Receipts

Taxation

Gambling tax receipts are impacted by the timing of receipts into the consolidated account. Excluding timing impacts, underlying gambling tax collections in the June quarter 2023 and the twelve months ended June 2023 were higher compared to the corresponding prior year periods largely due to growth in net gambling revenue from gaming machines in hotels and clubs and the betting operations tax.

Land tax receipts in the June quarter 2023 and twelve months ended June 2023 were higher compared to the corresponding prior year periods mainly due to the timing of collections associated with government land tax liabilities.

Payroll tax receipts in the June quarter 2023 and twelve months ended June 2023 were higher than the corresponding prior year periods mainly reflecting growth in taxable payrolls. Payroll tax collections in the twelve months ended June 2023 were also impacted by the timing of collections.

Stamp duty receipts in the June quarter 2023 and twelve months ended June 2023 were lower than the corresponding prior year periods largely reflecting a decline in conveyance duty receipts on the transfer of properties, partially offset by higher duty from general insurance premiums and motor vehicle registration transfers.

Royalties

Royalty payments in the June quarter 2023 and twelve months ended June 2023 were broadly in line with the corresponding prior year periods.

Fees and Charges

Fees and charges in the June quarter 2023 and twelve months ended June 2023 were higher than the corresponding prior years periods mainly due to an increase in the collection of land regulatory fees.

Commonwealth—General Purpose Payments

Growth in general purpose grant receipts in 2022-23 compared to 2021-22 is not indicative of underlying movements in Goods and Services Tax (GST) revenue. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government rather than actual emerging monthly GST collections.

Based on actual growth in the national GST pool, population estimates as well as South Australia's relativity in 2022-23, South Australia's GST entitlement grant increased by 9.6 per cent in 2022-23 as published in the Commonwealth Government's 2022-23 Final Budget Outcome.

Commonwealth—Specific Purpose Payments

Specific Purpose Payments received in the June quarter 2023 and twelve months ended June 2023 were higher than the corresponding prior year periods mainly due to higher receipts under the National Housing and Homelessness Agreement and National Agreement for Skills and Workforce Development.

Commonwealth—National Partnership Payments

National Partnership Payments received in the June quarter 2023 and twelve months ended June 2023 were lower than the corresponding prior year periods mainly due to lower reimbursements for Commonwealth HomeBuilder grants that are being administered by the state on behalf of the Commonwealth Government.

Other Receipts

Other Receipts in the June quarter 2023 and twelve months ended June 2023 were higher than the corresponding prior year period mainly due to higher interest on investments. This is due to higher interest rates applied on the Treasurer's deposits placed with the South Australian Government Financing Authority.

Payments

Payments were made pursuant to the *Appropriation Act 2022* and also in accordance with other Acts for which specific appropriation has been authorised. The timing of the payments is based on agreed agency drawdown schedules and may change from period to period based on specific agency requirements.

All appropriations were paid within approved limits established under the various Acts.

Note

The following points should be considered when reviewing the quarterly statement of Consolidated Account transactions:

- Unlike the State Budget which comprises transactions on an accrual basis, the information reflected in the quarterly statement is limited to cash transactions.
- The Consolidated Account does not capture all the transactions undertaken by the general government sector. In particular, it does not record receipts to, and payments from Agency deposit and special deposit accounts.
- The timing of receipts and payments can fluctuate within a financial year and between financial years. As a result, apparently large movements between quarters or financial years may only be due to changes in the timing of receipts and payments and therefore may not have consequences for the underlying budget position.

Receipts

Taxation

Gambling tax receipts in the September quarter 2023 were broadly in line with the corresponding prior year period.

Land tax receipts in the September quarter 2023 were lower than the corresponding prior year period mainly due to the timing of collections associated with government land tax liabilities.

Payroll tax receipts in the September quarter 2023 were higher than the corresponding prior year period primarily reflecting growth in taxable payrolls.

Stamp duty receipts in the September quarter 2023 were higher than the corresponding prior year period largely due to higher duty from motor vehicle registration transfers and general insurance premiums.

Royalties

Royalty receipts for the September quarter 2023 were broadly in line with the corresponding prior year period.

Fees and Charges

Fees and Charges in the September quarter 2023 were higher than the corresponding prior year period largely due to the timing of collection of fines for infringement notices.

Commonwealth—General Purpose Payments

Growth in general purpose grant receipts in 2023-24 compared to 2022-23 is not indicative of underlying movements in Goods and Services Tax (GST) revenue. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government rather than actual emerging monthly GST collections.

Based on the growth in the national GST pool and population estimates as well as South Australia's relativity in 2023-24, the Commonwealth Government estimated in its 2023-24 Budget that South Australia's GST entitlement grant will increase by 14.1 per cent in 2023-24.

Commonwealth—Specific Purpose Payments

Specific Purpose Payments received in the September quarter 2023 were broadly in line with the corresponding prior year period.

Commonwealth—National Partnership Payments

National Partnership Payments received in the September quarter 2023 were lower than the corresponding prior year period mainly due to lower reimbursements for Commonwealth HomeBuilder grants that are being administered by the state on behalf of the Commonwealth Government as well as lower recoveries associated with COVID-19 Business Support Payments.

Other Receipts

Other receipts in the September quarter 2023 were higher than the corresponding prior year period mainly due to higher interest on investments. This is due to higher interest rates applied on the Treasurer's deposits placed with the South Australian Government Financing Authority.

Payments

Payments were made pursuant to the *Appropriation Act 2023* and also in accordance with other Acts for which specific appropriation has been authorised. The timing of the payments is based on agreed agency drawdown schedules and may change from period to period based on specific agency requirements.

All appropriations were paid within approved limits established under the various Acts.
