Development and Infrastructure Act 2016*, I—

1. Amend the Code as follows:

- a. For all zones where ‘advertisement’ is listed in the class of development column of *Table 2—Deemed-to-Satisfy Development Classification*, remove the ‘Significant Tree Overlay’ from under the heading ‘Except where any of the following apply:’ for that class of development.
- b. Update *Table 1—Accepted Development Classification* and *Table 2—Deemed-to-Satisfy Development Classification* of all Zones by replacing (wherever it appears) the ‘Overlay Name’ with the corresponding ‘Replacement Name’ as per the following table:

Overlay Name	Replacement Name
Hazards (Bushfire—General Risk) (<i>General</i>) Overlay	Hazards (Bushfire—General Risk) Overlay
Hazards (Bushfire—Medium Risk) (<i>Medium</i>) Overlay	Hazards (Bushfire—Medium Risk) Overlay
Hazards (Bushfire—High Risk) (<i>High</i>) Overlay	Hazards (Bushfire—High Risk) Overlay
Hazards (Bushfire—Regional) (<i>Regional</i>) Overlay	Hazards (Bushfire—Regional) Overlay
Hazards (Bushfire—Outback) (<i>Outback</i>) Overlay	Hazards (Bushfire—Outback) Overlay
Hazards (Bushfire—Urban Interface) (<i>Urban Interface</i>) Overlay	Hazards (Bushfire—Urban Interface) Overlay

- c. In the City Living Zone, replace the contents of DTS/DPF 3.5 which states:

‘For buildings that do not have a common wall, any wall sited on a side boundary meets all of the following:

 - (a) does not exceed 3m in height from the top of the footings*
 - (b) does not exceed 11.5m in length***
 - (c) when combined with other walls on the boundary, does not exceed 45%*
 - (d) is setback at least 3m from any existing or proposed boundary walls.’*

with:

‘For buildings that do not have a common wall, any wall sited on a side boundary meets all of the following:

 - (a) does not exceed 3m in height from the top of the footings*

‘Development likely to result in significant risk of export of litter, oil or grease includes stormwater management systems designed to achieve the following gross pollutant outcomes:

 - (a) 90 per cent reduction of litter/gross pollutants compared to untreated stormwater runoff*
 - (b) no visible oils/grease for flows up to the 4 EY (exceedances per year).’*

with:

‘None are applicable.’
- e. Amend *Table 5—Procedural Matters (PM)—Notification for the Hills Neighbourhood Zone* in accordance with following:
 - In in the exceptions column (Column B) relating to Clause 3, replace subclause 2(b) which states:

with:

'the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment).'

THE REMUNERATION TRIBUNAL

REPORT NO. 4 OF 2021

*Review of Remuneration for the Auditor-General, Electoral Commissioner, Deputy Electoral Commissioner
and Health and Community Services Complaints Commissioner***INTRODUCTION**

1. The Remuneration Tribunal (“the Tribunal”) has jurisdiction under Section 14 of the *Remuneration Act 1990* (“the Act”) to determine the remuneration, or a specified part of remuneration, of certain statutory office holders, as conferred by other Acts or by proclamation by the Governor.
2. This Report concerns the remuneration of the following statutory office holders:
 - 2.1. the Auditor-General;
 - 2.2. the Electoral Commissioner;
 - 2.3. the Deputy Electoral Commissioner; and
 - 2.4. the Health and Community Services Complaints Commissioner.

BACKGROUND

3. The previous review of remuneration for the abovementioned statutory office holders was conducted in 2020, resulting in the Tribunal increasing the salaries of those office holders by 1 per cent, with an operative date of 1 January 2020.

PROCEDURAL HISTORY

4. Section 10(2) of the Act provides that prior to the making of a Determination, the Tribunal must allow an affected person, or persons of an affected class, a reasonable opportunity to make submissions orally or in writing to the Tribunal.
5. Section 10(4) provides that the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
6. The Tribunal, by letter dated 16 March 2021, invited the statutory office holders to whom its Determination applies to make a submission in relation to this review.
7. The Tribunal, by letter dated 16 March 2021, invited the Honourable Premier of South Australia (“the Premier”), as the Minister responsible for the Act, to make submissions in the public interest.
8. In addition, on 16 March 2021, a public notice in relation to this review was placed on the Tribunal’s website.

SUBMISSIONS

9. On 1 April 2021, the Tribunal received a submission on behalf of the Premier. That submission is summarised as follows:
 - 9.1. In relation to the 2021 review of remuneration for Statutory Office Holders (specifically the Auditor-General, the Electoral Commissioner, the Deputy Electoral Commissioner and the Health and Community Services Complaints Commissioner) and the Tribunal’s invitation by letter dated 16 March 2021, the Premier as the Minister responsible for the *Remuneration Act 1990* submits that the Remuneration Tribunal have regard to the following factors:
 - the economic indicia outlined in the Premier’s submission; and
 - the most recent public sector executive remuneration increase of 2% with operative effect July 2019 (no increase in 2020).
 - the Tribunal’s previous decision to award statutory office holders a 1% increase from 1 January 2020; and
 - that an increase of 1% from 1 January 2021 would be consistent with the Tribunal’s past approach of maintaining increases within a reasonable range when compared to public sector executives.
10. No other submissions were received by the Tribunal in relation to this review.

ECONOMIC DATA AND INFORMATION

11. In the course of this Review, the Tribunal has had regard to the following data and information:
12. The Tribunal identified the following considerations:
 - 12.1. A movement in the ABS Consumer Price Index for Adelaide of 1.0% for the year ending December 2020;
 - 12.2. The Wage Price Index for Public Sector in South Australia, as published by the ABS, was 1.5% for the year ending December 2020;
 - 12.3. Statement on Monetary Policy of the Reserve Bank of Australia dated February 2021, inflation forecasts for the year ending:
 - June 2021—3.0%
 - December 2021—1.5%
 - June 2022—1.5%
 - December 2022—1.5%
 - June 2023—1.75%
 - 12.4. Monetary Policy decision of the Reserve Bank of Australia, dated 6 April 2021, Statement by Governor Philip Lowe of the RBA:

“The economic recovery in Australia is well under way and is stronger than had been expected. The unemployment rate fell to 5.8 per cent in February and the number of people with a job has returned to the pre-pandemic level. GDP increased by a strong 3.1 per cent in the December quarter, boosted by a further lift in household consumption as the health situation improved. The recovery is expected to continue, with above-trend growth this year and next. Household and business balance sheets are in good shape and should continue to support spending.

Nevertheless, wage and price pressures are subdued and are expected to remain so for some years. The economy is operating with considerable spare capacity and unemployment is still too high. It will take some time to reduce this spare capacity and for the labour market to be tight enough to generate wage increases that are consistent with achieving the inflation target. In the short term, CPI inflation is expected to rise temporarily because of the reversal of some COVID-19-related price reductions. Looking through this, underlying inflation is expected to remain below 2 per cent over the next few years.”

[emphasis added to original]

- 12.5. The Tribunal also considered movements in public sector remuneration. The *South Australian Modern Public Sector Enterprise Agreement: Salaried 2017* provides for weighted average salary increases of 2.3% in 2019. That enterprise agreement is currently the subject of negotiations and increases for 2020 and beyond are unable to be discerned at the time of this review.
- 12.6. The following table compares historical increases for the statutory office holders to whom this Report relates with public sector executives:

Year	Increases in Salary for Statutory Office Holders (Remuneration Tribunal Determinations)	Increases in Salary for Public Sector Executives
2010	2.5%	2.5%

2012	3.0%	3.0%
2013	0.0%	2.5%

2019	2.0%	2.0%
2020	1.0%	0.0%
Cumulative percentage increase, 2010-2020	21.74%	21.26%

- 12.7. The following table compares historical increases for the statutory office holders to whom this Report relates with those employees covered by the *South Australian Modern Public Sector Enterprise Agreement: Salaried 2017*:

Year	Increases in Salary for Public Sector Executives	Weighted Average Increase for <i>South Australian Modern Public Sector Enterprise Agreement: Salaried 2017</i> (or its predecessor)
2010	2.5%	2.5%

2019	2.0%	2.3%
2020	1.0%	(subject to current industrial negotiations)
Cumulative percentage increase, 2010-2020	21.74%	28.51%

COMPARABLE OFFICES IN OTHER JURISDICTIONS

13. The Tribunal notes the significance of these roles and has examined levels of salary applicable to comparable offices in other jurisdictions, based on the limited data that was available. The Tribunal broadly observes that salaries of comparable offices interstate are remunerated at substantially higher levels when compared to the corresponding offices in South Australia.
14. Those discrepancies have yet to be explored in substantial detail and do not, of themselves form a sustainable basis for changing the current remuneration approach. However, the Tribunal is unable to establish that a comprehensive work value based assessment of any of these positions has been undertaken in recent years and considers that, given the significance of these roles, such an assessment should at least be considered. Depending on that type of consideration, comparable salary levels may become relevant.
15. The Tribunal is also conscious of its obligations under Section 101 of the *Fair Work Act 1994*, which reads as follows:

“101—State industrial authorities to apply principles

- (1) *In arriving at a determination affecting remuneration or working conditions, a State industrial authority must have due regard to and may apply and give effect to principles, guidelines, conditions, practices or procedures adopted by SAET under this Part.*
- (2) *However, principles adopted under this Part are not applicable to enterprise agreements.*
- (3) *In this section—*
State industrial authority means—
 - (a) *SAET; or*
 - (b) *the Remuneration Tribunal; or*
 - (c) *the Commissioner for Public Sector Employment; or*
 - (d) *another person or body declared by regulation to be a State industrial authority.*”

16. The SAET work value principles¹ are relevant, which are reproduced below:

“WORK VALUE CHANGES

Changes in work value may arise from changes in the nature of work, skill and responsibility required or the conditions under which work is performed. Changes in work by themselves may not lead to a change in wage rates. The strict test for an alteration in wage rates is that the change in the nature of the work should constitute such a significant net addition to work requirements as to warrant the creation of a new classification or upgrading to a higher classification.

In addition to meeting this test a party making a work value application will need to justify any change to wage relativities that might result not only within the relevant internal Award structure but also against external classifications to which the structure is related. There must be no likelihood of wage “leapfrogging” arising out of changes in relative position.

These are the only circumstances in which rates may be altered on the ground of work value and the altered rates may be applied only to employees whose work has changed in accordance with this principle.

In applying the Work Value Changes principle, the Commission will have regard to the need for any alterations to wage relativities between Awards to be based on skill, responsibility and the conditions under which work is performed.

Where new or changed work justifying a higher rate is performed only from time to time by persons covered by a particular classification, or where it is performed only by some of the persons covered by the classification, such new or changed work should be compensated by a special allowance which is payable only when the new or changed work is performed by a particular employee and not by increasing the rate for the classification as a whole.

The time from which work value changes in an Award should be measured is the date of operation of the second structural efficiency adjustment allowable under the September 1989 State Wage Case decision [Print 1.69/1989].

Care should be exercised to ensure that changes which were or should have been taken into account in any previous work value adjustments or in a structural efficiency exercise are not included in any work evaluation under this principle.

Where the tests specified in principle 8.1 are met, an assessment will have to be made as to how that alteration should be measured in money terms. Such assessment will normally be based on the previous work requirements, the wage previously fixed for the work and the nature and extent of the change in work.

The expression “the conditions under which the work is performed” relates to the environment in which the work is done.

The Commission will guard against contrived classifications and overclassification of jobs.

Any changes in the nature of work, skill and responsibility required or the conditions under which the work is performed, taken into account in assessing an increase under any other provision of this Declaration, will not be taken into account in any claim under this principle.”

17. The Tribunal will invite submissions in the early part of 2021, on the appropriateness of such an approach to form the basis for its next remuneration review. Ample notice for submissions to the Tribunal will be provided.

CONCLUSION

18. The Tribunal has considered the economic data and information set out above, and has noted the current low inflation and wages pressure at the time of this review.
19. The Tribunal has accepted the submission made on behalf of the Premier that an increase of 1% from 1 January 2021 would be appropriate. The Tribunal notes its desire to maintain increases in remuneration for statutory office holders within a reasonable range when compared to public sector executives.
20. Accordingly, the Tribunal has concluded that the rates of salary applicable to the offices specified at paragraph 2 of this Report shall be increased by 1%. The accompanying Determination will issue.

COMMUNICATION ALLOWANCE

21. The Tribunal has reviewed the Communication Allowance applicable to the Statutory Office Holders listed at paragraph 2. In doing so, the Tribunal has had regard to the relevant statistical measure which forms the basis of consideration of the Communications Allowance.
22. The Tribunal has decided to make no adjustment to the level of the Communication Allowance on this occasion.

OPERATIVE DATE

23. The operative date of the accompanying Determination shall be 1 January 2021.
